**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS**

To be held April 28, 2005

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited to the holders of Common Stock on behalf of the Board of Directors of American Technology Corporation, a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on April 28, 2005, at 2:00 p.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at our offices, 13114 Evening Creek Drive South, San Diego, California 92128. We intend to mail this proxy statement, the accompanying proxy card and Notice of Annual Meeting on or about March 24, 2005 to all stockholders entitled to vote at the Annual Meeting.

SOLICITATION

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of our company. No additional compensation will be paid to directors, officers or other regular employees for such services.

VOTING RIGHTS AND OUTSTANDING SHARES

We have designated a record date of March 4, 2005 for the Annual Meeting. Only stockholders of record at the close of business on the record date will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the record date we had outstanding and entitled to vote 21,099,078 shares of common stock.

Except as provided below, on all matters to be voted upon at the Annual Meeting, each holder of record of common stock on the record date will be entitled to one vote for each share held. With respect to the election of directors, stockholders may exercise cumulative voting rights, i.e., each stockholder entitled to vote for the election of directors may cast a total number of votes equal to the number of directors to be elected multiplied by the number of such stockholders shares (on an as-converted basis) and may cast such total of votes for one or more candidates in such proportions as such stockholder chooses. However, no stockholder will be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to the voting and at least one stockholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes. Unless the proxyholders are otherwise instructed, stockholders, by means of the accompanying proxy, will grant the proxyholders discretionary authority to cumulate votes.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders for the purposes of determining the presence of a quorum and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved. If you sign your proxy card or broker voting instruction card with no instructions, your shares will be voted in accordance with the recommendations of the Board.

REVOCABILITY OF PROXIES

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Chairman of the Board at our principal executive office, 13114 Evening Creek Drive South, San Diego, California 92128, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

STOCKHOLDER PROPOSALS

The deadline for submitting a stockholder proposal for inclusion in our proxy statement and form of proxy for our 2006 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is November 24, 2005.

Our bylaws also establish an advance notice procedure with respect to certain stockholder proposals and director nominations. If a stockholder wishes to have a stockholder proposal considered at our next annual meeting, the stockholder must give timely notice of the proposal in writing to the Secretary of our company. To be timely, a stockholder's notice of the proposal must be delivered to, or mailed and received at our executive offices not earlier than January 28, 2006 and not later than February 27, 2006; provided, however, that in the event that no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than 30 days from the anniversary of the scheduled date of this year's Annual Meeting, notice by the stockholder to be timely must be so received not earlier than the close of business on the 90th day prior to such annual meeting and not later than the close of business on the later of the 60th day prior to such annual meeting or, in the event we first make public announcement of the date of such annual meeting fewer than 70 days prior to the date of such annual meeting, the close of business on the 10th day following the day on which we first make public announcement of the date of such meeting.

A stockholder's notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address, as they appear on our books, of the stockholder proposing such business, (iii) the class and number of shares which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business and (v) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Exchange Act, in his or her capacity as a proponent to a stockholder proposal.

PROPOSAL ONE ELECTION OF DIRECTORS

There are five nominees for the five Board positions presently authorized in accordance with our bylaws. Each director to be elected will hold office until the next annual meeting of stockholders and until his successor is elected and has qualified, or until such director's earlier death, resignation or removal. Each nominee listed below is currently a director of our company. All current directors were elected by the stockholders at our 2004 annual meeting. We encourage our board members to attend our annual meetings of stockholders. All five members of our board attended the 2004 annual meeting of stockholders.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the five nominees named below, subject to the discretionary power to cumulate votes. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected and management has no reason to believe that any nominee will be unable to serve.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

The five candidates receiving the highest number of affirmative votes cast at the meeting will be elected directors.

We maintain a corporate governance page on our website which includes key information about our corporate governance initiatives, including our Code of Business Conduct and Ethics, our Charters for the committees of the Board of Directors, and our Whistleblower Protection Policy. The corporate governance page can be found at www.atcsd.com, by clicking on About ATC, and then on Corporate Governance.

All members of our board committees the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee are independent;

The independent members of our Board of Directors meet regularly without the presence of management;

We have a clear code of business conduct and ethics that applies to our principal executive officers, our directors and all of our employees, and is monitored by our Audit Committee;

The charters of the board committees clearly establish their respective roles and responsibilities; and

We have a hotline available to all employees, and our Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal accounting controls, or auditing matters.

Board of Directors

Our Board of Directors currently consists of five directors: Elwood G. Norris (Chairman), Kalani Jones, Richard M. Wagner, David J. Carter and Daniel Hunter. Wagner, Carter and Hunter are independent directors within the meaning of the applicable Nasdaq listing standards.

Stockholder Communications with the Board of Directors

We have adopted a formal process by which stockholders may communicate with our Board of Directors. The Board recommends that stockholders initiate any communications with the Board in writing and send them in care of the investor relations department by mail to our offices, 13114 Evening Creek Drive South, San Diego, CA 92128. This centralized process will assist the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Board has instructed the investor relations department to forward such correspondence only to the intended recipients; however, the Board has also instructed the investor relations department, prior to forwarding any correspondence, to review such correspondence and, in its discretion, not to forward certain items if they are deemed of a personal, illegal, commercial, offensive or frivolous nature or otherwise inappropriate for the Board's consideration. In such cases, that correspondence will be forwarded to the company's Secretary for review and possible response. This information is also contained on our website at www.atcsd.com.

The Nominating and Governance Committee has the authority to retain special legal or other advisors or consultants as it deems necessary or appropriate to carry out its duties. The Nominating and Governance Committee is currently composed of Messrs. Carter (Chair), Hunter and Wagner, each of whom served on the Nominating and Governance Committee in fiscal 2004. The Nominating and Governance Committee held two meetings during fiscal 2004.

All members of the Nominating and Governance Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards).

Consideration of Director Nominees

Director Qualifications

The Nominating and Governance Committee believes that new candidates for director should have certain minimum qualifications, including having the knowledge, capabilities, experience and contacts that complement those currently existing within our company; ability and qualifications to provide our management with an expanded opportunity to explore ideas, concepts and creative approaches to existing and future issues, and to guide management through the challenges and complexities of building a quality company; ability to meet contemporary public company board standards with respect to general governance; stewardship, depth of review, independence, financial certification, personal integrity and responsibility to stockholders; genuine desire and availability to participate actively in the development of our future; and an orientation toward maximizing stockholder value in realistic time frames. The Committee also intends to consider for new Board members such factors as ability to contribute strategically through relevant industry background and experience, on either the vendor or the end user side; strong current industry contacts; ability and willingness to introduce and open doors to executives of potential customers and partners; current employment as the CEO of an acoustic products, media, advertising, military or government supply company larger than our company; independence from our company and current board members; and a recognizable name that would add credibility and value to our company and its stockholders. The Committee may modify these qualifications from time to time.

Evaluating Nominees for Director

The Nominating and Governance Committee reviews candidates for director nominees in the context of the current composition of our Board, our operating requirements and the long-term interests of stockholders. In conducting this assessment, the Committee currently considers, among other factors, diversity, age, skills, and such other factors as it deems appropriate given the current needs of the Board and our company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Governance Committee reviews such directors' overall service to our company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Committee also determines whether the nominee must be independent, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of our Board of Directors. The Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to our Board of Directors by majority vote. To date, neither the Nominating and Governance Committee nor any predecessor to the Committee has paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, neither the Nominating and Governance Committee nor any predecessor to the Committee has rejected a timely director nominee from a stockholder or stockholders holding more than 5% of our voting stock.

Stockholder Nominations

The Committee applies the same guidelines (described above) to stockholder nominees as applied to nominees from other sources. Any stockholder who wishes to recommend for the Nominating and Governance Committee's consideration a prospective nominee to serve on the Board of Directors may do so by giving the candidate's name and qualifications in writing to our Chairman of the Board at the following address: 13114 Evening Creek Drive South, San Diego, California 92128.

Code Of Business Conduct And Ethics

We have adopted a Code of Business Conduct and Ethics, a code of ethics that applies to all employees, including our executive officers. A copy of the Code of Business Conduct and Ethics is posted on our website at www.atcsd.com. In the event we make any amendments to, or grant any waivers of, a provision of the Code of Business Conduct and Ethics that applies to the principal executive officer, principal financial officer, or principal accounting officer that requires disclosure under applicable SEC rules, we intend to disclose such amendment or waiver and the reasons therefor on a Form 8-K or on our next periodic report.

