**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
to be held
Thursday, May 18, 2006**

General

This Proxy Statement is provided to the stockholders of Alexandria Real Estate Equities, Inc., a Maryland corporation (the Company), to solicit proxies, in the form enclosed, for use at the Annual Meeting of Stockholders of the Company to be held on Thursday, May 18, 2006, at the Ritz-Carlton Huntington Hotel, Diplomat Room, 1401 South Oak Knoll Avenue, Pasadena, California, at 11:00 a.m. local time, and any and all adjournments or postponements thereof. The Board of Directors knows of no matters to come before the annual meeting other than those described in this Proxy Statement. This Proxy Statement and the enclosed form of proxy are first being mailed to stockholders on or about April 18, 2006.

Solicitation

This solicitation is made by mail on behalf of the Board of Directors of the Company. The Company will pay for the costs of the solicitation. Further solicitation of proxies may be made, including by mail, telephone, fax, in person or other means, by the directors, officers or employees of the Company or its affiliates, none of whom will receive additional compensation for such solicitation. In addition, the Company has engaged The Altman Group, Inc., a firm specializing in proxy solicitation, to solicit proxies and assist in the distribution and collection of proxy material for an estimated fee of approximately \$16,000. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of the Company's common stock, par value \$.01 per share (the Common Stock).

Voting Procedures

Only those holders of Common Stock of record as of the close of business on March 31, 2006, the record date, will be entitled to notice of and to vote at the annual meeting. A total of 22,779,820 shares of Common Stock were issued and outstanding as of the record date. Each share of Common Stock entitles its holder to one vote. Cumulative voting of shares of Common Stock is not permitted.

The presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock entitled to vote will be necessary to constitute a quorum to transact business at the annual meeting. Abstentions will be treated as present for purposes of determining the existence of a quorum. At the annual meeting, directors will be elected by a plurality of the votes cast and a majority of the votes cast will be required to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants. Abstentions will have no effect on the ratification of the appointment of Ernst & Young LLP. It is expected that brokers will have discretionary power to vote on each of the proposals.

Shares represented by properly executed proxies in the form enclosed that are timely received by the Secretary of the Company and not revoked will be voted as specified on the proxy. If no specification is made on a properly executed and returned proxy, the shares represented thereby will be voted FOR the election of each of the eight nominees for director named in this proxy statement and FOR ratification of the appointment of Ernst & Young LLP as the independent registered public accountants of the Company. If any other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies in their discretion. In order to be voted, each proxy must be filed with the Secretary of the Company prior to exercise.

Revocability of Proxies

Stockholders may revoke a proxy at any time before the proxy is exercised. This may be done by filing a notice of revocation of the proxy with the Secretary of the Company, by filing a later-dated proxy with the Secretary of the Company, or by voting in person at the annual meeting.

PROPOSAL NUMBER ONE ELECTION OF DIRECTORS

Stockholders will be asked at the annual meeting to elect eight directors, who will constitute the full Board of Directors as currently authorized by the Company's Bylaws. Each elected director will hold office until the next annual meeting of stockholders and until the director's successor is duly elected and qualified. If any nominee becomes unavailable to serve for any reason, an event the Company does not anticipate, solicited proxies will be voted for the election of the person, if any, designated by the Board of Directors to replace the unavailable nominee.

Stockholders may withhold authority to vote their proxies for either (i) the entire slate of nominated directors by checking the box marked WITHHOLD on the proxy card, or (ii) any one or more of the individual nominees, by following the instructions on the proxy card. Instructions on the accompanying proxy card that withhold authority to vote for one or more of the nominees will cause any such nominee to receive fewer votes.

The following eight persons have been selected by the Board of Directors as nominees for election to the Board of Directors: Jerry M. Sudarsky, Joel S. Marcus, James H. Richardson, Richard B. Jennings, Richard H. Klein, Martin A. Simonetti, Alan G. Walton and Richmond A. Wolf. All of the nominees are incumbent directors. Additional information about these nominees is provided in the table and biographical information that follow.

Required Vote

A plurality of the votes cast at the annual meeting is required for the election of directors.

The Board of Directors unanimously recommends a vote FOR each of the named nominees.

Director Independence

The Board of Directors has affirmatively determined that each member of the Board of Directors other than Mr. Marcus (who is our Chief Executive Officer) and Mr. Richardson (who is our President) meets the independence criteria established by the New York Stock Exchange (NYSE) for independent board members. The Board has also affirmatively determined that no material relationships exist between the Company and any of the independent directors that would interfere with their judgment in carrying out their responsibilities as a director.

