Other Operative Agreements

The following summaries of the Registration Rights Agreement, Lock-Up Agreements and Stockholders Agreement are not intended to be complete, and this Schedule 13D does not purport to amend, qualify or in any way modify such agreements. The Registration Rights Agreement, form of Lock-Up Agreement (for continuing investors), form of Lock-Up Agreement (for directors and management) and Stockholders Agreement, copies of which are respectively attached hereto as Exhibits 10, 11, 12 and 13, are incorporated herein by reference, and the summaries contained herein are qualified in their entirety by reference thereto.

Registration Rights Agreement

On November 6, 2014, the Issuer entered into a Registration Rights Agreement with several entities and individuals, including the Otto Family Members and AROSA (the “Registration Rights Agreement”). Under the Registration Rights Agreement, the Holders (as defined therein), which include the Otto Family Members and AROSA, have the right to cause the Issuer to register with the Commission for resale the shares of Common Stock received from time to time, defined therein as the “Registrable Securities,” and including the shares of Common Stock received by the Otto Family Members and AROSA in the Formation Transactions and, with respect to Ms. Otto and Ms. Otto-Bernstein, the concurrent private placement. Pursuant to the terms of the Registration Rights Agreement, beginning 14 months after the closing date of the IPO, the parties thereto will have the right to demand that the Issuer register the resale and/or facilitate an underwritten offering of their Registrable Securities; provided that the demand relates to Registrable Securities having a market value of at least \$40 million and that such parties may not make more than two such demands in any consecutive 12-month period. In addition, beginning 14 months after the closing date of the IPO, upon the request of one or more parties owning at least 1.0% of the total outstanding Common Stock of the Issuer, the Issuer has agreed to file a shelf registration statement registering the offering and sale of such parties’ Registrable Securities on a delayed or continuous basis, or a resale shelf registration statement, and maintain the effectiveness of the resale shelf registration statement for as long as the securities registered thereunder continue to qualify as Registrable Securities under the Registration Rights Agreement. The Issuer has the right, subject to certain limitations, to delay any demand for an underwritten offering by the parties thereto in the event that the Issuer intends to effect its own underwritten offering, and the Registration Rights Agreement does not provide the parties with any piggyback registration rights. The Issuer will bear all expenses incident to registering the shares, except such expenses shall not include any transfer taxes, underwriting, brokerage or similar fees, discounts or commissions or out-of-pocket expenses incurred by the parties exercising their registration rights. The Registration Rights Agreement also includes customary cross-indemnification provisions relating to liabilities under the applicable securities laws incurred in connection with the registration of any Registrable Securities. Any party to the agreement may transfer its rights to one or more members of the Otto family, any trust or family foundation established in favor of such individuals and entities owned and controlled by members of the Otto family. The Registration Rights Agreement will terminate when the Registrable Securities all may be sold under Rule 144 within 90 days and constitute less than the lesser of 5.0% of the total outstanding shares of Common Stock or \$40 million (based on the average Market Value, as defined therein, over a period of 10 consecutive trading days).

Lock-Up Agreements

Pursuant to certain agreements by and between the Reporting Persons and the underwriters of the IPO (the “Lock-up Agreements”), the Reporting Persons have each agreed not to, directly or indirectly, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant for the sale of, lend or otherwise dispose of or transfer any Common Stock or securities convertible into or exercisable or exchangeable for Common Stock, including common units, (ii) enter into any swap or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, any of the economic consequences of ownership of Common Stock or securities convertible into or exercisable or exchangeable for Common Stock, including common units, (iii) exercise any rights with respect to the registration of any of the locked-up securities, or (iv) file, or cause to be filed,

any registration statement under the Securities Act with respect to the locked-up securities, in each case, during a period of 180 days from the date of the Prospectus. The foregoing lock-up provision applies to Common Stock and to securities convertible into or exchangeable or exercisable for or repayable with Common Stock, including common units. Subject to exceptions for certain continuing investors, it also applies to Common Stock owned now or acquired later by the person executing the Lock-up Agreement or for which the person executing the Lock-Up Agreement later acquires the power of disposition.

