It is contemplated that proxies will be solicited principally through the use of the mail, but directors, officers and employees of United Security Bancshares may solicit proxies personally or by telephone, without receiving special compensation.

**Voting Securities**

There were issued and outstanding 12,496,487 shares of United Security Bancshares' common stock on March 26, 2010, which has been fixed as the record date for the purpose of determining shareholders entitled to notice of, and to vote at, the meeting. On any matter submitted to the vote of the shareholders, each holder of United Security Bancshares' common stock will be entitled to one vote, in person or by proxy, for each share of common stock he or she held of record on the books of United Security Bancshares as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the meeting gives notice at the meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of United Security Bancshares gives such notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated in the discretion of the proxyholders, in accordance with management's recommendation. The effect of broker non-votes is that such votes are not counted as being voted; however such votes are counted for purposes of determining a quorum. The effect of a vote of abstention on any matter is that such vote is not counted as a vote for or against the matter, but is counted as an abstention.

**Section 16(a) Beneficial Ownership Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires United Security Bancshares directors and certain executive officers and persons who own more than ten percent of a registered class of United Security Bancshares equity securities (collectively, the Reporting Persons ), to file reports of ownership and changes in ownership with the Securities and Exchange Commission. The Reporting Persons are required by Securities and Exchange Commission regulation to furnish United Security Bancshares with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from the Reporting Persons that no Forms 4 or 5 were required for those persons, United Security Bancshares believes that, during 2009 the Reporting Persons complied with all filing requirements applicable to them, except Mr. Tom Ellithorpe, Mr. John Terzian, Mr. Robert Mochizuki, Mr. Mike Woolf and Mr. Walter Reinhard, who each inadvertently filed one Form 4 late, Mr. Ron Miller, inadvertently file three Form 4 s late.

**The Board of Directors and Committees**

United Security Bancshares' board of directors met 12 times in 2009. None of United Security Bancshares' directors attended less than 75 percent of all board of directors' meetings and committee meetings of which they were a member. United Security Bancshares has a standing Audit Committee and Compensation Committee. The board has no separate nominating committee; however, the independent directors meeting in executive session handle director nominations. The board believes that its independent directors can effectively perform the functions of a traditional nominating committee.

**Corporate Governance Principles and Board Matters**

United Security Bancshares is committed to having sound corporate governance principles that are important to the way United Security Bancshares manages its business and to maintaining United Security Bancshares' integrity in the marketplace. United Security Bancshares' charter of the Audit Committee is available at <http://www.unitedsecuritybank.com>.

**Board and Audit Committee Independence**

The Board has determined that, with the exception of Mr. Dennis Woods all of the directors standing for reelection are independent within the meaning of the listing standards set by the Nasdaq Stock Market, Inc. (NASDAQ) and the Securities and Exchange Commission (SEC), as currently in effect and as they may be changed from time to time. Furthermore, the Board has determined that each of the current members of the Audit Committee is independent within such director independence standards and that each member of the Audit Committee satisfies the financial literacy requirements set forth under Rule 4350(d)(2) of the NASDAQ Rules.

**Leadership Structure of Board**

The Bylaws of United Security Bancshares permit the roles of Chairman and Chief Executive Officer to be filled by the same or different individuals. This allows the Board flexibility to determine whether the two roles should be combined or separated based upon our needs and the Board's assessment of its leadership from time to time. The Corporate Governance Committee/Nominating Committee reviews the structure of Board and United Security Bancshares' leadership as part of the succession planning process.

The Board believes that United Security Bancshares and its shareholders are best served at this time by having Mr. Dennis Woods serve as our Chairman and CEO. Combining the roles of Chairman and CEO makes clear that we have a single leader who is directly accountable to the Board and, through the Board, to our shareholders. It establishes one voice who speaks for United Security Bancshares to customers, employees, shareholders and other stakeholders. This structure reinforces Mr. Wood's overall responsibility for United Security Bancshares' business and strategy, under the oversight and subject to the review of the Board. This structure also enables Mr. Woods to act as the key link between the Board and other members of management and facilitates an efficient management process.

### **Financial Expert**

The Board has determined that Todd Henry meets all of the attributes of an audit committee financial expert and independence as defined by the applicable rules and regulations of the SEC and NASDAQ.