In making its independence determination with respect to Mr. Sudarsky, the Board considered the fact that Mr. Sudarsky was a founder of the Company and acted as its Chief Executive Officer from its inception in 1994 to March 1997, prior to the Company's initial public offering in May 1997. The Board also considered the fact that Mr. Sudarsky receives a fixed retirement annuity from the Company. With respect to Mr. Sudarsky's role as founder and former Chief Executive Officer of the Company, the Board took into account the fact that approximately nine years have elapsed since Mr. Sudarsky was actively involved in the management of the Company. With respect to Mr. Sudarsky's retirement annuity, the Board noted that the amount of the annuity was fixed and irrevocable, and could not be affected by management actions or determinations.

In making its independence determination with respect to Mr. Simonetti, the Board considered the relationships between the Company and VLST Corporation, the company of which Mr. Simonetti is the recently appointed Chief Executive Officer, described below in this proxy statement under the caption "Certain Relationships and Related Transactions". The Board noted that all of these relationships

between the Company and VLST were established prior to Mr. Simonetti's affiliation with VLST, that VLST's outstanding indebtedness to the Company is expected to be repaid by VLST in 2006, that Alexandria's current equity investment in VLST is approximately 3.2% of VLST's total capitalization, and that VLST intends to terminate its lease with the Company and relocate to new rental space to accommodate its growth, and the Company does not expect such new rental space to be owned by the Company.

Information on Board of Directors and its Committees

The Board of Directors held four regular meetings and seven special meetings in 2005 and took action on six occasions during 2005 by unanimous written consent. No director attended less than 75% of the aggregate number of meetings held by the Board of Directors during 2005 and by all committees of which such director is a member.

The Company encourages each member of the Board of Directors to attend each annual meeting of the Company's stockholders. All directors attended the annual meeting of stockholders held on May 19, 2005 other than Martin A. Simonetti, who was appointed to the Board of Directors in December 2005.

The Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating & Governance Committee.

Audit Committee

The Audit Committee consists of Directors Klein (Chairperson), Jennings and Simonetti. It held nine meetings in 2005. The Board of Directors has adopted a written charter for the Audit Committee. The charter of the Audit Committee is published on our website at www.labspace.com. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accountants who audit the Company's financial statements. In addition, the role of the Audit Committee is to discuss the scope and results of the audit with the independent registered public accountants, review the Company's interim and year-end operating results with management and the independent registered public accountants, consider the adequacy of the Company's internal accounting controls and audit procedures and pre-approve all engagements with the Company's independent registered public accountants, including both audit and non-audit services. The Audit Committee also reviews and recommends to the Board of Directors any changes that may be required to the Company's business integrity policy (described further under "Code of Ethics").

The Board of Directors has determined that each of Messrs. Klein, Jennings and Simonetti is an "audit committee financial expert" within the meaning of the regulations of the Securities and Exchange Commission.

Audit Committee Report

This Audit Committee Report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into a filing.

The Audit Committee is comprised of three directors and acts under a written charter adopted and approved by the Board of Directors. Each member of the Audit Committee has been determined by our Board of Directors to be an independent director in conformity with the listing standards of the New York Stock Exchange and regulations of the Securities and Exchange Commission.

Management has the primary responsibility for the Company's financial statements and reporting process. The Company's independent registered public accountants are responsible for expressing an

opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles. The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The limitations inherent in the oversight role of a committee of the Board of Directors, however, do not provide the Audit Committee with a basis independent of management and the Company's independent registered public accountants to determine that accounting and financial reporting principles and policies have been appropriately applied by management or that the Company's internal control procedures designed to assure compliance with accounting standards and applicable laws and regulations have been appropriately implemented.

The Audit Committee has reviewed the Company's audited financial statements and has discussed them with management and the independent registered public accountants. The Audit Committee has also discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) and has received from the independent registered public accountants the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has further considered whether the independent registered public accountants' provision of non-audit services to the Company is compatible with the auditors' independence.

The Audit Committee meets with the internal and independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

In reliance on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report filed with the Securities and Exchange Commission on Form 10-K for the year ended December 31, 2005.