PROPOSAL TWO
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2005. BDO Seidman, LLP has audited our financial statements since 1995. A representative of BDO Seidman, LLP will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions. Stockholder ratification of the selection of BDO Seidman, LLP is not required by our bylaws or otherwise. However, we are submitting the selection of BDO Seidman, LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will consider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our company and our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of BDO Seidman, LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders for the purpose of determining a quorum and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Audit Committee Pre-Approval Policies and Procedures

The agreement provides that Mr. Norris will participate in bonus, benefit and other incentives at the discretion of the Board of Directors. Mr. Norris has agreed not to disclose trade secrets and has agreed to assign certain inventions to us during employment. We are also obligated to pay Mr. Norris certain royalties. Mr. Jones subsequently received additional option grants. See Option Grants for Fiscal Year Ended September 30, 2004. For fiscal 2004, the Compensation Committee determined that Mr. Jones' bonus should be based upon a target bonus of 50% of base salary given his increased responsibilities as President and Chief Operation Officer. In exchange for these benefits, Mr. Ehlers executed a general release of claims.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Introductory Note: The following report is not deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed soliciting material or filed under such laws.

Committee Meetings, Processes and Policies

The Compensation Committee of the Board of Directors operates under the authority of a Compensation Committee Charter, a copy of which is attached as Appendix 2 to this proxy statement. The primary philosophy of the committee regarding compensation is to offer packages which reward each of the members of senior management proportionately to each person's individual performance and to our company's overall financial performance and growth during the previous fiscal year.

The committee met ten times during fiscal 2004, and discussed in detail the company's compensation philosophy and practices for employees at all levels. In October 2004, the committee met to review the compensation recommendations for employees ranked below Vice President. Compensation for such persons is recommended by their supervisors to the President, who then reports his determinations to the committee. In November 2004, the committee reviewed the performance of officers ranked Vice President and above, but excluding the Chairman and the President. The performance of such officers was first reviewed by the Chairman and the President, and their compensation recommendations were submitted to the committee for review and approval. The performance and compensation of the Chairman and the President for fiscal 2004 were reviewed at a meeting of the committee held in January 2005.

In determining initial compensation for new executive hires or persons promoted to executive positions, and in reviewing existing executive officers annually, the committee reviews all components of executive officer compensation, including salary, bonus, and stock options held. It is the committee's policy to review the dollar value to the executive and cost to the company of all perquisites and other personal benefits, and all severance and change of control scenarios. However, none of our current executive officers have employment agreements providing for severance or payments on change of control. Unvested stock options currently held by our executive officers generally provide that if employment is terminated without cause within 24 months after a change in control, such stock options will be considered fully vested upon such termination, and the option will remain exercisable for six months after such service terminates. Since this provision applies to all stock options issued under our 2002 Stock Option Plan, the committee has not placed special value on this right when determining executive compensation. In connection with all compensation reviews for executive officers, the committee reviews a tally sheet setting forth all the above components, to the extent applicable. The committee has not historically taken into account accumulated (realized and unrealized) stock option gains in its compensation decisions.

In determining executive compensation during fiscal 2004 and for fiscal 2005, the committee reviewed various reports from the Radford Executive Survey, April 2004. The Radford survey reports were selected by management with input from the committee. Survey data was considered for technology companies with less than \$50 million in annual revenues.

Base salary. Base salaries for executive officers are reviewed on an annual basis. Base salaries for our executive officers other than our Chairman were set between the 10th to 25th percentiles for comparable positions identified in the Radford survey reports. During fiscal 2004, the committee believed that base salaries should be set in the lower quartile to reflect that the company's revenues were lower than the revenue ranges of the companies in the Radford survey reports, and that the company has not been profitable. The committee did however recognize that setting base salaries at levels considered appropriate for companies with low revenues could impair our company's ability to attract executive officers with the experience and skills to produce higher company revenues. The committee has therefore placed greater emphasis on incentive and stock option compensation for its executive officers, creating a deeper link between pay and individual and company performance. The committee expects to raise base salaries for existing and new executive officers to be more competitive with market conditions if the company's financial performance improves.

Bonus compensation. All of our executive officers are considered for bonus compensation up to an agreed percentage of their base compensation. All such percentages are approved by the committee. After the conclusion of each fiscal year, the Chairman and the President review annually the performance of each of the executive officers (other than themselves) based on the performance of the executive for each of his or her major responsibilities. Based on such reviews, the Chairman and the President recommend to the committee the level of bonus, up to the maximum percentage of base salary previously agreed. The committee reviews the performance of each executive with the President and the Chairman, and makes a final determination of the bonus to be paid.

Executive officers in charge of revenue producing business segments also participate in commission arrangements. Under our existing commission arrangements, commissions are awarded for each of our business segments based on achievement of operating plan revenue within the segment, with commissions increasing in percentage if operating plan is exceeded. Executive officers in charge of each business unit recommend an allocation of such commissions amongst sales personnel and themselves, which recommendation is reviewed and approved by the Chairman and the President. All commissions payable to executive officers are then reviewed and approved by this committee.

Long-term incentives. Our long-term incentive program has consisted of a stock option program pursuant to which our executive officers are periodically granted stock options at the then fair market value (or higher prices) of our common stock. Our stock option programs are designed to provide such persons with significant compensation based on our overall performance as reflected in the stock price, to create a valuable retention device through standard two to five year vesting schedules and to help align employees' and stockholders' interests. Options granted during fiscal 2004 generally have a five year term, subject to continuing service, and generally vest as to 25% of the shares on the first anniversary of the grant date, and monthly thereafter through the fourth anniversary of the date of grant. Stock options are typically granted at the time of hire to new employees, at the time of promotion to certain employees and periodically to a broad group of existing key employees, and executive officers.

The committee recommended to the Board of Directors for approval the company's 2005 Equity Incentive Plan. Subject to the approval of stockholders at the 2005 Annual Meeting, the 2005 Equity Incentive Plan will permit a variety of award types, including stock options, stock awards and cash awards. A new accounting pronouncement adopted by the Financial Accounting Standards Board in December 2004 will eliminate our ability to account for share-based compensation using the intrinsic value method, as we have historically done. Under the intrinsic value method, compensation cost for stock options is generally not recorded to our statements of operations for options granted at an exercise price equal or greater than fair market value to our employees and directors. The new pronouncement will require us to measure the cost of employee services received in exchange for equity awards based on the grant-date fair value of the award. That cost will be recognized over the period during which an employee is required to provide service in exchange for the award, which is usually the vesting period. The new accounting pronouncement will become effective for us in the fourth quarter of fiscal 2005, and will apply to all new options, and to existing options which continue to vest after effectiveness of the new standard. The committee will be evaluating its equity award grant practices during fiscal 2005, and, should the stockholders approve the 2005 Equity Incentive Plan, will consider granting other award types.

Principal Executive Officer Compensation

Our company currently has two persons who share the duties of principal executive officer, Elwood G. Norris, our Chairman, and Kalani Jones, our President and Chief Operating Officer. The committee has responsibility for determining the compensation of both Mr. Norris and Mr. Jones.

Elwood G. Norris. Mr. Elwood G. Norris currently serves as Chairman of the Board, an executive position. Prior to his appointment as Chief Executive Officer in September 2000, which position Mr. Norris resigned in February 2003, Mr. Norris had been employed by us as Chief Technology Officer pursuant to a three-year employment agreement dated September 1, 1997. The three-year term expired on August 31, 2000, but the agreement remains in effect until one party gives thirty days advance notice of termination to the other. Mr. Norris now serves as Chairman under the term of this agreement. The agreement, as amended by the committee, provides for a base salary of \$16,667 per month. The agreement provides that Mr. Norris will participate in bonus, benefit and other incentives at the discretion of the Board of Directors. Mr. Norris has agreed not to disclose trade secrets and has agreed to assign certain inventions to us during employment. We are also obligated to pay Mr. Norris certain royalties. See "Certain Transactions" below.

