The words "estimate", "project", "intend", "expect", "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to obtain financing and/or timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. Gilat undertakes no obligation to update or revise any forward-looking statements for any reason. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.

**Unaudited/Non-GAAP Financial Measures** This presentation includes financial data that is not audited and financial data that was not prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP). Non-GAAP financial measures appearing in this presentation consist of GAAP financial measures adjusted to exclude, non cash share-based compensation expenses, impairment of goodwill and long lived assets, amortization of acquired intangible assets, restructuring and other non-recurring expenses and net income or loss from discontinued operations. Gilat believes these non-GAAP financial measures provide consistent and comparable measures to help investors understand Gilat's current and future operating performance. However, our non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures, and should be read in conjunction with Gilat's consolidated financial statements prepared in accordance with GAAP. Additionally, these non-GAAP financial measures may differ materially from the non-GAAP financial measures used by other companies. 2