AUDIT COMMITTEE

Richard H. Klein, Chairperson

Richard B. Jennings

Martin A. Simonetti

Nominating & Governance Committee

The Nominating & Governance Committee consists of Directors Sudarsky (Chairperson), Jennings and Walton, each of whom has been determined by our Board of Directors to meet the independence criteria of the New York Stock Exchange. The Committee met five times in 2005, and took action on one occasion during 2005 by unanimous written consent. The charter for the Nominating & Governance Committee is published on our website at *www.labspace.com*. The Nominating & Governance Committee is responsible for, among other things, making recommendations to the Board of Directors with respect to corporate governance policies and reviewing and recommending changes to the Company's corporate governance guidelines that have been adopted by the Board of Directors. The Committee also recommends to the Board of Directors candidates for nomination for election as directors of the Company and appointments of directors as members of the committees of the Board of Directors.

The Nominating & Governance Committee considers candidates for director suggested by stockholders for elections to be held at an annual meeting of stockholders. Stockholders can suggest qualified candidates for director by complying with the advance notification and other requirements of the Company's Bylaws regarding director nominations. Director nomination materials submitted in accordance with the Bylaw procedures will be forwarded to the Chairperson of the Nominating & Governance Committee for review and consideration. Director nominees suggested by stockholders will be evaluated in the same manner, and subject to the same criteria, as other nominees evaluated by the Committee. The Committee also considers candidates for director suggested by its members, other directors and management and may from time to time retain a third-party executive search firm to identify director candidates for the Committee.

Generally, once the Nominating & Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate based on information provided to the Committee with the recommendation of the candidate, as well as the Committee's own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is based primarily on the need for additional directors to fill vacancies or expand the size of the Board of Directors and the likelihood that the candidate can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other directors, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the candidate's background and experience and to report its findings to the Committee. The Committee then evaluates the candidate against the standards and qualifications set out in guidelines for director candidates adopted by the Board of Directors, including the nominee's management, leadership and business experience, skill and diversity, such as financial literacy and knowledge of directorial duties, and integrity and professionalism.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board of Directors, the balance of management and independent directors, the need for particular expertise (such as Audit Committee expertise) and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and, if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors and the Board of Directors determines the nominees after considering the recommendation of the Committee.

Compensation Committee

The Compensation Committee consists of Directors Jennings (Chairperson), Walton and Wolf, each of whom has been determined by our Board of Directors to meet the independence criteria of the New York Stock Exchange. It held ten meetings in 2005. The Compensation Committee has the authority to review and approve compensation arrangements, grant annual incentive awards for executive officers and other employees, adopt and amend employment agreements for executive officers and other employees of the Company, and administer the Company's stock option and other incentive plans. The charter for the Compensation Committee is published on our website at www.labspace.com.

Compensation Committee Report on Executive Compensation

This Compensation Committee Report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into a filing.

The Compensation Committee administers the Company's executive compensation programs and is responsible for reviewing and approving the Company's compensation policies and the compensation paid to executive officers. The Committee's charter reflects these responsibilities, and the Committee and the Board periodically review and revise the charter. The Committee's membership is composed entirely of independent directors. The Committee meets at scheduled times during the year, and it also considers and takes action by written consent. In addition to internal resources within the Company, the Committee has the authority to obtain assistance in carrying out its responsibilities by engaging the services of outside advisers. The following is the report of the Compensation Committee to the Board of Directors describing compensation policies and rationales applicable to the Company's executive officers with respect to compensation paid to such officers for 2005.

Compensation Philosophy. Our general compensation philosophy is that total cash compensation should be linked to individual and corporate performance, including the achievement of both financial and non-financial objectives. In addition, long-term equity compensation should be closely aligned with stockholder interests. The Company's compensation program is designed to offer executive officers competitive compensation based on the Company's performance, unique niche, strategy, business model and execution and on the individual's contribution, performance and leadership. The Company's compensation policies are intended to motivate, reward and retain highly qualified executives for long-term strategic management and the enhancement of stockholder value, to support a performance-oriented environment that rewards achievement of specific internal Company goals, and to attract and retain executives whose abilities are critical to the long-term success and competitiveness of the Company.

The three main components in the Company's executive compensation program are:

- Base Salary
- Incentive Bonus
- Stock Incentives

Base Salary. The salaries of Messrs. Marcus and Richardson are established by their respective employment agreements with the Company and are modified as determined by the Compensation Committee. The salaries of other senior executive officers are determined annually by the Compensation Committee with reference to surveys of salaries paid to executives with similar responsibilities at comparable companies. The peer group for each senior executive officer is composed of executives whose responsibilities are similar in scope and content. In general, the Company seeks to set executive compensation levels that are competitive and take into account the unique niche of the Company as well as reflect its performance.

