GENERAL INFORMATION

To approve the extension of the authority of the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) until November 7, 2014 on the open market, through privately negotiated transactions or in one or more self tender offers for a price per share (or depositary receipt) not less than the nominal value of a share and not higher than 110% of the most recently available (as of the time of repurchase) price of a share (or depositary receipt) on any securities exchange where our shares (or depositary receipts) are traded; and

To approve, in a non-binding, advisory vote the compensation of our named executive officers as disclosed in the Proxy Statement pursuant to the rules of the Securities and Exchange Commission (the "SEC").

The shareholders may also vote at the Annual Meeting on such other matters as may properly come before the Annual Meeting and any adjournments or postponements thereof.

WHO IS ENTITLED TO VOTE?

Holders of shares of the Company's common stock as of the close of business on April 9, 2013 (the "record date") may vote at the Annual Meeting.

WHAT CONSTITUTES A QUORUM?

There is no minimum requirement in order to establish a quorum at the Annual Meeting for the transaction of business.

HOW MANY VOTES DO I HAVE?

Shareholders holding shares of our common stock at the close of business on April 9, 2013 are entitled to one vote at our Annual Meeting for each share of our common stock held by them. As of March 1, 2013, we had 373,689,096 shares of common stock outstanding.

HOW MANY VOTES ARE REQUIRED TO APPROVE EACH PROPOSAL?

Directors will be appointed by the majority of the votes cast in respect of the shares present or represented by proxy at the Annual Meeting and from the list of nominees presented herein. Shareholders may also appoint directors without the prior nomination by the Board of Directors by way of a shareholders' resolution adopted with a majority of at least two-thirds of the votes cast, representing more than one-half of our capital stock.

A majority of the votes cast is also required for (a) adopting our Dutch statutory annual accounts for the year ended December 31, 2012, (b) authorizing the preparation of our Dutch statutory annual accounts and the annual report of the Board of Directors required by Dutch law, both for the year ending December 31, 2013, in the English language, (c) the discharge of members of the Board of Directors from liability pursuant to Dutch law, (d) the appointment of the auditors who will audit our Dutch statutory annual accounts, (e) the approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan and (f) the extension of the authority of the Board of Directors to repurchase our shares.

It is important to note that these proposals are both non-binding and advisory. Therefore, the Company and/or the Board of Directors may determine to act in a manner inconsistent with the outcomes of such proposals.

GENERAL INFORMATION

HOW ARE VOTES COUNTED?

Abstentions: Votes may be cast in favor of or against or you may abstain from voting. If you intend to abstain from voting for any director nominee or proposal, you will need to check the abstention box for such director nominee or proposal, in which case your vote will not have any effect on the outcome of the election of such director nominee or on the outcome of such proposal.

Broker Non-Votes: Broker non-votes occur when shares held by a bank, broker or other nominee are not voted with respect to a proposal because (1) the bank, broker or other nominee has not received voting instructions from the shareholder who beneficially owns the shares and (2) the bank, broker or other nominee lacks the authority to vote the shares at its/his/her discretion.

Abstentions and broker non-votes will not affect the voting results.

If you just sign and submit your proxy card without voting instructions, your shares will be voted FOR each director nominee listed herein (Proposal No. 3) and FOR Proposal Nos. 1, 2, 4, 5, 6, 7 and 8, as recommended by the Board of Directors, and in accordance with the discretion of the holders of the proxy with respect to any other matters that may be voted on, in each case as indicated on the proxy card.

WHO WILL COUNT THE VOTES?

Representatives of Broadridge Financial Solutions, Inc. (the Inspectors of Election) will tabulate the votes and act as inspectors of election.

HOW DOES THE BOARD RECOMMEND THAT I VOTE?

Our Board of Directors recommends that you vote your shares:

FOR the adoption of our Dutch statutory annual accounts for the year ended December 31, 2012, and the authorization of the preparation of our Dutch statutory annual accounts and the annual report of the Board of Directors required by Dutch law, both for the year ending December 31, 2013, in the English language;

GENERAL INFORMATION

HOW DO I VOTE MY SHARES WITHOUT ATTENDING THE ANNUAL MEETING?

If you are a shareholder of record on April 9, 2013, you may vote by granting a proxy:

By Internet: If you have Internet access, you may submit your proxy by going to www.proxyvote.com and by following the instructions on how to complete an electronic proxy card. You will need the 12-digit Control Number included on your proxy card in order to vote by Internet.

By Telephone: If you have access to a touch-tone telephone, you may submit your proxy by dialing 1-800-690-6903 and by following the recorded instructions. You will need the 12-digit Control Number included on your proxy card in order to vote by telephone.

By Mail: By completing, signing and dating the enclosed proxy card where indicated and by mailing or otherwise returning the proxy card in the envelope provided to you. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), indicate your name and title or capacity.

For shares held in street name, you may vote by submitting voting instructions to your bank, broker or nominee.

Internet and telephone voting facilities will close at 11:59 p.m. (Eastern Time) on May 6, 2013 for the voting of shares held by shareholders of record or held in street name and 11:59 p.m. (Eastern Time) on May 2, 2013 for the voting of shares held through Nielsen's 401(k) plan.

Mailed proxy cards with respect to shares held of record or in street name must be received no later than May 6, 2013. Mailed proxy cards with respect to shares held through Nielsen's 401(k) plan must be received no later than May 2, 2013.

MAY I VOTE AT THE ANNUAL MEETING RATHER THAN BY PROXY?

Although we encourage you to vote through the Internet or the telephone or to complete and return a proxy card prior to the Annual Meeting to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares online or by submitting your proxy in person in Amsterdam. If you vote by proxy and also attend the Annual Meeting, there is no need to vote again at the Annual Meeting unless you wish to change your vote.

All holders of common stock as of April 9, 2013, including shareholders of record and shareholders who hold their shares through banks, brokers, other nominees or any other holders of record as of April 9, 2013, are encouraged to attend the Annual Meeting online. You will need your 12-digit control number included on your proxy card in order to be able to enter the Annual Meeting online. If you plan to vote in person in Amsterdam, **please bring the admission ticket included with your proxy card and photo identification.** If your shares are held in the name of a bank, broker or other nominee, please also bring with you a letter (and a legal proxy if you wish to vote your shares) from the bank, broker or other nominee confirming your ownership as of the record date, which is April 9, 2013. Failure to bring such a letter may delay your ability to attend or prevent you from attending in Amsterdam in person.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE SET OF PROXY MATERIALS ON OR ABOUT THE SAME TIME?

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, please sign and return each proxy card or, if you vote by Internet or telephone, vote once for each proxy card you receive.

MAY I CHANGE MY VOTE OR REVOKE MY PROXY?

Yes. Whether you have voted by Internet, telephone or mail, if you are a shareholder of record, you may change your vote and revoke your proxy by:

Sending a written statement to that effect to our Corporate Secretary, provided such statement is received no later than May 6, 2013;

Voting again by Internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern Time) on May 6, 2013;

Table of Contents

GENERAL INFORMATION

Submitting a properly signed proxy card with a later date that is received no later than May 6, 2013; or

Attending the Annual Meeting, revoking your proxy and voting online or submitting your vote in person.

If you hold shares through the Nielsen 401(k) plan, you may change your vote and revoke your proxy by any of the first three methods listed above if you do so no later than 11:59 p.m. (Eastern Time) on May 2, 2013. You cannot, however, revoke or change your proxy with respect to shares held through the Nielsen 401(k) plan after that date, and you cannot vote those shares in person at the Annual Meeting.

If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy by attending the Annual Meeting online or by submitting your vote in person, provided that if your shares are held in street name you will need to obtain a proxy, executed in your favor, from the shareholder of record (bank, broker or other nominee) to be able to submit your vote in person.

We will honor the proxy with the latest date. However, no revocation will be effective unless we receive notice of such revocation at or prior to the Annual Meeting. For those shareholders who submit a proxy electronically or by telephone, the date on which the proxy is submitted in accordance with the instructions listed on the proxy card is the date of the proxy.

The Board of Directors and Certain Governance Matters

The Sponsors own a majority of our outstanding common stock and are party to a shareholders' agreement described under "Certain Relationships and Related Party Transactions - Shareholders' Agreement." Accordingly, we are a controlled company under the corporate governance rules of the New York Stock Exchange (the "NYSE"). As a controlled company, we are eligible for exemptions from some of the requirements of these rules, including the requirements (i) that a majority of our Board of Directors consist of independent directors, (ii) that we have a Nomination and Corporate Governance Committee and a Compensation Committee which are each composed entirely of independent directors and governed by a written charter addressing the committee's purpose and responsibilities and (iii) for annual performance evaluations of the Nomination and Corporate Governance Committee and the Compensation Committee. We utilize, and intend to continue to utilize, some or all of these exemptions for so long as the Sponsors or any other person or entity continues to own a majority of our outstanding voting stock. In the event that we cease to be a controlled company within the meaning of these rules, we will be required to comply with these provisions after the specified transition periods.

The number of our executive and non-executive directors is determined by the Board of Directors from time to time. We remain controlled by the Sponsors and they continue to control the election of members of the Board of Directors through binding nominations made by the Board of Directors, which in turn are made based on recommendations by the Nomination and Corporate Governance Committee. Pursuant to the shareholders' agreement entered into in connection with the IPO (as subsequently amended), one director may be nominated for appointment from each of The Blackstone Group, The Carlyle Group, Hellman & Friedman, Kohlberg Kravis Roberts & Co., Thomas H. Lee Partners and one from Centerview, who must be Mr. Kilts. As our Sponsors' ownership in our Company decreases, the number of directors whom they may designate will also decrease. See "Certain Relationships and Related Party Transactions - Shareholders' Agreement."

The members of our Board of Directors may be suspended or dismissed at any time at the general meeting of shareholders. If a resolution to suspend or dismiss a director is proposed by the Board, such resolution may be adopted by a majority of the votes validly cast. If no such proposal is made by the Board, then a director may be suspended or dismissed by the general meeting by at least a two-thirds majority of the votes cast, provided such majority represents more than half of our issued share capital.

Our Chief Executive Officer, who is also a director, is expected to be responsible for the day-to-day management of the Company. Our non-executive directors are expected to supervise our Chief Executive Officer and our general affairs and to provide general advice to the Chief Executive Officer. The non-executive directors perform those acts that are delegated to them pursuant to our articles of association or by our board regulations. One of the non-executive directors, Mr. Kilts, is the chairman of the board.

Each director owes a duty to us to properly perform the duties assigned to him or her and to act in the corporate interest of our Company. Under Dutch law, the corporate interest extends to the interests of all corporate stakeholders, such as shareholders, creditors, employees, customers and suppliers. Our directors are expected to be appointed for one year and will be re-electable each year at the annual general meeting of shareholders.

Our Board of Directors has adopted board regulations governing its performance, its decision making, its composition, the tasks and working procedure of the committees and other matters relating to the Board of Directors, the Chief Executive Officer, the non-executive directors and the committees established by the Board of Directors. In accordance with our board regulations, resolutions of our Board of Directors will be adopted by a simple majority of votes cast in a meeting at which at least the majority of its members is present or represented.

DIRECTOR INDEPENDENCE AND INDEPENDENCE DETERMINATIONS

The Board of Directors must make an affirmative determination at least annually as to the independence of each director. A director is not independent unless the Board affirmatively determines that he or she does not have a direct or indirect material relationship with the Company or

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

any of its subsidiaries. Heightened independence standards apply to members of the Audit Committee.

2013 Proxy Statement

Nielsen Holdings N.V.

13

Table of Contents

THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

The NYSE independence definition includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings with the Company. The Board is also responsible for determining affirmatively, as to each independent director, that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board will broadly consider all relevant facts and circumstances, including information provided by the directors and the Company with regard to each director’s business and personal activities as they may relate to the Company and the Company’s management. As the concern is independence from management, the Board does not view ownership of even a significant amount of stock, by itself, as a bar to an independence finding.

The categorical standards set forth in our Corporate Governance Guidelines are intended to assist the Board of Directors in determining whether or not certain relationships between our directors and us, either directly or as a partner, shareholder or officer of an organization that has a relationship with us, are material relationships for purposes of the NYSE independence standards. The categorical standards establish thresholds at which such relationships are deemed to be material.

The Board of Directors undertook its annual review of director independence. As a result of this review, the Board of Directors affirmatively determined that each of Messrs. Pozen, Ranadivé and Teruel and Ms. Hoguet is independent for purposes of Section 303A.02 of the NYSE listing rules and under our Corporate Governance Guidelines and that each of Messrs. Pozen and Teruel and Ms. Hoguet is independent for purposes of Rule 10A-3(b)(i) of the Exchange Act of 1934 (the Exchange Act) and Section 303A.02 of the NYSE listing Rules. In making such determinations, the Board of Directors considered, among other facts and circumstances, our payments to TIBCO, of which Mr. Ranadivé is the Chief Executive Officer, Chairman of the Board of Directors and significant shareholder. Our payments for their products and services constituted less than the greater of \$1 million or 2% of TIBCO’s annual consolidated gross revenues during each of its last three fiscal years, which were below the thresholds set forth under the NYSE listing rules and the Company’s categorical standards of director independence.

LEADERSHIP STRUCTURE

Under our Corporate Governance Guidelines, the Board must select from its members its chairperson and the Company’s Chief Executive Officer in any way it considers in the best interests of the Company. Pursuant to our articles of association, a non-executive director must be appointed as the chairperson of the board. Accordingly, Mr. Calhoun serves as our Chief Executive Officer and executive director, while Mr. Kilts serves as our Chairman. Our Board currently believes that this structure best encourages the free and open dialogue of competing views and provides for strong checks and balances. Additionally, Mr. Kilts’ attention to Board and Committee matters allows Mr. Calhoun to focus more specifically on overseeing the Company’s day-to-day operations as well as strategic opportunities and planning.

BOARD COMMITTEES AND MEETINGS

Our Board of Directors has established the following Committees: an Audit Committee, a Compensation Committee and a Nomination and Corporate Governance Committee. The current composition and responsibilities of each Committee are described below. Members serve on these Committees until their resignation or until otherwise determined by our Board of Directors.

Compensation Committee

Our Compensation Committee consists of Messrs. Attwood, Bressler, Healy, Navab, Reid and Teruel and Ms. Hoguet, with Mr. Attwood serving as Chairman. As a controlled company, we are not required to have a Compensation Committee comprised entirely of independent directors. Our Board of Directors has affirmatively determined that each of Mr. Teruel and Ms. Hoguet meets the definition of "independent director" for purposes of the NYSE listing rules and the categorical standards of director independence under our Corporate Governance Guidelines, the definition of "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and the definition of "non-employee director" for purposes of Section 16 of the Exchange Act. In addition, we have established a subcommittee of our Compensation Committee consisting of Mr. Teruel and Ms. Hoguet for purposes of granting awards under the Nielsen Holdings 2010 Stock Incentive Plan (the "2010 Plan"), as amended, to specified individuals.

Our Compensation Committee is responsible for setting, reviewing and evaluating compensation, and related performance and objectives, of our senior management team. It is also responsible for recommending to the Board of Directors the compensation package for our Chief Executive Officer, with due observance of the compensation policy adopted by the general meeting of shareholders. It reviews employment contracts entered into with our Chief Executive Officer, makes

recommendations to our Board of Directors with respect to major employment-related policies and oversees compliance with our employment and compensation-related disclosure obligations under applicable laws.

In fulfilling its responsibilities, the Compensation Committee is entitled to delegate any or all of its responsibilities to subcommittees of the Compensation Committee. The Compensation Committee may delegate to one or more officers of the Company the authority to make grants and awards of cash or options or other equity securities to any non-Section 16 officer of the Company under the Company's incentive-compensation or other equity-based plans as the Compensation Committee deems appropriate and in accordance with the terms of such plan; provided that such delegation is in compliance with the relevant plan and subject to the laws of the Netherlands and the Company's articles of association.

Nomination and Corporate Governance Committee

Our Nomination and Corporate Governance Committee consists of Messrs. Pozen, Attwood, Bressler, Healy, Navab and Reid, with Mr. Pozen serving as Chairman. The Board of Directors has determined that Mr. Pozen meets the definition of "independent director" under the NYSE listing rules and the categorical standards of director independence under our Corporate Governance Guidelines. As a controlled company, we are not required to have a Nomination and Corporate Governance Committee comprised entirely of independent directors.

Our Nomination and Corporate Governance Committee determines selection criteria and appointment procedures for members of our Board of Directors, periodically assesses the scope and composition of our Board of Directors and evaluates the performance of its individual members, among other responsibilities.