The committee reviewed Mr. Norris's performance for fiscal 2004. The committee noted our company's improved financial performance in fiscal 2004, particularly the \$4.8 million in revenue generated by our government and force protection group for fiscal 2004. The committee also noted that Mr. Norris had continued to raise the profile of our company and our products through national press coverage. Although the committee feels that Mr. Norris's base salary remains below market for a person of his experience and responsibilities, Mr. Norris indicated his desire not to have any increase in base salary, and not to receive any bonus. Given Mr. Norris's desires and the committee's evaluation of his performance in fiscal 2004, the committee determined to award Mr. Norris an option under our 2002 Stock Option Plan exercisable for 70,000 shares of common stock with an exercise price of \$8.96 per share. The option has a five year term commencing in January 2005 and vests quarterly over 4 years, subject to continued employment and other conditions. The committee did not rely on benchmark survey data for its determination of an annual stock option award to Mr. Norris as Chairman, and instead determined the award size based on a comparison to awards recently granted to other officers of the company. In particular, the committee compared the award to Mr. Norris to the annual stock option granted in November 2004 to Carl Gruenler, Vice President of Government and Force Protection Systems Group, exercisable for 50,000 shares of common stock. The committee also considered the limited number of shares remaining available in the 2002 Stock Option Plan.

Kalani Jones. Mr. Kalani Jones joined our company in August 2003 as Senior Vice President, Operations. His employment agreement provided for an annual base salary of \$140,000, and an annual performance bonus of up to 30% of base salary. In September 2003, Mr. Jones was promoted to Chief Operating Officer and the committee approved an increase in base salary increase to \$175,000 per year upon the recommendation of the Chairman. Mr. Jones was promoted to President and Chief Operating Officer in April 2004, and his base salary was further increased to \$200,000 per year. The committee determined such salary level by reference to the Radford Executive Survey, setting a level between the 10th and 25th percentile for the comparable position, consistent with the committee's policies on executive base salaries described above.

The committee reviewed Mr. Jones's performance for fiscal 2004. The Committee determined that Mr. Jones's bonus should be based on a target bonus of 50% of base salary given his increased responsibilities as President and Chief Operating Officer. In determining the amount of bonus to be awarded, the Committee considered the company's revenues in its two business segments, the government and force protection group and the business group, and also considered Mr. Jones's overall efforts in managing the operations of the company. The Committee determined based on the foregoing factors to award a bonus to Mr. Jones equal to 50% of the target bonus, or \$50,000, based on (i) the performance of the government and force protection group; and (ii) Mr. Jones's successful recruiting of seasoned engineering, operations and financial personnel during fiscal 2004. The Committee also reviewed Mr. Jones's base salary, and determined to increase such salary to \$220,000 per year. Such salary is slightly below the 25th percentile for the comparable position as reported in the Radford Executive Survey. The committee also determined to award Mr. Jones an option under our 2002 Stock Option Plan exercisable for 52,500 shares of common stock with an exercise price of \$8.96 per share. The option has a five year term commencing in January 2005 and vests quarterly over 4 years, subject to continued employment and other conditions. The committee did not rely on benchmark survey data for its determination of an annual stock option award to Mr. Jones as President and Chief Operating Officer, and instead determined the award size based on a comparison to awards recently granted to other officers of the company. In particular, the committee compared the annual award to Mr. Jones to the annual award to Mr. Gruenler described above. The committee also considered the limited number of shares remaining available in the 2002 Stock Option Plan.

The Committee's Conclusion

The committee has determined that the Chairman's, the President's and the other executive officer's total compensation in the aggregate to be reasonable and not excessive. Cash compensation levels were deliberately chosen in the lowest quartile of benchmark survey data, which the committee believes is appropriate given our company's current revenue level and net losses. Equity compensation levels are higher, but still considered modest compared to benchmark survey data.

The committee has not historically made compensation decisions for executive officers on the basis of the relative difference between CEO compensation and the compensation of the company's other executives. The committee believes that such spreads are small in comparison to peer companies. For example, the total salary and bonus of the highest paid executive officer during fiscal 2004 (our Chairman) was approximately 1.25 times the salary and bonus compensation of the two lowest paid named executive officers. The committee intends to continue to base its compensation decisions on national survey benchmarks for comparable positions, and on individual performance.

Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the Internal Revenue Code, compensation payments in excess of \$1 million to each person who served as Chief Executive Officer at the end of a taxable year, and to each of the other most highly compensated executive officers whose compensation must be disclosed in SEC filings, are subject to a limitation of \$1 million on the amount we may deduct as an ordinary business expense. Certain performance-based compensation is not subject to the limitation on deductibility. The total taxable compensation to each employee subject to Section 162(m) during the taxable year ended September 30, 2004 was below \$1 million.

Since January 2001, we have granted stock options to persons subject to Section 162(m) in a manner designed to qualify such stock options as performance-based compensation. However, beginning in June 2004, we issued non-qualified stock options not approved by stockholders to one executive employee subject to Section 162(m) and a number of non-executive employees who could in the future become subject to Section 162(m), in each case as an inducement material to employment. Upon the exercise of such non-qualified stock options, and upon a disqualifying disposition of any incentive stock options which do not qualify as performance-based compensation under Section 162(m), the amount of the deduction that we would otherwise be entitled to may be limited to the extent the ordinary income recognized by the subject employee upon such exercise or disqualifying disposition, together with all other compensation in a given taxable year, exceeds \$1 million. The committee intends to attempt to qualify as performance-based compensation all grants under the 2004 Equity Incentive Plan, if such plan is approved by stockholders. However, the committee may in its discretion award stock options to existing or potential future employees subject to Section 162(m) which do not qualify as performance-based compensation, and the exercise or subsequent disposition of stock acquired from such options may therefore be subject to the limitation on deductibility in Section 162(m).

The committee believes that any application of Section 162(m) to limit deductibility of executive compensation is unlikely to have a material effect on our financial condition or results of operations, as a result of the company's net operating loss carry-forwards, which were approximately \$37,400,000 at September 30, 2004, and which expire through 2025. However, certain amounts of these carry-forwards are subject to significant limitations under the Internal Revenue Code of 1986, as amended, and the committee notes that a valuation allowance has been provided in our financial statements to offset the net deferred tax asset associated with such loss carry-forwards, as management has determined that it is more likely than not that the deferred tax asset will not be realized.

COMPANY STOCK PRICE PERFORMANCE

Introductory Note: The stock price performance graph below is required by the SEC and will not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act, or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed soliciting material or filed under such laws.

The following graph compares the five-year cumulative total return on our common stock to the total returns of 1) Nasdaq Stock Market and 2) Nasdaq Stock - Electronic & Electrical Equipment & Components, excluding Computer Equipment. This comparison assumes in each case that \$100 was invested on September 30, 1998 and all dividends were reinvested. Our fiscal year ends on September 30.

CERTAIN TRANSACTIONS

Under the terms of an Assignment of Technology Agreement dated March 2, 1993 and an Addendum Agreement dated December 2, 1996 we are obligated to pay Elwood G. Norris, our Chairman, a 2% royalty on net sales from certain of our technologies, of which only HSS is a current offering of our company. The royalty obligation continues until at least March 1, 2007, and for any longer period during which we sell products or license technologies subject to any patent assigned to us by Mr. Norris. No royalties were paid or recorded under this agreement in the fiscal years ended September 30, 2004, 2003 or 2002, as these royalties were immaterial and were waived by Mr. Norris. We may owe royalties in future periods based on actual sales or technology revenues.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

Mark Norris, the son of Elwood G. Norris, is a full-time non-executive employee of our company. In his role as a Mechanical Engineer, Mark Norris was paid \$89,923 in salary for the fiscal year ended September 30, 2004. Mr. Norris currently holds a fully vested stock option for 15,000 common shares exercisable until May 2008 at \$3.30 per share. No other family member of any executive officer, director or 5% stockholder received compensation of more than \$60,000 during the year ended September 30, 2004.

