Once again, we are pleased to take advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this e-proxy process expedites stockholders' receipt of proxy materials, while also lowering the costs and reducing the environmental impact of our Annual Meeting. On or about March 13, 2014, we will mail to our stockholders who have not already requested paper material, a Notice of Internet Access and Availability of Proxy Materials (Notice), which contains instructions on how to vote, access our 2014 Proxy Statement and 2013 Annual Report on Form 10-K (Annual Report) online, and how to request paper copies of the materials. All stockholders who have elected to continue to receive paper copies will receive a copy of the Proxy Statement and Annual Report by mail. The Proxy Statement also contains instructions on how you can (i) receive a paper copy of the Proxy Statement and Annual Report, if you only received a Notice by mail, or (ii) elect to receive your Proxy Statement and Annual Report over the Internet, if you received them by mail this year.

At the Annual Meeting you will be asked to vote on the following matters and to transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof:

1. To elect three directors to hold office until the 2017 Annual Meeting of Stockholders;
2. To ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2014; and
3. To provide an advisory vote to approve the Company's executive compensation.

The matters listed above are fully discussed in the Proxy Statement accompanying this Notice. A copy of our Annual Report is also enclosed.

The record date for the Annual Meeting is February 28, 2014. Only stockholders of record as of February 28, 2014, are entitled to notice of, and to vote at, the Annual Meeting.

Whether or not you attend the Annual Meeting, it is important that your shares be represented and voted at the Annual Meeting. Therefore, I urge you to promptly vote and submit your proxy by phone, via the Internet, or by completing, signing, dating, and returning the enclosed proxy card in the enclosed envelope. If you decide to attend the Annual Meeting, you will be able to vote in person, even if you have previously submitted your proxy. If for any reason you wish to revoke your proxy, you may do so at any time before it is voted at the Annual Meeting.

PROXY STATEMENT

SUMMARY OF THE ANNUAL MEETING

We are furnishing this Proxy Statement in connection with the solicitation of proxies by the Board of Directors (**Board**) of TreeHouse Foods, Inc. (**TreeHouse**, **Company**, **we**, **us**, or **our**, as the context requires) for use in voting at the Annual Meeting of Stockholders (**Meeting**). The Meeting will be held at 2015 Spring Road, Lower Level, Conference Room A, Oak Brook, Illinois 60523, on Thursday, April 24, 2014, at 9:00 a.m. Central Time for the purpose of considering and acting upon the matters specified in the notice accompanying this Proxy Statement. This Proxy Statement is being sent to stockholders on or about March 13, 2014.

Who May Vote

If you are a stockholder of record on February 28, 2014, you are entitled to vote at the Meeting. As of that date, there were 36,523,475 shares of the Company's common stock (**Common Stock**) outstanding, the only class of voting securities outstanding. You are entitled to one vote for each share of common stock you own, without cumulation, on each matter to be voted upon at the Meeting.

How Proxies Work

Only votes cast in person at the Meeting or received by proxy before the beginning of the Meeting will be counted at the Meeting. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. If your shares are held in your name, you can vote by proxy in three convenient ways:

By Internet: Go to www.envisionreports.com/thfi and follow the instructions.

By Telephone: Call toll-free 1-800-652-VOTE (8683) and follow the instructions.

By Mail: Complete, sign, date and return your proxy card in the enclosed envelope.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 12:00 a.m. Central Time on April 24, 2014.

As permitted by Securities and Exchange Commission (**SEC**) rules, TreeHouse is making this Proxy Statement and its Annual Report on Form 10-K (**Annual Report**) available to its stockholders electronically via the Internet. On or about March 13, 2014, we will mail our stockholders a Notice of Internet Access and Availability of Materials (**Notice**), which contains instructions on how to vote, access this Proxy Statement and our Annual Report online, and how to request paper copies of the materials. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you receive a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained in the Notice.

Table of Contents

If your proxy is properly returned, the shares it represents will be voted at the Meeting in accordance with your instructions. If you execute and return your proxy but do not give specific instructions, your shares will be voted as follows:

FOR the election of each of the three nominees for director set forth herein;

FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2014;

FOR the advisory approval of the compensation of the Company's named executive officers as described in this Proxy Statement under Compensation Discussion and Analysis and Executive Compensation; and

with respect to any other matter that may properly come before the Meeting, at the discretion of the persons voting the respective proxies.

The Board does not intend to bring any matters before the Meeting except those indicated in the Notice. If any other matters properly come before the Meeting, however, the persons named in the enclosed proxy, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters.

Shares Held Through a Bank, Broker or Other Nominee

If you are the beneficial owner of shares held in street name through a bank, broker, or other nominee, such bank, broker, or nominee, as the record holder of the shares, must vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items but not with respect to non-discretionary items. On non-discretionary items for which you do not give instructions, the shares will be treated as broker non-votes. A discretionary item is a proposal that is considered routine under the rules of the New York Stock Exchange. Shares held in street name may be voted by your broker on discretionary items in the absence of voting instructions given by you. The proposal concerning the ratification of the independent registered public accounting firm (Proposal 2) is discretionary. All other proposals to be voted on at the Meeting are non-discretionary.

