Item 1.01 Entry into a Material Definitive Agreement

On June 17, 2011, Applied DNA Sciences, Inc. (the “Company”) received approval and permission to disclose from the Defense Logistics Agency of the U.S. Department of Defense (the “DLA”) a time and material subcontract (the “Subcontract”) that the Company entered into on June 2, 2011 with the Logistics Management Institute (“LMI”).

Under the terms of the Subcontract, the Company will perform work and services for LMI and the DLA relating to a program to demonstrate the functional, technical and business viability of DNA marking technology as an anti-counterfeiting measure by using it in the DLA microcircuit supply chain. The program is divided into six tasks and involves the preparation, implementation and evaluation of marking materials for microcircuit chips and packages, creation of a business case analysis, development of a pricing and transition plan and identification of feasible techniques to apply DNA marks in conjunction with laser marking.

The period of performance of the Subcontract is from May 26, 2011 through November 26, 2012. The Company is entitled to receive payments for performance under the Subcontract through November 26, 2012, for a total amount not to exceed \$913,400.00, assuming the successful completion of the six tasks of the program.

A copy of the press release issued by the Company on June 22, 2011 relating to the Subcontract is attached as Exhibit 99.1 and is incorporated herein by reference.
