ITEM 7.01. Regulation FD Disclosure

On November 5, 2008, FTI Consulting, Inc. (FTI) held a conference call relating to our financial results for the three months and nine months ended September 30, 2008, operating results by business segment, guidance for 2008 and other information. The full text of the transcript of the conference call is furnished as Exhibit 99.1 hereto and incorporated by reference herein.

The transcript contains some discussion regarding FTI s operating income before depreciation and amortization of intangible assets plus litigation settlements (EBITDA) and segment EBITDA for each of its five business segments. We use EBITDA in evaluating financial performance. Although EBITDA is not a measure of financial condition or performance determined in accordance with GAAP we believe that it can be a useful operating performance measure for evaluating our results of operation as compared from period to period and as compared to our competitors. EBITDA is a common alternative measure of operating performance used by investors, financial analysts and rating agencies to value and compare the financial performance of companies in our industry. We use EBITDA to evaluate and compare the operating performance of our segments and it is one of the primary measures used to determine employee bonuses. We also use EBITDA to value the businesses we acquire or anticipate acquiring. Reconciliations of EBITDA to net income and Segment EBITDA to segment operating profit have been included in the tables accompanying FTI s press release issued on November 5, 2008 furnished as Exhibit 99.1 to FTI s Current Report on Form 8-K filed with the Securities and Exchange Commission on November 6, 2008. EBITDA is not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies unless the definition is the same. This non-GAAP measure should be considered in addition to, but not as a substitute for or superior to, the information contained in our statements of income.

The information included herein, including Exhibit 99.1 furnished herewith, shall not be deemed to be filed for purposes of Section 18 of the Securities Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into any filing pursuant to the Securities Act of 1933, as amended, or the Exchange Act, regardless of any incorporation by reference language in any such filing, except as expressly set forth by specific reference in such filing.
