Dear Novavax Stockholder:

You are cordially invited to our Annual Meeting of Stockholders on Thursday, June 9, 2016, beginning at 8:30 a.m., local time, at Novavax offices located at 9920 Belward Campus Drive, Rockville, Maryland 20850. We are pleased to also provide a copy of our 2015 Annual Report to Stockholders with this proxy statement.

Your vote is important, and we hope you will be able to attend the Annual Meeting. You may vote over the Internet, by telephone, or, if you requested printed proxy materials, by mailing a proxy card or voting instruction form. Please review the instructions on each of your voting options described in this proxy statement. Also, please let us know if you plan to attend our Annual Meeting by marking the appropriate box on the proxy card, if you requested printed proxy materials, or, if you vote by telephone or over the Internet, by indicating your plans when prompted.

We look forward to seeing you there.

Very truly yours,

Stanley C. Erck
President and Chief Executive Officer

**PROXY STATEMENT
For the Annual Meeting of Stockholders
To Be Held on Thursday, June 9, 2016**

INFORMATION CONCERNING THE ANNUAL MEETING

This Proxy Statement (Proxy Statement) is being furnished to stockholders in connection with the solicitation of proxies by the Board for use at the 2016 Annual Meeting of Stockholders (the Annual Meeting) to be held on Thursday, June 9, 2016 at 8:30 a.m. local time at the Company s offices located at 9920 Belward Campus Drive, Rockville, Maryland 20850 and at any adjournments or postponements thereof. This Proxy Statement, the form of proxy, and the Company s Annual Report on Form 10-K for the fiscal year ended December 31, 2015 (the Annual Report) are being made available via the Internet and, upon request, will be mailed to our stockholders on or about April 29, 2016.

Why am I receiving these materials?

The Company has made these proxy materials available to you on the Internet or, upon your request, has delivered print versions of these proxy materials to you by mail, in order to provide you with information regarding the matters on which you may vote at the Annual Meeting. You are invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement.

Can I access the materials on the Internet instead of receiving paper copies?

Yes, stockholders may access the Proxy Statement and the Annual Report via the Internet and vote online at www.envisionreports.com/NVAX. On or about April 29, 2016, a Notice of Internet Availability of Proxy Materials (the Notice) was mailed to stockholders of record as of the close of business on the Record Date. We are furnishing our proxy materials to our stockholders on the Internet in lieu of mailing a printed copy of our proxy materials. You will not receive a printed copy of our proxy materials unless you request one. If you would like to receive a printed or electronic copy of the proxy materials, free of charge, you should follow the instructions for requesting such materials in the Notice. The Notice instructs you as to how you may access and review on the Internet all of the important information contained in these proxy materials or request a printed copy of those materials. The Notice also instructs you as to how you may vote your proxy.

The Company encourages stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of printing and mailing annual meeting materials.

What is householding and how does it affect me?

The Company has adopted the process called householding for mailing annual meeting materials to stockholders who share the same address. Such stockholders will have received a notice from their bank, broker, or other holder of record, indicating that they will receive only one copy of this Proxy Statement and Annual Report.

If you own your shares through a bank, broker, or other holder of record and wish to either stop or begin householding, you may do so, or you may request a separate copy of this Proxy Statement and Annual Report, either by contacting your bank, broker, or other holder of record at the telephone number or address provided in the above referenced notice, or contacting Novavax by telephone at (240) 268-2000 or in writing to Novavax, Inc., 20 Firstfield Road, Gaithersburg, Maryland 20878, Attention: Corporate Secretary. If you request to begin or stop householding, you should provide your name, the name of your broker, bank, or other record holder, and your account information.

TABLE OF CONTENTS

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will vote on the following matters:

To elect three directors as Class III directors to serve on the Board, each for a three-year term expiring at the 2019 Annual Meeting of Stockholders;

To approve an amendment and restatement of the 2015 Stock Plan and to increase the number of shares of the Company's Common Stock available for issuance thereunder by 6,000,000 shares;

To approve an amendment and restatement of the ESPP and to increase the number of shares of the Company's Common Stock available for issuance thereunder by 1,000,000 shares;

To ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016; and

To transact such other business that may properly come before the Annual Meeting or any adjournments or postponements thereof.

In addition, management will report on the Company's performance during fiscal year 2015 and respond to questions from stockholders.

Who is entitled to vote?

The only class of stock of the Company entitled to vote at the Annual Meeting is its Common Stock. Only the record holders of shares of Common Stock at the close of business on the Record Date may vote at the Annual Meeting. On the Record Date, there were 270,778,671 shares of Common Stock outstanding and entitled to be voted. Each share entitles the holder to one vote on each of the matters to be voted upon at the Annual Meeting.

What is the quorum requirement for the Annual Meeting?

The presence in person or by proxy of the holders of a majority of the shares of Common Stock issued and outstanding on the Record Date and entitled to vote is required to constitute a quorum at the Annual Meeting. If a quorum is not present, the stockholders entitled to vote who are present in person or represented by proxy at the Annual Meeting have the power to adjourn the Annual Meeting until a quorum is present, without notice other than an announcement at the Annual Meeting, so long as such adjournment is less than 30 days and a new record date is not fixed. At any adjourned meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally scheduled. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. A broker non-vote occurs when a broker or other nominee who holds shares represented by a proxy has not received voting instructions with respect to a particular item and does not have discretionary authority to vote such shares on the item.

How do I vote?

You may vote using any of the following methods:

Proxy card or voting instruction card. You may vote by filling out the proxy card or voting instruction form (if received by mail) and returning it in the envelope provided.

By telephone or the Internet. You may vote by calling 1-800-652-VOTE (8683) or visiting the website www.envisionreports.com/NVAX. The telephone and Internet voting procedures established by the Company for stockholders are designed to authenticate your identity, to allow you to give your voting instructions and to confirm

that these instructions have been properly recorded. The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank, or nominee. Therefore, we recommend that you follow the voting instructions in the materials you receive.

2

TABLE OF CONTENTS

In person at the Annual Meeting. All stockholders may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank, or nominee and present it to the inspector of election with your ballot when you vote at the meeting.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Stockholder of Record. If your shares are registered directly in your name with the Company's transfer agent, Computershare, Inc., you are considered the stockholder of record with respect to those shares, and the proxy materials were sent directly to you by the Company.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name. As a beneficial owner, you have the right to instruct your broker, bank, trustee, or nominee how to vote your shares.

How does discretionary voting authority apply?

All properly executed proxies will be voted in accordance with the instructions of the stockholder. If you are a stockholder of record and you sign and return a proxy card without giving specific instructions, then the persons named as proxy holders, Stanley C. Erck and Barclay A. Phillips, will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting, including any floor proposals.

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the rules and interpretations of the NASDAQ and the New York Stock Exchange, which generally govern this issue regardless of the exchange on which the company is listed, non-routine matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, equity compensation matters, and the election of directors, even if they are not contested.

Most brokers are permitted to vote your shares only with respect to the ratification of the appointment of Ernst & Young LLP as the Company's independent auditor for the year ending December 31, 2016, even if they do not receive instructions from you in a timely manner, so long as they hold your shares in their name and have requested your instructions. Brokers do not have authority, discretionary or otherwise, to vote your shares for the election of directors or the increase of authorized shares under our equity incentive plan and ESPP unless they receive proper instructions to do so from you in a timely manner.

In order to minimize the number of broker non-votes, the Company encourages you to vote or to provide voting instructions with respect to each proposal to the organization that holds your shares by carefully following the instructions provided in the proxy card or voting instruction form.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Can I change my vote after I have voted?

Stockholders may revoke proxies at any time before they are exercised at the Annual Meeting by (a) signing and submitting a later-dated proxy to the Secretary of the Company; (b) delivering written notice of revocation to the Secretary of the Company; or (c) voting in person at the Annual Meeting. Attendance at the Annual Meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the Annual Meeting that the stockholder intends to revoke the stockholder's proxy and vote in person.

Where can I find the voting results of the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. The Company will publish the final voting results in a Current Report on Form 8-K, which the Company is required to file with the Securities and Exchange Commission (SEC) within four business days following the Annual Meeting.

Who bears the cost of solicitation of proxies?

The Company will bear the cost of soliciting proxies. In addition to solicitations by mail, the Company's directors, officers, and regular employees may, without additional remuneration, solicit proxies in person, by telephone, or by electronic transmission and/or facsimile transmission. The Company may also utilize the assistance of third parties in connection with our proxy solicitation efforts, and will compensate such third parties for their efforts. The Company has retained Georgeson Inc., to assist in the solicitation of proxies and provide related advice and informational support, for a services fee and the reimbursement of expenses that are not expected to exceed \$16,300 in the aggregate. The Company will also request brokerage houses, custodians, nominees and fiduciaries or other similar organizations to forward copies of the proxy materials to those persons for whom they hold shares and request instructions for voting the proxies. The Company will reimburse such brokerage houses, custodians, nominees and fiduciaries or other similar organizations for their reasonable expenses in connection with this distribution.

PROPOSAL NO. 1

ELECTION OF CLASS III DIRECTORS

Pursuant to the Company's charter, the Board may consist of no fewer than three directors, with the specific number to be authorized by the Board from time to time at its discretion. The Board is presently authorized to consist of eight members, and currently includes the following seven individuals: Gail K. Boudreaux, Richard H. Douglas, Ph.D., Stanley C. Erck, Gary C. Evans, Michael A. McManus, Jr., J.D., Rajiv I. Modi, Ph.D., and James F. Young, Ph.D. Mr. John O. Marsh, Jr., J.D. resigned from the Board effective June 12, 2014, and the Board bestowed upon Mr. Marsh the honorary title of Director Emeritus.

The members of the Company's Board are divided into three classes, designated as Class I, Class II, and Class III, each serving staggered three-year terms. The term of the Class III directors expires at the Annual Meeting. The terms of the Class I and Class II directors will expire at the 2017 and 2018 Annual Meetings of Stockholders, respectively. A director of any class who is elected by the Board to fill a vacancy resulting from an increase in the number of directors holds office for the remaining term of the class to which he or she is elected. A director who is elected by the Board to fill a vacancy arising in any other manner holds office for the remaining term of his or her predecessor. Directors elected by the stockholders at an annual meeting to succeed those whose terms expire at such meeting are of the same class as the directors they succeed and are elected for a term to expire at the third annual meeting of stockholders after their election and until their successors are duly elected and qualified.

In the event of any increase or decrease in the authorized number of directors, the newly created or eliminated directorships must be apportioned by the Board among the three classes so as to ensure that no one class has more than one director more than any other class, unless otherwise determined by a resolution of the Board. However, existing directors cannot move across classes and, therefore, the number of directors in each class may become temporarily imbalanced.

Nominees for Election as Class III Directors

After recommendation by the Nominating and Corporate Governance Committee, the Board has designated Ms. Boudreaux, Mr. McManus, and Dr. Young as nominees for election as Class III directors of the Company at the Annual Meeting. If elected, each such nominee will serve until the expiration of his or her term at the 2019 Annual Meeting of Stockholders and until his or her successor is elected and qualified. Ms. Boudreaux, Mr. McManus, and Dr. Young have consented to being named in this Proxy Statement and to serve if elected. The Board has no reason to believe that Ms. Boudreaux, Mr. McManus, and Dr. Young will be unable or unwilling to serve if elected. If any nominee becomes unavailable to serve as a director, the persons named in the proxy will vote the proxy for a substitute nominee or nominees as they, in their discretion, shall determine.

experience as a chief executive officer of a public company, his significant experience in governance, legal, and risk management, and reading and understanding financial statements.

Gary C. Evans	Age: 58	Year First Elected Director: 1998
	Gary C. Evans presently serves as Chairman of the Board and Chief Executive Officer of Magnum Hunter Resources Corporation, a Dallas based oil and gas exploration and production company specializing in unconventional resource plays predominately in the Appalachian Basin. Mr. Evans is also President and CEO of Eureka Hunter Holdings, LLC, a mid-stream gas gathering company transporting and managing up to 1 BCF of daily natural gas volumes from production in West Virginia and Ohio on approximately 200 miles of pipe. He has held these positions since May 2009. Mr. Evans previously founded and served as the Chairman and Chief Executive Officer of Magnum Hunter Resources Inc. (MHRI), a NYSE listed company, for twenty years before selling MHRI to Cimarex Energy for approximately \$2.2 billion in June 2005. Later that year, Mr. Evans formed Wind Hunter Energy, LLC, a renewable energy company which was subsequently acquired in December 2006 by GreenHunter Energy, Inc., an emerging water resource company focusing on oil field water management and clean water technologies active in the Marcellus and Utica resource plays in Appalachia. Mr. Evans has served as Chairman and Chief Executive Officer of GreenHunter Energy, Inc. since December 2006 and is currently Chairman and Interim CEO. Mr. Evans was recognized by Ernst & Young as the Southwest Area 2004 Entrepreneur of the Year for the Energy Sector and was subsequently inducted into the World Hall of Fame for Ernst & Young Entrepreneurs. Mr. Evans was recognized as the Energy Industry Leader of the year in 2013. He speaks regularly at energy industry conferences around the world on the current affairs of the oil and gas industry with a specialty in the	

unconventional shale business.

Other Directorships:

Mr. Evans serves as a member of the boards of Magnum Hunter Resources Corporation (MHRCQ) and GreenHunter Energy, Inc. (GRH). Mr. Evans serves as an Individual Trustee of TEL Offshore Trust, a publicly listed oil and gas trust, and on the Board of the Maguire Energy Institute at Southern Methodist University.

Skills/Qualifications:

We believe that Mr. Evans is well-suited to serve on our Board due to his entrepreneurial experience in the development of a number of companies as well as his extensive leadership experience and his aptitude for reading and understanding financial statements.

FOR PROPOSAL 1, THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES.

TABLE OF CONTENTS

INFORMATION REGARDING THE BOARD AND CORPORATE GOVERNANCE MATTERS

On March 15, 2016, the Board determined, upon a recommendation by the Nominating and Corporate Governance Committee, that, with the exception of Dr. Modi and Mr. Erck, all of the members of the Board are independent directors, as that term is defined in the NASDAQ listing standards. Mr. Erck is currently the President and Chief Executive Officer of the Company. Dr. Modi is not an independent director due to his interest in Cadila and the joint venture it has with the Company, as described in the section titled Certain Relationships and Related Transactions.

During 2015, the Board met six (6) times and acted by written consent in lieu of a meeting two (2) times. In addition, the non-employee directors met six (6) times in executive session during the same period. Each of the directors attended at least 75% of the aggregate of the total number of meetings of the Board they were eligible to attend and the total number of meetings held by all committees on which they served.

Recognizing that director attendance at the Company's annual meetings of stockholders provides stockholders with an opportunity to communicate with members of the Board, Novavax strongly encourages (but does not require) members of the Board to attend such meetings. All members of the Board attended the 2015 Annual Meeting of Stockholders.

Leadership Structure and Risk Oversight

The Board has elected to separate the roles of Chief Executive Officer and Chairman of the Board. On April 19, 2011, Mr. Erck was elected to the role of President and Chief Executive Officer and Dr. Young was elected as Chairman of the Board. Mr. Erck had served as Executive Chairman from February 2010 until April 19, 2011. Before being elected as Chairman of the Board, Dr. Young had served as a member of the Board from April 2010 until April 19, 2011.

