The chairman of the annual meeting may refuse to allow presentation of a proposal or nominee for the Board if the proposal or nominee was not properly submitted. The requirements for submitting proposals and nominations for this year's meeting were the same as those described on Page 34 for next year's meeting.

VOTING AND PROXY PROCEDURE

HOW DO I VOTE?

You may vote in either of two (2) ways:

1. **BY MAIL.** Mark your voting instructions on, and sign and date, the proxy card and then return it in the postage-paid envelope provided. If you mail your proxy card, we must receive it before the polls close at the end of the meeting.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

If we receive your signed proxy card, but you do not give voting instructions, our representatives will vote your shares FOR Proposals 1, 2, 3, 4 and 5. If any other matters arise during the meeting that requires a vote, the representatives will exercise their discretion.

2. **IN PERSON.** Attend the annual meeting, or send a personal representative with an appropriate proxy, in order to vote.

HOW DO I REVOKE MY PROXY OR CHANGE MY VOTING INSTRUCTIONS?

You may revoke your proxy or change your voting instructions in three (3) different ways:

1. **WRITE TO QUADRAMED S CORPORATE SECRETARY, JOHN C. WRIGHT, AT 12110 SUNSET HILLS ROAD, SUITE 600, RESTON, VIRGINIA 20190.**

2. **SUBMIT A NEW PROXY CARD BEARING A LATER DATE THAN THE ONE YOU WISH TO REVOKE.** We must receive your new proxy card before the annual meeting begins.
3. **ATTEND THE ANNUAL MEETING AND VOTE IN PERSON (OR BY PERSONAL REPRESENTATIVE WITH AN APPROPRIATE PROXY).**

Table of Contents

HOW WILL PROXIES BE VOTED IF I GIVE MY AUTHORIZATION?

The Board of Directors has selected Lawrence P. English and John C. Wright, and each of them, to act as proxies with full power of substitution. With respect to the proposal regarding election of directors, stockholders may (a) vote in favor of all nominees, (b) withhold their votes as to all nominees, or (c) withhold their votes as to specific nominees by so indicating in the appropriate space on the enclosed proxy card. With respect to the proposals to approve and ratify the adoption of the 2004 Stock Compensation Plan, approve and ratify amendments to the 2002 Employee Stock Purchase Plan, and approve the appointment of BDO Seidman, LLP as the Company's independent auditors for fiscal year 2004, stockholders may (i) vote for, (ii) vote against or (iii) abstain from voting as to each such matter. All properly executed proxy cards delivered by stockholders and not revoked will be voted at the Annual Meeting in accordance with the directions given. IF NO SPECIFIC INSTRUCTIONS ARE GIVEN WITH REGARD TO THE MATTERS TO BE VOTED UPON, THE SHARES REPRESENTED BY A PROPERLY EXECUTED PROXY CARD WILL BE VOTED (i) FOR THE ELECTION OF ALL DIRECTOR NOMINEES, (ii) FOR THE APPROVAL AND RATIFICATION OF THE ADOPTION OF THE 2004 STOCK COMPENSATION PLAN, (iii) FOR THE APPROVAL AND RATIFICATION OF THE PROPOSED AMENDMENT TO THE 2002 EMPLOYEE STOCK PURCHASE PLAN, AND (iv) FOR THE APPOINTMENT OF BDO SEIDMAN, LLP AS INDEPENDENT AUDITORS. Management knows of no other matters that may come before the Annual Meeting for consideration by the stockholders. However, if any other matter properly comes before the Annual Meeting, the persons named in the enclosed proxy card as proxies will vote upon such matters in accordance with their judgment.

HOW WILL VOTES BE COUNTED?

The inspector of elections appointed by the Board for the annual meeting will calculate affirmative votes, negative votes, abstentions, and broker non-votes. Under Delaware law, shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

A broker non-vote results on a matter when a broker or other street or nominee record holder returns a duly executed proxy but does not vote on such matter solely because the record holder does not have discretionary authority to vote on such matter and has not received voting instructions from the beneficial holder. Such record holders have discretionary authority to vote on routine matters, regardless of whether they have received voting instructions. Accordingly, no broker non-votes occur when voting on routine matters. These proposals to amend or adopt stock option plans, such as Proposals Two and Three, however, are not considered routine. Proposals are determined based on the vote of all shares present in person or represented and entitled to vote on the matter. Therefore, abstentions on such proposals have the same effect as a vote against such proposals. Broker non-votes have no effect on the vote of such proposals.

WHAT IF MY SHARES ARE NOT REGISTERED IN MY NAME?

If you own your shares in street name, meaning that your broker is actually the record owner, you should contact your broker. There are certain instances in which brokers are prohibited from voting shares held for customers without specific voting instructions. When a broker does not have voting instructions and withholds its vote on one of these matters, it is called a broker non-vote. Broker non-votes count toward a quorum, and can affect the outcome of certain proposals. See the paragraph above entitled How Will Votes Be Counted? for more information.

Key Employee Retention Agreements

In March 2003, at a time in which the company was preparing the restatement of its financial statements and anticipated being delisted from the NASDAQ Stock Market, QuadraMed's Board of Directors approved its Special Committee's recommendation that the company enter into retention agreements with a total of fifteen key employees, including its Chairman and CEO, Lawrence P. English, and three other named executive officers, Michael S. Wilstead, Dean A. Souleles, and Frank J. Pecaitis. The purpose of such agreements was to provide additional incentives to these employees to continue their employment with the company through the successful achievement of one of certain strategic objectives. Each of the key employee retention agreements requires that in exchange for the employee's continued employment with the company (unless terminated earlier by the company for cause), commitment to use his or her best efforts to achieve the selected strategic objective, and agreement not to disclose any of the company's confidential or proprietary information, the company will pay the applicable employee an amount as follows: (i) 25% of such amount on the date the company's common stock is delisted from the NASDAQ Stock Market; (ii) 25% of such amount upon the earlier of three months from the delisting or the announcement of a filing of a plan of reorganization in bankruptcy; and (iii) 50% of such amount upon the earliest of (A) the listing of our common stock on a U.S. national securities exchange or upon the relisting of our common stock on the NASDAQ National Market or NASDAQ Small Cap Market, (B) the closing date of the sale of the company and/or its assets, (C) the closing date of the sale of the division of the company in which the employee is employed, or (D) the emergence of the company and/or its assets from a plan of reorganization. The total retention benefit payable to the company's named executive officers is as follows: Lawrence P. English, \$615,000; Michael S. Wilstead, \$450,000; Dean A. Souleles, \$167,590; and Frank J. Pecaitis, \$185,400, of which 50% has been paid to each key employee in accordance with the terms of their agreement.

Compensation Committee Report On Executive Compensation

QuadraMed's Compensation Committee establishes general executive compensation policies and reviews and determines the salaries, bonuses, and discretionary option grants awarded to QuadraMed's executives, including the Chief Executive Officer.

The Compensation Committee retained an independent compensation consulting firm in 2003 to provide advice on executive compensation matters and provide it with the following:

Comparative executive compensation information, including salary, bonus, and option data for companies similar to QuadraMed and that compete with QuadraMed for executive talent.

Specific recommendations to maintain QuadraMed's executive compensation at levels competitive with the marketplace.

The following table summarizes the key policies, factors, and other compensation information that the Compensation Committee used in determining 2003 executive compensation, including that of the Chief Executive Officer:

Provide competitive compensation to attract and retain highly-skilled executives.

Policies

Align and tie executive personal performance to QuadraMed's financial performance through the use of variable and long-term incentive awards.

Annual base salary, tied to the Compensation Committee's evaluation of personal executive performance and the competitive marketplace for comparable executives.

Executive

Compensation

Variable incentive awards, tied to achievement of QuadraMed's financial goals set at the beginning of the fiscal year and evaluation of personal executive contribution.

Elements

Long-term equity-based incentive awards, tied to aligning the interests of executive officers with stockholders interests.

Contribution margin targets set by the Board.

Improvement of management processes.

2003 Factors

Development of long-term corporate business, research and development, and financial strategies.

Improved communication with customers, the investment community, and the Board.

With regard to the compensation of the Chief Executive Officer, the Compensation Committee evaluated QuadraMed's contribution margins and Mr. English's performance on a variety of matters, including improvement of management processes, reduction in expenses, strengthening of the management team, increase in revenues, development of long-term corporate business and financial strategies, and improved communication with customers, the investment community, and the Board.

Pursuant to Section 162(m) of the Internal Revenue Code, QuadraMed is not allowed a tax deduction for non-performance based compensation paid to an executive officer in excess of \$1 million in any fiscal year. Non-

performance based compensation paid to a QuadraMed executive officer in 2003 did not exceed this limitation and it is unlikely that this limitation will be exceeded in the foreseeable future. Consequently, the Compensation Committee has decided not to take any action to limit or restructure the elements of cash compensation payable to QuadraMed's executive officers. This decision will be reconsidered, however, should the non-performance based compensation of any executive officer ever approach the \$1 million level.

The Board did not modify or reject any Compensation Committee action or recommendation regarding executive compensation for the 2003 fiscal year.

In general, 25% of the Option shares will vest after one year, and the remaining 75% of the Option shares will vest monthly over the following thirty-six months; however, the Compensation Committee may provide a longer or shorter vesting period in the Award Agreement. Restricted Stock and Restricted Stock Units may or may not be subject to vesting; vesting (in full or in installments) shall occur upon the satisfaction of the conditions as stated in the recipient's Award Agreement

Termination and Amendments

In general, the Board has the right to amend or terminate the 2004 Plan at any time; provided, however, that no amendment shall be effective without stockholder approval to the extent required by the Internal Revenue Code, securities laws and listing requirements or accounting standards. However, neither the Compensation Committee nor the Board may reprice any options or stock appreciation rights without the prior approval of the stockholders

Awards

The Compensation Committee shall make awards of stock options, stock appreciation rights, restricted stock and restricted stock units in its discretion. Certain awards may be tied to an individual or the Company meeting performance-based criteria.

Table of Contents

All awards of stock options, stock appreciation rights, restricted stock, and restricted stock units under the 2004 Plan shall be evidenced by an Award Agreement.

Adjustments

In the event of a recapitalization, stock split, stock dividend, combination of shares of the Company's common stock (\$0.01 par value), share exchange, or any similar corporate transaction or event in respect of the Company's common stock, the 2004 Plan will be appropriately adjusted in the number and class of shares reserved for the granting of awards and in the number, class and price of shares covered by awards granted pursuant to the 2004 Plan but not then exercised.