RISK OVERSIGHT

Our Chief Executive Officer and other executive officers regularly report to the non-executive directors and the Audit, Compensation and Nomination and Corporate Governance Committees to ensure effective and efficient oversight of the Company's activities and to assist in proper risk management and the ongoing evaluation of management controls. The Senior Vice President of Corporate Audit reports functionally and administratively to the Company's Chief Financial Officer and directly to the Audit Committee. The Company believes that the Board's leadership structure provides appropriate risk oversight of the Company's activities given the controlling interests held by its majority shareholders.

EXECUTIVE SESSIONS

Pursuant to our Corporate Governance Guidelines, to ensure free and open discussion and communication among the non-executive directors of the Board, the non-executive directors meet regularly with no members of management or any executive director present. The Chairperson presides at these meetings. Independent directors meet in private sessions that excludes management and directors affiliated with the Company at least once a year. The non-executive directors met eight times in executive sessions in 2012.

COMMITTEE CHARTERS AND CORPORATE GOVERNANCE GUIDELINES

Our commitment to corporate governance is reflected in our Corporate Governance Guidelines, which describe the Board of Directors' views on a wide range of governance topics. These Corporate Governance Guidelines are reviewed from time to time by the Board of Directors to ensure that they effectively promote the best interests of the Company, its shareholders and other relevant stakeholders and that they comply with all applicable laws, regulations and stock exchange requirements, in addition to our articles of association and Board regulations. Our Corporate Governance Guidelines, our Committee charters and other corporate governance information are available on our website at www.nielsen.com/investors under Corporation Information: Governance Documents.

DIRECTOR NOMINATION PROCESS

The Board of Directors seeks to ensure that the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. In addition, subject to the contractual obligations of our shareholders' agreement, the Board maintains a formal diversity policy governing the nomination of its members as described below.

When determining whether our current directors have the experience, qualifications, attributes and skills, taken as a whole, to enable our board to satisfy its oversight responsibilities effectively in light of our business and structure, our Board focused primarily on our directors' valuable contributions to our success in recent years and on the information discussed in the biographies set forth under Proposal No. 3 Election of Directors Nominees for Election to the Board of Directors. In particular, Mr. Calhoun was selected to serve as a director because of his role as our Chief Executive Officer, the management perspective he brings to Board deliberations and his extensive management expertise at public companies. given circumstances, unacceptable pursuant to the standards of reasonableness and fairness (which may include circumstances where the Board, acting reasonably, is of the opinion that putting such item on the agenda would be detrimental to a vital interest of the Company).

Diversity Policy

In accordance with the Dutch Corporate Governance Code, the Board of Directors has adopted a set of Board regulations. Among other things, the Board regulations include a policy that the Board shall aim for a diverse composition of directors, to the extent practicable and appropriate under the circumstances, in line with the global nature of the Company and its business, in terms of such factors as nationality, background, gender and age.

The charter of our Nomination and Corporate Governance Committee also requires the Committee to consider age, gender, nationality and ethnic and racial background in nominating directors and to review and make recommendations, as the Nomination and Corporate Governance Committee deems appropriate, regarding the composition and size of the Board of Directors in order to ensure the Board has the requisite expertise and its membership consists of persons with sufficiently diverse and independent backgrounds.

The implementation of these diversity policies rests primarily with the Nomination and Corporate Governance Committee as the body responsible for identifying individuals believed to be qualified as candidates to serve on the Board of Directors and recommending that the Board nominate the candidates for all directorships to be filled by the shareholders at their annual meetings.

As Board seats become available, the Nomination and Corporate Governance Committee, and the Board of Directors as a whole, will have the opportunity to assess the effectiveness of the diversity policy and how, if at all, our implementation of the policy, or the policy itself, should be changed.

COMMUNICATIONS WITH DIRECTORS

Pursuant to our Corporate Governance Guidelines, anyone who would like to communicate with, or otherwise make his or her concerns known directly to, the chairperson of any of the Audit Committee, Nomination and Corporate Governance Committee and Compensation Committee, or to the non-executive or independent directors as a group, may do so by addressing such communications or concerns to the Corporate Secretary, 40 Danbury Road, Wilton, Connecticut 06897, who will forward such communications to the appropriate party. PROPOSAL NO. 4 Ratification of Independent Registered Public Accounting Firm

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

Subject to shareholder approval as may be required under Dutch law, the Audit Committee is directly responsible for the appointment and termination of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. In addition, the Audit Committee is responsible for the compensation, retention and oversight of any such firm, including the resolution of disagreements between management and such firm regarding financial reporting. In exercising this responsibility, the Audit Committee pre-approves all audit and permitted non-audit services provided by the independent registered public accounting firm, except that pre-approval is not necessary for minor non-audit services if: (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than 5% of the total amount of revenues paid by the Company to its auditor during the year in which the non-audit services are provided; (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee. All of the services covered under **Audit and Non-Audit Fees** were pre-approved by the Audit Committee.

The Audit Committee may form and delegate to subcommittees consisting of one or more of its members, when appropriate, the authority to pre-approve services to be provided by the independent auditors so long as the pre-approvals are presented to the full Audit Committee at its next scheduled meeting.

The Board of Directors recommends that shareholders vote FOR the ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the year ending December 31, 2013.
REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates pursuant to a charter which is reviewed annually by the Audit Committee. Additionally, a brief description of the primary responsibilities of the Audit Committee is included in this Proxy Statement under **The Board of Directors and Certain Governance Matters Committee Membership Audit Committee.**

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements of the Company with management and with the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm their independence.

Based upon the review and discussions described in the preceding paragraph, the Audit Committee recommended to the Board that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2012 filed with the Securities and Exchange Commission.

PROPOSAL NO. 6

Approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

Our Board of Directors, based on the recommendation of the Compensation Committee, has approved the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan (the "Stock Incentive Plan"), subject to approval by our shareholders at the Annual Meeting. We are asking our shareholders to approve the Stock Incentive Plan to, among other things, (i) authorize 24,531,295 shares of our common stock to be issued under the 2010 Plan (representing an increase of 9,300,000 shares over the amount currently authorized under the Stock Incentive Plan), (ii) increase the maximum number of shares underlying options and stock appreciation rights that may be granted to a participant from 1,250,000 to 2,000,000 during any fiscal year, and (iii) make some technical updates to the provisions related to the administration of the Stock Incentive Plan. In connection with its review of this proposal, the Board of Directors considered the information described below, as well as the favorable recommendation of Meridian, the Compensation Committee's compensation consultant.

By the time of the Annual Meeting, almost three years will have passed since the 2010 Plan was adopted in anticipation of our initial public offering. A total of 15,231,295 shares of our common stock (plus any forfeitures of unvested awards under the 2006 and 2010 Plans) were initially authorized for issuance under the 2010 Plan. The number of awards we have granted under the 2010 Plan as a percentage of our annual weighted average shares (commonly referred to as the "burn rate") is 1.3% over the last two years. 6,916,216 shares of our common stock remain available for future grants under the 2010 Plan as of February 28, 2013.

At current projections, we expect to grant 7,872,000 shares from March 1, 2013 to December 31, 2014. Therefore, we will require additional shares to meet these needs and for our estimated annual equity grants in 2015 and 2016.

The ability to issue equity is fundamental to our compensation strategy. Our objective is to increase the proportion of pay that is denominated in equity in order to strengthen the alignment of management rewards with the long-term returns delivered to our shareholders. Our success is dependent, in large part, on our ability to use market relevant compensation to attract, retain and motivate the most talented professionals. Our employees, particularly our senior executives, whose equity is tied to Company and individual performance, are motivated under our current compensation packages to drive the business to maximize return over the long-term. We believe this has contributed strongly to the long-term value we have created for our shareholders. If the Stock Incentive Plan is not approved by our shareholders, in order to remain competitive, we would likely be compelled to alter our compensation program to increase the cash-based component of such programs, which we do not believe is as appropriate for our business, and which would decrease the amount of free cash flow we will have available for other purposes.

If the Stock Incentive Plan is approved by our shareholders, it will become immediately effective as of May 7, 2013, with 16,216,216 shares available for future awards, assuming no grants will be made between March 1, 2013 and May 7, 2013. This excludes any shares that will become available again under the Stock Incentive Plan in connection with shares related to awards or awards that are forfeited, terminated or canceled, expire unexercised, are withheld or tendered to satisfy the tax withholding obligations or repurchased by us during such period. We expect that if the Stock Incentive Plan is approved by our shareholders, the additional shares will be sufficient to allow us to make equity awards in the amounts we believe are necessary through December 31, 2016.

In addition, we are seeking approval to increase the maximum number of shares underlying options and stock appreciation rights that may be granted to a participant from 1,250,000 to 2,000,000 during any fiscal year. We may soon approach the existing limit with respect to certain of our senior executives—for example, we granted to our chief executive officer 650,000 and 800,000 options to purchase our common shares in 2011 and 2012, respectively. We believe that the proposed increase will provide us with the flexibility we expect we will need in determining the elements of equity compensation for each of our senior executives and directors through December 31, 2016.

If the Stock Incentive Plan is approved by our shareholders, awards under the Stock Incentive Plan will be determined by the Compensation Committee in its discretion subject to applicable plan limits, and it is, therefore, not possible to predict the awards that will be made to particular officers or other employees in the future. If our shareholders approve the Stock Incentive Plan, we intend to make an annual equity grant to each

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

of our non-employee directors in the form of deferred stock units with a fair value of \$120,000, subject to any changes that may be approved by the Compensation Committee.

PROPOSAL NO. 6 Approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

Eligibility and Awards

The Stock Incentive Plan will be the source of new equity-based awards permitting us to grant to our key employees, directors and other service providers the following types of awards: incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended), non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, other awards valued in whole or in part by reference to shares of our common stock and performance-based awards denominated in shares or cash.

Shares Subject to the Stock Incentive Plan

The total number of shares of our common stock that may be issued under the Stock Incentive Plan is 24,531,295 (which number includes the 15,231,295 shares that were originally available for awards under the 2010 Plan), and the maximum number of shares for which incentive stock options may be granted is 6,060,000. The maximum number of shares in respect of which stock options or stock appreciation rights may be granted to any participant during any fiscal year is 2,000,000.

Stock Options and Stock Appreciation Rights

The Compensation Committee may award non-qualified or incentive stock options under the Stock Incentive Plan. All options are intended to be non-qualified stock options, unless the applicable award agreement explicitly states that the option is intended to be an ISO (defined below). Stock options granted under the Stock Incentive Plan will become vested and exercisable at such times and upon such terms and conditions as may be determined by the Compensation Committee at the time of grant, but an option will generally not be exercisable for a period of more than ten years after it is granted.

Except with respect to substitute awards, the exercise price per share for any stock option awarded will not be less than the fair market value of a share of our common stock on the day the stock option is granted. To the extent required by Dutch law, the option price will not be less than the nominal value per share in respect of which the option is being exercised. The exercise price of a stock option may be paid (1) in cash or its equivalent; (2) unless otherwise required by the Compensation Committee, in shares of our common stock having a fair market value equal to the aggregate stock option exercise price for the shares being purchased and upon satisfaction of such other requirements as may be imposed by the Compensation Committee; (3) unless otherwise required by the Compensation Committee, partly in cash and partly in shares of our common stock; (4) if there is a public market for shares of our common stock at such time, through the delivery of irrevocable instructions to a broker to sell shares of our common stock obtained upon the exercise of the stock option and to deliver promptly to us an amount out of the proceeds of the sale equal to the aggregate stock option exercise price for the shares of our common stock being purchased in accordance with applicable law; or (5) through a net settlement feature as described in the Stock Incentive Plan (*i.e.*, having a number of shares with a fair market value equal to the aggregate exercise price of the portion of the option to be exercised withheld by us from the number of shares that would have otherwise been received).

The Compensation Committee may grant options that are intended to be incentive stock options (the ISOs) within the meaning of Section 422 of the Code and will comply with the requirements of Section 422 of the Code.

No ISO may be granted to a participant who at the time of the grant owns more than 10% of the total combined voting power of all classes of our stock, unless (i) the option price for such ISO is at least 110% of the fair market value of a share on the date the ISO is granted, and (ii) the date on which the ISO terminates is not later than the day preceding the fifth anniversary of the day the ISO is granted.

The Compensation Committee may grant stock appreciation rights independent of or in connection with a stock option. The exercise price of a stock appreciation right will not be less than the fair market value of a share of our common stock on the date the stock appreciation right is granted, except that, in the case of a stock appreciation right granted in conjunction with a stock option, the exercise price will not be less than the exercise price of the related stock option. Further, the exercise price of a stock appreciation right that is granted in exchange for an option may be less than the fair market value if such exercise price is equal to the option price of the exchanged option. To the extent required by Dutch law, the exercise price per share of a stock appreciation right will not be less than the nominal value per share in respect of which the stock appreciation right is being exercised. Each stock appreciation right granted independent of a stock option will entitle a participant upon exercise to an amount equal to (i) the excess of (A) the fair market value on the exercise date of one share of our Common Stock over

Table of Contents

PROPOSAL NO. 6 Approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

(B) the exercise price per share, multiplied by (ii) the number of shares of our common stock covered by the stock appreciation right. Each stock appreciation right granted in conjunction with a stock option will entitle a participant to surrender to us the stock option and to receive in exchange such amount. Payment will be made in shares of our common stock and/or cash (any share of our common stock valued at fair market value), as determined by the Compensation Committee.

Other Stock-Based Awards

The Compensation Committee in its sole discretion may grant or sell awards of shares of our common stock, restricted stock, restricted stock units and awards that are valued in whole or in part by reference to, or are otherwise based on the fair market value of, shares of our common stock (including dividend equivalent rights). Any of these other stock-based awards will be in such form, and dependent on such conditions, as the Compensation Committee determines, including, without limitation, the right to receive, or vest with respect to, one or more shares of our common stock (or the equivalent cash value of such shares of our common stock) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. The Compensation Committee may in its discretion determine whether other stock-based awards will be payable in cash, shares of our common stock, or a combination of both cash and shares. To the extent required by Dutch law, the price paid per share for shares awarded in respect of other stock-based awards will not be less than the nominal value of the underlying share.

Performance-Based Awards

The Compensation Committee in its sole discretion may grant certain awards that are denominated in shares or cash and may include awards of options, stock appreciation rights and other stock-based awards, to be granted in a manner which is intended to be deductible by us under Section 162(m) of the Code. To the extent required by Dutch law, the price paid per share for shares awarded in respect of performance-based awards will not be less than the nominal value of the underlying share.

Performance-based awards will be subject to the terms and conditions established by the Compensation Committee and will be based upon one or more of the following performance criteria: (1) consolidated income before or after taxes (including income before interest, taxes, depreciation and amortization); (2) EBITDA; (3) adjusted EBITDA, (4) operating income; (5) net income; (6) adjusted cash net income; (7) adjusted cash net income per share; (8) net income per share; (9) book value per share; (10) return on members or stockholders equity; (11) expense management; (12) return on investment; (13) improvements in capital structure; (14) profitability of an identifiable business unit or product; (15) maintenance or improvement of profit margins; (16) stock price; (17) market share; (18) revenue or sales; (19) costs; (20) cash flow; (21) working capital; (22) multiple of invested capital; (23) total return; and (24) such other objective performance criteria as determined by the Compensation Committee in its sole discretion to the extent such criteria would be permissible performance criteria under Section 162(m) of the Code. The foregoing criteria may relate to us, one or more of our subsidiaries or one or more of our divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, as the Compensation Committee will determine. In addition, to the degree consistent with Section 162(m) of the Code, the performance goals may be calculated without regard to extraordinary items. The Compensation Committee will determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given participant and, if they have, during any period when Section 162(m) of the Code is applicable to us, will so certify and ascertain the amount of the applicable performance-based award. During any period when Section 162(m) of the Code is applicable to us, no performance-based awards will be paid to any participant for a given period of service until the Compensation Committee certifies that the objective performance goals (and any other material terms) applicable to such period have been satisfied.

The amount of the performance-based award actually paid to a given participant may be less than the amount determined by the applicable performance goal formula, at the discretion of the Compensation Committee. The amount of the performance-based award determined by the Compensation Committee for a performance period will be paid to the participant at such time as determined by the Compensation Committee in its sole discretion after the end of such performance period; provided, however, that a participant may, if and to the extent permitted by the Compensation Committee and consistent with the provisions of Section 409A of the Code, elect to defer payment of a performance-based award. The maximum amount of a performance-based award granted in respect of any performance period that may be earned by a participant

during each such fiscal year covered by the performance period will be (i) with respect to performance-based awards that are denominated in shares, 1,000,000 shares for each fiscal year, and (ii) with respect to performance-based awards that are denominated in cash, \$10,000,000 for each fiscal year.