The Chief Executive Officer and Chairman work closely together to execute the strategic plan of the Company. The Chairman mentors and advises the senior scientific team, provides an extensive network of contacts, and reports regularly to the Board. The Company believes that the combination of Mr. Erck as the President and Chief Executive Officer and Dr. Young as the Chairman of the Board is an effective leadership structure for the Company. The additional avenues of communication between the Board and management associated with having Dr. Young serve as Chairman provides the basis for the proper functioning of the Board and its oversight of management.

Management of the Company is primarily responsible for managing the risks Novavax faces in the ordinary course of operating the business. The Board actively oversees potential risks and risk management activities by receiving operational and strategic presentations from management, which include discussions of key risks to the business. In addition, the Board has delegated risk oversight to each of its key committees within their areas of responsibility. For example, the Audit Committee assists the Board in its risk oversight function by reviewing and discussing with management the system of disclosure controls and internal controls over financial reporting and discusses the key risks facing the Company and the processes or actions being taken to mitigate those risks. The Nominating and Corporate Governance Committee assists the Board in its risk oversight function by periodically reviewing and discussing with management important compliance and quality issues. The Compensation Committee assists the Board in its risk oversight function by overseeing strategies with respect to incentive compensation programs and key employee retention issues. The Board committees are chaired by independent directors and, at each Board meeting, each of the committee chairs delivers a report to the full Board on the activities and decisions made by the committees at recent meetings. There is also a significant amount of cross-over with respect to the membership of the various

committees, allowing information to flow freely outside of a full board meeting.

TABLE OF CONTENTS**Board Committees**

The Board currently has three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. In addition to the descriptions below, please refer to the Compensation Committee Report and the Audit Committee Report included in this Proxy Statement. The members of the committees are shown below.

Audit Committee

Each Audit Committee member is a non-employee director, as defined by Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act), outside director, as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and an independent director, as defined by the listing standards of the NASDAQ. The Board has determined that each of Mr. McManus and Mr. Evans qualifies as an audit committee financial expert as that term is defined by the rules and regulations of the SEC, and is financially sophisticated as required by the listing standards of the NASDAQ. During 2015, the Audit Committee met five (5) times and did not act by written consent in lieu of a meeting.

The Audit Committee acts pursuant to a written charter as adopted by the Board. A current copy of the charter is available on the Company's website at www.novavax.com. The Audit Committee reviews and evaluates the charter annually to ensure its adequacy and accuracy, and is charged with performing an annual self-evaluation with the goal of continuing improvement. In 2015, the Audit Committee approved its charter in its current form.

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the work of any independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. To this end, the Audit Committee meets with the Company's independent registered public accounting firm to discuss the scope and results of its examination and reviews the financial statements and reports contained in the Company's periodic and other filings. The Audit Committee also reviews the adequacy and efficacy of the Company's accounting, auditing and financial control systems, as well as the Company's disclosure controls and procedures; monitors the adequacy of the Company's accounting and financial reporting processes and practices; and considers any issues raised by its members, the Company's independent registered public accounting firm and the Company's employees. To assist in carrying out its duties, the Audit Committee is authorized to investigate any matter brought to its attention, retain the services of independent advisors (including legal counsel, auditors, and other experts), and receive and respond to concerns and complaints relating to accounting, internal accounting controls, and auditing matters. The Audit Committee regularly meets with both the Company's management and its independent auditor collectively and, at times, independently and

without the other present, and meets in executive session without management or the independent auditor present.

Compensation Committee

Each Compensation Committee member is a non-employee director, as defined by Rule 16b-3 of the Exchange Act, outside director, as defined in Section 162(m) of the Code (Section 162(m)), and an independent director, as defined by the listing standards of the NASDAQ, including the heightened standards that apply to compensation committee members. The Compensation Committee is tasked with

meeting at least four times during the year, and more frequently, if necessary. During 2015, the Compensation Committee met five (5) times and did not act by written consent in lieu of a meeting.

The Compensation Committee acts pursuant to a written charter, a current copy of the charter is available on the Company's website at www.novavax.com. The Compensation Committee reviews and evaluates the charter annually to ensure its adequacy and accuracy. In 2015, the Compensation Committee approved its charter in its current form.

The Compensation Committee reviews and recommends salaries and other compensatory benefits for the employees, executive officers, and directors of Novavax. The Compensation Committee also recommends actions to administer the Company's equity incentive plans and recommends stock option grants and other awards for employees, executive officers, and directors of Novavax.

As set forth in its charter, the Compensation Committee's authority and responsibilities include but are not limited to:

providing advice and guidance with respect to the Company's compensation strategy and philosophy;
evaluating and providing recommendations regarding executive compensation programs tied to the strategic and financial objectives of the Company and which will motivate and incentivize executives by tying their compensation to the Company's performance and stockholder returns;
reviewing and recommending to the Board the goals and objectives relevant to the compensation of the Company's Chief Executive Officer, annually evaluating the Chief Executive Officer's performance, and recommending to the independent members of the Board the Chief Executive Officer's total compensation package;
annually reviewing and making recommendations regarding executive officers and senior management compensation;
and
evaluating and making recommendations annually regarding the appropriate level and form of compensation for members of the Board and its committees.

The Compensation Committee has the authority to engage independent compensation consultants or advisors, as it may deem appropriate in its sole discretion, and to approve related fees and retention terms of such consultants or advisors.

The Compensation Committee routinely holds meetings, some of which management attends, as well as executive sessions without management, where compensation is discussed. The chair of the Compensation Committee is responsible for leadership of the Compensation Committee and sets meeting agendas.

The Compensation Committee may request that any executive officer or employee of the Company, outside counsel, or consultant attend Compensation Committee meetings or confer with any members of, or consultants to, the Compensation Committee. The Compensation Committee is supported in its efforts by the Company's Legal and Human Resources teams, to which the Compensation Committee delegates authority for certain administrative functions. The Chief Executive Officer gives performance assessments and compensation recommendations for each executive officer of the Company (other than himself). The Chairman gives performance assessments and compensation recommendations for the Chief Executive Officer. The Compensation Committee considers the Chief Executive Officer's and the Chairman's recommendations and the information provided by the Human Resources team in its deliberations regarding executive compensation and sets the compensation of the executive officers based on such deliberations and recommends that the Board ratify such compensation. The Chief Executive Officer and the Vice President, Human Resources and Administration generally attend Compensation Committee meetings but are not present for executive sessions or any discussion of their own compensation.

Nominating and Corporate Governance Committee

Each Nominating and Corporate Governance Committee member is an independent director, as defined by the listing standards of the NASDAQ. During 2015, the Nominating and Corporate Governance Committee met five (5) times and acted by written consent in lieu of a meeting once.

TABLE OF CONTENTS

The Nominating and Corporate Governance Committee acts pursuant to a written charter, a current copy of the charter is available on the Company's website at www.novavax.com. The Nominating and Corporate Governance Committee reviews and evaluates the charter annually to ensure its adequacy and accuracy. In 2015, the Nominating and Corporate Governance Committee approved its charter in its current form.

As provided in the charter, the primary function of the Nominating and Corporate Governance Committee is to assist the Board in fulfilling its responsibilities by: reviewing and making recommendations to the Board regarding the Board's size, structure and composition; establishing criteria for Board membership; identifying and evaluating candidates qualified to become members of the Board, including candidates proposed by stockholders; selecting, or recommending for selection, director nominees to be presented for approval at the annual meeting of stockholders and to fill vacancies on the Board; overseeing our corporate governance guidelines; evaluating Company policies relating to the recruitment of Board members; developing and recommending to the Board corporate governance policies and practices applicable to the Company; monitoring compliance with the Company's Code of Business Conduct and Ethics and handling such other matters as the Board or committee deems appropriate. The Nominating and Corporate Governance Committee's goal is to contribute to the effective representation of the Company's stockholders and to play a leadership role in shaping the Company's corporate governance.

As noted above, it is the Nominating and Corporate Governance Committee's responsibility to review and evaluate director candidates, including candidates submitted by stockholders. In performing its evaluation and review, the Nominating and Corporate Governance Committee does not differentiate between candidates based on the proposing constituency, but rather applies the same criteria to each candidate.

Dissolved Committees

Finance Committee

During 2015, the Finance Committee members were Dr. Douglas, Mr. Erck, Mr. Evans (Chair), and Mr. McManus, and with the exception of Mr. Erck, each Finance Committee member was a non-employee director, as defined by Rule 16b-3 of the Exchange Act, outside director, as defined in Section 162(m), and an independent director, as defined by the listing standards of the NASDAQ. During 2015, the Finance Committee met three (3) times and did not act by written consent in lieu of a meeting. The purpose of the Finance Committee was to assist the Board with its responsibilities and provide advice to senior management of the Company relating to the financial condition and the equity and debt capital raising strategies and activities of the Company, as well as oversight of the Company's investment and cash management policies, all in the context of the Company's overall strategic business plan, and to carry out such other functions as the Board may have authorized from time to time. In 2015, the Finance Committee was dissolved and, in its place, the Board reassumed responsibility for advising the Company's senior management with respect to the Company's financial condition, as well as equity and debt capital raising strategies. In addition, the Audit Committee was empowered to oversee the Company's investment and cash management policies, which were previously exercised by the Finance Committee. The Board believes that this change will serve the best interests of the Company.

Nomination Procedures

Stockholders who wish to nominate qualified candidates to serve as directors of the Company may do so in accordance with the procedures set forth in the Company's Amended and Restated By-laws (By-laws), which procedures did not change during the last fiscal year. As set forth in the By-laws, a stockholder must notify the Company in writing, by notice delivered to the attention of the Secretary of the Company at the address of the

Company's principal executive offices, of a proposed nominee. In order to ensure meaningful consideration of such candidates, notice must be received not less than 60 days nor more than 90 days prior to the anniversary date of this year's Annual Meeting; provided, however, that in the event that the date of the current year's annual meeting of stockholders is more than 30 days before or after the anniversary date of the prior year's annual meeting of stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of such meeting was made, whichever occurs first.

TABLE OF CONTENTS

The notice must set forth as to each proposed nominee:

name, age, business and residence address;
his or her principal occupation or employment;
the class and number of shares of capital stock and other securities of the Company, if any, which are beneficially owned by such nominee and whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding has been made, the effect or intent of which is to increase or decrease the voting power or economic interest of, such person with respect to the Company's securities; and
any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations, or is otherwise required, in each case pursuant to applicable law.

The notice must also set forth with respect to the stockholder giving the notice and each Stockholder Associated Person:

the name and address, as they appear on the Company's books, of such stockholder;
a description of all direct and indirect compensation and other material monetary arrangements, agreements or understandings during the past three years, and any other material relationship, if any, between or concerning such stockholder and each Stockholder Associated Person, on the one hand, and each proposed nominee, and his or her respective affiliates and associates, on the other hand;
the class and number of shares of capital stock and other securities of the Company that are owned by such person;
and
any derivative positions held of record or beneficially by such person and whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding has been made, the effect or intent of which is to increase or decrease the voting power or economic interest of, such person, with respect to the Company's securities.

For purposes of this Proxy Statement, a Stockholder Associated Person of any stockholder means (i) any affiliate or associate (as those terms are defined in Rule 12b-2 under the Exchange Act) of the stockholder who owns beneficially or of record any capital stock or other securities of the Company or, through one or more derivative positions, has an economic interest (whether positive or negative) in the price of securities of the Company and (ii) any person acting in concert with such stockholder or any affiliate or associate of such stockholder with respect to the capital stock or other securities of the Company.

In addition, any nominee proposed by a stockholder shall complete a questionnaire, in a form provided by the Company, and such completed questionnaire shall be submitted promptly, and in any event within ten days, after the Company provides the form of such questionnaire. The Company may require any proposed nominee to furnish such other information as may reasonably be required to determine the eligibility of the nominee to serve as a director.

Nominations received through this process will be forwarded to the Nominating and Corporate Governance Committee for review.

The Nominating and Corporate Governance Committee strives to maintain a board of directors with a diverse set of skills and qualifications, to ensure that the board of directors is adequately serving the needs of the Company's stockholders. Before evaluating director candidates, the Nominating and Corporate Governance Committee reviews the skills and qualifications of the directors currently serving on the Board and identifies any areas of weakness or skills of particular importance. On the basis of that review, the Nominating and Corporate Governance Committee will evaluate director candidates with those identified skills. While the Nominating and Corporate Governance Committee does not have a formal policy on Board diversity, the committee takes into account a broad range of diversity considerations when assessing director candidates, including individual backgrounds and skill sets, professional experiences, and other factors that contribute to the Board having an appropriate range of expertise,

talents, experiences, and viewpoints, and considers those diversity considerations, in view of the needs of the Board as a whole, when making decisions on director

14

TABLE OF CONTENTS

nominations. The Nominating and Corporate Governance Committee considers the following skills and experiences necessary to the Board: industry knowledge, clinical development expertise, commercialization expertise, manufacturing expertise, financial expertise and capital raising experience, and scientific or medical education and experience, particularly in vaccine-related fields.

While there are no set minimum requirements, a candidate should:

be intelligent, thoughtful, and analytical;
possess superior business-related knowledge, skills, and experience;
reflect the highest integrity, ethics, and character;
have excelled in both academic and professional settings;
demonstrate achievement in his or her chosen field;
be free of actual or potential conflicts of interest;

have the ability to devote sufficient time to the business and affairs of the Company; and
demonstrate the capacity and desire to represent the best interests of the Company's stockholders as a whole.

In addition to the above criteria (which may be modified from time to time), the Nominating and Corporate Governance Committee may consider such other factors as it deems in the best interests of the Company and its stockholders and that may enhance the effectiveness and responsiveness of the Board and its committees. Finally, the Nominating and Corporate Governance Committee must consider a candidate's independence to make certain that the Board includes at least a majority of independent directors to satisfy all applicable independence requirements, as well as a candidate's financial sophistication and special competencies.

The Nominating and Corporate Governance Committee identifies potential candidates through referrals and recommendations, including by incumbent directors, management, and stockholders, as well as through business and other organizational networks. To date, the Nominating and Corporate Governance Committee has not retained or paid any third party to identify or evaluate, or assist in identifying or evaluating, potential director nominees, although it reserves the right to engage executive search firms and other third parties to assist in finding suitable candidates.

Current members of the Board with the requisite skills and experience are considered for re-nomination, balancing the value of the member's continuity of service with that of obtaining a new perspective, and considering each individual's contributions, performance and level of participation, the current composition of the Board, and the Company's needs. The Nominating and Corporate Governance Committee also must consider the age and length of service of incumbent directors. In March 2005, the Nominating and Corporate Governance Committee recommended to the Board, and the Board adopted, a rule not to re-nominate a director for re-election if such director has served ten years as a director or has reached 75 years of age, unless circumstances exist which cause the Nominating and Corporate Governance Committee to believe that despite such factors, such a nomination was in the best interest of the Company. If any existing members do not wish to continue in service or if it is decided not to re-nominate a director, new candidates are identified in accordance with those skills, experience, and characteristics deemed necessary for new nominees, and are evaluated based on the qualifications set forth above. In every case, the Nominating and Corporate Governance Committee meets (in person or telephonically) to discuss each candidate, and may require personal interviews before final approval. Once a slate of nominees is selected, the Nominating and Corporate Governance Committee presents it to the full Board.

