PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD APRIL 24, 2008

INTRODUCTION

This proxy statement is being furnished to stockholders of record of Valassis Communications, Inc. (Valassis, the Company, we, us or our) on February 29, 2008 in connection with the solicitation by our Board of Directors of proxies for the 2008 annual meeting of stockholders to be held at Valassis Corporate Headquarters, 19975 Victor Parkway, Livonia, Michigan 48152 on April 24, 2008 at 9:00 a.m. (Eastern Daylight Time), or at any and all adjournments thereof, for the purposes stated in the notice of annual meeting. The approximate date of mailing of this proxy statement and the enclosed form of proxy is March 20, 2008.

QUESTIONS AND ANSWERS

ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of annual meeting on the cover page of this proxy statement, including the election of directors, the approval of the Valassis Communications, Inc. 2008 Senior Executives Semi-Annual Bonus Plan, the approval of the Valassis Communications, Inc. 2008 Omnibus Incentive Compensation Plan and the ratification of our independent auditors.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on February 29, 2008 are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or at any postponements or adjournments of the meeting. The Company will post all of the voting results on its Web site at www.valassis.com within 14 calendar days following the annual meeting.

What are the voting rights of the holders of our common stock?

Each share of our common stock, par value \$.01 per share, outstanding on February 29, 2008 will be entitled to one vote on each matter considered at the annual meeting.

Who can attend the annual meeting?

All stockholders of our common stock as of February 29, 2008, or their duly appointed proxies, may attend the annual meeting, and each may be accompanied by one guest. Registration will begin at 8:00 a.m., and seating will begin at 8:30 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of February 29, 2008 and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock, issued and outstanding as of February 29, 2008, will constitute a quorum. As of February 29, 2008, we had 48,041,472 shares of our common stock outstanding. Therefore, the presence of the holders of our common stock representing at least 24,020,737 votes will be required to establish a quorum.

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

Proxies received but indicating abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the annual meeting.

Table of Contents

How do I vote?

By Mail

Be sure to complete, sign and date the proxy card and return it to us in the prepaid envelope. If you are a stockholder and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the Board of Directors.

By Telephone or on the Internet

Our telephone and Internet voting procedures for stockholders are designed to authenticate your identity, to allow you to give your voting instructions and to confirm that those instructions have been properly recorded.

You can vote by calling the toll-free telephone number on your proxy card. Please have your proxy card in hand when you call.

The Web site for Internet voting is www.cesvote.com. Please have your proxy card handy when you go online. As with telephone voting, you can confirm that your instructions have been properly recorded.

Telephone and Internet voting facilities for stockholders will be available 24 hours a day, 7 days a week. If you vote by telephone or on the Internet, you do not have to return your proxy card.

In Person at the Annual Meeting

All stockholders may vote in person at the annual meeting. You may also be represented by another person at the annual meeting by executing a proper proxy designating that person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Our Board of Directors has appointed National City Bank, our transfer agent and registrar, to serve as our Inspector of Election and tabulate and certify the votes at the annual meeting.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with our Corporate Secretary either a notice of revocation or a duly executed proxy bearing a later date or by voting another proxy by telephone or on the Internet at a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are our Board of Directors' recommendations?

Unless you give other instructions on your proxy card, or by telephone or on the Internet, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board of Directors. Our Board of Directors' recommendation is set forth together with the description of each item in this proxy statement. In summary, our Board of Directors recommends a vote:

for election of the nominated slate of directors (see Item 1);

for approval of the Valassis Communications, Inc. 2008 Senior Executives Semi-Annual Bonus Plan (see Item 2);

for approval of the Valassis Communications, Inc. 2008 Omnibus Incentive Compensation Plan (see Item 3); and

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

for ratification of the appointment of Deloitte & Touche LLP as our independent auditors for fiscal year ending December 31, 2008 (see Item 4).

With respect to any other matter that properly comes before the annual meeting, the proxy holders will vote as recommended by our Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. For the 2008 annual meeting of stockholders, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. This means that the director nominee with the most votes for a particular slot is elected for that slot. A properly executed proxy indicating **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Table of Contents

We have recently amended our by-laws and Corporate Governance Guidelines to provide that, effective after the 2008 annual meeting of stockholders, in an uncontested election, each director must be elected by the majority of votes cast with respect to such director (the number of shares voted for a director nominee must exceed the number of votes cast against that nominee). If a nominee does not receive a majority of votes cast, such nominee will submit a contingent, irrevocable resignation, which our Board of Directors may or may not accept.

Other items. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy indicating ABSTAIN with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Therefore, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. These broker non-votes will not be counted as part of the total number of votes cast on such proposals. Therefore, a broker non-vote will have no effect in determining whether any given proposal has been approved by the stockholders. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

DIRECTORS AND EXECUTIVE OFFICERS

Our Board of Directors presently is comprised of nine directors. All nine directors elected at the 2008 annual meeting will serve until our next annual meeting or until their respective successors are duly elected and qualified.

ELECTION OF DIRECTORS (PROPOSAL 1)

Set forth below is certain information with respect to each of our nominees for the office of director and each of our other executive officers.

Shares represented by proxies returned duly executed will be voted, unless otherwise specified, in favor of the following nine nominees: Joseph B. Anderson, Jr., Patrick F. Brennan, Kenneth V. Darish, Dr. Walter H. Ku, Robert L. Recchia, Marcella A. Sampson, Alan F. Schultz, Wallace S. Snyder and Ambassador Faith Whittlesey. All of the nominees are currently serving as directors. Since last year's annual meeting, our Board of Directors elected Wallace S. Snyder as a director to fill a vacancy on the board caused by the retirement of Barry P. Hoffman, our former Executive Vice President, General Counsel and Secretary, effective January 1, 2008. Each nominee for director has consented to serve on our Board of Directors and will be elected by a plurality of the votes cast at the annual meeting. If any (or all) such persons should be unavailable or unable to serve, the persons named in the enclosed proxy will vote the shares covered thereby for any substitute nominee (or nominees) as our Board of Directors may select. Stockholders may withhold authority to vote for any nominee by indicating WITHHOLD AUTHORITY on the proxy and by entering the name of such nominee in the space provided for such purpose on the proxy or specifying the name of such nominee by telephone.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF ALL OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.

Table of Contents

Policies and Procedures

We have a Code of Business Conduct and Ethics for our directors, officers and employees as well as Corporate Governance Guidelines to ensure that our business is conducted in a consistently legal and ethical manner. In addition, our Board of Directors adopted a Policy on Related Person Transactions, which sets forth policies and procedures governing the review, and when required pursuant to the policy, the approval or ratification of related person transactions by the disinterested directors of our Corporate Governance/Nominating Committee. The policy defines a related person transaction as (i) a transaction between us and any of our executive officers or directors, (ii) a transaction between us and any security holder who we know owns of record or beneficially more than five percent of any class of our voting securities (each a 5% holder), (iii) a transaction between us and any immediate family member (as such term is defined in Regulation S-K, Item 404, as then in effect) of an executive officer, director or 5% holder of ours, or (iv) any other transaction involving us that would be required to be disclosed pursuant to Regulation S-K, Item 404, as then in effect. Furthermore, under the policy, a related person transaction with us is defined as including transactions with any of our subsidiaries or affiliates. We have spent a considerable amount of time and effort reviewing and improving our corporate governance policies and practices. This includes comparing our current policies and practices to policies and practices suggested by various groups or authorities active in corporate governance and practices of other public companies. Based upon this review, we periodically adopt certain changes that our Board of Directors believes are the best corporate governance policies and practices for us. We also adopt changes, as appropriate, to comply with the Sarbanes-Oxley Act of 2002 and any rule changes made by the SEC and the New York Stock Exchange. We believe that our current policies and procedures form the foundation for an open relationship among colleagues that contributes to good business conduct as well as the high integrity level of our employees.

Determination of Director Independence

Under the rules of the New York Stock Exchange, our Board of Directors is required to affirmatively determine the independence of each director based on the absence of any material relationship between us and the director. These determinations are required to be disclosed in this proxy statement. Our Board of Directors has established guidelines to assist it in making these determinations. These guidelines, which are attached to this proxy statement as [Exhibit A](#), include all elements of the Corporate Governance Rules of the New York Stock Exchange on this subject. For relationships between us and a director not covered by the guidelines, the determination of independence is made by the other members of our Board of Directors who are independent. Members of the Audit, Compensation/Stock Option and Corporate Governance/Nominating Committees must meet all applicable independence tests of the New York Stock Exchange, SEC and the Internal Revenue Service. During our fiscal year ended December 31, 2007, Messrs. Anderson, Brennan, Darish and Dr. Ku, Ms. Sampson and Ambassador Whittlesey served as our independent directors. Based on these guidelines, our Board of Directors, at its meeting on February 11, 2008, determined that Messrs. Anderson, Brennan, Darish and Snyder and Dr. Ku, Ms. Sampson and Ambassador Whittlesey are independent of the company and its management.

Presiding Director

In September 2002, our Board of Directors determined that the directors who are deemed independent based on the New York Stock Exchange rules will meet in executive session at each Board of Directors meeting and that one of such independent directors will preside. The independent directors are also our non-management directors and, as such, these non-management directors meet in regularly scheduled executive sessions without management present. Mr. Darish serves as the presiding director at all such executive sessions.

Attendance

During the fiscal year ended December 31, 2007, our Board of Directors held nine meetings (including regularly scheduled and special meetings). Each director attended at least 75% of the meetings held by our Board of Directors during the period in which that director served, including the meetings held by the committees on which that director served as a member. Pursuant to our Corporate Governance Guidelines, the directors must attend our annual meeting of stockholders absent exceptional circumstances. All of the directors nominated at the 2007 annual meeting of stockholders attended such annual meeting.

COMMITTEES OF THE BOARD

The standing committees of our Board of Directors include our Executive Committee, our Audit Committee, our Compensation/Stock Option Committee and our Corporate Governance/Nominating Committee.

Our Executive Committee, whose members are Alan F. Schultz, Robert L. Recchia and Ambassador Faith Whittlesey, is generally authorized to exercise the management powers of our Board of Directors; provided, however, that our Executive Committee

does not have the authority to declare cash dividends, amend our certificate of incorporation, adopt an agreement of merger or consolidation, recommend the disposition of all or substantially all of our assets or recommend our dissolution. Our Executive Committee did not meet during the fiscal year ended December 31, 2007.

Our Audit Committee's members are Patrick F. Brennan, Kenneth V. Darish and Wallace S. Snyder. Our Audit Committee recommends the selection of our independent auditors, discusses and reviews the scope and the fees of the prospective annual audit and reviews the results of each audit with the independent auditors. Our Audit Committee also reviews compliance with our existing major accounting and financial policies, reviews the adequacy of our financial organization and reviews management's procedures and policies relevant to the adequacy of our internal accounting controls and compliance with federal and state laws relating to accounting practices. We have appointed an internal auditor that reports directly to our Audit Committee. Our Audit Committee held four meetings during the fiscal year ended December 31, 2007. Our Board of Directors has determined that Kenneth V. Darish meets the New York Stock Exchange standard of having accounting or related financial management expertise and the SEC's definition of an audit committee financial expert. Each of the other members of our Audit Committee has financial management experience or is financially literate. Our Board of Directors has determined that each committee member meets the additional independence requirements for members of an audit committee in the New York Stock Exchange Corporate Governance Rules. Our Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform, which can be found on our Web site at www.valassis.com.

