AMPLIDYNE, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2002

NOTE A - ADJUSTMENTS

In the opinion of management, all adjustments, consisting only of normal recurring adjustments necessary for a fair statement of (a) results of operations for the three month periods ended June 30, 2002 and June 30, 2001, (b) the financial position at June 30, 2002, (c) the statements of cash flows for the three and six month periods ended June 30, 2002 and June 30, 2001, and (d) the changes in stockholders' equity for the six month period ended June 30, 2002 have been made. The results of operations for the six months ended June 30, 2002 are not necessarily indicative of the results to be expected for the full year.

NOTE B - UNAUDITED INTERIM FINANCIAL INFORMATION

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for financial statements. For further information, refer to the audited financial statements and notes thereto for the year ended December 31, 2001, included in the Company's Form 10-KSB filed with the Securities and Exchange Commission on April 15, 2002.

The Company's financial statements have been presented on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The liquidity of the Company has been adversely affected in recent years by significant losses from operations. As further discussed in Note G, the Company incurred losses of \$2,113,580 for the six-month period ended June 30, 2002 and has limited cash reserves, raising substantial doubt as to its ability to continue as a going concern.

Edgar Filing: AMPLIDYNE INC - Form 10QSB

As further discussed in Note G, management is seeking additional financing and intends to aggressively market its products, control operating costs and broaden its product base through enhancements of products. The Company believes that these measures may provide sufficient liquidity for it to continue as a going concern in its present form. Accordingly, the financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amount and classification of liabilities or any other adjustments that might be necessary should the Company be unable to continue as a going concern in its present form.

NOTE C - STOCKHOLDERS' EQUITY

NOTE D - LOSS PER SHARE

The Company complies with the requirements of the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 128, "Earnings per Share" ("SFAS No. 128"). SFAS No. 128 specifies the compilation, presentation and disclosure requirements for earnings per share for entities with publicly held common stock or potential common stock. Net loss per common share - basic and diluted is determined by dividing the net loss by the weighted average number of common stock outstanding.

Net loss per common share - diluted does not include potential common shares derived from stock options and warrants (see Note C) because they are antidilutive.

NOTE E - LITIGATION

From time to time, the Company is party to what it believes are routine litigation and proceedings that may be considered as part of the ordinary course of its business. Except for the proceedings noted below, the Company is not aware of any pending litigation or proceedings that could have a material effect on the Company's results of operations or financial condition.

AMPLIDYNE, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2002

The Company is a party to the following matters:

1. AIRNET COMMUNICATIONS CORPORATION VS AMPLIDYNE, INC.

AirNet filed a complaint in the Circuit Court of the Eighteenth Judicial District of the State of Florida on January 23, 1997 alleging breach of contract. During 2000, the Company settled with AirNet at a cost of \$175,000; \$25,000 is to be paid quarterly over two years. \$95,000 remained unpaid at June 30, 2002.

2. ENS ENGINEERING VS AMPLIDYNE, INC.

The Company was also a defendant in a complaint filed in the United States District Court for the District of New Jersey on May 13, 1998. The complaint alleges breach of contract of a representative agreement between the Company and ENS Engineering of South Korea. The Company reached oral settlement terms and, based upon such oral settlement, the court dismissed the case in the first quarter of 2000. The terms of the oral settlement called for the Company to pay \$85,000 in twelve equal monthly installments, none of which has been paid to date. The Company has not received any required documents and releases from ENS.