Stock Options

The 2004 Plan authorizes the issuance of both nonqualified options and incentive stock options (within the meaning of Section 422(b) of the Internal Revenue Code of 1986, as amended). The exercise price per share of stock options granted under the 2004 Plan shall be determined by the Compensation Committee, but shall not be less than the fair market value of the common stock as of the date of grant. The Compensation Committee will determine the option term at the time of grant, which may not be longer than 10 years. Payment of the exercise price of a stock option may be in cash, common stock owned by the optionholder or by a combination of cash and common stock. The 2004 Plan also authorizes the use of certain cashless exercise methods.

Stock Appreciation Rights

A stock appreciation right entitles the award recipient to receive, in Company common stock, value equal to the excess of the fair market value of one share of common stock over the exercise price established by the Compensation Committee in the Award Agreement, multiplied by the number of shares specified in the stock appreciation right. The Compensation Committee may direct that stock appreciation right may be exercised for such number of shares and within such period only at such time or times as may be determined by the Compensation Committee. The exercise price per share shall not be less than the fair market value of the common stock on the date of grant. The Compensation Committee may specify vesting periods in the Award Agreement.

Restricted Stock and Restricted Stock Units

Restricted stock awards are shares of Company common stock awarded under the 2004 Plan that are subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service or achievement of one or more of the performance objectives described above, as determined by the Compensation Committee. A restricted stock unit is an award payable in cash or common stock of the Company and represented by a bookkeeping credit that equals the fair market value of a share of common stock on the date of grant, and which amount shall be subsequently increased or decreased to reflect the fair market value of a share of common stock on any date from the date of grant up to the date that the restricted stock unit is paid to the recipient. Unlike restricted stock, restricted stock units are not outstanding shares of common stock and do not entitle the recipient to voting or other rights with respect to the common stock of the Company. However, an award of restricted stock units may provide for the crediting of additional restricted stock units based on the value of dividends paid on the Company's common stock while the award is outstanding.

Awards of restricted stock or restricted stock units may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Award Agreement. During any restricted period, the recipient shall not be permitted to sell, transfer, pledge or assign any restricted stock awarded under the 2004 Plan.

The holders of restricted stock awarded under the 2004 Plan shall have the same voting, dividend and other rights as the Company's other stockholders. An Award Agreement may, however, require that the holders of

Table of Contents

restricted stock invest any cash dividends received in additional restricted stock. Such additional restricted stock shall be subject to the same conditions and restrictions as the award with respect to which the dividends were paid.

Transferability

Stock options, restricted stock, restricted stock units and stock appreciation rights granted under the 2004 Plan are transferable only as provided by the Compensation Committee, by the participant's last will and testament, and by the applicable laws of descent and distribution. Restricted stock and restricted stock units may not otherwise be sold, transferred, assigned, pledged or otherwise encumbered or disposed of until the applicable restrictions lapse.

Change of Control

Stock options, restricted stock, restricted stock units and stock appreciation rights granted under the 2004 Plan will become exercisable/fully vested upon the occurrence of a Change of Control as defined in the 2004 Plan.

Termination, Death and Retirement

Subject to certain exceptions, stock options and stock appreciation rights will expire 90 days after the termination of a participant's employment or his retirement (two years in the case of a Section 16 insider). If a participant dies before exercising his stock option or stock appreciation right during the term of such stock option or stock appreciation right, the stock option or stock appreciation right remains exercisable for a period of one year after the date of death (two years in the case of a Section 16 insider) by the person who inherits the right to exercise by bequest or inheritance, and in no event may a stock option or stock appreciation right be exercised after the expiration of its term.

In the event of the participant's retirement, permanent disability or death, or in cases of special circumstances, the Compensation Committee, in its sole discretion, may waive, in whole or in part, any or all remaining restrictions with respect to such participant's restricted stock.

Non-Employee Director Option Grant Program

Each individual who is first elected or appointed as a non-employee member of the Company's Board of Directors shall automatically be granted, a nonqualified stock option to purchase 46,000 shares of common stock (the initial grant), if the individual has not previously been employed by the Company or one of its subsidiaries or affiliates. Beginning in 2006, on the date of each annual stockholders meeting, each individual who is to continue to serve as a non-employee Board member will automatically be granted a nonqualified stock option to purchase 12,000 shares of common stock if that individual has not been awarded an initial option under the Non-Employee Director Option Grant Program as of the date of either of the preceding two annual stockholder meetings.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

The exercise price of these shares will be the fair market value per share of common stock as of the grant date, and shall be payable in cash or shares of the Company's common stock, at the discretion of the Compensation Committee. The right to exercise each initial 46,000-share option grant will vest as follows: (i) one-half of the stock option shares will vest upon completion of one year of Board service and (ii) the balance of the stock option shares will vest upon the participant's completion of his or her second year of Board service.

The right to exercise each annual 12,000-share option grant shall vest in equal monthly installments over twelve months.

Table of Contents

The participant will have a two year period following the date of the participant's cessation of Board service in which to exercise each such option. All of a participant's stock options will immediately vest if the participant's Board service ends by reason of death or permanent disability, and the participant or the person inheriting his options have twelve months following such cessation of Board service in which to exercise the stock options. However, if the participant's Board service ends for any reason other than death or permanent disability, all unvested stock options will immediately terminate and cease to be outstanding. In the event of a Change of Control, as defined in the 2004 Plan, the shares of common stock at the time subject to each outstanding stock option but not otherwise vested will automatically vest in full and become fully exercisable.

Director Fee Option Grant Program

Each non-employee Board member may elect to apply all or any portion of the annual retainer fee otherwise payable in cash for his or her service on the Board to the acquisition of a special option grant under the Director Fee Option Grant Program.

Each stock option in this program has an exercise price per share of 33 1/3% of the fair market value per share of common stock as of the grant date. The number of shares of common stock subject to the stock option shall be determined by a formula established in the plan.

With respect to the stock option, half of the shares will vest upon the participant's completion of six months of Board service in the calendar year for which his or her election under the Director Fee Option Grant Program is in effect, and the balance of the shares will vest in a series of six (6) successive equal monthly installments upon the participant's completion of each additional month of Board service during that calendar year. In general each vested stock option held under the Director Fee Option Grant Program will remain exercisable until two years after date of cessation of Board service. If the participant dies or becomes permanently disabled, each stock option held by the participant under the Director Fee Option Grant Program shall immediately vest in full.

Deferral Election

Any participant may irrevocably elect, with the approval of the Compensation Committee, to defer the delivery of the proceeds of the exercise of any stock option or stock appreciation right not transferred under the 2004 Plan. Deferrals are only allowed for exercises which occur while the participant is an active Company employee. Deferred share units shall be valued at the fair market value on the date of exercise. The Compensation Committee may, at its sole discretion, allow for the early payment of a participant's deferred share units account in the event of an unforeseeable emergency (as defined in the 2004 Plan) or in the event of the death or permanent disability of the participant.

Administration

The 2004 Plan will be administered by the Compensation Committee. The Chief Executive Officer shall have authority to grant to any person, other than a Section 16 insider, an aggregate award or awards of up to 50,000 shares of common stock in any calendar year; and any such award or awards will be considered as the action of the Compensation Committee.

Cancellation and Rescission of Awards; Repurchase of Shares

Edgar Filing: QUADRAMED CORP - Form DEF 14A

Unless the Award Agreement specifies otherwise, the Compensation Committee may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid, or deferred awards at any time if the participant is not in compliance with all applicable provisions of the applicable Award Agreement and the 2004 Plan, or if the participant engages in any detrimental activity (as defined in the 2004 Plan).

In the event a participant fails to comply with the 2004 Plan provisions regarding detrimental activity prior to, or during the six months after, any exercise, payment or delivery pursuant to an award, such exercise,

payment or delivery may be rescinded within two years thereafter. In the event of a rescission, the participant must pay the Company the amount of any gain realized or payment received as a result of the rescinded exercise, payment or delivery, on the required terms.

Unless a different repurchase right or obligation is specified in a separate agreement between the Company and the participant, the shares of common stock acquired in connection with an award issued under this 2004 Plan shall be subject to a right (but not an obligation) of repurchase by the Company at fair market value of the shares being repurchased. If the Participant transfers any shares of common stock, the right of repurchase will apply to the transferee to the same extent as to the participant.

Tax Consequences

Other than incentive stock options, stock option grants under the 2004 Plan are non-qualified stock options governed by Section 83 of the Code. Generally, no federal income tax is payable by a participant upon the grant of a stock option and no deduction is taken by the Company at that time. Under current tax laws, if a participant exercises a non-qualified stock option, he or she will be taxed on the difference between the fair market value of the common stock on the exercise date and the option price; and the Company will be entitled to a corresponding deduction on its income tax return. In general, a participant is not taxed upon the exercise of an incentive stock option (unless the alternative minimum tax applies), and any gain realized on the sale of shares by exercise of the option will be taxed as capital gain provided the applicable holding periods are met. The Company is generally not entitled to any deduction on its income tax return relative to the grant or exercise of an incentive stock option.

Restricted stock, restricted stock units and stock appreciation rights are also taxed under Section 83 of the Code. Generally, no taxes are due when the award is initially made, but the award becomes taxable when it is no longer subject to a substantial risk of forfeiture (i.e., become vested or transferable). Income tax is paid on the value of the stock, units or stock appreciation rights at ordinary rates when the restrictions lapse, and then at the capital gain rates when the shares are sold, and a deduction is taken by the Company at that time.

PROPOSAL THREE

APPROVAL AND RATIFICATION OF AN AMENDMENT TO THE 2002 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE UPON EXERCISE OF OPTIONS GRANTED UNDER THE PLAN FROM 333,450 TO 453,450.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

QuadraMed's stockholders are being asked to approve and ratify an increase in the number of shares reserved for issuance upon exercise of options granted under the 2002 Employee Stock Purchase Plan from 333,450 to 432,250, which is payroll deduction based and intended to qualify under Section 423 of the Internal Revenue Code (Code), and provides employees the opportunity to acquire common stock ownership in QuadraMed.

Based on the Compensation Committee's recognition that the Company's success is dependent upon its ability to attract and retain talented employees and that one of the best ways to compete for such personnel is to offer significant potential rewards which are tied to the Company's success, the Board adopted the ESPP on January 28, 2003 and on April 29, 2002 the stockholders approved and ratified the adoption of the ESPP. The Board believes that all employees of the Company and its subsidiaries should be provided the opportunity to

Table of Contents

acquire or increase their holdings of the Company's Common Stock. When adopted, 333,450 shares of Common Stock were reserved for the grant of options under the ESPP. As of February 2, 2004, 202,238 options had been granted and exercised under the ESPP.

The following provides a summary of the Plan:

Plan Administrator

The Compensation Committee.

Plan Administrative Expense

QuadraMed shall bear all costs of Plan administration.