Our Compensation/Stock Option Committee's members are Ambassador Faith Whittlesey, Dr. Walter H. Ku and Marcella A. Sampson. Our Compensation/Stock Option Committee administers our 2002 Long-Term Incentive Plan, as amended, our Broad-Based Incentive Plan, as amended, our Amended and Restated Senior Executives Annual Bonus Plan, our 2005 Executive Restricted Stock Plan, our 2005 Employee and Director Restricted Stock Award Plan, our Employee Stock Purchase Plan, our Supplemental Benefit Plan, as amended, and the ADVO, Inc. 2006 Incentive Compensation Plan, as amended, and, if approved, will administer our 2008 Senior Executives Semi-Annual Bonus Plan and 2008 Omnibus Incentive Compensation Plan. Our Compensation/Stock Option Committee also reviews and approves the annual salary, bonus and other benefits, direct or indirect, of our executive officers, excluding Mr. Schultz, whose salary, bonus and other benefits are reviewed and approved by our Board of Directors. The Committee's primary procedures for establishing and overseeing executive compensation can be found in the Compensation Discussion and Analysis section under Compensation-Setting Process. Our Compensation/Stock Option Committee has engaged Tower Perrins Human Resources Services, a human resources consulting firm, to assist it in reviewing our executive compensation programs and assist in negotiating the terms of our executive officers' contracts when they come up for renewal. We believe that the use of an independent consultant provides additional assurance that our executive compensation programs are reasonable and consistent with our objectives and industry standards. Our Compensation/Stock Option Committee is comprised entirely of non-employee directors as such term is defined under Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act) or any successor provision, and outside directors, as such term is defined under Section 162(m) of the Internal Revenue Code of 1986 or any successor provision. During the fiscal year ended December 31, 2007, our Compensation/Stock Option Committee met eight times. Our Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform, which can be found on our Web site at www.valassis.com.

Our Corporate Governance/Nominating Committee's members are Joseph B. Anderson, Jr., Dr. Walter H. Ku and Marcella A. Sampson. Our Corporate Governance/Nominating Committee (i) assists our Board of Directors by identifying individuals qualified to become Board members and recommends to our Board of Directors the director nominees for the next annual meeting of stockholders, (ii) recommends to our Board of Directors the corporate governance guidelines applicable to us and (iii) takes a leadership role in shaping our corporate governance. Our Corporate Governance/Nominating Committee held three meetings during the fiscal year ended December 31, 2007. Our Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform, which can be found on our Web site at www.valassis.com.

Our Corporate Governance/Nominating Committee evaluates the current members of our Board of Directors at the time they are considered for nomination. Our Corporate Governance/Nominating Committee also considers whether any new members should be added to our Board of Directors. In the past, candidates for independent director have been found through recommendations from members of our Board of Directors and other employees at our Company, including the appointment of Wallace S. Snyder in January 2008. The Corporate Governance/Nominating Committee may also seek help from an executive search firm to assist in the selection process.

Our Corporate Governance/Nominating Committee has not established any specific minimum qualifications for a director but has adopted a set of criteria, which is attached to this proxy statement as [Exhibit B](#), describing the qualities and characteristics that are sought for our Board of Directors as a whole. Our Corporate Governance/Nominating Committee does not give these criteria any particular weight and they are not equally applicable to all nominees. Our Corporate Governance/Nominating Committee may also from time to time identify particular characteristics to look for in a candidate in order to balance the skills and characteristics of our

Table of Contents

Board of Directors. Our Corporate Governance/Nominating Committee may modify these criteria from time to time and adopt special criteria to attract exceptional candidates to meet our specific needs.

Our Corporate Governance/Nominating Committee will consider recommendations from stockholders of potential candidates for nomination as director. Recommendations should be made in writing, including the candidate's written consent to be nominated and to serve, and sufficient background information on the candidates to enable our Corporate Governance/Nominating Committee to properly assess the candidate's qualifications. Recommendations should be addressed to our Corporate Secretary at our principal office and must be received no later than October 1, 2008 in order to be considered for the next annual meeting. The process for evaluating potential candidates recommended by stockholders and derived from other sources is substantially the same.

COMPENSATION/STOCK OPTION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended December 31, 2007, Ambassador Faith Whittlesey, Patrick F. Brennan and Marcella A. Sampson served on our Compensation/Stock Option Committee. None of our Compensation/Stock Option Committee members (i) have ever been an officer or employee of our Company, (ii) is or was a participant in a related person transaction in fiscal year 2007 (see the section entitled "Certain Relationships and Related Transactions" for a description of our Policy on Related Person Transactions) and (iii) is an executive officer of another entity, at which one of our executive officers serves on the board of directors.

Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The stock options reflected in this column (in the form of dollar amounts) were granted on one or more of the following dates: April 1, 2006, October 1, 2006, April 1, 2007 and October 1, 2007 and had grant date fair values estimated using the Black-Scholes option-pricing method determined in accordance with SFAS 123R of \$11.32, \$6.80, \$8.68 and \$3.35, respectively. For additional information on the valuation assumptions with respect to the 2007 grants, refer to Note 9 of our financial statements in our Annual Report on Form 10-K for the year ended December 31, 2007, as filed with the SEC. These amounts reflect the company's accounting expense for these awards, and do not correspond to the actual value that will be realized by the directors. The following directors held outstanding options as of December 31, 2007: Mr. Anderson (15,000), Mr. Brennan (48,000), Mr. Darish (49,000), Dr. Ku (40,000), Ms. Sampson (54,000) and Ambassador Whittlesey (73,000).

On June 22, 2007, our Board of Directors, upon recommendation by our Compensation/Stock Option Committee, approved the following compensation program, which remains in effect, to compensate non-employee directors for service on the Board and its committees. The compensation program became effective July 1, 2007 and replaced the compensation program previously in effect. The program entitles our independent directors, or non-employee directors, to receive the following fees in connection with their participation on our Board of Directors and related Board committees: (i) an annual independent director cash retainer fee of \$42,500; (ii) an annual award of 1,400 shares of restricted stock pursuant to our 2005 Employee and Director Restricted Stock Award Plan that becomes fully vested one year from the date of grant; (iii) \$2,500 per Board meeting attended in person and \$1,300 per Board meeting attended by telephone; and (iv) \$1,300 per Board committee meeting attended in person and \$650 per Board committee meeting attended by telephone. The committee attendance fees are payable only if the committee meeting is not scheduled in conjunction with (just before or after) a Board of Directors meeting and telephonic meeting fees are paid on a pro-rated basis if an independent director does not participate via telephone for the entire meeting.

In addition, our independent directors are eligible to receive non-qualified options to purchase an aggregate of 10,000 shares of our common stock annually pursuant to our 2002 Long-Term Incentive Plan (or such other plan applicable to our independent directors in effect from time to time). These options are granted in two semi-annual installments consisting of 5,000 stock options on April 1 and October 1 of each year, subject to the director being in service on such date, and have a strike price equal to the fair

market value (as defined in our applicable stock option plan) of our common stock on the date of grant. They become fully vested one year from the date of grant, and contain the terms and conditions as set forth in our form non-qualified stock option agreement for independent directors.

Upon a change of control (as defined in our applicable stock option plan) all outstanding and unvested options become fully vested and exercisable. In addition, if any payment provided to our independent directors on account of such acceleration of exercisability of such options upon a change of control would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986 or any successor provision, our independent directors will be entitled to a gross-up payment to negate the effect of any such tax.

Directors who are also our employees or employees of any of our affiliates do not receive any compensation for their services as a director. Accordingly, Messrs. Recchia and Schultz are not compensated as such for their services as directors.

On February 11, 2008, our Corporate Governance Committee amended our Corporate Governance Guidelines to provide that all of our independent directors are required to hold at least 2,800 shares of our common stock within two years of joining our Board of Directors.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION PHILOSOPHY

Our compensation philosophy is to develop and implement policies that will encourage and reward outstanding financial performance, seek to increase our profitability, and thereby increase stockholder value. Accordingly, a high proportion of the compensation of our executives is tied in some manner to both short-term and long-term corporate performance. Maintaining competitive compensation levels in order to attract, retain and reward executives who bring valuable experience and skills to us is also an important consideration. Our executive compensation programs are designed to attract, hire and retain talented individuals and motivate them to achieve our business objectives and performance targets, including increasing long-term stockholder value. Most of our compensation elements simultaneously fulfill one or more of our performance, alignment and retention objectives.

COMPENSATION-SETTING PROCESS

Our management is involved in the compensation-setting process, most significantly in:

evaluating executive performance;

establishing business performance targets and objectives; and

recommending salary levels and equity awards.

Working with management, our Compensation/Stock Option Committee of our Board of Directors then develops and implements the compensation plans for our senior management. It conducts an annual review of our goals and objectives as related to the form and amount of executive compensation.

Each of our executive officers named in the Summary Compensation Table for Fiscal Year 2007 (whom we refer to as our named executive officers) is currently, or in the case of Mr. Hoffman was, employed pursuant to a multi-year employment agreement. These multi-year employment agreements retain the services of the executives for an extended period and bind former executives to non-competition and non-solicitation obligations. We place great value on the long-term commitment that our named executive officers have made to us. Each of our named executive officers has been (or in the case of Mr. Hoffman, was) employed by us for over 20 years. The employment agreements with such named executive officers were first entered into immediately prior to our initial public offering consummated in 1992. As further discussed below, our Compensation/Stock Option Committee periodically reviews the terms of these agreements.

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

Pursuant to these agreements, our Chief Executive Officer has historically received the highest level of compensation, including salary, bonus opportunities and equity-based compensation. During the year ended December 31, 2007, he was followed by our Chief Financial Officer and General Counsel by reason of their respective duties and responsibilities and then by other Executive Vice Presidents. This internal pay relationship among our named executive officers was established at the time the Company completed its initial public offering in 1992. Our Compensation/Stock Option Committee has never taken a formulaic approach to this relationship, but, as a general principle, has strived to maintain these relative levels of compensation among the named executive officers. In September 1998, when Mr. Schultz was promoted to Chief Executive Officer of the Company from Chief Operating Officer, his employment agreement was revised to reflect his increased responsibilities and to mirror certain components of the former

Table of Contents

Chief Executive Officer's employment contract. Since such time, we have not had a Chief Operating Officer position and this explains certain disparities between Mr. Schultz's salary and equity awards and the next highest paid named executive officer's salary and equity awards. Our Compensation Stock/Option Committee believes that Mr. Schultz's compensation level reflects the Committee's confidence in Mr. Schultz, Mr. Schultz's performance throughout his tenure as Chief Executive Officer (and effectively, as Chief Operating Officer as well) and our desire to retain Mr. Schultz's outstanding talents at the head of our Company.

The minimum compensation to which each named executive officer is entitled is specified in their respective employment agreements. While our Compensation/Stock Option Committee's primary opportunity to modify fixed terms of executive compensation to reflect policy changes is at the time the agreement is up for renewal, our Compensation/Stock Option Committee annually assesses whether any executive should receive an increase in annual base salary or whether any amendments to the employment agreement are desirable.

