**CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS**

*This report contains forward-looking statements that involve risks and uncertainties. These forward-looking statements are based on our current expectations, beliefs and assumptions. When we use words such as anticipates, expects, intends, plans, believes or similar expressions, we are making forward-looking statements. Our actual results could differ materially from those anticipated in forward-looking statements. Factors that might cause such differences include the risks discussed in "Item 1. Description of Business Risk Factors" and in Item 6. Management's Discussion and Analysis or Plan of Operation, as well as those discussed elsewhere in this annual report.*

*We caution you not to place undue reliance on these forward-looking statements, which reflect our management's view only as of the date of this annual report. We will not update any forward-looking statement to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.*

## PART I

### ITEM 1. DESCRIPTION OF BUSINESS

Trading Solutions.com, Inc. was incorporated on May 14, 1999 in the state of

Nevada. We were originally organized to develop a trading school designed to educate people interested in online investing. We offered courses for beginners as well as experienced traders, consisting of theory sessions linked closely with practical hands-on training. We offered individual training, small group sessions and seminars focusing on online trading and various computer-related subjects.

We were not successful with our online trading school and on August 18, 2001, we entered into an exchange agreement with Springland Beverages, Inc., an Ontario, Canada Corporation. Pursuant to the agreement, we exchanged 15,542,500 shares of common stock for all of the issued and outstanding shares of Springland Beverages, Inc., making Springland our wholly owned subsidiary. Concurrent with the agreement, there was a change in control and we changed our business plan to focus on developing and marketing soft drinks. Springland Beverages, Inc. was not able to implement its business plan and failed to achieve profitable operations and on March 28, 2003, we sold the subsidiary back to its president, leaving us with no immediate potential revenue sources.

As a result of the foregoing, currently we have had no business operations, and are actively seeking merger or acquisition candidates.

### RISK FACTORS

*The risks and uncertainties described below are not the only ones that we face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely affect our business. If any of the following risks and uncertainties develop into actual events, our business, financial condition and results of operations could be materially and adversely affected, and the trading price of our common stock could decline.*

### RISK FACTORS RELATING TO OUR BUSINESS

•

**We cannot guarantee that we will continue as a going concern because we have not yet been successful in establishing profitable operations.**

We have received a report from our independent auditors on our financial

statements for fiscal years ended September 30, 2003 and 2002. The footnote to our financial statements list factors, including recurring losses since incorporation, that raise substantial doubt about our ability to continue as a going concern.

•

**It is difficult for investors to evaluate our likely future performance because we are an early stage company without long operating history.**

Since our incorporation in 1999, we have been engaged in start-up and development activities. We have operated at a loss, and losses are expected to continue. We have little operating history upon which investors may base an evaluation of our likely future performance and currently have extremely limited operations.

•

**We have a history of losses, and we will need additional capital to continue our operations. If we are unable to obtain additional capital, we will have to curtail our operations.**

As of this date, we have generated limited revenues and incurred significant losses. We have never been profitable and continue to incur losses from operations. We may never generate sufficient revenue, income and cash flows to support even our extremely limited operations. We expect to incur losses because we anticipate incurring significant expenses in connection with developing products and markets through an acquisition or otherwise. Our future potential revenues could decline by reason of factors beyond our control such as technological changes and developments or downturns in the economy. If we continue to incur losses, if our revenues decline or grow at a slower rate, or if our expenses increase without commensurate increases in revenues, our operating results will suffer and the value of common stock may decline.

**ADDITIONAL RISKS RELATED  
TO BUYING OUR STOCK**

•

**You may have difficulties trading and obtaining quotations on "penny stock" issues.**

Our shares of common stock are a "penny stock" as defined in the Securities Exchange Act of 1934, as amended. These shares to be traded in the over-the-counter market on the OTC Bulletin Board. As a result, our shareholders may find it more difficult to dispose of or obtain accurate quotations as to the price of our shares. In addition, the "penny stock" rules adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, make the sale of the shares of the common stock subject to certain regulations, which impose sales practice requirements on broker-dealers. For example, broker-dealers selling such securities must, prior to effecting the transaction, provide their customers with a document that discloses the risks of investing in such securities. Furthermore, if the person purchasing the securities is someone other than an accredited investor or an established customer of the broker-dealer, the broker-dealer must also approve the potential customer's account by obtaining information concerning the customer's financial situation, investment experience and investment objectives. The broker-dealer must also make a determination whether the transaction is suitable for the customer and whether the customer has sufficient knowledge and experience in financial matters to be reasonably expected to be capable of evaluating the risk of transactions in such securities. Accordingly, the Securities and Exchange Commission rules may limit the number of potential purchasers of the shares of the common stock.

