Item 5.02 Appointment of Certain Officers

The Firstgold Board of Directors has appointed long-time Firstgold director Terry Lynch to be Chief Executive Officer of Firstgold. Mr. Lynch replaces Steve Akerfeldt who will remain a company director.

Item 8.01 Other Events

On July 16, 2009 Firstgold entered into a Binding Offer Letter and certain implementing agreements, documenting an agreement in principle with a new investor, the Xi'an, China headquartered NORTHWEST NON-FERROUS INTERNATIONAL INVESTMENT COMPANY LIMITED ("Northwest"), to acquire the senior secured promissory notes currently held by Platinum Long Term Growth, LLC and Lakewood Group, LLC. Among other things, Northwest would assume the security interests and title liens currently held by Platinum and Lakewood thus making Northwest the Company's primary secured lender. As part of the transaction, Northwest has also agreed to subscribe for common shares of Firstgold representing 51% of the outstanding common shares (after giving effect to the subscription) for US\$9,500,000 and has also agreed to provide a US\$5,500,000 loan facility to Firstgold to fund working capital. The proposed transaction is subject to a number of conditions, including completion of due diligence by Northwest to its satisfaction, negotiation and execution of definitive agreements and documents contemplated by the transaction, and obtaining all required government, regulatory and shareholder approvals. Pre-loan funding representing an initial deposit provided for in the Binding Offer Letter was received on July 16, 2009.

Upon closing of the transaction, the current secured lenders have agreed to drop all legal actions against the Company and its officers.

Prior to completing the Northwest transaction, Firstgold will be negotiating the elimination of certain unsecured debt and outstanding warrants by issuing common shares to the holders thereof. These negotiated settlements along with the proposed issuance of stock to Northwest will result in significant shareholder dilution to the 141,820,013 shares currently outstanding. However, the Firstgold Board believes that the benefits of this proposed transaction and the additional working capital resulting from the proposed transaction are in the best interest of the Company and its stockholders.