The length of time employment agreements are extended into the future is a result of a variety of factors, including the staggering of expiration dates of other executive employment agreements, the roles and responsibilities of the executive and a risk assessment of the executive being hired by one of our competitors.

In establishing and administering the variable elements in the compensation of our named executive officers, our Compensation/Stock Option Committee tries to recognize individual contributions, overall business results, our historical practices (including our internal compensation levels) and the value of such executive's experience in the promotion marketing industry (and with us in particular). Compensation levels are also determined based upon the executive's responsibilities, the efficiency and effectiveness with which he or she marshals resources and oversees the matters under his or her supervision, the degree to which he or she has contributed to the accomplishments of major tasks that advance our goals, including sales growth, earnings and acquisitions, and our current competitive environment, employee retention and morale. Our financial performance measured against our goals is also a key factor that affects the overall level of compensation for our named executive officers. We have historically paid higher compensation when goals are exceeded and reduced compensation when goals are not met, taking into consideration each executive's individual ability to influence results when ultimately approving particular elements of each named executive officer's compensation package.

Historically, management has also reviewed from time to time levels of compensation paid to officers at comparable companies with similar responsibilities in order to make appropriate recommendations to our Compensation/Stock Option Committee for approval. During 2006, our Compensation/Stock Option Committee retained Towers Perrin Human Resources Services to review our compensation program and recommend appropriate changes and used the findings and analysis of Towers Perrin during 2007 to assist it in negotiating the terms of the executive officers' employment agreements that came up for renewal or were amended during 2007. We paid Towers Perrin approximately \$55,600 for consulting fees related to board and executive compensation with respect to fiscal 2007. Our commitment to ensuring that our Company is led by the right executives at the right time is a high priority, and we make our compensation decisions accordingly.

COMPENSATION ELEMENTS

Our compensation program for our named executive officers includes the following elements:

base salary;

annual cash bonuses;

stock options and restricted stock awards;

retirement and other benefits; and

modest perquisites and other personal benefits.

Cash Compensation

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

The annual cash compensation of our named executive officers consists of annual salary and cash bonuses. The cash compensation of each named executive officer (other than the Chief Executive Officer) may be increased based on an annual review of such officer's performance by the Chief Executive Officer and his recommendations to our Compensation/Stock Option Committee. The cash compensation of the Chief Executive Officer may be increased based on an annual review of his performance by our Compensation/Stock Option Committee and the Board of Directors or in conjunction with an extension of his employment or changes in his responsibilities.

Table of Contents**(1) Salary**

Base salary is the guaranteed element of an executive's annual cash compensation. The salary of our named executive officers is governed by their employment agreements. During the year ended December 31, 2007, our Compensation/Stock Option Committee recommended that the annual base salaries for Messrs. Hoffman and Recchia be increased to \$403,650 and \$500,000, respectively, effective July 1, 2007. The determination to increase Messrs. Recchia's and Hoffman's respective salaries was based on the significant increases in Messrs. Recchia's and Hoffman's responsibilities following our acquisition of ADVO and the Committee's review of an analysis report prepared by Towers Perrin. Although we did not formally benchmark during 2007, our goal was to target annual base salary levels between the market 50th and 75th percentiles compared to other similar public companies. Based on Towers Perrin's report, the salary increases awarded to Messrs. Recchia and Hoffman place each of their respective annual base salaries between the 50th and 75th percentile for similarly situated officers.

(2) Incentive Bonuses

Historically, we have established and structured our semi-annual cash bonus program to align executive goals with our earnings growth objectives for the current year. Under the employment agreements with our named executive officers, each is entitled to an annual incentive bonus of up to an aggregate of 100% of base salary if certain performance goals set by our Compensation/Stock Option Committee, or, in the case of Messrs. Herpich and Hogg, our Compensation/Stock Option Committee and Chief Executive Officer, are met. This reflects our objective of ensuring that a substantial amount of each named executive officer's compensation is tied to the achievement of specific performance goals.

Pursuant to the named executive officer employment agreements, the 2007 incentive bonuses were paid two times during the year and were contingent upon our meeting semi-annual earnings per share, or EPS, targets that were set by our Compensation/Stock Option Committee in December 2006 for the six-month periods ending on each of June 30, 2007 and December 31, 2007. Historically, our Compensation/Stock Option Committee set the semi-annual EPS targets at or near the mid-point of the range of the EPS guidance to be provided to our stockholders in our earnings releases. No bonus attributable to EPS performance targets is payable to any named executive officer unless actual EPS exceeds 70% of the EPS target for the period. In determining whether the performance targets have been achieved, our Compensation/Stock Option Committee adjusts for certain items described below under Adjustments for Certain Items. While we have never awarded compensation absent attainment of the performance targets, our Compensation/Stock Option Committee has from time to time agreed with the named executive officers to reduce the size of their respective bonus opportunities. Our Compensation/Stock Option Committee considered our expected decline in EPS for 2007 as compared to 2006 and, as a result, decided to limit for 2007, with each named executive officer's consent, the aggregate annual amount of the bonus opportunity that each named executive officer could earn up to 80% (or 40% with respect to each semi-annual bonus opportunity) as opposed to 100% of the executive's annual base salary even in the event that the performance targets were obtained. During the prior year, our Compensation/Stock Option Committee had conducted the same analysis with respect to our declining EPS for 2006 and similarly limited for 2006 the aggregate amount of bonus opportunity that each named executive officer could earn.

Consistent with our historical practice, our EPS performance targets for the 2007 fiscal year were determined by our Compensation/Stock Option Committee in December 2006. From August 30, 2006 until December 18, 2006, we were involved in litigation with ADVO in connection with the merger agreement we entered into with them. While we ultimately settled the litigation with ADVO and consummated the acquisition of ADVO, at the time our Compensation/Stock Option Committee determined the 2007 EPS performance targets, it was unclear whether we would ultimately acquire ADVO. Accordingly, the 2007 EPS performance targets were established based on our expected EPS 2007 performance as a stand-alone company, prior to our acquisition of ADVO.

The threshold and target award opportunities for the semi-annual cash incentive bonuses for 2007 are reported in the Grants of Plan-Based Awards in 2007 Fiscal Year table below. After the conclusion of the relevant six-month performance period, our Compensation/Stock Option Committee reviewed our applicable 2007 financial results and determined the actual payments to be made and the resulting actual payments with respect to our 2007 fiscal year are reported in the Summary Compensation Table for Fiscal Year 2007 in the column entitled Non-Equity Incentive Compensation. The actual semi-annual incentive bonuses paid to Messrs. Schultz, Hoffman and Recchia for 2007 represent the proportionate amounts of their respective target potential bonus opportunities (i.e., 40% of annual base salary) that correlate to the percentage of the EPS target (between 70% and 100%) achieved for the applicable six-month period during fiscal 2007. The actual semi-annual incentive bonuses paid to Messrs. Herpich and Hogg represent the sum of (i) the proportionate amounts of their respective target potential bonus opportunities (i.e., 20% of annual base salary) that correlate to the percentage of the EPS target (between 70% and 100%) achieved for the applicable six-month period during fiscal 2007 and (ii) the proportionate amounts of their respective target bonus opportunities that correlate to the percentage of the individual performance targets achieved for the applicable six-month period of fiscal 2007 set by our Chief Executive Officer; provided that, in no event can the sum of the semi-annual bonuses for either Messrs. Herpich or Hogg exceed 80% of their respective annual base salary. Our Compensation/Stock Option Committee has historically based awards on meeting EPS targets for the following reasons:

EPS is a meaningful measure of performance used by the marketplace to value stock.

Table of Contents

We believe that a target based upon EPS emphasizes our commitment to reach and maintain a competitive rate of return on equity and achieve long-term growth in earnings, which are critical factors for assuring creation of value for our stockholders.

We believe that the use of EPS is an effective motivator because it is easy to track and clearly understood by employees. Additionally, we believe that a shorter bonus period will provide our named executive officers with a greater sense of urgency for them to meet the specified targets.

Over the past five years (which included 10 semi-annual bonus periods), we have achieved performance in excess of the threshold level 10 times and have achieved the maximum performance level seven times. Although the maximum performance level was achieved 70% of the time during the past five years, on five of the seven occasions the executives voluntarily reduced the bonus amounts they were entitled to receive and only received 80% of each semi-annual bonus opportunity (as opposed to 100%). The payout percentage over the past five years has been on average 73% of the participant's target award opportunity. Generally, our Compensation/Stock Option Committee sets the minimum, target and maximum levels such that the relative difficulty of achieving the target level is consistent from year to year.

Subject to our shareholders approving the 2008 Senior Executives Semi-Annual Bonus Plan as further described on page 38 of this proxy statement, as a result of our acquisition of ADV0 and the changes that brought to the size, capitalization and complexity of our Company, our Compensation/Stock Option Committee has decided to use adjusted EBITDA minus capital expenditures as the performance target metric for awards granted for fiscal 2008. However, our board of directors has determined that this new performance target metric and the related performance award opportunities do not materially affect a fair understanding of our named executive officers' compensation for fiscal 2007.

Adjustments for Certain Items

Consistent with past practice and based on criteria established at the beginning of the performance period, our Compensation/Stock Option Committee adjusted the earnings results on which 2007 bonuses and performance awards were determined to eliminate the effect of certain items. The adjustments are intended to ensure that award payments represent the underlying growth of our core business and are not artificially inflated or deflated due to extraordinary and/or non-recurring items either in the award year or the previous (comparator) year. For the 2007 awards calculation, our Compensation/Stock Option Committee adjusted EPS (which was based on Valassis as a stand-alone company) to eliminate costs related to our litigation with ADV0, write-offs of certain assets and costs associated with the restructuring of certain of our European operations.

Equity Compensation

We believe that equity compensation fosters the long-term perspective on the part of our executives necessary for our success and ensures that the executives properly focus on increasing shareholder value. Non-cash compensation of named executive officers currently consists of options granted under our 2002 Long-Term Incentive Plan in discretionary amounts approved by our Compensation/Stock Option Committee and restricted stock granted pursuant to our 2005 Executive Restricted Stock Plan or our 2005 Employee and Director Restricted Stock Award Plan.

(1) Performance-based options

Historically, the Compensation/Stock Option Committee has granted performance-based options to our named executive officers. The exercise price of each stock option awarded to our named executive officers under our 2002 Long-Term Incentive Plan is the closing sales price of our common stock on the date of grant. The grant dates are determined without regard to anticipated earnings or other major announcements by us.

To further strengthen the commonality of interest between named executive officers and our stockholders, these performance-based stock options provide accelerated vesting in one-third increments as our common stock meets certain specified price per share targets, which are typically increases of \$5.00, \$10.00 and \$15.00 per share over the then-current fair market value at the time of grant. Generally, if our common stock does not reach the price per share targets, these options vest in full after five years from the date of grant. Our Compensation/Stock Option Committee believes that these performance-based options provide even greater motivation for our named executive officers to achieve our performance targets.

