Section 7 Regulation FD

Item 7.01. Regulation FD Disclosure

On December 19, 2007, Exelon Corporation (Exelon) will host its annual investor conference and will reaffirm its adjusted (non-GAAP) operating earnings guidance range for 2007 at \$4.15 to \$4.30 per share for Exelon. Management believes that actual results are likely to come in at the upper end of this range. In addition, Exelon revised its 2007 GAAP earnings guidance range to \$4.05 to \$4.20. Exelon will also reaffirm its adjusted (non-GAAP) operating earnings guidance range for 2008 and will provide its GAAP earnings guidance range for 2008.

In addition, Exelon announced via press release a regular first-quarter 2008 dividend of \$0.50 per share on Exelon's common stock, a 14 percent increase over the dividend for the fourth quarter of 2007. Exelon's board of directors also authorized a new share repurchase program of up to \$500 million of Exelon's outstanding common stock. This new program is in addition to the \$1.25 billion share repurchase executed in September 2007. In line with Exelon's value return policy, additional share repurchases may be authorized by the board of directors later in 2008 based on availability of cash and other factors. The board authorization of the share repurchase permits the company to effect the repurchases from time to time through a variety of methods including open market repurchases, privately negotiated transactions and/or accelerated share repurchase transactions. There can be no assurance as to the amount, timing or prices of repurchases. The specific timing and amount of repurchases may also vary based on market conditions and other factors. The stock repurchase program may be modified, extended or terminated by the board of directors at any time.

The press release is attached to this Current Report on Form 8-K as Exhibit 99.1. In addition, attached as Exhibits 99.2 and 99.3 to this Current Report on Form 8-K are the presentation slides to be used at the conference and the supplemental information made available to investors, respectively.