Authorized Shares

Currently, 333,450 with adjustments based on stock splits, dividends, recapitalizations, and other changes. After amendment, 453,450 with adjustments based on stock splits, dividends, recapitalizations, and other changes. If rights granted under the Plan expire, lapse, or otherwise terminate without being exercised, unpurchased shares are available for re-issuance under the Plan.

Offering / Purchase

Determined by Plan Administrator and not exceeding twenty-four (24) months, generally divided into four (4) semi-annual purchase periods. If price of common stock is lower at the end of period Offering/Purchase Periods than at the beginning, then the Offering terminates and a new one begins. The initial period began August 1, 2002, and ended on January 31, 2003. Subsequent offering periods commenced on February 1, 2003 and occur every six months thereafter.

Employee Eligibility and Limitations

Any employee expected to work over 20 hours per week for more than 5 months may participate in the Plan. The Company currently has approximately 870 such employees. Annual purchase eligibility is limited to fair market value of shares not to exceed \$25,000 at the time of the purchase, and a maximum of 750 shares can be purchased on any one purchase date. No employee can participate in the Plan if they own more than 5% of outstanding shares of QuadraMed or any subsidiary. If an employee becomes eligible to participate in the middle of a purchase period, Employee Eligibility participation commences at the beginning and of the next purchase period. Employees may withdraw from the Plan

Edgar Filing: QUADRAMED CORP - Form DEF 14A

up to the last day of purchase period and accumulated deductions will be returned without interest and without ability to participate in remainder of offering. Termination of employment for any reason immediately terminates right to participate in Plan and employee will be returned accumulated payroll deductions without interest. Employees may not transfer any rights under the Plan.

Payroll Deduction Limitations

Any multiple of 1% up to 10% of annual base salary. Participants may reduce or increase percentage of contribution according to terms of the Plan. Payroll deductions are credited to participant's account under the Purchase Plan and deposited with QuadraMed's general funds. No additional payments may be made into participant's account.

Purchase Price

The lower of (i) 85% of the fair market Purchase Price value of a share of common stock on a participant's entry date or (ii) 85% of the fair market value of a share of common stock on the last day of the purchase period.

Table of Contents

Plan Suspension, Termination or Amendment

The Compensation Committee may suspend, terminate, or amend the Plan at any time. Amendments (i) increasing the number of shares reserved; (ii) modifying eligibility requirements, or (iii) modifying any other provision that would materially increase the benefits accruing to Plan Participants must be approved by the stockholders within 12 months to comply with the requirements of Section 423 of the Code. Rights granted before the Plan's amendment or terminations are not affected by any amendment or termination without employee consent.

Change of Control

Purchase rights are accelerated in the event of a Corporate Transaction (as defined in the Plan).

Certain Federal Income Tax Implications

The following summarizes certain U.S. federal income tax considerations generally applicable to purchase rights granted under the Plan, if approved. This summary does not purport to be complete and is based on current provisions of the U.S. federal tax laws and regulations, all of which are subject to change (possibly with retroactive effect) and does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction.

QuadraMed has no income tax consequences from implementation of the Plan and is entitled to deduct amounts paid to employees as ordinary income under the Plan to the extent the employee recognized ordinary income on a disqualifying disposition of such shares. The Plan is intended to qualify for favorable federal income tax treatment under Section 423 of the Code. Assuming the satisfaction of certain conditions, a participant will not recognize income for federal income tax purposes upon enrollment in the Plan or upon purchase of QuadraMed common stock under the Plan. All tax consequences are deferred until a participant sells the shares or otherwise disposes of the shares. If Plan shares are held for more than one year after the date of purchase and more than two years after the beginning of the applicable Offering Period, upon a sale or disposition of the shares, an employee will generally realize ordinary income to the extent of the lesser of: (i) the actual gain (the amount by which the fair market value of the shares at the time of such sale or disposition exceeds the purchase price); or (ii) an amount equal to 15% of the fair market value of the shares on the first day of the Offering Period, if the shares were purchased at no less than 85% of the fair market value of the shares on the first day of the Offering Period.

Any additional gain upon the sale or disposition of shares should be treated as long-term capital gain. If the shares are sold or otherwise disposed of within either the one-year or the two-year holding periods described above (in either case a disqualifying disposition), the employee would realize ordinary income at the time of sale or other disposition taxable to the extent that the fair market value of the shares at the date of purchase was greater than the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period.

The Board of Directors unanimously recommends that you vote FOR this proposal.

PROPOSAL FOUR

APPROVAL OF APPOINTMENT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The fourth proposal item to be voted on is to approve the appointment of BDO Seidman, LLP as independent public accountants for the fiscal year ending December 31, 2004.

The Audit Committee has appointed, and the Board has approved, BDO Seidman, LLP to act as QuadraMed's independent certified public accountants for the fiscal year ending December 31, 2004. The Board has

Table of Contents

directed that such appointment be submitted to QuadraMed's stockholders for ratification at the 2004 annual meeting. BDO Seidman, LLP were QuadraMed's independent certified public accountants for the fiscal year ending December 31, 2002 and 2003.

Stockholder ratification of the appointment of BDO Seidman, LLP as QuadraMed's independent certified public accountants is not required. The Board, however, is submitting the appointment to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the appointment, the Board will reconsider whether or not to retain BDO Seidman, LLP or another firm. Even if the appointment is ratified, the Board, in its discretion, may direct the appointment of a different accounting firm at any time during the 2004 fiscal year if the Board determines that such a change would be in the best interests of QuadraMed and its stockholders.

Representatives of BDO Seidman, LLP are expected to be present at the 2004 annual meeting and will have an opportunity to make a statement if they so desire. They will be available to respond to appropriate questions.

The Board of Directors unanimously recommends that you vote FOR this proposal.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached to this proxy statement as Exhibit C. All members of the Audit Committee meet the independence and knowledge requirements of the marketplace rules of The NASDAQ Stock Market, Inc. The Audit Committee oversees QuadraMed's financial reporting process on behalf of the Board of Directors. The Audit Committee appoints and retains QuadraMed's independent public accountants, whose appointment is confirmed and ratified by the Board of Directors. Management has the primary responsibility for overseeing preparation of the financial statements and the overall reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with BDO Seidman, LLP, QuadraMed's independent certified public accountants who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of QuadraMed's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including the Statement on Auditing Standards No. 61. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and QuadraMed and received and reviewed the written disclosures and letter from the independent auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) the inclusion of the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended the selection of BDO Seidman, LLP as QuadraMed's independent certified public accountants for 2004.

CHANGES IN REGISTRANT'S CERTIFYING ACCOUNTANTS

On April 5, 2002, QuadraMed, upon the approval of our Audit Committee and our Board of Directors, appointed PricewaterhouseCoopers, LLP (PwC) as our independent public accountant and dismissed Pisenti & Brinker, LLP (P&B), which had been appointed our independent public accountants on May 8, 2000, and had served in such capacity for the fiscal years ending December 31, 2000 and 2001, and subsequent interim periods.

P&B's reports on our financial statements for the fiscal years 2000 and 2001 and any subsequent interim period did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles. There were no disagreements between QuadraMed and P&B on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of P&B, would have caused them to make reference to the subject matter of such disagreements in connection with their reports during our fiscal years 2000 and 2001, and any subsequent interim period.

Furthermore, during QuadraMed's fiscal years 2000 and 2001, and any subsequent interim period, P&B never advised QuadraMed that it had concerns with our internal controls, management's representations, financial statements prepared by management, scope of their audit, or previously issued financial statements and Reports of Independent Auditors.

We asked P&B to provide us with a letter addressed to the SEC stating whether it agreed with QuadraMed's disclosures and, if not, to specify in which respects it did not agree. A copy of such letter, dated May 15, 2002, is filed as an exhibit to the S-1 registration statement filed on January 21, 2004.

On April 28, 2003, QuadraMed dismissed PwC as our independent accountants. Our Audit Committee made the decision to change independent accountants.

PwC did not report on our consolidated financial statements for any fiscal year. During their retention as our independent accountants from April 5, 2002 through April 28, 2003, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused them to make reference thereto in their report on the consolidated financial statements.

PwC did, however, inform both management and our Audit Committee of its concerns regarding material weaknesses in the company's system of internal controls, policies and procedures, including the adequacy and reliability of certain financial information, and certain financial personnel. Specifically, PwC reported material weaknesses in 1) the accounting for software revenue and related expense recognition, 2) the reporting of discontinued operations, 3) the accounting for the company's investment in certain non-consolidated subsidiaries, 4) the accounting for certain life insurance contracts and the Supplemental Executive Retirement Plan (SERP), 5) the accounting and reporting of non-recurring charges, 6) the accounting for stock-based compensation, 7) the accounting and reporting of capitalized software development costs, 8) the accounting for income taxes, 9) the documentation supporting the accounting for certain business combinations, and 10) timely analysis and reconciliation of general ledger accounts. PwC further stated that these material weaknesses would require PwC to expand the scope of its uncompleted audit of fiscal year 2002, and that its findings to date may materially impact the fairness and reliability of our previously issued financial statements as previously filed with the SEC and the report of the prior independent public accountants on those financial statements. We requested that PwC furnish us with a letter addressed to the SEC stating whether or not it agrees with the above statements. A copy of such letter, dated May 5, 2003, was filed on our Current Report on Form 8-K with the SEC on May 5, 2003.

We engaged BDO Seidman, LLP (BDO) as our new independent accountants as of May 5, 2003.

Table of Contents

As a result of the matters discussed above, as well as management's discovery and analysis of accounting and financial reporting errors, the Audit Committee concluded at a meeting on August 9, 2002 that the restatement of the company's consolidated financial statements for the years ended December 31, 2001 and 2000 and the unaudited condensed consolidated financial statements for the quarter ended March 31, 2002, was required. Deloitte & Touche LLP (Deloitte) was engaged to perform forensic accounting and other services in connection with accounting, disclosure and other issues that resulted in the restatements and rendered an extensive report to the Audit Committee and the company. The Audit Committee re-engaged Pisenti & Brinker, LLP (P&B), the company's independent public accountants who immediately preceded PwC, to reaudit the years ended December 31, 2000 and 2001.

In October 2002, the Audit Committee further concluded after additional meetings that the year ended December 31, 1999, a year previously audited by Arthur Andersen LLP, required restatement as well, for the same reasons as mentioned above. Upon the completion of the audit of the restated years by P&B, we filed an amended Form 10-K/A for the year ended December 31, 2001 on June 6, 2003, and an amended Form 10-Q/A for the period ended March 31, 2002 on August 15, 2003.