### **Consideration of Director Nominees**

#### **Shareholder nominees**

United Security Bancshares independent directors meeting in executive session will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as they consider all nominees on their merits as discussed below. Any shareholder nominations proposed for consideration by the independent directors should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary

United Security Bancshares

2126 Inyo Street

Fresno, California 93721

In addition, the bylaws of United Security Bancshares permit stockholders to nominate directors for consideration at an annual shareholder meeting. For a description of the process for nominating directors in accordance with the bylaws, please see the notice to this proxy statement.

#### **Selection and Evaluation of Director Candidates**

The independent directors are responsible for identifying candidates for membership on the Board and makes determinations as to whether to recommend such candidates nomination to the Board based on their character, judgment, and business experience, as well as their ability to add to the Board's existing strengths. This assessment typically includes issues of expertise in industries important to United Security Bancshares, functional expertise in areas such as marketing, human resources, operations, finance and information technology and an assessment of an individual's abilities to work constructively with the existing Board and management, all in the context of an assessment of the perceived needs of the Board at that point in time. The independent directors do not have any written specific minimum qualifications or skill requirements that must be met by either their candidates or shareholder-recommended candidates in order to serve on the Board. The independent directors identify nominees by first evaluating the current members of the Board of Directors qualified and willing to continue in service. Current members of the Board with skills and experience that are relevant to United Security Bancshares business and who are willing to continue in service are considered for renomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the independent directors of the Board decided not to nominate a member for reelection, the independent directors identify the desired skills and experience of a new nominee in light of the following criteria. While no specific diversity policy exists, when identifying and evaluating new directors, the independent members of the Board considers the diversity and mix of the existing Board, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a

community bank, there is a strong preference for local directors), their background, skills, employment experience and community representation, the minority and female representation on the Board, public interest considerations and the implementation of United Security Bancshares' strategic plan.

Among other things, when examining a specific candidate's qualifications, the independent directors consider: the ability to represent the best interest of United Security Bancshares, existing relationships with United Security Bancshares, interest in the affairs of United Security Bancshares and its purpose, the ability to fulfill director responsibilities, leadership skill, reputation within United Security Bancshares community, community service, integrity, business judgment, ability to develop business for United Security Bancshares and the ability to work as a member of a team. All nominees to be considered at the Meeting were recommended by the independent directors in executive session.

**Elements of Compensation**

***Salaries***

The Committee determines the levels of the components of executive compensation after reviewing the peer and other data. Outside consultants may be utilized to assist the Committee in the effort though no such consultants were used in 2009. Executive salaries are reviewed annually, but once established, are typically left unchanged for a period of years. Prior to January 2010, salaries were last increased in January 2006. The Committee recognizes that without annual increases, Company executive salaries drift below peer average salaries. The Committee practice of not granting annual salary increases was linked to executive incentive compensation of Company net income. In January 2010, the Committee delinked executive compensation from Company net income and determined that executive compensation be administered at the discretion of the Committee. At the same time, the Committee increased the annual base salary of Mr. Woods to \$480,000 and the annual base salaries of the Chief Credit Officer, the Chief Operating Officer and the Chief Financial Officer to \$150,000. Mr. Donahue, the Company's Chief Financial Officer was promoted to Executive Vice President and Chief Administrative Officer with an annual salary of \$190,000.

***Incentive Compensation***

Incentive compensation was linked to net income for all five executive officers for 2009. No incentive bonus was earned or paid for any executive officer in 2009. For 2010 the discretionary incentive bonus administered by the Committee will consider a number of factors including overall Company performance, asset quality, compliance and other performance measurements.

***Stock Options***

The ownership of Company equity aligns the interests of executive officers with the long-term interests of shareholders. The policy of the Company is to provide executive officers with stock options to achieve the objective of aligning the interests of executive officers with the long-term interests of shareholders. The executive officers, by having a significant ownership interest of the Company, will be better aligned with the interests of the Company's shareholders. The stock option program may be utilized annually for executives. Historically, options granted at the time of employment as part of an initial compensation package and additional options added years later. With the exceptions of the newest executive who started in 2005 and options granted to the CEO in 2006 as part of his employment contract, no options have been granted to executives since 1997.

The Committee, in making a determination to grant additional options, shall consider the total options already held by an executive officer, the date of last grant and the amount of stock options last

granted, the number of shares of Company stock acquired through exercise of stock options sold by the executive officer and the percentage of Company stock ownership level held by the executive officer. Under the Company's compensation policy the Committee shall not make an annual option grant to an executive officer who had a new hire stock option grant within three (3) years of the hire date of such executive officer, and the Committee shall not make an annual option grant to an executive officer who owns less than three (3) times his or her annual base salary in Company stock (as measured by market value) as of the date of the expected grant. No stock options were granted in 2009.