Up until April 2006, the number of performance based stock options was fixed in the employment agreements of our named executive officers. During 2007, our Compensation/Stock Option Committee granted Mr. Schultz a discretionary option to purchase 45,000 shares of our common stock and each of the other named executive officers a discretionary option to purchase 25,000 shares of our common stock, each pursuant to our 2002 Long-Term Incentive Plan. This number of shares subject to each of these options was significantly lower than the amount previously provided to the named executive officers under the then applicable terms of their

Table of Contents

employment agreements, reflecting our performance. On July 1, 2007 and August 1, 2007, respectively, our Compensation/Stock Option Committee granted Mr. Recchia and Mr. Herpich a discretionary option to purchase 60,000 shares and 25,000 shares, respectively, of our common stock pursuant to our 2002 Long-Term Incentive Plan, based upon recommendations made by Towers Perrin and their increased responsibilities following our acquisition of ADVO. For additional information regarding these grants, see Grants of Plan-Based Awards in 2007 Fiscal Year.

(2) Restricted stock

In order to further incentivize management, our named executive officers are entitled to a fixed number of shares of restricted stock each fiscal year under the terms of their employment agreements, which are generally granted on the first day of the subsequent fiscal year. They are entitled to earn an additional number of restricted shares if our Compensation/Stock Option Committee determines that 80% of the performance targets have been met and an additional number of restricted shares if 115% of the performance targets have been met. The amount of restricted stock is specified in the executive's employment agreement and the applicable performance target is set by the Committee each year. Our Compensation/Stock Option Committee used EPS as the performance target metric for awards granted for fiscal 2007. Subject to our shareholders approving the 2008 Senior Executives Semi-Annual Bonus Plan as further described on page 38 of this proxy statement, as a result of our acquisition of ADVO and the changes that brought to the size, capitalization and complexity of our Company, our Compensation/Stock Option Committee has decided to use adjusted EBITDA minus capital expenditures as the performance target metric for awards granted for fiscal 2008. However, as discussed above, our board of directors has determined that this new performance target metric and the related performance award opportunity do not materially affect a fair understanding of our named executive officers' compensation for fiscal 2007. In order to enhance the awards' ability to incentivize longer term focus and retention, the shares of restricted stock referred to above are subject to vesting in approximately equal portions over a three-year period, or one year, in the case of the performance-based restricted stock awards granted to the Chief Executive Officer pursuant to his employment agreement. We believe that grants of restricted stock further a sense of stock ownership by our named executive officers, further tie their compensation to our performance and give us a significant advantage in retaining and motivating key executives.

Voluntary Stock Ownership Guidelines

To align the interests of executive officers with the interest of our stockholders, we have adopted the following voluntary guidelines for executive officers to maintain a minimum number of shares in our common stock (excluding stock options):

Chief Executive Officer of Valassis:	3X annual base salary
Executive Vice Presidents of Valassis and President of NCH:	2X annual base salary
Senior Vice Presidents and Vice Presidents of Valassis:	1X annual base salary

Executives have two years from a promotion to each level to be in compliance with these voluntary guidelines.

Retirement Plans

Executive officers (as well as all of our employees) also are eligible to participate in Valassis Employees' Retirement Savings Plan and certain named executive officers are eligible to participate in the Supplemental Benefit Plan, which provides for supplemental benefits to those participants for a period of 10 years commencing upon death, retirement or other termination of employment. In determining who is eligible to participate in the Supplemental Benefit Plan, our Compensation/Stock Option Committee evaluates our overall compensation structure, the terms of the individual employment agreements and our need to provide competitive compensation arrangements in order to attract, retain and motivate key executives. Messrs. Schultz, Hoffman, Recchia and Herpich participate in the Supplemental Benefit Plan. Our Compensation/Stock Option Committee evaluated Mr. Hogg's compensation arrangements in 2007 and, due to his increased responsibilities at the company and our desire to retain and motivate Mr. Hogg, we amended his employment agreement in 2007 to provide for additional supplemental benefits for a period of 10 years commencing upon his death, retirement or other termination of employment similar to those provided under the Supplemental Benefit Plan. The termination arrangements fit into our overall compensation objectives and reflect our historical pattern of providing our Chief Executive Officer with the highest level of compensation, followed by our Chief Financial Officer and General Counsel, if applicable, and then Executive Vice President, Sales and Marketing and Executive Vice President of Manufacturing and Client Services.

For example, we place significant importance on protecting our interests by including meaningful noncompete provisions in the executive employment agreements. As a general principle, the more we believe that the industry values the executive, the more

Table of Contents

essential the non-compete is to us. Accordingly, Mr. Schultz's employment agreement contains a mandatory seven-year non-compete provision following termination. Mr. Recchia's employment agreement contains a mandatory two-year non-compete restriction. The mandatory non-compete provision for Mr. Recchia is coupled with a mandatory obligation by him to provide advisory and consulting services during such two-year period. In the case of Mr. Herpich and Mr. Hogg, each of their employment agreements provide that the non-competition provision may continue for up to two years following the termination of such executive's employment, at our option, provided that we pay such executive his then-existing annual base salary during the extended period. Mr. Hoffman, our former Executive Vice President, General Counsel and Secretary, also is subject to a mandatory two-year non-compete provision and is required to provide advisory and consulting services to us during such period.

See the sections entitled "Pension Benefits" and "Potential Payments and Benefits Upon Termination" for additional information.

Perquisites and Other Personal Benefits

Pursuant to the terms of their individual employment agreements, our named executive officers are entitled to limited perquisites and personal benefits including, among other things, all or a combination of, a car allowance, tax and accounting advice and country club membership. We do not feel that perquisites should play an important role in the compensation of our executives, but also feel that the benefits described above are reasonable and in line with those provided to management level employees and align with our overall compensation goal of providing competitive compensation to our executive officers that maximizes the interests of our stockholders.

Change of Control

Our named executive officers are entitled to certain benefits upon a change of control (as defined in our applicable stock plan). These change of control benefits are designed to promote stability and continuity of senior management in the face of the potential uncertainty that a change of control may bring. Information regarding applicable payments upon a change of control for the named executive officers is provided under the heading "Potential Payments and Benefits Upon Termination."

INCOME TAX AND ACCOUNTING CONSIDERATIONS

In the event total compensation for any named executive officer exceeds the \$1 million threshold at which tax deductions are limited under Internal Revenue Code Section 162(m), our Compensation/Stock Option Committee intends to balance tax deductibility of executive compensation with its responsibility to retain and motivate executives with competitive compensation programs. As a result, our Compensation/Stock Option Committee may take such actions as it deems to be in the best interests of the stockholders, including: (i) provide non-deductible compensation above the \$1 million threshold; (ii) require deferral of a portion of the bonus or other compensation to a time when payment may be deductible by us; and/or (iii) modify existing programs to qualify bonuses and other performance-based compensation to be exempt from the deduction limit.

As a result of Statement of Financial Accounting Standards No. 123 (revised 2004), Share Based Payment, or SFAS 123R, our Compensation/Stock Option Committee has shifted its equity compensation mix for executive officers to a greater percentage of restricted stock rather than stock options.

COMPENSATION/STOCK OPTION COMMITTEE REPORT

We, the Compensation/Stock Option Committee of the Board of Directors of Valassis Communications, Inc, have reviewed and discussed the Compensation Discussion and Analysis set forth above with the management of the Company, and, based on such review and discussion, have recommended to the Board of Directors inclusion of the Compensation Discussion and Analysis in this Proxy Statement and, through incorporation by reference from this Proxy Statement, the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

⁽¹⁾ All awards included in this table were granted and/or earned with respect to fiscal year 2007 performance. As noted below, the actual number of restricted shares that certain named executive officers could become entitled to during 2007 was dependent, in part, on our 2007 performance. As a result and as noted below, certain of our restricted stock awards were not actually granted until January 1, 2008 although they related to 2007 compensation and performance.

⁽²⁾ This exercise price represents the closing sales price of our common stock on the date of grant.

⁽³⁾ This column shows the full grant date fair value of equity awards granted in 2007 determined in accordance with SFAS 123R, except that no assumptions as to forfeitures were made. A discussion of the assumptions used in calculating grant date fair value is set forth in Note 9 of the financial statements in the Form 10-K for the year ended December 31, 2007, as filed with the SEC.

⁽⁴⁾ This amount reflects awards granted to Mr. Schultz for fiscal 2007 performance. Pursuant to his employment agreement, Mr. Schultz was entitled to receive a grant of 11,250 shares of restricted stock for fiscal 2007, which shares vest ratably over three years. Mr. Schultz was also entitled to an additional grant of restricted stock if the Company achieved certain performance goals with respect to 2007. Mr. Schultz was entitled to an additional 11,250 shares of restricted stock if the Company achieved 80% of the EPS performance target in 2007 and was entitled to an additional 11,250 shares of restricted stock if the Company achieved 115% of the EPS performance target in 2007. In

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

both cases, the restricted stock vests one year from the date of grant. During 2007, the 80% performance target was satisfied; however, the 115% performance target was not satisfied. Therefore, Mr. Schultz was entitled to an additional award of 11,250 restricted shares and a total restricted stock grant of 22,500 shares for 2007. Although in accordance with his employment agreement such grant was not awarded to Mr. Schultz until January 1, 2008, the award pertains to fiscal 2007 and we recognized a portion of the award for financial statement reporting purposes in 2007.

- (5) These amounts reflect the minimum value of the potential incentive cash bonus payout if our EPS exceeded 70% of the EPS target for each applicable six-month performance period. The EPS target is set by our Compensation/Stock Option Committee, as more fully described in the Compensation Discussion and Analysis. Actual bonus amounts earned in 2007 by our named executive officers are included in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.
- (6) These amounts reflect the value of the potential incentive cash bonus payout if 100% of the EPS target was satisfied for each applicable six-month performance period. Even though the executive's employment agreement provides for a potential bonus opportunity of 100% of annual base salary, our Compensation/Stock Option Committee decided to limit the amount of bonus to 80% of the executive's annual base salary as more fully described in the Compensation Discussion and Analysis.
- (7) Reflects a discretionary grant of options that become exercisable in increments of 33.333%, 33.333% and 33.334% at such time that the closing price per share of our common stock is equal to or exceeds \$19.50, \$24.50 and \$29.50, respectively. In any event, however, the options vest in full on January 1, 2012 and will be exercisable until January 1, 2014.
- (8) This amount reflects awards granted to Mr. Recchia for fiscal 2007 performance. Pursuant to his employment agreement, Mr. Recchia was entitled to receive a grant of 4,500 shares of restricted stock for fiscal 2007. Mr. Recchia was also entitled to an additional grant of restricted stock if the Company achieved certain performance goals with respect to 2007. Mr. Recchia was entitled to an additional 2,250 shares of restricted stock if the Company achieved 80% of the EPS performance target in 2007 and was entitled to an additional 2,250 shares of restricted stock if the Company achieved 115% of the EPS performance target in 2007. During 2007, the 80% performance target was satisfied; however, the 115% performance target was not satisfied. Therefore, Mr. Recchia was entitled to an additional award of 2,250 restricted shares and a total restricted stock grant of 4,500 shares for 2007. Restricted shares awarded to Mr. Recchia vest ratably over three years. Although in accordance with his employment agreement such grant was not awarded to Mr. Recchia until January 1, 2008, the award pertains to fiscal 2007 and we recognized a portion of the award for financial statement reporting purposes in 2007.
- (9) Reflects a discretionary grant of options that become exercisable in increments of 33.333%, 33.333% and 33.334% at such time that the closing price per share of our common stock is equal to or exceeds \$22.19, \$27.19 and \$32.19, respectively. In any event, however, the options vest in full on July 1, 2012 and will be exercisable until July 1, 2014.
- (10) Mr. Hoffman retired from his position with our Company effective January 1, 2008. See Potential Payments and Benefits Upon Termination for further discussion regarding the terms of Mr. Hoffman's retirement.
- (11) This amount reflects awards granted to Mr. Herpich for fiscal 2007 performance. Pursuant to his employment agreement, Mr. Herpich was entitled to receive a grant of 4,500 shares of restricted stock for fiscal 2007. Mr. Herpich was also entitled to an additional grant of restricted stock if the Company achieved certain performance goals with respect to 2007. Mr. Herpich was entitled to an additional 2,250 shares of restricted stock if the Company achieved 80% of the EPS performance target in 2007 and was entitled to an additional 2,250 shares of restricted stock if the Company achieved 115% of the EPS performance target in 2007. During 2007, the 80% performance target was satisfied; however, the 115% performance target was not satisfied. Therefore, Mr. Herpich was entitled to an additional award of 2,250 restricted shares and a total restricted stock grant of 4,500 shares for 2007. Restricted shares awarded to Mr. Herpich vest ratably over three years. Although in accordance with his employment agreement such grant was not awarded to Mr. Herpich until January 1, 2008, the award pertains to fiscal 2007 and we recognized a portion of the award for financial statement reporting purposes in 2007.
- (12) These amounts reflect the minimum value of the potential incentive cash bonus payout for each applicable six-month performance period if (i) our EPS exceeded 70% of the EPS target and (ii) the named executive officer did not achieve his individual performance targets set by our Chief Executive Officer. The EPS target is set by our Compensation/Stock Option Committee, as more fully described in the Compensation Discussion and Analysis. Actual bonus amounts earned in 2007 by our named executive officers are included in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