Quorum

Stockholders of record may vote their proxies by telephone, Internet or mail. By using your proxy to vote in one of these ways, you authorize any of the three officers whose names are listed on the front of the proxy card accompanying this Proxy Statement to represent you and vote your shares. Holders of a majority of the shares entitled to vote at the Meeting must be present in person or represented by proxy to constitute a quorum. Of course, if you attend the Meeting, you may vote by ballot. If you are not present, your shares can be voted only when represented by a properly submitted proxy. Abstentions and broker non-votes (as described below under the heading Required Vote) are counted for purposes of determining whether a quorum is met.

Revoking a Proxy

Submitting your proxy now will not prevent you from voting your shares at the Meeting if you desire to do so, as your proxy is revocable at your option. You may revoke your proxy at any time before it is voted at the Meeting by:

delivering to Thomas E. O'Neill, our Executive Vice President, General Counsel, Chief Administrative Officer and Corporate Secretary, a signed written revocation letter dated later than the date of your proxy;

submitting a proxy to the Company with a later date; or

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

attending the Meeting and voting in person (your attendance at the Meeting will not, by itself, revoke your proxy; you must also vote in person at the Meeting).

Required Vote

The election of the nominees for director (Proposal 1) in an uncontested election will become effective only upon the affirmative vote of shares of common stock representing a majority of the votes cast for or against such

Table of Contents

nominee. The ratification of the selection of our independent registered public accounting firm (Proposal 2), the advisory approval of the compensation of the Company's named executive officers as described in this Proxy Statement under "Compensation Discussion and Analysis" and "Executive Compensation" (Proposal 3), and the approval of any other matter that may properly come before the Meeting will become effective only upon the affirmative vote of shares of common stock representing a majority of the votes cast for or against such proposal. Votes cast for or against are counted as a vote, while votes cast as abstentions will not be counted as a vote but will be counted for purposes of determining a quorum. Abstentions will have no effect on the election of directors or Proposals 2 and 3. So-called "broker non-votes" (brokers failing to vote by proxy shares of the common stock held in nominee name for customers on any non-discretionary matters) will not be counted as votes at the Meeting and will not have a direct impact on any non-discretionary proposal (i.e., Proposal 1 (election of directors) or Proposal 3).

Resignation Policy

Our Corporate Governance Guidelines utilize a resignation policy in the election of directors. Accordingly, if an incumbent director nominee receives a greater number of votes marked "against" his or her election than votes marked "for" his or her election, that nominee is required to tender his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee is required to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process.

Method and Cost of Soliciting and Tabulating Votes

The solicitation of proxies from our stockholders is being made by the Board and management of the Company. TreeHouse will bear the costs of soliciting and tabulating your votes, including the cost of preparing and mailing the Proxy Statement, the Proxy Card, Notice and the Annual Report. TreeHouse has retained the services of Broadridge Financial Solutions, Inc., to assist in distributing these proxy materials. D.F. King & Co., Inc. will act as our proxy solicitor in soliciting votes for a fee of approximately \$13,000 plus the reimbursement of reasonable out of pocket expenses. Solicitation will be primarily through the use of the U.S. Postal Service and the Internet, but our officers, directors and regular employees may solicit proxies personally or by telephone without additional remuneration for such activity.

TreeHouse will reimburse banks, brokers, and other holders of record for reasonable, out-of-pocket expenses for forwarding these proxy materials to you, and obtaining proxies from you, according to certain regulatory fee schedules. The actual amount will depend on variables such as the number of packages mailed, the number of stockholders receiving electronic delivery, and postage costs.

Computershare, our transfer agent, will act as the proxy tabulator and Inspector of Elections.

Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding", potentially means extra convenience for stockholders and cost savings for companies. We have not implemented householding rules with respect to our record holders. However, a number of brokers with account holders who are stockholders may be "householding" our proxy materials. If a stockholder receives a householding notification from his, her or its broker, a single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request "householding" of their communications should contact their broker. In addition, if any stockholder that receives a "householding" notification wishes to receive a separate annual report and proxy statement at his, her or its address, such stockholder should also contact his, her or its broker directly. Stockholders who in the future wish to receive multiple copies may also contact the Company at: 2021 Spring Road, Suite 600, Oak Brook, IL, 60523, Attention: Investor Relations; (708) 483-1331.

ELECTION OF DIRECTORS (PROPOSAL 1)

We have a classified Board consisting of three classes. At each annual meeting a class of directors is elected for a term of three years to succeed any directors whose terms are expiring. We believe this classified board structure is appropriate for the Company. Given the size of the Company, we may experience difficulty in identifying and recruiting individuals to serve as directors. Obtaining a three-year commitment from our directors assists us in retaining highly qualified directors who have experience and familiarity with our business and the markets in which we operate. The Board believes that such long-term institutional knowledge benefits TreeHouse and enables the Board to better consider and provide long-term strategic planning.

At the Meeting, you will elect a total of three directors to hold office, subject to the provisions of the Company's By-Laws, until the annual meeting of stockholders in 2017 and until their successors are duly elected and qualified. Unless you instruct otherwise, the shares represented by your proxy will be voted FOR the election of Mr. Dennis F. O'Brien, Mr. Sam K. Reed and Ms. Ann M. Sardini, the nominees set forth below. The affirmative vote of a majority of the votes cast is required to elect each director. In other words, the number of votes for a director must exceed the number of votes against a director in order to elect such director. For information regarding our resignation policy, see Summary of the Annual Meeting Resignation Policy in this Proxy Statement.