As of December 31, 2003, an evaluation was performed under the supervision and with the participation of the company's management, including the Chief Executive Officer (the CEO) and the Chief Financial Officer (the CFO), of the effectiveness of the design and operation of the company's disclosure controls and procedures (as defined in Rules 13a-15(e), and 15d-15(e) under the Securities and Exchange Act of 1934). Based on that evaluation, the company's management, including the CEO and CFO, concluded that the company's disclosure controls and procedures were effective as of December 31, 2003. There have been no significant changes in the company's disclosure controls over financial reporting that occurred during the quarter ended December 31, 2003 that have materially affected, or are reasonably likely to materially affect, our disclosure controls over financial reporting.

Also as of December 31, 2003, our CEO and CFO evaluated the effectiveness of our internal controls over financial reporting. They concluded that our practices and procedures are appropriate under the circumstances except for the following material weakness. In connection with performing its audit of our financial results for 2002 and 2003, BDO Seidman, LLP informed us that they noted a matter involving internal control that they considered to be a material weakness. A material weakness is a reportable condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Reportable conditions are matters coming to the auditor's attention that relate to significant deficiencies in the design or operation of internal control and could adversely affect the organization's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements.

Our Enterprise Division has not implemented procedures to track movements in deferred revenue on an overall roll forward basis. As such, it is difficult for management to continually monitor movements in this account. To mitigate this weakness, the deferred revenue analysis, by customer, needs to be and is scrutinized at the end of each month, quarter and year end. In addition, analytical review work is done at the end of each period but not on an overall roll forward basis. We are in the process of upgrading our computer software and adding new modules that will provide the aforementioned overall roll forward analysis.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. No significant changes were made to our internal controls over financial reporting that could significantly affect these controls subsequent to the date of their evaluation.

Since September 2003, the Company has been current with all of its filings required by the SEC.

The Chairperson of the Committee shall be responsible for leadership of the Committee, including preparing the agenda, presiding over Committee meetings, making Committee assignments and reporting the Committee's actions to the Board from time to time (but at least once each year) as requested by the Board.

As part of its responsibility to foster free and open communication, the Committee should meet periodically with management, the internal auditors and the independent accountants in separate executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately. In addition, the Committee or at least its Chairperson should meet with the independent accountants and management quarterly to review the Company's financial statements prior to their public release consistent with the provisions set forth below in Section IV. The Committee may also meet from time to time with the Company's investment bankers, investor relations professionals and financial analysts who follow the Company.

IV. COMMITTEE RESPONSIBILITIES

In carrying out its responsibilities, the Committee's policies and procedures should remain flexible to enable the Committee to react to changes in circumstances and conditions so that it can fulfill its oversight responsibilities. A majority of the members of the Committee shall constitute a quorum. The vote of a majority of a quorum shall constitute action by the Committee.

(c) Notwithstanding the provisions of this Paragraph 4, the Chief Executive Officer of the Company, shall have authority to grant to any person, other than an Insider, an annual Award or Awards up to an aggregate of 50,000 shares of Common Stock per Participant; and any such Award or Awards shall, for purposes of this Plan, be considered as the action of the Committee.

(d) Awards shall be granted by the Company and shall become effective only after prior approval of the Committee, and upon the execution of an Award Agreement between the Company and the recipient of the Award.

(e) All Awards under the Plan are subject to withholding of all applicable taxes, and the Committee may condition the delivery of any shares or other benefits under the Plan on satisfaction of the applicable withholding obligations. The Committee, in its discretion, and subject to such requirements as the Committee may impose prior to the occurrence of such withholding, may permit such withholding obligation to be satisfied through cash payments, through the surrender of shares of Common Stock which the participant already owns, or through the surrender of shares of Common Stock to which the Participant is otherwise entitled under the Plan.

the number of shares of Common Stock available at any time for the granting of Awards, there shall be deducted from the total number of reserved shares of Common Stock, the number of shares of Common Stock in respect of which Awards have been granted pursuant to the Plan that are still outstanding or have been exercised. The shares of Common Stock to be issued upon the exercise of Awards granted pursuant to the Plan shall be made available from the authorized and unissued shares of Common Stock or shares subsequently acquired by the Company as treasury shares. If for any reason shares of Common Stock as to which an Award has been made are forfeited or otherwise cease to be subject to purchase thereunder, then such shares of Common Stock again shall be available for issuance pursuant to the exercise of Awards pursuant to the Plan.

(b) Subject to Paragraph 6(c), the maximum number of shares that may be covered by Awards granted to any one individual pursuant to Paragraph 7 (relating to Options) or Paragraph 9 (relating to SARs) shall be one million five hundred thousand (1,500,000) shares during any one calendar year period; and the maximum number of shares that may be issued to any one individual in conjunction with the Awards granted pursuant to Paragraph 11 (relating to Restricted Stock Awards) shall be seven hundred fifty thousand (750,000) shares during any one calendar year period.

(c) In the event of a recapitalization, stock split, stock dividend, combination of shares of Common Stock, share exchange or any similar corporate transaction or event in respect of the Common Stock, the Plan will be appropriately adjusted in the number and class of shares reserved for the granting of Awards and in the number, class and price of shares covered by Awards granted pursuant to the Plan but not then exercised. The Board shall make such adjustments, and its determination shall be final, binding and conclusive.

7. Terms and Conditions of Options

(a) Each Option granted pursuant to the Plan shall be evidenced by an Award Agreement in such form as the Committee may approve, which agreement shall be subject to the terms and conditions of this Plan, and shall contain such terms and conditions, as the Committee shall prescribe.

(b) The exercise price per share of Common Stock purchasable under an Option shall be determined by the Committee at the time the Option is granted but will not be less than the Fair Market Value of a share of Common Stock as of the date of the grant of such Options.

(c) Each Option, subject to the other limitations set forth in the Plan, may extend for a period of up to ten (10) years from the date on which it is granted. The term of each Option shall be determined by the Committee at the time of grant of the Option, provided that if no term is established by the Committee the term of the Option shall be ten (10) years from the date on which it is granted.

(d) The Optionholder's right to exercise the Option shall vest as follows: (i) 25% of the Option shares shall vest upon the Participant's completion of one year of continuous service with the Company; and (ii) the balance of the Option shares shall vest in a series of thirty-six (36) equal successive monthly installments upon the Participant's completion of each additional month of continuous employment. The Committee may, however, provide in the Award Agreement that the right to exercise each Option for the number of shares subject to each Option shall vest in the Optionholder over any other shorter or longer period, or in periodic installments that may, but need not, be equal; and the Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Committee may deem appropriate. However, in the event of a Change in Control, any Option that is not then fully exercisable, shall become fully exercisable immediately prior to that Change in Control.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

(e) Options shall be nontransferable and nonassignable, except that Options may be transferred by testamentary instrument or by the laws of descent and distribution, and shall be exercisable by the Participant during his lifetime only by him. Notwithstanding the foregoing, the Committee may set forth in the Award Agreement at the time of grant or thereafter, that the Option (other than an Incentive Stock

Table of Contents

Option) may be transferred to Immediate Family Members, to trusts solely for the benefit of such Immediate Family Members, and to partnerships in which such Immediate Family Members and/or trusts are the only partners. Any transfer of Options made under this provision shall not be effective until notice of such transfer is delivered to the Company. In the event an Option is transferred in accordance with the foregoing, the Option shall be exercisable solely by the transferee and shall remain subject to the provisions of the Plan. The Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(f) Upon voluntary or involuntary termination of a Participant's active service with the Company for any reason (including illness or disability), his or her Option and all rights thereunder shall terminate effective ninety (90) days, or two (2) years, in the case of an Insider, after the date the Optionholder ceases active, regular service with the Company, except (i) to the extent previously exercised and (ii) as provided in subparagraphs (g), (h) and (i) of this Paragraph 7.

(g) In the event a Participant (i) takes a leave of absence from the Company for personal reasons or as a result of entry into the armed forces of the United States, or any of the departments or agencies of the United States government or (ii) terminates his or her employment or ceases providing services to the Company, by reason of illness, Permanent Disability, voluntary termination with the consent of the Committee, or other special circumstances, the Committee may consider his or her case and may take such action in respect of the related Award Agreement as it may deem appropriate under the circumstances, including accelerating the time previously granted Options may be exercised and extending the time following the Participant's termination of active employment during which the Optionholder is entitled to purchase the shares of Common Stock subject to such Options, provided that in no event may any Option be exercised after the expiration of the term of the Option.

(h) If a Participant dies during the term of his or her Option without having fully exercised the Option, the Optionholder or the person who inherits the right to exercise the Option by bequest or inheritance, shall have the right at any time following the Participant's death and for a period of one (1) year following the date of the Participant's death, or two (2) years in the case of Insider, to purchase the number of shares of Common Stock that the Optionholder was entitled to purchase at the date of death of the Participant, after which the Option shall lapse, provided that in no event may any Option be exercised after the expiration of the term of the Option. In the event of the death of the transferee of an Option transferred in accordance with Paragraph 7(e), above, the Option shall be exercisable by the executors, administrators, legatees or distributees of the transferee's estate, as the case may be, for a period of one (1) year following the date of the transferee's death, or two (2) years in the case of Insider, provided that in no event may the Option be exercised after the expiration of the term of the Option.

(i) If a Participant ceases to actively provide services to the Company due to his or her retirement with the consent of the Company and without his or her Option having been fully exercised, then the Optionholder shall have the right within ninety (90) days of the Participant's termination of employment, or two (2) years in the case of an Insider, to purchase the number of shares of Common Stock that the Optionholder was entitled to purchase at the date of the Participant's termination, after which the Option shall lapse, provided that in no event may any Option be exercised after the expiration of the term of the Option. The Committee may cancel an Option during the post-termination exercise period referred to in this paragraph, if the Participant engages in Detrimental Activity as defined in subparagraph 14(a) or otherwise engages in employment or activities contrary, in the opinion of the Committee, to the best interests of the Company. The Committee shall determine in each case whether a termination of employment shall be considered a retirement with the consent of the Company, and, subject to applicable law, whether a leave of absence shall constitute a termination of active service for the Company. Any such determination of the Committee shall be final and binding on all persons, unless overruled by the Board.

(j) Notwithstanding the foregoing, in the event of the termination of a Participant's employment for Cause, all outstanding Options granted to such Participant shall terminate and expire as of the commencement of business on the effective date of such termination.