In December 2004, a family trust affiliated with Mr. Elwood G. Norris purchased from our company an unsecured subordinated promissory note in the principal amount of \$500,000. Such purchase was in connection with a private offering of an aggregate of \$2,000,000 of such notes. The notes are due December 31, 2006, and interest accrues at the rate of 8% per year and is due and payable quarterly in arrears. In connection with the issuance of these notes, each purchaser, including Mr. Norris trust, was granted a warrant to purchase 7,500 shares of our common stock for each \$100,000 of notes purchased (prorated for amounts less than \$100,000), exercisable until December 31, 2009. The exercise price of the warrants was \$9.28 per share for purchasers who were directors, officers, employees or consultants of our company, or affiliates of such persons, and \$8.60 per share for other purchasers. Mr. Norris trust therefore received a warrant exercisable for 37,500 shares with an exercise price of \$9.28 per share.

Canusa Trading Ltd., a significant owner of our then outstanding Series E Preferred Stock, also purchased an unsecured subordinated promissory note from our company in the principal amount of \$300,000 in the December 2004 note and warrant financing, and received a warrant to purchase 22,500 shares at an exercise price of \$8.60 per share. All shares of Series E Preferred Stock have since been converted into common stock. See below for more information on this conversion.

Effective as of January 18, 2005, we gave notice to all holders of Series D Preferred Stock that we had elected to convert the shares of Series D Preferred Stock to common stock, such that all 50,000 issued and outstanding shares of Series D Preferred Stock converted into an aggregate of 129,259 shares of common stock. Certain significant owners of our then outstanding shares of Series D Preferred Stock received shares of common stock as follows: Ehrens Family Trust (5,000 shares of Series D Preferred Stock converted into 12,926 shares of common stock), Granite Capital LP (35,263 shares of Series D Preferred Stock converted into 91,161 shares of common stock), and Granite Capital II LP (4,737 shares of Series D Preferred Stock converted into 12,246 shares of common stock).

On January 18, 2005, we gave notice to all holders of Series E Preferred Stock that we had elected to convert the shares of Series E Preferred Stock to common stock. The notice of conversion for the Series E Preferred Stock was effective on February 1, 2005, and all 233,250 issued and outstanding shares of Series E Preferred Stock converted into an aggregate of 801,306 shares of common stock. Certain significant owners of our outstanding shares of Series E Preferred Stock received shares of common stock as follows: Granite Capital LP (22,500 shares of Series E Preferred Stock converted into 77,296 shares of common stock), Granite Capital II LP (2,500 shares of Series E Preferred Stock converted into 8,589 shares of common stock), Canusa Trading Ltd. (50,000 shares of Series E Preferred Stock converted into 171,769 shares of common stock), K. Tucker Anderson (25,000 shares of Series E Preferred Stock converted into 85,885 shares of common stock), Leonard M. Teninbaum Keogh Account (42,500 shares of Series E Preferred Stock converted into 146,004 shares of common stock).

PROPOSAL THREE

APPROVAL OF 2005 EQUITY INCENTIVE PLAN

In January 2005, our Board of Directors approved, subject to stockholder approval, the adoption of the American Technology Corporation 2005 Equity Incentive Plan, which we refer to as the 2005 Plan, and its operation.

The following is a summary of the principal features of the 2005 Plan. This summary does not purport to be a complete description of all the provisions of the 2005 Plan. Any stockholder who wishes to obtain a copy of the 2005 Plan may do so upon written request to the Secretary, American Technology Corporation, 13114 Evening Creek Drive South, San Diego, California 92128.

Description of the Plan

Background and Purpose of the 2005 Plan. The purpose of the 2005 Plan is to encourage ownership in our company by key personnel whose long-term service is considered essential to our continued progress, thereby linking these employees directly to shareholder interests through increased stock ownership. We have one stock option plan from which awards can presently be made, the 2002 Stock Option Plan, which we refer to as the 2002 Plan. The 2002 Plan was approved by our Board of Directors and stockholders in 2002, and authorizes a total of 2,350,000 shares for issuance under stock options. As of February 28, 2005, options with respect to 1,681,824 shares were outstanding under the 2002 Plan and 87,553 shares remained available for future option grants. The Board has determined that the 2002 Plan will no longer be available for further option grants upon the effective date of the approval of our stockholders of the 2005 Plan. In order to preserve the availability of shares under the 2002 Plan, we have from time to time granted stock options outside the 2002 Plan to certain new employees as an inducement material to the individuals' entry into employment with our company. From June 2004 to February 2005, we have granted inducement options for a total of 304,500 shares at prices ranging from \$5.92 to \$10.06 per share.

Eligible Participants. Awards under the 2005 Plan may be granted to any of our employees, directors or consultants or those of our affiliates. As of February 28, 2005, there were approximately 58 full-time employees and three non-employee directors who would be eligible to participate. An incentive stock option may be granted under the 2005 Plan only to a person who, at the time of the grant, is an employee of our company or a related corporation.

Number of Shares of Common Stock Available Under the 2005 Plan. If approved by the stockholders, a total of 1,500,000 new shares of our common stock will be reserved for issuance under the 2005 Plan. In addition, because the 2002 Plan will be terminated with respect to the availability of future option grants after approval by the stockholders, the pool of shares under the 2005 Plan will include:

shares of our common stock available for issuance under the 2002 Plan as of the date of approval of the 2005 Plan by the stockholders; and

shares of our common stock that are issuable upon exercise of options granted pursuant to the 2002 Plan, or other plans referenced in the 2002 Plan, that expire or become unexercisable for any reason without having been exercised in full after approval by the stockholders of the 2005 Plan.

The effect of establishing a pool of this nature is to merge into the 2005 Plan any shares available or which would otherwise in the future become available under the 2002 Plan. The total plan reserve, including the new shares and shares currently reserved under the 2002 Plan, cannot therefore exceed 3,312,501 shares, which represents the number of reserved but unissued shares under the 2002 Plan as of January 27, 2005, plus the new 1,500,000 share reserve. If an award is cancelled, terminates, expires or lapses for any reason without having been fully exercised or vested, or is settled by less than the full number of shares of common stock represented by such award actually being issued, the unvested, cancelled or unissued shares of common stock generally will be returned to the available pool of shares reserved for issuance under the 2005 Plan. Also, if we experience a stock dividend, reorganization or other change in our capital structure, the plan administrator has discretion to adjust the number of shares available for issuance under the 2005 Plan and any outstanding awards as appropriate to reflect the stock dividend or other change. The share number, award type and price limitations included in the 2005 Plan will also adjust appropriately upon such event.

The maximum aggregate number of shares that may be issued under the 2005 Plan through the exercise of incentive stock options is 3,312,501.

Administration of the Plan. The 2005 Plan will be administered by the Board or a committee of the Board, which we refer to as the Committee. Our Board has appointed our Compensation Committee as the Committee referred to in the 2005 Plan. In the case of awards intended to qualify as performance-based-compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, the Committee will consist of two or more outside directors within the meaning of Section 162(m) of the Code. The administrator has the power to determine the terms of the awards, including the exercise price, the number of shares subject to each award, the exercisability of the awards and the form of consideration payable upon exercise. The administrator also has the power to implement an award transfer program, whereby awards may be transferred to a financial institution or other person or entity selected by the administrator, and an exchange program whereby outstanding awards are surrendered or cancelled in exchange for awards of the same type (which may have lower exercise prices and different terms). Except to the extent prohibited by any applicable law, the Committee may delegate to one or more individuals the day-to-day administration of the 2005 Plan.

Award Types

Options. A stock option is the right to purchase shares of our common stock at a fixed exercise price for a fixed period of time. The exercise price of options granted under the 2005 Plan must be at least equal to the fair market value of our common stock on the date of grant. In addition, the exercise price for any incentive stock option granted to any employee owning more than 10% of our common stock may not be less than 110% of the fair market value of our common stock on the date of grant.

Unless the administrator determines to use another method, the fair market value of our common stock on the date of grant will be determined as the closing price for our common stock on the date the option is granted (or if no sales are reported that day, the last preceding day on which a sale occurred), using a reporting source selected by the administrator. As of February 28, 2005, the closing price on the Nasdaq Stock Market for our common stock was \$9.71 per share. The administrator determines the acceptable form of consideration for exercising an option, including the method of payment, either through the terms of the option agreement or at the time of exercise of an option.