Incentive Bonus. Annual incentive bonuses for executive officers, if any, are intended to reflect the Compensation Committee's belief that a portion of the annual compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each officer.

Stock Incentives. The Company, from time to time, grants restricted stock (the stock incentives), as appropriate, as long-term incentives to motivate, reward and retain executive officers. The Committee, which has responsibility for making grants of stock incentives under the Company's Amended and Restated 1997 Stock Award and Incentive Plan (the 1997 Incentive Plan), believes that stock incentives will focus the executive's attention on the Company from the perspective of an owner with an equity stake in the business. Restricted stock granted to executive officers generally vests over periods of continuous service ranging from two to four years.

Employment Contracts. The Company offers employment contracts to key executives only when it is in the best interest of the Company and its stockholders to attract, motivate and retain such key executives and to ensure continuity and stability of management.

Compensation of Chief Executive Officer and Other Executives. For 2005, the Committee increased Mr. Marcus' salary by 8.0%. The increase reflected the Committee's assessment of his performance in light of the Company's performance in the prior fiscal year and Mr. Marcus' service to the Company. Salary increases for other executive officers effected during 2005 ranged from 5.6% to 13.5%, and were based on similar considerations, including individual performance, position, tenure, experience, expertise, leadership and competitive data in compensation surveys.

Mr. Marcus and other executive officers in good standing may receive a discretionary annual bonus as determined by the Committee. In determining the amounts of such bonuses, the Committee considers the individual performance of each executive and the performance of the Company.

Messrs. Marcus, Richardson and Shigenaga are eligible for cash bonuses and restricted stock awards under the Company's long-term compensation cash and stock-based incentive program adopted by the Compensation Committee. Restricted stock awards paid under this program are made pursuant to the 1997 Incentive Plan and are based on performance that occurs over a period of one fiscal year or less.

Section 162(m) Policy. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of their top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, limited exceptions to Section 162(m) apply with respect to performance-based compensation. Certain awards granted under the 1997 Incentive Plan (namely, stock options with exercise prices of fair market value on the grant date, restricted stock with performance-based vesting criteria, and cash bonuses earned based on performance criteria) are intended to constitute qualified performance-based compensation. The Company will continue to monitor the applicability of Section 162(m) to its ongoing compensation arrangements.

Compensation of Directors

The Company currently pays each of its non-employee directors annual compensation of \$20,000 for services to the Company. In addition, each non-employee director receives fees of \$1,000 for each meeting of the Board of Directors, or committee thereof attended in person and \$500 for each such meeting attended by telephone, and is reimbursed for reasonable expenses incurred to attend such meetings. Directors who chair committees receive the following additional annual fees: Board Chairperson, \$10,000; Audit Committee Chairperson, \$15,000; Compensation Committee Chairperson, \$10,000 and Nominating & Governance Committee Chairperson, \$5,000.

Non-employee directors are also eligible to receive awards of restricted stock under the 1997 Incentive Plan as compensation for their services as directors. In December 2005, the Board of Directors approved a restricted stock grant of 1,200 shares of Common Stock to each non-employee director under the 1997 Incentive Plan. The per share fair market value of the Common Stock on the effective date of the grant was \$80.50. These restricted stock awards will vest in full as of January 1, 2009. In connection with each of the restricted stock grants, each non-employee director was also paid a cash amount equal to \$38,640. Employees of the Company who are also directors do not receive any fees or stock awards for their services as directors.

The Company's Deferred Compensation Plan for Directors (the Directors DC Plan) established in December 2001 permits non-employee directors to elect to defer receipt of their annual compensation, meeting fees and restricted stock awards. The Company did not make any distributions in 2005 under the Directors DC Plan.

Cash Balance Pension Plan

Under our Cash Balance Plan (the Pension Plan), which became effective in 2002, a hypothetical cash balance account is established for each participant for recordkeeping purposes. Each year, a participant's cash balance account is credited with a hypothetical employer contribution and with hypothetical earnings. Hypothetical employer contributions to the Pension Plan for the named executive officers are as follows:

Mr. Marcus, the actuarial present value of one-tenth of the Internal Revenue Code Section 415 maximum benefit limit; Mr. Richardson, \$47,000 and Mr. Shigenaga, \$100. The formula for hypothetical employer contributions for Mr. Marcus results in a contribution of \$169,269 for 2005. Hypothetical earnings are credited at a rate, compounded annually, equal to the rate for 30-year U.S. Treasury securities for the December preceding the applicable calendar year. The rate was 4.86% for 2005. Benefits under the Pension Plan are vested at all times and are payable in the form of a lump sum or a single or joint and survivor annuity upon retirement, death, disability, other termination of employment or attainment of age 62.