Table of Contents

(k) In addition to the general terms and conditions set forth in the Paragraph 7 in respect of Options granted pursuant to the Plan, Incentive Stock Options granted pursuant to the Plan shall be subject to the following additional terms and conditions:

(i) Incentive Stock Options shall be granted only to individuals who, at the date of grant of the Option, are employees of the Company or a Subsidiary;

(ii) No employee who owns beneficially more than 10% of the total combined voting power of all classes of stock of the Company shall be eligible to be granted an Incentive Stock Option, unless the exercise price per share is at least 110% of the Fair Market Value of the Common Stock subject to the Option on the date of grant of the Option and the Option, by its terms, is not exercisable after the expiration of five years from the date the Option is granted;

(iii) To the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Common Stock in respect of which an Option is exercisable for the first time by the Participant during any calendar year (and taking into account all incentive stock option plans of the Company) exceeds \$100,000, that number of whole shares for which an Option issued hereunder is exercisable with an aggregate fair market value in excess of this \$100,000 limit shall not be treated as having been granted under an Incentive Stock Option; and

(iv) Any other terms and conditions specified by the Board that are not inconsistent with the Plan, except that such terms and conditions must be consistent with the requirements for incentive stock options under Section 422 of the Code.

8. Methods of Exercise of Options

(a) An Optionholder (or other person or persons, if any, entitled to exercise an Option hereunder) desiring to exercise an Option granted pursuant to the Plan as to all or part of the shares of Common Stock covered by the Option shall (i) notify the Company in writing to that effect at its principal executive offices prior to 4:30 p.m. Washington, D.C. time on the day of exercise (which must be a business day at the executive offices of the Company), specifying the number of shares of Common Stock to be purchased and the method of payment therefor, and (ii) make payment for the shares of Common Stock so purchased in accordance with this Paragraph 8. Such written notice may be given by means of a facsimile or other electronic transmission. If a facsimile or other electronic transmission is used, the Optionholder should mail the original executed copy of the written notice to the Company promptly thereafter.

(b) Payment shall be made by delivery to the Company at the address set forth in subparagraph 8(a) by the Optionholder of either (i) United States currency in an amount equal to the aggregate purchase price of the shares of Common Stock as to which such exercise relates or (ii) at the discretion of the Committee, and to the extent permitted by applicable statutes and regulations, shares of other Common Stock then held by the Optionholder that are owned free and clear of any liens, claims, encumbrances or security interests and that are valued at Fair Market Value on the date of exercise. Subject to any restrictions on Insiders pursuant to Section 13(k) of the Exchange Act (and rules and regulations promulgated thereunder), the Committee may permit the exercise of the Award and payment of any applicable withholding tax in respect of an Award by delivery of notice, subject to the Company's receipt from a third party of payment (or commitment to make payment) in full in cash for the exercise price and the applicable withholding taxes prior to issuance of Common Stock, in the manner and subject to the procedures as may be established by the Committee.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

(c) Holders of Nonqualified Stock Options shall be entitled, at or prior to the time the written notice provided for in subparagraph 8(a) is delivered to the Company to elect to deliver previously owned shares of Common Stock upon exercise of the Option to satisfy any withholding taxes attributable to the exercise of the Option. If the Committee does not include any provisions relating to this withholding feature in its resolutions granting the Option or in the Award Agreement, however, the maximum amount that an Optionholder may elect to have withheld from the shares of Common Stock otherwise deliverable upon

Table of Contents

exercise or the maximum number of previously owned shares an Optionholder may deliver shall be equal to the minimum federal and state withholding. Notwithstanding the foregoing provisions, the Committee may include in the Award Agreement relating to any such Option provisions limiting or eliminating the Optionholder's ability to pay his withholding tax obligation with shares of Common Stock or, if no such provisions are included in the Award Agreement but in the opinion of the Committee such withholding would have an adverse tax, accounting or other effect on the Company, at or prior to exercise of the Option, the Committee may so limit or eliminate the Optionholder's ability to pay his or her withholding tax obligation with shares of Common Stock. Notwithstanding the foregoing provisions, a holder of a Nonqualified Stock Option may not elect any of the methods of satisfying his withholding tax obligation in respect of any exercise if, in the opinion of counsel to the Company, such method would not be in compliance with all applicable laws and regulations.

(d) An Optionholder at any time may elect in writing to abandon an Option in respect of all or part of the number of shares of Common Stock as to which the Option shall not have been exercised.

(e) An Optionholder shall have none of the rights of a stockholder of the Company until the shares of Common Stock covered by the Option are issued to him or her upon exercise of the Option.

9. Stock Appreciation Rights.

The Committee may grant SARs pursuant to the Plan, which shall be evidenced by Award Agreements in such form as the Committee shall, from time to time, approve. SARs shall be subject to such terms and conditions as the Committee shall impose, including the following:

(a) The per share exercise price of any SAR under the Plan shall be determined by the Committee at the time of the grant of the SAR, but shall not be less than the Fair Market Value of a share of Common Stock as of the date of the grant of such SAR.

(b) A SAR shall be exercisable on such date or dates, during such period and for such number of shares of Common Stock as shall be determined by the Committee and set forth in the Agreement evidencing the SAR. In the event of a Change in Control, any SAR that is not then fully exercisable, shall become fully exercisable immediately prior to that Change in Control.

(c) A SAR shall entitle the Participant to receive from the Company that number of shares of Common Stock having an aggregate value equal to (or, in the discretion of the Committee, less than) the excess of the Fair Market Value of one share of Common Stock over the exercise price per share specified in the Award Agreement evidencing the SAR times the number of shares called for by the SAR. The Committee shall be entitled to cause the Company to settle its obligation, arising out of the exercise of a SAR, by the payment of cash equal to the aggregate Fair Market Value of the shares of Common Stock which the Company would otherwise be obligated to deliver, or partly by the payment of cash and partly by the delivery of Common Stock.

(d) Except as otherwise provided in an applicable Award Agreement, during the lifetime of a Participant, each SAR granted to a Participant shall be exercisable only by the Participant and no SAR shall be assignable or transferable otherwise than by will or by the laws of descent and distribution. The Committee may, in any applicable Award Agreement evidencing a SAR, permit a Participant to transfer all or some of the SAR to (i) the Participant's Immediate Family Members, or (ii) a trust or trusts solely for the exclusive benefit of such Immediate Family Member and to partnerships in which such Immediate Family Members and/or trusts are the only partners.

(e) Unless otherwise provided in an applicable Award Agreement, in the event that the employment of a Participant with the Company shall terminate for any reason other than retirement with the consent of the Company, Cause, Permanent Disability or death (i) SARs granted to such Participant, to the extent that they were exercisable at the time of such termination, shall remain exercisable until the expiration of 90 days after such termination, or two (2) years after such termination in the case of an Insider, on which date they

shall expire, and (ii) SARs granted to such Participant, to the extent that they were not exercisable at the time of such termination, shall expire at the close of business on the date of such termination; *provided, however*, that no SAR shall be exercisable after the expiration of its term.

(f) Unless otherwise provided in an applicable Award Agreement, in the event that the employment of a Participant with the Company shall terminate on account of the death or Permanent Disability of the Participant (i) SARs granted to such Participant, to the extent that they were exercisable at the time of such termination, shall remain exercisable until the expiration of one (1) year after such termination, or two (2) years in the case of an Insider, on which date they shall expire, and (ii) SARs granted to such Participant, to the extent that they were not exercisable at the time of such termination, shall expire at the close of business on the date of such termination; *provided, however*, that no SAR shall be exercisable after the expiration of its term.

(g) In the event of the termination of a Participant's employment for Cause, all outstanding SARs granted to such Participant shall expire as of the commencement of business on the effective date of such termination.

10. Deferral Election.

Notwithstanding the provisions of this Plan, any Participant may elect, with the concurrence of the Committee and consistent with any rules and regulations established by the Committee, to defer the delivery of the proceeds of the exercise of any Option or SAR not transferred under the applicable provisions of this Plan.

(a) The election to defer the delivery of the proceeds from any eligible Award must be made at least six months prior to the date such Award is exercised or at such other time as the Committee may specify. Deferrals will only be allowed for exercises which occur while the Participant is an active employee of the Company. Any election to defer the delivery of proceeds from an eligible Award shall be irrevocable as long as the Participant remains an employee of the Company.

(b) The deferral of the proceeds of an eligible Award may be elected by a Participant subject to the regulations established by the Committee. The proceeds from such an exercise shall be credited to the Participant's deferred stock account as the number of deferred share units equivalent in value to those proceeds. Deferred share units shall be valued at the Fair Market Value on the date of exercise. Subsequent to exercise, the deferred share units shall be valued at the Fair Market Value of Common Stock. Deferred share units shall accrue dividends at the rate paid on the Common Stock and shall be credited in the form of additional deferred share units. Deferred share units shall be distributed in shares of Common Stock, or, in the discretion of the Committee, by the payment of cash equal to the aggregate Fair Market Value of the shares of Common Stock which the Company would otherwise be obligated to deliver, upon the termination of employment of the Participant or at such other date as may be approved by the Committee over a period of no more than 10 years.

(c) The Committee may, at its sole discretion, allow for the early payment of a Participant's deferred share units account in the event of an unforeseeable emergency or in the event of the death or Permanent Disability of the Participant. An unforeseeable emergency is defined as an unanticipated emergency caused by an event beyond the control of the Participant that would result in severe financial hardship if the distribution were not permitted. Such distributions shall be limited to the amount necessary to sufficiently address the financial hardship. Any distributions under this provision shall be consistent with the Regulations established under the Code. Additionally, the Committee may use its discretion to cause deferred share unit accounts to be distributed when continuing the program is no longer in the best interest of the Company.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

(d) No rights to deferred share unit accounts may be assigned or subject to any encumbrance, pledge or charge of any nature except that a Participant may designate a beneficiary pursuant to any rules established by the Committee.

11. Terms and Conditions of Restricted Stock and Restricted Stock Unit Awards.

(a) Each Award of Restricted Stock or Restricted Stock Units under the Plan shall be evidenced by an Award Agreement between the Participant and the Company in such form as the Committee may approve, which agreement shall be subject to the terms and conditions of this Plan and shall contain such terms and conditions as the Committee shall prescribe.

(b) Restricted Stock may be sold or awarded under the Plan for such consideration as the Committee may determine, including (without limitation) cash, cash equivalents, full-recourse promissory notes, past services and future services; provided, however, that to the extent that an Award consists of newly issued Restricted Stock, the Participant shall furnish consideration with a value not less than the par value of such Restricted Stock in the form of cash equivalents or past services rendered to the Company, as the Committee may determine.

(c) Each award of Restricted Stock or Restricted Stock Units may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Award Agreement. During any restricted period, the Participant shall not be permitted to sell, transfer, pledge or assign any Restricted Stock awarded under this Plan. In the event of the Participant's retirement, Permanent Disability or death, or in cases of special circumstances, the Committee, in its sole discretion may waive, in whole or in part, any or all remaining restrictions with respect to such Participant's Restricted Stock. Notwithstanding the foregoing, each Award Agreement shall provide that all Restricted Stock and Restricted Stock Units subject to the agreement shall become fully vested in the event that a Change in Control occurs.