An option granted under the 2005 Plan generally cannot be exercised until it becomes vested. The administrator establishes the vesting schedule of each option at the time of grant and the option will expire at the times established by the administrator. After termination of one of our employees, directors or consultants, he or she may exercise his or her option for the period of time stated in the option agreement, to the extent the option is vested on the date of termination. If termination is due to death or disability, the option generally will remain exercisable for 12 months following such termination. In all other cases, the option generally will remain exercisable for three months. However, an option may never be exercised later than the expiration of its term. The term of any stock option may not exceed ten years, except that with respect to any participant who owns 10% or more of the voting power of all classes of our outstanding capital stock, the term for incentive stock options must not exceed five years.

Stock Awards. Stock awards are awards or issuances of shares of our common stock that vest in accordance with terms and conditions established by the administrator. Stock awards include stock units, which are bookkeeping entries representing an amount equivalent to the fair market value of a share of common stock, payable in cash, property or other shares of stock. The administrator may determine the number of shares to be granted and impose whatever conditions to vesting it determines to be appropriate, including performance criteria and level of achievement versus the criteria that the administrator determines. The criteria may be based on financial performance, personal performance evaluations and completion of service by the participant. Unless the administrator determines otherwise, shares that do not vest typically will be subject to forfeiture or to our right of repurchase, which we may exercise upon the voluntary or involuntary termination of the awardee's service with us for any reason, including death or disability.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

In the case of stock awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the measures established by the administrator must be must be qualifying performance criteria. Qualifying performance criteria include any of the following performance criteria, individually or in combination:

cash flow

earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings)

earnings per share

growth in earnings or earnings per share

stock price

return on equity or average stockholders' equity

total stockholder return

return on capital

return on assets or net assets

return on investment

revenue

income or net income

operating income or net operating income

operating profit or net operating profit

operating margin

return on operating revenue

market share

contract awards or backlog

overhead or other expense reduction

growth in stockholder value relative to the moving average of the S&P 500 Index or a peer group index

credit rating

strategic plan development and implementation

improvement in workforce diversity

EBITDA

any other similar criteria

Qualifying performance criteria may be applied either to our company as a whole or to a business unit, affiliate or business segment, individually or in any combination. Qualifying performance criteria may be measured either annually or cumulatively over a period of years, and may be measured on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the administrator in writing in the award.

Stock Appreciation Rights. A stock appreciation right is the right to receive the appreciation in the fair market value of our common stock in an amount equal to the difference between (a) the fair market value of a share of our common stock on the date of exercise and (b) the exercise price. This amount will be paid in shares of our common stock with equivalent value. The exercise price must be at least equal to the fair market value of our common stock on the date of grant. Subject to these limitations, the administrator determines the exercise price, term, vesting schedule and other terms and conditions of stock appreciation rights; however, stock appreciation rights terminate under the same rules that apply to stock options.

Cash Awards. Cash awards are awards that confer upon the participant the opportunity to earn future cash payments tied to the level of achievement with respect to one or more performance criteria established by the administrator for a performance period. The administrator will establish the performance criteria and level of achievement versus these criteria, which will determine the target and the minimum and maximum amount payable under a cash award. The criteria may be based on financial performance and/or personal performance evaluations. In the case of cash awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the measures established by the administrator must be specified in writing.

Transferability of Awards. Unless the administrator determines otherwise, the 2005 Plan does not allow for the transfer of awards other than by beneficiary designation, will or by the laws of descent or distribution and only the participant may exercise an award during his or her lifetime.

Adjustments upon Merger or Change in Control. The 2005 Plan provides that in the event of a merger with or into another corporation or our change in control, including the sale of all or substantially all of our assets, and certain other events, our board or the Committee may, in its discretion, provide for the assumption or substitution of, or adjustment to, each outstanding award, accelerate the vesting of options and stock appreciation rights, and terminate any restrictions on stock awards or cash awards or provide for the cancellation of awards in exchange for a cash payment to the participant. .

Amendment and Termination of the 2005 Plan. The administrator has the authority to amend, alter or discontinue the 2005 Plan, subject to the approval of the stockholders, and no amendment will impair the rights of any award, unless mutually agreed to between the participant and the administrator.

Certain Federal Income Tax Information

The following is a general summary as of this date of the federal income tax consequences to us and to U.S. participants for awards granted under the 2005 Plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Tax consequences for any particular individual may be different.

Incentive Stock Options. For federal income tax purposes, the holder of an incentive stock option receives no taxable income at the time of the grant or exercise of the incentive stock option. If such person retains the common stock for a period of at least two years after the option is granted and one year after the option is exercised, any gain upon the subsequent sale of the common stock will be taxed as a long-term capital gain. A participant who disposes of shares acquired by exercise of an incentive stock option prior to the expiration of two years after the option is granted or one year after the option is exercised will realize ordinary income as of the exercise date equal to the difference between the exercise price and fair market value of the share on the exercise date. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss. The difference between the option exercise price and the fair market value of the shares on the exercise date of an incentive stock option is an adjustment in computing the holder's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year.

Nonstatutory Stock Options. A participant who receives a nonstatutory stock option with an exercise price equal to or greater than the fair market value of the stock on the grant date generally will not realize taxable income on the grant of such option, but will realize ordinary income at the time of exercise of the option equal to the difference between the option exercise price and the fair market value of the shares on the date of exercise. Any additional gain or loss recognized upon any later disposition of shares would be capital gain or loss. Any taxable income recognized in connection with an option exercise by an employee or former employee of the company is subject to tax withholding by us.

Stock Awards. Stock awards will generally be taxed in the same manner as nonstatutory stock options. However, a restricted stock award is subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code to the extent the award will be forfeited in the event that the participant ceases to provide services to us. As a result of this substantial risk of forfeiture, the participant will not recognize ordinary income at the time of award. Instead, the participant will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The participant's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date the stock is no longer subject to forfeiture.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

The participant may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of the award) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of award, and the capital gain holding period commences on such date. The ordinary income recognized by an employee or former employee will be subject to tax withholding by us. If the stock award consists of stock units, no taxable income is reportable when stock units are granted to a participant or upon vesting. Upon settlement, the participant will recognize ordinary income in an amount equal to the value of the payment received pursuant to the stock units.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right with an exercise price equal to or greater than the fair market value of the stock on the date of grant which is exercisable only for stock is granted to a participant or upon vesting. Upon exercise, the participant will recognize ordinary income in an amount equal to the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Cash Awards. Upon receipt of cash, the recipient will have taxable ordinary income, in the year of receipt, equal to the cash received. Any cash received will be subject to tax withholding by us.

Tax Effect for our Company. Unless limited by Section 162(m) of the Code, we generally will be entitled to a tax deduction in connection with an award under the 2005 Plan in an amount equal to the ordinary income realized by a participant at the time the participant recognizes such income (for example, upon the exercise of a stock option).

Section 162(m) Limits. Section 162(m) of the Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to each of our five most highly paid executive officers. Certain performance-based compensation approved by stockholders is not subject to the deduction limit. The 2005 Plan is qualified such that awards under the Plan may constitute performance-based compensation not subject to Section 162(m) of the Code. One of the requirements for equity compensation plans is that there must be a limit to the number of shares granted to any one individual under the plan. Accordingly, the 2005 Plan provides that the maximum number of shares for which awards may be made to any employee in any calendar year, is 250,000, except that in connection with his or her initial service, an awardee may be granted awards covering up to an additional 500,000 shares. The maximum amount payable pursuant to that portion of a cash award granted under the 2005 Plan for any fiscal year to any employee that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code may not exceed \$1,000,000.

American Jobs Creation Act of 2004. The American Jobs Creation Act of 2004 contains deferred compensation provisions added as Section 409A of the Code. These provisions make compensation deferred under a nonqualified deferred compensation plan taxable on a current basis (or, if later, when vested), unless certain requirements are met. The Internal Revenue Service has issued initial guidance on the provisions of Section 409A, and further guidance is expected later in 2005. The 2005 Plan provides that it is the intent of the company that all awards granted under the 2005 Plan will not cause an imposition of additional taxes provided by Section 409A of the Code, and that the 2005 Plan should be administered so that such taxes are not imposed.

New Plan Benefits

We have no current plans, proposals or arrangements to grant any awards under the 2005 Plan.