Table of Contents**Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table***Employment Contracts*

We have employment agreements with each of our named executive officers. The following summary of certain provisions of these employment agreements does not purport to be complete and is subject to and is qualified in its entirety by reference to the actual text of the employment agreements of the named executive officers, copies of which are exhibits to our SEC filings.

Mr. Schultz's employment agreement expires December 31, 2008, Mr. Herpich's employment agreement expires December 31, 2009, Mr. Recchia's employment agreement expires December 31, 2012 and Mr. Hogg's employment agreement expires January 1, 2010. Mr. Hoffman's employment agreement terminated in connection with his retirement from our Company, effective January 1, 2008. See *Potential Payments and Benefits Upon Termination* for further discussion regarding the terms of Mr. Hoffman's retirement. Mr. Schultz's employment agreement provides that he is entitled to an annual base salary equal to \$860,000. Pursuant to their respective employment agreements and modest salary increases in January 2008, Mr. Recchia is entitled to an annual base salary equal to \$515,000, Mr. Herpich is entitled to an annual base salary equal to \$372,000, and Mr. Hogg is entitled to an annual base salary of \$295,000. For 2007, salaries paid to our named executive officers accounted for the following percentages of their total compensation: Mr. Schultz (28%), Mr. Recchia (30%), Mr. Hoffman (30%), Mr. Herpich (32%) and Mr. Hogg (22%).

Further, the employment agreements of each of Messrs. Herpich, Hoffman and Recchia provide that each of these executives is entitled to receive 2,250 shares of restricted stock for each year during the term of his respective employment agreement and up to an additional 4,500 shares of restricted stock for each year during the term of his employment agreement if we achieve certain performance targets. Mr. Schultz's employment agreement provides that he is entitled to receive 11,250 shares of restricted stock for each year during the term of his employment agreement and up to an additional 22,500 shares of restricted stock for each year during the term of his employment agreement if we achieve certain performance targets. In addition, pursuant to the terms of the employment agreements with Messrs. Schultz, Recchia and Hoffman, all of these executives are entitled to semi-annual bonuses of up to 50% of their annual salary if we achieve certain performance targets set by our Compensation/Stock Option Committee. Messrs. Herpich's and Hogg's employment agreements provide that they are entitled to a semi-annual bonus of up to 25% of their annual salary if we achieve certain performance targets set by our Compensation/Stock Option Committee and a semi-annual bonus of up to 25% of their annual salary in accordance with certain performance targets (sales targets in the case of Mr. Herpich) set annually by our Chief Executive Officer in conjunction with our Compensation/Stock Option Committee. However, for fiscal 2007, our Compensation/Stock Option Committee considered the company's expected decline in EPS and, as a result, decided to limit for 2007, with each executive officer's consent, the aggregate annual amount of the bonus opportunity that each named executive officer could earn to 80% (or 40% with respect to each semi-annual bonus opportunity) as opposed to 100% of the executive's annual base salary even in the event that the performance targets were obtained. See the *Compensation Discussion and Analysis* for additional information regarding the vesting periods applicable to the restricted stock awards described in this paragraph, as well as the performance targets applicable to certain of such awards and the amounts granted in fiscal 2007.

Provisions of the employment agreements that relate to severance pay and termination benefits are described below in the section entitled *Potential Payments and Benefits Upon Termination*.

Non-equity Incentive Plan Compensation

The non-equity incentive plan compensation set forth in the Summary Compensation Table for Fiscal Year 2007 reflects annual cash incentive compensation under the executives' employment agreements and, in the case of Mr. Schultz, in accordance with our Amended and Restated Senior Executive Bonus Plan. Annual cash incentive compensation is earned based upon the achievement of a threshold EPS target and, in the cases of Messrs. Herpich and Hogg, additional individual performance targets, and is payable as a percentage of salary as set forth in the executive's employment agreement.

The threshold and target amounts set forth in the Grants of Plan-Based Awards in 2007 Fiscal Year table represent the potential amounts that could have been earned if our EPS (excluding, as discussed above, ADVO results) exceeded 70% or achieved 100%, respectively, of the EPS target set by our Compensation/Stock Option Committee for each applicable six-month performance period.

Restricted Stock

We grant restricted stock to Messrs. Schultz, Recchia and Herpich, and granted restricted stock to Mr. Hoffman until his retirement in January 2008, pursuant to our 2005 Executive Restricted Stock Plan and our 2005 Employee and Director Restricted Stock Award Plan in amounts set forth in the executives' employment agreements. From time to time, we grant restricted stock to Mr. Hogg pursuant to our 2005 Executive

Edgar Filing: VALASSIS COMMUNICATIONS INC - Form DEF 14A

Restricted Stock Plan and our 2005 Employee and Director Restricted Stock Award Plan in discretionary amounts that are approved by our Compensation/Stock Option Committee. Each year, one-third of the shares of restricted stock provided for in the named executive officers employment agreements vest over a three-year period and are non-

performance based. The remaining two-thirds of the shares of restricted stock granted pursuant to the employment agreements are granted based upon the achievement of specified financial performance targets and then generally vest over a three-year period (one year in the case of Mr. Schultz), beginning with the first anniversary of the grant date. For more information about these performance targets and the vesting schedules, see Compensation Discussion and Analysis.

Shares of restricted stock granted under our 2005 Executive Restricted Stock Plan vest immediately upon the death, disability, retirement or termination without cause (as defined in the applicable plan) of the executive or upon a change of control of the company as well as upon termination for good reason (as defined in the plan). During the vesting period, the executives are the beneficial owners of the shares of restricted stock and possess all voting and dividend rights provided the executives remain employed. Currently, we have no plans to pay cash dividends.

Stock Options

We grant stock options to our named executive officers pursuant to our 2002 Long-Term Incentive Plan. The option exercise price is equal to the closing sales price of our common stock on the date of grant. One-third of the stock options will vest upon achieving each of three common stock market price thresholds, provided that in any event the options will vest in full five years from the date of grant and have a term of two years thereafter. Stock options are not transferable other than by will or the laws of descent and distribution. Stock options will become immediately exercisable in the event of a change of control of the Company (as defined in the plan), in certain instances in the discretion of our Compensation/Stock Option Committee and in the event the holder is no longer employed by reason of retirement, disability, death or otherwise.

Additional Information

We have provided additional information regarding the compensation we pay to our named executives in the Compensation Discussion and Analysis section of this proxy statement.

PENSION BENEFITS

We established a Supplemental Benefit Plan in 1998 and amended the Plan in 2002 and in 2008. Our Supplemental Benefit Plan covers management employees who are designated by our Compensation/Stock Option Committee. Participating employees earn credited service for each year of continuous service with us. The annual amount of supplemental benefit is calculated by multiplying a participant's years of credited service by 2% of the participant's average annual base compensation while employed by us for the 36 months immediately preceding retirement or other termination of employment. The normal retirement age is 65 or such earlier time as the participant is disabled, dies, is terminated without cause or there is a change of control of the company. The amount of supplemental benefit provided by our Supplemental Benefit Plan was payable semi-annually and, as a result of an amendment to the Plan in March 2008, is now payable annually for a period of 10 years, commencing upon retirement, death or other termination of employment (or six months and a day thereafter with respect to certain amounts that were not earned and vested on December 31, 2004). The Supplemental Benefit Plan also provides that each participant is entitled to continued medical, prescription and dental benefits on terms similar to those provided under company-sponsored plans for a period of 10 years following retirement or other termination of employment. The benefits under the Supplemental Benefit Plan are provided subject to the participating employee's compliance with the non-competition and non-solicitation provision in the plan. Any participant who violates the non-competition and non-solicitation restrictions forfeits participation under the plan and any further benefits thereunder. Participants do not contribute to the plan. The plan is unfunded and not qualified for tax purposes.

Base compensation under the plan excludes bonuses, commissions or other compensation of any kind. Three-year average base compensation for each of Mr. Schultz, Mr. Hoffman, Mr. Recchia and Mr. Herpich, who were participants under the plan as of the end of 2007 is: Mr. Schultz \$780,000, Mr. Hoffman \$392,275, Mr. Recchia \$408,333 and Mr. Herpich \$360,000. The benefits under the Supplemental Benefit Plan are not subject to any reduction for Social Security or any other offset amounts. Following his retirement effective January 1, 2008, Mr. Hoffman will commence receiving certain benefits under the Supplemental Benefit Plan on or about July 1, 2008.

In May 2007, in connection with an amendment to his employment agreement, Mr. Hogg was granted the right pursuant to the agreement to receive a supplemental retirement benefit commencing upon retirement, death, disability, change of control or other termination of employment without Cause (as defined in Mr. Hogg's employment agreement) based on Mr. Hogg's credited service for each year of continuous service with the company, subject to certain vesting requirements. The annual amount of the supplemental benefit is calculated by multiplying Mr. Hogg's years of credited service by 2% of his average annual base compensation while employed by Valassis for the 36 months immediately preceding retirement or other termination of employment. The normal retirement age is 65 or such earlier time as he is disabled, dies, is terminated without cause or there is a change of control of the company. The amount of supplemental benefit is payable semi-annually for a period of 10 years, commencing six months and a day after his retirement, death or other termination of employment. The employment agreement also provides that Mr. Hogg is entitled to continued medical, prescription and dental benefits on terms similar to those provided under company-sponsored plans for a period of 10 years following retirement or other termination of employment. The benefits under the agreement are provided subject to Mr. Hogg's compliance with the non-competition and non-solicitation provisions in his employment agreement. If Mr. Hogg violates the non-competition and non-solicitation restrictions he also forfeits the severance amounts and other benefits provided for by the agreement.

