NOTE E - LITIGATION

From time to time, the Company is party to what it believes are routine litigation and proceedings that may be considered as part of the ordinary course of its business. Except for the proceedings noted below, the Company is not aware of any pending litigation or proceedings that could have a material effect on the Company's results of operations or financial condition.

The Company is involved in the following matters:

1. AIRNET COMMUNICATIONS CORPORATION VS AMPLIDYNE, INC.

AirNet filed a complaint in the Circuit Court of the Eighteenth Judicial District of the State of Florida on January 23, 1997 alleging breach of contract. During 2000, the Company settled with AirNet at a cost of \$175,000; \$25,000 is to be paid quarterly over the next two years. The Company has made partial payments of the required quarterly amount. At September 30, 2001, \$95,000 remained unpaid.

-8-

AMPLIDYNE, INC. NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2001

NOTE E - LITIGATION-(CONTINUED)

2. ENS ENGINEERING VS AMPLIDYNE, INC.

The Company is also a defendant in a complaint filed in the United States District Court for the District of New Jersey on May 13, 1998. The complaint alleges breach of contract of a representative agreement between the Company and ENS Engineering of South Korea. The Company reached oral settlement terms and, based upon such oral settlement, the court dismissed the case in the first quarter of 2000. The terms of the oral settlement called for the Company to pay \$85,000 in twelve equal monthly installments, none of which has been paid as of September 30, 2001. The Company has not received any required documents and Releases from ENS.

3. CLASS ACTION LITIGATION

The Company was served with class action complaints on behalf of all purchasers of the Company's common stock and warrants between September 9, 1999 and September 14, 1999. By orders of the District Court for the District of New Jersey, the actions were consolidated and lead plaintiffs were appointed. On or about March 24, 2000, the Company was served with a consolidated and amended class action complaint on behalf of purchasers of the Company's common stock and warrants between September 9, 1999 and September 17, 1999. That complaint alleged that the Company and other individuals violated the federal securities laws by, among other things, the issuance of a press release on September 9, 1999. Although the Company believed that the complaint had no merit and

Edgar Filing: AMPLIDYNE INC - Form 10QSB

vigorously contested it, the Company and the other parties to the class action reached a settlement on May 2, 2001, which was approved by the District Court for the District of New Jersey on August 14, 2001 (which became effective on September 14, 2001) Pursuant to the settlement agreement, a settlement fund consisting of \$750,000 in cash (\$50,000 of which was paid directly by the Company) was established for the benefit of members of the class. In addition, the Company is obligated to issue 324,486 freely tradable shares of its common stock (which was valued at \$500,000 as of May 2, 2001) on behalf of the class members. As of September 30, 2001, the Company had not been given instructions regarding the issuance of such shares. The Company has recorded the cost of the litigation, including a credit to Additional Paid-In Capital for the value of the settlement that has been settled by the issuance of common stock.

-9-

AMPLIDYNE, INC. NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2001

NOTE F - LIQUIDITY

The Company has incurred a loss of \$1,722,459 for the nine months ended September 30, 2001. The Company funded operations during this period primarily from the proceeds from privately placed common and preferred stock and exercise of warrants and options during the fiscal years ended December 31, 2000 and 2001. The Company has also historically funded certain operating expenses through borrowings (in the form of deferring salaries and cash advances) from officers and principal shareholders. The Company has in the past issued its stock in lieu of cash payments for compensation, sales commissions and consulting fees, wherever possible.

Management's plans for dealing with the foregoing matters include:

- Increasing sales of its high speed internet connectivity products through both individual customers and strategic alliances, which are expected to yield higher profit margins;
- Decreasing the dependency on certain major customers by aggressively seeking other customers in the multicarrier amplifier markets;
- Partnering with significant companies to jointly develop innovative products, which has yielded orders with multinational companies to date, and which are expected to further expand such relationships;
- Investigate potential revenue - sharing partnership in other markets, such as the hospitality industry and multi-tenant buildings;
- Reducing costs through a more streamlined operations by using automated machinery to produce components for our products;
- Funding operations in 2001 with the remaining cash that was received from the 2000 and 2001 private placements, possible additional 2001 private placements, and the deferral of payments of officers' salaries, as needed;
- Selling remaining net operating losses applicable to the State of New Jersey, pursuant to a special government high-technology incentive program in order to provide working capital, if possible;

Edgar Filing: AMPLIDYNE INC - Form 10QSB

- Reducing overhead costs and general expenditures if necessary.

NOTE H - RECENT ACCOUNTING PRONOUNCEMENTS

On July 20, 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) 141, Business Combinations, and SFAS 142, Goodwill and Intangible Assets. SFAS 141 is effective for all business combinations completed after June 30, 2001. SFAS 142 is effective for fiscal years beginning after December 15, 2001; however, certain provisions of this Statement apply to goodwill and other intangible assets acquired between July 1, 2001 and the effective date of SFAS 142. Major provisions of these Statements and their effective dates for the Company are as follows:

- all business combinations initiated after June 30, 2001 must use the purchase method of accounting. The pooling of interest method of accounting is prohibited except for transactions initiated before July 1, 2001.