Amendment and Termination

The administrator may amend the 2005 Plan at any time or from time to time or may terminate it, but any such amendment shall be subject to the approval of the stockholders in the manner and to the extent required by applicable law, rules or regulations. However, no action by the administrator or the stockholders may alter or impair any option or other type of award under the 2005 Plan, unless mutually agreed otherwise between the holder of the award and the administrator. The 2005 Plan will continue in effect for a term of ten years from the later of the date the 2005 Plan or any amendment to add shares to the 2005 Plan is approved by stockholders, unless terminated earlier in accordance with the provisions of the 2005 Plan.

ANNEX 1

AMERICAN TECHNOLOGY CORPORATION
BOARD OF DIRECTORS
AUDIT COMMITTEE CHARTER

(Approved April 7, 2004)

Organization

There shall be a committee of the Board of Directors of American Technology Corporation (the "Company") to be known as the Audit Committee (the "Committee"). The Board of Directors shall appoint the members of the Committee, which will be composed of at least three directors. The Committee shall be composed entirely of directors that are independent, as defined by the applicable rules and regulations of the Securities and Exchange Commission and Nasdaq, and are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgment. All Committee members must satisfy the financial literacy requirements of the applicable rules and regulations of Nasdaq, and at least one member shall have past employment experience in finance or accounting, or other comparable experience or background which results in the member's financial sophistication. The Fair Market Value of the Shares to be withheld shall be determined in such manner and on such date that the Administrator shall determine or, in the absence of provision otherwise, on the date that the amount of tax to be withheld is to be determined.  - (xvii) to establish a program whereby Service Providers designated by the Administrator can reduce compensation otherwise payable in cash in exchange for Awards under the Plan;
 - (xviii) to impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by the Participant of any Shares issued as a result of or under an Award, including, without limitation, (A) restrictions under an insider trading policy and (B) restrictions as to the use of a specified brokerage firm for such resales or other transfers;
 - (xix) to provide, either at the time an Award is granted or by subsequent action, that an Award shall contain as a term thereof, a right, either in tandem with the other rights under the Award or as an alternative thereto, of the Participant to receive, without payment to the Company, a number of Shares, cash or a combination thereof, the amount of which is determined by reference to the value of the Award;
 - (xx) to institute an Exchange Program; and
 - (xxi) to make all other determinations deemed necessary or advisable for administering the Plan and any Award granted hereunder.
- (c) Effect of Administrator's Decision. All decisions, determinations and interpretations by the Administrator regarding the Plan, any rules and regulations under the Plan and the terms and conditions of any Award granted hereunder, shall be final and binding on all Participants. The Administrator shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations, including, without limitation, the recommendations or advice of any officer or other employee of the Company and such attorneys, consultants and accountants as it may select.

5. **Eligibility.** Awards may be granted to Service Providers of the Company or any of its Affiliates.

6. **Term of Plan.** The Plan shall become effective on the effective date of its approval by stockholders of the Company. It shall continue in effect for a term of ten years from the date the Plan is approved by stockholders of the Company unless terminated earlier under Section 16 of the Plan.

7. **Term of Award.** The term of each Award shall be determined by the Administrator and stated in the Award Agreement. In the case of an Option, the term shall be ten years from the Grant Date or such shorter term as may be provided in the Award Agreement.

8. Options. The Administrator may grant an Option or provide for the grant of an Option, either from time to time in the discretion of the Administrator or automatically upon the occurrence of specified events, including, without limitation, the achievement of performance goals, the satisfaction of an event or condition within the control of the Awardee or within the control of others.

(a) **Option Agreement.** Each Option Agreement shall contain provisions regarding (i) the number of Shares that may be issued upon exercise of the Option, (ii) the type of Option, (iii) the exercise price of the Shares and the means of payment for the Shares, (iv) the term of the Option, (v) such terms and conditions on the vesting and/or exercisability of an Option as may be determined from time to time by the Administrator, (vi) restrictions on the transfer of the Option and forfeiture provisions, and (vii) such further terms and conditions, in each case not inconsistent with this Plan, as may be determined from time to time by the Administrator.

(b) **Exercise Price.** The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date. Notwithstanding the foregoing, if any Employee to whom an Incentive Stock Option is granted is a 10% Stockholder, then the exercise price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the Grant Date.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date. The per Share exercise price may also vary according to a predetermined formula; provided, that the exercise price never falls below 100% of the Fair Market Value per Share on the Grant Date. In the case of a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date.

(iii) Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, the per Share exercise price of an Option shall be determined by the Administrator but shall not be less than 100% (or 110% in the case of a person who owns on the date of grant of such Option, securities of the Company possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Related Corporation) of the Fair Market Value of a share of Common Stock on the Grant Date.

(iv) Notwithstanding the foregoing, at the Administrator's discretion, Conversion Awards may be granted in substitution and/or conversion of options of an acquired entity, with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of such substitution and/or conversion. The terms of the Conversion Awards shall be determined by the Administrator in accordance with the rules provided for in Code Section 424(a).

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

(c) Vesting Period and Exercise Dates. Options granted under this Plan shall vest and/or be exercisable at such time and in such installments during the period prior to the expiration of the Option's term as determined by the Administrator. The Administrator shall have the right to make the timing of the ability to exercise any Option granted under this Plan subject to continued service, the passage of time and/or such performance requirements as deemed appropriate by the Administrator. At any time after the grant of an Option, the Administrator may reduce or eliminate any restrictions surrounding any Participant's right to exercise all or part of the Option. Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, an Option awarded to anyone other than an Officer, Director or Consultant of the Company shall vest at a rate of at least 20% per year.

(d) Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment, either through the terms of the Option Agreement or at the time of exercise of an Option. Acceptable forms of consideration may include:

(i) cash;

(ii) check or wire transfer;

(iii) subject to any conditions or limitations established by the Administrator, other Shares which (A) in the case of Shares acquired upon the exercise of an Option, have been owned by the Participant for more than six months (or such other period of time, as required by the applicable accounting requirements) on the date of surrender or attestation and (B) have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(iv) consideration received by the Company under a broker-assisted sale and remittance program acceptable to the Administrator;

(v) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws; or

(vi) any combination of the foregoing methods of payment.

(e) Buyout Provisions. The Administrator may at any time offer to buy out for a payment in Shares an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Participant at the time that such offer is made.

9. Incentive Stock Option Limitations

(a) Eligibility. Only employees (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder) of the Company or any of its Related Corporations may be granted Incentive Stock Options.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

(b) \$100,000 Limitation. Notwithstanding the designation Incentive Stock Option in an Option Agreement, if and to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Awardee during any calendar year (under all plans of the Company and any of its Related Corporations) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. An Incentive Stock Option is considered to be first exercisable during a calendar year if the Incentive Stock Option will become exercisable at any time during the year, assuming that any condition on the Awardee's ability to exercise the Incentive Stock Option related to the performance of services is satisfied. If the Awardee's ability to exercise the Incentive Stock Option in the year is subject to an acceleration provision, then the Incentive Stock Option is considered first exercisable in the calendar year in which the acceleration provision is triggered. For purposes of this Section 9(b), Incentive Stock Options shall be taken into account in the order in which they were granted. However, because an acceleration provision is not taken into account prior to its triggering, an Incentive Stock Option that becomes exercisable for the first time during a calendar year by operation of such provision does not affect the application of the \$100,000 limitation with respect to any Incentive Stock Option (or portion thereof) exercised prior to such acceleration. The Fair Market Value of the Shares shall be determined as of the Grant Date.

(c) Leave of Absence. For purposes of Incentive Stock Options, no leave of absence may exceed three months, unless reemployment upon expiration of such leave is provided by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company or a Related Corporation is not so provided by statute or contract, an Awardee's employment with the Company shall be deemed terminated on the first day immediately following such three month period of leave for Incentive Stock Option purposes and any Incentive Stock Option granted to the Awardee shall cease to be treated as an Incentive Stock Option and shall terminate upon the expiration of the three month period following the date the employment relationship is deemed terminated.

