Item 2.05 Costs Associated with Exit or Disposal Activities

On October 25, 2011 Evercore Asset Management (the Company), a 51% owned subsidiary of Evercore, decided to wind down its business. The Company made this decision because it has been unable to attain sufficient scale to be a viable business due to several factors including the ongoing effects of the financial crisis. Accordingly, the Company has initiated discussions with its vendors and is working with its clients to efficiently return their assets to them. In connection with the winding down, the Company is implementing a reduction in headcount of substantially all of its remaining employees on a phased basis. The pace of headcount reductions will be managed to assure the transition of client assets is managed professionally. Employees affected by the restructuring plan have received notification and will be provided with severance payments. Severance expenses will be paid in a lump sum. In addition, the decision accelerates the vesting and delivery of certain prior awards of restricted stock units.

Evercore has recorded a charge of \$1.0 million in the third quarter of 2011 relating to the write-off of intangible assets associated with the Company. In addition, the Company expects to record a charge of approximately \$1.3 million in the fourth quarter of 2011 primarily representing payments for severance and related expenses (\$0.6 million) and facilities and contract termination costs (\$0.7 million). \$1.0 million of such costs are estimated to result in future cash expenditures.

It is currently anticipated that the transition will be completed in the first quarter of 2012.