Table of Contents

The table below shows the present value of accumulated benefits at December 31, 2007 payable to each of the covered named executive officers, including the number of years of service credited to such named executive officers, under our Supplemental Benefit Plan using a discount rate of 5%. The table also shows the present value of accumulated benefits at December 31, 2007 payable to Mr. Hogg pursuant to his employment agreement using a discount rate of 5%.

Name	Plan Name	Number of years of Credited Service (#)	Present Value of Accumulated Benefit ⁽²⁾ (\$)

Richard Herpich	Supplemental Benefit Plan	29	1,689,715
William F. Hogg	Supplemental Benefit	29	408,737

⁽¹⁾ Mr. Hoffman retired effective January 1, 2008. As noted above, he will commence receiving certain benefits under the Supplemental Benefit Plan on or about July 1, 2008.

⁽²⁾ Also includes the estimated incremental lump-sum present value of the payment obligations of our Company with respect to continued medical, prescription and retirement benefits for each of the officers named in the table, calculated in accordance with generally accepted accounting principles for financial reporting purposes assuming (a) termination occurred on December 31, 2007, (b) a 5% discount rate, and (c) increases in the cost of coverage trending from 11% to 5% over the 10-year coverage term.

POTENTIAL PAYMENTS AND BENEFITS UPON TERMINATION

Estimated Payments Upon Death or Disability

In the event of a termination by reason of death or disability of an executive officer (as defined in the respective employment agreements), we are required to pay to such executive or his estate in a lump-sum his annual base salary through the date of termination and any deferred compensation and any accrued vacation pay to the date of termination. If this occurs, Messrs. Schultz and Recchia are also entitled to receive an amount equal to the executive's pro rata share of his semi-annual bonus for the six-month period in which his employment terminates (based on the achievement of certain performance targets at the end of the six-month period).

Estimated Payments Upon Termination For Other Reasons

Under the terms of the employment agreements with Messrs. Schultz and Recchia, if we terminate the executive's employment other than for Cause (as defined in the respective employment agreements), or if the executive terminates his employment for Good Reason (as defined in the respective employment agreements), then the executive is entitled to receive his base salary for the duration of the term of his employment agreement, a lump-sum cash bonus in an amount equal to two times his maximum semi-annual cash bonus for the current six-month period (whether or not earned), and any deferred compensation and any accrued vacation pay to the date of termination. The executive is also entitled to receive the pro rata share of his semi-annual bonus for the six-month period in which his employment terminates (based on the achievement of certain performance targets at the end of the six-month period). Under the terms of the employment agreements with Messrs. Herpich and Hogg, if we terminate the executive's employment other than for Cause (as defined in the respective employment agreements), we are obligated to continue to pay such executive a base salary for the duration of the term of his employment agreement, a lump-sum cash bonus in an amount equal to two times his maximum semi-annual cash bonus for the current six-month period (whether or not earned), and any deferred compensation and any accrued vacation pay to the date of termination. All of the employment agreements with the named executive officers provide that, under certain circumstances, we are also required to maintain our executive's participation in all employee welfare and medical benefit plans in which the executive was eligible to participate at the time of his termination.

If we terminate the employment of Messrs. Schultz or Recchia for Cause, or any of them terminates his employment with us without Good Reason, such executive officer is entitled to receive any compensation earned through the date of termination and any previously deferred compensation. Following this payment, except as provided below, we will then have no further obligations to the terminated executive officer under his employment agreement. Under the terms of the employment agreements for Messrs. Herpich

Table of Contents

and Hogg, if we terminate the employment of such executive officer for Cause, we will pay such executive officer any compensation earned through the date of termination and any previously deferred compensation. Following this payment, we will then have no further obligations to the terminated executive officer under his employment agreement.

The employment agreements with our named executive officers prohibit the executives from competing with us during the periods of their scheduled employment with us. In the case of Mr. Herpich and Mr. Hogg, this non-competition provision may continue for up to two years following the termination of his employment, at our option, provided that we pay Mr. Herpich and Mr. Hogg his then-existing annual base salary during the extended period. In the cases of Messrs. Hoffman and Recchia, this non-competition provision continues for up to two years following the termination of their respective employment with us, provided that during the extended period the executives furnish advisory and consulting services to us and we pay such executives, as applicable, their annual base salaries. Mr. Schultz's employment agreement provides that this non-competition provision extends for seven years after the later of the expiration date of his employment period or severance period, as the case may be, so long as we pay Mr. Schultz his annual base salary during each of the first three years of such seven-year period as well as an amount equal to one-half of such annual base salary during each of the last four years of such period.

Estimated Payments Upon a Change of Control

Upon a change of control (as defined in our applicable stock option plan) all options granted to the named executive officers become fully exercisable. In addition, the employment agreements provide that if any payment provided to these named executive officers on account of such acceleration of exercisability of such options upon a change of control would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986 or any successor provision, these named executive officers will be entitled to a gross-up payment. Upon a change of control (as defined in our applicable restricted stock plan), shares of restricted stock vest immediately. In addition, a change of control of our Company could result in one or more of the executives being terminated other than for Cause, or one or more of Messrs. Schultz and Recchia terminating his respective employment for Good Reason. In either of these events, the severance arrangements described above would apply.

The tables below describe and quantify certain compensation that would become payable under existing plans and arrangements if the named executive officer's, other than Mr. Hoffman's, employment had terminated on December 31, 2007, or if a change of control occurred on that date, given the named executive officer's compensation and service levels as of such date and, if applicable, based on our closing stock price on that date. Mr. Hoffman retired from our Company effective January 1, 2008. Our payment obligations to Mr. Hoffman in connection with his retirement are described under the heading "Retirement of Barry P. Hoffman" below. These benefits are in addition to benefits available generally to salaried employees. In addition, the tables below do not include amounts that the participating named executive officers are entitled to under our Supplemental Benefit Plan, which are discussed above under "Pension Benefits." Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event and our stock price.

- (1) Reflects (i) annual base salary paid bi-weekly for the remainder of the term of the executive's employment agreement following termination, plus (ii) a lump-sum bonus equal to two times the executive's maximum semi-annual cash bonus for the current six-month period plus a pro rata share of the executive's semi-annual bonus for the six-month period in which termination occurs (whether earned or not).
- (2) Reflects the value of options that become fully exercisable following the date of termination. Mr. Schultz has options exercisable for 255,000 shares of our common stock which vest upon termination. However, the intrinsic value of the unexercisable options as of December 31, 2007 was \$0 because the exercise price of each option was higher than our stock price on December 31, 2007.
- (3) Reflects the shares of restricted stock that would become vested based on a fair market value per share of \$11.69.
- (4) For information regarding the value of all future payments which the executive would be entitled to receive under our health plans, see the section entitled Pension Benefits.
- (5) Reflects the estimated value of all future payments (paid bi-weekly) which the executive would be entitled to receive pursuant to the non-competition provision contained in his employment agreement.
- (6) Under the executive's employment agreement, we have agreed to reimburse the executive for all excise taxes that are imposed on the executive by Section 280G and Section 4999 of the Internal Revenue Code and any income and excise taxes that are payable by the executive as a result of any reimbursements for Section 280G and Section 4999 excise taxes. Based on our estimates, we would not be required to pay an excise tax on any employment termination described above in connection with, or upon, a change of control.

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors is comprised of the three directors named below. It operates pursuant to a written charter adopted by our Board of Directors which can be viewed in the Investors/Corporate Governance section of the Company's Web site at www.valassis.com.

The role of the Audit Committee is to assist our Board of Directors in its oversight of the Company's financial reporting process. Our Board of Directors, in its business judgment, has determined that all members of the Audit Committee are independent, as required by applicable listing standards of the New York Stock Exchange and the rules and regulations promulgated by the SEC. As set forth in the Audit Committee Charter, the management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has considered and discussed with management and the Company's independent auditors, Deloitte & Touche LLP, the audited financial statements for the year ended December 31, 2007 and management's assessment of the effectiveness of our internal control over financial reporting as of December 31, 2007. Our Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended by Statement on Auditing Standards No. 90. Finally, the Audit Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect and discussed with Deloitte & Touche LLP that firm's independence. The Audit Committee also considered whether Deloitte & Touche LLP's non-audit services, including tax consulting and benefit plan services are compatible with maintaining Deloitte & Touche LLP's independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Based upon the reviews and discussions referred to above, in reliance on management and the independent registered accounting firm, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 filed with the SEC.

This Audit Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such Acts.

**APPROVAL OF THE VALASSIS COMMUNICATIONS, INC. 2008 SENIOR EXECUTIVES SEMI-ANNUAL BONUS PLAN
(PROPOSAL 2)**

On February 28, 2008, our Board of Directors approved, subject to stockholder approval, the Valassis Communications, Inc. 2008 Senior Executives Semi-Annual Bonus Plan (the *Bonus Plan*). The Bonus Plan is designed to provide performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986 (the *Code*). Section 162(m) generally denies corporate tax deductions for annual compensation exceeding \$1 million paid to certain employees, generally the chief executive officer and the four other most highly compensated executive officers of a public company, excluding the chief financial officer. Certain types of compensation, including performance-based compensation, are excluded from this deduction limit. In order for compensation to qualify as performance-based, the compensation may be paid only when the performance goals associated with such compensation are attained. In addition, among other requirements, the performance goals must be approved by our stockholders.

We currently maintain an executive bonus plan, the Valassis Communications, Inc. Amended and Restated Senior Executives Annual Bonus Plan (the *Prior Plan*), that is intended to comply with the requirements of Section 162(m) of the Code. Under the Prior Plan, our Compensation/Stock Option Committee may only award bonuses that are based on the achievement of performance goals relating to earnings per share. With our acquisition of ADVO and the changes that this has brought to the size and complexity of our Company, our Board of Directors has determined that it is in the best interest of our Company and our stockholders to provide for the flexibility to grant bonus awards that are subject to the achievement of a wide variety of objective performance goals, as further described below. Other than in this respect, the Bonus Plan provides for awards that are similar to those under the Prior Plan. If our stockholders approve the Bonus Plan, no further bonuses will be awarded under the Prior Plan.

Our Board of Directors seeks stockholder approval of the Bonus Plan in order to qualify payments thereunder as performance-based compensation that is exempt from the \$1 million deduction limit. If stockholders do not approve the Bonus Plan, the conditional award granted to our Chief Executive Officer under the Bonus Plan described below will be void and he will instead receive awards under the Prior Plan. The Internal Revenue Service has recently issued new guidance on what constitutes performance-based compensation for purposes of Section 162(m). We intend to evaluate this guidance in light of the Bonus Plan and the provisions of individual employment agreements. This guidance may effect the deductibility of compensation paid by our Company in future years.

Description of the Bonus Plan

The following is a summary of the material features of the Bonus Plan. The Bonus Plan provides for awards that are similar to those under the Prior Plan. The following summary does not purport to be complete and is qualified in its entirety by reference to the terms of the Bonus Plan, which is attached to this proxy statement as Exhibit C.

Purpose. The purpose of the Bonus Plan is to provide an incentive for selected officers of our Company to improve corporate performance by providing each participating officer with an opportunity to receive a cash bonus payment based upon the attainment of certain performance goals, thus motivating such officers to stimulate our Company's overall growth and success.