Mr. O'Brien, Mr. Reed and Ms. Sardini, have each agreed to be nominated and to serve as a director if elected. However, if any nominee at the time of his or her election is unable or unwilling to serve, or is otherwise unavailable for election, and as a result, another nominee is designated by the Board, then you or your designee will have discretion and authority to vote or refrain from voting for such nominee.

Proposal 1 Election of Directors

Election of Dennis F. O'Brien Continuing in office Term expiring 2017

The Nominating and Corporate Governance Committee has recommended and the Board has nominated Mr. O'Brien for re-election to the Company's Board. Certain information about Mr. O'Brien is set forth below.

DENNIS F. O BRIEN has served as a Director since August 2009. Mr. O'Brien is a partner of Gryphon Investors, Inc., a private equity firm, a position he has held since April 2008. Prior to joining Gryphon, Mr. O'Brien was the Chief Executive Officer of Penta Water Company, a maker of bottled water, from April 2007 to April 2008. On October 5, 2009, Penta Water Company, Inc. filed for bankruptcy under Chapter 11. Mr. O'Brien held a series of executive positions with ConAgra Foods, Inc., including President and Chief Operating Officer, Retail Products from 2004 to 2006, President and Chief Operating Officer, Grocery Foods from 2002 through 2004, Executive Vice President, Grocery Foods from 2001 to 2002 and President, ConAgra Store Brands from 2000 through 2001. In addition, Mr. O'Brien previously held executive and marketing positions at Armstrong World Industries, Campbell's Soup Company, Nestle S.A. and Procter & Gamble. Mr. O'Brien holds a Bachelor of Science degree in marketing from the University of Connecticut. Mr. O'Brien previously sat on the audit committee of Senomyx, Inc. (NYSE: SNMX). Mr. O'Brien is a member of the Audit Committee and of the Nominating and Corporate Governance Committee of our Board.

Mr. O'Brien provides insight and perspective on strategic, marketing and food industry matters stemming in part from his significant food industry experience.

Table of Contents

Election of Sam K. Reed Continuing in office Term expiring 2017

Prior to joining us, Mr. Reed was a principal in TreeHouse LLC, an entity unrelated to the Company that was formed to pursue investment opportunities in consumer packaged goods businesses. From March 2001 to April 2002, Mr. Reed served as Vice Chairman of Kellogg Company. From January 1996 to March 2001, Mr. Reed served as the President and Chief Executive Officer, and as a director of Keebler Foods Company. Corporate Governance Guidelines and Code of Ethics

We are committed to high standards of business integrity and corporate governance. All of our directors, executives and employees must act ethically and in accordance with our Code of Ethics. All of the Company's corporate governance materials, including the Corporate Governance Guidelines, committee charters and the Code of Ethics are published on the Company's website at www.treehousefoods.com in the investor relations information section and are also available upon request from the Corporate Secretary. The Board regularly reviews corporate governance developments and modifies the Company's corporate governance materials from time to time. We will post any modifications of our corporate governance materials, including our Code of Ethics, on our website.

Director Independence

The New York Stock Exchange listing rules require that a majority of the Company's directors be independent. The Board determined that (i) Messrs. Bayly, O'Brien, O'Connell, Smith and Ussery and Ms. Ferguson and Ms. Sardini have no direct or indirect material relationships with management, and that they satisfy the New York Stock Exchange's independence guidelines and are independent and (ii) that Messrs. Reed and Vermynen are not independent.

All members of our Audit, Compensation and Nominating and Corporate Governance Committees are independent directors and our Compensation Committee members meet the new enhanced independence requirements for Compensation Committee members under the New York Stock Exchange's listing standards. The Board has determined that all of the members of our Audit Committee also satisfy the SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation. The portion of the Corporate Governance Guidelines addressing director independence is attached to this Proxy Statement as *Appendix A*.

Nomination of Directors

The Board is responsible for approving candidates for Board membership and has delegated the process of screening and recruiting potential director nominees to the Nominating and Corporate Governance Committee in consultation with the Chairman of the Board and Chief Executive Officer. The Nominating and Corporate Governance Committee seeks candidates who have a reputation for integrity, honesty, and adherence to high ethical standards and who have demonstrated business acumen, experience, and an ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company. The Nominating and Corporate Governance Committee considers diversity as one of a number of factors in identifying nominees for director. The Committee views diversity broadly to include diversity of experience, skills, and viewpoint as well as traditional diversity concepts such as race and gender. When the Nominating and Corporate Governance Committee reviews a candidate for Board membership, the Nominating and Corporate Governance Committee looks specifically at the candidate's background and qualifications in light of the needs of the Board and the Company at that time, given the then-current composition of the Board. The aim is to assemble a Board that provides a significant breadth of experience, knowledge, and abilities that assist the Board in fulfilling its responsibilities. The current members of the Board hold or have held senior executive positions in large, complex organizations and have operating experience that meets this objective. In these positions, they have gained experience in core management skills, such as strategic and financial planning, public company financial reporting, compliance, risk management, and leadership development. Many of our directors also have experience serving on boards of directors and board committees of other public companies and have an understanding of corporate governance practices and trends.

The Nominating and Corporate Governance Committee receives suggestions for new directors from a number of sources, including current Board members and stockholders. It also may, in its discretion, employ a third party search firm to assist in identifying candidates for director. Once a potential director candidate has been identified, including through the recommendation of a stockholder in accordance with the procedures set forth in our By-laws, the Nominating and Corporate Governance Committee evaluates the candidate according to the factors described above.