3. HIGH GAIN ANTENNA CO., LTD. OF KOREA

The Company (as well as an officer and director of the Company) was a defendant in a complaint brought in the Superior Court of New Jersey, Law Division, Somerset County, by High Gain Antenna Co., Ltd. of Korea in November 2000. The complaint sought damages for an alleged breach of a contract for the repair of certain equipment purchased by plaintiff from a distributor of the Company's products and the Company. A trial commenced on May 7, 2002, and on May 13, 2002, the jury brought in a verdict against the Company for \$400,000. The Company has

Edgar Filing: AMPLIDYNE INC - Form 10QSB

filed a motion in the Law Division for a new trial and, if the motion is denied, to file an appeal of the verdict and judgment to the Superior Court of New Jersey, Appellate Division. The Company, in its appeal, will argue that the verdict was against the weight of the evidence and that the Court made a number of errors of law in the conduct of the trial. Although the Company is confident in its position, it cannot predict the outcome of the motion for a new trial or the outcome on appeal. Failure by the Company to succeed on the motion for a new trial or on appeal will have a material adverse effect on the Company's financial position and prospects.

4. AMPLIDYNE, INC. V. WAYNE FOGEL, DIGITAL COMMUNICATIONS NETWORK, INC. AND INTERNET NETWORK CORPORATION

On May 30, 2002, the Company sued defendants in the Superior Court of New Jersey, Law Division, Sommerset County, seeking, among other things, declaratory relief that the Company is not obligated to pay a finders fee (in connection with the Company's purchase of the Darwin Assets), and that the Company is entitled to monetary damages as a result of defendant's false misrepresentations. On July 10, 2002, the matter was removed to the federal bankruptcy court for the United States District Court of New Jersey. On July 29, 2002, defendants filed a counterclaim seeking \$200,000 in damages as a result of a finders fee agreement. Although the Company is confident in its position, it cannot predict the outcome of the case and any negative outcome may have a material adverse effect on the Company's financial position or prospects.

-8-

AMPLIDYNE, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2002

NOTE F - ASSET ACQUISITION

In January 2002, the Company entered into an agreement to acquire certain assets of Darwin Networks, Inc. ("Darwin") for \$175,000 plus additional contingent payments not to exceed \$340,000. Darwin was in the business of installing and maintaining high-speed Internet structures for hotels and residential properties. The assets acquired included equipment not yet installed as well as completed installations in a specified number of hotel properties. Pursuant to the agreement, the Company has the sole and exclusive right (through July 31, 2002, verbally extended through December 31, 2002) to contact and negotiate with each property to either activate or remove the equipment. After a specified number of locations are successfully negotiated (which are covered in the initial purchase price) the Company may continue to contact additional properties and must pay a specified sum for each successful negotiation up to the \$340,000 maximum. As of August 14, 2002, the Company has successfully negotiated one property and has incurred no liability to pay any additional sums under the contract.

NOTE G - LIQUIDITY

The Company has incurred losses of \$(2,113,580) for the six months ended June 30, 2002. The Company funded operations during this period primarily from the proceeds from privately placed common and preferred stock. Historically, the Company has also funded certain operating expenses through borrowings (in the form of deferring salaries and cash advances) from officers and principal shareholders. The Company has in the past issued its stock in lieu of cash payments for compensation, sales commissions and consulting fees, wherever possible.

Edgar Filing: AMPLIDYNE INC - Form 10QSB

Management's plans for dealing with the foregoing matters include:

Increasing sales of its high-speed Internet connectivity products through both individual customers and strategic alliances;

Decreasing the dependency on certain major customers by aggressively seeking other customers in the multicarrier amplifier markets;

Investigate potential revenue - sharing partnership in other markets, such as the hospitality industry and multi-tenant buildings;

Reducing costs through a more streamlined operation by using automated machinery to produce components for our products;

Obtaining financing through private placements, if possible;

Selling remaining net operating losses applicable to the State of New Jersey, pursuant to a special government high-technology incentive program in order to provide working capital, if possible;

Reducing overhead costs and general expenditures.

AMPLIDYNE, INC.
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2002

PART I - FINANCIAL INFORMATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
 CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

RESULTS OF OPERATIONS - THREE MONTHS ENDED JUNE 30, 2002 COMPARED TO THREE MONTHS ENDED JUNE 30, 2001.

Net sales for the three month period ended June 30, 2002 were \$252,316 while net sales for the three month period ended June 30, 2001 were \$756,948. Sales decreased mainly due to the general business conditions of the telecommunications industry.