Corporate Governance Guidelines

In 2015, the Board adopted corporate governance guidelines which are available on the Company's website at www.novavax.com.

TABLE OF CONTENTS

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics (Code of Ethics) that applies to each of Novavax employees, officers, and directors, including, but not limited to, the Company's Chief Executive Officer and Chief Financial Officer. The Code of Ethics is reviewed at least annually by the Nominating and Corporate Governance Committee. A current copy of the Code Ethics, as amended, is available on the Company's website at www.novavax.com. The Company intends to disclose on its website any future amendments to and waivers of the Code of Ethics that apply to its Chief Executive Officer, Principal Financial Officer and Principal Accounting Officer, and persons performing similar functions.

Stockholder Communications with the Board of Directors

The Board welcomes communications from stockholders and has adopted a procedure for receiving and addressing such communications. Stockholders may send written communications to the entire Board or individual directors, addressing them to Novavax, Inc., 20 Firstfield Road, Gaithersburg, Maryland 20878, Attention: Corporate Secretary. Communications by email should be addressed to ir@novavax.com and marked Attention: Corporate Secretary in the Subject field. All such communications will be forwarded to the full Board or to any individual director or directors to whom the communication is directed unless the communication is clearly of a marketing nature or is unduly hostile, threatening, illegal, or similarly inappropriate, in which case the Company has the authority to discard the communication or take appropriate legal action.

Certain Relationships and Related Transactions

The Company's Code of Ethics provides that the Audit Committee is responsible for approving all transactions or business relationships involving Novavax and any director or executive officer, including any transactions between Novavax and either the director or officer personally, members of their immediate families or entities in which they have an interest. In evaluating related party transactions, the Audit Committee members apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board and as individual directors. The Audit Committee will approve a related party transaction when, in its good faith judgment, the transaction is in the best interest of the Company.

Dr. Modi, a director of Novavax, is also a managing director of Cadila Pharmaceuticals Ltd. (Cadila). Novavax and Cadila have formed a joint venture called CPL Biologicals Private Limited (CPLB), of which Novavax owns 20% and Cadila owns the remaining 80%. Novavax and Cadila have also entered into a master services agreement, the terms of which provide that if, by March 2016, the amount of services provided by Cadila under the agreement was less than \$7.5 million, the Company would have paid Cadila the portion of the shortfall amount that is less than or equal to \$2.0 million and 50% of the portion of the shortfall amount that exceeds \$2.0 million. The Company fulfilled its financial obligation under the agreement in the fourth quarter of 2015; thus, while the agreement continues to allow Novavax to use Cadila's and/or CPLB's services, there are no further financial obligations under the agreement or any other agreements related to CPLB. As of December 31, 2015, the Company had purchased \$2.2 million in services from Cadila pursuant to this agreement. In addition, as of April 13, 2016, a subsidiary of Cadila owns 2,500,000 million shares of Novavax outstanding Common Stock. See also the information regarding the master services agreement in Note 16 to the Company's Annual Report on Form 10-K for the year ended December 31, 2015 filed with the SEC on February 29, 2016.

There are no family relationships among any of the directors or executive officers (or any nominee therefor) of Novavax. No director, executive officer, nominee, or any associate of any of the foregoing has any interest, direct or indirect, in any proposal to be considered and acted upon at the Annual Meeting (other than the election of directors).

Compensation Committee Interlocks and Insider Participation

During 2015, Ms. Boudreaux, Dr. Douglas, Mr. McManus, Jr. and Dr. Young served as members of the Compensation Committee. None of the members of the Compensation Committee was at any time during 2015 an employee or executive officer of Novavax.

TABLE OF CONTENTS

No executive officer of the Company currently serves, or during 2015 served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board or Compensation Committee.

Compensation of Directors

Compensation for non-employee directors is comprised of two components: (i) cash compensation and (ii) equity awards.

Cash Compensation

Our non-employee director cash compensation arrangement for 2015 was as follows:

Fee(s)	Amount	
Annual Director Retainer	\$40,000	Non-Employee Director
Annual Chairperson Retainer	\$35,000	Board
	\$18,000	Audit Committee
	\$12,500	Compensation Committee
	\$9,500	Nominating and Corporate Governance Committee
	\$7,000	Finance Committee (dissolved after 2015)
Committee Member Retainer	\$10,000	Audit Committee
	\$7,000	Compensation Committee
	\$5,000	Nominating and Corporate Governance Committee
	\$4,000	Finance Committee (dissolved after 2015)
Board and Committee Meetings	Directors do not receive compensation for attending meetings. Directors are reimbursed for reasonable costs and expenses incurred in connection with attending any Board or committee meetings or any other Company related business activities.	

Non-Employee Director Deferred Fee Policy

During 2015, the Company implemented a Director Deferred Fee Policy (the "Policy") for its non-employee directors.

The Policy permits an eligible director to defer receipt of all or part of the director's cash retainer. To defer fees payable during any calendar year, a director must make an election by the end of the preceding calendar year. A director can elect to have 100% of deferred amounts credited to a cash account or a Company Common Stock account, or, alternatively, a director may elect to have deferred amounts credited 50% to each account. Cash accounts are credited with interest quarterly at the IRS Applicable Federal Rate for short-term debt instruments for the last month of such calendar quarter. Company Common Stock accounts are credited as if amounts were invested in notional stock units based upon the market price of Company Common Stock and are credited with additional notional units if dividends are paid on Company Common Stock. Payment of deferred amounts is to be made in cash upon the occurrence of certain events, including the director's separation from service, death of the director, or a change in control of the Company. The director may also elect to receive payment of the deferred amounts in a specified year that is not more than ten years from the year in which the director's fees were earned. A director may elect to receive payment in either a lump sum or in up to ten annual installments.

TABLE OF CONTENTS

The directors were not eligible to defer any fees earned in the fiscal year ending December 31, 2015. Two directors elected to defer fees earned in the fiscal year ending December 31, 2016. The following table shows how those directors currently have their deferred fees credited.

Name	Annual Retainer
Gail K. Boudreaux	Cash account 0%
	Company Common Stock account 100%
Richard H. Douglas, Ph.D.	Cash account 0%
	Company Common Stock account 100%

Equity Awards

At its meeting on March 5, 2015, the Board granted options to purchase 40,000 shares of Company Common Stock to each of Messrs. Evans and McManus, and Dr. Douglas. Mr. Marsh was granted an option to purchase 20,000 shares of Company Common Stock. Dr. Young was granted an option to purchase 100,000 shares of Company Common Stock. All of the aforementioned options have an exercise price of \$8.94 per share and vested in full six months after the date of grant.

On June 17, 2015, the Board granted options to purchase 40,000 shares of Company Common Stock to Ms. Boudreaux as part of her appointment to the Board. Ms. Boudreaux options have an exercise price of \$9.13 per share and vested in full six months after the date of grant.

Summary Director Compensation Table

The Company does not pay employee directors additional compensation for service on the Board. The following table sets forth information concerning the compensation paid by the Company to each individual who served as a non-employee director at any time during fiscal year 2015:

Name	Fees Earned or Paid in Cash ⁽¹⁾ (\$)	Stock Awards (\$)	Option Awards ⁽²⁾ (\$)	Total (\$)
Gail K. Boudreaux ⁽³⁾	28,022		243,276	271,298
Richard H. Douglas, Ph.D.	61,000		256,800	317,800
Gary C. Evans	66,500		256,800	323,300
Jack O. Marsh, Jr., J.D. ⁽⁴⁾	10,000		128,400	138,400

Rajiv I. Modi, Ph.D. ⁽⁵⁾				
James Young, Ph.D.	92,500		642,000	734,500

(1) Represents fees earned in 2015.

(2) The grant date fair value was calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 718. Assumptions used in the calculation of this amount are included in Note 12 to the Company s Annual Report on Form 10-K for the year ended December 31, 2015 filed with the SEC on February 29, 2016. As of December 31, 2015, the aggregate number of stock options held by each non-employee director is as follows: Ms. Boudreaux, 40,000; Dr. Douglas, 170,000; Mr. Evans, 305,000; Mr. Marsh, 160,000; Mr. McManus, 105,000; Dr. Modi, none; and Dr. Young, 565,000.

(3) Ms. Boudreaux was appointed to the Board on June 17, 2015.

(4) Mr. Marsh resigned from the Board effective June 12, 2014. The Company entered into a consulting agreement with Mr. Marsh beginning on June 12, 2014 pursuant to which Mr. Marsh was paid \$10,000 during fiscal year 2015.

(5) Due to his relationship with Cadila and CPLB, and the commercial transactions between the Company and those companies, Dr. Modi did not receive compensation for his services as a director.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers, directors, and holders of more than 10% of the Company's Common Stock to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Based solely on a review of the (i) copies of such reports (and any amendments thereto) furnished to the Company during or with respect to 2015 or (ii) written representations that no reports were required, the Company believes that during 2015 its executive officers, directors, and holders of more than 10% of the Company's Common Stock complied with all Section 16(a) filing requirements with the possible exception of delinquent Form 4 filings by Mr. Evans for sales or direct stock distributions of up to 330,000 shares of Common Stock in prior years.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Discussion and Analysis (the CD&A) discusses the compensation of our five named executive officers for 2015 (each an NEO): (i) Stanley C. Erck, President and Chief Executive Officer; (ii) Barclay A. Phillips, Senior Vice President, Chief Financial Officer and Treasurer; (iii) Dr. Gregory M. Glenn, President, Research and Development; (iv) John A. Herrmann III, Senior Vice President, General Counsel and Corporate Secretary; and (v) John J. Trizzino, Senior Vice President, Commercial Operations.

The CD&A reviews the Company s executive compensation philosophy, the objectives and operation of the compensation program, how compensation was set for 2015, and the various elements of compensation paid to the executive officers including the NEOs for services during 2015.

Executive Compensation Philosophy

Our compensation program is designed to attract, retain, and reward a high-performance workforce in an extremely competitive recruitment and retention market to achieve the Company s mission, vision, and goals. This philosophy is reflected in the components of the Company s compensation program, which includes:

- a competitive compensation package upon hire;
- a performance management process that defines objectives, tracks employee performance, and ties into the annual rewards process;
- an annual performance increase practice that rewards the individual employee s contribution for the fiscal year;
- an annual incentive bonus that rewards individual and Company performance;
- an equity incentive plan that provides initial grants upon hire and additional grants for promotions, strong performance, and retention of high potential personnel;
- individual promotions that reward strong performance; and
- a market-competitive, comprehensive benefits program.

The Compensation Committee believes that these components provide the tools we need to deliver performance-based compensation that retains and rewards high-performing employees and aligns with general industry practices. We conducted our most recent advisory vote on executive compensation at our 2014 Annual Meeting of Stockholders. Our Board and our Compensation Committee value the opinions of our stockholders, so we paid close attention to the outcome of this vote even though it is non-binding. More than 95% of the votes cast on the advisory vote on executive compensation were in favor of our named executive officer compensation as disclosed in our 2014 proxy statement.

We view this support as an affirmation of our pay practices; and, consequently, we have maintained a consistent approach to executive compensation since that time.

Objectives of the Compensation Program

The Compensation Committee believes that the compensation for our executive officers, including our NEOs, should be designed to attract, motivate, and retain highly qualified executive officers responsible for the success of Novavax and should be determined within a framework that rewards performance and aligns the interests of the executive officers with the interests of the Company s stockholders. Within this overall philosophy, the Compensation Committee s objectives are to:

attract and retain highly qualified employees;
provide compensation that reflects performance and rewards high performance;
reward executives for meeting strategic goals and objectives of the Company; and
align executives' interests with those of our stockholders.

TABLE OF CONTENTS

Attract and Retain Highly Qualified Executives

Our compensation program is designed to attract, motivate, and retain, from a limited pool of resources, individuals who are highly experienced with proven records of success, and to provide total compensation that is competitive with the Company's peers within the biotechnology and pharmaceutical industries.

Reflect Performance and Reward High Performance

The Compensation Committee believes that a significant portion of an executive officer's total compensation should reflect overall Company performance and individual performance. Incentives are based on meeting criteria in each of these categories and reflect the executive officer's overall contribution to the Company.

Reward Executives for Meeting Strategic Goals and Objectives of the Company

The compensation program rewards the Company's executive officers for achieving specified performance goals, building stockholder value, and maintaining long-term careers with Novavax. The compensation program is designed to reward these three aspects because the Compensation Committee believes it will motivate the executive team to make balanced annual and long-term decisions resulting in financial performance, scientific and product development innovations, and achievement of the Company's strategic business objectives.

Align Executives' Interests with Those of Our Stockholders

The Compensation Committee believes that Novavax's long-term success depends upon aligning executives' and stockholders' interests. To support this objective, Novavax provides executive officers with equity accumulation opportunities by awarding stock options and, in certain cases, restricted stock. Generally, stock option grants vest annually over four years, although certain options granted in 2010 vest annually over a three-year period. Restricted stock may vest based on either critical milestones to be achieved over a limited period of time or over a similar four-year period as stock option grants. Beginning with stock option awards made in 2016, such stock option grants vest as to 25% of the award on the first anniversary of the grant date and the remaining 75% vests monthly thereafter over the next three-year period. Such vesting supports long-term retention of executive officers because executive officers cannot exercise the options or sell shares of restricted stock until they have vested. At times, the Company may elect to grant stock options that vest as an executive achieves certain milestones or to incentivize the achievement of strategic Company goals within that executive's area of responsibility.

Oversight and Operation of the Executive Compensation Program

The Compensation Committee is appointed by the Board to assist the Board with its responsibilities related to the compensation of the Company's directors, officers, and employees and the development and administration of the Company's compensation plans. For details on the Compensation Committee's oversight of the executive compensation program, see the section titled "Information Regarding the Board and Corporate Governance Matters - Compensation Committee" beginning on page 11 of this Proxy Statement.

The Chief Executive Officer (the "CEO") evaluates and provides to the Compensation Committee performance assessments and compensation recommendations for each executive officer other than himself. The Chairman of the Board evaluates the CEO's performance and makes compensation recommendations for the CEO to the Compensation Committee. The Compensation Committee considers the CEO's and the Chairman's recommendations and information

provided by the Human Resources team (as described below) in its deliberations regarding executive compensation and recommends to the Board the compensation of the executive officers based on such deliberations. The Board determines all executive compensation based on the recommendation of the Compensation Committee. In 2015, the CEO and the Vice President, Human Resources and Administration generally attended Compensation Committee meetings, but were not present for executive sessions or any discussion of their own compensation.

Process for Setting Executive Compensation

Compensation packages for each executive officer are analyzed and discussed separately at the first Compensation Committee meeting each year. Prior to that meeting, LCG Group Compensation & HR Consulting (LCG) performs a comprehensive competitive analysis on the compensation package for

TABLE OF CONTENTS

each executive officer. The results of this analysis are presented to the Compensation Committee, and at any time, the Compensation Committee and the Board may request additional information from LCG or the Human Resources team.