BOARD LEADERSHIP STRUCTURE

Board Chairman and CEO Roles

The Board has determined that the appropriate leadership structure for the Board at this time is for Mr. Reed, our Chief Executive Officer and President, to serve as Chairman of the Board, while also selecting an independent, non-management director to serve as a lead director (Lead Independent Director) to provide independent leadership. Mr. Reed possesses detailed and in-depth knowledge of the issues, opportunities, and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters.

His combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers, and suppliers, particularly during times of turbulent economic and industry conditions.

With the exception of Messrs. Reed and Vermeylen, each of the directors is independent, and the Board believes that the independent directors provide effective oversight of management.

We do not have a formal policy that requires the Chief Executive Officer or any other member of management to serve as Chairman of the Board, and the Board, in its discretion, may subsequently decide to change our leadership structure.

Lead Independent Director

The Company has chosen to combine the Chairman and Chief Executive Officer roles, and as a result, the Board appointed the Lead Independent Director to coordinate the activities of the other non-management directors, and to perform such other duties and responsibilities described below and as the Board may from time to time determine.

Currently, the Lead Independent Director is Ann M. Sardini. The role of the Lead Independent Director includes:

Conducting and presiding at executive sessions of the Board;

Serving as a liaison to and acting as a regular communication channel between the non-employee members of the Board and the Chief Executive Officer of the Company;

In the event of the unavailability or incapacity of the Chairman of the Board, calling and conducting special meetings of the Board; and

Consulting with the Chairman and Chief Executive Officer about the concerns of the Board.

While serving as Lead Independent Director, Ms. Sardini has followed governance practices established by the Board that support effective communication and effective Board performance. The Lead Independent Director role fosters a Board culture of open discussion and deliberation, with thoughtful evaluation of risk to support sound decision-making.

Our directors undergo an annual Board self-evaluation to determine whether the Board and its committees are functioning effectively. As part of the self-evaluation process, directors provide feedback evaluating Board effectiveness and committee effectiveness on multiple criteria. The Nominating and Corporate Governance Committee receives comments from all directors and reports annually to the Board with an assessment of the Board's performance. Each committee also conducts a self-evaluation and reports its assessment of effectiveness to the Board. The assessments are discussed with the full Board each year.

Determination That Current Board Leadership Structure is Appropriate

The Board has determined that the current Board leadership structure is appropriate for TreeHouse for the following reasons:

The current structure is working well and the Lead Independent Director is highly effective in his/her role;

There is strong evidence that the Board is acting independently;

Table of Contents

There are effectiveness and efficiency advantages of having a Chairman of the Board with the Chief Executive Officer's significant food industry strategy, marketing, and operations knowledge and experience;

The Board has open discussions and thoughtful deliberations, especially in the evaluation of risk and in support of sound decision-making;

The current size, food industry focus, and relatively straightforward organizational structure of the Company allows the Chairman of the Board and Chief Executive Officer roles to be effectively combined; and

The non-management directors meet regularly in private sessions to discuss issues regarding the Company.

The Board's Role in Risk Oversight

Together with the Board's standing committees, the Board is responsible for ensuring that material risks are identified and managed appropriately. The Board and its committees regularly review material operational, financial, compensation and compliance risks with senior management. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's policies and guidelines to govern the process by which risk assessment and risk management are undertaken by management, including guidelines and policies to identify the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. For example, our Vice President of Internal Audit reports to the Audit Committee on a regular basis with respect to compliance with our risk management policies. The Audit Committee also performs a central oversight role with respect to financial and compliance risks, and reports on its findings at each regularly scheduled meeting of the Board after meeting with our Vice President of Internal Audit and our independent auditor, Deloitte & Touche LLP. The Compensation Committee considers risk in connection with its design of compensation programs for our executives. The Nominating and Corporate Governance Committee annually reviews the Company's Corporate Governance Guidelines and their implementation. Each committee regularly reports to the Board.

Meetings of the Board of Directors

The Board met seven times during 2013. Each of the members of the Board participated in over 75% of the meetings of the Board and committees that took place while such person was a member of the Board and the applicable committee. Members of the Board are expected to attend each meeting, as set forth in the Company's Corporate Governance Guidelines. It is the Board's policy that all of our directors attend the Annual Meeting of Stockholders, absent exceptional cause. Each of the directors attended the Annual Meeting of Stockholders in 2013. The non-management directors of the Company meet regularly (at least quarterly) in executive sessions of the Board without management present. The Lead Independent Director presides over non-management sessions.

The Board has established standing Audit, Compensation, and Nominating and Corporate Governance Committees. The Board determines the membership of each of these committees from time to time, and only outside directors serve on these committees.

Role of Compensation Consultants

The Compensation Committee has elected to engage Meridian Compensation Partners LLC (Meridian) as the Compensation Committee's on-going independent executive compensation consultant. Meridian does not provide consulting services to the Company other than the services provided directly to the Compensation Committee. Meridian provides a review of the competitiveness and appropriateness of all elements of compensation for the Chief Executive Officer, Chief Financial Officer and the three most highly compensated executive officers of the Company other than the Chief Executive Officer and Chief Financial Officer (collectively, the Named Executive Officers or NEOs) and advice on new and existing executive compensation programs and other related matters.