#### ***Supplemental Executive Retirement Plan***

The SERP's have historically been awarded as part of the initial compensation package except with the original SERP awards, which were awarded after the executives had been employed for two or more years. The SERP of the CEO was awarded in June 1996 and was fully earned by June 2007 and can be drawn on by the CEO, when he retires. The CEO is entitled to compensation for 15 years at \$100,000 per year under his SERP. The SERP's of the CFO (now the CAO), CCO and COO were awarded in January 1997 and were fully earned after January 1, 2008 and can be drawn on by the them, when they reach retirement age. They are entitled to compensation for 15 years at \$50,000 per year under their SERP's. The SERP of the CBO was awarded in January 2006 and is fully earned after January 2017 and can be drawn on by the CBO, if he retires, beginning January 2018. The CBO is entitled to compensation for 15 years at \$50,000 per year under his SERP.

The Committee expects its executive officers to be long-term loyal leaders of the Company, and therefore should be provided with a supplemental executive retirement agreement (SERP) as part of their total compensation package. A major condition of the payment of benefits is their long-term service with the Company. Therefore, vesting is set pro-rata for each year over the term of the SERP. Prior service credit for any newly hired executive is not permitted, except in the discretion of the Committee. The expected annual payment under the SERP shall not exceed 50% of the annual base salary of the executive officer at the time of entering into the SERP and the duration of such benefit payments shall not exceed fifteen (15) years after retirement. The Committee may increase the annual payment amount of the SERP to 50% of the annual base salary averaged over the last five years of the executive officer's employment with the Company. The Committee may also approve a split dollar agreement related to the SERP of an executive officer, and determine the terms of such split dollar agreement including the treatment of imputed income of such split dollar agreement to the executive officer and any gross up of taxes associated with the imputed income. Prior to providing any SERP to an executive officer, the Committee shall have prepared and analyzed the accounting and tax effects of any SERP.

The SERP's provide that benefits be paid to the executive officers' beneficiaries in the event of their deaths. The Company's obligation to pay begins in the month following death. The Company purchases single-premium life insurance policies for each SERP issued to protect the Company for this eventuality. The life insurance policies accrue tax-free income to the Company. The policies can remain in effect until the executive is deceased, even after all benefits under the SERP have been paid or can be liquidated at the option of the Company at the cash surrender value. The death benefit is designed to return to the Company, the cost of the SERP expense and cash value of the insurance carried on its books as an asset.

***Change in Control Agreements***

The executive officers, excepting the CEO who has a change in control provision in his employment agreement, are covered by Change in Control Agreements ( "CIC" ) last renewed in February 2008, for a period of five years. Under these agreements, the executives are entitled to receive compensation within 10 days of a change in control in a lump sum amount in cash equal to the sum of 12 months of the executive's then base salary and his or her bonus for the prior calendar year; provided however that such lump sum amount is reduced by the dollar amount necessary to allow the entire amount of such payment to be deductible for by the Company for purposes of Section 280G of the Internal Revenue Code.

In 2006, the CEO entered into a new employment agreement with the Company that contained new change in control provisions effective February 2007. Under the agreement the CEO, upon a change in control receives severance benefits in a lump sum amount in cash equal to three times the average of the last three (3) years of the CEO's total compensation, inclusive of the CEO's base annual salary and all incentive compensation immediately following the date of completion of the change of control. Such severance benefits to the CEO are reduced to such amount that results in the greatest amount of the change in control payment that is deductible by the Company for federal income tax purposes after taking into account all other compensation payments to or for the benefit of the CEO that are included in determining the deductibility of such payments under Section 280G of the Internal Revenue Code. In the event that all other compensation payments to or for the benefit of CEO results in the limitation of the deductibility by the Company of severance benefits under Section 280G, then no severance benefits shall be made to the CEO pursuant to his employment agreement. The Committee believes these severance benefits to the executive officers are similar to the severance benefits offered by its peers and are necessary for the retention of the named executive officers and for the recruitment of new executive officers.