Eligible Participants. Our Chief Executive Officer and any other executive officer of our Company who has been designated by our Compensation/Stock Option Committee as likely to have the deductibility of his or her compensation limited by Section 162(m) of the Code are eligible to participate in the Bonus Plan.

Award Types. The Bonus Plan provides for the award and payment of cash bonuses that are intended to qualify as performance-based compensation. Bonuses are expressed as a percentage of a participant's annual base salary. Bonuses under the Bonus Plan will be paid if certain performance goals are met over a six-month performance period.

Performance Goals; Terms of Awards. Our Compensation/Stock Option Committee will determine the terms and conditions of each award under the Bonus Plan. Our Compensation/Stock Option Committee will establish objective performance-based goals for bonuses awarded under the Bonus Plan. Permissible performance goals include any one of the following or combination thereof which may be applicable on a company-wide basis and/or with respect to operating units, divisions, subsidiaries, acquired businesses, minority investments, partnerships, or joint ventures:

operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses (including without limitation expenses related to goodwill and other intangible assets), stock offerings, stock repurchases and strategic loan loss provisions.

For each six-month performance period, awards shall meet the following requirements:

The performance goals will be established by our Compensation/Stock Option Committee no later than the 45th day of the performance period.

Our Compensation/Stock Option Committee will determine whether the performance goals have been satisfied and the amount of bonuses paid under the Bonus Plan.

No bonus will be payable under the Bonus Plan until our Compensation/Stock Option Committee certifies in writing that the performance goals associated with the bonus have been satisfied.

Our Compensation/Stock Option Committee has the ability to reduce or eliminate (but not increase) a bonus payable to a plan participant (subject to the terms of any individual employment agreements).

Maximum Payment. The maximum bonus that a participant in the Bonus Plan may earn with respect to any six-month performance period is \$1,500,000.

Payment Date. Payment will be made in a lump sum no later than sixty (60) days after the end of the applicable six-month performance period.

Termination of Employment. Subject to the terms of any individual employment agreements, if a Bonus Plan participant's employment is terminated by our Company due to death, disability, or without cause or if the participant resigns for good reason, the participant (or his beneficiary, in the event of death) shall receive a pro rata share of the bonus award for the six-month measurement period in which he terminates employment, based on actual performance. Any such pro-rata bonus will be paid at the same time as bonuses are paid to other participants in the Bonus Plan.

Term of the Plan. The Bonus Plan will continue for 10 years from the date of approval by our stockholders, unless it is terminated earlier by our Board of Directors. The regulations under Section 162(m) of the Code require that stockholders re-approve the performance goals under the Bonus Plan no later than the first stockholders meeting that occurs in 2013. To the extent necessary to

comply with the requirements of Section 162(m) of the Code, the payment of bonuses under the Bonus Plan will be subject to approval of the performance goals under the Bonus Plan by our stockholders.

Administration. The Bonus Plan shall be administered by our Compensation/Stock Option Committee. Our Compensation/Stock Option Committee will have authority to interpret and administer the Bonus Plan, and any such determinations shall be final and binding on all participants in the Bonus Plan.

Withholding. All bonus payments will be subject to withholding of applicable federal, state, local, or other taxes.

Amendment and Termination. Our Board of Directors may amend, suspend, or terminate the Bonus Plan, provided that no such action will apply to any bonus award made prior to the date of such action, unless such change is necessary to satisfy applicable law, meet the requirements of an accounting standard or avoid any adverse accounting treatment.

Impact on the Prior Plan. No further awards will be granted under the Prior Plan if stockholders approve the Bonus Plan.

New Plan Benefits. Our Compensation/Stock Option Committee has granted the following target bonus award under the Bonus Plan to Mr. Schultz, our Chief Executive Officer, for 2008, subject to stockholder approval of the Bonus Plan. If stockholders do not approve the Bonus Plan, the award to Mr. Schultz under this plan will become void and he will instead receive awards under our existing Amended and Restated Senior Executives Annual Bonus Plan. If the Bonus Plan is approved by our stockholders, any future grants of awards thereunder that will be made to other eligible participants are subject to the discretion of our Compensation/Stock Option Committee and, therefore, are not determinable at this time.

**APPROVAL OF THE VALASSIS COMMUNICATIONS, INC. 2008 OMNIBUS INCENTIVE COMPENSATION PLAN (PROPOSAL
3)**

On February 28, 2008, our Board of Directors approved, subject to stockholder approval, the Valassis Communications, Inc. 2008 Omnibus Incentive Compensation Plan (the Omnibus Plan). We are submitting the Omnibus Plan to our stockholders for approval, which is required under the terms of the Omnibus Plan for awards under the Omnibus Plan to be valid and effective. We are also seeking stockholder approval in accordance with the requirements of the New York Stock Exchange and in order for certain awards under the Omnibus Plan to qualify as performance-based compensation that is exempt from the \$1 million deduction limit imposed by Section 162(m) of the Code.

We believe that appropriate equity incentives are important to attract and retain the highest caliber of employees, to link incentive reward to company performance, to encourage employee ownership in our Company, and to align the interests of employees, consultants and directors to those of our stockholders. The approval of the Omnibus Plan will enable us to continue to provide such incentives.

In connection with our acquisition of ADVO, Inc. in 2007, we assumed the ADVO, Inc. 2006 Incentive Compensation Plan (the ADVO Plan). As of February 29, 2008 there were 7,086,981 shares of our common stock available for issuance under the ADVO Plan. Under applicable New York Stock Exchange rules, these available shares can only be used for equity awards to be granted to individuals who at the time of the ADVO acquisition were not employed by Valassis. The Omnibus Plan provides for awards that are similar to those under the ADVO Plan. If our stockholders approve the Omnibus Plan, we will decrease the number of shares available for grant under the ADVO Plan so that the aggregate number of shares of our common stock available for grant under both the Omnibus Plan and the ADVO Plan is the same as the number of shares available for grant under the ADVO Plan as of February 29, 2008, subject to certain further adjustments relating to the Prior Plans as described immediately below. As a result, approval of the Omnibus Plan will not result in any additional dilution to our outstanding shares. If our stockholders do not approve the Omnibus Plan, the ADVO Plan will continue in existence and we will continue to grant awards under it.

The Omnibus Plan is also intended to be a successor to the Company's 2002 Long-Term Incentive Plan, Broad-Based Incentive Plan, 2005 Executive Restricted Stock Plan and 2005 Employee and Director Restricted Stock Award Plan (collectively, the Prior Plans). As of February 29, 2008, there were 329,870 shares of common stock available for issuance under the Prior Plans. If our stockholders approve the Omnibus Plan, any shares that then remain available for grant under the Prior Plans will be transferred to the Omnibus Plan and no further awards will be granted under the Prior Plans.

If the Omnibus Plan is not approved by our stockholders, any awards that have previously been granted under the Omnibus Plan will be void and no future awards will be granted thereunder. However, our Compensation/Stock Option Committee may grant awards under our existing equity plans, including the ADVO Plan, if our stockholders do not approve the Omnibus Plan.

Description of the Omnibus Plan

The following is a summary of the material features of the Omnibus Plan. The following summary does not purport to be complete and is qualified in its entirety by reference to the terms of the Omnibus Plan, which is attached to this proxy statement as Exhibit D.

Purposes of the Omnibus Plan. The purposes of the Omnibus Plan are to assist us in attracting, retaining and rewarding high-quality executives, employees and other persons who provide services to us or our subsidiaries, enabling such persons to acquire a proprietary interest in our Company and providing them with annual and long-term performance incentives to expend their maximum efforts in the creation of stockholder value.

Administration. The Omnibus Plan will be administered by the Compensation/Stock Option Committee of our board (referred to as the committee). The committee (or a subcommittee thereof, to the extent necessary) will be composed of two or more members of our board who are not our employees or consultants. The Omnibus Plan gives the committee discretion to make awards under the Omnibus Plan, to set the terms of award agreements (including the type and amount of any award), to establish rules for the interpretation and administration of the Omnibus Plan, and to make other determinations and take other actions consistent with the terms and purposes of the Omnibus Plan.

The committee may, to the extent permitted by applicable law, delegate to one or more of our executive officers the authority to select individuals (other than executive officers and directors) to receive awards under the Omnibus Plan and to determine the amount and types of awards granted to individuals who are selected.

Table of Contents

Eligibility. Executive officers, officers, other employees, directors and consultants of our Company and our subsidiaries and affiliates are eligible to participate in the Omnibus Plan. This group currently includes 9 directors and approximately 7,500 executive officers, officers, other employees and consultants.

Shares Available for Awards. If the Omnibus Plan is approved, 7,000,000 shares of our common stock will be reserved for awards under this plan. In addition, the shares of common stock available for issuance under the Prior Plans will be transferred to the Omnibus Plan. Shares delivered under the Omnibus Plan may consist, in whole or in part, of authorized and unissued shares of common stock, treasury shares or shares of stock acquired by us. On February 29, 2008, the closing price of a share of our common stock was \$11.22.

Shares reserved for awards that lapse or are canceled, together with shares withheld or surrendered in payment of any exercise price or tax obligation with respect to an award, will be available for future grant under the Omnibus Plan. Substitute awards may be granted under the Omnibus Plan in substitution for stock and stock-based awards held by employees, directors, consultants or advisors of an acquired company in a merger or consolidation. Substitute awards will not count against the share limit under the Omnibus Plan. Awards other than stock options and restricted stock may be settled in media other than common stock, such as cash.

Individual Limits. In any year, an eligible employee, consultant, or director may receive under the Omnibus Plan stock options or stock appreciation rights with respect to no more than 1,000,000 shares and restricted stock, restricted stock units, performance awards or other awards with respect to no more than 1,000,000 shares. The maximum cash amount that may be earned under the Omnibus Plan as an annual cash award by any participant is \$3,000,000 and the maximum cash amount that may be earned in respect of an award having a performance period other than an annual period is \$7,000,000.

Adjustments. The aggregate number of shares under the Omnibus Plan, the class of shares as to which awards may be granted and the exercise price of and number of shares covered by each outstanding award are subject to adjustment in the event of a stock dividend, recapitalization or certain other corporate transactions.

Types of Awards. The Omnibus Plan allows any of the following types of awards, to be granted alone or in tandem with other awards:

Stock Options. Stock options granted under the Omnibus Plan may be either incentive stock options, which are intended to satisfy the requirements of Section 422 of the Code, or nonstatutory stock options, which are not intended to meet those requirements. The exercise price of a stock option may not be less than 100% of the fair market value of our common stock on the date of grant and the term may not be longer than 10 years, subject to certain rules applicable to incentive stock options. The Omnibus Plan prohibits the repricing of outstanding stock options. Award agreements for stock options may include rules for the effect of a termination of service on the option and the term for exercising stock options after any termination of service. No option may be exercised after the end of the term set forth in the award agreement.

Stock Appreciation Rights. A stock appreciation right entitles the grantee to receive, with respect to a specified number of shares of common stock, any increase in the value of the shares from the date the award is granted to the date the right is exercised. Stock appreciation rights may be settled in cash, common stock or a combination of the two, as determined by the committee. Award agreements for stock appreciation rights may include rules for the effect of a termination of service on the stock appreciation right and the term for exercising stock appreciation rights after any termination of service. No stock appreciation right may be exercised after the end of the term set forth in the award agreement.