At the Compensation Committee's direction, management provides all executive compensation materials to the independent consultant and discusses all such materials and recommendations with the independent consultant. The independent consultant considers the information and provides independent data to the Compensation Committee to facilitate its decision-making process. The independent consultant regularly meets with the Compensation Committee in executive sessions without members of management present.

The Compensation Committee has reviewed the independence of Meridian in light of SEC rules and NYSE listing standards regarding compensation consultants and has concluded that Meridian's work for the Compensation Committee does not raise any conflict of interest.

Compensation Risk Assessment

Senior human resource executives of the Company and the Compensation Committee consultant have conducted a risk assessment of our employee compensation programs, including our executive compensation programs. The Compensation Committee and its consultant reviewed and discussed the findings of the assessment and concluded that our employee compensation programs are designed with the appropriate balance of risk and reward in relation to our Company’s overall business strategy and do not incentivize executives or other employees to take unnecessary or excessive risks. As a result, we believe that risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In its discussions, the Compensation Committee considered the attributes of our programs in 2013, including:

The appropriate compensation mix between fixed (base salary) and variable (annual and long-term incentive) pay opportunities;

The assessment of fixed, variable, and total direct compensation pay opportunities with market data and market practices for the NEOs;

The alignment of annual and long-term incentive award objectives to ensure that both types of awards encourage consistent behaviors and sustainable performance results;

Performance metrics that are tied to key Company measures of short and long-term performance;

The alignment of the timing of the achievement and realization of income from annual and long-term incentive performance and payouts from these plans;

Stretch yet achievable performance targets in the annual and long-term incentive plans; and

The mix of long-term incentive vehicles that encourage value creation, retention, and stock price appreciation.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for NEOs. This section includes information regarding, among other things, the overall objectives of our compensation program and each element of compensation that we provide.

Objectives of Our Compensation Program

TreeHouse was formed in 2005 by Dean Foods Company ("Dean Foods") through a spin-off of the Dean Specialty Foods Group and the subsequent issuance of TreeHouse common stock to Dean Foods shareholders. Six months prior to the spin-off, Dean Foods recruited Messrs. Reed, Vermynen (our former President and Chief Operating Officer who transitioned to a consulting role effective July 1, 2011), O'Neill, Walsh and E. Nichol McCully (our former Chief Financial Officer who retired in April 2006) to lead the Company. These individuals collectively invested \$10 million of their own money in Company stock and received a compensation package that Dean Foods Company determined was fair and comparable to other spun-off companies. In connection with the spin-off, on June 28, 2005, Messrs. Reed, Vermynen, O'Neill, Walsh and McCully received restricted stock and restricted stock units which would vest only after performance criteria were achieved (referred to as the Founder Award Grant) as well as pre-approved stock options.

Since the Company's inception in 2005, our overriding compensation philosophy, goals and objectives for executive compensation programs have been:

To attract, motivate and retain superior leadership talent for the Company.

To closely link NEO compensation to our performance goals with particular emphasis on rapid growth, operational excellence and acquisitions through attractive annual incentive opportunities based on stretch targets.

To support business strategies, plans and initiatives that drive superior long-term value for stockholders.

To link pay to performance by providing a significant majority of NEOs' total compensation opportunity in variable or at-risk compensation programs (annual and long-term incentive plans).

To align our NEOs' financial interests with those of our stockholders by delivering a substantial portion of their total compensation in the form of equity awards and other long-term incentive vehicles.

Compensation Process Overview

Below we highlight certain executive compensation practices that we consider instrumental in driving company performance while mitigating risk, as well as practices that we avoid because we do not believe they would serve the interest of the shareholders.

What We Do

Benchmark pay based on the size-adjusted third quartile of the companies with which we compete for business and for talent.

Maintain a pay mix that is heavily performance-based.

Fully disclose the financial performance drivers used in our incentives, in numeric terms.

Use different performance metrics in the annual incentive and long-term incentive plan, to avoid heavy reliance on one definition of success.

Maintain stock ownership guidelines for executives.

Require double trigger vesting for cash severance payments in the executive severance policy.

Retain an independent compensation consultant engaged by, and reporting directly to, the Compensation Committee.

Hold Compensation Committee executive sessions without management present.

Table of Contents

Instituted a claw back policy beginning in 2014.

Eliminated excise tax gross up provisions from all executive employment agreements and severance plans.

Allow stockholders the right to call special meetings via majority voting.

What We Don't Do

Backdate stock options or reprice without shareholder approval.

Permit hedging transactions or short sales by executives or directors.

Permit pledging or holding company stock in a margin account by executives or directors.

Maintain excise tax gross-up provisions for executives.

We do not have a poison pill take-over defense plan.

We believe our key stakeholders, including stockholders and employees, are best served by having our executives focused and rewarded based on the long-term results of the Company. In addition, it is important that a significant portion of NEO pay be tied to incentive compensation to reinforce our pay-for-performance compensation philosophy.

In 2013, at target, NEOs received over half (51%-66%) of their total compensation opportunity awarded through long-term incentive awards. In addition, NEOs received, on average, approximately 19% of their total compensation opportunity in the form of the annual incentive award. In total, over three-fourths of NEOs' total direct compensation opportunity, on average, is delivered in the form of incentive compensation, which supports our pay-for-performance compensation philosophy.

