Item 1.01 Entry into a Material Definitive Agreement

As previously disclosed, on January 11, 2016, Arch Coal, Inc. (Arch Coal or we) and certain of its direct and indirect subsidiaries (collectively, the Debtors) filed voluntary petitions for relief under chapter 11 of title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Eastern District of Missouri (the Bankruptcy Court). On September 13, 2016, the Bankruptcy Court entered an order, Docket No. 1324, confirming the Debtors Fourth Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code dated as of September 11, 2016 (the Plan), which order was amended on September 15, 2016, Docket No. 1334. The Plan incorporates by reference certain documents filed with the Bankruptcy Court as part of the Plan Supplement. Capitalized terms used but not defined in this Current Report on Form 8-K (this Report) have the meanings set forth in the Plan.

On October 5, 2016, Arch Coal consummated the transactions contemplated by the Plan, which became effective on that date (the Effective Date). The description of the Plan in this Report is qualified in its entirety by reference to the full text of the Plan, a copy of which is filed as Exhibit 2.2 to Arch Coal s Current Report on Form 8-K filed with the Securities and Exchange Commission (the SEC) on September 14, 2016.

New First Lien Debt Facility

On the Effective Date, pursuant to the Plan and as a condition to its effectiveness, Arch Coal entered into a new senior secured term loan credit agreement in an aggregate principal amount of \$326.5 million (the New First Lien Debt Facility) with Wilmington Trust, National Association, as administrative agent and collateral agent (in such capacities, the Agent) for the lenders party thereto from time to time (collectively, the Lenders). The Lenders are all institutions that previously committed to make loans to Arch Coal under the DIP Credit Agreement (as defined below), and also received shares of Common Stock of Arch Coal pursuant to the Plan and will collectively hold 94% of Arch Coal s Common Stock upon emergence. The New First Lien Debt Facility will mature on the date that is five years after the Effective Date.

Borrowings under the New First Lien Debt Facility bear interest at a per annum rate equal to, at the option of Arch Coal, either (i) a London interbank offered rate plus an applicable margin of 9%, subject to a 1% LIBOR floor (the LIBOR Rate), or (ii) a base rate plus an applicable margin of 8%. Interest payments will be payable in cash, unless the Debtors liquidity after giving effect to the applicable interest payment would not exceed \$300 million, in which case interest will be payable in kind (any such interest that is paid in kind, the PIK Interest). The term loans provided under the New First Lien Debt Facility (the Term Loans) are subject to quarterly principal amortization payments in an amount equal \$816,250. To the extent any interest is paid as PIK Interest on any interest payment date, the amount of the Term Loans in respect of which such PIK Interest is payable will be deemed to have accrued additional interest over the preceding interest period at 1.00%, which additional interest will be capitalized and added to the principal amount of outstanding Term Loans.

The New First Lien Debt Facility are guaranteed by all existing and future wholly owned domestic subsidiaries of Arch Coal (collectively, the Subsidiary Guarantors) and, together with Arch Coal, the Loan Parties), subject to customary exceptions, and is secured by first priority security interests on substantially all assets of the Loan Parties, including 100% of the voting equity interests of directly owned domestic subsidiaries and 65% of the voting equity interests of directly owned foreign subsidiaries, subject to customary exceptions.

Arch Coal has the right to prepay Term Loans at any time and from time to time in whole or in part without premium or penalty, upon written notice, except that any prepayment of Term Loans that bear interest at the LIBOR Rate other than at the end of the applicable interest periods therefor shall be made with reimbursement for any funding losses and redeployment costs of the Lenders resulting therefrom.

Edgar Filing: ARCH COAL INC - Form 8-K

The New First Lien Debt Facility is subject to certain usual and customary mandatory prepayment events, including 100% of net cash proceeds of (i) debt issuances (other than debt permitted to be incurred under the terms of the New First Lien Debt Facility) and (ii) non-ordinary course asset sales or dispositions, subject to customary thresholds, exceptions and reinvestment rights.

The New First Lien Debt Facility also contains customary negative covenants, which, among other things, and subject to certain exceptions, include restrictions on (i) indebtedness, (ii) liens and guaranties, (iii) liquidations,

Forward-Looking Statements

This Report contains forward-looking statements that is, statements related to future, not past, events, including Arch Coal's outlook. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as expects, anticipates, intends, plans, believes, seeks, or will. Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, particular uncertainties arise from changes in the demand for our coal by the domestic electric generation industry; from legislation and regulations relating to the Clean Air Act and other environmental initiatives; from operational, geological, permit, labor and weather-related factors; from fluctuations in the amount of cash we generate from operations; from potential demands for additional collateral for self-bonding; from any potential restructuring we do; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law. For a description of some of the risks and uncertainties that may affect our future results, you should see the risk factors described from time to time in the reports we file with the Securities and Exchange Commission.
