Item 8.01 Other Events.

DeVry Inc. recently renamed and repositioned some of its segments to reflect the current alignment of its operations. The former Other Educational Services segment was combined with the former Professional Education segment to create the International, K-12 and Professional Education segment. The three reporting segments are now as follows:

- § Business, Technology and Management (undergraduate and graduate at DeVry University, including Keller Graduate School of Management)
- § Medical and Healthcare (Chamberlain College of Nursing, Ross University, and Carrington College Group, Inc., and as of August 3, 2011, American University of the Caribbean)
- § International, K-12 and Professional Education (DeVry Brasil, Advances Academics and Becker Professional Education)

The segments described above have changed from those previously reported by DeVry. The two largest segments, Business, Technology and Management; and Medical and Healthcare, remained unchanged as our two U.S. postsecondary educational segments. The combining of the former Professional Education and Other Educational Services segments reflects the realignment of DeVry's management structure with DeVry Brasil, Advanced Academics and Becker Professional Education now reporting to one executive. The new segment structure is consistent with how the Chief Operating Decision Maker evaluates performance and allocates resources to DeVry's operating segments. In addition, the new structure combines those educational institutions outside of United States postsecondary education into one segment.

Included as Exhibit 99.1 to this Form 8-K are historical quarterly Revenue and Operating Income before Non-controlling Interest and Income Taxes amounts by the renamed and repositioned segments for fiscal years 2011 and 2010. Included as Exhibit 99.2 to this Form 8-K are historical quarterly Revenue and Operating Income before Non-controlling Interest and Income Taxes amounts by the formerly reported segments for fiscal years 2011 and 2010.