We work with the Compensation Committee's consultant, Meridian, to review our compensation programs to ensure competitiveness and benchmark these programs (on a size-adjusted basis) with companies with whom we compete for our management talent. These companies consist of competitors in one or more of our product categories and other similar companies in the private label and general food and beverage industry and form TreeHouse's compensation comparator group (the Compensation Comparator Group). The 2013 Compensation Comparator Group was modified from the prior year to include Flowers Foods Inc. and Cott Corp. and exclude Chiquita Brands and Seneca Foods Corp. Chiquita Brands and Seneca Foods Corp. were removed from the group due to small market capitalization size and divergent business models. Flowers Foods Inc. and Cott Corp. were added because they both fall within relevant size parameters and are considered by the Compensation Committee to be competitors for executive talent. The 2013 Compensation Comparator Group is as follows:

Company	2012 Annual Revenues	March 28, 2013 Market Capitalization
HORMEL FOODS CORP.	\$ 8,752	\$ 10,895

In addition to the Compensation Comparator Group, Meridian provides survey data for other companies of similar size to the Company from both general industry and the packaged foods sector. We believe that this additional information broadens our awareness of the practices of companies with whom we compete for management talent. Meridian then uses a combination of these sources to help us determine appropriate salary levels, annual incentive target percentages and metrics used in the annual incentive plan, and appropriate long-term incentive plan design, including grant values for our Named Executive Officers. The Compensation Committee also considers recommendations from the Company's Chief Executive Officer regarding salary, annual incentive and long-term incentive awards for senior executives other than the Chief Executive Officer.

Once NEO total compensation opportunities have been determined using the above-mentioned executive compensation data sources, we reward our management team with respect to annual and long-term incentives based on how well we perform compared to a broader food and beverage-focused performance comparator group (the Performance Comparator Group). We do this by considering the market expectations of the Performance Comparator Group in setting our budgets with targets reflecting performance that exceeds the expected performance of this group. We believe this provides a clear and objective way of ensuring our management team's compensation and incentives are aligned with stockholder interests.

The following companies are included in our Performance Comparator Group*:

Archer Daniels Midland Co.	General Mills, Inc.	Kraft Foods Inc.
B&G Foods, Inc.	Hain Celestial Group, Inc.	Lancaster Colony Corp
Campbell Soup Co.	H.J. Heinz Company	McCormick & Co. Inc.
ConAgra Foods Inc.	Ingredion (formerly Corn Products Int'l)	Sara Lee Corporation
Dean Foods*	J&J Snack Foods Corp.	Snyders-Lance, Inc.
Farmer Bros. Inc.	JM Smucker Co.	
Flowers Foods, Inc.	Kellogg Co.	

* We removed Peet's Coffee and Tea and Ralcorp Holdings, Inc. from our Performance Comparator Group, as these companies were acquired and are no longer independently publicly traded companies. Dean Foods is included in the Performance Comparator Group as it falls within relevant size parameters and is considered a comparator company.

Role of 2013 Advisory Approval of Executive Compensation in the Compensation Setting Process

The Compensation Committee reviewed the results of the 2013 stockholder advisory approval of NEO compensation and incorporated the results as one of many factors considered in connection with the discharge of its responsibilities. Because a substantial majority (over 88%) of our stockholders at the 2013 Annual Meeting approved the compensation program described in our 2013 proxy statement, the Compensation Committee did not implement changes to our executive compensation program.

Components of Compensation

There are three primary components to our management compensation program: base salary, annual cash incentive and long-term incentive compensation. Our management team has been assembled to lead a growth company that will expand significantly in size and complexity over time. We believe that total compensation (base salary, annual cash incentive and long-term incentive) should be in the third quartile of our competitive benchmarks when those benchmarks are size adjusted (through regression analysis) to our current revenue size. We seek to have each of these components at levels that are competitive with our Compensation Comparator Group. The Company continues to assess the competitive position of each of our components of compensation in relation to our competitors.

Base Salary: We have positioned the base salary somewhat above the median for similarly sized businesses, allowing us to attract talent that has the ability to grow and lead a much larger business in the near future. For 2013, we increased the salaries for the executive officers (including NEOs) by 2.7%, effective March 1, 2013, after evaluating market data from several leading survey sources (including Meridian, Hewitt, Hay Group and Mercer).

Table of Contents

Annual Cash Incentive Plan: Our NEOs' annual incentive opportunity also reflects a third quartile position. The annual incentive for all NEOs is based on attaining specific annual performance targets such as the operating net income targets determined by the Board, as adjusted positively or negatively for unusual items, and cash flow targets. The operating net income measure was selected because it aligns with and helps drive our profitable growth strategy. The operating cash flow measure has been chosen because substantive positive cash flow enables us to pay down debt and help fund our growth through acquisition strategy.

