Item 2.02 Results of Operations and Financial Condition.

On May 6, 2014, InVivo Therapeutics Holdings Corp. (the Company) filed a preliminary prospectus supplement with the Securities and Exchange Commission (the SEC) containing the following preliminary unaudited financial results for the quarter ended March 31, 2014:

Preliminary Results for the Quarter Ended March 31, 2014

Although our financial statements as of and for the quarter ended March 31, 2014 are not yet available, the following information reflects our estimates of our results based on currently available information.

For the quarter ended March 31, 2014, we expect to report the following results:

(in millions, except for share and per share amounts)	(Unaudited) Estimated as of 03/31/2014	Reported as of 12/31/2013
<u>Balance Sheet Data</u>		
Cash and cash equivalents	\$ 9.8	\$ 13.9
Total assets	\$ 13.0	\$ 17.1
Total liabilities	\$ 3.9	\$ 4.2
Stockholders' equity	\$ 9.1	\$ 12.9

	(Unaudited) Estimated Three Months Ended 03/31/2014	(Unaudited) Three Months Ended 03/31/2013
<u>Statement of Operations Data</u>		
Research and development	\$ 3.2	\$ 1.2
Total operating expenses	\$ 5.1	\$ 2.8
Derivative loss		\$ (10.4)
Net loss	\$ (5.1)	\$ (13.3)
Net loss per share, basic and diluted	\$ (0.07)	\$ (0.20)

Research and development expenses in the quarter ended March 31, 2014 are expected to increase over the prior year quarter by approximately \$2.0 million, with the increase being primarily attributable to receipt of a settlement on a business interruption claim that was originally recorded as a reduction of research and development expenses, and to a lesser extent, due to increased costs related to hiring of additional personnel. The

derivative loss in the three months ended March 31, 2013 was related to a non-cash expense attributable to an increase in the fair value measurement of derivative warrant liability. The warrants that resulted in the derivative warrant liability were exchanged in the second quarter of 2013 for new warrants that are not accounted for as derivative liabilities.

The Company has not yet finalized its financial information as of or for the quarter ended March 31, 2014. These preliminary results are unaudited and represent the Company's estimates only, and the Company's actual

results could differ materially and adversely from those set forth above as a result of various factors, some of which are listed in the Risk Factors sections of the Company's SEC filings, including, without limitation, its Annual Report on Form 10-K, as amended, for the year ended December 31, 2013. In addition, these factors include, without limitation, the risk that additional information may arise during the Company's close process or as a result of subsequent events that would require the Company to make adjustments to the financial information. Prospective investors should note that additional information on a number of matters will be included in the Company's Quarterly Report on Form 10-Q, including other disclosures associated with the unaudited quarter-end financial results. The preliminary information set forth above should not be regarded as a representation by the Company, its management or its independent registered public accounting firm or any of their respective affiliates, advisers, agents or representatives of the Company's final financial information as of or for the quarter ended March 31, 2014.