Repricing and Dividend Equivalent Limitations

The repricing of stock options or stock appreciation rights, after they have been granted, are prohibited without prior approval of our stockholders, unless the cancellation and exchange occur in connection with a change in capitalization or similar change described under

Adjustments upon Certain Events and Change in Control. Similarly, no dividend equivalent rights may be granted on stock options or stock appreciation rights, unless such rights are in connection with a change in capitalization or similar change described under Adjustments upon Certain Events and Change in Control.

Adjustments upon Certain Events

In the event of any share dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination, or transaction or exchange of shares of our Common Stock or other corporate exchange, any equity restructuring as defined by FASB Accounting Standards Codification 718, or any distribution to stockholders other than regular cash dividends, or any similar transaction, the Compensation Committee in its sole discretion and without liability to any person will make such substitution or adjustment, if any, as it deems reasonably necessary to address, on an equitable basis, the effect of such event as to (1) the number or kind of shares or other securities issued or reserved for issuance pursuant to the Stock Incentive Plan or pursuant to outstanding awards, (2) the maximum number of shares for which stock options or stock appreciation rights may be granted during a fiscal year to any participant, (3) the maximum amount of a performance-based award that may be granted during a calendar year to any participant, (4) the option price or exercise price of any option or stock appreciation right and/or (5) any other affected terms of such awards.

Change in Control

In the event of a change in control (as defined below) after the effective date of the Stock Incentive Plan, the Stock Incentive Plan provides that:

If the successor or acquiring entity in the change in control does not agree to provide for the issuance of substitute awards on an equitable basis in a manner consistent with the relevant adjustment provisions of the Stock Incentive Plan (described above), as determined by the Compensation Committee in its sole discretion, then either (A) any outstanding awards held by a participant which are unexercisable or otherwise unvested or subject to lapse restrictions and are not assumed by a successor corporation will automatically be deemed exercisable or otherwise vested or no longer subject to lapse restrictions and (B) the Compensation Committee will (i) cancel the awards for fair value (as determined in the sole discretion of the Compensation Committee), to the extent permitted by applicable tax law, which, for options and stock appreciation rights, may equal (x) the value of the consideration to be paid in the change in control to shareholders, minus (y) the exercise price of the stock option or stock appreciation right, on a per option/stock appreciation right basis, or (ii) provide that, with respect to any awards that are stock options, for a period of at least ten days prior to the change in control, awards will be exercisable to the extent applicable as to all shares subject thereto and that upon the occurrence of the change in control, awards will terminate and be of no further force and effect. If the fair market value of the shares (*i.e.*, the value of the per share consideration to be paid in the change in control) is less than or equal to the exercise price of the stock options or stock appreciation right, the options and stock appreciation rights can be cancelled by the Compensation Committee for no consideration.

If the successor or acquiring entity does agree to provide for the issuance of substitute awards, then any outstanding awards held by participants which are unexercisable or otherwise unvested or subject to lapse restrictions will not automatically be deemed exercisable or otherwise vested or no longer subject to lapse restrictions, as the case may be, as of the date of the change in control, provided that if at any time during the two-year period following the change in control, the participant's employment with us and our subsidiaries is terminated under a circumstance that would make the participant eligible to receive payment of severance compensation pursuant to our severance plan, policy or other arrangement, as of such date of termination, then any then unvested awards outstanding will become automatically deemed exercisable or otherwise vested or no longer subject to lapse restrictions.

PROPOSAL NO. 6 Approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

If the Compensation Committee establishes terms for the vesting or exercisability of any award in connection with a change in control that varies from the provisions described above as set forth in the Stock Incentive Plan, then the same such terms must apply to all other awards having substantially similar vesting or exercisability terms that are held by all other participants as of such time.

A change in control, as defined in the Stock Incentive Plan, occurs upon (1) the sale or disposition of all or substantially all of our assets to any person or group other than the permitted holders; (2) any person or group, other than the permitted holders, becoming the beneficial owner of more than 50% of the total voting power of our voting stock, or any entity which controls us (a person is deemed to have beneficial ownership of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time); (3) a reorganization, recapitalization, merger or consolidation involving the company, unless securities representing 50% or more of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of our board of directors or the board of directors of the corporation resulting from such transaction are held subsequent to such transaction by the person or persons who were the beneficial owners of the outstanding voting securities entitled to vote generally in the election of our board of directors immediately prior to such transaction; (4) during any rolling twenty-four month period, individuals who at the beginning of such period constituted our board of directors, together with any new directors whose election by such board or whose nomination for election by our stockholders was approved by a vote of a majority of our board of directors who were either directors at the beginning of this period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of our board of directors then in office, however individuals who were elected or nominated as a director as a result of an actual or threatened contest with respect to directors or an actual or threatened solicitation of proxies by any person other than our board of directors, or individuals who were elected or nominated as a director pursuant to an agreement between Luxco or among one or more of the Sponsors and a third party under which Luxco or any Sponsor is required to nominate such director will not be considered in this determination; or (5) any transaction resulting in any person or group, other than any of the Sponsors or their affiliates, obtaining direct or indirect beneficial ownership of more than 50% of the voting rights attached to the entire issued share capital of Luxco.

Forfeiture and Clawback

The Compensation Committee may in its sole discretion specify that the participant's rights, payments, and benefits with respect to any award will be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions contained in such award. Such events may include, but are not limited to, termination of employment for cause, termination of the participant's provision of services to us, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the participant, or restatement of our financial statements to reflect adverse results from those previously released financial statements as a consequence of errors, omissions, fraud, or misconduct.

Transferability

Unless otherwise determined by the Compensation Committee, no award granted under the Stock Incentive Plan will be transferable or assignable by a participant in the plan, other than by will or by the laws of descent and distribution.

Amendment and Termination

Except with respect to certain stock option and stock appreciation rights repricing limitations as described under Repricing Limitations, our board of directors may amend, alter or discontinue the Stock Incentive Plan, and the Board of Directors or Compensation Committee may amend, alter or discontinue any outstanding award, but no amendment, alteration or discontinuance will be made without the approval of our stockholders, to the extent such approval is (1) required by or desirable to satisfy the requirements of, any applicable law, rule or regulation including listing standards of the securities exchange applicable to our common stocks, or (2) without the consent of a participant, if such action would materially and adversely affect any of the rights of the participant under any award granted to such participant under the Stock Incentive Plan; provided, however, that the Compensation Committee may amend the Stock Incentive Plan in such manner as it deems necessary to permit the Stock Incentive Plan and/or any outstanding awards to satisfy applicable requirements of the Code, as amended, or other applicable laws.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

Stock Options

An employee to whom an incentive stock option (ISO) that qualifies under Section 422 of the Code is granted will not recognize income at the time of grant or exercise of such option. No federal income tax deduction will be allowable to the Company upon the grant or exercise of such ISO. However, upon the exercise of an ISO, special alternative minimum tax rules apply for the employee.

When the employee sells shares acquired through the exercise of an ISO more than one year after the date of transfer of such shares and more than two years after the date of grant of such ISO, the employee will normally recognize a long-term capital gain or loss equal to the difference, if any, between the sale prices of such shares and the option price. If the employee does not hold such shares for this period, when the employee sells such shares, the employee will recognize ordinary compensation income and possibly capital gain or loss in such amounts as are prescribed by the Code and regulations thereunder, and the Company will generally be entitled to a federal income tax deduction in the amount of such ordinary compensation income.

An employee to whom an option that is not an ISO (a non-qualified option) is granted will not recognize income at the time of grant of such option. When such employee exercises a non-qualified option, the employee will recognize ordinary compensation income equal to the excess, if any, of the fair market value as of the date of a non-qualified option exercise of the shares the employee receives, over the option exercise price. The tax basis of such shares will be equal to the exercise price paid plus the amount includable in the employee's gross income, and the employee's holding period for such shares will commence on the day after which the employee recognized taxable income in respect of such shares. Any subsequent sale of the shares by the employee will result in long-term or short-term capital gain or loss, depending on the applicable holding period. Subject to applicable provisions of the Code and regulations thereunder, the Company will generally be entitled to a federal income tax deduction in respect of the exercise of non-qualified options in an amount equal to the ordinary compensation income recognized by the employee. Any such compensation includable in the gross income of an employee in respect of a non-qualified option will be subject to appropriate federal, state, local and foreign income and employment taxes.

Restricted Stock

Unless an election is made by the Participant under Section 83(b) of the Code, the grant of an Award of restricted stock will have no immediate tax consequences to the Participant. Generally, upon the lapse of restrictions (as determined by the applicable restricted stock agreement between the Participant and the Company), a Participant will recognize ordinary income in an amount equal to the product of (x) the fair market value of a share of common stock of the Company on the date on which the restrictions lapse, less any amount paid with respect to the Award of restricted stock, multiplied by (y) the number of shares of restricted stock with respect to which restrictions lapse on such date. The Participant's tax basis will be equal to the sum of the amount of ordinary income recognized upon the lapse of restrictions and any amount paid for such restricted stock. The Participant's holding period will commence on the date on which the restrictions lapse.

A Participant may make an election under Section 83(b) of the Code within 30 days after the date of transfer of an Award of restricted stock to recognize ordinary income on the date of award based on the fair market value of common stock of the Company on such date. An employee making such an election will have a tax basis in the shares of restricted stock equal to the sum of the amount the employee recognizes as ordinary income and any amount paid for such restricted stock, and the employee's holding period for such restricted stock for tax purposes will commence on the date after such date.

With respect to shares of restricted stock upon which restrictions have lapsed, when the employee sells such shares, the employee will recognize capital gain or loss consistent with the treatment of the sale of shares received upon the exercise of non-qualified options, as described above.

Stock Units

A Participant to whom a restricted stock unit (RSU) is granted generally will not recognize income at the time of grant (although the Participant may become subject to employment taxes when the right to receive shares becomes vested due

PROPOSAL NO. 6 Approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

to retirement eligibility or otherwise). Upon delivery of shares of common stock of the Company in respect of an RSU, a Participant will recognize ordinary income in an amount equal to the product of (x) the fair market value of a share of common stock of the Company on the date on which the common stock of the Company is delivered, multiplied by (y) the number of shares of common stock of the Company delivered.

Other Stock-based Awards

With respect to other stock-based Awards paid in cash or common stock, Participants will generally recognize income equal to the cash or fair market value of common stock, as applicable, payable under the Award on the date on which the Award is paid to the recipient.

Code Section 409A

Section 409A of the Code (Section 409A) generally sets forth rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% tax (plus interest) upon the service provider who is entitled to receive the deferred compensation. Certain awards that may be granted under the Stock Incentive Plan may constitute deferred compensation within the meaning of and subject to Section 409A. While the Compensation Committee intends to administer and operate the Stock Incentive Plan and establish terms (or make required amendments) with respect to awards subject to Section 409A in a manner that will avoid the imposition of additional taxation under Section 409A upon a participant, there can be no assurance that additional taxation under Section 409A will be avoided in all cases. In the event we are required to delay delivery of shares or any other payment under an award in order to avoid the imposition of an additional tax under Section 409A, we will deliver such shares (or make such payment) on the first day that would not result in the participant incurring any tax liability under Section 409A. The Compensation Committee may amend the Stock Incentive Plan and outstanding awards to preserve the intended benefits of awards granted under the Stock Incentive Plan and to avoid the imposition of an additional tax under Section 409A of the Code.

General

Ordinary income recognized by virtue of the exercise of non-qualified options, the lapse of restrictions on restricted stock or RSUs or payments made in cash or shares of common stock of the Company is subject to applicable tax withholding as required by law.

The Company generally will be entitled to a federal tax deduction to the extent permitted by the Code at the time and in the amount that ordinary income is recognized by Participants.

The discussion set forth above does not purport to be a complete analysis of all potential tax consequences relevant to recipients of options or other awards or to their employers or to describe tax consequences based on particular circumstances. It is based on federal income tax law and interpretational authorities as of the date of this proxy statement, which are subject to change at any time.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to approve the Stock Incentive Plan.

The Board of Directors recommends that the shareholders vote FOR the approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan.

PROPOSAL NO. 7

Extension of Authority of the Board of Directors to Repurchase up to 10% of Our Issued Share Capital until November 7, 2014

Under Dutch law and our articles of association, the Board of Directors may, subject to certain Dutch statutory provisions, be authorized to repurchase our issued shares on our behalf in an amount, at prices and in the manner authorized by the general meeting of shareholders. Adoption of this proposal will allow us to have the flexibility to repurchase our shares without the expense of calling special shareholder meetings. Such authorization may not continue for more than 18 months, but may be given on a rolling basis. At the annual meeting of shareholders on May 8, 2012, the shareholders authorized the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) in open market purchases, through privately negotiated transactions, or by means of self-tender offer or offers, at prices per share (or depositary receipt) ranging up to 110% of the market price at the time of the transaction. Such authority currently expires on November 8, 2013.

The Board of Directors believes that we would benefit by extending the authority of the Board of Directors to repurchase our shares. For example, to the extent the Board of Directors believes that our shares may be undervalued at the market levels at which they are then trading, repurchases of our share capital (including depositary receipts issued for our shares) may represent an attractive investment for us. Such shares could be used for any valid corporate purpose, including use under our compensation plans, sale in connection with the exercise of outstanding options, or for acquisitions, mergers or similar transactions. The reduction in our issued capital resulting from any such purchases will increase the proportionate interest of the remaining shareholders in our net worth and whatever future profits we may earn. However, the number of shares repurchased (including depositary receipts issued for our shares), if any, and the timing and manner of any repurchases would be determined by the Board of Directors, in light of prevailing market conditions, our available resources and other factors that cannot be predicted now. The nominal value of the shares in our capital which we acquire, hold, hold as pledgee or which are acquired or held by one of our subsidiaries (including depositary receipts issued for our shares), may never exceed 50% of our issued share capital.

In order to provide us with sufficient flexibility, the Board of Directors proposes that the general meeting of shareholders grant authority for the repurchase of up to 10% of our issued share capital (including depositary receipts issued for our shares) (or, based on the number of shares currently outstanding, approximately 37 million shares) on the open market, or through privately negotiated repurchases or in self-tender offers, at prices ranging up to 110% of the market price per share (or depositary receipt) at the time of the transaction. Such authority would extend for 18 months from the date of the Annual Meeting until November 7, 2014.

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to adopt the proposal to extend until November 7, 2014 the authorization of the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) on the open market, or through privately negotiated repurchases or self-tender offers, at prices per share or depositary receipt ranging up to 110% of the market price at the time of the transaction.

The Board of Directors recommends that the shareholders vote FOR the approval of the extension of the authority of the Board of Directors to repurchase up to 10% of our issued share capital (including depositary receipts issued for our shares) until November 7, 2014 on the open market, through privately negotiated transactions or in one or more self-tender offers for a price per share (or depositary receipt) not less than the nominal value of a share and not higher than 110% of the most recent available (as of the time of repurchase) price of a share (or depositary receipt) on any securities exchange where our shares (or depositary receipts) are traded.

PROPOSAL NO. 8

Non-Binding, Advisory Vote on Executive Compensation

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act)) and the related rules of the SEC, at the 2011 annual meeting of shareholders, we submitted to our shareholders a non-binding, advisory vote on executive compensation, as well as a non-binding, advisory vote on the frequency with which shareholders believed we should submit the non-binding, advisory vote on executive compensation. A majority of the shareholders voted that the non-binding, advisory vote on executive compensation should occur every three years. However, the Board of Directors subsequently decided to propose at the 2012 annual meeting of shareholders the approval of the compensation paid to the named executive officers and make the same proposal again at the 2013 annual meeting of shareholders. Accordingly, we are including in the Proxy Materials a separate resolution regarding the compensation of our named executive officers as disclosed pursuant to the SEC rules. While the results of this vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote.

The language of the resolution is as follows:

RESOLVED, THAT THE COMPENSATION PAID TO THE COMPANY S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THE PROXY STATEMENT PURSUANT TO THE SEC RULES, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND ANY RELATED NARRATIVE DISCUSSION, IS HEREBY APPROVED.

In considering their vote, shareholders may wish to review with care the information on the Company s compensation policies and decisions regarding the named executive officers presented in Executive Compensation Compensation Discussion and Analysis.

In particular, as discussed in Executive Compensation Compensation Discussion and Analysis, shareholders should note the following:

Our executive compensation program is designed to incent and reward our leadership team to deliver sustained financial performance and long-term shareholder value.