Survey Data

When setting the compensation for the executive officers for 2015, the Compensation Committee reviewed compensation survey data specific to the life sciences industry that was provided by LCG using the Radford Global Life Sciences Survey (the Survey). The Survey provides total compensation and practices data for multinational life sciences companies for 700+ companies and more than 335,000 individuals. Global market data is available for 65 countries and positions at the executive, management, professional, sales, and support levels, as well as overall compensation practices. Target industries include biotechnology, pharmaceutical, diagnostic and clinical research organizations.

The Survey is used to determine whether each executive officer's salary and bonus opportunity are competitive. LCG benchmarks each executive officer's current compensation against the 50th percentile of the Survey. The Compensation Committee believes this is a common reference point among biotechnology companies similar in size to Novavax and that the Company remains competitive by targeting the 50th percentile of the Survey data.

Internal Equity

The Compensation Committee considers internal equity when determining compensation to ensure that the Company is fair in its compensation practices across roles similar in scope and level of responsibility.

Independent Compensation Analysis

In 2015, the Compensation Committee engaged LCG to review and analyze its executive compensation programs and to conduct a competitive market analysis for each member of the senior leadership team. LCG first performed such services for the Company in 2010 and has provided similar services in subsequent years. In addition, LCG reviewed the competitiveness of long-term incentives, assessed the metrics used to reward executives and Board members, and assessed the mix of equity grants to correctly align risk and performance with long-term incentives. LCG was authorized by the Compensation Committee to work with certain executive officers of the Company, as well as other employees in the Company's Human Resources, Legal, and Finance departments in connection with LCG's work for the Compensation Committee. LCG conducted a review of the total compensation of the Company's executive officers and prepared a report for review by management and subsequently by the Compensation Committee that was used in determining appropriate levels of compensation for the Company's executive officers for 2015. As required by rules adopted by the SEC under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the Compensation Committee engaged LCG after assessing LCG's independence, including taking into consideration the fact that LCG does not provide any services to the Company other than those requested by the Compensation Committee and the absence of any significant business or personal relationships between LCG and members of the Compensation Committee and any executive officer of the Company. Based upon this assessment, it was determined that the engagement of LCG does not raise any conflicts of interest or similar concerns.

What the Compensation Program is Designed to Reward

Company Performance

The executive compensation program is designed to reward both individual performance and Company performance. A significant portion of an executive officer's total compensation package is based on the Company's performance and the achievement of corporate goals. Because of the key roles the executive officers play in the success of the Company, a significant portion of the achievement of corporate goals is reflective of the executive officers' individual performance. During 2015, the Board and the Company's senior executives jointly developed a set of objectives for 2015 which were based on the Company's strategic plan (the 2015 Objectives). These objectives included:

- executing on the seasonal influenza and pandemic influenza vaccine development plans;
- executing on the respiratory syncytial virus (RSV) vaccine development plan;

23

TABLE OF CONTENTS

executing on the Ebola vaccine development program;
advancing preclinical pipeline vaccine candidate programs;
supporting the advancement of vaccine candidates at the Company's joint venture with CPLB and meeting commitments to Cadila;

managing current partnerships and commercial activities; and
completing financing to end 2015 with 18 months of cash.

Individual Performance

For 2015, the CEO reviewed and evaluated the performance of the executive officers and recommended their performance goals and objectives for 2016. This review was conducted in the first quarter of 2016. For 2015, the Chairman of the Board reviewed and evaluated the performance of the CEO. The performance goals and objectives for the CEO were the same as the annual corporate objectives based on the strategic plan. Each of the executive officers was evaluated on the competencies of teamwork, results orientation, business ethics, accountability, business process improvement, leadership, personnel development, staff communication, and treatment of employees.

In addition, with the exception of the CEO, whose incentive compensation is based entirely on achievement of the 2015 Objectives and the discretion of the Board, each NEO had additional individual goals to support the 2015 Objectives or to further the Company's strategic plan. More specifically:

Mr. Phillips had individual goals for activities needed to achieve the corporate 2015 Objective of completing financings (e.g., evaluate financing options, prepare analyses, and seek to consummate transaction), and individual operational goals such as ensuring compliance with Sarbanes-Oxley procedures, implementing financial closing procedures, and ensuring audit compliance;

Dr. Glenn had individual goals for activities needed to achieve the corporate 2015 Objectives of advancing the seasonal and pandemic vaccine programs, developing the RSV vaccine franchise and initiating and completing clinical studies in support of the RSV vaccine candidates, and advancing the Company's discovery and preclinical programs towards Phase 1 clinical trials;

Mr. Herrmann had individual goals for activities needed to support the achievement of all of the corporate 2015 Objectives, which included analyses and recommendations with respect to related legal issues, supporting contracting efforts, and seeking and enforcing appropriate intellectual property protection of the Company's developing vaccine and adjuvant technology; and

Mr. Trizzino had individual goals for conducting pre-commercialization activities needed to achieve all of the corporate 2015 Objectives, with a focus on activities related to the advancement of the Company's RSV vaccine development plan.

Based on the performance evaluations, each executive officer, with the exception of the CEO, was given a performance rating. The performance rating determines the amount of any merit salary increase and adjustments to the incentive cash bonus awards and equity awards. The performance ratings used by the Company include Outstanding, Exceeds Expectations, Meets Expectations, and Improvement Needed. All of the NEOs received a performance rating of at least Exceeds Expectations, with the exception of the CEO, who was not given a performance rating.

Elements of Compensation

The Compensation Committee believes that the most effective compensation program is one that provides a competitive base salary, rewards the achievement of established annual and long-term goals and objectives, and provides an incentive for retention. For this reason, the compensation program is comprised of three primary elements: (i) base salary, (ii) a cash incentive bonus program, and (iii) equity awards. The Compensation Committee believes that these three elements are the most effective combination to motivate and retain executive officers.

TABLE OF CONTENTS

The Compensation Committee has not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, but generally seeks to provide an overall executive compensation package designed to attract, motivate, and retain highly qualified executive officers, to reward them for performance over time, and to align the interests of the executive officers with the interests of the stockholders. Although equity compensation is an important component of the compensation program, particularly with respect to creating long-term stockholder value, in 2015, with guidance from LCG based on analysis of the Survey data, the Compensation Committee focused on ensuring that executive officers' base salaries and bonus opportunities were in line with the median average salaries and annual incentives for comparable positions within the Survey.

Base Salary

The Compensation Committee's philosophy is to maintain base salaries at a competitive level sufficient to recruit and retain individuals possessing the skills and capabilities necessary to achieve the Company's goals over the long term.

The Company provides an annual salary to each executive officer designed to reflect that person's level of responsibility, expertise, skills, knowledge, and experience. The Compensation Committee compares Novavax salaries to those at other comparable companies within the biotechnology and pharmaceutical industries and adjusts, as appropriate, to assist the Company in retaining this expertise, skill, and knowledge at Novavax. Merit increases are typically awarded effective April 1st of each year, reflecting performance for the previous year. The increases were determined by an annual performance review in light of the individual's 2014 performance goals and achievement of Company objectives, as well as by reference to the Survey. Salary increases were provided April 1, 2015. The base salaries for the NEOs were:

Executive	Base Salary (\$)	Percentage Increase in Base Salary from December 31, 2014 (%)
Stanley C. Erck	600,000	20.0 (1)
Barclay A. Phillips	355,000	4.4 (2)
Gregory M. Glenn, M.D.	415,000	5.1 (2)
John A. Herrmann III	320,000	6.7 (2)
John J. Trizzino	340,000	6.3 (2)

(1) Mr. Erck's leadership during 2014, the overall progress of the Company, and a review of the Survey data were factors used by the Compensation Committee in its decision to increase his base salary.

(2) Each of Messrs. Phillips, Herrmann, Trizzino and Dr. Glenn's individual performances during 2014 and a review of the Survey data were factors used by the Compensation Committee in its decision to increase base salary.

Incentive Cash Bonus

The incentive cash bonus program is designed to motivate and reward executive officers for the achievement of specific corporate goals. The purpose of the incentive cash bonus program is to align company, departmental, and individual goals throughout the Company and to provide an incentive that further ties compensation to individual contribution and teamwork. At the time that the Board approved the 2015 Objectives, the Board also weighted each objective. The Board assigns a percentage to each objective (where 100% of a weighted objective means the objective

has been fully met by the Company) which reflects the Board's determination as to whether the Company achieved an objective, failed to meet an objective, partially met an objective, or exceeded an objective. In some instances, the Board uses its discretion to make such determinations, and in doing so looks at other performance factors, mitigating circumstances, and other material successes or missed opportunities. The Board then assesses the overall percentage achieved by the Company against all of its objectives in determining the cumulative percentage.

25

TABLE OF CONTENTS

On December 3, 2015, the Compensation Committee reviewed the Company's performance related to its 2015 Objectives. The following table summarizes its conclusions regarding these objectives:

2015 Objective	Weight	Achievement	Percent	Explanation
Execute on the seasonal influenza and pandemic influenza vaccine development plans	25%	Partially met objective	12.5%	Successful data from seasonal Phase 2 clinical trial, with ongoing Department of Health and Human Services, Biomedical Advanced Research and Development Authority support, although pandemic and combination clinical trials delayed
Execute on the RSV vaccine clinical development plan	50%	Exceeded objective	67.5%	Successful data from RSV Phase 2 clinical trials in older adults and maternal immunization, and Phase 1 clinical trial in pediatrics, and initiated two Phase 3 clinical trials and roll-over Phase 2 clinical trial
Execute on the Ebola vaccine development program	5%	Met objective	5%	Successful data from Phase 1 clinical trial and multiple NHP challenge studies
Advance preclinical vaccine candidate programs	5%	Met objective	5%	Successfully demonstrated broad protection in preclinical candidate
Support advancement of vaccine candidates at CPLB and meet commitments to Cadila	5%	Partially met objective	2.5%	Eliminated remaining financial obligation to Cadila and supported seasonal influenza vaccine BLA
Manage current partnerships and commercial activities	5%	Partially met objective	2.5%	Executed grant agreement with the Bill & Melinda Gates Foundation, assessed various new opportunities and managed multiple ongoing partnerships
Complete financing to end 2015 with 18 months of cash	5%	Met objective	5%	Company ended 2015 with approximately \$230.7 million
Total	100%		100%	

On December 4, 2015, upon recommendation of the Compensation Committee, the Board determined that incentive bonuses would be awarded for 2015 based on achievement of 100% of the 2015 Objectives. In doing so, the Board exercised discretion in ascribing additional value to the Company's achievement of a number of critical tasks in 2015 related to the successful results of multiple Phase 2 clinical trials from its RSV vaccine program and the subsequent launches of two pivotal Phase 3 clinical trials from that program in older adults and newborns via maternal immunization.

TABLE OF CONTENTS

The target bonus is set at a percentage of the executive officer's base salary, with such percentages being based on market data. However, the ultimate amount of any bonus is at the discretion of the Board. The 2015 NEO bonus targets were as follows:

Executive	Percentage of Base Salary (%)
Stanley C. Erck	60 %
Barclay A. Phillips	35 %
Gregory M. Glenn, M.D.	35 %
John A. Herrmann III	35 %
John J. Trizzino	35 %

The Compensation Committee believes that the higher the individual's position within Novavax, the more closely his or her bonus award should be tied to the Company's success. The CEO's bonus is based solely on the achievement of the 2015 Objectives and the discretion of the Board. For executive officers other than the CEO, 80% of the bonus is based on corporate achievement and 20% of the bonus is based on individual performance. To be eligible for a bonus, an executive officer must achieve at least a "Meets Expectations" on his or her annual performance review, which the Compensation Committee determined was the case with each of the NEOs.

Equity Awards

Equity incentive awards are a fundamental element in the executive compensation program because they emphasize long-term performance, as measured by creation of stockholder value, and foster a commonality of interest between stockholders and key executives. In addition, they are crucial to a competitive compensation program for executive officers because they act as a powerful retention tool. The Compensation Committee views the Company as still facing significant risk, but with a potential for a high upside. In the case of stock options, the executive officers are motivated by the potential appreciation in the stock price above the exercise price. To encourage continued employment, stock option grants to executive officers typically include options that require the executive to remain an employee of the Company for four years before the options are fully vested, although certain options granted in 2010 have a three-year vesting period. Beginning with stock option awards made in 2016, such stock option grants vest as to 25% of the award on the first anniversary of the grant date and the remaining 75% vests monthly thereafter over the next three-year period. In addition, the Compensation Committee may award options that vest as the executive officer achieves certain milestones. The Compensation Committee believes it is important to tie the long-term benefit potentially realizable by the executive to a long-term commitment with Novavax.

Traditionally, the Company grants stock options as the primary form of equity compensation, but the Company does, at times, grant restricted stock to attract and retain key employees. Restricted stock grants typically vest based on critical milestones to be achieved over a limited period of time or continued service over a similar four-year period as stock option grants. Annual stock option grants are awarded to executive officers at the discretion of the Board upon a recommendation by the Compensation Committee. In making its recommendations, the Compensation Committee considers Company performance, Survey data, and the individual's scope of responsibility and continuing performance. To be eligible to receive an award of stock options, the executive officer must have an overall performance rating of at least "Meets Expectations." With guidance from LCG upon its analysis of Survey data, stock options were awarded to the NEOs in 2015, and vest annually over four years. The executive officers also have the ability to participate in the Company's ESPP.

Perquisites and Other Personal Benefits

We do not have any executive perquisite programs. From time to time, on a limited or exception basis, we may provide other benefits that we believe are related to a business purpose or are customary among our peer public companies that may otherwise be considered perquisites. All of the NEOs are eligible to participate in the Company's benefit plans offered to all employees, including health, dental and vision insurance, a prescription drug plan, flexible spending accounts, short and long term disability, life insurance and a 401(k) plan.

27

TABLE OF CONTENTS

Employment Agreements and Severance Benefits

As of December 31, 2015, the Company had employment agreements in place with all of the NEOs. The employment agreements provide for certain payments if the NEO is terminated by the Company without cause or leaves for good reason. The terms of these agreements are described in greater detail in the section titled Overview of Employment and Change in Control Agreements. All of the NEOs are at will employees.

The Company has established a Change in Control Severance Benefit Plan, which provides for severance payments to participating employees if the participant's employment is terminated in connection with a change in control. This plan is described in greater detail in the section titled Overview of Employment and Change in Control Agreements. The Compensation Committee believes it is important to provide such employees with an incentive to remain with the Company amid the uncertainty that often accompanies efforts to consummate a corporate sale or similar transaction that may enhance stockholder value. All of the NEOs participate in the Change in Control Severance Benefit Plan.

Tax and Accounting Implications

Section 162(m) limits to \$1 million the amount a company may deduct for compensation paid to its chief executive officer and any of its other three named executive officers (excluding the chief financial officer). This limitation, however, does not apply to compensation meeting the requirements for qualifying performance-based compensation within the meaning of Section 162(m). The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) in designing our executive compensation program. The Compensation Committee, however, believes that a compensation program that attracts and retains highly qualified executives and rewards them for their achievements is necessary for our success and, therefore, is in the best interests of the Company and our stockholders. Accordingly, the Compensation Committee believes that in establishing the cash and equity incentive compensation program for the Company's executive officers, the potential deductibility of the compensation payable under that program should only be one of a number of relevant factors taken into consideration. Consequently, the Compensation Committee may pay or provide compensation in excess of \$1 million that is not exempt from the deduction limitations under Section 162(m).