(d) The Committee shall establish the criteria upon which the restriction period shall be based. Restrictions may be based upon either the continued employment of the Participant or upon the attainment by the Company of one or more measures of operating performance, including, but not limited to: revenue, net income, EBITDA, cash flow and financial return ratios.

The Committee shall establish the specific targets for the selected criteria. These targets may be set at a specific level or may be expressed as relative to the comparable measure at comparison companies or a defined index. Performance objectives may be established in combination with restrictions based upon the continued employment of the Participant. These targets may be based upon the total Company or upon a defined business unit.

In cases where objective performance criteria are established, the Committee shall determine the extent to which the criteria have been achieved and the corresponding level to which restrictions will be removed from the Award or the extent to which a Participant's right to receive an Award should be lapsed in cases where the performance criteria have not been met and shall certify these determinations in writing. The Committee may provide for the determination of the attainment of such restrictions in installments where deemed appropriate.

(e) The holders of Restricted Stock awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. An Award Agreement, however, may require that the holders of Restricted Stock invest any cash dividends received in additional Restricted Stock. Such additional Restricted Stock shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

(f) When an Award of Restricted Stock is granted hereunder, the Company shall issue a certificate or certificates in respect of such Restricted Stock, which shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award similar to the following:

The transferability of the shares represented by this certificate is subject to the terms and conditions (including forfeiture) of a Restricted Stock Agreement entered into between the registered owner and QuadraMed Corporation. A copy of such agreement is on file in the offices of the Secretary of the Corporation.

Table of Contents

(g) In order to enforce the restrictions, terms and conditions that may be applicable to a Participant's shares of Restricted Stock, the Committee may require the Participant, upon the receipt of a certificate or certificates representing such shares, or at any time thereafter, to deposit such certificate or certificates, together with stock powers and other instruments of transfer, appropriately endorsed in blank, with the Company or an escrow agent designated by the Company under an escrow agreement in such form as by the Committee shall prescribe.

B. At each Annual Stockholders Meeting beginning with the 2006 Annual Stockholders Meeting, each individual who is to continue to serve as a non-employee Board member, whether or not that individual is standing for re-election to the Board at that particular Annual Meeting, shall automatically be granted a Nonqualified Stock Option to purchase 12,000 shares of Common Stock, provided such individual has not received an Initial Grant under this Non-Employee Director Option Grant Program as of the date of either of the preceding two (2) Annual Stockholder Meetings.

A. The exercise price per share shall be equal to one hundred percent (100%) of the Fair Market Value per share of Common Stock as of the grant date.

The Participant shall have a two (2)-year period following the date of the Participant's cessation of Board service in which to exercise each such option for the number of vested shares of Common Stock for which the Option is exercisable at the time of the Participant's cessation of Board service.

B. In no event shall the Option remain exercisable after the expiration of the Option term. Upon the expiration of the post-termination exercise period or (if earlier) upon the expiration of

the Option term, the Option shall terminate and cease to be outstanding for any vested shares for which the Option has not been exercised. However, the Option shall, immediately upon the Participant's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding to the extent the Option is not otherwise at that time exercisable for vested shares.

(b) Change In Control

In connection with any Change in Control, the shares of Common Stock at the time subject to each outstanding Option but not otherwise vested shall automatically vest in full so that each such Option shall, immediately prior to the effective date of the Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such Option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such Option shall remain exercisable for such fully-vested Option shares until the expiration or sooner termination of the Option.

(c) Remaining Terms.

The remaining terms of each Option granted under the Non-Employee Director Option Grant Program shall be the same as the relevant terms in effect for Option grants made under Paragraphs 7 and 8.

13. Director Fee Option Grant Program

(a) *Option Grants.* Each non-employee Board member may elect to apply all or any portion of the annual retainer fee otherwise payable in cash for his or her service on the Board to the acquisition of a special option grant under this Director Fee Option Grant Program. Such election must be filed with the Company's Chief Financial Officer prior to first day of the calendar year for which the annual retainer fee which is the subject of that election is otherwise payable. Each non-employee Board member who files such a timely election shall automatically be granted an Option under this Director Fee Option Grant Program on the first trading day in January in the calendar year for which the annual retainer fee which is the subject of that election would otherwise be payable.

(b) *Option Terms.* Each Option shall be a Nonqualified Stock Option governed by the terms and conditions specified below.

B. The exercise price shall become immediately due upon exercise of the Option and shall be payable in one or more of the alternate forms authorized under Paragraph 8. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise

price for the purchased shares must be made on the Exercise Date.

2. *Number of Option Shares.* The number of shares of Common Stock subject to the Option shall be determined pursuant to the following formula (rounded down to the nearest whole number):

$X=(A)(B \times 66-2/3\%)$, where

X is the number of Option shares

A is the portion of the annual retainer fee subject to the non-employee Board member's election, and

B is the Fair Market Value per share of Common Stock as of the Option grant date.

Table of Contents

3. *Exercise and Term of Options.* The Option shall become exercisable for fifty-percent (50%) of the Option shares upon the Participant's completion of six (6) months of Board service in the calendar year for which his or her election under this Director Fee Option Grant Program is in effect, and the balance of the Option shares shall become exercisable upon the Participant's completion of twelve (12) months of Board service during that calendar year. Each Option shall have a maximum term of ten (10) years measured from the Option grant date.

4. *Termination of Board Service.* Should the Participant cease Board service for any reason (other than death or Permanent Disability) while holding one or more Options under this Director Fee Option Grant Program, then each such Option shall remain exercisable, for any or all of the shares for which the Option is exercisable at the time of such cessation of Board service, until the *earlier* of (i) the expiration of the ten (10)-year Option term or (ii) the expiration of the two (2)-year period measured from the date of such cessation of Board service. However, each Option held by the Participant under this Director Fee Option Grant Program at the time of his or her cessation of Board service shall immediately terminate and cease to remain outstanding with respect to any and all shares of Common Stock for which the Option is not otherwise at that time exercisable.

5. *Death or Permanent Disability.* Should the Participant's service as a Board member cease by reason of death or Permanent Disability, then each Option held by such Participant under this Director Fee Option Grant Program shall immediately become exercisable for all the shares of Common Stock at the time subject to that Option, and the Option may be exercised for any or all of those shares as fully-vested shares until the *earlier* of (i) the expiration of the ten (10)-year Option term or (ii) the expiration of the two (2)-year period measured from the date of such cessation of Board service.

Should the Participant die after cessation of Board service but while holding one or more Options under this Director Fee Option Grant Program, then each such Option may be exercised, for any or all of the shares for which the Option is exercisable at the time of the Participant's cessation of Board service (less any shares subsequently purchased by Participant prior to death) by the personal representative of the Participant's estate or by the person or persons to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. Such right of exercise shall lapse, and the Option shall terminate, upon the *earlier* of (i) the expiration of the ten (10)-year Option term or (ii) the two (2)-year period measured from the date of the Participant's cessation of Board service.

(c) Change in Control.

In connection with any Change in Control, the shares of Common Stock at the time subject to each outstanding Option but not otherwise vested shall automatically vest in full so that each such Option shall, immediately prior to the effective date of the Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such Option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such Option shall remain exercisable for such fully-vested Option shares until the expiration or sooner termination of the Option.

(d) Remaining Terms. The remaining terms of each Option granted under this Director Fee Option Grant Program shall be the same as the terms in effect for option grants made under Paragraphs 7 and 8.

14. Cancellation and Rescission of Awards

Edgar Filing: QUADRAMED CORP - Form DEF 14A

(a) Unless the Award Agreement specifies otherwise, the Committee may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid, or deferred Awards at any time if the Participant is not in compliance with all applicable provisions of the applicable Award Agreement and the Plan, or if the Participant engages in any Detrimental Activity. Detrimental Activity shall include: (i) the rendering of services for any organization or engaging directly or indirectly in any business which is or becomes competitive with the Company or any Subsidiary or Affiliate, or which organization or business, or the rendering of services to such organization or business, is or becomes otherwise prejudicial to or in

Table of Contents

conflict with the interests of the Company or any Subsidiary or Affiliate; (ii) the disclosure to anyone outside the Company or any of its Subsidiaries and Affiliates, or the use in other than the Company's business, without prior written authorization from the Committee, of any confidential information or material, relating to the business of the Company or any of its Subsidiaries and Affiliates, acquired by the Participant either during or after his period of service with the Company; (iii) the failure or refusal to disclose promptly and to assign to the Company, all right, title and interest in any invention or idea, patentable or not, made or conceived by the Participant while employed by or otherwise performing services for the Company, relating in any manner to the actual or anticipated business, research or development work of the Company or any Subsidiary or Affiliate or the failure or refusal to do anything reasonably necessary to enable the Company or any Subsidiary or Affiliate to secure a patent where appropriate in the United States and in other countries; (iv) activity that results in termination of the Participant's employment for Cause (either as defined herein or in the Participant's employment agreement with the Company); (v) any attempt directly or indirectly to induce any employee or other person performing services for the Company or any Subsidiary or Affiliate to be employed or perform services elsewhere or any attempt directly or indirectly to solicit the trade or business of any current or prospective customer, supplier or partner of the Company or any Subsidiary or Affiliate; or (vi) any other conduct or act determined to be injurious, detrimental or prejudicial to any interest of the Company or any Subsidiary or Affiliate.

(b) Upon exercise, payment or delivery pursuant to an Award, the Participant shall certify in a manner acceptable to the Committee that he or she is in compliance with the terms and conditions of the Plan. In the event a Participant fails to comply with the provision of paragraphs (a)(i)-(vi) of this Paragraph 14 prior to, or during the six months after, any exercise, payment or delivery pursuant to an Award, such exercise, payment or delivery may be rescinded within two years thereafter. In the event of any such rescission, the Participant shall pay to the Company the amount of any gain realized or payment received as a result of the rescinded exercise, payment or delivery, in such manner and on such terms and conditions as may be required, and the Company shall be entitled to set-off against the amount of any such gain any amount owed to the Participant by the Company.

15. Repurchase of Shares.

(a) Unless and to the extent a different repurchase right or obligation is specified in a separate agreement with the Participant, the Common Stock acquired in connection with an Award issued under this Plan shall be subject to a right (but not an obligation) of repurchase by the Company as described in this Paragraph 15. If the Participant transfers any shares of Common Stock, then this Paragraph 15 shall apply to the transferee to the same extent as to the Participant.

(b) If the Company exercises the right of repurchase, it shall pay the Participant an amount equal to the Fair Market Value for each of the shares of Common Stock being repurchased.