(d) Transferability. The Option Agreement must provide that an Incentive Stock Option cannot be transferable by the Awardee otherwise than by will or the laws of descent and distribution, and, during the lifetime of such Awardee, must not be exercisable by any other person. Notwithstanding the foregoing, the Administrator, in its sole discretion, may allow the Awardee to transfer his or her Incentive Stock Option to a trust where under Section 671 of the Code and other Applicable Law, the Awardee is considered the sole beneficial owner of the Option while it is held in the trust. If the terms of an Incentive Stock Option are amended to permit transferability, the Option will be treated for tax purposes as a Nonstatutory Stock Option.

(e) Exercise Price. The per Share exercise price of an Incentive Stock Option shall be determined by the Administrator in accordance with Section 8(b)(i) of the Plan.

(f) 10% Stockholder. If any Employee to whom an Incentive Stock Option is granted is a 10% Stockholder, then the Option term shall not exceed five years measured from the date of grant of such Option.

(g) Other Terms. Option Agreements evidencing Incentive Stock Options shall contain such other terms and conditions as may be necessary to qualify, to the extent determined desirable by the Administrator, with the applicable provisions of Section 422 of the Code.

10. Exercise of Option.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the respective Award Agreement.

(ii) An Option shall be deemed exercised when the Company receives (A) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option; (B) full payment for the Shares with respect to which the related Option is exercised; and (C) with respect to Nonstatutory Stock Options, payment of all applicable withholding taxes.

(iii) Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Unless provided otherwise by the Administrator or pursuant to this Plan, until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option.

(iv) The Company shall issue (or cause to be issued) such Shares as soon as administratively practicable after the Option is exercised. An Option may not be exercised for a fraction of a Share.

(b) Effect of Termination of Service on Options.

(i) Generally. Unless otherwise provided for by the Administrator, if a Participant ceases to be a Service Provider, other than upon the Participant's death or Total and Permanent Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, upon Participant's Termination of Service, other than due to death, Total and Permanent Disability, or cause, the Participant may exercise his or her Option (i) at any time on or prior to the date determined by the Administrator, which date shall be at least 30 days subsequent to the Participant's termination date (but in no event later than the expiration of the term of such Option), and (ii) only to the extent that the Participant was entitled to exercise such Option on the termination date. In the absence of a specified time in the Award Agreement, the vested portion of the Option will remain exercisable for three months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(ii) Disability of Awardee. Unless otherwise provided for by the Administrator, if a Participant ceases to be a Service Provider as a result of the Participant's Total and Permanent Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, in the event of Participant's Termination of Service due to his or her Total and Permanent Disability, the Participant may exercise his or her Option (i) at any time on or prior to the date determined by the Administrator, which date shall be at least six months subsequent to the termination date (but in no event later than the expiration date of the term of his or her Option), and (ii) only to the extent that the Participant was entitled to exercise such Option on the termination date. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve months following the Participant's termination. Unless otherwise provided by the Administrator, if at the time of disability the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan on the date of the Participant's disability. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Death of Awardee. Unless otherwise provided for by the Administrator, if a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the Option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, in the event that the Participant dies prior to a Termination of Service, the Participant's Option may be exercised by the Participant's designated beneficiary (i) at any time on or prior to the date determined by the Administrator, which date shall be at least six months subsequent to the date of death (but in no event later than the expiration date of the term of his or her Option), and (ii) only to the extent that the Participant was entitled to exercise the Option at the date of death. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan on the date of the Participant's death. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

11. Stock Awards.

(a) Stock Award Agreement. Each Stock Award Agreement shall contain provisions regarding (i) the number of Shares subject to such Stock Award or a formula for determining such number, (ii) the purchase price of the Shares, if any, and the means of payment for the Shares, (iii) the performance criteria, if any, and level of achievement versus these criteria that shall determine the number of Shares granted, issued, retained and/or vested, (iv) such terms and conditions on the grant, issuance, vesting and/or forfeiture of the Shares as may be determined from time to time by the Administrator, (v) restrictions on the transferability of the Stock Award and (vi) such further terms and conditions in each case not inconsistent with this Plan as may be determined from time to time by the Administrator.

Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, the purchase price for restricted Shares shall be determined by the Administrator, but shall not be less than 85% (or 100% in the case of a person who owns on the date of grant of such restricted stock, securities of the Company possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Related Corporation) of the Fair Market Value of a share of Common Stock on the date of grant of such restricted stock.

(b) Restrictions and Performance Criteria. The grant, issuance, retention and/or vesting of each Stock Award may be subject to such performance criteria and level of achievement versus these criteria as the Administrator shall determine, which criteria may be based on financial performance, personal performance evaluations and/or completion of service by the Awardee. Notwithstanding the foregoing, so long as the issuance and sale of securities under this Plan require qualification under the California Corporate Securities Law of 1968, restricted stock awarded to anyone other than an Officer, Director or Consultant of the Company shall vest at a rate of at least 20% per year.

Notwithstanding anything to the contrary herein, the performance criteria for any Stock Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be established by the Administrator based on one or more Qualifying Performance Criteria selected by the Administrator and specified in writing.

(c) Forfeiture. Unless otherwise provided for by the Administrator, upon the Awardee's Termination of Service, the Stock Award and the Shares subject thereto shall be forfeited, provided that to the extent that the Participant purchased any Shares, the Company shall have a right to repurchase the unvested Shares at the original price paid by the Participant.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

(d) Rights as a Stockholder. Unless otherwise provided by the Administrator, the Participant shall have the rights equivalent to those of a stockholder and shall be a stockholder only after Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) to the Participant. Unless otherwise provided by the Administrator, a Participant holding Stock Units shall be entitled to receive dividend payments as if he or she was an actual stockholder.

12. Stock Appreciation Rights. Subject to the terms and conditions of the Plan, a SAR may be granted to a Service Provider at any time and from time to time as determined by the Administrator in its sole discretion.

(a) Number of SARs. The Administrator shall have complete discretion to determine the number of SARs granted to any Service Provider.

(b) Exercise Price and Other Terms. The per SAR exercise price shall be no less than 100% of the Fair Market Value per Share on the Grant Date. The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the other terms and conditions of SARs granted under the Plan.

(c) Exercise of SARs. SARs shall be exercisable on such terms and conditions as the Administrator, in its sole discretion, shall determine.

(d) SAR Agreement. Each SAR grant shall be evidenced by a SAR Agreement that will specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, shall determine.

(e) Expiration of SARs. A SAR granted under the Plan shall expire upon the date determined by the Administrator, in its sole discretion, and set forth in the SAR Agreement. Notwithstanding the foregoing, the rules of Section 10(b) will also apply to SARs.

(f) Payment of SAR Amount. Upon exercise of a SAR, the Participant shall be entitled to receive a payment from the Company in an amount equal to the difference between the Fair Market Value of a Share on the date of exercise over the exercise price of the SAR. This amount shall be paid in Shares of equivalent value.

13. Cash Awards. Each Cash Award will confer upon the Participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period.

(a) Cash Award. Each Cash Award shall contain provisions regarding (i) the performance goal(s) and maximum amount payable to the Participant as a Cash Award, (ii) the performance criteria and level of achievement versus these criteria which shall determine the amount of such payment, (iii) the period as to which performance shall be measured for establishing the amount of any payment, (iv) the timing of any payment earned by virtue of performance, (v) restrictions on the alienation or transfer of the Cash Award prior to actual payment, (vi) forfeiture provisions, and (vii) such further terms and conditions, in each case not inconsistent with the Plan, as may be determined from time to time by the Administrator. The maximum amount payable as a Cash Award that is settled for cash may be a multiple of the target amount payable, but the maximum amount payable pursuant to that portion of a Cash Award granted under this Plan for any fiscal year to any Awardee that is intended to satisfy the requirements for performance based compensation under Section 162(m) of the Code shall not exceed \$1,000,000.

(b) Performance Criteria. The Administrator shall establish the performance criteria and level of achievement versus these criteria which shall determine the target and the minimum and maximum amount payable under a Cash Award, which criteria may be based on financial performance and/or personal performance evaluations. The Administrator may specify the percentage of the target Cash Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding anything to the contrary herein, the performance criteria for any portion of a Cash Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure established by the Administrator based on one or more Qualifying Performance Criteria selected by the Administrator and specified in writing.

(c) Timing and Form of Payment. The Administrator shall determine the timing of payment of any Cash Award. The Administrator may specify the form of payment of Cash Awards, which may be cash or other property, or may provide for an Awardee to have the option for his or her Cash Award, or such portion thereof as the Administrator may specify, to be paid in whole or in part in cash or other property.