•

**You may be subject to resale restrictions on transferring "penny stocks."**

Various state securities laws impose restrictions on transferring "penny stocks" and, as a result, the ability of investors in our common stock to sell their shares of common stock may be impaired. For example, the Utah Securities Commission prohibits brokers from soliciting buyers for "penny stocks," which makes selling shares of "penny stocks" more difficult.

•

**We may issue additional shares and dilute your ownership percentage.**

Our bylaws allow the board to issue common stock without shareholder approval. Currently, if additional funds are raised through the issuance of equity securities, or another company is purchased using our equity securities, the percentage of equity ownership of our existing stockholders will be reduced. In addition, holders of these equity securities may have rights, preferences or privileges senior to those of the existing holders of our common stock. If additional funds are raised through the issuance of debt securities, we may incur significant interest charges, and these securities could also impose restrictions on our operations. If additional financing is not available when needed on terms favorable to us or at all, we will have to curtail our operations.

- **Due to our lack of assets, there will be no liquidation value if our business fails.**

We currently have no significant assets or equipment, nor do we plan to have any in the near future. In the event our business is liquidated, investor money will have been spent on operations, and equipment with insignificant salvage value.

## **ITEM 2.**

### **DESCRIPTION OF PROPERTY**

Our corporate headquarters are located at 2469 E. 7000 S., #214, Salt Lake City, Utah 84121. Current offices are adequate for present needs. Office space is leased and will be increased as we deem necessary. We believe that it will not be difficult to find additional or alternative office space if necessary in the foreseeable future.

## **ITEM 3.**

### **LEGAL PROCEEDINGS**

We are not a party to any material legal proceedings.

## **ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY**

### **HOLDERS**

None.

## **PART II**

## **ITEM 5.**

### **MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS**

Our Common Stock is quoted on the NASD's Over the Counter Bulletin Board under the symbol TSLU.

As of September 30, 2002, there were approximately 59 shareholders of record

holding a total of 18,073,500 shares of common stock. The holders of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. Holders of the common stock have no preemptive rights and no right to convert their common stock into any other securities. There are no redemption or sinking fund provisions applicable to the common stock.

We have not paid, nor declared, any dividends since our inception and do not intend to declare any such dividends in the foreseeable future. Our ability to pay dividends is subject to limitations imposed by Nevada law. Under Nevada law, dividends may be paid to the extent that our assets exceed our liabilities and we are able to pay our debts as they become due in the usual course of business.

**ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR**

## **PLAN OF OPERATION**

### **Plan of Operation**

We are seeking to acquire assets or shares of an entity actively engaged in business which generates revenues. We have no particular acquisitions in mind and have not entered into any negotiations regarding such an acquisition. None of our officers, directors, promoters or affiliates have engaged in any substantive contact or discussions with any representative of any other company regarding the possibility of an acquisition or merger between our company and another company as of the date of this annual report. The board of directors intends to obtain certain assurances of value of the target entity's assets prior to consummating such a transaction. Any business combination or transaction will likely result in a significant issuance of shares and substantial dilution to our present stockholders.

We have, and will continue to have, no capital with which to provide the owners of business opportunities with any significant cash or other assets. However, management believes that we will be able to offer owners of acquisition candidates the opportunity to acquire a controlling ownership interest in a publicly registered company without incurring the cost and time required to conduct an initial public offering. The owners of the acquisition candidate will, however, incur significant legal and accounting costs in connection with the acquisition of a business opportunity, including the costs of preparing agreements, documents and related reports and such as information statements, current reports, quarterly reports and annual reports.

### **Liquidity and Capital Resources**

We remain in the development stage and have experienced no significant change in liquidity or capital resources or stockholder's equity since re-entering of the development stage. Our balance sheet as of September 30, 2003, reflects a total asset value of \$0.00. We have no cash or line of credit, other than that which present management may agree to extend to or invest in this company, nor do we expect to have one before a merger is effected. We will carry out our plan of business as discussed above. We cannot predict to what extent our liquidity and capital resources will be diminished prior to the consummation of a business combination or whether our capital will be further depleted by the operating losses (if any) of the business entity which we may eventually acquire.