16. Amendments and Discontinuance of the Plan; Modification of Awards

(a) The Board shall have the right at any time and from time to time to amend, modify, or discontinue the Plan; provided, however, that, except as provided in subparagraph 6(c), no such amendment, modification, or discontinuance of the Plan shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirement of Section 422 of the Code, Section 162(m) of the Code, or any Nasdaq or Stock Exchange listing requirements.

(b) Subject to the terms and conditions of, and within the limitations of the Plan, the Committee may modify, extend or renew Awards under the Plan; provided, however, that the Committee shall not have the authority, without the prior approval of the stockholders, to (i) amend any Option or SAR to reduce the exercise price of the Option or SAR, (ii) accept the surrender or cancellation of any Options or any SARs and grant new

Edgar Filing: QUADRAMED CORP - Form DEF 14A

Options or SARs in substitution therefore at an exercise price that is less than the exercise price of the Options or SARs surrendered or cancelled or (iii) otherwise reprice any outstanding Option or SAR. Subject to the foregoing, no amendment of any Award shall be effective to revoke or alter the terms of any valid Award previously granted pursuant to the Plan without the consent of the Participant.

Notwithstanding any other provision of the Plan to the contrary, the Board may in its sole and absolute discretion make such changes in the Plan as may be required to conform the Plan to such laws and regulations.

18. Exclusion From Retirement and Fringe Benefit Computation

19. Non-Guarantee of Employment

Nothing in the Plan or in any Award granted pursuant to the Plan shall be construed as a contract of employment between the Company or any Subsidiary or Affiliate, and selection of any person as a Participant in the Plan will not give that person the right to continue in the employ of the Company or any Subsidiary or Affiliate, the right to continue to provide services to the Company or any Subsidiary or Affiliate or as a limitation of the right of the Company or any Subsidiary or Affiliate to discharge any Participant or any other person at any time.

EXHIBIT C

(Proposal Three)

In the event Proposal Three of the Proxy Statement for QuadraMed's 2004 annual meeting of stockholders is approved by the requisite vote of the stockholders at the annual meeting, the QuadraMed Corporation 2002 Employee Stock Purchase Plan shall read in its entirety as follows:

QUADRAMED CORPORATION

2002 EMPLOYEE STOCK PURCHASE PLAN

ARTICLE ONE

GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

This Employee Stock Purchase Plan is intended to promote the interests of QuadraMed Corporation (the Company) by providing eligible employees with the opportunity to acquire a proprietary interest in the Company through participation in a payroll-deduction based employee stock purchase plan designed to qualify under Section 423 of the Code.

Capitalized terms herein shall have the meanings assigned in the attached Exhibit.

II. ADMINISTRATION OF THE PLAN

The Plan Administrator shall have full authority to interpret and construe any provision of the Plan and to adopt such rules and regulations for administering the Plan as it may deem necessary in order to comply with the requirements of Code Section 423. Decisions of the Plan Administrator shall be final and binding on all parties having an interest in the Plan.

III. STOCK SUBJECT TO PLAN

Edgar Filing: QUADRAMED CORP - Form DEF 14A

A. The stock purchasable under the Plan may be shares of authorized but unissued or reacquired Common Stock, including shares of Common Stock purchased on the open market. The maximum number of shares of Common Stock which may be issued over the term of the Plan shall not exceed Four Hundred Fifty-Three Thousand Two Hundred Fifty 453,450 shares.

B. Should any change be made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Company's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number and class of securities issuable under the Plan, (ii) the maximum number and class of securities purchasable per Participant on any one Purchase Date and (iii) the number and class of securities and the price per share in effect under each outstanding purchase right in order to prevent the dilution or enlargement of benefits thereunder.

IV. OFFERING PERIODS

A. Shares of Common Stock shall be offered for purchase under the Plan through a series of successive offering periods until such time as (i) the maximum number of shares of Common Stock available for issuance under the Plan shall have been purchased or (ii) the Plan shall have been sooner terminated.

B. Each offering period shall be of such duration (not to exceed twenty-four (24) months) as determined by the Plan Administrator prior to the start date. The Initial Offering Period shall commence on the first business

Table of Contents

day in August and terminate on the last business day in January. The next offering period shall commence on the first business day in February and subsequent offering periods shall commence as designated by the Plan Administrator.

C. Each offering period shall be comprised of a series of one or more successive Purchase Intervals. Purchase Intervals shall run from the first business day in February each year to the last business day in July of the same year and from the first business day in August each year to the last business day in January of the following year. The first Purchase Interval in effect under the Initial Offering Period, however, shall commence on the first business day in August 2002 and terminate on the last business day in January 2003.

D. Should the Fair Market Value per share of Common Stock on any Purchase Date within an offering period be less than the Fair Market Value per share of Common Stock on the start date of that offering period, then that offering period shall automatically terminate immediately after the purchase of shares of Common Stock on such Purchase Date, and a new offering period shall commence on the next business day following such Purchase Date. The new offering period shall have a duration of twenty four (24) months, unless a shorter duration is established by the Plan Administrator within five (5) business days following the start date of that offering period.

V. ELIGIBILITY

A. Each individual who is an Eligible Employee on the start date of any offering period under the Plan may enter that offering period on such start date or on any subsequent Semi-Annual Entry Date within that offering period, provided he or she remains an Eligible Employee.

B. Each individual who first becomes an Eligible Employee after the start date of an offering period may enter that offering period on any subsequent Semi-Annual Entry Date within that offering period on which he or she is an Eligible Employee.

C. The date an individual enters an offering period shall be designated his or her Entry Date for purposes of that offering period.

D. To participate in the Plan for a particular offering period, the Eligible Employee must complete the enrollment forms prescribed by the Plan Administrator (including a stock purchase agreement and a payroll deduction authorization) and file such forms with the Plan Administrator (or its designate) on or before his or her scheduled Entry Date.

VI. PAYROLL DEDUCTIONS

A. The payroll deduction authorized by the Participant for purposes of acquiring shares of Common Stock during an offering period may be any multiple of one percent (1%) of the Base Salary paid to the Participant during each Purchase Interval within that offering period, up to a maximum of ten percent (10%). The deduction rate so authorized shall continue in effect throughout the offering period, except to the extent such rate is changed in accordance with the following guidelines:

Edgar Filing: QUADRAMED CORP - Form DEF 14A

(i) The Participant may, at any time during the offering period, reduce his or her rate of payroll deduction to become effective as soon as possible after filing the appropriate form with the Plan Administrator. The Participant may not, however, effect more than one (1) such reduction per Purchase Interval.

(ii) The Participant may, prior to the commencement of any new Purchase Interval within the offering period, increase the rate of his or her payroll deduction by filing the appropriate form with the Plan Administrator. The new rate (which may not exceed the ten percent (10%) maximum) shall become effective on the start date of the first Purchase Interval following the filing of such form.

Table of Contents

B. Payroll deductions shall begin on the first pay day following the Participant's Entry Date into the offering period and shall (unless sooner terminated by the Participant) continue through the pay day ending with or immediately prior to the last day of that offering period. The amounts so collected shall be credited to the Participant's book account under the Plan, but no interest shall be paid on the balance from time to time outstanding in such account. The amounts collected from the Participant shall not be held in any segregated account or trust fund and may be commingled with the general assets of the Company and used for general corporate purposes.

C. Payroll deductions shall automatically cease upon the termination of the Participant's purchase right in accordance with the provisions of the Plan.

D. The Participant's acquisition of Common Stock under the Plan on any Purchase Date shall neither limit nor require the Participant's acquisition of Common Stock on any subsequent Purchase Date, whether within the same or a different offering period.

VII. PURCHASE RIGHTS

A. **GRANT OF PURCHASE RIGHT.** A Participant shall be granted a separate purchase right for each offering period in which he or she participates. The purchase right shall be granted on the Participant's Entry Date into the offering period and shall provide the Participant with the right to purchase shares of Common Stock, in a series of successive installments over the remainder of such offering period, upon the terms set forth below. The Participant shall execute a stock purchase agreement embodying such terms and such other provisions (not inconsistent with the Plan) as the Plan Administrator may deem advisable.

Under no circumstances shall purchase rights be granted under the Plan to any Eligible Employee if such individual would, immediately after the grant, own (within the meaning of Code Section 424(d)) or hold outstanding options or other rights to purchase, stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Corporate Affiliate.

B. **EXERCISE OF THE PURCHASE RIGHT.** Each purchase right shall be automatically exercised in installments on each successive Purchase Date within the offering period, and shares of Common Stock shall accordingly be purchased on behalf of each Participant (other than Participants whose payroll deductions have previously been refunded pursuant to the Termination of Purchase Right provisions below) on each such Purchase Date. The purchase shall be effected by applying the Participant's payroll deductions for the Purchase Interval ending on such Purchase Date to the purchase of whole shares of Common Stock at the purchase price in effect for the Participant for that Purchase Date.

C. **PURCHASE PRICE.** The purchase price per share at which Common Stock will be purchased on the Participant's behalf on each Purchase Date within the offering period shall be equal to eighty-five percent (85%) of the lower of (i) the Fair Market Value per share of Common Stock on the Participant's Entry Date into that offering period or (ii) the Fair Market Value per share of Common Stock on that Purchase Date.

D. **NUMBER OF PURCHASABLE SHARES.** The number of shares of Common Stock purchasable by a Participant on each Purchase Date during the offering period shall be the number of whole shares obtained by dividing the amount collected from the Participant through payroll deductions during the Purchase Interval ending with that Purchase Date by the purchase price in effect for the Participant for that Purchase Date. However, the maximum number of shares of Common Stock purchasable per Participant on any one Purchase Date shall not exceed seven hundred fifty (750) shares, subject to periodic adjustments in the event of certain changes in the Company's capitalization.

E. **EXCESS PAYROLL DEDUCTIONS.** Any payroll deductions not applied to the purchase of shares of Common Stock on any Purchase Date because they are not sufficient to purchase a whole share of Common

Table of Contents

Stock shall be held for the purchase of Common Stock on the next Purchase Date. However, any payroll deductions not applied to the purchase of Common Stock by reason of the limitation on the maximum number of shares purchasable by the Participant on the Purchase Date shall be promptly refunded.

F. TERMINATION OF PURCHASE RIGHT. The following provisions shall govern the termination of outstanding purchase rights:

(i) A Participant may, at any time prior to the next scheduled Purchase Date in the offering period, terminate his or her outstanding purchase right by filing the appropriate form with the Plan Administrator (or its designate), and no further payroll deductions shall be collected from the Participant with respect to the terminated purchase right. Any payroll deductions collected during the Purchase Interval in which such termination occurs shall, at the Participant's election, be immediately refunded or held for the purchase of shares on the next Purchase Date. If no such election is made at the time such purchase right is terminated, then the payroll deductions collected with respect to the terminated right shall be refunded as soon as possible.