(d) Termination of Service. The Administrator shall have the discretion to determine the effect of a Termination of Service on any Cash Award due to (i) disability, (ii) retirement, (iii) death, (iv) participation in a voluntary severance program, or (v) participation in a work force restructuring.

14. Other Provisions Applicable to Awards.

(a) Non-Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by beneficiary designation, will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. The Administrator may make an Award transferable to an Awardee's family member or any other person or entity. If the Administrator makes an Award transferable, either at the time of grant or thereafter, such Award shall contain such additional terms and conditions as the Administrator deems appropriate, and any transferee shall be deemed to be bound by such terms upon acceptance of such transfer.

Edgar Filing: AMERICAN TECHNOLOGY CORP /DE/ - Form DEF 14A

(b) Qualifying Performance Criteria. For purposes of this Plan, the term Qualifying Performance Criteria shall mean any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, Affiliate or business segment, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee in the Award: (i) cash flow; (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average stockholders' equity; (vii) total stockholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) revenue; (xii) income or net income; (xiii) operating income or net operating income; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) market share; (xviii) contract awards or backlog; (xix) overhead or other expense reduction; (xx) growth in stockholder value relative to the moving average of the S&P 500 Index or a peer group index; (xxi) credit rating; (xxii) strategic plan development and implementation; (xxiii) improvement in workforce diversity, (xxiv) EBITDA, and (xxv) any other similar criteria. The Committee may appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to exclude any of the following events that occurs during a performance period: (A) asset write-downs; (B) litigation or claim judgments or settlements; (C) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (D) accruals for reorganization and restructuring programs; and (E) any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year.

(c) Certification. Prior to the payment of any compensation under an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall certify the extent to which any Qualifying Performance Criteria and any other material terms under such Award have been satisfied (other than in cases where such relate solely to the increase in the value of the Common Stock).

(d) Discretionary Adjustments Pursuant to Section 162(m). Notwithstanding satisfaction of any completion of any Qualifying Performance Criteria, to the extent specified at the time of grant of an Award to covered employees within the meaning of Section 162(m) of the Code, the number of Shares, Options or other benefits granted, issued, retained and/or vested under an Award on account of satisfaction of such Qualifying Performance Criteria may be reduced by the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

(e) Section 409A. Notwithstanding anything in the Plan to the contrary, it is the intent of the Company that all Awards granted under this Plan shall not cause an imposition of the additional taxes provided for in Section 409A(a)(1)(B) of the Code.

15. Adjustments upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, (i) the number and kind of Shares covered by each outstanding Award, and the number and kind of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award, (ii) the price per Share subject to each such outstanding Award, and (iii) the Share limitations set forth in Section 3 of the Plan, shall be proportionately adjusted for any increase or decrease in the number or kind of issued shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Award.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Option to be fully vested and exercisable until ten days prior to such transaction. In addition, the Administrator may provide that any restrictions on any Award shall lapse prior to the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed transaction.

(c) Change in Control. In the event there is a Change in Control of the Company, as determined by the Board or a Committee, the Board or Committee may, in its discretion, (i) provide for the assumption or substitution of, or adjustment to, each outstanding Award; (ii) accelerate the vesting of Options and SARs and terminate any restrictions on Stock Awards or Cash Awards; and (iii) provide for the cancellation of Awards for a cash payment to the Participant.

16. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Administrator may amend, alter or discontinue the Plan or any Award Agreement, but any such amendment shall be subject to approval of the stockholders of the Company in the manner and to the extent required by Applicable Law.

(b) Effect of Amendment or Termination. No amendment, suspension or termination of the Plan shall impair the rights of any Award, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

(c) Effect of the Plan on Other Arrangements. Neither the adoption of the Plan by the Board or a Committee nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or any Committee to adopt such other incentive arrangements as it or they may deem desirable, including, without limitation, the granting of restricted stock or stock options otherwise than under the Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

17. Designation of Beneficiary.

(a) An Awardee may file a written designation of a beneficiary who is to receive the Awardee's rights pursuant to Awardee's Award or the Awardee may include his or her Awards in an omnibus beneficiary designation for all benefits under the Plan. To the extent that Awardee has completed a designation of beneficiary such beneficiary designation shall remain in effect with respect to any Award hereunder until changed by the Awardee to the extent enforceable under Applicable Law.

(b) Such designation of beneficiary may be changed by the Awardee at any time by written notice. In the event of the death of an Awardee and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Awardee's death, the Company shall allow the executor or administrator of the estate of the Awardee to exercise the Award, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may allow the spouse or one or more dependents or relatives of the Awardee to exercise the Award to the extent permissible under Applicable Law.

18. No Right to Awards or to Service. No person shall have any claim or right to be granted an Award and the grant of any Award shall not be construed as giving an Awardee the right to continue in the service of the Company or its Affiliates. Further, the Company and its Affiliates expressly reserve the right, at any time, to dismiss any Service Provider or Awardee at any time without liability or any claim under the Plan, except as provided herein or in any Award Agreement entered into hereunder.

19. Legal Compliance. Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance. Notwithstanding anything in the Plan to the contrary, it is the intent of the Company that the Plan shall be administered so that the additional taxes provided for in Section 409A(a)(1)(B) of the Code are not imposed.

20. Inability to Obtain Authority. To the extent the Company is unable to or the Administrator deems that it is not feasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Company shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

21. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

22. **Notice.** Any written notice to the Company required by any provisions of this Plan shall be addressed to the Secretary of the Company and shall be effective when received.

23. **Governing Law; Interpretation of Plan and Awards.**

(a) This Plan and all determinations made and actions taken pursuant hereto shall be governed by the substantive laws, but not the choice of law rules, of the state of Delaware.

(b) In the event that any provision of the Plan or any Award granted under the Plan is declared to be illegal, invalid or otherwise unenforceable by a court of competent jurisdiction, such provision shall be reformed, if possible, to the extent necessary to render it legal, valid and enforceable, or otherwise deleted, and the remainder of the terms of the Plan and/or Award shall not be affected except to the extent necessary to reform or delete such illegal, invalid or unenforceable provision.

(c) The headings preceding the text of the sections hereof are inserted solely for convenience of reference, and shall not constitute a part of the Plan, nor shall they affect its meaning, construction or effect.

(d) The terms of the Plan and any Award shall inure to the benefit of and be binding upon the parties hereto and their respective permitted heirs, beneficiaries, successors and assigns.

(e) All questions arising under the Plan or under any Award shall be decided by the Administrator in its total and absolute discretion. In the event the Participant believes that a decision by the Administrator with respect to such person was arbitrary or capricious, the Participant may request arbitration with respect to such decision. The review by the arbitrator shall be limited to determining whether the Administrator's decision was arbitrary or capricious. This arbitration shall be the sole and exclusive review permitted of the Administrator's decision, and the Awardee shall as a condition to the receipt of an Award be deemed to explicitly waive any right to judicial review.

24. **Limitation on Liability.** The Company and any Affiliate which is in existence or hereafter comes into existence shall not be liable to a Participant, an Employee, an Awardee or any other persons as to:

(a) **The Non-Issuance of Shares.** The non-issuance or sale of Shares as to which the Company has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any shares hereunder; and

(b) **Tax Consequences.** Any tax consequence expected, but not realized, by any Participant, Employee, Awardee or other person due to the receipt, exercise or settlement of any Option or other Award granted hereunder.

25. **Unfunded Plan.** Insofar as it provides for Awards, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Awardees who are granted Stock Awards under this Plan, any such accounts will be used merely as a bookkeeping convenience. The Company shall not be required to segregate any assets which may at any time be represented by Awards, nor shall this Plan be construed as providing for such segregation, nor shall the Company nor the Administrator be deemed to be a trustee of stock or cash to be awarded under the Plan. Any liability of the Company to any Participant with respect to an Award shall be based solely upon any contractual obligations which may be created by the Plan; no such obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Administrator shall be required to give any security or bond for the performance of any obligation which may be created by this Plan.

IN WITNESS WHEREOF, the Company, by its duly authorized officer, has executed this Plan, effective as of _____, 2005.
