**Item 2.05 Costs Associated With Exit or Disposal Activities.**

On July 16, 2008, EXACT Sciences Corporation (the Company) notified eight employees, representing 67% of the Company's workforce, of their termination from the Company, effective August 1, 2008, under a plan of termination described in paragraph 8 of FASB Statement of Financial Accounting Standards No. 146 Accounting For Costs Associated With Exit or Disposal Activities, pursuant to which charges will be incurred under generally accepted accounting principles (the Restructuring). The Restructuring, which was approved by the Company's Board of Directors on July 15, 2008, was initiated in connection with the Company's revised corporate strategy of reducing costs to better preserve existing cash.

The Company estimates that the restructuring charges to be recorded in the third quarter of 2008 in connection with the workforce reduction will range from between \$200,000 and \$400,000 and relate to one-time employee termination benefits, including severance, outplacement and other fringe benefits. These estimated charges will result in future cash expenditures. In addition, the Company could incur additional non-cash restructuring charges in the third quarter of 2008 related to write-downs of fixed assets or other intangible assets after performing the requisite impairment analysis.