NOTE H - RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

- intangible assets acquired in a business combination must be recorded separately from goodwill if they arise from contractual or other legal rights or are separable from the acquired entity and can be sold, transferred, licensed, rented or exchanged, either individually or as part of a related contract, asset or liability
- goodwill, as well as intangible assets with indefinite lives, acquired after June 30, 2001, will not be amortized. Effective January 1, 2002, all previously recognized goodwill and intangible assets with indefinite lives will no longer be subject to amortization.
- effective January 1, 2002 goodwill and intangible assets with indefinite lives will be tested for impairment annually and whenever there is an impairment indicator
- all acquired goodwill must be assigned to reporting units for purposes of impairment testing and segment reporting.

PART I - FINANCIAL INFORMATION

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS

RESULTS OF OPERATIONS-THREE MONTHS ENDED SEPTEMBER 30, 2001 COMPARED TO THREE MONTHS ENDED SEPTEMBER 30, 2000.

Net sales for the three month period ended September 30, 2001 were \$663,899 while net sales for the three month period ended September 30, 2000 were \$474,128. Sales increased in both the Company's amplifier and wireless internet products. In addition, the period reflected continued deliveries of orders to Harris Corporation and other large OEM's.

Gross profit for the three months ended September 30, 2001 amounted to \$254,515 (38% of sales) compared to (\$90,281) (-19% of sales) for the three months ended September 30, 2001 and 2000, respectively. Gross profit improved in 2001, due to higher profit margins on amplifier products and improvements in the manufacturing process. The wireless internet products also produced some of the gross profit, however, the set-up time to develop manufacturing processes and small order quantities decreased the overall gross profit margin. Further, in the third quarter of 2000, the sales volume was particularly low thereby reducing the opportunity to recover fixed manufacturing costs.

Edgar Filing: AMPLIDYNE INC - Form 10QSB

Selling, general and administrative expenses were \$449,697 and \$454,606 for the three months ended September 30, 2001 and 2000, respectively. Overall the costs have remained relatively unchanged.

Research, engineering, and development costs remained relatively constant for the three months ended September 30, 2001 from the corresponding three month period of 2000.

The interest income decreased for the three months ended September 30, 2001 compared to the corresponding period of 2000. The decrease is due to funds available for short term investment.

As a result of the foregoing, the Company incurred net losses of (\$329,767) or (\$.04) per share and (\$639,962) or (\$.09) per share for the three months ended September 30, 2001 and 2000, respectively.

RESULTS OF OPERATIONS-NINE MONTHS ENDED SEPTEMBER 30, 2001 COMPARED TO NINE MONTHS ENDED SEPTEMBER 30, 2000.

Net sales for the nine month period ended September 30, 2001 were \$1,838,519 while sales for the nine months ended September 30, 2000 were \$1,902,204. Sales decreased due to the Company's decline in the wireless internet products marketplace caused in part by difficulties incurred by customers and potential customers in obtaining funding to build their telecommunications network. In addition, the period reflects continued deliveries of amplifier products to Harris Corporation and other large OEM's.

RESULTS OF OPERATIONS-NINE MONTHS ENDED SEPTEMBER 30, 2001 COMPARED TO NINE MONTHS ENDED SEPTEMBER 30, 2000 - (CONTINUED)

Gross profit for the nine months ended September 30, 2001 amounted to \$679,821 (37% of sales), compared to gross profit of \$167,573 (9% of sales) for the corresponding nine months of 2000. Gross profit improved in 2001, especially in the second and third quarters of 2001 due to higher profit margins on amplifier products and improvements in the manufacturing process. The wireless internet products also produced some of the gross profit, however, the set-up time to develop manufacturing processes and small order quantities decreased the overall gross profit margin.

Selling, general and administrative expenses were \$1,315,607 and \$1,407,292 for the nine months ended September 30, 2001 and 2000, respectively. Overall the costs have remained relatively unchanged.

Research, engineering, and development costs increased by \$59,033 for the first nine months of 2001 from the corresponding nine month period of 2000. This increase was primarily due to increased costs of testing and development of new products.

Stock compensation charges of \$140,000 recorded in 2001 related to the extension of certain outstanding warrants and stock issued to consultants.

The interest income decreased for the first nine months of 2001 compared to the corresponding period of 2000. The decrease is due to a reduction of funds available for short term investment as funds have been used for operations.

Edgar Filing: AMPLIDYNE INC - Form 10QSB

A \$550,000 charge was allocated to the class action lawsuit settlement in May 2001.

As a result of the foregoing, the Company incurred net losses of (\$1,722,459) or (\$.23) per share for the nine months ended September 30, 2001 compared to net losses of (\$1,651,020) or (\$.23) per share for the same period in 2000.

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2001, the Company had cash and cash equivalents of \$1,148,168 principally due to the injection of private placement funds and exercise of warrants in 1999, 2000, and 2001. The Company issued its common stock in lieu of cash payments for compensation, commissions, and consulting fees where possible during 2000 and 2001. This trend is expected to continue in the fourth quarter of 2001.

The Company believes that the net proceeds of the Company's private placements will meet its working capital obligations and fund further development of its business for the next twelve months. However, in order to execute our business plans to expand product offerings and revenue generating opportunities, we will likely require additional working capital. There can be no assurance that any additional financing will be available to the Company on acceptable terms, or at all. See also Note F regarding liquidity matters.