The estimated total annual pension payable under the Pension Plan in the form of a single life annuity to the named executive officers if they continue to receive hypothetical employer contributions and hypothetical earnings at current rates and retire at age 62 is as follows: Mr. Marcus, \$668,342; Mr. Richardson, \$202,398; and Mr. Shigenaga, an amount less than \$1,000. Participants also are entitled to receive their benefits in the form of a lump sum.

Employment Agreements

The Company has employment agreements with each of Messrs. Marcus and Richardson.

Mr. Marcus' employment agreement provides that he will serve as the Company's Chief Executive Officer through December 31, 2009, with an annual base salary of not less than \$675,000. Mr. Richardson's employment agreement provides that he will serve as the Company's President through December 31, 2009, with an annual base salary of not less than \$475,000. Each employment agreement provides for automatic one-year extensions until notice is given by the executive or the Company. Each employment agreement provides for an annual bonus consisting of a retention bonus equal to 50% of the executive's base salary and a discretionary bonus based on certain performance criteria. Mr. Marcus also is entitled to a one-time cash signing bonus of \$1,200,000. Mr. Marcus and Mr. Richardson were granted restricted stock awards upon execution of their employment agreement in the amounts of 30,000 shares and 12,500 shares, respectively, of the Company's Common Stock. The restricted stock agreements for these shares will describe a restricted period through December 31, 2007. Mr. Marcus is also entitled to a tax gross up payment, upon vesting of the restricted stock, equal to 40% of the value of the restricted stock not to exceed \$1,000,000 per year.

Mr. Marcus' employment agreement provides that if his employment is terminated by the Company without Cause or by Mr. Marcus for Good Reason (as such terms are defined in the agreement) or is terminated due to Mr. Marcus' death or disability, or if the employment agreement is not renewed at the expiration of its term, he will be entitled to receive the following: (i) any earned and unpaid base salary; (ii) any earned and unpaid bonus; (iii) vested benefits under the Company's employee benefit plans and reimbursable expenses; (iv) any deferred compensation; (v) a pro rata bonus for the portion of the year in which the termination occurs; (vi) a severance payment equal to three times Mr. Marcus' aggregate compensation (unless termination is due to non-renewal of the employment agreement, in which case the severance payment will be equal to three times Mr. Marcus' aggregate compensation); (vii) continued

participation in the Company's welfare and pension benefit plans for the three-year period following the date of termination, or, if earlier, until Mr. Marcus becomes entitled to such benefits through another employer; (viii) payment of full salary in lieu of all accrued vacation; (ix) outplacement services for 180 days following the date of termination (unless termination is due to death or disability); (x) full and immediate vesting of all outstanding and unvested equity or equity-based compensation awards and exercisability of all outstanding stock options for their full terms; and (xi) any other bonus payments which would have been payable except for such termination.

If Mr. Marcus is terminated by the Company for Cause or Mr. Marcus terminates his employment other than for Good Reason, he will become entitled to (i) any earned and unpaid base salary; (ii) any earned and unpaid bonus; (iii) vested benefits under the Company's employee benefit plans and reimbursable expenses; and (iv) any deferred compensation.

Mr. Marcus' employment agreement also provides that upon a Change in Control (as defined in the employment agreement), all of Mr. Marcus' equity or equity-based compensation will vest and all of his outstanding stock options will be exercisable for their full terms.

Mr. Richardson's employment agreement provides that if his employment is terminated for any reason (including by the Company for Cause or by Mr. Richardson without Good Reason, as such terms are defined in the agreement), he will be entitled to receive the following: (i) any accrued and unused vacation; (ii) any earned and unpaid base salary; and (iii) any earned and unpaid bonus.

If Mr. Richardson's employment is terminated by the Company without Cause or by Mr. Richardson for Good Reason or is terminated due to Mr. Richardson's death or disability, then, in addition to the benefits described in the paragraph above, Mr. Richardson will be entitled to receive the following: (i) a severance payment equal to Mr. Richardson's base salary for the remaining term of his employment agreement (but not less than two years of base salary) and Mr. Richardson's target bonus for the fiscal year in which the termination is effective (or, if the target has not been determined, the average of the annual bonuses earned in the two years preceding the date of termination) ("Severance Payment"); and (ii) accelerated vesting of any outstanding equity awards. However, if any such termination by the Company without Cause or by Mr. Richardson for Good Reason occurs after a Change in Control (as defined in the employment agreement), then the amount of Mr. Richardson's Severance Payment will be multiplied by three.

