Nordnet Orders Gilat SkyEdge II-c HTS Consumer Kits
for High-Speed Internet Access in France

Internet service provider chooses Gilat for its high-
quality solutions, ease of use and fast, efficient service

Petah Tikva, Israel, September 8, 2015 -- Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announced today that Nordnet, a leading Internet service provider in France, ordered Gilat's SkyEdge II-c consumer kits for the delivery of high-speed Internet access to households throughout the country.

Gilat's SkyEdge II-c consumer kits will be part of Nordnet's "Star" package, which bundles together satellite-based Internet, telephone and TV services.

"Gilat is on excellent terms with our satellite operator, SES Broadband, which makes for a great partnership," commented Francis Piet, CEO of Nordnet. "It also offers the most cost-effective Ka-band, high-throughput consumer kit that is both simple to install and easy to use."

"We provide a higher quality user experience and significantly better service than the competition," added Assaf Eyal, Corporate VP and President of Gilat's Commercial Division. "Our value is significant, especially at HTS-based ISPs like Nordnet."

About Nordnet

Nordnet, a subsidiary of the Orange Group, provides a wide range of Internet solutions for private and professional use. Since 1995, the company has expanded its offering to include a range of solutions including antivirus, hosting, domain reservations, SEO and more.

Convinced that the Internet and its resources are fundamental building blocks for tomorrow's world, NordNet has adopted three core values:

- Allow everyone to connect to Broadband Internet
- Ensure a safe Internet experience, which is virus- and spam-free
- Enable everyone to create their very own website

About Gilat

Gilat Satellite Networks Ltd (NASDAQ, TASE: GILT) is a leading provider of products and services for satellite-based broadband communications. Gilat develops and markets a wide range of high-performance satellite ground segment equipment and VSATs, with an increasing focus on the consumer and Ka-band market. In addition, Gilat enables mobile SOTM (Satellite-on-the-Move) solutions providing low-profile antennas, next generation solid-state power amplifiers and modems. Gilat also provides managed network and satellite-based services for rural telephony and Internet access via its subsidiaries in Peru and Colombia.

With over 25 years of experience, and over a million products shipped to more than 90 countries, Gilat has provided enterprises, service providers and operators with efficient and reliable satellite-based connectivity solutions, including cellular backhaul, banking, retail, e-government and rural communication networks. Gilat also enables leading defense, public security and news organizations to implement advanced, on-the-move tactical communications on board their land, air and sea fleets using Gilat's high-performance SOTM solutions.