Anti-Hedging Policy

Our insider trading policy prohibits all directors and officers from pledging or engaging in hedging or similar transactions in our Common Stock, such as prepaid variable forwards, equity swaps, collars, puts, calls, and short sales.

Compensation Risk Assessment

We do not believe that our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our business and operations.

(1) A cash bonus could not be paid under the incentive cash bonus program unless at least 75% of the 2015 Objectives were achieved. The bonus was capped at 125% achievement of the 2015 Objectives. The target amount of any bonus was, subject to Board discretion, prorated between the minimum 75% achievement of 2015 Objectives and the maximum 125% achievement. The target amount was based on the individual's earned base salary for 2015 and represented 60% of Mr. Erck's base salary, and 35% of the base salary of each of Mr. Phillips, Dr. Glenn, Mr. Herrmann, and Mr. Trizzino.

(2) Options granted have an exercise price equal to the fair market value of the Company's Common Stock on the date of grant which, under the Company's 2015 Stock Plan, is equal to the closing price of the Company's Common Stock as reported on NASDAQ on the date of grant.

(3) The grant date fair value was calculated in accordance with FASB ASC Topic 718 excluding the effect of estimated forfeitures. Assumptions used in the calculation of this amount are included in Note 12 to the Company's Annual Report on Form 10-K for the year ended December 31, 2015 filed with the SEC on February 29, 2016.

TABLE OF CONTENTS

OVERVIEW OF EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

Employment Agreements

On December 31, 2015, the Company had employment agreements in place with each of our NEOs. Each employment agreement provides for a base salary subject to review each year, an incentive bonus, and equity awards. Salary information and the target amount of the incentive bonus are described in greater detail on pages 21 through 28 in the CD&A. The amount of any incentive bonus and the form of payment (cash, shares of restricted stock, or some combination of the two) are at the discretion of the Board.

The employment agreements also provide that additional equity may be awarded to the NEO based upon his or her performance and subject to the Board's approval, for the reimbursement of reasonable expenses incurred by him or her in connection with the performance of his or her duties, and for the NEO to participate in the Company's Severance Plan (discussed below). Each NEO must devote his or her full business time to the performance of services to the Company.

The employment agreements require each NEO to maintain the confidentiality of the Company's proprietary information and provide that all work product discovered or developed by him or her in the course of his or her employment belongs to the Company. In addition, in the employment agreements, the NEOs have agreed not to compete with the Company, directly or indirectly, within the United States or interfere with or solicit the Company's contractual relationships, in each case during the term of his or her employment and for the duration of the severance period described for the NEO following the termination of his or her employment.

If an NEO is terminated without cause or leaves the Company for good reason (as such terms are defined in each employment agreement), the NEO may receive a lump sum separation payment. The amount of these payments is more specifically described in the section Potential Payments Upon Termination beginning on page 36. To be entitled to such a payment, the NEO must execute and deliver to the Company a waiver and separation agreement, releasing the Company from any claims.

Amended and Restated Change in Control Severance Benefit Plan

In August 2005, the Board adopted a Change in Control Severance Benefit Plan, which has since been amended in July 2006 and December 2008 (the Severance Plan). The purpose of the Severance Plan is to provide severance pay and benefits to a select group of employees whose employment with the Company may be terminated following a change in control event, to provide such employees with an incentive to remain with the Company and help the Company consummate a strategic corporate sale or transaction that maximizes stockholder value. Participants in the Severance Plan are recommended by the CEO and approved by the Board. Selected participants with existing severance agreements will be deemed to elect coverage under the Severance Plan and are not eligible for any severance benefits under other agreements unless expressly provided otherwise by the Board. Each of the NEOs participates in the Severance Plan.

The Severance Plan provides for the payment of benefits upon certain triggering events. A triggering event occurs if a

participant's employment is terminated due to an Involuntary Termination without Cause for a reason other than death or disability or as a result of a Constructive Termination either (i) within a certain period (not to exceed 24 months) after the effective date of a Change in Control or (ii) before the Change in Control but after the first day on which the Board and/or senior management of the Company has entered into formal negotiations with a potential acquirer that results in the consummation of the Change in Control. The specific periods of time following the effective date of a Change in Control during which payment of benefits under the Severance Plan may be triggered by termination are as follows:

Executive	Protected Period
Stanley C. Erck	24 months
Barclay A. Phillips	12 months
Gregory M. Glenn, M.D.	12 months
John A. Herrmann III	12 months
John J. Trizzino	12 months

TABLE OF CONTENTS

If a triggering event occurs, the participant is entitled to a lump sum severance payment, a bonus equal to 100% of the target annual performance bonus for the year in which the termination date occurred multiplied by the length in years of the participant's severance benefit period and continuation of medical, dental, and vision benefits for the same number of months as the severance period, with the exception of Mr. Erck, whose benefits continue for 18 months.

Executive	Severance Payment	Continuation of Benefits Period
Stanley C. Erck	24 months salary	18 months
Barclay A. Phillips	12 months salary	12 months
Gregory M. Glenn, M.D.	12 months salary	12 months
John A. Herrmann III	12 months salary	12 months
John J. Trizzino	12 months salary	12 months

Under the Severance Plan, all current unvested awards become vested and exercisable in full only upon a termination of employment following a Change in Control (a double trigger acceleration). The Severance Plan provides that all vested and exercisable options may be exercised within one year from the participant's termination date, provided, however, that no exercise may occur later than the expiration date of the option as set forth in the applicable option agreement. As used herein, the below terms shall have the following meanings:

Term	Definition
Involuntary Termination without Cause	The termination of an eligible employee's employment which is initiated by the Company for a reason other than Cause.
Cause	Conviction of, a guilty plea with respect to, or a plea of nolo contendere to a charge that the eligible employee has committed a felony under the laws of the United States or of any state or a crime involving moral turpitude, including, but not limited to, fraud, theft, embezzlement, or any crime that results in or is intended to result in personal enrichment at the expense of the Company;
	Material breach of any agreement entered into between the eligible employee and the Company that impairs the Company's interest therein;
	Willful misconduct, significant failure to perform the eligible employee's duties, or gross neglect by the eligible employee of the eligible employee's duties; or
	Engagement in any activity that constitutes a material conflict of interest with the Company.

Constructive
Termination

A termination initiated by an eligible employee because any of the following events or conditions has occurred:

a change in the employee's position or responsibilities (including reporting responsibilities) which represents an adverse change from the employee's position or responsibilities as in effect immediately preceding the effective date of a Change in Control or at any time thereafter; the assignment to the employee of any duties or responsibilities which are inconsistent with the employee's position or responsibilities as in effect immediately preceding the effective date of a Change in Control or at any time thereafter; except in connection with the termination of the employee's employment for Cause or the termination of an employee's employment because of an employee's disability or death, or except resulting from a voluntary termination by the employee other than as a result of a Constructive Termination;

Term	Definition
	a reduction in the employee's pay or any failure to pay the employee any compensation or benefits to which the employee is entitled within five (5) days of the date due;
	the Company's requiring the employee to relocate his principal worksite to any place outside a fifty (50) mile radius of the employee's current worksite, except for reasonably required travel on the business of the Company or its affiliates which is not materially greater than such travel requirements prior to the Change in Control;
	the failure by the Company to (A) continue in effect (without reduction in benefit level and/or reward opportunities) any material compensation or employee benefit plan in which the employee was participating immediately preceding the effective date of a Change in Control or at any time thereafter, unless such plan is replaced with a plan that provides substantially equivalent compensation or benefits to the employee, or (B) provide the employee with compensation and benefits, in the aggregate, at least equal (in terms of benefit levels and/or reward opportunities) to those provided for under the employee benefit plans, programs, and practices in which the employee was participating immediately preceding the date of a Change in Control or at any time thereafter;
	the insolvency or the filing (by any party, including the Company) of a petition for bankruptcy of the Company, which petition is not dismissed within sixty (60) days;
	any material breach by the Company of any provision of the Severance Plan; or
	the failure of the Company to obtain an agreement, satisfactory to the employee, from any successors and assigns to assume and agree to perform the obligations created under the Severance Plan as a result of a Change in Control.
Change in Control	A sale, lease, license, or other disposition of all or substantially all of the assets of the Company;

A consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization, in which the stockholders of the Company immediately prior to such consolidation, merger, or reorganization, own less than fifty percent (50%) of the outstanding voting power of the surviving entity and its parent following the consolidation, merger, or reorganization;

Any transaction or series of related transactions involving a person or entity, or a group of affiliated persons or entities (but excluding any employee benefit plan or related trust sponsored or maintained by the Company or an affiliate) in which such persons or entities that were not stockholders of the Company immediately prior to their acquisition of the Company securities as part of such transaction become the owners, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation, or similar transaction and other than as part of a private financing transaction by the Company; or

Term	Definition
------	------------

A change in the Incumbent Board, which occurs if the existing members of the Board on the date the Severance Plan was initially adopted by the Board (the Incumbent Board) cease to constitute at least a majority of the members of the Board, provided, however, that any new Board member shall be considered a member of the Incumbent Board for this purpose if the appointment or election (or nomination for such election) of the new Board member is approved or recommended by a majority vote of the members of the Incumbent Board who are then still in office.

Regular Termination Benefits

In addition to the benefits described above, the NEOs are also entitled to certain payments and benefits upon termination of employment that are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include accrued salary and accrued, but unused vacation pay, and availability for distribution of plan balances under the Company's 401(k) plan.

POTENTIAL PAYMENTS UPON TERMINATION**Termination Other Than for Cause**

On December 31, 2015, the Company had employment agreements with Dr. Glenn and Messrs. Erck, Phillips, Herrmann, and Trizzino, which provided for a lump sum cash severance payment if the executive is terminated without cause or leaves for good reason. All vested and exercisable stock options held by Dr. Glenn and Messrs. Phillips, Herrmann, and Trizzino must be exercised within three months following the termination date. Mr. Erck is entitled to the accelerated vesting of 50% of the unvested portion of each stock option or restricted stock grant made by the Company and may exercise all outstanding vested stock options held at termination (including any accelerated options or grants) during the twelve (12) month period following the date of termination. If such termination had occurred on December 31, 2015, the Company would have made the following payments:

Executive	Severance Payment (\$)
Stanley C. Erck	900,000
Barclay A. Phillips	355,000
Gregory M. Glenn, M.D.	415,000
John A. Herrmann III	320,000
John J. Trizzino	340,000

Termination for Cause

In the event an NEO is terminated for cause, the Company has no further obligation to the executive other than the obligation to pay any unpaid base salary and unused vacation accrued through the termination date.

Cause means (i) the executive's willful failure or refusal to perform in all material respects the services required to be performed by him; (ii) the executive's willful failure or refusal to carry out any proper and material direction by the President and Chief Executive Officer or Board (or, with respect to Mr. Erck's agreement, the Board, and with respect to Mr. Herrmann's agreement, the CMO, the CEO or the Board) with respect to the services to be rendered by him or the manner of rendering such services; (iii) the executive's willful misconduct or gross negligence in the performance of his duties (or, with respect to Mr. Herrmann's and Mr. Trizzino's agreements, the executive's misconduct in the performance of his duties); (iv) the executive's commission of an act of fraud, embezzlement, or theft or felony involving moral turpitude; (v) the executive's use of confidential information, other than for the benefit of the Company in the course of rendering services to the Company; or (vi) a breach of the executive's non-competition obligations.

TABLE OF CONTENTS**Termination as a Result of Death or Disability**

In the event an NEO is terminated as a result of death or disability, the Company has no further obligation to the executive other than the obligation to pay any unpaid base salary and unused vacation accrued through the termination date. If the executive dies while in the employ of the Company (or within three months after the date on which the executive ceases to be an employee), vested and exercisable options may be exercised by the executive's estate for one year following the executive's death. If the executive becomes disabled while in the employ of the Company, vested and exercisable options may be exercised by the executive for a period of one year after the executive ceases to be an employee due to a disability.

Termination in Connection with a Change in Control

Each of the NEOs participates in the Severance Plan. The following table sets forth the payments the Company would have made if eligible NEOs had been terminated in connection with a Change in Control that occurred on December 31, 2015 in accordance with the Severance Plan:

Name	Benefit	Amount (\$)
Stanley C. Erck	Severance Payment	1,200,000
	Bonus ⁽¹⁾	720,000
	Equity Awards ⁽²⁾	6,131,250
	Health Insurance Benefits ⁽³⁾	34,487
	Total	8,085,737

	Equity Awards ⁽²⁾	1,217,250
	Health Insurance Benefits ⁽³⁾	22,991
	Total	1,719,491
Gregory M. Glenn, M.D.	Severance Payment	415,000
	Bonus ⁽¹⁾	145,520
	Equity Awards ⁽²⁾	1,065,750
	Health Insurance Benefits ⁽³⁾	22,991
	Total	1,649,261
John A. Herrmann III	Severance Payment	320,000
	Bonus ⁽¹⁾	112,000
	Equity Awards ⁽²⁾	1,165,875
	Health Insurance Benefits ⁽³⁾	18,191
	Total	1,616,066
John J. Trizzino	Severance Payment	340,000
	Bonus ⁽¹⁾	119,000
	Equity Awards ⁽²⁾	569,250
	Health Insurance Benefits ⁽³⁾	22,991
	Total	1,051,241

(1) Bonus equals 100% of the NEO's target annual bonus award multiplied by the participant's severance benefit period.

(2)

Represents the value of all unvested equity awards at the closing price on December 31, 2015, minus any applicable exercise price.

(3) Reflects the premiums for health, dental, and vision coverage under the Company's group health insurance program. Amounts are based on the premiums in effect at December 31, 2015.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the Company's audited financial statements with management. The Audit Committee has discussed with Ernst & Young LLP, the Company's independent registered public accounting firm, the matters required to be discussed by PCAOB AU Section 380, "Communication with Audit Committees" (as currently in effect), which includes, among other items, matters related to the conduct of the audit of the Company's financial statements. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of its examinations, its evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee has also received the written disclosures and the letter from Ernst & Young LLP required by the Public Company Accounting Oversight Board independence and ethics rule, Rule 3526, "Communication with Audit Committees Concerning Independence," relating to the firm's independence from the Company and its related entities, discussed with Ernst & Young LLP its independence from the Company and considered the compatibility of the firm's provision of non-audit services with maintaining its independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the Securities and Exchange Commission.