If amounts payable to any of the executives are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, the Company must also pay to the executive an amount sufficient to offset the effects of the excise tax.

The agreement with Mr. Marcus also provides that during his term of employment, and the 12-month period following termination of employment, he will not engage in any activity that is competitive with the business of the Company.

Deferred Compensation Plans

The Company has in place its 2000 Deferred Compensation Plan (the "DC Plan") and its 2000 Venture Investment Deferred Compensation Plan (the "VI Plan"), both of which are unfunded plans designed to permit compensation deferrals for a select group of the Company's management and highly compensated executives.

Eligibility to participate in the DC Plan is limited to employees of the Company who have annual compensation equal to or exceeding \$175,000 and who fall within a select group of management or highly compensated employees for purposes of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants' deferral amounts under the DC Plan are credited or charged, as the case may be, with the investment performance of mutual funds and other publicly-traded securities designated by the

participants. As of December 31, 2005, with the exception of a distribution made to one active participant in 2005, the Company had not paid any amounts under the DC Plan, other than to terminated participants.

Eligibility to participate in the VI Plan is limited to employees of the Company who have annual compensation equal to or exceeding \$150,000, who qualify as accredited investors under the Securities Act of 1933, as amended, and who fall within a select group of management or highly compensated employees for purposes of ERISA. Participants' deferrals of compensation under the VI Plan are credited or charged, as the case may be, based on the performance of certain investments designated by the Company. To the extent that participants' compensation deferrals are not deemed to be invested in such designated investments because they exceed the limits set forth in the VI Plan, such compensation is considered deferred under the DC Plan.

PROPOSAL NUMBER TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has appointed Ernst & Young LLP, which has served as the Company's independent registered public accountants since 1994, to be the Company's independent registered public accountants for the year ending December 31, 2006. Ernst & Young LLP has advised the Company that it does not have any direct or indirect financial interest in the Company. Representatives of Ernst & Young LLP are expected to attend the annual meeting and will be given the opportunity to make a statement if they choose to do so. They will also be available to respond to appropriate questions.

Before appointing Ernst & Young LLP, the Audit Committee carefully considered Ernst & Young LLP's qualifications, including the firm's performance as independent registered public accountants for the Company in prior years and its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee also considered whether Ernst & Young LLP's provision of non-audit services to the Company is compatible with that firm's independence from the Company.

Stockholders will be asked at the annual meeting to ratify the appointment of Ernst & Young LLP. If the stockholders ratify the appointment, the Audit Committee may still, in its discretion, appoint a different independent registered public accounting firm at any time during the year 2006 if it concludes that such a change would be in the best interests of the Company. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider, but not necessarily rescind, the appointment of Ernst & Young LLP.

Fees Billed by Independent Registered Public Accountants

The SEC requires disclosure of the fees billed by the Company's independent registered public accountants for certain services. The following table sets forth the aggregate fees billed by Ernst & Young LLP during the fiscal years ended December 31, 2005 and 2004:

	2005	2004
Fees Billed:		
Audit Fees	\$ 645,000	\$ 673,000
Audit-Related Fees	1,000	2,000
Tax Fees	361,000	303,000
All Other Fees		
Total	\$ 1,007,000	\$ 978,000

Audit Fees include amounts billed to the Company related to the audit of our consolidated financial statements, review of our quarterly financial statements and other services provided in connection with statutory and regulatory filings.

Included in Tax Fees in 2005 is \$311,000 related to tax return preparation and compliance (including cost segregation studies) and \$50,000 of other tax related services. Included in Tax Fees in 2004 is \$254,000 related to tax return preparation and compliance (including cost segregation studies) and \$49,000 of other tax related services.

Audit Committee Pre-Approval Policy

The Audit Committee approves, prior to engagement, all audit and non-audit services provided by Ernst & Young LLP and all fees to be paid for such services. All services are considered and approved on an individual basis. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence.

Required Vote

A majority of the votes cast at the annual meeting will be required to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants for 2006.

The Board of Directors recommends a vote FOR Proposal Number Two.