For all NEOs in 2013, the amount of the potential incentive was 80% tied to the achievement of an operating net income target of approximately \$117 million (based on the Company's budgeted operating net income established by the Compensation Committee), adjusted (as approved by the Compensation Committee) for acquisitions and unusual items. The remaining 20% of the potential incentive was tied to the achievement of an operating cash flow target of approximately \$121 million. During 2012, Messrs. Reed, Riordan and O'Neill had the same incentive plan as provided in 2013, while Messrs. Sliva and Walsh had 50% of their annual incentive plan tied to the aforementioned performance measures, and 50% of their annual incentive aligned with our main operating unit, Bay Valley Foods. Their resulting annual incentive opportunity was based on the achievement of the operating net income target (60% of total opportunity), the operating cash flow target (15% of total opportunity), and on the achievement of our operating company's EBIT (25% of total opportunity). The change in plan design for Messrs. Sliva and Walsh were made so that their efforts as NEOs of the Company are more closely aligned with the results of the entire Company, which helps drive increased performance. We do not otherwise use discretion in determining the amount of incentive compensation paid to NEOs. We consider the market expectations of our stock and year-over-year internal stretch goals, in setting our budget with targets reflecting performance that exceeds the expected performance of our Performance Comparator Group. In establishing goals, the Compensation Committee strives to ensure that the targets are consistent with the strategic goals set by the Board, and that the goals set are sufficiently ambitious so as to provide meaningful results, but with an opportunity to exceed targets if performance exceeds expectations. We believe the annual incentive plan keeps management focused on attaining strong near term financial performance. The 2013 annual incentive opportunity for the NEOs was awarded as follows:

		Minimum	Target	Maximum	Actual
Sam K. Reed	Chairman, Chief Executive Officer, and President	\$ 0	\$ 961,000	\$ 1,922,000	\$ 1,273,700
Dennis F. Riordan	Executive Vice President and Chief Financial Officer	\$ 0	\$ 350,000	\$ 700,000	\$ 463,887
Christopher D. Sliva	Executive Vice President of TreeHouse Foods, Inc. and President of Bay Valley Foods, LLC	\$ 0	\$ 359,800	\$ 719,600	\$ 476,875
Thomas E. O'Neill	Executive Vice President, General Counsel, Chief Administrative Officer and Corporate Secretary	\$ 0	\$ 315,000	\$ 630,000	\$ 417,498
Harry J. Walsh	Executive Vice President, Acquisitions Integration	\$ 0	\$ 315,000	\$ 630,000	\$ 417,498

NEOs begin to earn payouts under the plan upon achievement of 90% of the targets ratably up to the achievement of targeted payment upon the full achievement of 100% of the targets. In addition, a NEO can earn 200% of the targeted payment if 110% or more of the targets are achieved. In 2013, after adjusting for unusual items and acquisitions, we attained approximately \$119 million in operating net income or 102.1% of the operating net income target, which provided a payout of 120.7% on this performance measure. In 2013, TreeHouse achieved approximately \$131 million of the operating cash flow or 108.0% of the cash flow target which resulted in a 179.9% of target payment on this performance measure. The actual amounts listed in the table above are included in the summary compensation table.

Long-Term Incentive Compensation: The long-term incentive compensation program also reflects a third quartile position and was established to ensure that our senior management team is focused on long-term growth, profitability, and value creation. We believe our key stakeholders, including stockholders and employees, are best served by having our executives focused and rewarded based on the longer-term results of our Company. We accomplish this through five primary programs, the use of which has varied over the years:

Stock Options

Restricted Stock

Restricted Stock Units

Performance Units

Cash Long-Term Incentive Plan

2013 Long-Term Incentive Grant

In 2010, TreeHouse management and Meridian undertook a rigorous, extensive project to redesign the long-term incentive (LTI) plan. The LTI plan designs of our Compensation Comparator Group were carefully reviewed for prevalence and mix of long-term incentive vehicles utilized in their programs. Balancing the needs of our business strategy, market practices, and share availability, an LTI plan was designed, approved, and implemented in 2010 and continued in 2013, subject to the modifications described below:

For NEOs, TreeHouse Vice Presidents, and Bay Valley Foods Senior Vice Presidents, in 2013, we utilized three LTI vehicles to deliver the appropriate value: non-qualified stock options, restricted stock units and performance units. In 2010 and 2011, for NEOs, we used a Cash LTIP award (described below) in lieu of performance units.

Stock Options: The non-qualified stock options vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 37.5% of the LTI grant value.

Restricted Stock Units: The restricted stock units vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 25% of the LTI grant value.

Performance Units: The performance units are earned based on achieving operating net income goals in each of the performance periods listed below and represented 37.5% of the LTI grant value. The performance periods of the 2013 performance units are as follows: July 1, 2013 through December 31 2013; calendar year 2014; calendar year 2015; and the cumulative period July 1, 2013 through December 31, 2015. The performance units will be converted to stock or cash at the discretion of the Compensation Committee on the third anniversary of the date of grant. The Company expects the performance units to be settled in stock and has the shares available to do so. For the performance period July 1, 2013 through December 31, 2013, the operating net income target was approximately \$64 million. The operating net income targets for calendar years 2014, 2015 and the cumulative performance period are 110% of calendar year 2013 operating net income budget, 110% of the calendar year 2014 target, and the sum of the three target amounts, respectively. The number of units that will be earned is based on the level of achievement relative to the targets. There is no payout below 80% achievement, and payout is up to 200% of target if achievement meets or exceeds 120% of the operating net income target. Beginning in 2012, performance units replaced Cash LTIP awards (for NEOs), as a result of the share

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

authorization from the 2011 Annual Meeting, where additional shares were approved and became available for issuance. Prior to the approval, Cash LTIP awards were issued, in part, to preserve shares under the long-term incentive plan and to ensure a majority of the value of LTI awards were issued in performance-based LTI vehicles. The Company has utilized a portfolio approach to the NEOs LTI awards for several years and the switch to Performance units maintains this approach and ensures a majority of their awards are granted in performance-based vehicles. The Company prefers the portfolio approach because it accomplishes several important objectives: the alignment of NEO and shareholder interests, retention, and a focus on long-term Operating Net Income performance.