PROPOSAL NO. 2

AMENDMENT OF 2015 STOCK PLAN

At the Annual Meeting, stockholders will be asked to approve the adoption of the 2015 Stock Incentive Plan as amended and restated, adopted by our Board on March 15, 2016 (the Amended 2015 Stock Plan). The 2015 Stock Plan was originally adopted by our Board on March 5, 2015 and approved by Novavax stockholders on June 18, 2015. The number of shares originally authorized for issuance under the 2015 Stock Plan was 25,000,000 shares of Common Stock, which included 4,620,369 shares of Common Stock that were available for issuance under our 2005 Stock Plan immediately prior to its expiration on February 23, 2015. As discussed further below, stockholders are being asked to approve the Amended 2015 Stock Plan to enable us to increase the number of shares of our Common Stock available for issuance pursuant to awards under the plan by 6,000,000 shares. The Amended 2015 Stock Plan also amends the 2015 Stock Plan by including a minimum vesting requirement applicable to certain full value awards and limiting the Compensation Committee's discretion to accelerate the vesting of awards, other than in connection with a change in control or the death or disability of a participant, all as further described below.

Equity grants are an essential element of the Company's compensation program. Stockholder approval of the Amended 2015 Stock Plan would allow us to continue to attract and retain high quality and high performing directors, executives, and other employees with equity incentives. The Board approved the Amended 2015 Stock Plan and the additional shares of Common Stock authorized for issuance under it based upon its review and consideration of:

the Company's historic rates of equity award issuances;
the dilutive impact to stockholders;
equity plan guidelines established by certain institutional investors and proxy advisory firms; and
advice provided by LCG, the Compensation Committee's independent consultant.

The Board believes that it is in the best interest of the Company's stockholders for the Company's employees (including its officers), directors, and consultants to have an ownership interest in the Company and that granting equity awards to such persons motivates them to contribute to the Company's success. Given the emphasis placed on equity awards in the Company's compensation philosophy and due to an increase in the Company's employee population in 2015 and, in general, a decline in the Company's stock price, more shares of our Common Stock were granted as awards under the 2015 Stock Plan (prior to its amendment) in 2015 than previously anticipated. As a result, we do not believe that the remaining shares of Common Stock available for issuance under the 2015 Stock Plan are sufficient to continue implementing the Company's stock incentive program over the next two years taking into account our historic burn rate (discussed below) and certain other factors, including the Company's recent growth and anticipated need to attract new employees with appropriate levels of experience and talent. Accordingly, on March 15, 2016, our Board approved the Amended 2015 Stock Plan, subject to stockholder approval, to increase the number of shares of Common Stock reserved for issuance under the Amended 2015 Stock Plan by 6,000,000 shares and to increase the number of shares of Common Stock that may be issued under the Amended 2015 Stock Plan upon the exercise of incentive stock options by 6,000,000 shares. The Amended 2015 Stock Plan is being submitted to the Company's stockholders for approval.

The Board believes that the Amended 2015 Stock Plan continues to promote the interests of our stockholders and continues to be consistent with principles of good corporate governance including:

Independent Committee. The Amended 2015 Stock Plan will continue to be administered by the Compensation Committee and its authorized delegates. The Compensation Committee is composed entirely of independent directors who meet the NASDAQ Global Select Market (NASDAQ) standards for independence and who meet the definitions of outside directors for purposes of Section 162(m) and non-employee directors under Rule 16b-3(b)(3) of the Exchange Act.

TABLE OF CONTENTS

Stockholder Approval is Required for Additional Shares. The Amended 2015 Stock Plan does not contain an annual evergreen provision. The Amended 2015 Stock Plan authorizes a fixed number of shares and, as a result, stockholder approval is required to issue any additional shares under awards under the plan. This gives our stockholders the opportunity to provide direct input on our equity compensation programs.

Limits on Awards. The Amended 2015 Stock Plan limits the number of shares of Common Stock that may be awarded through stock options, stock appreciation rights (SARs), and other awards that may be granted to any person in any calendar year and contains a separate limit that applies to awards granted to our non-employee directors.

No Discounted Stock Options or SARs. All stock options and SARs under the Amended 2015 Stock Plan must have an exercise price or base value that is not less than the fair market value of a share of Common Stock on the date of grant.

Performance Awards. Under the Amended 2015 Stock Plan, the Compensation Committee may grant performance-based awards, including awards that are intended to satisfy the requirements of the exception for qualified performance-based compensation under Section 162(m).

No Repricing. Other than in connection with a corporate transaction affecting the Company, the Amended 2015 Stock Plan prohibits any repricing of stock options or SARs without obtaining stockholder approval in accordance with NASDAQ requirements.

Awards Subject to Recoupment. Awards under the Amended 2015 Stock Plan are subject to recoupment in accordance with any applicable Company clawback or recoupment policy that may be adopted by the Board or as otherwise required by law or applicable listing standards.

No Liberal Share Recycling. Shares retained or withheld by or delivered to the Company to satisfy the purchase or exercise price of (or withholding taxes applicable to) an award and the total number of shares subject to a SAR any portion of which is settled in shares reduce the number of shares available for issuance under the Amended 2015 Stock Plan. In addition, the number of shares available for delivery under the Amended 2015 Stock Plan will not be increased by any shares that have been delivered under the Amended 2015 Stock Plan that are subsequently repurchased using proceeds directly attributable to stock option exercises.

In addition, the Amended 2015 Stock Plan amends the 2015 Stock Plan by including two new provisions that further promote the interests of our stockholders and are consistent with principles of good corporate governance:

Minimum Vesting Provisions. The Amended 2015 Stock Plan requires a minimum vesting period of at least one year for restricted stock, restricted stock units, and other full-value awards granted under the plan, subject to a carve-out for awards not exceeding five percent of the total shares of our Common Stock reserved for issuance under the plan.

Limited Discretion to Accelerate Vesting. Under the Amended 2015 Stock Plan, the Compensation Committee does not have the discretion to accelerate the vesting of awards, except in connection with a change in control or the death or disability of a participant.

Existing Equity Plan Information

Since its adoption in 2015, we have granted equity awards exclusively under our 2015 Stock Plan. In fiscal 2015, the Company granted stock options covering a total of 8,525,441 shares and restricted stock covering a total of 25,000 shares. Our fiscal year 2015 burn rate was determined to be 3.3%.

As of March 15, 2016, our 2015 Stock Plan had 6,995,248 shares of Common Stock available for grant as equity awards. If the Amended 2015 Stock Plan is approved, the total number of shares of Common Stock that will be available for future awards under the Amended 2015 Stock Plan will be 12,995,248, which is the sum of 6,000,000 shares plus the number of shares currently available under the 2015 Stock Plan. If the

TABLE OF CONTENTS

stockholders do not approve the Amended 2015 Stock Plan, the Amended 2015 Stock Plan will not become effective and additional awards will only be granted from the shares currently available under the 2015 Stock Plan.

Potential Dilution

The following table provides information regarding the number of shares subject to each type of outstanding award under the 2015 Stock Plan and the 2005 Stock Plan, the number of shares of our Common Stock available for future awards under the 2015 Stock Plan, the number of additional shares that would be available for future awards under the Amended 2015 Stock Plan, if approved by stockholders, and the dilutive impact of each to our stockholders as of March 15, 2016.

	Number of shares	As a percentage of stock outstanding on a fully diluted basis
Outstanding stock options	33,202,269	10.9 %
Outstanding restricted stock	45,000	0.0 %
Total shares subject to outstanding awards under the 2015 Stock Plan and the 2005 Stock Plan	33,247,269	11.0 %
Total shares available for future awards under the 2015 Stock Plan	6,995,248	2.3 %
Proposed additional shares available for future awards under the Amended 2015 Stock Plan	6,000,000	1.9 %
Total potential dilution	46,242,517	14.6 %

As indicated by the numbers in the table above, as of March 15, 2016, the date our Board adopted the Amended 2015 Stock Plan, the potential dilution under our 2015 Stock Plan and 2005 Stock Plan was 13.0%. If the Amended 2015 Stock Plan is approved by our stockholders, our potential dilution will be 14.6%.

Reasons for Seeking Stockholder Approval

Our Board believes that the ability to grant equity compensation has been, and will continue to be, essential to the Company's ability to attract and retain the highest quality and highest performing employees and directors. Our Board also believes that equity compensation motivates our employees, including our executive officers, and our directors to contribute to the achievement of our corporate objectives and encourages the alignment of their interests with the interests of our stockholders. After a review of its routine historical practice and an estimation of the Company's future growth, the Company believes that the availability of 6,000,000 additional shares of Common Stock under the Amended 2015 Stock Plan would provide a sufficient number of shares to enable the Company to continue to make awards at historical average annual rates for the next two years. The Compensation Committee determined that reserving shares sufficient for approximately two years of new awards at historical grant rates is in line with the practice of our peer public companies.

In addition, approval of the Amended 2015 Stock Plan by our stockholders would preserve our ability to grant stock options, stock appreciation rights, and performance-based stock awards that may qualify as qualified

performance-based compensation within the meaning of Section 162(m) for five years. Section 162(m) disallows a deduction to any publicly held corporation and its affiliates for certain compensation paid to covered employees in a taxable year to the extent that compensation to a covered employee exceeds \$1 million. However, compensation that satisfies the requirements of an exception for qualified performance-based compensation is not subject to this deduction limitation. For compensation awarded under a plan to fit within this exception under Section 162(m), among other things, the following terms must be disclosed to and approved by the stockholders before the compensation is paid: (i) a description of the employees eligible to receive such awards; (ii) a per-person limit on the number of shares subject to stock options, stock appreciation rights and performance-based stock awards that may be granted to any employee under the plan in any year; and (iii) a description of the business criteria underlying the performance goals on the basis of which performance-based awards may be granted (or become vested or exercisable). Although stockholder approval is one of the requirements of the exception to the deductibility

TABLE OF CONTENTS

limits under Section 162(m), even with stockholder approval, the Board and Compensation Committee cannot guarantee that awards under the Amended 2015 Stock Plan will be deductible as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee has and will continue to have authority to pay or provide compensation (including under the Amended 2015 Stock Plan) that is not deductible under Section 162(m) in order to maintain a competitive compensation program and provide compensation that will attract and retain highly qualified executives.

Summary of the Amended 2015 Stock Plan

The following summary describes the material terms of the Amended 2015 Stock Plan. This summary of the Amended 2015 Stock Plan is not a complete description of all provisions of the Amended 2015 Stock Plan and is qualified in its entirety by reference to the Amended 2015 Stock Plan, which is filed as Appendix A to this Proxy Statement.

Purpose; Term. The purpose of the Amended 2015 Stock Plan is to secure for the Company and its stockholders the benefits arising from capital stock ownership by employees, officers, and directors of, as well as consultants and advisors to, the Company, its parents and its subsidiaries. Unless sooner terminated in accordance with its terms, the Amended 2015 Stock Plan will terminate upon the close of business on March 14, 2026.

Administration. The Amended 2015 Stock Plan is administered by the Compensation Committee and its authorized delegates. Subject to the terms of the Amended 2015 Stock Plan, the Compensation Committee has the authority to determine the individuals to whom, and the time or times at which, awards are made, the number of shares of Common Stock subject to each award, and the terms of all awards and all award agreements; to construe the plan and the award agreements under the plan; to prescribe the forms, rules and procedures relating to the plan; to determine the form of settlement of awards (whether in cash, shares of Common Stock, or other property); and to make all other determinations and take all other actions that are, in the Compensation Committee's judgment, necessary or desirable for the administration of the Amended 2015 Stock Plan. Notwithstanding the foregoing, except in connection with a change in control of the Company or the death or disability of a participant after the time an award has been granted, the Compensation Committee may not accelerate the time or times at which an award vests or becomes exercisable. The Compensation Committee's construction and interpretation of the terms and provisions of the Amended 2015 Stock Plan and any award agreement are final and conclusive.

Shares Reserved. Subject to adjustment as described below, the number of shares of Common Stock that are reserved for issuance under the Amended 2015 Stock Plan is 31,000,000 shares (which includes 25,000,000 shares that were approved by stockholders at the Annual Meeting of Stockholders in 2015). Shares of Common Stock underlying any award made under the Amended 2015 Stock Plan to the extent the award expires, terminates or is forfeited, in whole or in part, without the issuance of shares become available for issuance again under the Amended 2015 Stock Plan. Shares of Common Stock that are retained or withheld by or delivered to the Company to satisfy any purchase or exercise price or tax withholding obligation, and the total number of shares of Common Stock subject to a SAR, any portion of which is settled in shares of Common Stock, are treated as issued under the Amended 2015 Stock Plan. The shares available for issuance under the Amended 2015 Stock Plan are not increased by any shares that have been delivered under the Amended 2015 Stock Plan that are subsequently repurchased using the proceeds directly attributable to stock option exercises.

Maximum Number of Shares Available under ISOs. The maximum aggregate number of shares that may be issued under the Amended 2015 Stock Plan upon the exercise of ISOs is 31,000,000.

Individual Limits. The maximum number of shares of Common Stock subject to stock options and the maximum number of shares of Common Stock subject to SARs that may be granted to any person in any calendar year is, in each case, 2,000,000 shares. The maximum number of shares subject to other awards that may be granted to any person in any calendar year is 1,000,000 shares.

Non-Employee Director Limits. A participant in the Amended 2015 Stock Plan who is a non-employee member of our Board may not receive shares of Common Stock underlying awards under the Amended 2015

TABLE OF CONTENTS

Stock Plan in any calendar year in excess of 750,000 shares. This limit does not apply to any award or shares of Common Stock granted pursuant to a director's election to receive shares of Common Stock in lieu of cash fees.

Eligible Participants. The Compensation Committee may select recipients of awards from among key employees, officers, or directors of, or consultants or advisors to the Company and its parents and subsidiaries who are expected to contribute to the Company's future growth and success. Eligibility for stock options intended to be incentive stock options within the meaning of Section 422 of the Code is limited to employees of the Company or its parents and subsidiaries, in accordance with Section 422 of the Code. As of March 15, 2016, 458 employees, one consultant, and five directors are eligible to participate in the Amended 2015 Stock Plan.

Awards. The Amended 2015 Stock Plan provides for grants of stock options, restricted stock, unrestricted stock, SARs, stock units, restricted stock units, and performance awards. Dividend equivalents may also be provided in connection with awards under the Amended 2015 Stock Plan.

Restricted and Unrestricted Stock. A restricted stock award is an award of stock subject to forfeiture restrictions, while an unrestricted stock award is not subject to restrictions.

Stock Options and SARs. The Amended 2015 Stock Plan provides for the grant of incentive stock options, non-statutory stock options and SARs. Stock options entitle the holder to acquire shares of Common Stock upon payment of the exercise price. A SAR is a right entitling the holder upon exercise to receive an amount (payable in cash or in shares of Common Stock of equivalent value) equal to the excess of the fair market value of the shares of Common Stock subject to the SAR over the base value from which appreciation under the SAR is to be measured. The exercise price of a stock option, and the base value against which a SAR is to be measured, may not be less than the fair market value (or, in the case of an incentive stock option granted to a ten percent stockholder, 110% of the fair market value) of a share of Common Stock on the date of grant. The Compensation Committee will determine when stock options or SARs become exercisable and the terms on which such awards remain exercisable. Stock options and SARs will generally have a maximum term of ten years (or, in the case of an incentive stock option granted to a ten percent stockholder, five years); however, in general, if (i) a participant holds an outstanding but unexercised stock option or SAR on the date that is ten years from the date of grant (or, in the case of a stock option or SAR with a maximum term of less than ten years, the last day of such maximum term) and has not exercised such stock option or SAR as of the regular closing time of the exchange on which shares of our Common Stock are traded on the last day of the applicable term of the stock option or SAR, (ii) on such date shares of our Common Stock is publicly traded, and (iii) at such time the fair market value of a share of our Common Stock is greater than the exercise price or base value applicable to such stock option or SAR, such stock option or SAR to the extent then vested and exercisable will be automatically exercised on the last day of the applicable term and the number of shares of Common Stock otherwise to be delivered upon exercise of the stock option or SAR will be reduced by, in the case of a stock option, a number of shares having a fair market value equal to the aggregate exercise price of the stock option being exercised and, in the case of a stock option or SAR, a number of shares having a fair market value equal to the amount necessary to satisfy any applicable tax withholding obligation (but not in excess of the minimum tax withholding required by law).