### **Results of Operations**

During the period from October 1, 2002 through September 30, 2003, we have engaged in no significant operations other than maintaining our reporting status with the SEC and seeking a business combination. No revenues were received by us during this period.

For the current fiscal year, we anticipate incurring a loss as a result of legal and accounting expenses, and expenses associated with locating and evaluating acquisition candidates. We anticipate that until a business combination is completed with an acquisition candidate, we will not generate revenues, and may continue to operate at a loss after completing a business combination, depending upon the performance of the acquired business.

### **Need for Additional Financing**

Based upon current management's willingness to extend credit to us and/or invest in us until a business combination is completed, we believe that our existing capital will be sufficient to meet the cash needs required for the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended, and for the costs of accomplishing our goal of completing a business combination, for an indefinite period of time. Accordingly, in the event we are able to complete a business combination during this period, we anticipate that our existing capital will be sufficient to allow us to accomplish the goal of completing a business combination. There is no

assurance, however, that the available funds will ultimately prove to be adequate to allow us to complete a business combination, and once a business combination is completed, our needs for additional financing are likely to increase substantially. In addition, as current management is under no obligation to continue to extend credit to us and/or invest in us, there is no assurance that such credit or investment will continue or that it will continue to be sufficient for future periods.

**ITEM 7.**

**FINANCIAL STATEMENTS**

Our consolidated financial statements and the independent auditors' report appear on pages F-1 through F- 8 of this Report and are incorporated into this Item 7 by reference.

**ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.**

See 8-K filing for change in accountants dated April 8, 2003.

Freedman & Goldberg, CPA's, P.C., Certified Public Accountants located in Farmington Hills, MI audited our financial statements for the years ended September 30, 2002 and 2001. Freedman & Goldberg CPA's, P.C. was dismissed by our management on April 4, 2003, as a result of engaging another auditor for us, Andersen, Andersen & Strong, LC on April 4, 2003.

The decision to change accountants was approved by the board of directors.

There were no disagreements between us and Freedman & Goldberg CPA's, P.C. whether resolved or not resolved, on any matter of accounting principles or practices, financial statement disclosure or auditing, scope or procedure which, if not resolved, would have caused them to make reference to the subject matter of the disagreement in connection with their reports.

The Reports of Freedman & Goldberg CPA's, P.C. for the years of 2002 and 2001, did not contain any adverse opinions or disclaimers of opinion, but noted as to uncertainty, audit scope or accounting principles as follows:

Note 12 of the audited financial statements of Trading Solutions.com, Inc. for the year ended September 30, 2002, addressed "Going Concern" uncertainties, which stated, in part, "The Company's ability to continue as a going concern is dependent upon the Company's ability to raise capital and acquire or establish a profitable operation in the bottled water market. There is no assurance that we will be successful in its efforts to raise additional proceeds or achieve profitable operations." Management does not disagree with this statement.

Management did not consult Andersen, Andersen & Strong, LC regarding the application of accounting principles to a specific completed or contemplated transaction or the type of audit opinion that might be rendered, nor concerning any matter that was the subject of any disagreement or event.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, and the regulations of the Securities and Exchange Commission promulgated thereunder, require our directors, executive officers and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC, and provide us with copies of such reports. Based solely on a review of the copies of the reports furnished to us, or written representations that no reports were required to be filed, we believe that during the fiscal year ended September 30, 2003 all Section 16(a) filing requirements applicable to our directors, officers, and greater than 10% beneficial owners were complied with.

**ITEM 10. EXECUTIVE COMPENSATION**

Our sole director and executive officer as of September 30, 2003 had received no cash or other remuneration for services rendered to us; and no compensatory arrangements have yet been set for service in these capacities. Previous director and executive compensation was as follows:

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT.**

The following table presents information about the beneficial ownership of our common stock as of September 30, 2003 by:

- each person or entity who is known by us to own beneficially more than 10% of the outstanding shares of our common stock;
- each of our directors;
- each of our named executive officers;
- each of the persons who served as our chief executive officer during our fiscal year ended September 30, 2003; and
- all directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities, subject to community property laws, where applicable. The percentage of beneficial ownership is based on 18,073,500 shares of common stock outstanding as of September 30, 2003.