Stockholders Agreement

The Issuer entered into a stockholders agreement with the Otto Family Members, dated November 6, 2014, which provides the Otto Family Members and their permitted assignees with the right, collectively, to designate up to three director nominees to the Board of Directors of the Issuer (the “Stockholders Agreement”). The number of director nominees that the Otto Family Members and their permitted assignees have the right to designate may be reduced in the future, as follows, based on reductions in the percentage of the total outstanding shares of Common Stock owned by (i) the Otto Family Members, (ii) their lineal descendants or (iii) the entities they own or control collectively following the closing of the IPO (collectively, the “Related Otto Parties”):

from and after the time that the shares of Common Stock owned by the Related Otto Parties has been 3.25% less of the total outstanding Common Stock of the Issuer than the initial Otto family ownership percentage following the closing of the IPO for a period of 12 consecutive months, the number of director nominees that the Otto Family Members and their permitted assignees will have the right to designate will be reduced to two;

from and after the time that the shares of Common Stock owned by the Related Otto Parties has been 6.50% less of the total outstanding Common Stock of the Issuer than the initial Otto family ownership percentage following the closing of the IPO for a period of 12 consecutive months, the number of director nominees that the Otto Family Members and their permitted assignees will have the right to designate will be reduced to one; and

from and after the time that the shares of Common Stock owned by the Related Otto Parties has been 9.75% less of the total outstanding Common Stock of the Issuer than the initial Otto family ownership percentage following the closing of the IPO for a period of 12 consecutive months, the rights to designate director nominees under the Stockholders Agreement will cease, and the Stockholders Agreement will terminate.

The initial Otto family ownership percentage, approximately 14.8%, is based on the shares of Common Stock received in the Formation Transactions by the Related Otto Parties. Other than transfers or assignments with other Related Otto Parties, each of the Related Otto Parties does not have the right to transfer or assign any rights under the Stockholders Agreement without the consent of a majority of the directors that are not affiliated with the Related Otto Parties.

Communications

As a result of the Reporting Persons' ongoing review and evaluation of the business of the Issuer, the Reporting Persons may communicate with other members of the Issuer's Board of Directors, members of the Issuer's management and/or other stockholders of the Issuer from time to time with respect to operational, strategic, financial or governance matters or otherwise work with management and the Issuer's Board of Directors to create stockholder value.

Plans or Proposals

Other than as described in this Item 4, the Reporting Persons do not have any current plans or proposals that relate to or that would result in any of the transactions or other matters specified in clauses (a) through (j) of Item 4 of Schedule 13D; provided that each of the Reporting Persons may, at any time, review or reconsider his, her or its position with respect to the Issuer and reserve the right to develop such plans or proposals.

Item 5. Interests of Securities of the Issuer.

(a-b) The information set forth in Item 4 is incorporated by reference.

All calculations of percentages of beneficial ownership in this Item 5 and elsewhere in this Schedule 13D are based on the 211,897,023 shares of Common Stock issued in the initial public offering, the formation transactions and the concurrent private placements, all as provided in the Prospectus and the Issuer's Form 8-K, dated as of November 18, 2014, which includes (a) 131,000,000 shares of Common Stock issued in the IPO, (b) 57,327,026 shares of Common Stock issued in connection with the formation transactions described in the Prospectus, (c) 3,914,283 shares of Common Stock issued in connection with the concurrent private placements, (d) 5,714 shares of restricted stock granted to a non-employee director concurrently with the completion of the IPO and (e) 19,650,000 shares of Common Stock issued in connection with the exercise in full of the underwriters' option to purchase an additional 19,650,000 shares of Common Stock from the Issuer to cover over-allotments in the IPO, and which excludes (i) 1,500,000 shares underlying options granted to the Issuer's executive officers and other employees prior to or concurrently with the completion of the IPO, (ii) shares available for future issuance under the Issuer's 2014 Equity Incentive Plan and (iii) 51,752,973 shares of the Issuer's common stock that may be issued, at the Issuer's option, upon exchange of 46,810,117 common units in the operating partnership to be issued in the formation transactions and 4,942,856 common units in the operating partnership that, subject to the satisfaction of certain conditions, are issuable upon conversion of 4,942,856 LTIP units to be granted to the Issuer's executive officers, non-employee directors and employees concurrently with the completion of the IPO – all as described in the Prospectus.

By virtue of the various agreements and arrangements among the Reporting Persons described in this Schedule 13D, the Reporting Persons may be deemed to constitute a “group” within the meaning of Section 13(d)(3) under the Act and Rule 13d-5(b)(1) thereunder, and each member of the “group” may be deemed to beneficially own all shares of Common Stock held by all members of the “group.” Accordingly, each of the Reporting Persons may be deemed to beneficially own 33,115,587 shares of Common Stock, constituting beneficial ownership of 15.6% of the shares of the Common Stock.