***Other Benefits and Perquisites***

Group insurance premiums, including, medical, disability, dental and vision, are paid for by the Company for executive officers and their families. These benefits are common in most of the industry for similar positions. The Company pays these insurance benefits for all other employees and employees may elect to pay for the cost of insurance for their families. The 401k and ESOP are provided to all employees of the Company on the same basis and similar programs are offered by most of the industry. The CEO is provided with a Company owned vehicle along with reimbursement for membership dues in a country club that he owns. The COO is provided with a Company owned vehicle due to his job duties requiring extensive business travel. The Company has a corporate membership in a private restaurant, and each executive officer is authorized to utilize the membership for business purposes. The Company provides these perquisites to their named executive officers because these perquisites are offered by many of its peers, and therefore the Committee believes that providing these perquisites to the named executive officers is necessary for their retention and for the recruitment of new executive officers.

- (2) Present value of benefit earned in accordance with FAS 106. (See Note 11 to the Company's financial statements included in the 2009 Annual Report).

The Company does not have any deferred compensation plan.

#### Perquisites

The CEO is permitted personal use of a Company owned automobile. Use of the automobile is provided for both business and personal use. The cost of a membership in Tehama Country Club is owned by the CEO and is paid by the Company. The membership is primarily used for entertaining customers or potential customers but can be used for personal benefit at his discretion. The benefit is provided to the CEO primarily to ensure his total compensation package remains competitive with peers. The CEO also earns directors fees.

The COO is permitted personal use of a Company owned automobile. This benefit is provided to the COO primarily because his duties include frequent visits to 11 branches of the Company. The Committee believes it is more equitable to the COO to provide him with a vehicle due to his job duties and such arrangement being more cost effective for the Company than mileage reimbursement at the allowed IRS rate.

The named executive officers have health insurance coverage for their spouses and dependents with the premiums paid by the Company. The Company also pays the Medicare taxes on the benefits of SERP's that vest each year for each of the named executive officers.

#### **401(k) and ESOP**

A component of Company's 401(k)/ESOP recognizes and rewards employee's contributions to its successful operation by enabling those employees to acquire a proprietary interest in United Security Bancshares' common stock. All employees of United Security Bank are eligible to participate in the 401(k) Plan upon the first day of the month after date of hire. Participants are automatically vested 100% in all employee contributions that they may invest in any of several authorized investment vehicles, including Company common stock. United Security Bank contributes funds to match the employee's 401(k) Plan contribution up to 5% of the employee's eligible annual compensation. These contributions are invested in Company stock and are subject to certain vesting requirements over a period of six years. Under the ESOP portion of the plan, the Company annually contributes shares of common stock for each eligible employee's account in an amount proportionate to the employee's compensation. The Company's contribution is at the discretion of the board of directors and has been 8% of employee compensation for all but two years since its inception in 1994 through 2007. In those two years the Company's contribution was 10% of employee compensation. Employees thereby have a vested interest in contributing on an ongoing basis to the profitability of the Company, and with a vesting period of six years, they have the additional incentive to remain with United Security Bank on a long-term basis.

#### **Executive Change in Control Agreements**

The Committee believes that change in control agreements are appropriate for its top executives because they have contributed to the success of the Company, and therefore it is important to protect them in the event of a change in control.

During 2008, the United Security Bank revised the Change in Control Agreements with executive officers, except for the CEO who has a change of control provision in his employment agreement. Under these agreements, the executives are entitled to receive a Change in Control Payment (as defined) within 10 days of a change in control a lump sum amount in cash equal to the sum of 12 months of the executive's then base salary and his or her bonus for the prior calendar year; provided however that such lump sum amount is reduced by the dollar amount necessary to allow the entire amount of such payment to be deductible for by the Company for purposes of Section 280G of the Internal Revenue Code.

Effective January 1, 2007 and as revised in 2008, the CEO's current employment agreement contains the following change in control provisions.

(A) A change in ownership of the Company or the Bank occurs on the date that any person (or group of persons) acquires ownership of stock of the Company or the Bank that, together with stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of Company or the Bank, respectively.

(B) A change in effective control of Company or the Bank occurs on the date that: (i) any person (or group of persons) acquires (or has acquired) during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company or the Bank possessing thirty-five percent (35%) or more of the total voting power of the stock of the Company or the Bank, respectively; or (ii) a majority of members of the Company or Bank's Board is

replaced during any twelve (12) month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's or the Bank's Board, respectively prior to the date of the appointment or election.