**CONTROLS AND PROCEDURES**

Mark L. Baum (the Company's principal executive officer and principal financial and accounting officer) has concluded, based on his evaluation as of a date within 90 days prior to the date of the filing of this report, that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in the reports filed or submitted by us under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and include controls and procedures designed to ensure that information required to be disclosed in such reports is accumulated and communicated to the Company's management as appropriate to allow timely decisions regarding required disclosure.

There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the date of such evaluation.

Trading Solutions.com, Inc.

Salt Lake City, Utah

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

We have audited the accompanying balance sheet of Trading Solutions.com, Inc. (development stage company) at September 30, 2003 and the statements of operations, stockholders' equity, and cash flows for the years ended September 30, 2003 and 2002 and the period May 14, 1999 (date of inception) to September 30, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the over all financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Trading Solutions.com, Inc. at September 30, 2003 and the statements of operations, and cash flows for the years ended September 30, 2003 and 2002 and the period May 14, 1999 (date of inception) to September 30, 2003 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company will need additional working capital for its planned activity and to service its debt, which raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are described in the notes to the financial statements. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**NOTES TO FINANCIAL STATEMENTS**

**September 30, 2003**

**1.**

**ORGANIZATION**

The Company was incorporated under the laws of the State of Nevada on May 14, 1999 with authorized common stock of 20,000,000 shares at \$.01 par value.

The Company was organized for the purpose of providing on-line investing educational services. During 2002 the company abandoned that activity and has since remained inactive.

In August 2001, the Company acquired all of the outstanding stock of Springland Beverages, Inc., which was in the business of developing bottled water and the related beverage market. The only activities of Springland Beverages, Inc, was the acquisition of an option to purchase land and the registration of trademarks in the United States and Canada, both of which have subsequently expired.

During March 2003 the Company settled all its prior liabilities, in connection with the transfer of its interest in Springland Beverages, Inc., to a former officer of the Company.

Since its inception the Company completed private placement offerings for \$213,990.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Accounting Methods

The Company recognizes income and expenses based on the accrual method of accounting.

Dividend Policy

The Company has not yet adopted a policy regarding payment of dividends.

### Income Taxes

The Company utilizes the liability method of accounting for income taxes. Under the liability method deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax bases of the assets and liabilities and are measured using the enacted tax rates and laws that will be in effect, when the differences are expected to reverse. An allowance against deferred tax assets is recorded, when it is more likely than not, that such tax benefits will not be realized.

On September 30, 2003, the Company had a net operating loss available for carry forward of \$1,510. The income tax benefit of approximately \$450 from the loss carry forward has been fully offset by a valuation reserve because the use of the future tax benefit is undeterminable since the Company has no operations. The loss carryover will expire in 2023.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

Revenue Recognition

Revenue will be recognized on the sale and delivery of a product or the completion of a service provided.

Advertising and Market Development

The company will expense advertising and market development costs as incurred.

Basic and Diluted Net Income (Loss) Per Share

Basic net income (loss) per share amounts are computed based on the weighted average number of shares actually outstanding. Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if shares had been issued on the exercise of any common share rights unless the exercise becomes antidilutive and then only the basic per share amounts are shown in the report.

Financial Instruments

The carrying amounts of financial instruments are considered by management to be their estimated fair values.

Financial and Concentrations Risk

The Company does not have any concentration or related financial credit risk.

Financial Instruments

The carrying amounts of financial instruments, including accounts payable, are considered by management to be their estimated fair values.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing these financial statements.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** continued

Recent Accounting Pronouncements

The Company does not expect that the adoption of other recent accounting pronouncements will have a material impact on its financial statements.

**3. SIGNIFICANT TRANSACTIONS WITH RELATED PARTIES**

An officer has acquired 83% of the outstanding common stock, and made a no interest, demand loan to the Company of \$1,510.

A former officer has made contributions to capital of \$104,649 by payment of Company debt.

**1.**

**GOING CONCERN**

The Company intends to seek business opportunities that will provide a profit, however, the Company does not have the working capital necessary to be successful in this effort and to service its debt, which raises substantial doubt about its ability to continue as a going concern.

Continuation of the Company as a going concern is dependent upon obtaining additional working capital and the management of the Company has developed a strategy, which it believes will accomplish this objective through short term related party loans, and equity funding, which will enable the Company to operate for the coming year.
