AQUACELL TECHNOLOGIES, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2002 (Unaudited)

NOTE A - BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements include the accounts of AquaCell Technologies, Inc. and its wholly owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form 10QSB

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. The results of operations for the three months ended September 30, 2002 are not necessarily indicative of the results to be expected for the full year. For further information, refer to the Company's annual report filed on Form 10-KSB for the year ended June 30, 2002.

NOTE B - NOTES RECEIVABLE

At September 30, 2002, the notes receivable consist of \$50,000 from a non-affiliated party and \$683,000 from non-director/employee stockholders and entities owned by them at an annual interest rate of 8%. Notes totaling \$1,750,000 maturing August 16, 2001 were extended to September 16, 2001. At September 16, 2001, the notes were restructured into twelve-month installment notes collateralized by marketable securities with the first installment due October 16, 2001. Officer/stockholders of Aquacell, have personally guaranteed up to \$1,750,000 of the notes and have offered as collateral designated assets and have paid \$721,000 in principal and \$32,000 in interest through contribution of salaries in the amount of \$502,000 and surrender of 82,422 shares of the Company's common stock, valued at \$251,000, at September 30, 2002. Such shares have been recorded as treasury stock. During September, 2002 the officers/stockholders contributed accrued salaries totaling \$153,000 as payment under the guaranty provisions of the notes receivables. The Company has recorded an adjustment to reflect a reduction in the estimated fair value of these notes of \$365,000 at June 30, 2001. The balance of the notes are unsecured and matured between March 2002 and October 2002. The note that matured in October 2002 was extended for one year. Interest receivable at September 30, 2002 amounted to \$6,000 from a non-affiliated party and \$36,000 from non-director/ employee stockholders and entities owned by them.

NOTE C - INVENTORIES

Inventories consist of the following at September 30, 2002:	
Raw materials.....	\$ 106,000
Work in progress.....	1,000

	\$ 107,000

	282,000
Less accumulated depreciation.....	218,000

	\$ 64,000

NOTE E - LOANS PAYABLE TO FINANCE COMPANY

On August 24, 2002, the Company entered into a credit facility agreement to finance the receivables of its largest customer, Corbett Water Technologies, Inc. The agreement is for a one-year term, and calls for interest at the rate of 18 1/4 % per annum in addition to the payment of certain processing fees. Payments are made directly to the lender by Corbett Water and the financing is collateralized by the Company's accounts receivable from Corbett Water Technologies, Inc. (See Note H.)

NOTE F - LOANS PAYABLE TO RELATED PARTIES

At September 30, 2002 the loans payable to related parties consist of unsecured demand interest free loans of \$35,000.

NOTE G - LONG TERM DEBT

At September 30, 2002 long-term debt consists of an installment note, secured by a truck, payable in monthly payments of \$342 through February 2005. Maturities on the note are as follows:

Year ending September 30, 2003.....	\$ 4,000
September 30, 2004.....	4,000
September 30, 2005.....	2,000

	\$ 10,000

NOTE H - EQUITY TRANSACTIONS

In connection with a one-year credit facility agreement entered into in August, 2002, the lender was granted warrants to purchase 160,000 shares of common stock, at an exercise price of \$0.78 per share, whose total value is estimated at approximately \$43,000. The estimated value of the warrants is being amortized to expense over one year. Amortization for the three months ended September 30, 2002 was \$4,000.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

When used in this Form 10-QSB and in future filings by the Company with the Commission, statements identified by the words "believe", "positioned", "estimate", "project", "target", "continue", "will", "intend", "expect", "future", "anticipates", and similar expressions express management's present belief, expectations or intentions regarding the Company's future performance within the meaning of the Private Securities Litigation Reform Act of 1995. Readers are cautioned not to place undue reliance on any such forward-looking statements, each of which speaks only as of the date made. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical earnings and those presently anticipated or projected. The Company has no obligations to publicly release the result of any revisions which may be made to any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.