Stock Units. A stock unit award is denominated in shares of Common Stock and entitles the recipient to receive stock or cash measured by the value of the shares in the future. The delivery of Common Stock or cash under a stock unit may be subject to the satisfaction of performance or other vesting conditions.

Performance Awards. A performance award is an award of a stock option, SAR, restricted stock, or restricted stock unit the vesting, settlement or exercisability of which is subject to specified performance criteria.

TABLE OF CONTENTS

Vesting. The Compensation Committee will determine the time or times at which awards will vest or become exercisable. However, except as provided in the next sentence, no restricted stock, restricted stock unit, or other full-value award may vest prior to the first anniversary of the grant date, subject to the Compensation Committee's discretion to accelerate the vesting of such an award upon a change in control of the Company or the death or disability of a participant. The foregoing minimum vesting period will not apply to grants of up to five percent of the number of shares of our Common Stock available for issuance under the Amended 2015 Stock Plan.

Termination of Employment or Service. The Compensation Committee determines the effect of the termination of employment or service on an award. Unless otherwise provided by the Compensation Committee, upon a termination of employment or service, all unvested stock options and SARs will terminate, all other unvested awards will be forfeited, and vested stock options and SARs then held by the participant will remain exercisable for a period of three months, or twelve months in the case of death or disability, following such termination of employment or, in each case, until the applicable expiration date, if earlier. All stock options and SARs held by a participant, whether vested or unvested, immediately prior to the participant's termination of employment or service will terminate if such termination is for cause.

Performance Criteria. The Amended 2015 Stock Plan provides that grants of performance awards may be made based upon and subject to achieving performance objectives over a specified performance period. Performance criteria for awards that are intended to qualify for the performance-based compensation exception under Section 162(m) are limited to an objectively determinable measure or measures of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenue; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, amortization or equity expense, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital, capital employed or assets; one or more operating ratios; operating income or profit, including on an after-tax basis; net income; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures, strategic alliances, licenses or collaborations; spin-offs, split-ups and the like; reorganizations; recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings; manufacturing or process development; or achievement of clinical trial or research objectives, regulatory or other filings or approvals or other product development milestones. A performance criterion and any targets with respect thereto determined by the Compensation Committee need not be based upon an increase, a positive or improved result or avoidance of loss.

To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m), the Compensation Committee may provide in the case of any award intended to qualify for such exception that one or more of the performance objectives applicable to the award will be adjusted in an objectively determinable manner to reflect events (for example, the impact of charges for restructurings, discontinued operations, mergers, acquisitions, extraordinary items, and other unusual or non-recurring items, and the cumulative effects of tax or accounting changes, each as defined by U.S. generally accepted accounting principles) occurring during the performance period that affect the applicable performance objectives.

Non-transferability of Awards. In general, awards under the Amended 2015 Stock Plan may not be transferred except by will or the laws of descent and distribution, unless, in the case of awards other than incentive stock options, expressly permitted in the agreement evidencing the award. Awards other than incentive stock options may be transferred pursuant to a domestic relations order (within the meaning of Rule 16a-12 of the Exchange Act).

Recovery of Compensation. The Compensation Committee may cancel, rescind, withhold or otherwise limit or restrict any award at any time under the Amended 2015 Stock Plan if the participant is not in compliance with the provisions of the Amended 2015 Stock Plan or the award or if the participant breaches any agreement with the Company with respect to non-competition, non-solicitation or confidentiality. The Compensation Committee also may recover any award or payments or gain with respect to any award under

TABLE OF CONTENTS

the Amended 2015 Stock Plan in accordance with any applicable Company clawback or recoupment policy, as such policy may be in effect from time to time, or as otherwise required by applicable law or applicable stock exchange listing standards.

Adjustment Provisions. If the outstanding shares of Common Stock are exchanged for a different number or kind of shares or other securities of the Company or increased or decreased as a result of any recapitalization, reclassification, stock dividend, stock split or reverse stock split, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Common Stock or other securities, an appropriate and proportionate adjustment will be made to (a) the maximum number and kind of shares reserved for issuance under the Amended 2015 Stock Plan, (b) the maximum number of shares that can be issued upon exercise of incentive stock options under the Amended 2015 Stock Plan, (c) the limitations on the number of shares of Common Stock that may be delivered through awards granted to any person in any calendar year and the limitations on awards granted to our non-employee directors, (d) the number and kind of shares or other securities subject to any then outstanding awards under the Amended 2015 Stock Plan, and (e) the exercise or purchase prices (or base values) relating to awards and any other provision of awards affected by such change, without (in the case of stock options or SARs) changing the aggregate exercise price (or base values) for such awards.

Change in Control. In the event of a corporate transaction (as defined in the Amended 2015 Stock Plan), the Compensation Committee may provide for any one or more of the following actions: the continuation, assumption or substitution of outstanding awards by the acquiring or succeeding corporation (or an affiliate thereof), the cash-out of outstanding awards, the accelerated vesting or delivery of shares under awards, or the termination of awards that are not exercised prior to the consummation of the transaction. Except as the Compensation Committee may otherwise provide in any case, all awards will terminate automatically or, in the case of restricted stock, will be forfeited automatically upon the consummation of a covered transaction other than awards that are assumed by the acquiring or succeeding corporation. In general, a corporate transaction under the Amended 2015 Stock Plan means a consolidation, merger, combination or reorganization of the Company, the sale, lease or other disposition of all or substantially all of the assets of the Company, a transaction or series of related transactions involving a person or entity, or a group of affiliated persons or entities in which such persons or entities become the owners, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation or similar transaction, or a dissolution or liquidation of the Company. The Compensation Committee may also provide for accelerated vesting or exercisability of awards upon the occurrence of a change in the incumbent board, which, in general, will be deemed to occur if the existing members of the Board on the date the Amended 2015 Stock Plan was adopted by the Board (or existing members of the Board on a later date whose appointment, election or nomination for election was endorsed by the incumbent board) cease to constitute at least a majority of the members of the Board.

Prohibition on Repricing. Except in connection with certain corporate transactions involving the Company, the Company may not, without obtaining stockholder approval, amend the terms of outstanding stock options or SARs to reduce the exercise price or base value of such awards, cancel outstanding stock options or SARs in exchange for stock options or SARs with an exercise price or base value that is less than the exercise price or base value applicable to the original award, or cancel outstanding stock options or SARs that have an exercise price or base value greater than the fair market value of a share of Common Stock on the date of such cancellation in exchange for cash or other consideration.

Plan Amendments and Termination. The Board may at any time, and from time to time, modify or amend the Amended 2015 Stock Plan in any respect, except that any such modification or amendment will be subject to stockholder approval to the extent required by applicable tax or securities laws or stock exchange listing requirements, and no such modification or amendment may adversely affect the rights under an award previously granted to a

participant without such participant's consent. The Compensation Committee may amend outstanding award agreements only with the consent of the affected participant, except that the Administrator, without the consent of the affected participant, may amend or modify the terms and provisions of the Amended 2015 Stock Plan and of any outstanding incentive stock options granted under the Amended 2015 Stock Plan to the extent necessary to qualify any or all such stock options as incentive stock options or

47

TABLE OF CONTENTS

to the extent necessary to ensure the qualification of the Amended 2015 Stock Plan under Rule 16b-3 (if then applicable) or compliance with, or exemption from, Section 409A of the Code.

The Board may at any time suspend or terminate the Amended 2015 Stock Plan except that any such suspension or termination may not adversely affect the rights under an award previously granted to a participant while the Amended 2015 Stock Plan is in effect without the consent of the affected participant.

Federal Income Tax Consequences

The following is a summary of some of the material federal income tax consequences associated with the grant and exercise of awards under the Amended 2015 Stock Plan under current federal tax laws and certain other tax considerations associated with awards under the Amended 2015 Stock Plan. The summary does not address tax rates or non-U.S., state, or local tax consequences, nor does it address employment-tax or other federal tax consequences except as noted.

Restricted Stock. A participant who is awarded or purchases shares subject to a substantial risk of forfeiture generally does not have income until the risk of forfeiture lapses. When the risk of forfeiture lapses, the participant has ordinary income equal to the excess of the fair market value of the shares at that time over the purchase price, if any, and a corresponding deduction is generally available to the Company. However, a participant may make an election under Section 83(b) of the Code to be taxed on restricted stock when it is acquired rather than later, when the substantial risk of forfeiture lapses. An 83(b) election must be made not later than thirty (30) days after the transfer of the shares to the participant and must satisfy certain other requirements. A participant who makes an effective 83(b) election will realize ordinary income equal to the fair market value of the shares as of the time of acquisition less any price paid for the shares. A corresponding deduction will generally be available to the Company. Fair market value for this purpose is determined without regard to the forfeiture restrictions. If a participant makes an effective 83(b) election, no additional income results by reason of the lapsing of the restrictions.

For purposes of determining capital gain or loss on a sale of shares awarded under the Amended 2015 Stock Plan, the holding period in the shares begins when the participant realizes taxable income with respect to the transfer. The participant's tax basis in the shares equals the amount paid for the shares plus any income realized with respect to the transfer. However, if a participant makes an effective 83(b) election and later forfeits the shares, the tax loss realized as a result of the forfeiture is limited to the excess of what the participant paid for the shares (if anything) over the amount realized (if any) in connection with the forfeiture.

Incentive Stock Options. In general, a participant realizes no taxable income upon the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may result in an alternative minimum tax liability to the participant. With some exceptions, a disposition of shares purchased under an incentive stock option within two years from the date of grant or within one year after exercise produces ordinary income to the participant (and generally a deduction to the Company) equal to the value of the shares at the time of exercise less the exercise price. Any additional gain recognized on the disposition is treated as a capital gain, for which the Company is not entitled to a deduction. If the participant does not dispose of the shares until after the expiration of these one- and two-year holding periods, any gain or loss recognized upon a subsequent sale is treated as a long-term capital gain or loss, for which the Company is not entitled to a deduction.

Non-statutory Stock Options. In general, a participant has no taxable income upon the grant of a non-statutory stock option but realizes income in connection with exercise of the option in an amount equal to the excess (at time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price. A corresponding

deduction is generally available to the Company. Upon a subsequent sale or exchange of the shares, any recognized gain or loss is treated as a capital gain or loss for which the Company is not entitled to a deduction. An incentive stock option that is exercised more than three months after termination of employment (other than termination by reason of death) is generally treated as a non-statutory stock option. Incentive stock options are also treated as non-statutory stock options to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of \$100,000.

TABLE OF CONTENTS

SARs. The grant of a SAR does not itself result in taxable income, nor does taxable income result merely because a SAR becomes exercisable. In general, a participant who exercises a SAR for shares of stock or receives payment in cancellation of a SAR will have ordinary income equal to the amount of any cash and the fair market value of any stock received. A corresponding deduction is generally available to the Company.

Restricted Stock Units. The grant of a restricted stock unit does not itself result in taxable income. Instead, the participant is taxed upon delivery of the underlying shares (and a corresponding deduction is generally available to the Company). If the shares delivered are restricted for tax purposes, the participant will be subject to the rules described above for restricted stock.

Section 162(m). As described above under Reasons for Seeking Stockholder Approval, Section 162(m) generally disallows a deduction to a publicly held corporation and its affiliates for certain compensation paid to a covered employee in a taxable year in excess of \$1 million, unless the compensation satisfies the requirements of the performance-based compensation exception under Section 162(m). Stock options, SARs and certain performance awards under the Amended 2015 Stock Plan are generally intended to satisfy the requirements of this exception. However, as discussed above, the Compensation Committee will have discretionary authority to grant awards under the Amended 2015 Stock Plan that do not satisfy the requirements of this exception.

Certain Change in Control Payments. Under Section 280G of the Code, the vesting or accelerated exercisability of stock options or the vesting and payment of other awards in connection with a change in control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments contingent on the change in control in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including income recognized by reason of the grant, vesting or exercise of awards, may be subject to an additional 20% federal tax and may be non-deductible to the Company.

New Plan Benefits

Awards under the Amended 2015 Stock Plan are subject to the discretion of the Compensation Committee and, therefore, are not determinable at this time. The Compensation Committee has full discretion to determine the shares subject to awards to be granted to participants under the Amended 2015 Stock Plan, subject to the limits described above under *Summary of the Amended 2015 Stock Plan Individual Limits* and *Non-employee Director Limits*.

The table below reflects all awards that have been granted under the 2015 Stock Plan. On March 15, 2016, the closing price of a share of our Common Stock as reflected on the NASDAQ was \$4.99.

(3) Excludes the Amended 2015 Stock Plan, which is subject to stockholder approval in accordance with this Proposal No. 2, and the Amended ESPP, which is subject to stockholder approval in accordance with Proposal No. 3.

Required Vote

Approval of the Amended 2015 Stock Plan requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and voting on the matter. Abstentions and broker non-votes will not be counted as shares voting on this matter and accordingly will have no effect on the approval of this Proposal No. 2.

FOR PROPOSAL NO. 2, THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ADOPTION OF THE AMENDED 2015 STOCK PLAN, INCLUDING AN AMENDMENT TO INCREASE THE NUMBER OF SHARES BY 6,000,000 UNDER THE AMENDED 2015 STOCK PLAN.

PROPOSAL NO. 3

AMENDMENT OF ESPP

At the Annual Meeting, stockholders will be asked to approve the ESPP, as amended and restated, adopted by our Board on March 15, 2016 (the Amended ESPP). The ESPP was originally adopted by our Board on April 11, 2013 and approved by Novavax stockholders on June 13, 2013.

The purpose of the Amended ESPP is to enable eligible employees of the Company and certain of its subsidiaries to use payroll deductions to purchase shares of our Common Stock and thereby enhance the sense of participation in the affairs of the Company. Our Board believes that providing eligible employees with the opportunity to acquire an ownership interest in the Company has been, and will continue to be, essential to the Company's ability to attract and retain the highest quality and highest performing employees. Our Board also believes that the ownership of shares of our Common Stock by our employees motivates our employees to contribute to the achievement of our corporate objectives and our success.