A substantial portion of compensation for our senior executives is at risk by being subject to performance. The at risk component consists of annual cash incentives and long-term equity incentives, which play a significant role in aligning management s interests with those of our shareholders.

Annual cash incentives for our senior executives are determined on the basis of our Operating Plan EBITDA (as defined under Executive Compensation), with consideration given to our cash flow performance relative to plan objectives and to qualitative individual performance factors.

In 2012, long-term equity incentives for our senior executives consisted of time-based options which provide a powerful incentive for executives to focus on long-term performance, and a smaller proportion of time-based restricted stock units provided to executives below the CEO for their retention value.

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

In 2013, the introduction of a long-term performance plan will significantly increase the proportion of the long-term incentive that is subject to long-term quantitative performance targets.

The Board of Directors recommends that shareholders vote FOR approval of the compensation of our named executive officers.

Progress on Strategic Initiatives in 2012

Our management team has established three strategic initiatives described above, which are important to the company’s ongoing success. In support of these initiatives, throughout 2012 we:

Continued to expand our measurement of what consumers buy in developing markets such as Africa, China and India, and enhanced our U.S. retail coverage and analytical opportunities significantly through the addition of retail sales information from Walmart and Sam’s Club. These accomplishments drove incremental revenue growth in our Buy business.

Enhanced our television audience measurement for the U.S. market by capturing more forms of content viewing such as video on demand, online video and connected devices, and became the designated TV audience measurement provider in more international markets, expanding our coverage to 32 countries.

Negotiated an acquisition agreement with Arbitron Inc. which will increase Nielsen’s coverage of U.S. consumer media behavior by approximately 20%.

Expanded our advertising effectiveness solutions to encompass TV, online, mobile and social platforms, and drove positive gains in marketing efficiency for our clients.

Executive Compensation Overview

Nielsen's CEO, CFO and three next most highly compensated officers (the Named Executive Officers, or NEOs) are:

David Calhoun Chief Executive Officer

Mitchell Habib Chief Operating Officer

Brian West Chief Financial Officer

Susan Whiting Vice Chair

James Cuminale Chief Legal Officer

Nielsen's executive compensation program is designed to incent and reward our leadership team to deliver sustained financial performance and long-term shareholder value.

Our *pay for performance* philosophy balances quantitative assessment of business financial performance with qualitative assessment of individual contributions to our core business objectives.

A significant portion of executive compensation is *at-risk*; dependent on the achievement of challenging annual performance targets, progress on strategic initiatives, including diversity, and the delivery of long-term returns to shareholders.

Our compensation programs reflect our transition from private equity ownership (2006) to public ownership initiated by our initial public offering in 2011. For 2013 we have strengthened the correlation between executive compensation, shareholder value and long-term performance, increased the proportion of pay delivered in equity and introduced performance vesting on a substantial portion of long-term equity.

Elements of Executive Compensation

2012	Purpose	Features	2013 Changes
Annual Base Salary	Attract and retain	Market competitive	No changes
Annual Incentive	exceptional talent Motivate executives to accomplish short-term business performance goals which contribute to long-term business objectives	Baseline incentive opportunity is funded subject to performance against an annual Operating Plan EBITDA* growth target	25% of the 2013 cash incentive, payable in 2014, will be delivered in Incentive Restricted Shares that will vest in two equal annual installments

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

		Discretion to reduce incentive awards by up to 30% if free cash flow targets are not met	In future years, a similar proportion of the Annual Incentive will be delivered in Incentive Restricted Shares to increase the portion of total compensation delivered as equity
		Performance at 90% of growth target triggers 70% funding	
		At 7% Operating Plan EBITDA growth over prior year, plan funds at 100%	Payouts are capped at 200% of target
Long-term	Focus executives on long-term share performance and align with shareholder return and key long-term growth metrics		
Incentive (LTI)			
Stock	Alignment with long-term shareholder return	Four year time-vested options	Reduced to 50% of LTI value for CEO
Options		100% of CEO LTI value	Reduced to 25% of LTI value for other NEOs
RSU	Alignment with long-term shareholder return and retention	75% of other NEO LTI value Four year time-vested RSUs	No change to vesting or percentage of LTI value
Awards		25% of other NEO award value	Dividends will accrue during the vesting period and be paid in additional shares upon vesting Introduced in 2013. 50% of LTI value
Performance	Alignment with long-term shareholder return	Performance share plan with payout subject to achievement of cumulative three-year performance goals (relative total shareholder return; free cash flow)	Dividends will not accrue on unearned performance shares
Shares			
Health and Welfare Plans, Perquisites	Promote wellness and avoid distractions caused by unforeseen health/financial problems	Health and Welfare plans generally available to other employees	Payouts are capped at 200% of target No changes
		De minimis financial planning, and health exams	

* Operating Plan EBITDA differs from the calculation of Adjusted EBITDA presented in our annual report on Form 10-K for the year ended December 31, 2012 previously filed with the SEC because it excludes the impact of fluctuations in foreign currency exchange rates. For the purposes of performance management, we value local currency results at a fixed operating plan rate established at the beginning of the year.

Compensation Highlights*Realizable Pay And Performance*

The realizable pay earned by the Named Executive Officers in 2011 and 2012, outlined in the table below, is reasonable when compared with our business performance (as outlined under Executive Summary Business Performance) which delivered 3% total shareholder return over the same period.

Our definition of realizable pay is:

actual base salary in each year;

actual earned cash incentives in each year;

intrinsic value (share price minus exercise price) of equity awards vesting in each year using the share price on December 31 in each year; and

other compensation as outlined under Summary Compensation Table.

The table below presents the realizable pay for each of our Named Executive Officers in the period stated.

Name	Realizable Pay			Total Compensation In Summary Compensation Table*	
	2011 (\$)	2012 (\$)	Percent Increase/ (Decrease)	2012 (\$)	Percent Variance to 2012 Realizable Pay
David Calhoun	\$ 12,874,922	\$ 13,191,630	2.5 %	\$ 13,925,289	5.6 %
Mitchell Habib	3,679,931	3,729,550	1.3 %	4,366,200	17.1 %
Brian West	3,351,303	3,131,162	(6.6 %)	3,884,200	24.0 %
Susan Whiting	3,061,960	2,703,459	(11.7 %)	2,988,659	10.5 %
James Cuminale	2,527,994	2,402,715	(5.0 %)	2,855,992	18.9 %

* Excluding change in pension value

A significant portion of realizable pay is at risk depending on market conditions. It is different from the amounts reported in the Summary Compensation Table (as outlined under Executive Summary Business Performance) which uses the accounting value at the date of grant to value stock options and other stock-based awards.

Compensation Practices

We require our Named Executive Officers to hold a significant amount of Nielsen stock (as outlined under 2012 Total Direct Compensation Decisions Share Ownership Guidelines). Share ownership guidelines were extended to all executives who are direct reports to the CEO effective January 1, 2013.

Our policies prohibit hedging of shares. Our policies also prohibit pledging of share-based awards and shares subject to stock ownership guidelines.

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Our Compensation Committee assesses business performance and executive pay using peer group and other market data provided by its independent executive compensation consultant. It uses a framework to assess risk and designs its compensation programs so that they do not encourage imprudent risk-taking. All pay decisions impacting our Named Executive Officers are reviewed and approved by the Independent Sub-Committee of the Compensation Committee.

Base salaries for NEOs are typically reviewed in 24-month cycles. Mr. Calhoun's base salary has remained the same for the last four years.

EXECUTIVE COMPENSATION

We have introduced the following changes in recent years to strengthen the correlation between pay and performance and to align awards with long-term shareholder value creation:

A clawback policy provides for recoupment of incentive awards (in the event of malfeasance on the part of the executive, financial restatement as a result of the malfeasance, and where the award would have been materially lower as a result of the restatement). The policy is shown under [Other Policies and Guidelines](#) [Clawback Policy](#)

Up to 25% of the 2013 annual cash incentive payable in 2014 will be awarded in restricted shares that vest annually over two years

Prospective increases in total direct compensation for named executive officers will be substantially in the form of long-term equity incentives

At least 50% of the value of future long-term incentive awards will be subject to performance vesting conditions

Perquisites are de minimus. Tax gross-ups on perquisites were eliminated in 2011
Pay Decisions

We take into account the following factors:

Nielsen financial performance;

Market benchmarks (our benchmarking process is described under [Compensation Practices and Governance](#) [Benchmarking](#)); and

Qualitative and quantitative assessment of individual performance.

Compensation Practices and Governance

Compensation Committee

The Compensation Committee is responsible for the design of the executive compensation program. An Independent Sub-Committee of the Compensation Committee comprising Javier Teruel and Karen Hoguet approves pay decisions and incentive target setting and certification of attainment of targets relating to Section 16 Officers in order that the performance-based pay we provide to our Named Executive Officers is exempt from the \$1,000,000 deduction limit applicable under the Section 162 (m) of the Code.

The Compensation Committee regularly reviews the philosophy and goals of the executive compensation program and assesses the effectiveness of compensation practices and processes. The Compensation Committee sets performance goals and assesses performance against these goals. The Committee considers the recommendations and market data provided by its independent consultant as well as the judgment of Mr. Calhoun on the performance of his direct reports. The CEO does not participate in the Compensation Committee discussion regarding his compensation. The Compensation Committee makes its decisions based on its assessment of Nielsen performance against goals as well as on its judgment as to what is in the best interests of Nielsen and its shareholders.

The responsibilities of the Compensation Committee are described more fully in its charter, which is available in the Corporate Governance page of our website at www.nielsen.com/investors under Corporation Information: Governance Documents: Compensation Committee Charter.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time. Except as otherwise disclosed in this proxy statement, no member of the Compensation Committee has had any relationship with Nielsen requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of our executive officers has served as a director, or member of the Compensation Committee (or other committee serving an equivalent function), of an organization that has an executive officer also serving as a member of our Board or Compensation Committee.

Independent Compensation Consultant

Effective October 25, 2012, the Compensation Committee retained Meridian Compensation Partners, LLC (Meridian) as its compensation consultant, succeeding Frederic W. Cook & Co., Inc. (Cook). Meridian has provided market benchmarks and perspective on executive and independent director compensation including peer group analysis, long-term performance-based equity plans, risk assessment and clawback policies. Meridian and its affiliates did not provide any services to Nielsen or its affiliates in 2012 other than executive and director compensation consulting. Discussions between Meridian and Nielsen management are limited to those necessary to complete work on behalf of the Committee.

The Compensation Committee retained Cook from January 1, 2012 to October 25, 2012 to provide perspective on executive compensation levels, equity usage and dilution ranges, long-term incentive grant guidelines and independent director deferred compensation arrangements. Cook and its affiliates did not provide any other services to Nielsen and its affiliates.

Prior to selecting Meridian, the Compensation Committee confirmed that Meridian and the lead consultant proposed for Nielsen satisfied the six independence factors for executive consultants described in SEC Independence Standards and NYSE listing rules. The Committee noted that Meridian's lead compensation consultant for Nielsen is also the lead compensation consultant for Caterpillar Inc. where Mr. Calhoun serves as an independent Director and as a member of the Compensation Committee. In light of the Committee's selection decision, Mr. Calhoun recused himself from any decisions relating to the selection and remuneration of Meridian at Caterpillar.

The work performed by Meridian and Cook in 2012 did not raise any conflict of interest issues.

Benchmarking

The Compensation Committee uses a peer group of companies, selected for their business relevance and size appropriateness to Nielsen, as one of many considerations when making executive compensation pay decisions. To account for differences in the size of our peer group companies, the market data are statistically adjusted to allow for valid comparisons to similarly sized companies. The peer group information may also be supplemented by general industry survey data selected by Meridian to provide reasonable benchmarks for a company of Nielsen's size and business type.

Following a study and recommendation from Meridian, the Committee modified the peer group to improve its effectiveness as a benchmark. The Committee noted that the current peer group was relatively small (12 companies) and that Nielsen was large in terms of revenue and market capitalization in relation to the peer group. The modifications address both issues. The 2012 peer group and the new 2013 peer group are listed below:

Say on Pay

Nielsen received 90% approval of its say on pay resolution last year. Notwithstanding this high level of support, the Committee reviewed reports on Nielsen's executive compensation program from Institutional Investor Services (ISS) and with advice from its compensation consultant developed an action plan to address certain key issues. The action plan completed in 2012 included the following:

Introduce a performance element into future long-term equity grants commencing 2013

Introduce a clawback policy

Provide enhanced disclosure in the CD&A of the performance foundation of pay decisions

Consideration of Risk

The Committee conducted a risk assessment of Nielsen's 2012 pay practices which included the review of a report from the compensation consultant. The Committee concluded that Nielsen pay programs are not reasonably likely to have a material adverse effect on Nielsen, its business and its value. Specifically, the Committee noted the following:

Programs are appropriately balanced between short-term and long-term, and between fixed and variable rewards

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Nielsen's annual incentive design mitigates compensation risk by using Operating Plan EBITDA, a company-wide financial metric, to fund an incentive pool that is distributed on the basis of quantitative and qualitative assessment of divisional and individual performance and approved by the Committee

Nielsen's long-term incentive comprises options and RSUs and will include performance vesting equity in 2013 for the executive group. Overlapping vesting periods keep management exposed, through shareholding, to the risks of their decision-making until the business risks associated with performance are likely realized

Executives are required to maintain significant levels of share ownership

Clawback, hedging and pledging prohibitions and share ownership requirements mitigate compensation-related risk

Qualitative assessments of business results mitigate risk in pay decisions

Annual Base Salaries

Base salary is the only fixed component of our executive officers' compensation. The Compensation Committee considers market benchmarks supplied by its compensation consultant to ensure that base salaries are competitive in the marketplace and are serving their purpose to attract and retain top talent.

The Compensation Committee considers executive officers for salary increases generally in 24 month intervals and plans to deliver future increases in pay substantially in the form of long-term equity.

Although Mr. Calhoun's last base salary increase was in 2008, the Compensation Committee decided to continue its primary focus on Mr. Calhoun's annual performance incentives and on long-term equity awards. It therefore did not increase Mr. Calhoun's base salary in 2012.

In December 2011, the Compensation Committee considered Mr. Cuminale for a base salary increase in light of his expanded responsibilities in the areas of new business development and corporate governance post-IPO. As a result, Mr. Cuminale's base salary was increased from \$625,000 to \$700,000 effective January 1, 2012.

The remaining NEOs received increases to base salaries in 2011, so the Committee did not increase their base salaries in 2012.

Annual Incentive Plan

The purpose of the annual incentive plan is to motivate executives to accomplish short-term business performance goals and contribute to long-term business objectives. The plan is approved by the Compensation Committee at the beginning of each year and is intended to satisfy the performance pay exemption under Section 162 (m) of the Code.

Payouts under the plan are based on the plan funding formula and each NEO's performance assessment. The plan funding is determined based on Operating Plan EBITDA* growth. (See footnote below for the definition). The performance of each NEO is assessed taking into account his or her effectiveness in executing performance objectives and operating plans as well as his or her leadership. Named Executive Officers who are assessed as performing highly receive higher payouts relative to their opportunity. The total incentive awards cannot exceed the amount of the incentive fund. Generally 11% of the incentive fund is paid to Named Executive Officers.

The target incentive opportunity for each NEO in 2012 is their prior year payout.

Plan Funding Formula

Each year the Compensation Committee approves a target incentive fund and the performance targets and thresholds that govern payouts.

The target incentive fund is substantially the equivalent of the payout made in the prior year

Performance targets are set in relation to the growth of Operating Plan EBITDA performance from prior year and in relation to our 2012 Operating Plan EBITDA target. Achievement of our 2012 Operating Plan EBITDA target required a growth of 8% from 2011 and, if achieved, would fund the incentive pool at 108%. The Committee believes that growth in annual Operating Plan EBITDA is highly correlated to the creation of shareholder value. This metric is an effective measure of executives' contribution to short-term company performance

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

The 2012 Operating Plan EBITDA achievement was \$1,594 million, representing 6% growth over prior year. Consequently the incentive fund was funded at 95% of target the equivalent of approximately 5% reduction from the 2011 funding level

1,613	7 %	100 %

Actual: 1,594	6 %	95 %

* Operating Plan EBITDA differs from the calculation of Adjusted EBITDA presented in our annual report on Form 10-K for the year ended December 31, 2012 previously filed with the SEC because it excludes the impact of fluctuations in foreign currency exchange rates. For the purposes of performance management we value local currency results at a fixed operating plan rate established at the beginning of the year. We define Adjusted EBITDA as net income or loss from our consolidated statements of operations before interest income and expense, income taxes, depreciation and amortization, restructuring charges, goodwill and intangible asset impairment charges, stock-based compensation expense and other non-operating items from our consolidated statements of operations as well as certain other items considered unusual or non-recurring in nature.