Restricted Stock. Restricted stock is common stock that is subject to restrictions, including a prohibition against transfer and a substantial risk of forfeiture, until the end of a restricted period during which the grantee must satisfy certain vesting conditions (which may include attaining certain performance goals). If the grantee does not satisfy the vesting conditions by the end of the restricted period, the restricted stock will be forfeited.

During the restricted period, the holder of restricted stock has the rights and privileges of a regular stockholder, except that the restrictions set forth in the applicable award agreement apply.

Restricted Stock Units. A restricted stock unit entitles the grantee to receive common stock, cash or a combination thereof based on the value of common stock, after a restricted period during which the grantee must satisfy certain vesting conditions (which may include attaining certain performance goals). If the grantee does not satisfy the vesting conditions by the end of the restricted period, the restricted stock unit is forfeited. The committee is authorized (but not required) to grant holders of restricted stock units the right to receive dividends on the underlying common stock.

Table of Contents

Other Equity-Based Awards. The Omnibus Plan also authorizes the committee to grant other types of equity-based compensation, including dividend equivalents, stock in lieu of a bonus, awards that may be settled in cash and other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on our common stock. For example, the committee may grant awards that are based on the achievement of performance goals (described below).

Vesting and Performance Objectives. Awards under the Omnibus Plan are forfeitable until they become vested. An award will become vested only if the vesting conditions set forth in the award agreement (as determined by the committee) are satisfied. The vesting conditions may include performance of services for a specified period, achievement of performance goals (as described below), or a combination of both. The committee also has authority to provide for accelerated vesting upon occurrence of certain events.

Performance goals selected by the committee as vesting conditions must be based on any one of the following performance goals or combination thereof which may be applicable on a company-wide basis and/or with respect to operating units, divisions, subsidiaries, acquired businesses, minority investments, partnerships, or joint ventures:

(a) General Financial Objectives:

Increasing our Company's net sales;

Achieving a target level of earnings (including gross earnings; earnings before certain deductions, such as interest, taxes, depreciation, or amortization; earnings per share; or adjusted cash earnings per share);

Achieving a target level of income (including net income or income before consideration of certain factors, such as overhead) or a target level of gross profits for our Company, an affiliate, or a business unit;

Achieving a target return on our Company's (or an affiliate's) capital, assets, or stockholders' equity;

Maintaining or achieving a target level of appreciation in the price of the shares;

Increasing our Company's (or an affiliate's) market share to a specified target level;

Achieving or maintaining a share price that meets or exceeds the performance of specified stock market indices or other benchmarks over a specified period;

Achieving a level of share price, earnings, or income performance that meets or exceeds performance in comparable areas of peer companies over a specified period;

Achieving specified reductions in costs; and

Achieving a target level of cash flow.

(b) Operational Objectives:

Introducing one or more products into one or more new markets;

Acquiring a prescribed number of new clients in a line of business;

Achieving a prescribed level of productivity within a business unit;

Completing specified projects within or below the applicable budget;

Completing acquisitions of other businesses or integrating acquired businesses; and

Expanding into other markets.

(c) And any other criteria established by the committee (but only if such other criteria are approved by our stockholders).

Performance goals may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated or other external or internal measures and may include or exclude extraordinary charges, capital expenditures, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses (including without limitation expenses related to goodwill and other intangible assets), stock offerings, stock repurchases and strategic loan loss provisions.

Nontransferability. In general, awards under the Omnibus Plan may not be assigned or transferred except by will or the laws of descent and distribution. However, the committee may allow the transfer of awards (other than incentive stock options and stock appreciation rights granted in tandem with such options) to persons or to a trust or partnership designated by a participant.

Change in Control. Unless otherwise provided for in an individual award agreement, upon a change in control (as defined in the Omnibus Plan), all outstanding and unexercised options and stock appreciation rights will become fully vested and exercisable and

Table of Contents

will remain exercisable for the balance of their terms and all restrictions applicable to other awards will lapse and such awards will become fully vested. The treatment of any performance-based award will be provided for in individual award agreements.

Withholding. We are authorized to withhold from any award granted and any payment relating to any award under the Omnibus Plan any applicable taxes. In the discretion of the committee, a participant may satisfy his or her withholding obligations through our withholding shares of common stock that would otherwise be delivered upon settlement of the award.

Amendment and Termination. Our board or the committee may amend, alter, suspend, or terminate the Omnibus Plan at any time. If necessary to comply with any applicable law (including stock exchange rules), any such amendment will be subject to stockholder approval. Without the consent of an affected participant, no action may materially and adversely affect the rights of such participant under any previously granted award, without his or her consent.

Effective Date and Duration. The Omnibus Plan's effective date is February 28, 2008. However, the Omnibus Plan and any awards will be null and void if the Omnibus Plan is not approved by our stockholders before any compensation under the Omnibus Plan is paid. Unless it is terminated sooner, the Omnibus Plan will terminate upon the earlier of the 10th anniversary of the effective date or the date all shares available for issuance under the Omnibus Plan have been issued and vested.

Federal Income Tax Consequences

The material federal income tax consequences of the issuance and exercise of stock options and other awards under the Omnibus Plan, based on the current provisions of the Code and regulations, are as follows. Changes to these laws could alter the tax consequences described below. This summary assumes that all awards granted under the Omnibus Plan are exempt from or comply with the rules under Section 409A of the Code related to nonqualified deferred compensation.

Stock Options. The grant of a stock option will have no tax consequences to grantee or to our Company. In general, upon the exercise of an incentive stock option, the grantee will not recognize income and we will not be entitled to a tax deduction. However, the excess of the acquired shares' fair market value on the exercise date over the exercise price is included in the employee's income for purposes of the alternative minimum tax.

Upon the exercise of a non-qualified stock option, the grantee will generally recognize ordinary income equal to the excess of the acquired shares' fair market value on the exercise date over the exercise price, and we will generally be entitled to a tax deduction in the same amount.

Stock Appreciation Rights. The grant of a stock appreciation right will have no tax consequences to the grantee or to our Company. Upon the exercise of a stock appreciation right, the grantee will recognize ordinary income equal to the received shares' fair market value on the exercise date, and we will generally be entitled to a tax deduction in the same amount.

Restricted Stock, Restricted Stock Units, and Other Equity Awards. In general, the grant of restricted stock, a restricted stock unit, or other equity awards that are subject to restrictions will have no tax consequences to the grantee or to our Company. When the award is settled (or, in the case of restricted stock, when the restrictions applicable to such award lapse), the grantee will recognize ordinary income equal to the excess of the applicable shares' fair market value on the date the award is settled or the restrictions lapse, as applicable, over the amount, if any, paid for the shares by the grantee. We will generally be entitled to a tax deduction in the same amount. If the award is settled in cash or other property, the grantee will recognize ordinary income equal to the net amount or value received, and we will generally be entitled to a tax deduction in the same amount.

Sale of Shares. When a grantee sells shares received under any award other than an incentive stock option, the grantee will recognize capital gain or loss equal to the difference between the sale proceeds and the grantee's basis in the shares. In general, the basis in the shares is the amount of ordinary income recognized upon receipt of the shares (or upon the lapsing of restrictions, in the case of restricted stock) plus any amount paid for the shares.

When a grantee disposes of shares acquired upon the exercise of an incentive stock option, the difference between the amount realized by the grantee and the exercise price will generally constitute a capital gain or loss, as the case may be. However, if the grantee does not hold these shares for more than one year after exercising the incentive stock option and for more than two years after the grant of the incentive stock option, then: (1) the excess of the fair market value of the shares acquired upon exercise on the exercise date over the exercise price will generally be treated as ordinary income for the grantee; (2) the difference between the sale proceeds and the shares' fair market value on the exercise date will be treated as a capital gain or loss for the grantee; and (3) we will generally be entitled to a tax deduction equal to the amount of ordinary income recognized by the grantee.

Table of Contents

Deduction Limits. In general, a corporation is denied a tax deduction for any compensation paid to its chief executive officer or to any of its four other most highly compensated officers (other than the chief financial officer) to the extent that the compensation paid to the officer exceeds \$1,000,000 in any year. Performance-based compensation is not subject to this deduction limit. The Omnibus Plan permits the grant of awards that qualify as performance-based compensation (such as restricted stock and restricted stock units that are conditioned on achievement of one or more performance goals, and stock options and stock appreciation rights) and of awards that do not so qualify (such as restricted stock and restricted stock units that are not conditioned on achievement of performance goals). If awards that are intended to qualify as performance-based compensation are granted in accordance with the requirements of Section 162(m), they will be fully deductible by us. The Internal Revenue Service, however, has recently issued new guidance on what constitutes performance-based compensation for purposes of Section 162(m). We intend to evaluate this guidance in light of the performance-based awards granted under the Omnibus Plan and the provisions of individual employment agreements. This guidance may effect the deductibility of compensation paid by us in future years.

New Plan Benefits. The committee has granted the following options to purchase common stock under the Omnibus Plan, subject to stockholder approval of the Omnibus Plan. If the Omnibus Plan is approved by our stockholders, any future grants of awards thereunder that will be made to other eligible executive officers, employees and directors to are subject to the discretion of the committee and, therefore, are not determinable at this time.

Director Independence Criteria

Valassis Communications, Inc.

Guidelines for Determining Independence of Board Members

Under the New York Stock Exchange rules, our Board of Directors is required to determine whether or not each Director is independent. To find that a Director is independent, the Board of Directors must determine that the Director has no material relationship with us. To assist the Board in this analysis, the Board of Directors has adopted the following guidelines as to what constitutes a material relationship. These guidelines apply to a Director and to members of the Director's immediate family. Each of the guidelines applies to conditions that exist now or within the preceding three years.

1. Employment by the Company; Compensation.
 - A. Employment as an Executive Officer.
 - B. Receipt from the Company of \$100,000 per year in direct compensation other than Director and Committee fees and pension or other forms of deferred compensation for prior service. Compensation received by an immediate family member for service as a non-executive employee need not be considered.
2. Relationship with Internal or External Auditor. Affiliation with or employment by a current or former internal or external auditor. In the case of an immediate family member, employment means employment in a professional capacity.
3. Interlocks. Employment as an executive officer of another company where any of our present executives serve on the other company's compensation committee.
4. Relationships with Vendors and Suppliers. Employment by a company that makes payment to or receives payment from us for property or services in an amount which in any single fiscal year exceeds the greater of \$1,000,000 or 2% of our consolidated gross revenues.
5. Relationship with Charitable Organizations. Service as an executive officer of any charitable organization, if contributions by us to the charitable organization exceed the greater of \$1,000,000 or 2% of such charitable organization's consolidated gross revenues in any fiscal year.
6. Definitions.
 - A. The term "immediate family member" includes a person's spouse, parents, children, siblings, mothers-and fathers-in-law, sons-and daughters-in-law, brothers-and sisters-in-law and anyone (other than domestic employees) sharing a person's home.
 - B. The term "affiliates" means any corporation or other entity that is controlled by or is under common control with another entity.

7. General. The independence determination for a Director with a relationship not within the preceding guidelines shall be made after considering all relevant facts and circumstances, the overriding concern being independence from management. Any determination that a Director who has a material relationship with the Company under these guidelines is independent must be specifically explained in the proxy statement.
