Delivery of the Notes will be made against payment on or about the fifth business day following the date of this Pricing Supplement. Trades of securities in the secondary market generally are required to settle in three business days, referred to as T+3, unless the parties to a trade agree otherwise. Accordingly, by virtue of the fact that the initial delivery of the Notes will not be made on a T+3 basis, investors who wish to trade the Notes before a final settlement will be required to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement.

The Notes will be represented by one or more global certificates in fully registered form. Each global certificate will be deposited with, or on behalf of, The Depository Trust Company (DTC) and registered in the name of DTC or its nominee. Investors may elect to hold their beneficial interests in a global certificate through DTC, ClearStream Banking, societe anonyme, Luxembourg or Euroclear Bank S.A./N.V., as operator of the Euroclear System, if they are participants in such systems, or indirectly through organizations that are participants in such system. Clearstream and Euroclear will hold interests on behalf of their participants through customers—securities accounts in Clearstream—s and Euroclear—s names on the books of their respective depositaries, which in turn will hold such interests in customers—securities accounts in the depositaries—names on DTC—s books.