Before approving the incentive plan funding, the Compensation Committee assesses the Company's free cash flow performance against annual plan objectives. The Committee has discretion to reduce the fund by up to 30% if free cash flow falls short of objectives. There is no discretion to increase the fund in the event that free cash flow performance exceeds objectives. The Committee reviewed the Company's free cash flow performance (as shown under Executive Summary Business Performance Free Cash Flow) and assessed that it substantially met objectives.

CEO Performance Assessment

The Compensation Committee used the following framework to assess Mr. Calhoun's performance.

Other NEO Performance Assessment

Mr. Calhoun makes pay recommendations for his direct reports after quantifying their performance against individual objectives set at the beginning of the year and their contribution to Nielsen's financial performance and strategic objectives. He also considers the quality of the results delivered using a framework that quantifies the performance of each individual relative to his/her peers on factors such as leadership, Nielsen values, and degree of challenge. This qualitative assessment helps manage risk and better differentiates rewards for exceptional leaders.

The Compensation Committee considered the following performance factors in 2012 for our Named Executive Officers:

MITCHELL HABIB

Chief Operating Officer

Mr. Habib's Global Business Services function delivered significant productivity, exceeding expectations, and delivered expense budget 2% better than plan. This result contributed significantly to the company's Adjusted EBITDA performance in 2012

Continuing technological and engineering innovation to drive the deployment of measurement solutions in the Watch business

Leadership of coverage expansion initiatives in developing countries - Africa, India and China - and technology contribution to the U.S. Walmart service offering

Leadership of European restructuring initiative

BRIAN WEST

Chief Financial Officer

Leadership of Entertainment and Exposition business lines to deliver on-target performance in a challenging market. The Entertainment business exceeded its Adjusted EBITDA plan by 3%. The Expo business delivered Adjusted EBITDA close to plan, representing 8% growth over 2011. The Committee noted that this accomplishment was in addition to his CFO responsibilities

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Leadership in enhancing Nielsen's debt leverage and cash position, including extending term loan maturities of \$1.2 billion and refinancing \$800 million of debt at a favorable rate of 4.5%

Contribution to the negotiation and signing of the Arbitron agreement

The Committee noted in particular his leadership of investor relations and talent development results

SUSAN WHITING

Vice Chair

Leadership in enhancing Nielsen's influence and brand with clients, industry associations and regulatory bodies

Leadership in strengthening Nielsen's industry-leading privacy policies

Progress in advancing Nielsen's Diversity and Inclusion agenda. The Committee noted in particular Ms. Whiting's leadership of the External Advisory Councils and of the supplier diversity initiative

Leadership of Nielsen's Corporate Responsibility strategy. The establishment of Nielsen Cares and the overwhelming success of Nielsen's first Global Impact Day

JAMES CUMINALE

Chief Legal Officer

Critical role in business development and leadership in the negotiation and closing of acquisitions during 2012, including a new relationship with IBOPE in Latin America and his leadership in reaching the agreement to acquire Arbitron

The Committee noted in particular his leadership in enhancing corporate governance and his strong impact on ensuring the integrity of Nielsen's business practices across the globe with the strengthening of the Corporate Ombudsman role

2012 Incentive Awards

Based on its performance assessments above and the funding of the plan, described above, the Compensation Committee made the following incentive awards to the Named Executive Officers for 2012 performance.

Name	Target \$	Payout %	Payout \$
David Calhoun	\$ 3,750,000	97 %	\$ 3,650,000
Mitchell Habib	1,600,000	100	1,600,000
Brian West	1,350,000	100	1,350,000
Susan Whiting	950,000	100	950,000
James Cuminale	875,000	103	900,000

The 2012 incentive awards to the Named Executive Officers represent approximately 11% of the annual incentive fund.

Long-term Incentives (LTI)

The purposes of the long-term incentive awards are to focus executives on long-term sustainable performance and to align executive rewards with long-term returns delivered to shareholders. Currently, all long-term incentives are delivered in equity-based awards.

2010 Plan

Equity-based awards are made to executives, other employees and directors pursuant to the 2010 Plan. In making decisions regarding 2012 equity awards, the Compensation Committee considered it important to increase the proportion of total pay delivered in the form of long-term equity. In addition, the Compensation Committee considered award guidelines derived by management from general industry median market benchmarks provided by its compensation consultant; total direct compensation; market benchmark data, prior year award values; and an assessment of each executive's individual performance.

The Compensation Committee believes that stock options provide a powerful incentive for executives to focus on long-term performance and increase shareholder value, and provided 100% of Mr. Calhoun's award in stock options and approximately 75% of the values of the awards for other Named Executive Officers in stock options. For the Named Executive Officers other than the CEO, the Compensation Committee provided 25% of the value of the long-term incentive awards in RSUs to enhance the retention value of the equity awards. Both options and RSUs vest over four years in equal annual installments.

This information is included under Grants of Plan-Based Awards in 2012 table.

2006 Plan

Prior to 2011, equity awards were made under the 2006 Stock Acquisition and Option Plan for Key Employees of Nielsen Holdings N.V. and its Subsidiaries, as amended and restated (the 2006 Plan). Under the terms of the 2006 Plan, executives made a personal investment in the Company through the purchase of Nielsen stock and in return received a significant grant of stock options.

The personal investments made by our NEOs were as follows:

Mr. Calhoun	\$20,000,000 on 11/22/2006
Mr. Cuminale	\$3,000,000 on 2/2/2007
Mr. Habib	\$1,750,000 on 3/21/2007

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

EXECUTIVE COMPENSATION

During the period 2006-2010 there were no regular annual equity grants but there were grants of options made to Messrs. Calhoun, West and Cuminale in 2010 and grants of RSUs made to Ms. Whiting in 2007 and to Mr. Habib in 2009. The remaining unvested options under the 2006 Plan will vest on December 31, 2013, if the executive is employed by the company on this date.

Awards granted under the 2006 Plan were subject to restrictions on sale until the closing of a secondary offering which occurred in March 2012. Amendments to the 2006 Plan in 2011 lifted the sale restrictions in three installments following the closing of the secondary offering which had the effect of lifting sales restrictions by January 1, 2013, by which time robust share ownership guidelines (described below) were in place to align executives' rewards closely with the long-term returns delivered to shareholders.

Share Ownership Guidelines

To ensure strong alignment of executive interests with the long-term interests of shareholders, executives and independent directors are required to accumulate and maintain a meaningful level of stock ownership in the Company. The guidelines were adopted in June 2011.

All Named Executive Officers currently meet the guidelines.

The independent directors are expected to meet the guidelines within five years from the date of adoption in June 2011.**

The table below presents the guidelines and the minimum and actual share ownership for each of our Named Executive Officers and independent directors.

Other Policies and Guidelines

Perquisites

We provide our Named Executive Officers with limited perquisites, reflected in the All Other Compensation column of the Summary Compensation Table and described in the footnotes. Named Executive Officers may claim financial planning and executive health exam expenses, capped each year at \$15,000 and \$2,500, respectively. In certain circumstances, where necessary for business purposes, we also provide reimbursement for club membership fees and relocation expenses.

Severance

We believe that severance protections play a valuable role in attracting and retaining key executive officers. Since 2007, we have offered severance protections in conjunction with participation in the 2006 Plan.

Mr. Calhoun's severance protections, which are provided under his employment agreement, are described in further detail under Potential Payments Upon Termination or Change in Control - Severance Benefits - Mr. Calhoun. Consistent with his responsibilities as Chief Executive Officer and with competitive practice, Mr. Calhoun's severance protections are higher than those of the other Named Executive Officers.

The severance protections for other Named Executive Officers are provided under severance agreements with each of the other NEOs. The relevant severance triggering events and amounts payable are described in further detail under Potential Payments Upon Termination or Change in Control - Severance Benefits - Named Executive Officers Other Than Mr. Calhoun.

Change in Control

For equity awards made in 2011 or later, under the 2010 Plan, as amended, unvested options and RSUs do not vest automatically in the event of a change in control.

In general, unvested equity awards granted under the 2006 Plan vest in full on a change in control. Effective December 31, 2013, the final tranche of equity awards under this plan will vest under the regular terms of the plan. Thereafter, the only remaining unvested options are a small tranche of performance-based stock options that may vest on a change in control depending upon the financial return to the Sponsors; these options will expire for each NEO between November 2016 and March 2017 dependent on their grant date.

Mr. Cuminale's severance agreement provides that Nielsen will provide an excise tax indemnity on certain payments and benefits under certain circumstances in connection with a change in control of Nielsen. Nielsen elected to provide this benefit to Mr. Cuminale as an incentive to join Nielsen in 2007, as Mr. Cuminale was considered uniquely qualified to be Chief Legal Officer by certain members of the board given his expertise as it related to the circumstances of companies like Nielsen following our take-private transaction in 2006. Also as an incentive to join Nielsen, Mr. Cuminale was allowed to make a substantial personal investment in Nielsen and received a significant grant of stock options as a result of that investment. The Compensation Committee believes that the excise tax indemnity is an important retention tool, as it neutralizes the potential for Mr. Cuminale to incur excise taxes in the event of a change in control of Nielsen that could materially reduce the expected return to him on the options he received. We have determined that no such excise taxes would have been due if a change in control of the Company had occurred on December 31, 2012.

These benefits are described in further detail under Potential Payments Upon Termination or Change in Control.

EXECUTIVE COMPENSATION

Clawback Policy

The Compensation Committee recently approved a clawback policy which will require the Chief Executive Officer and his executive direct reports, in all appropriate cases, to repay or forfeit any bonus, short-term incentive award or amount, or long-term incentive award or amount awarded to the executive, and any non-vested equity-based awards previously granted to the executive if:

The amount of the incentive compensation was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement or the correction of a material error; and

The executive engaged in intentional misconduct that caused or partially caused the need for the restatement or caused or partially caused the material error, and

The amount of the incentive compensation that would have been awarded to the executive, had the financial results been properly reported, would have been lower than the amount actually awarded.

Other Benefits

The CEO and each Named Executive Officer are eligible to participate in the health and welfare, defined contribution 401(k), and deferred compensation plans made available, per eligibility requirements, to all employees.

Ms. Whiting participates in the Company's former qualified cash balance retirement plan and associated non-qualified excess plan that were available, per eligibility requirements, to all employees. The Company froze both plans in 2006.

Tax Implications

Section 162 (m) of the Code limits the deductibility of compensation paid to our NEOs to \$1 million during any fiscal year unless such compensation is performance-based under these rules. The Company intends to structure its compensation arrangements to take advantage of this exemption to the extent practicable. However, the Compensation Committee maintains the flexibility to pay non-deductible compensation if it determines it is necessary to meet its compensation objectives and/or it is in the best interests of the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based upon this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2012 (or any amendment thereto).

On August 22, 2006, we entered into an employment agreement with Mr. Calhoun, which was amended effective as of September 14, 2006 (as amended, the Original Agreement). His employment agreement was amended and restated effective December 15, 2008, and again effective October 27, 2010 (the Restated Agreement). The Restated Agreement has an employment term, which commenced October 27, 2010 and, unless earlier terminated, will continue until December 31, 2014.

In connection with the Original Agreement Mr. Calhoun became entitled to a signing bonus of \$10,613,699, which was paid in installments annually through January 1, 2012 (the Original Signing Bonus). Mr. Calhoun received the final installment (\$2,004,039) of his Original Signing Bonus on January 13, 2012. In connection with entering into the Restated Agreement, Mr. Calhoun received an additional signing bonus of \$6,000,000, which would have been repayable in full had his employment terminated for any reason prior to January 1, 2013. If Mr. Calhoun's employment terminates for any reason after January 1, 2013, but prior to January 1, 2015, he must repay a pro-rata portion of this signing bonus.

James Cuminale	Excess Plan	26.67	247,105	

Assumptions for Present Value of Accumulated Benefit

Present values at December 31, 2012 were calculated using an interest rate of 4.30%, an interest credit rate of 3.05% and the RP 2000 mortality table (projected to 2012). At December 31, 2011, values were calculated using an interest rate of 4.65%, an interest credit rate of 3.40% and the RP 2000 mortality table (projected to 2012). These assumptions are consistent with those used for the financial statements of the Company's retirement plans.

United States Retirement Plans

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Effective August 31, 2006, the Company froze its United States qualified and non-qualified retirement plans. No participants may be added and no further benefits may accrue after this date. The retirement plans, as in existence immediately prior to the freeze, are described below.

We maintain a tax-qualified retirement plan (the Qualified Plan), a cash-balance pension plan that covers eligible United States employees who have completed at least one year of service. Prior to the freeze, we added monthly basic and investment credits to each participant's account. The basic credit equals 3% of a participant's eligible monthly compensation. Participants became fully vested in their accrued benefits after the earlier of five years of service or when the participant reached normal retirement age (which is the later of age 65 or the fifth anniversary of the date the participant first became eligible to participate in the plan). Unmarried participants receive retirement benefits as a single-life annuity, and married participants receive retirement benefits as a qualified joint-and-survivor annuity. Participants can elect an alternate form of

EXECUTIVE COMPENSATION

payment such as a straight-life annuity, a joint-and-survivor annuity, years certain-and-life income annuity or a level income annuity option. Lump sum payment of accrued benefits is only available if the benefits do not exceed \$5,000. Payment of benefits begins at the later of the participant's termination of employment or reaching age 40.

We also maintain a non-qualified retirement plan (the Excess Plan) for certain of our management and highly compensated employees. Prior to the freeze, the Excess Plan provided supplemental benefits to individuals whose benefits under the Qualified Plan are limited by the provisions of Section 415 and/or Section 401(a)(17) of the Code. The benefit payable to a participant under the Excess Plan is equal to the difference between the benefit actually paid under the Qualified Plan and the amount that would have been payable had the applicable Code limitations not applied. Although the Excess Plan is considered an unfunded plan and there is no current trust agreement for the Excess Plan, assets have been set aside in a rabbi trust fund. It is intended that benefits due under the Excess Plan will be paid from this rabbi trust or from the general assets of the Nielsen entity that employs the participants.

Ms. Whiting is the only Named Executive Officer who is a participant in the Qualified Plan and the Excess Plan.

Nonqualified Deferred Compensation for 2012

Messrs. Calhoun and West each received a deferred compensation contribution to offset the loss of supplemental executive retirement benefits (SERP) at their prior employer. Such contributions were contemplated in their employment arrangements upon hiring with payments deferred until 2012. Both Named Executive Officers received interest credits at 5.05% per annum. The Compensation Committee believed that these provisions were essential to attract these exceptional candidates into Nielsen at a critical stage of the leveraged buyout. Pursuant to these provisions, lump sum payouts of \$18,678,537 and \$2,061,080 were made to Mr. Calhoun and Mr. West respectively on January 6, 2012.

Beginning January 1, 2012, Mr. Calhoun's Restated Agreement requires Nielsen to accrue \$1,000,000 per year as an additional supplementary retirement benefit in each of 2012, 2013 and 2014. Any amounts so accrued will be payable to him on the earlier of January 1, 2015 or the termination of his employment.

The Company offers a voluntary nonqualified deferred compensation plan in the United States, which allows selected executives the opportunity to defer a significant portion of their base salary and incentive payments to a future date. Earnings on deferred amounts are determined with reference to designated mutual funds. Ms. Whiting is the only Named Executive Officer with a balance under this plan. There is no above market rate of return given to executives as defined by the Securities and Exchange Commission.

The following table presents information regarding non-qualified deferred compensation arrangements with each of our Named Executive Officers during the fiscal year ended December 31, 2012.

EXECUTIVE COMPENSATION

*Potential Payments Upon Termination or Change in Control*Severance Benefits – Termination of Employment*Mr. Calhoun*

If Mr. Calhoun's employment is terminated during the employment term due to death, disability, by the Company without cause or by Mr. Calhoun for good reason (as those terms are defined in the Restated Agreement), subject to his compliance with certain restrictive covenants, as described under Restrictive Covenants, and his execution (without revocation) of a general waiver and release of claims, Mr. Calhoun will be entitled to severance pay that includes:

payment equal to two times the sum of (a) Mr. Calhoun's base salary, plus (b) the greater of the annual incentive paid in respect of the fiscal year preceding the fiscal year in which the termination occurs or the annual incentive paid in respect of the 2010 fiscal year;

a pro-rata portion of Mr. Calhoun's annual incentive for the year of the termination;

payment of any vested or accrued deferred compensation benefits (including SERP); and

continued health and welfare benefits for Mr. Calhoun and his family members for up to two years at Nielsen's cost.

