Recent Developments

On June 27, 2011, we commenced tender offers (the Tender Offers) to purchase for cash up to a total of \$500,000,000 aggregate principal amount of our outstanding 5.375% notes due 2014 (the 2014 Notes) and 5.750% notes due 2015 (the 2015 Notes and together with the 2014 Notes, the Outstanding Notes), of which \$650,000,000 and \$750,000,000, respectively, are currently outstanding. The Tender Offers are scheduled to expire at 11:59 p.m., New York City time, on July 25, 2011, unless extended or earlier terminated.

On July 12, 2011, we announced that we increased the maximum principal amount of each series of Outstanding Notes (with respect to each series of Outstanding Notes, the Series Maximum Tender Amount) that may be purchased pursuant to the Tender Offers from \$250,000,000 for each series of Outstanding Notes to \$330,044,000 for the 2014 Notes and \$270,000,000 for the 2015 Notes. After giving effect to the increases in the Series Maximum Tender Amounts and the results of the Tender Offers as of 5:00 p.m. on July 11, 2011 (the Early Tender Date), \$330,044,000 aggregate principal amount of the 2014 Notes and \$270,000,000 aggregate principal amount of the 2015 Notes validly tendered and not withdrawn as of the Early Tender Date will be accepted for payment. No additional 2014 Notes or 2015 Notes will be accepted pursuant to the Tender Offers.

The settlement date for the Outstanding Notes being accepted for payment is expected to be July 15, 2011, subject to the satisfaction of certain conditions, including but not limited to a tender offer funding condition (unless such conditions are waived by us). Nothing in this prospectus supplement or the accompanying prospectus shall be construed as an offer or solicitation to purchase the Outstanding Notes, which is taking place by means of a separate offer to purchase. We intend to use the net proceeds of this offering towards the repurchase of the Outstanding Notes in the Tender Offers. See Use of Proceeds.