Sales of amplifiers were approximately 57% of total sales. The Ampwave high-speed wireless Internet products and broadband solutions accounted for approximately 43% of total sales.

Gross margin for the three months ended June 30, 2002 amounted to a loss of (\$397,462), including an inventory write-down of \$233,995 (loss of 1.6 times sales) compared to \$341,180 (gross profit of 48% of sales) for the three months ended June 30, 2001. Excluding the inventory write-down, the gross margin for the three months ended June 30, 2002 was a loss of (\$163,467) or 64.8% of sales. The decline in gross margin was principally attributable to pricing pressures caused by business conditions in the telecommunications industry. Gross margin decreased from the year ended December 31, 2001 because of lower amplifier sales resulting in higher fixed direct costs and lower margins for the high-speed wireless Internet products.

Selling, general and administrative expenses were \$751,467 and \$472,480 for the three months ended June 30, 2002 and 2001, respectively. The increase of \$278,987 (59%) is mainly due to: an increase in bad debts of approximately \$113,000; and increase in professional fees of approximately \$41,000; an increase in staffing at the sales levels (approximately \$90,000 increase) and; commissions paid to outside sales reps (approximately \$35,000).

Research, engineering, and development costs remained relatively constant for the three months ended June 30, 2002 (\$146,719) compared to the corresponding three month period of 2001 (\$164,912).

The interest income decreased for the three months ended June 30, 2002 compared to the corresponding period of 2001. The decrease is due to a reduction of funds available for short term investment.

As a result of the foregoing, the Company incurred net losses of (\$1,610,800)

or (\$.17) per share and (\$279,499) or (\$.04) per share for the three months ended June 30, 2002 and 2001, respectively.

RESULTS OF OPERATIONS - SIX MONTHS ENDED JUNE 30, 2002 COMPARED TO SIX MONTHS ENDED JUNE 30, 2001.

Net sales for the six month period ended June 30, 2002 were \$756,948 while sales for the six months ended June 30, 2001 were \$1,174,620. Sales decreased due to a decline in the Company's sales of cellular amplifier equipment caused mainly due to the general business conditions of the telecommunications industry.

AMPLIDYNE, INC. JUNE 30, 2002

Gross margin for the six months ended June 30, 2002 amounted to a loss of (\$272,942), including an inventory write-down of \$233,995 (a loss of 36% of sales), compared to \$425,306 gross profit (36% of sales) for the corresponding six months of 2001. Excluding the inventory write-down, the gross margin for the six months ended June 30, 2002 was a loss of (\$38,947) or 5.1% of sales. The decline in gross margin was principally attributable to pricing pressures caused by business conditions in the telecommunications industry. Gross margin decreased from the year ended December 31, 2001 because of lower amplifier sales resulting in higher fixed direct costs and lower margins for the high-speed wireless Internet products.

Selling, general and administrative expenses were \$1,236,800 and \$865,910 for the six months ended June 30, 2002 and 2001, respectively. The increase of \$370,890 (43%) is mainly due to: an increase in bad debts of approximately \$113,000; and increase in professional fees of approximately \$53,000; an increase in staffing at the sales levels (approximately \$101,000 increase); officer salary increases of approximately \$30,000; commissions paid to outside sales reps of approximately \$35,000 and; aggregate other expense increases of \$39,000.

Research, engineering, and development costs remained relatively constant for the six months ended June 30, 2002 (\$290,958) from the corresponding six month period of 2001 (\$301,191).

Equity-based compensation primarily represents the value of the modification of warrants in 2001.

The Company has provided the cost of the lawsuit by High Gain Antenna Co., Ltd. of Korea (see note E-3) jury verdict of \$400,000 in the quarter ended June 30, 2002.

As a result of the foregoing, the Company incurred net losses of (\$2,113,580) or (\$.23) per share and (\$1,392,692) or (\$.19) per share for the six months ended June 30, 2002 and 2001, respectively.