(ii) The termination of such purchase right shall be irrevocable, and the Participant may not subsequently rejoin the offering period for which the terminated purchase right was granted. In order to resume participation in any subsequent offering period, such individual must re-enroll in the Plan (by making a timely filing of the prescribed enrollment forms) on or before his or her scheduled Entry Date into that offering period.

(iii) Should the Participant cease to remain an Eligible Employee for any reason (including death, disability or change in status) while his or her purchase right remains outstanding, then that purchase right shall immediately terminate, and all of the Participant's payroll deductions for the Purchase Interval in which the purchase right so terminates shall be immediately refunded. However, should the Participant cease to remain in active service by reason of an approved unpaid leave of absence, then the Participant shall have the right, exercisable up until the last business day of the Purchase Interval in which such leave commences, to (a) withdraw all the payroll deductions collected to date on his or her behalf for that Purchase Interval or (b) have such funds held for the purchase of shares on his or her behalf on the next scheduled Purchase Date. In no event, however, shall any further payroll deductions be collected on the Participant's behalf during such leave. Upon the Participant's return to active service, his or her payroll deductions under the Plan shall automatically resume at the rate in effect at the time the leave began, unless the Participant withdraws from the Plan prior to his or her return.

G. CORPORATE TRANSACTION. Each outstanding purchase right shall automatically be exercised, immediately prior to the effective date of any Corporate Transaction, by applying the payroll deductions of each Participant for the Purchase Interval in which such Corporate Transaction occurs to the purchase of whole shares of Common Stock at a purchase price per share equal to eighty-five percent (85%) of the lower of (i) the Fair Market Value per share of Common Stock on the Participant's Entry Date into the offering period in which such Corporate Transaction occurs or (ii) the Fair Market Value per share of Common Stock immediately prior to the effective date of such Corporate Transaction. However, the applicable limitation on the number of shares of Common Stock purchasable per Participant shall continue to apply to any such purchase.

VIII. The Company shall use its best efforts to provide at least ten (10) days prior written notice of the occurrence of any Corporate Transaction, and Participants shall, following the receipt of such notice, have the right to terminate their outstanding purchase rights prior to the effective date of the Corporate Transaction.

A. PRORATION OF PURCHASE RIGHTS. Should the total number of shares of Common Stock to be purchased pursuant to outstanding purchase rights on any particular date exceed the number of shares then available for issuance under the Plan, the Plan Administrator shall make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis, and the payroll deductions of each Participant, to the

extent in excess of the aggregate purchase price payable for the Common Stock pro-rated to such individual, shall be refunded.

Table of Contents

B. ASSIGNABILITY. The purchase right shall be exercisable only by the Participant and shall not be assignable or transferable by the Participant.

C. STOCKHOLDER RIGHTS. A Participant shall have no stockholder rights with respect to the shares subject to his or her outstanding purchase right until the shares are purchased on the Participant's behalf in accordance with the provisions of the Plan and the Participant has become a holder of record of the purchased shares.

IX. ACCRUAL LIMITATIONS

A. No Participant shall be entitled to accrue rights to acquire Common Stock pursuant to any purchase right outstanding under this Plan if and to the extent such accrual, when aggregated with (i) rights to purchase Common Stock accrued under any other purchase right granted under this Plan and (ii) similar rights accrued under other employee stock purchase plans (within the meaning of Code Section 423) of the Company or any Corporate Affiliate, would otherwise permit such Participant to purchase more than Twenty-Five Thousand Dollars (\$25,000) worth of stock of the Company or any Corporate Affiliate (determined on the basis of the Fair Market Value per share on the date or dates such rights are granted) for each calendar year such rights are at any time outstanding.

B. For purposes of applying such accrual limitations to the purchase rights granted under the Plan, the following provisions shall be in effect:

X. The right to acquire Common Stock under each outstanding purchase right shall accrue in a series of installments on each successive Purchase Date during the offering period on which such right remains outstanding.

XI. No right to acquire Common Stock under any outstanding purchase right shall accrue to the extent the Participant has already accrued in the same calendar year the right to acquire Common Stock under one (1) or more other purchase rights at a rate equal to Twenty-Five Thousand Dollars (\$25,000) worth of Common Stock (determined on the basis of the Fair Market Value per share on the date or dates of grant) for each calendar year such rights were at any time outstanding.

A. If by reason of such accrual limitations, any purchase right of a Participant does not accrue for a particular Purchase Interval, then the payroll deductions which the Participant made during that Purchase Interval with respect to such purchase right shall be promptly refunded.

B. In the event there is any conflict between the provisions of this Article and one or more provisions of the Plan or any instrument issued thereunder, the provisions of this Article shall be controlling.

XII. EFFECTIVE DATE AND TERM OF THE PLAN

Edgar Filing: QUADRAMED CORP - Form DEF 14A

A. The Plan was adopted by the Board on January 28, 2002 and shall become effective on the first day of the Initial Offering Period, provided no purchase rights granted under the Plan shall be exercised, and no shares of Common Stock shall be issued hereunder, until (i) the Plan shall have been approved by the stockholders of the Company and (ii) the Company shall have complied with all applicable requirements of the 1933 Act (including the registration of the shares of Common Stock issuable under the Plan on a Form S-8 registration statement filed with the Securities and Exchange Commission), all applicable listing requirements of any stock exchange (or the NASDAQ National Market, if applicable) on which the Common Stock is listed for trading and all other applicable requirements established by law or regulation. In the event such stockholder approval is not obtained, or such compliance is not effected, within twelve (12) months after the date on which the Plan is adopted by the Board, the Plan shall terminate and have no further force or effect, and all sums collected from Participants during the Initial Offering Period hereunder shall be refunded.

Table of Contents

B. Unless sooner terminated by the Board, the Plan shall terminate upon the earliest of (i) the last business day in July 2012, (ii) the date on which all shares available for issuance under the Plan shall have been sold pursuant to purchase rights exercised under the Plan or (iii) the date on which all purchase rights are exercised in connection with a Corporate Transaction. No further purchase rights shall be granted or exercised, and no further payroll deductions shall be collected under the Plan following such termination.

XIII. AMENDMENT OF THE PLAN

The Board may alter, amend, suspend or discontinue the Plan at any time to become effective immediately following the close of any Purchase Interval. However, the Board may not, without the approval of the Company's stockholders, (i) materially increase the number of shares of Common Stock issuable under the Plan or the maximum number of shares purchasable per Participant on any one Purchase Date, except for permissible adjustments in the event of certain changes in the Company's capitalization, (ii) alter the purchase price formula so as to reduce the purchase price payable for the shares of Common Stock purchasable under the Plan or (iii) materially increase the benefits accruing to Participants under the Plan or materially modify the requirements for eligibility to participate in the Plan.

XIV. GENERAL PROVISIONS

A. All costs and expenses incurred in the administration of the Plan shall be paid by the Company.

B. Nothing in the Plan shall confer upon the Participant any right to continue in the employ of the Company or any Corporate Affiliate for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Company (or any Corporate Affiliate employing such person) or of the Participant, which rights are hereby expressly reserved by each, to terminate such person's employment at any time for any reason, with or without cause.

QUADRAMED CORPORATION
STOCK PURCHASE AGREEMENT

I hereby elect to participate in the Employee Stock Purchase Plan (the "ESPP") effective with the Entry Date specified below, and I hereby subscribe to purchase shares of Common Stock of QuadraMed Corporation (the "Company") in accordance with the provisions of this Agreement and the ESPP. I hereby authorize payroll deductions from each of my paychecks following my entry into the ESPP in the 1% multiple of my salary (not to exceed a maximum of 10%) specified in my attached Enrollment Form.

Each offering period is divided into a series of successive purchase intervals. The initial purchase interval is to begin on the first business day of August 2002. Subsequent purchase intervals will each be of six (6) months duration and will run from the first business day of February to the last business day of July each year and from the first business day of August each year until the last business day of January in the following year. My participation will automatically remain in effect from one offering period to the next in accordance with this Agreement and my payroll deduction authorization, unless I withdraw from the ESPP or change the rate of my payroll deduction or unless my employment status changes. I may reduce the rate of my payroll deductions on one occasion per purchase interval, and I may increase my rate of payroll deduction to become effective at the beginning of any subsequent purchase interval within the offering period.

My payroll deductions will be accumulated for the purchase of shares of the Company's Common Stock on the last business day of each purchase interval within the offering period. The purchase price per share shall be equal to 85% of the lower of (i) the fair market value per share of Common Stock on my entry date into the offering period or (ii) the fair market value per share on the semi-annual purchase date. I will also be subject to ESPP restrictions (i) limiting the maximum number of shares which I may purchase on any one purchase date to 750 shares and (ii) prohibiting me from purchasing more than \$25,000 worth of Common Stock for each calendar year my purchase right remains outstanding.

I may withdraw from the ESPP at any time prior to the last business day of a purchase interval and elect either to have the Company refund all my payroll deductions for that purchase interval or to have those payroll deductions applied to the purchase of shares of the Company's Common Stock at the end of such interval. However, I may not rejoin that particular offering period at any later date. Upon the termination of my employment for any reason, including death or disability, or my loss of eligible employee status, my participation in the ESPP will immediately cease and all my payroll deductions for the purchase interval in which my employment terminates or my loss of eligibility occurs will automatically be refunded.

If I take an unpaid leave of absence, my payroll deductions will immediately cease, and any payroll deductions for the purchase interval in which my leave begins will, at my election, either be refunded or applied to the purchase of shares of Common Stock at the end of that purchase interval. Upon my return to active service, my payroll deductions will automatically resume at the rate in effect when my leave began.

A stock certificate for the shares purchased on my behalf at the end of each purchase interval will automatically be deposited into a brokerage account that the Company will open on my behalf. I will notify the Company of any sale or disposition of my ESPP shares, and I will satisfy all applicable income and employment tax withholding requirements at the time of such sale or disposition.

The Company has the right, exercisable in its sole discretion, to amend or terminate the ESPP at any time, with such amendment or termination to become effective immediately following the exercise of outstanding purchase rights at the end of any current purchase interval. Should the Company elect to terminate the ESPP, I will have no further rights to purchase shares of Common Stock pursuant to this Agreement.

Edgar Filing: QUADRAMED CORP - Form DEF 14A

I have received a copy of the official Plan Prospectus summarizing the major features of the ESPP. I have read this Agreement and the Prospectus and hereby agree to be bound by the terms of both this Agreement and the ESPP. The effectiveness of this Agreement is dependent upon my eligibility to participate in the ESPP.