If Mr. Calhoun's employment had been terminated on December 31, 2012, he would have received total payments as shown in the following table:

David Calhoun	\$ 10,750,000	\$ 3,650,000	\$ 1,000,000	\$ 37,979	\$ 15,437,979

Mr. Calhoun would receive the payments described above in the event of termination of his employment. In addition, on a *change in control*, any unvested options granted in 2011 and 2012 under the 2010 Plan, as amended, would become vested and exercisable in full if the acquiring entity does not provide for the issuance of substitute awards on an equitable basis. Unvested options under the 2006 Plan would also vest on a change in control.

As of December 31, 2012, the value of any accelerated vesting of options would be \$12,678,375, as set forth in the following table. This includes the value of options awarded in 2011 and 2012 which would vest if not assumed by the acquiring entity.

continued health and welfare benefits for the executive and their family members for the duration of the severance period, with premiums at employee rates.

If an executive's employment had been terminated without cause by the Company, or for good reason by the executive on December 31, 2012 they would have received total payments as shown in the following table:

EXECUTIVE COMPENSATION

In addition, Mr. Cuminale's severance agreement provides that Nielsen may provide an excise tax indemnity in the event that certain payments and benefits (including vesting of equity incentives) that he receives (whether or not his employment terminates) in connection with a change in control of the Company become subject to an excise tax under Section 4999 of the Code. However, no indemnity will be paid if certain cash payments are reduced by an amount necessary so as not to give rise to such excise tax, so long as the remaining cash payments due to Mr. Cuminale are at least 90% of all cash payments that would otherwise be payable to him. We have determined that if a change in control of the Company had occurred (whether or not Mr. Cuminale's employment had also terminated) on December 31, 2012, no excise tax under Section 4999 of the Code would have been due.

Restrictive Covenants

Pursuant to Mr. Calhoun's employment agreement, he has agreed not to disclose any Company confidential information at any time during or after his employment with Nielsen. In addition, Mr. Calhoun has agreed that, for a period of two years following a termination of his employment with Nielsen, he will not solicit or hire Nielsen's employees or solicit Nielsen's customers or materially interfere with any of Nielsen's business relationships. He has also agreed not to act as an employee, investor or in another significant function in any business that directly or indirectly competes with any business of the Company.

Pursuant to the severance agreements of the other Named Executive Officers, they have agreed not to disclose any Company confidential information at any time during or after their employment with Nielsen. In addition, they have agreed that, for a period of two years following a termination of their employment with Nielsen, they will not solicit Nielsen's employees or customers or materially interfere with any of Nielsen's business relationships. They have also agreed not to act as an employee, investor or in another significant function in any business that directly or indirectly competes with any business of the Company.

If a Named Executive Officer breaches the restrictive covenants, in addition to all other remedies that may be available to the Company, the Named Executive Officer will be required to pay to the Company any amounts actually paid to him or her by the Company in respect of any repurchase by the Company of the options or shares of common stock underlying the options held by the officer.

Table of Contents**Director Compensation**

Dutch law requires our shareholders to adopt a general compensation policy applicable to our Board of Directors and covering, among other things, fixed and variable compensation and equity plans. Our shareholders have adopted such policy. Our articles of association provide, consistent with applicable Dutch law, that the Board may decide on the individual compensation applicable to our directors, within the framework permitted by the approved general compensation policy. In making its decision, our Board is assisted by the Compensation Committee. To the extent the Board decides to include in the compensation package for directors an equity plan, the plan (at an aggregated level for all directors stating the amount of equity that may be granted and the material terms) is subject to the approval of our general meeting of shareholders. The equity plan applicable to our directors has been approved by our general meeting of shareholders. As discussed under Proposal No. 6 Approval of the Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan, we are seeking approval of an amended equity plan applicable to our directors and our employees.

Our Chief Executive Officer does not receive compensation for his services as a director. Until May 1, 2013, each of our non-executive directors who are not affiliated with the Sponsors (the Independent Directors) received an annual cash retainer of \$60,000. Independent Directors who are members of the Audit Committee, the Compensation Committee and the Nomination and Corporate Governance Committee each received additional annual compensation of \$10,000, \$5,000 and \$5,000, respectively, and the chairperson of each of these committees received additional annual compensation of \$15,000, \$10,000 and \$10,000, respectively. Each Independent Director receives \$2,000 of additional compensation for each meeting attended in excess of five meetings in one year. Fees are paid quarterly. We also issued annually to each of our Independent Directors a number of stock options having a value, as determined by the Company, of \$100,000, with an exercise price equal to the fair market value on the date of issuance. These options vest in four substantially equal quarterly installments and have a term of ten years from the date of grant.

Until November 1, 2012, our directors could elect to receive their annual cash compensation in the form of shares of our capital stock. On July 26, 2012, the Board of Directors adopted a deferred compensation plan (effective for compensation earned on and after November 1, 2012) for Independent Directors under which they may defer the receipt of their cash payments into Deferred Stock Units (DSUs). A DSU represents an unfunded and unsecured right to receive one share of Nielsen common stock following the termination of the director's services with Nielsen. Also on July 26, 2012, the Board of Directors determined that each annual equity grant to Independent Directors should be made half in stock options and half in DSUs that vest in four quarterly installments subject to continued service on the vesting date. The total value of the grants (including both stock options and DSUs) remained at \$100,000.

Following a competitive study performed by Meridian, the Compensation Committee's compensation consultant, changes to Independent Director compensation were adopted by our Board of Directors on February 21, 2013 to be effective May 1, 2013. Each of our Independent Directors receives an annual cash retainer of \$70,000. Committee membership fees will remain as described above, but chairpersons of the Audit, Compensation and Nomination and Corporate Governance Committees receive \$20,000, \$15,000 and \$15,000, respectively. Annual equity grants are made entirely in DSUs with a fair market value of \$120,000. The DSUs vest in four substantially equal quarterly installments.

Also, on February 21, 2013, our Board of Directors approved the accrual of dividend equivalents (in the form of additional DSUs) on unvested DSUs granted to our directors.

In June 2011, our Board of Directors adopted share ownership guidelines, pursuant to which our Independent Directors are required to maintain equity ownership in our company equivalent to at least five times their annual fees. Shares beneficially owned by the Independent Directors, including DSUs, jointly-owned shares and shares held in 401(k) plans, are included in the calculation. The Independent Directors are expected to meet the guidelines within five years from the adoption, although Mr. Pozen already meets the guidelines.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors, persons who own more than 10% of a registered class of our equity securities and certain entities associated with the foregoing (the Reporting Persons) to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Reporting Persons are required by SEC rules to furnish us with copies of all Forms 3, 4 and 5, and amendments thereto, that they file with the SEC.

Based solely on our review of copies of such reports and written representations from the Reporting Persons, we believe that the Reporting Persons complied with all Section 16(a) filing requirements during 2012 and 2011, except as previously disclosed and except that Mr. Cuminale was required to report a gift for the fiscal year ended December 31, 2011, which, while timely reported to the Company, was not timely filed on a Form 5.

Certain Relationships and Related Party Transactions

SHAREHOLDERS AGREEMENT

Nielsen was purchased on May 24, 2006 (the Acquisition) by a consortium of private equity firms (AlpInvest Partners, The Blackstone Group, The Carlyle Group, Hellman & Friedman, Kohlberg Kravis Roberts & Co. and Thomas H. Lee Partners), who we collectively refer to as the Original Sponsors. Subsequently, Centerview Partners invested in the Company. In connection with the Acquisition and related financing transactions, investment funds associated with or designated by the Original Sponsors acquired, indirectly, shares of Nielsen. On December 21, 2006, investment funds associated with or designated by the Original Sponsors and Nielsen, Luxco and Valcon Acquisition B.V. (Valcon), a wholly-owned subsidiary of the Company, entered into a shareholders agreement. The shareholders agreement contains agreements among the parties with respect to, among other matters, the election of the members of our Board, restrictions on the issuance or transfer of securities (including tag-along rights, drag-along rights and public offering rights) and other special corporate governance provisions (including the right to approve various corporate actions and control committee composition). The shareholders agreement also provides for customary registration rights.

The shareholders agreement was amended and restated in connection with our IPO in January 2011 and Centerview became a party to it. The amended and restated shareholders agreement provides our Sponsors with the contractual right to nominate for appointment one or more designees to our Board of Directors based on their percentage of stock ownership. Initially, the Sponsors had the right to nominate for appointment the following number of directors: one director from AlpInvest Partners, two from The Blackstone Group, two from The Carlyle Group, one from Hellman & Friedman, two from Kohlberg Kravis Roberts & Co., two from Thomas H. Lee Partners and one from Centerview, who must be James M. Kilts. Effective July 26, 2012, AlpInvest Partners relinquished its right to nominate a director and, instead, an independent director was appointed to the Board. Effective December 13, 2012, the shareholders agreement was further amended and the size of the Board of Directors was reduced from 15 to 11 by having each of The Blackstone Group, The Carlyle Group, Kohlberg Kravis Roberts & Co. and Thomas H. Lee Partners relinquish their rights to nominate one director each. In the event that the Sponsors collectively hold 50% or less, but greater than or equal to 25%, of the then outstanding shares of our common stock directly or indirectly through Luxco, the Sponsors will have the right to nominate for appointment the following number of directors: one director each from The Blackstone Group, The Carlyle Group, Hellman & Friedman, Kohlberg Kravis Roberts & Co., Thomas H. Lee Partners and one from Centerview, who must be James M. Kilts, plus four additional directors who must be independent directors within the meaning of the corporate governance rules of the NYSE, one of which will be selected by each of the four Sponsors owning the largest percentage of our common stock. In the event that the Sponsors collectively hold less than 25% of the then outstanding shares of our common stock directly or indirectly through Luxco, each Sponsor that owns at least 3% of the then outstanding shares of our common stock directly or indirectly through Luxco will have the right to nominate one director and each Sponsor that owns less than 3% will no longer have the right to nominate any directors.

Please see The Board of Directors and Certain Governance Matters for further information regarding the appointment, suspension and dismissal of directors.

REGISTRATION RIGHTS AGREEMENT

In connection with our IPO, we entered into a registration rights agreement with each of the Sponsors and Luxco. Pursuant to this registration rights agreement, the Sponsors collectively have the right to an unlimited number of demand registrations, which may be exercised by Luxco at any time and from time to time after the expiration of lock-up agreements. Pursuant to such demand registration rights, we are required to register the shares of common stock beneficially owned by them directly or through Luxco with the SEC for sale by them to the public, provided that any demand that will result in the imposition of a lock-up on us and the Sponsors may not be made unless the shares requested to be sold by

the demanding shareholders in such offering have an aggregate market value of at least \$100 million. In addition, in the event that we are registering additional shares of common stock for sale to the public, whether on our own behalf or on behalf of the Sponsors or other shareholders

with registration rights, the Sponsors have piggyback registration rights providing them with the right to have us include the shares of common stock owned by them in any such registration. In each such event, the Company is required to pay the registration expenses.

SPONSOR-HELD DEBT

A portion of the borrowings under our senior secured credit facility as well as certain of our senior debenture loans have been purchased by certain of the Sponsors in market transactions not involving the Company. Based on information made available to the Company, amounts held by the Sponsors and their affiliates was \$412 million as of December 31, 2012. Interest expense associated with amounts held by the Sponsors and their affiliates approximated \$20 million during the year ended December 31, 2012. At December 31, 2012, \$401 million of the senior secured credit facilities and \$11 million of senior debenture loans were held by the Sponsors and their affiliates. Of the \$412 million of debt held by the Sponsors and their affiliates, Kohlberg Kravis Roberts & Co. and its affiliates held \$134 million, The Blackstone Group and its affiliates held \$203 million and The Carlyle Group and its affiliates held \$75 million. The Sponsors, their subsidiaries, affiliates and controlling shareholders may, from time to time, depending on market conditions, seek to purchase debt securities issued by Nielsen or its subsidiaries or affiliates in open market or privately negotiated transactions or by other means. We make no undertaking to disclose any such transactions except as may be required by applicable laws and regulations.

EQUITY HEALTHCARE ARRANGEMENT

Effective January 1, 2009, we entered into an employer health program arrangement with Equity Healthcare LLC (Equity Healthcare). Equity Healthcare negotiates with providers of standard administrative services for health benefit plans and other related services for cost discounts, quality of service monitoring, data services and clinical consulting and oversight by Equity Healthcare. Because of the combined purchasing power of its client participants, Equity Healthcare is able to negotiate pricing terms from providers that are believed to be more favorable than the companies could obtain for themselves on an individual basis. Equity Healthcare is an affiliate of The Blackstone Group with whom Mr. Reid, a member of the Board of Directors of the Company and the Supervisory Board of TNC B.V., is affiliated and in which he may have an indirect interest.

In consideration for Equity Healthcare's provision of access to these favorable arrangements and its monitoring of the contracted third parties delivery of contracted services to us, we have paid Equity Healthcare a fee of \$2.50 per participating employee per month (PEPM). As of December 31, 2012, we had approximately 7,067 employees enrolled in our self-insured health benefit plans in the United States. Equity Healthcare may also receive a fee from one or more of the health plans with whom Equity Healthcare has contractual arrangements if the total number of employees joining such health plans from participating companies exceeds specified thresholds. Beginning in January 2013, the PEPM fee increased to \$2.60.

COMMERCIAL RELATIONSHIP WITH TIBCO

Mr. Ranadivé, who has served on the Company's Board of Directors since July 26, 2012, is the Chief Executive Officer and Chairman of the Board of Directors of TIBCO and owns approximately 8.95% of TIBCO's capital stock. During the year ended December 31, 2012, the Company paid approximately \$11.6 million to TIBCO for certain software licenses and related support, maintenance and training.

The disinterested members of the Board of Directors have approved our transactional relationship with TIBCO from the date Mr. Ranadivé began serving on our Board of Directors in accordance with our Related Person Transaction Policy described below. As approved by the disinterested members of our Board, the purchases of products and services from TIBCO may not, in the aggregate, exceed, within the twelve-month period ending July 26, 2013, \$10 million or, if less, two percent of TIBCO's last completed fiscal year's consolidated gross revenues.

As of December 31, 2012, Mr. Fisher owned approximately 89% of each of the Investment Manager and the General Partner. Additionally, Mr. Fisher is an investor in Pereg Fund.

Pursuant to the Agreements, we became a Limited Partner of Pereg Fund and committed to make an investment in Pereg Fund in the amount of the lesser of (a) 19.9% of total commitments in Pereg Fund; and (b) \$10,000,000. We are not obligated to fund our investment until such time as Pereg Fund has accepted subscriptions for commitments of \$25,000,000 or more (inclusive of our commitment). As of the date of this Proxy Statement, we have not funded our investment in Pereg Fund.

The Agreements provide us with the following rights (among others): (a) Pereg Fund will apply the most favorable terms that it offers to any investor to our investment; (b) the General Partner will not accept commitments from, nor allow transfers to, any person identified by us as our competitor without our prior written consent; (c) the General Partner and Pereg Fund will give us a right of first refusal to pursue any investment in a portfolio company considered by Pereg Fund which operates in a business in which we currently operate or desire to operate (a *Nielsen Business*); and (d) we will have the opportunity to make an offer to acquire Pereg Fund's interest in a portfolio company which Pereg Fund seeks to dispose of and which is engaged in a Nielsen Business. Notwithstanding the foregoing rights, we have no role in the management of Pereg Fund nor in the selection of or the decision by Pereg Fund to invest in or dispose of any of Pereg Fund's investments. Additionally, we have no oversight authority with respect to Pereg Fund, nor will we be a sponsor or manager of Pereg Fund.

The Investment Manager will charge Pereg Fund a management fee of 2% per year of each investor's committed capital in Pereg Fund. Additionally, the General Partner will receive 20% of the profits which are distributable from Pereg Fund (payable after Pereg Fund has returned invested capital to investors)(the *Carried Interest*). Mr. Fisher did not receive any form of compensation from Pereg Fund, the General Partner or the Investment Manager in the year ended December 31, 2012. Additionally, Mr. Fisher is not expected to receive any compensation when Pereg Fund closes or during its operation, and is only expected to receive his share of the Carried Interest and any amounts payable to him as a result of his investment in Pereg Fund. Mr. Fisher devotes one day per week to Pereg Fund and his base salary at Nielsen is pro-rated to reflect his new outside role.