(C) A change in the ownership of a substantial portion of The Company or the Bank's assets occurs on the date that any person (or group of persons) acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) assets from the Company or the Bank, respectively that have a total gross fair market value equal to, or more than, forty percent (40%) of the total gross fair market value of all of the assets of the Company or the Bank, respectively immediately prior to such acquisition or acquisitions. For the purposes of the Change in Control agreement, transfers of the outstanding voting securities of the Company or the Bank made on account of deaths or gifts, transfers between family members, former spouses or transfers to a qualified retirement plan maintained by the Company or the Bank shall not be considered in determining whether there has been a Change in Control.

In the event of a Change of Control, the CEO shall be paid a lump sum amount in cash equal to three times the average of the last three (3) years of the CEO's total compensation, inclusive of the CEO's base annual salary and all incentive compensation immediately following the date of completion of the Change of Control. The Change of Control payment is reduced to such amount that results in the greatest amount of the Change in Control payment that is deductible by the Company for federal income tax purposes after taking into account all other compensation payments to or for the benefit of the CEO that are included in determining the deductibility of such payments under Section 280G of the Code or any successor to Section 280G of the Code. In the event that all other compensation payments to or for the benefit of CEO results in the limitation of the deductibility by the Company of such payments under Section 280G or any successor to Section 280G of the Code, then no payment shall be made to the CEO pursuant to his Change in Control Agreement.

The table below shows the maximum amounts that would be paid to the named executive officers under their respective agreements based on the executive's salary at December 31, 2009; and assumes the triggering event was December 31, 2009.

**Director Compensation**

Director compensation is evaluated and recommended by the Committee and approved by the Board of Directors. Non-employee directors receive cash compensation for committee attendance, premiums for serving as chairs of certain committees, and equity grants in the form of stock options.

During 2009, directors of United Security Bancshares and United Security Bank were compensated for monthly board meetings based on a performance rating structure ranging from a minimum of \$800 per meeting up to \$1,300 per meeting. In addition, the vice chairman received an additional \$200 per meeting and the secretary received an additional \$250 per meeting. Also, directors, other than Mr. Woods, were paid \$200 for their attendance at committee meetings, other than loan committee meetings, and were paid \$300 for their attendance at loan committee meetings, if such committee meeting was held on a day other than the regular board of directors' meeting. The chairman of the audit committee also received \$400 per audit meeting and the chairman of the risk management committee received \$300 per risk management meeting.

Historically the non-employee Company directors have received equity compensation in the form of nonqualified stock options. The Committee selected this form of equity compensation because it aligned the interests of the Board of Directors to those of the shareholder and also because of accounting and tax treatments of such awards.

The following table shows compensation paid or accrued for the last fiscal year to the Company's non-employee directors. Mr. Woods does not receive committee fees and his director meeting fees are disclosed.

The following table sets forth information on director compensation:

**Director Emeritus Plan**

In 1995, United Security Bank established a Directors Emeritus Plan, which was amended in May, 2000. Those directors who (i) retire as directors of United Security Bank or (ii) retired as directors of Golden Oak Bank and Legacy Bank and who signed a shareholder's agreement are eligible to participate in the Directors Emeritus Plan. Each Director Emeritus will be a lifetime position or until a Director Emeritus shall sell a majority of his or her ownership in United Security Bank. Directors Emeritus receive a monthly fee of \$400, and receive preferential deposit and customer service with free checking as long as they serve as a Director Emeritus. Director Emeritus benefits terminate upon (i) the ultimate sale of United Security Bank, (ii) the sale of a majority of the Director Emeritus's shares of United Security Bank's common stock, or (iii) the finding by United Security Bank's board of directors that the Director Emeritus is engaging in activities or making statements which are detrimental to United Security Bank or United Security Bank's public image.

**Proposal 2:**

**Ratification of Selection of Independent Registered Public Accounting Firm**

The firm of Moss Adams, LLP, California, served as the independent registered public accounting firm of United Security Bancshares through the year 2009. United Security Bancshares has selected Moss Adams LLP to serve as the independent registered public accounting firm of United Security Bancshares for the year 2010. All services rendered by Moss Adams LLP were approved by the Board, which has determined the firm of Moss Adams LLP to be independent.

In the event shareholders do not ratify the selection of Moss Adams LLP to serve as the independent registered public accounting firm of United Security Bancshares for the forthcoming fiscal year, such selection will be reconsidered by the Audit Committee and the Board of United Security Bancshares.