We do not believe that the shares of our Common Stock currently available for purchase under the ESPP are sufficient to continue offering shares for purchase under the ESPP until its expiration in 2023. The number of shares originally authorized for purchase under the ESPP was the lesser of (a) 2,000,000 shares increased on each anniversary of the adoption of the ESPP by five percent and (b) 3,000,000 shares. As of March 15, 2016, 821,846 shares of our Common Stock were available for purchase under the ESPP. Accordingly, on March 15, 2016, our Board adopted the Amended ESPP, subject to stockholder approval, which will increase the number of shares of our Common Stock reserved for purchase under the ESPP by 1,000,000 shares (the Share Increase). In establishing the Share Increase, our Board considered the potential dilutive impact to stockholders and the projected participation rate over the remaining term of the plan based on historic rates of participation in the ESPP. For information about options and restricted stock outstanding under our existing equity plans and the number of shares available for issuance under such plans, each as of December 31, 2015, please see Equity Compensation Plan Information elsewhere in this Proxy Statement.

Summary of the Amended ESPP

The following summary describes the material terms of the Amended ESPP. This summary of the Amended ESPP is not a complete description of all provisions of the Amended ESPP and is qualified in its entirety by reference to the Amended ESPP, which is filed as Appendix B to this Proxy Statement.

Purpose. The purpose of the Amended ESPP is to enable our eligible employees and eligible employees of our subsidiaries to purchase shares of our Common Stock and thereby enhance their sense of participation in the affairs of the Company. The Amended ESPP will allow eligible employees to purchase, through payroll deductions, shares of our Common Stock at a discount from the market price of the stock at the time of purchase. The ESPP is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Code.

Administration. The Compensation Committee of the Board will administer the Amended ESPP, but is authorized to delegate its duties and authority to officers and employees of the Company in its discretion and to the extent permitted by applicable law. The Compensation Committee has the authority to determine eligibility under the Amended ESPP, to interpret the Amended ESPP, to prescribe forms, rules, and procedures under the Amended ESPP, to adopt, amend, rescind, administer and interpret such forms, rules or procedures and otherwise to do all things necessary or advisable

to carry out the terms of the Amended ESPP. All determinations and decisions by the Compensation Committee regarding the interpretation and application of the Amended ESPP are final and binding on all parties.

Stock Subject to the Amended ESPP. Subject to adjustment, as described below, the maximum aggregate number of shares of our Common Stock available for purchase under the Amended ESPP is the lesser of (a) 3,000,000 shares increased on each anniversary of the adoption of the Plan by five percent, and (b) 4,000,000, which includes the Share Increase of 1,000,000, described above. If any right to purchase shares under the Amended ESPP expires or terminates for any reason without having been exercised in full or ceases for any reason to be exercisable in whole or in part, the unpurchased shares of our Common Stock subject to such right will again be available for purchase under the Amended ESPP.

Eligibility. Our employees who (i) customarily work at least 20 hours per week, (ii) customarily work more than five months in a calendar year, and (iii) have been employed by the Company no less than five business days as of the first day of an offering period are eligible to participate in the Amended ESPP. The Compensation Committee may establish additional eligibility requirements prior to the commencement of the applicable offering period. An employee who is an eligible employee on the first day of an offering period may elect to participate in the Amended ESPP for such offering period. Approximately 425 employees were eligible to participate in the Amended ESPP as of March 15, 2016.

Offerings; Purchase Dates. Unless otherwise determined by the Board, offering periods under the Amended ESPP will be consecutive and overlapping 24-month periods that commence every six months on August 1 and February 1 and end 24 months later on July 31 or January 31, with each offering period having four six-month purchase periods that commence on August 1 or February 1 and end on January 31 or July 31 each year during the offering period, unless the offering period is terminated earlier. Purchases under the Amended ESPP will be made on the last day of each purchase period (the purchase date). Our Compensation Committee may change the frequency and duration of offering periods, purchase periods and purchase dates with respect to offering periods that have not yet commenced, in accordance with Section 423 of the Code.

On a purchase date, a participant's accumulated payroll deductions withheld during the purchase period will be applied to purchase the maximum number of whole shares of our Common Stock that can be purchased with such funds, subject to the limitations described below under *Limitations on Purchase and Participation*.

Participation. Eligible employees may become participants in the Amended ESPP by completing an enrollment agreement and filing it with us no later than five business days before the first day of an offering period (unless the Compensation Committee has set a later time for the filing of such subscription agreement). A participant may participate in only one offering period at any time.

Employees electing to participate in the Amended ESPP will authorize us to deduct after-tax dollars from their compensation each payroll period during an offering period. Participants may authorize no more than 15% (in whole percentages) of their compensation to be withheld through payroll deductions. A participant's accumulated payroll deductions will be applied to the purchase of the maximum number of whole shares that may be purchased on each semi-annual purchase date during the offering period in which the participant participates, subject to the limitations described below under *Limitations on Purchase and Participation*. Compensation for purposes of the Amended ESPP includes the following forms of cash compensation paid to or earned by an employee: base wages, salary, overtime, payments for paid time off and holidays, bereavement pay, jury/witness duty pay, pay during a period of suspension, compensation deferred pursuant to Section 401(k) or Section 125 of the Code, distributions under any nonqualified deferred compensation plan and any other compensation or remuneration that the Compensation Committee or the Board approves as compensation in accordance with Section 423 of the Code.

Limitations on Purchase and Participation. No employee may be offered the right to purchase shares under the Amended ESPP if, immediately after the election to participate, such employee would own stock (including stock such employee may purchase under outstanding rights under the Amended ESPP) representing 5% or more of the total combined voting power or value of all classes of our stock. In addition, no participant may be offered the right to purchase shares of our Common Stock under the Amended ESPP if the rights of the participant to purchase stock under the Amended ESPP and all employee stock purchase plans maintained by us or our subsidiaries would accrue at a rate that exceeds \$25,000 (or such other maximum as may be prescribed from time to time by the Code) of the fair market value of such stock (determined at the time the right is granted) for each calendar year. A maximum of 25,000 shares may be purchased by any participant on any single purchase date.

Purchase Price. For each purchase period, the purchase price per share of our Common Stock will be equal to 85% of the fair market value per share on the first day of the offering period or, if lower, 85% of the fair market value per share on purchase date. Under the Amended ESPP, the fair market value of a share of

TABLE OF CONTENTS

our Common Stock on any date will be the closing price of a share of our Common Stock on the NASDAQ Global Select Market on the date of determination (or, if such day is not a trading day, on the immediately preceding trading day).

If the fair market value of a share of our Common Stock on a purchase date during an offering period is less than the fair market value of a share of our Common Stock on the first day of the offering period, a participant's accumulated payroll deductions for the applicable purchase period within such offering period will be applied to purchase shares of our Common Stock on the purchase date and the offering period will then terminate. A participant in the terminated offering period will automatically be enrolled in the next offering period, with the participant's payroll deductions determined by reference to the last payroll deduction authorization properly submitted by the participant to the Company in accordance with the terms of the Amended ESPP.

Termination of Participation. Employees may end their participation in an offering period by providing written notice of such termination to the Compensation Committee no later than 15 days before a purchase date. A participant's participation in the Amended ESPP will automatically terminate upon a termination of the participant's employment with us or one of our subsidiaries or upon the participant's failure to qualify as an eligible employee. Upon a termination of the employee's participation in the Amended ESPP, such employee's payroll deductions not already used to purchase shares of our Common Stock under the Amended ESPP will be returned to the employee.

Adjustment Provisions. In the event of certain transactions with our stockholders not involving our receipt of consideration, such as a stock split, spin-off, stock dividend, or certain recapitalizations, or, if the Board or the Compensation Committee determines that adjustments would be appropriate to prevent dilution or enlargement of benefits under the Amended ESPP, in the event of the payment of a dividend or other distribution, reorganization, merger, or other changes in corporate structure, the Board or the Compensation Committee will equitably adjust (a) the class of shares of our Common Stock issuable and the maximum number of shares of our Common Stock available under the Amended ESPP, (b) the class and number of shares of our Common Stock and the purchase price per share of our Common Stock with respect to any outstanding right to purchase shares of our Common Stock under the Amended ESPP, and (c) the class and maximum number of shares of our Common Stock that may be issued to a participant during any purchase period.

However, no such adjustment may be made unless the Board or the Compensation Committee, as applicable, is satisfied that it will not constitute a modification of the rights granted under the Amended ESPP or otherwise disqualify the Plan as an employee stock purchase plan under the provisions of Section 423 of the Code.

In the event of (i) a merger or similar transaction in which we are not the surviving corporation or that results in our stockholders ceasing to own shares of our Common Stock, (ii) a sale of all or substantially all of our assets, (iii) an acquisition resulting in ownership of more than 50% of the shares of our Common Stock by any one person (or more than one person acting as a group) that did not own more than 50% of the shares of our Common Stock immediately prior to the acquisition, or (iv) the replacement during any 12-month period of a majority of the directors of the Board by new directors whose appointment was not endorsed by a majority of the directors of the Board prior to the date of the appointment or election, each offering period then in progress will continue unless otherwise provided by the Board or the Compensation Committee, which may in its discretion (a) if the Company is merged with or acquired by another corporation, provide that each outstanding offering will be assumed or exchanged for a substitute right granted by the acquiror or successor corporation, (b) cancel each offering period then in progress and return any unused payroll deductions to the participants, or (c) terminate any and all purchase periods on or before the date of the proposed transaction. In the event of our proposed dissolution or liquidation, each offering period then in progress will be cancelled immediately prior to the consummation of such dissolution or liquidation and accumulated payroll deductions will be returned to participants, unless our Compensation Committee or the Board provides otherwise in its

sole discretion.

Amendment and Termination of the ESPP. The Board may at any time and for any reason amend, suspend or terminate the Amended ESPP. In general, no amendment may affect an offering period in progress at the time of the amendment or may adversely affect the rights of any participant without such participant's consent unless such amendment is required to satisfy the requirements of Section 423 of the Code, is made in connection with a transaction described above under Adjustment Provisions, or is determined by the Board to be advisable in the event of changes to the financial accounting treatment for the Amended ESPP (as described below). Additionally, no amendment may be made without approval of our stockholders within 12 months of its adoption by the Board if such amendment would increase the number of shares that may be issued under the Amended ESPP or change the designation of the corporations whose employees (or class of employees) are eligible to participate in the Amended ESPP or otherwise would be treated as the adoption of a new plan under Section 423 of the Code.

Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board is entitled to make such amendments to the Amended ESPP as it determines are advisable if the continuation of the Amended ESPP or any offering period would result in financial accounting treatment for the Amended ESPP that is different from the financial accounting treatment in effect on the date the Amended ESPP was initially adopted by the Board.

No offers to purchase shares of our Common Stock may be granted under the Amended ESPP after July 21, 2023.

Federal Income Tax Information

The following is a general summary under current law of the material federal income tax consequences to participants in the Amended ESPP. This summary deals with the general tax principles that apply and is provided only for general information. Certain types of taxes, such as state and local income taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant to a participant in light of his or her personal investment circumstances. This summarized tax information is not tax advice.

The Amended ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Code. The Amended ESPP is not subject to any provisions of the Employee Retirement Income Security Act of 1974.

Under the applicable Code provisions, no income will be taxable to a participant until the sale or other disposition of the shares of our Common Stock purchased under the Amended ESPP (the ESPP shares). Upon such sale or disposition, the participant will generally be subject to tax in an amount that depends upon the participant's holding period with respect to the ESPP shares. If the ESPP shares are sold or disposed of more than two years from the first day of the offering period and more than one year from the date of purchase, or upon the participant's death while owning the ESPP shares, the participant will recognize ordinary income measured as the lesser of (1) the excess of the fair market value of the ESPP shares at the time of such sale or disposition over the purchase price or (2) an amount equal to 15% of the fair market value of the ESPP shares as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the ESPP shares held for the periods described above are sold and the sale price is less than the purchase price, there is no ordinary income and the participant has a long-term capital loss equal to the difference between the sale price and the purchase price. If shares are sold or otherwise disposed of before the expiration of the holding periods described above, other than following the participant's death while owning the shares, the participant will recognize ordinary income generally measured as the excess of the fair market value of the ESPP shares on the date the ESPP shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the participant's holding period with

respect to the ESPP shares. We are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized upon a sale or disposition of shares prior to the expiration of the holding periods described above. We will treat any transfer of record ownership of shares as a disposition, unless we are notified to the contrary. In order to enable us to learn of dispositions prior to the expiration of the holding

TABLE OF CONTENTS

periods described above and ascertain the amount of the deductions to which we are entitled, participating employees will be required to notify us in writing of the date and terms of any disposition of shares purchased under the Amended ESPP.

New Plan Benefits

The amounts of future stock purchases under the Amended ESPP are not determinable because, under the terms of the Amended ESPP, purchases are based upon elections made by participants. Future purchase prices are not determinable because they are based upon fair market value of shares of our Common Stock.

Required Vote

Approval of the Amended ESPP requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and voting on the matter. Abstentions and broker non-votes will not be counted as shares voting on such matter and accordingly will have no effect on the approval of this Proposal No. 3.

FOR PROPOSAL NO. 3, THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ADOPTION OF THE AMENDED ESPP, INCLUDING AN AMENDMENT TO INCREASE THE NUMBER OF SHARES BY 1,000,000 UNDER THE AMENDED ESPP.

PROPOSAL NO. 4

**RATIFICATION OF THE APPOINTMENT OF ERNST &
YOUNG LLP AS THE
COMPANY S INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016**

The Audit Committee, comprised solely of independent directors, has appointed the firm Ernst & Young LLP as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2016. The Board recommends that the stockholders of the Company ratify this appointment. Although ratification is not required by the Company s By-laws or otherwise, the Company believes that it is advisable to give stockholders an opportunity to ratify this selection.

On April 24, 2014, the Audit Committee selected Ernst & Young LLP as the Company s independent registered public accounting firm for the fiscal year ended December 31, 2014, and notified Grant Thornton LLP of its dismissal as the Company s independent registered public accounting firm. The Company formally engaged Ernst & Young LLP on May 7, 2014.

The report of Grant Thornton LLP on the Company s consolidated financial statements as of and for the year ended December 31, 2013 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal year ended December 31, 2013 and subsequent interim period through May 7, 2014, there were no (a) disagreements (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K) with Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton LLP, would have caused Grant Thornton LLP to make reference to the subject matter thereof in connection with its reports for such years nor (b) reportable events, as described under Item 304(a)(1)(v) of Regulation S-K.

The affirmative vote of the majority of the shares present in person or represented by proxy at the 2016 Annual Meeting and voting on this proposal shall constitute ratification of the appointment of Ernst & Young LLP. If the appointment of Ernst & Young LLP as the Company s independent auditor is ratified, the Audit Committee may, in its discretion, change the appointment at any time during the year should it determine such a change would be in the best interest of the Company and its stockholders. If the stockholders, however, do not ratify the appointment, the Audit Committee will reconsider whether to retain Ernst & Young LLP, but may proceed with the retention of Ernst & Young LLP if it deems it to be in the best interest of the Company and its stockholders.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have an opportunity to address the Annual Meeting if they desire to do so. They will also be available to respond to appropriate questions from stockholders.

Fees and Services

The following table shows the fees billed by Ernst & Young LLP for professional services rendered as the Company's independent registered public accounting firm during the 2015 and 2014 fiscal years. Ernst & Young LLP replaced Grant Thornton LLP as our independent registered public accounting firm effective May 7, 2014.