On July 26, 2012, our Board of Directors (composed entirely of disinterested members) approved our investment in Pereg Fund.

ADVISORY SERVICES BY KKR CAPITAL MARKETS

On February 11, 2013, in connection with the commencement of an amendment process to improve the pricing of our senior secured term loan facilities, we entered into an advisory agreement with certain financial institutions, including KKR Capital Markets (*KCM*), whereby such institutions agreed to provide advisory services in connection with the amendment. KCM is a subsidiary of Kohlberg Kravis Roberts & Co., an entity that is one of our Sponsors and has one of its members, Alexander Navab, serving on our board of directors. In February 2013, KCM received fees of \$517,903 pursuant to the agreement.

This transaction was approved by our Audit Committee (composed entirely of disinterested members) on February 11, 2013 in accordance with our Related Person Transaction Policy.

REVIEW, APPROVAL OR RATIFICATION OF CERTAIN TRANSACTIONS WITH RELATED PERSONS

We have adopted a written Related Person Transaction Policy which requires that all Related Person Transactions (defined as all transactions that would be required to be disclosed pursuant to Item 404(a) of Regulation S-K in which the Company was or is to be a participant and the amount involved exceeds \$120,000 and in which any Related Person (defined as any person described in paragraph (a) of Item 404 of Regulation S-K) will have a direct or indirect material interest) be approved or ratified by a committee of the Board composed solely of independent directors who are disinterested or by the disinterested members of the Board.

Householding of Proxy Materials

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more shareholders sharing the same address by delivering a single proxy statement or a single notice addressed to those shareholders. This process, which is commonly referred to as "householding," provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of the Proxy Materials by contacting the Corporate Secretary, Nielsen Holdings N.V., 40 Danbury Road, Wilton, Connecticut 06897, (203) 563-3500.

3. Shares Subject to the Plan

- (a) Subject to Section 10, the total number of Shares which may be available for Awards under the Plan is 24,531,295 Shares (which number includes the 15,231,295 Shares that were originally available for Awards under the Plan), and the maximum number of Shares for which incentive stock options may be granted is 6,060,000. The Shares may consist, in whole or in part, of unissued Shares or treasury Shares. The issuance of Shares shall reduce the total number of Shares available under the Plan. Shares related to Awards or portions of Awards outstanding under the Plan that are (i) forfeited, terminated, canceled, expire unexercised, (ii) withheld or tendered to satisfy tax withholding obligations, the aggregate Option Price on the exercise of Options or the purchase price for any other Award, or (iii) repurchased by the Company, in each case, shall immediately become available for new Awards. If an Award is settled for cash (in whole or in part) or otherwise does not result in the issuance of all or a portion of the Shares subject to such Award (including in connection with payment in Shares on exercise of a Stock Appreciation Right) such Shares shall, to the extent of such cash settlement or non-issuance, immediately become available for new Awards.
- (b)

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Awards may, in the discretion of the Committee, be made under the Plan in assumption of, or in substitution for, outstanding awards previously granted by the Company or any of its Subsidiaries or a company acquired by the Company or with which the Company combines, subject to the limitations of Sections 6(f) and 7(d) below. The number of Shares underlying awards made in assumption of, or in substitution for, outstanding awards previously granted by a company acquired by the Company or any of its Subsidiaries or with which the Company or any of its Subsidiaries combines shall not be counted against the aggregate number of Shares available for Awards under the Plan, nor shall the Shares subject to such substitute awards become available for new Awards under the circumstances described in the prior paragraph of this Section 3. In addition, in the event that a company acquired by the Company or any of its Subsidiaries or with which the Company or any of its Subsidiaries combines has shares available under a pre-existing plan approved by shareholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for issuance; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not employees or directors of the Company or any of its Subsidiaries prior to such acquisition or combination.

4. Administration

- (a) The Plan shall be administered by the Committee; *provided, however*, that the Board may, in its sole discretion, take any action delegated to the Committee under this Plan as it may deem necessary. The Committee (or the Board, as applicable) may delegate its duties and powers in whole or in part to any subcommittee thereof consisting solely of at least two individuals who are intended to qualify as Non-Employee Directors within the meaning of Rule 16b-3 under the Exchange Act (or any successor rule thereto), independent directors within the meaning of the NYSE listed company rules and outside directors within the meaning of Section 162(m) of the Code (or any successor section thereto), to the extent Rule 16b-3 under the Exchange Act and Section 162(m) of the Code, respectively, are applicable to the Company and the Plan, to which the Compensation Committee of the Board has delegated any of its duties, and such other committee of the Board (including, without limitation, the full Board), in any such case to which the Compensation Committee of the Board has delegated power to act under or pursuant to the provisions of the Plan, as applicable. Notwithstanding anything in the Plan to the contrary, to the extent required by Netherlands law, Awards granted pursuant to this Plan (to the extent they constitute options or other rights to acquire Shares) shall be deemed to have been granted subject to the approval of such Award (including its terms and conditions as established by the Compensation Committee) by the Board (if and to the extent the Company's general meeting of shareholders has delegated such authority to the Board) or by the Company's general meeting of shareholders itself (if and to the extent the Company's general meeting of shareholders has not delegated such authority to the Board). No such authority from the Board or the Company's general meeting of shareholders is required for the issuance of Shares upon exercise of a validly granted Award.
- (b) In each case subject to Section 16 of the Plan, the Committee is authorized to (i) interpret the Plan, (ii) establish, amend and rescind any rules and regulations relating to the Plan, and (iii) make any other determinations that it deems necessary or desirable for the administration of the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent the Committee deems necessary or desirable. Any decision of the Committee in the interpretation and administration of the Plan, as described herein, shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned (including, but not limited to, Participants and their beneficiaries or successors). The Committee shall have the full power and authority to establish the terms and conditions of any Award consistent with the provisions of the Plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions). The Committee may make Awards to Employees who are subject to the laws of nations other than the United States, which Awards may have terms and conditions that differ from the terms of Awards granted to Employees in the United States as provided elsewhere in the Plan for the purpose of complying with foreign laws.
- (c) The Committee shall require payment of any amount it may determine to be necessary to withhold for federal, state, local or other taxes as a result of the exercise, grant or vesting of an Award and the Company or any of its Subsidiaries shall have the right and is authorized to withhold any applicable withholding taxes in respect to the Award, its exercise or any payment or transfer under or with respect to the Award and to take such other action as may be necessary in the opinion of the Committee to satisfy all obligations for the payment of such withholding taxes. To the extent permitted by the Committee, the Participant may elect to pay a portion or all of such withholding taxes by (i) delivery of Shares, provided that such Shares have been held by the Participant for such period of time as the Company's accountants may require or (ii) with respect to minimum statutory withholding requirements only, having Shares with a Fair Market Value equal to the amount withheld by the Company from any Shares that would have otherwise been received by the Participant (i.e., through a net settlement of such minimum tax withholding due).

5. Limitations

No Award may be granted under the Plan after the tenth anniversary of the Effective Date, but Awards theretofore granted may extend beyond that date.

6. Terms and Conditions of Options

Options granted under the Plan shall be non-qualified stock options unless specifically identified as incentive stock options for federal income tax purposes, as determined by the Committee and evidenced by the related Award agreements, and shall

ANNEX A Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

be subject to such other terms and conditions not inconsistent therewith. The maximum number of Shares in respect of which such Options may be granted during a fiscal year of the Company to any Participant shall be 2,000,000. In addition to the foregoing, except as otherwise determined by the Committee and evidenced by the related Award agreements, the Options shall also be subject to the following terms and conditions:

- (a) *Option Price.* The Option Price per Share shall be determined by the Committee, but shall not be less than 100% of the Fair Market Value of a Share on the date an Option is granted (other than in the case of Options granted in substitution of previously granted awards, as described in Section 3). For the avoidance of doubt, to the extent required by Netherlands law, the Option Price shall not be less than the nominal value per Share in respect of which the Option is being exercised.
- (b) *Exercisability.* Options granted under the Plan shall be exercisable at such time and upon such terms and conditions as may be determined by the Committee, but in no event shall an Option be exercisable more than ten years after the date it is granted; provided, however, in the event that any portion of an exercisable Option is scheduled to expire on such tenth anniversary date or otherwise scheduled to expire pursuant to the applicable Award agreement and both (x) the date on which such portion of the Option is scheduled to expire falls during a Company blackout trading period applicable to the Participant (whether such period is imposed at the election of the Company or is required by applicable law to be imposed) and (y) the exercise price per Share of such portion of the Option is less than the Fair Market Value, then on the date that such portion of the Option is scheduled to expire, such portion of the Option (to the extent not previously exercised by the Participant) shall be automatically exercised on behalf of the Participant through a net settlement of both the exercise price and the minimum withholding taxes due (if any) upon such automatic exercise (as described in Section 6(c)(v), below), and the net number of Shares resulting from such automatic exercise shall be delivered to the Participant as soon as practicable thereafter.
- (c) *Exercise of Options.* Except as otherwise provided in the Plan or in an Award agreement, an Option may be exercised for all, or from time to time any part, of the Shares for which it is then exercisable. For purposes of Section 6 of the Plan, the exercise date of an Option shall be the later of the date a notice of exercise is received by the Company and, if applicable, the date payment is received by the Company pursuant to clauses (i), (ii), (iii), (iv) or (v) in the following sentence. The purchase price for the Shares as to which an Option is exercised shall be paid to the Company in full at the time of exercise at the election of the Participant: (i) in cash or its equivalent (e.g., by check); (ii) unless otherwise provided for by the Committee, at the election of the Participant, in Shares having a Fair Market Value equal to the aggregate Option Price for the Shares being purchased and satisfying such other requirements as may be imposed by the Committee, provided, that such Shares have been held by the Participant for such period of time as the Company's accountants may require to avoid adverse accounting treatment; (iii) unless otherwise provided for by the Committee, partly in cash and partly in such Shares; (iv) if there is a public market for the Shares at such time, unless otherwise provided for and subject to such rules as may be established by the Committee, through the delivery of irrevocable instructions to a broker to sell Shares obtained upon the exercise of the Option and to deliver promptly to the Company an amount out of the proceeds of such sale equal to the aggregate Option Price for the Shares being purchased in all events in accordance with applicable law; or (v) allow for payment through a net settlement feature (i.e., having Shares with a Fair Market Value equal to the aggregate exercise price in respect of the portion of the Option to be exercised withheld by the Company from any Shares that would have otherwise been received by the Participant). No Participant shall have any rights to dividends or other rights of a shareholder with respect to Shares subject to an Option until the Participant has given written notice of exercise of the Option, paid in full for such Shares and, if applicable, has satisfied any other conditions imposed by the Committee pursuant to the Plan.
- (d) *ISOs.* The Committee may grant Options under the Plan that are intended to be incentive stock options (within the meaning of Section 422 of the Code) (*ISOs*). Such ISOs shall comply with the requirements of Section 422 of the Code (or any successor section thereto). No ISO may be granted to any Participant who at the time of such grant, owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any of its Subsidiaries, unless (i) the Option Price for such ISO is at least 110% of the Fair Market Value of a Share on the date the ISO is granted and (ii) the date on which such ISO terminates is a date not later than the day preceding the fifth anniversary of the date on which the ISO is granted. Any Participant who disposes of Shares acquired upon the exercise of an ISO either (x) within two years after the date of grant of such ISO or (y) within one year after the transfer of such Shares to the Participant, shall notify the Company of such disposition and of the amount realized upon such disposition. All Options granted under the

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

Plan are intended to be nonqualified stock options, unless the applicable

Award agreement expressly states that the Option is intended to be an ISO. If an Option is intended to be an ISO, and, if for any reason such Option (or portion thereof) shall not qualify as an ISO, then, to the extent of such nonqualification, such Option (or portion thereof) shall be regarded as a nonqualified stock option granted under the Plan; *provided* that such Option (or portion thereof) otherwise complies with the Plan's requirements relating to nonqualified stock options. In no event shall any member of the Committee, the Company or any of its Subsidiaries (or their respective employees, officers or directors) have any liability to any Participant (or any other Person) due to the failure of an Option to qualify for any reason as an ISO.

- (e) *Attestation.* Wherever in this Plan or any agreement evidencing an Award a Participant is permitted to pay the Option Price of an Option or taxes relating to the exercise of an Option by delivering Shares, the Participant may, subject to procedures satisfactory to the Committee, satisfy such delivery requirement by presenting proof of beneficial ownership of such Shares, in which case the Company shall treat the Option as exercised without further payment and shall withhold such number of Shares from the Shares acquired by the exercise of the Option.
- (f) *Repricing of Options; No Dividend Equivalent Rights.*
 - (i) Notwithstanding any provision herein to the contrary, the repricing of an Option, once granted hereunder, is prohibited without prior approval of the Company's shareholders. For this purpose, a repricing means any of the following (or any other action that has the same effect as any of the following): (i) changing the terms of an Option to lower the Option Price; (ii) any other action that is treated as a repricing under generally accepted accounting principles; and (iii) repurchasing for cash or canceling an Option in exchange for another Award at a time when the Option Price is greater than the Fair Market Value of the underlying Shares, unless the cancellation and exchange occurs in connection with a change in capitalization or similar change permitted under Section 10(a) below. Such cancellation and exchange would be considered a repricing regardless of whether it is treated as a repricing under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Participant.
 - (ii) Except as may otherwise be permitted under Section 10, there shall be no dividend equivalent rights granted in respect of any Option.

7. Terms and Conditions of Stock Appreciation Rights

- (a) *Grants.* The Committee also may grant (i) a Stock Appreciation Right independent of an Option or (ii) a Stock Appreciation Right in connection with an Option, or a portion thereof. The maximum number of Shares in respect of which such Stock Appreciation Rights may be granted during a fiscal year of the Company to any Participant shall be 2,000,000. A Stock Appreciation Right granted pursuant to clause (ii) of the preceding sentence (A) may be granted at the time the related Option is granted or at any time prior to the exercise or cancellation of the related Option, (B) shall cover the same number of Shares covered by an Option (or such lesser number of Shares as the Committee may determine) and (C) shall be subject to the same terms and conditions as such Option except for such additional limitations as are contemplated by this Section 7 (or such additional limitations as may be included in an Award agreement).
- (b) *Terms.* The exercise price per Share of a Stock Appreciation Right shall be an amount determined by the Committee but in no event shall such amount be less than 100% of the Fair Market Value of a Share on the date the Stock Appreciation Right is granted (other than in the case of Stock Appreciation Rights granted in substitution of previously granted awards, as described in Section 3); *provided, however*, that in the case of a Stock Appreciation Right granted in conjunction with an Option, or a portion thereof, the exercise price may not be less than the Option Price of the related Option; and *provided, further*, that the exercise price of a Stock Appreciation Right that is granted in exchange for an Option may be less than the Fair Market Value on the grant date if such exercise price is equal to the Option Price of the exchanged Option. For the avoidance of doubt, to the extent required by Netherlands law, the exercise price per Share of a Stock Appreciation Right shall not be less than the nominal value per Share in respect of which the Stock Appreciation Right is being exercised. Each Stock Appreciation Right granted independent of an Option shall entitle a Participant upon exercise to an amount equal to (i) the

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

excess of (A) the Fair Market Value on the exercise date of one Share over (B) the exercise price per Share, times (ii) the number of Shares covered by the Stock Appreciation Right. Each Stock Appreciation Right granted in conjunction with an Option, or a portion thereof, shall entitle a Participant to surrender to

Table of Contents

ANNEX A Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

the Company the unexercised Option, or any portion thereof, and to receive from the Company in exchange therefor an amount equal to (i) the excess of (A) the Fair Market Value on the exercise date of one Share over (B) the Option Price per Share, times (ii) the number of Shares covered by the Option, or portion thereof, which is surrendered. The date a notice of exercise is received by the Company shall be the exercise date. Payment to the Participant shall be made in Shares or in cash, or partly in Shares and partly in cash (any such Shares valued at such Fair Market Value), all as shall be determined by the Committee. Stock Appreciation Rights may be exercised from time to time upon actual receipt by the Company of written notice of exercise stating the number of Shares with respect to which the Stock Appreciation Right is being exercised. No fractional Shares will be issued in payment for Stock Appreciation Rights, but instead cash will be paid for a fraction or, if the Committee should so determine, the number of Shares will be rounded downward to the next whole Share.

(c) *Limitations.* The Committee may impose, in its discretion, such conditions upon the exercisability or transferability of Stock Appreciation Rights as it may deem fit, but in no event shall a Stock Appreciation Right be exercisable more than ten years after the date it is granted.