Overview

The following discussions and analysis should be read in conjunction with the Company's condensed consolidated financial statements and the notes presented following the condensed consolidated financial statements. The discussion of results, causes and trends should not be construed to imply any conclusion that such results or trends will necessarily continue in the future.

For the three months ended September 30, 2002 we increased revenues by 1231% to \$932,000 while cutting our per share losses by 70%. This increase in revenues is primarily attributable to the growing acceptance of our flagship Purific Water Cooler in the marketplace. We believe that through our marketing efforts, as the educational process continues to reach corporate America on the savings Purific provides along with the inconveniences it eliminates, we expect that sales of Purific coolers will continue to grow along with an increase of sales in our other products and emerging product lines.

To improve cash flow in order to meet the demands of our manufacturing requirements based upon our significant sales increases, we entered into a credit facility agreement to finance the receivables of our largest customer, Corbett Water Technologies, Inc. This enabled us to turn the cash in a more expeditious manner and to meet all of our production requirements.

Results of Operations

During the three months ended September 30, 2002 on a consolidated basis, we increased revenues by 1231% to \$932,000 as compared to \$70,000 for the similar period of the preceding year. Our gross profit margin of our flagship Purific water coolers,

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form 10QSB

based on material and direct labor costs, was maintained at approximately 56% for the three months ended September 30, 2002.

6

Net loss on a consolidated basis for the three months ended September 30, 2002 was decreased by 70% to \$225,000 or \$0.03 per share, as compared to \$748,000 or \$.10 per share for the same period of the prior year. The decrease in the loss is primarily attributable to the increase in revenues, as well as a reduction in professional fees and a reduction in stock based compensation.

Operating expenses consisting of salaries and wages and other selling, general and administrative expenses, exclusive of depreciation and amortization of \$15,000 were \$572,000 for the three months ended September 30, 2002 as compared to \$464,000 for the comparable three months of the prior year. In addition, legal, accounting and other professional expenses for the three months ended September 30, 2002 were \$74,000 compared to \$154,000 for the three months ended September 30, 2001.

Current period expenses includes \$45,000 of stock based compensation representing the amortization of deferred compensation based on the value of common stock and warrants issued in connection with consulting and credit facility agreements. Stock based compensation for the comparable period of the prior year was \$199,000.

Liquidity and Capital Resources

During the three months ended September 30, 2002 we financed our operations primarily from the collections of receivables in the normal course of business and the financing of certain receivables due from Corbett Water Technologies. A net increase in loans from officers and others amounted to \$6,000 during the period.

Cash used by operations during the three months ended September 30, 2002 amounted to \$405,000. Net loss of \$225,000 was reduced by non-cash stock based compensation in the amount of \$45,000 and depreciation and amortization of \$15,000. Cash used by operations was further increased by an increase in accounts receivable in the amount of \$543,000 and decreased by accounts payable and accrued expenses in the amount of \$282,000. Net loss was further decreased by net changes in accrued interest receivable, prepaid expenses, security deposits, customer deposits and inventories amounting to \$21,000.

We have granted warrants, subsequent to our initial public offering in connection with consulting and marketing agreements that may generate additional capital of up to approximately \$6,900,000 if exercised. There is no assurance that any of these warrants will be exercised.

Cash used in investing activities during the three months ended September 30, 2002 represented expenditures for property and equipment in the amount of \$11,000 decreased by notes issued for the purchase of equipment in the amount of \$9,000.

The principal payments of \$153,000, which consisted of the

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form 10QSB

conversion of accrued officers' salaries, reduced the balance on the \$1,750,000 installment notes receivable to \$591,000 at September 30, 2002.

Management believes that the collections on notes receivable and cash flows expected to be generated from future operations will be sufficient to meet presently anticipated needs for working capital and capital expenditures through at least the next 12 months; however, there can be no assurance in that regard. The Company presently has no material commitments for future capital expenditures.
