Item 1.01 Entry into a Material Definitive Agreement.

DYNAenergetics Purchase Agreement

On November 15, 2007, Dynamic Materials Corporation, a Delaware corporation (the *Company*) entered into a Purchase, Sale and Assignment Agreement (the *Purchase Agreement*) with DYNAenergetics Holding GmbH, a German limited liability company and wholly-owned subsidiary of the Company (the *Purchaser*), Rolf Rospek, Patrick Xylander, Uwe Gessel, OaG Beteiligungs-GmbH, a German limited liability company (collectively the *Sellers*) and Volker Mertens. As further described in Item 2.01, pursuant to the Purchase Agreement, the Company purchased DYNAenergetics, a German-based manufacturer of explosion-welded clad metal plates and oil-field explosives and related hardware. The Purchase Agreement contains customary representations, warranties and covenants, including, among other things, customary indemnification and non-competition obligations from the Sellers.

This summary of the terms of the Purchase Agreement is qualified in its entirety by reference to the agreement which is filed as Exhibit 10.1 to this report.

Credit Agreement

On November 16, 2007, the Company and its wholly owned subsidiary, Dynamic Materials Luxembourg 2 S.à r.l. (*LuxCo*), entered into dollar and euro term and revolving credit facilities with a syndicate of banks led by JPMorgan Chase Bank, N.A. (the *Credit Agreement*). The outstanding principal amounts of the term loans are \$45,000,000 and 14,000,000. The maximum revolving loan commitments are \$25,000,000 and 7,000,000, 50% of which are currently available and no amounts of which are outstanding as of November 19, 2007. The Company expects the full amount of the revolving loan commitments to become available within 30 days following completion of the German registration formalities regarding the DYNAenergetics acquisition.

The proceeds of the loans were used to fund a portion of the cash purchase price under the Purchase Agreement and to pay transaction costs. The initial interest rate on the dollar and euro loans was 6.34% and 5.889%, respectively.

The Credit Agreement contains various representations, warranties and affirmative, negative and financial covenants customary for credit facilities of this type. The negative covenants limit dividends and other restricted payments, liens, acquisitions, disposals, indebtedness, investments, and capital expenditures. The financial covenants include a maximum leverage ratio and a minimum fixed charge coverage ratio. The Credit Agreement also includes events of default customary for credit facilities of this type.

The credit facilities are supported by a pledge of substantially all the assets of the Company and guarantees and share pledges by certain of its subsidiaries.

Edgar Filing: DYNAMIC MATERIALS CORP - Form 8-K

In connection with the Credit Agreement, on November 16, 2007, the Company and LuxCo entered into a letter agreement with JPMorgan Chase Bank, N.A. (the Letter Agreement), pursuant to which the Company and LuxCo agreed to satisfy certain post-closing conditions. The Company has 60 to 120 days to satisfy the remaining conditions, and it expects

to satisfy such conditions within such timeframe. Failure by the Company and LuxCo to satisfy such conditions constitute an event of default under the Credit Agreement.

This summary of the terms of the Credit Agreement and the Letter Agreement is qualified in its entirety by reference to the agreements which are filed as Exhibit 10.2 and Exhibit 10.3 to this report.

The information in Item 2.01 of this report is incorporated into this Item 1.01 by reference.

DYNAWELL also distributes a line of seismic products that support oil and gas exploration activities.

Prior to the transaction, there were no material relationships between the Sellers, on the one hand, and the Company or any of its affiliates, directors, officers, or any associate of such directors or officers, on the other hand.