(d) *Repricing of Stock Appreciation Rights; No Dividend Equivalent Rights.*

(i) Notwithstanding any provision herein to the contrary, the repricing of a Stock Appreciation Right, once granted hereunder, is prohibited without prior approval of the Company's shareholders. For this purpose, a repricing means any of the following (or any other action that has the same effect as any of the following): (i) changing the terms of a Stock Appreciation Right to lower its exercise price; (ii) any other action that is treated as a repricing under generally accepted accounting principles; and (iii) repurchasing for cash or canceling a Stock Appreciation Right in exchange for another Award at a time when its exercise price is greater than the Fair Market Value of the underlying Shares, unless the cancellation and exchange occurs in connection with a change in capitalization or similar change permitted under Section 10(a) of the Plan. Such cancellation and exchange would be considered a repricing regardless of whether it is treated as a repricing under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Participant.

(ii) Except as may otherwise be permitted under Section 10, there shall be no dividend equivalent rights granted in respect of any Stock Appreciation Right.

8. Other Stock-Based Awards

The Committee, in its sole discretion, may grant or sell Awards of Shares, Awards of restricted Shares, Awards of restricted stock units, and Awards that are valued in whole or in part by reference to, or are otherwise based on the Fair Market Value of Shares (including dividend equivalent rights) (such Awards, *Other Stock-Based Awards*). Such Other Stock-Based Awards shall be in such form, and dependent on such conditions, as the Committee shall determine, including, without limitation, the right to receive, or vest with respect to, one or more Shares (or the equivalent cash value of such Shares) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. Other Stock-Based Awards may be granted alone or in addition to any other Awards granted under the Plan. Subject to the provisions of the Plan, the Committee shall determine to whom and when Other Stock-Based Awards will be made, the number of Shares to be awarded under (or otherwise related to) such Other Stock-Based Awards, whether such Other Stock-Based Awards shall be settled in cash, Shares or a combination of cash and Shares, and all other terms and conditions of such Awards (including, without limitation, the vesting provisions thereof and provisions ensuring that all Shares so awarded and issued shall be fully paid and non-assessable). For the avoidance of doubt, to the extent required by Netherlands law, the price paid per Share for Shares awarded in respect of Other Stock-Based Awards shall not be less than the nominal value of the underlying Share.

9. Performance-Based Awards

(a) The Committee, in its sole discretion, may grant Awards which are denominated in Shares or cash (which, for the avoidance of doubt, may include an Award of Options, Stock Appreciation Rights, and Other Stock-Based Awards) (such Awards, *Performance-Based Awards*),

Edgar Filing: Nielsen Holdings N.V. - Form PRE 14A

which Awards may, but for the avoidance of doubt are not required to, be granted in a manner which is intended to be deductible by the Company under Section 162(m) of the Code (or any successor section thereto). Such Performance-Based Awards shall be in such form, and dependent on such conditions, as the

ANNEX A Amended and Restated Nielsen Holdings 2010 Stock Incentive Plan

Committee shall determine, including, without limitation, the right to receive, or vest with respect to, one or more Shares or the cash value of the Award upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. Performance-Based Awards may be granted alone or in addition to any other Awards granted under the Plan. For the avoidance of doubt, to the extent required by Netherlands law, the price paid per Share for Shares awarded in respect of Performance-Based Awards shall not be less than the nominal value of the underlying Share. Subject to the provisions of the Plan, the Committee shall determine to whom and when Performance-Based Awards will be made, the number of Shares or aggregate amount of cash to be awarded under (or otherwise related to) such Performance-Based Awards, whether such Performance-Based Awards shall be settled in cash, Shares or a combination of cash and Shares, and all other terms and conditions of such Awards (including, without limitation, the vesting provisions thereof and provisions ensuring that all Shares so awarded and issued, to the extent applicable, shall be fully paid and non-assessable).

- (b) A Participant's Performance-Based Award shall be determined based on the attainment of written performance goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goal relates or, if less, the number of days which is equal to 25 percent of the relevant performance period. The performance goals, which must be objective, shall be based upon one or more of the following criteria: (i) consolidated income before or after taxes (including income before interest, taxes, depreciation and amortization); (ii) EBITDA; (iii) adjusted EBITDA; (iv) operating income; (v) net income; (vi) adjusted cash net income; (vii) adjusted cash net income per Share; (viii) net income per Share; (ix) book value per Share; (x) return on members' or shareholders' equity; (xi) expense management; (xii) return on investment; (xiii) improvements in capital structure; (xiv) profitability of an identifiable business unit or product; (xv) maintenance or improvement of profit margins; (xvi) stock price; (xvii) market share; (xviii) revenue or sales; (xix) costs; (xx) cash flow; (xxi) working capital; (xxii) multiple of invested capital; (xxiii) total return; and (xxiv) such other objective performance criteria as determined by the Committee in its sole discretion, to the extent such criteria would be a permissible performance criteria under Section 162(m) of the Code. The foregoing criteria may relate to the Company, one or more of its Subsidiaries or one or more of its or their divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. In addition, to the degree consistent with Section 162(m) of the Code (or any successor section thereto), the performance goals may be calculated without regard to extraordinary items. The maximum amount of a Performance-Based Award granted in respect of any given performance period that may be earned during each such fiscal year of the Company covered by the performance period by any Participant shall be: (x) with respect to Performance-Based Awards that are denominated in Shares, 1,000,000 Shares for each fiscal year and (y) with respect to Performance-Based Awards that are denominated in cash, \$10,000,000 for each such fiscal year. For the avoidance of doubt, to the extent that a Performance-Based Award may be earned over a period that is longer than one fiscal year of the Company, the foregoing limitations shall apply to each full or partial fiscal year during or in which such Award may be earned, and such limitations shall apply individually to each Performance-Based Award and not in the aggregate, to the extent multiple Performance-Based Awards are granted in respect of performance periods that contain overlapping fiscal years of the Company.
- (c) The Committee shall determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given Participant and, if they have, during any period when Section 162(m) of the Code is applicable to the Company and the Plan and such Performance-Based Award is intended to be deductible by the Company under Section 162(m) of the Code, shall so certify and ascertain the amount of the applicable Performance-Based Award. No Performance-Based Awards will be paid for such performance period until such certification, to the extent applicable, is made by the Committee. The amount of the Performance-Based Award actually paid to a given Participant may be less than the amount determined by the applicable performance goal formula, at the discretion of the Committee. The amount of the Performance-Based Award determined by the Committee for a performance period shall be paid to the Participant at such time as determined by the Committee in its sole discretion after the end of such performance period; provided, however, that a Participant may, if and to the extent permitted by the Committee and consistent with the provisions of Sections 162(m) and 409A of the Code, to the extent applicable, elect to defer payment of a Performance-Based Award.

10. Adjustments Upon Certain Events

Notwithstanding any other provisions in the Plan to the contrary, the following provisions shall apply to all Awards granted under the Plan:

- (a) *Generally.* In the event of any Share dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination, or transaction or exchange of Shares or other corporate exchange, any equity restructuring (as defined under Financial Accounting Standards Board (FASB) Accounting Standards Codification 718), or any distribution to shareholders other than regular cash dividends or any transaction similar to the foregoing, the Committee in its sole discretion and without liability to any Person shall make such substitution or adjustment as it deems reasonably necessary to address, on an equitable basis, the effect of such event (subject to Section 20), as to (i) the number or kind of Shares or other securities issued or reserved for issuance pursuant to the Plan or pursuant to outstanding Awards, (ii) the maximum number of Shares for which Options or Stock Appreciation Rights may be granted during a fiscal year to any Participant, (iii) the maximum amount of a Performance Based Award that may be granted during a fiscal year to any Participant, (iv) the Option Price or exercise price of any Award and/or (v) any other affected terms of such Awards.
- (b) *Change in Control.* In the event of a Change in Control that occurs after the Effective Date, unless the Committee otherwise provides in any applicable Award agreement at the time of the initial grant or in connection with the Change in Control:
- (i) If the successor or acquiring entity in the Change in Control does not agree to provide for the issuance of substitute Awards on an equitable basis in a manner consistent with Section 10(a) of the Plan (such Awards, *Substitute Awards*), as determined by the Committee in its sole discretion, then (x) any outstanding Awards held by a Participant at the effective time of such Change of Control that are unexercisable or otherwise unvested or subject to lapse restrictions and are not assumed by a successor corporation in connection with such Change in Control shall automatically be deemed exercisable or otherwise vested or no longer subject to lapse restrictions and (y) the Committee shall (subject to Section 20 of the Plan), (A) cancel Awards for fair value (as determined in the sole discretion of the Committee), to the extent permitted under Section 409A of the Code, which, in the case of Options and Stock Appreciation Rights, may equal the excess, if any, of value of the consideration to be paid in the Change in Control transaction to holders of the same number of Shares subject to such Options or Stock Appreciation Rights (or, if no consideration is paid in any such transaction, the Fair Market Value of the Shares subject to such Options or Stock Appreciation Rights) over the aggregate Option Price or exercise price of such Options or Stock Appreciation Rights, or (B) provide that for a period of at least ten (10) days prior to the Change in Control, such Awards shall be exercisable, to the extent applicable, as to all Shares subject thereto and the Committee may further provide that upon the occurrence of the Change in Control, such Awards shall terminate and be of no further force and effect. For the avoidance of doubt, pursuant to clause (A) above, the Committee may cancel Options and Stock Appreciation Rights for no consideration if the aggregate Fair Market Value of the Shares subject to such Options or Stock Appreciation Rights is less than or equal to the aggregate Option Price of such Options or exercise price of such Stock Appreciation Rights.
- (ii) If the successor or acquiring entity in the Change in Control does agree to provide for the issuance of Substitute Awards, then any outstanding Awards held by a Participant at the effective time of such Change of Control that are unexercisable or otherwise unvested or subject to lapse restrictions shall *not* automatically be deemed exercisable or otherwise vested or no longer subject to lapse restrictions, as the case may be, as of the date of the Change in Control; *provided, however*, that if, at any time during the two-year period following a Change in Control the Participant's Employment with the Company and its Subsidiaries is terminated under a circumstance that would give rise to the Participant's right to the payment of severance compensation pursuant to any Company or Subsidiary severance plan, policy, arrangement or agreement, as of such date of termination, any then-unvested Awards outstanding hereunder shall become automatically be deemed exercisable or otherwise vested or no longer subject to lapse restrictions.
- (iii) If the Committee establishes terms for the vesting or exercisability of any Award in connection with a Change in Control that vary from the provisions set forth above in this Section 10(b) (i.e., the Committee provides for the vesting of an unvested Award at the time of a Change in Control where the acquiring or successor entity has agreed to provide for the issuance of Substitute Awards), then the

same such terms must apply to all other Awards having substantially similar vesting or exercisability terms that are held by all other Participants as of such time. For the avoidance of doubt, at the time of a Change in Control, the Committee shall not be required to provide for similar treatment of Awards that are subject to vesting and exercisability terms that are dissimilar.

11. Forfeiture/Clawback

The Committee may, in its sole discretion, specify in an Award or a policy that will be incorporated into an Award agreement by reference, that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of Employment for cause, termination of the Participant's provision of services to the Company or any of its Subsidiaries, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or restatement of the Company's financial statements to reflect adverse results from those previously released financial statements, as a consequence of errors, omissions, fraud, or misconduct.

12. No Right to Employment or Awards

The granting of an Award under the Plan shall impose no obligation on the Company or any of its Subsidiaries to continue the Employment of a Participant and shall not lessen or affect the Company's or any Subsidiary's right to terminate the Employment of such Participant. No Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not such Participants are similarly situated).

13. Securities Laws

The Board may refuse to instruct the Company to issue or transfer any Shares or other consideration under an Award if, acting in its sole discretion, it determines that the issuance or transfer of such Shares or such other consideration might violate any applicable law or regulation and any payment tendered to the Company by a Participant, other holder or beneficiary in connection with the exercise of such Award shall be promptly refunded to the relevant Participant, holder or beneficiary. Without limiting the generality of the foregoing, no Award granted hereunder shall be construed as an offer to sell securities of the Company, and no such offer shall be outstanding, unless and until the Committee in its sole discretion has determined that any such offer, if made, would be in compliance with all applicable requirements of applicable securities laws, including, without limitation, laws of the United States (and any state thereof), and the Netherlands.

14. Successors and Assigns

The Plan shall be binding on all successors and assigns of the Company and a Participant, including without limitation, the estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

15. Nontransferability of Awards

Unless otherwise determined by the Committee, an Award shall not be transferable or assignable by the Participant otherwise than by will or by the laws of descent and distribution. An Award exercisable after the death of a Participant may be exercised by the legatees, personal representatives or distributees of the Participant.

16. Amendments or Termination

Subject to the limitations imposed under Sections 6(f) and 7(d) of this Plan, the Board may amend, alter or discontinue the Plan, and the Board or the Committee may amend, alter or discontinue any outstanding Award, but no amendment, alteration or discontinuation shall be made, (a) without the approval of the shareholders of the Company to the extent such approval is (i) required by, or (ii) desirable to satisfy the requirements of, in each case, any applicable law, regulation or other rule, including, the listing standards of the securities exchange, which is, at the applicable time, the principal market for the Shares, (b) without the consent of a Participant, if such action would materially and adversely affect any of the rights of the Participant under any Award theretofore granted to such Participant under the Plan; *provided, however*, that (to the extent not prohibited under clause (a)(i) above) the Committee may amend the Plan in such manner as it deems necessary to permit the granting of Awards meeting the requirements of the Code or other applicable laws (including, without limitation, to avoid adverse tax or accounting consequences to the Company or to Participants).

17. International Participants

With respect to Participants who reside or work outside the United States of America and who are not (and who are not expected to be) covered employees within the meaning of Section 162(m) of the Code, the Committee may, in its sole discretion, amend the terms of the Plan or Awards with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant, the Company or a Subsidiary.

18. Choice of Law

The Plan shall be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of laws, except to the extent that the matter in question is mandatorily required to be governed by Netherlands law, in which case it will be governed by the applicable provision of Netherlands law.

19. Effectiveness of the Plan

The Plan shall be effective as of the Effective Date, subject to the approval of the shareholders of the Company.

20. Section 409A of the Code

To the extent applicable, this Plan and all Awards granted hereunder are intended to comply with or be exempt from Section 409A of the Code and will be interpreted in a manner intended to comply with Section 409A of the Code. References under the Plan or an Award to the Participant's termination of Employment shall be deemed to refer to the date upon which the Participant has experienced a separation from service within the meaning of Section 409A of the Code. Notwithstanding anything herein to the contrary, (a) if at the time of the Participant's separation from service with any Service Recipient the Participant is a specified employee as defined in Section 409A of the Code, and the deferral of the commencement of any payments or benefits otherwise payable hereunder as a result of such separation from service is necessary in order to prevent the imposition of any accelerated or additional tax under Section 409A of the Code, then the Company will defer the commencement of the payment of any such payments or benefits hereunder (without any reduction in such payments or benefits ultimately paid or provided to the Participant) to the minimum extent necessary to satisfy Section 409A of the Code until the date that is six months and one day following the Participant's separation from service with all Service Recipients (or the earliest date as is permitted under Section 409A of the Code), if such payment or benefit is payable upon a termination of Employment and (b) if any other payments of money or other benefits due to the Participant hereunder would cause the application of an accelerated or additional tax under Section 409A of the Code, such payments or other benefits shall be deferred, if deferral will make such payment or other benefits compliant under Section 409A of the Code, or otherwise such payment or other benefits shall be restructured, to the minimum extent necessary, in a manner, reasonably determined by the Committee, that does not cause such an accelerated or additional tax or result in an additional cost to the Company (without any reduction in such payments or benefits ultimately paid or provided to the Participant).

The Company shall use commercially reasonable efforts to implement the provisions of this Section 20 in good faith; *provided* that neither the Company, the Board, the Committee nor any of the Company's employees, directors or representatives shall have any liability to Participants with respect to this Section 20.

21. Awards Subject to the Plan

In the event of a conflict between any term or provision contained in the Plan and a term contained in any Award agreement, the applicable terms and provisions of the Plan will govern and prevail.

22. Fractional Shares

Notwithstanding other provisions of the Plan or any Award agreements thereunder, the Company shall not be obligated to issue or deliver fractional Shares pursuant to the Plan or any Award and the Committee shall determine whether cash, other securities, or other property shall be paid or transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be cancelled, terminated or otherwise eliminated with, or without, consideration.

23. Severability

If any provision of the Plan or any Award is, or becomes or is deemed to be invalid, illegal, unenforceable in any jurisdiction or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.
