Dear Fellow Participants:

We are moving towards the date on which our Form S-4 will be declared effective by the SEC, and we are adding our final, updated disclosures towards our proposed portfolio consolidation and Initial Public Offering (IPO). An extremely important update is the announcement of the members of the Board of Directors of Empire State Realty Trust, Inc. (ESRT) who will take their positions on the completion of the IPO.

Six independent directors will join our Chairman, President and CEO Anthony E. Malkin on ESRT's board. ESRT has put together a board comprised of knowledgeable and experienced independent directors to provide active oversight of management on behalf of ESRT shareholders. Each director nominee is highly qualified and brings relevant real estate, investing, finance and/or corporate governance experience that we believe will best position ESRT for success and ensure the company is run for the best interest of ALL shareholders.

As a publicly traded company, the board will be accountable to shareholders who at subsequent annual meetings will be able to vote on board members and other corporate matters. The biographical information about each of the director nominees is also in ESRT's amended preliminary Form S-4 filing, which is expected to be filed soon, so that it will be available on the SEC's website at <http://www.sec.gov>.

ESRT also has in place a strong corporate governance structure. ESRT will not have a staggered board, so each director will be subject to re-election annually. We believe that six out of seven board members are independent under NYSE and SEC standards and four of the directors have prior experience and/or qualifications which permit them to qualify as an audit committee financial expert as defined by the SEC.

Running a public company with major assets like ESRT is not a simple proposition. Corporate governance today is extremely complex. ESRT's director nominees are highly qualified to help us navigate the evolving corporate, governance, and real estate landscapes and represent your interest on ESRT's board. Importantly, they share our excitement about ESRT's future.