Table of Contents

Outstanding Cash Long-Term Incentive Awards (Cash LTIP) Granted in Prior Years: In addition to the awards noted above, the NEOs, with the exception of Mr. Sliva, have outstanding Cash LTIP awards that were issued in 2011. These awards have a single performance measure of operating net income. The performance target was set by considering the long-term market expectations of our stock and by setting targets that exceed the long-term targets of our Performance Comparator Group. The Cash LTIP pays out on the third anniversary of the grant date and is based on achieving operating net income results in each of the performance periods listed below, and represented 37.5% of the LTI grant in 2011.

2011 Cash LTIP: The performance periods for the 2011 Cash LTIP are as follows: July 1, 2011 through December 31, 2011; calendar 2012; calendar 2013, and the cumulative period July 1, 2011 through December 31, 2013. For the performance period July 1, 2011 through December 31, 2011, the operating net income target was approximately \$81 million. The operating net income targets for calendar years 2012, 2013, and the cumulative performance period are 111.5% of the calendar year 2011 operating net income budget, 111.8% of the calendar year 2012 target, and the sum of the three target amounts, respectively. There is no payout below 80% achievement, and payout is up to 200% of target if achievement meets or exceeds 120% of the operating net income target. Based on actual results, no amounts have been earned under the first two tranches of the 2011 Cash LTIP award, while approximately 51% of the third tranche of the 2011 Cash LTIP has been earned and included in the 2013 Summary Compensation Table. The 2011 Cash LTIP will be paid in June 2014, upon approval of the Compensation Committee.

For TreeHouse and Bay Valley Foods senior director level leaders, we delivered the LTI value using two vehicles: stock options and restricted stock units.

Stock Options: The non-qualified stock options vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 37.5% of the LTI grant value.

Restricted Stock Units: The restricted stock units vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 62.5% of the LTI grant value.

For all other eligible participants, the LTI value was delivered through the granting of restricted stock units that vest ratably over a three year period, subject to the grantee's continued employment at TreeHouse, beginning on the first anniversary of the grant date.

Stock Ownership and Holding Policies

Since the Company's inception in 2005, when the original five NEOs invested \$10 million of their own money into the Dean Specialty Foods spin-off, we have maintained a strong stock ownership culture at TreeHouse, with our NEO stock positions traditionally exceeding stock ownership guidelines at nearly all Fortune 500 companies. In addition, the NEO team beneficially owns approximately 6.0% of TreeHouse shares outstanding as of February 28, 2014.

Consistent with prevalent and best practices at publicly traded companies, in February 2012, we adopted formal stock ownership guidelines for our corporate officers. These guidelines provide that our officers must achieve, within five years of reaching officer status, specified stock ownership levels based on a multiple of such officer's base salary. Shares of stock owned outright or through a trust, restricted stock and restricted stock units count towards fulfillment of the guidelines. The required stock ownership levels that must be attained by our corporate officers within the five-year period are as follows:

Position	Required Share Ownership Level
Chief Executive Officer	5X of Base Salary
Other Named Executive Officers	3X of Base Salary
Other Senior Vice Presidents	2X of Base Salary

All of our corporate officers are currently in compliance with these guidelines.

Table of Contents

Based on the practice of significant stock ownership at TreeHouse and desire to give freedom of choice, we do not have equity holding policies for employees upon the exercise of stock options and the vesting of performance units or restricted stock units.

General Compensation Matters

All matters of our executive compensation programs are reviewed and approved by the Compensation Committee of the Board. This includes approving both the amounts of compensation and the timing of all grants. The Compensation Committee is given full access to its compensation expert, and has elected to use Meridian to provide consulting services with respect to the Company's executive compensation practices including salary, bonus, perquisites, equity incentive awards, deferred compensation and other matters. The Compensation Committee regularly meets with Meridian representatives without the presence of Company management.

More details regarding the employment agreements of our management investors are summarized below.

Executive Perquisites: TreeHouse annually reviews the Company's practices for executive perquisites with the assistance of Meridian. We believe that the market trend is moving toward a cash allowance in lieu of various specific executive benefits such as automobile plans, financial planning consulting or club fees. We have granted an annual allowance of \$25,000 to Mr. Reed and \$10,000 to all other NEOs to cover these types of benefits. This approach reduces the administrative burden of such programs and satisfies the desire to target market practices. These allowances are not included as eligible compensation for bonus or other purposes, and do not represent a significant portion of the executive's total compensation. Our Board has also adopted policies regarding the personal use of the Company-owned aircraft by our NEOs. Generally, personal use is permitted, subject to availability. Personal use of the Company aircraft is principally utilized by our Chief Executive Officer. Personal use by other NEOs is infrequent. We calculate compensation for personal use based on the incremental costs of operating the aircraft. The largest single component of this cost is fuel. The 2013 Summary Compensation Table beginning on page 27 of this Proxy Statement contains itemized disclosure of all perquisites to our NEOs, regardless of amount.

Deferred Compensation Plan: Our Deferred Compensation Plan allows certain employees, including the NEOs, to defer receipt of salary and/or bonus payments. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds selected by the participants in the plan. We do not match amounts that are deferred by employees in the Deferred Compensation Plan. However, to the extent that employees in the Deferred Compensation Plan have their match in the 401(k) plan limited as a result of participating in the Deferred Compensation Plan, the lost match would be credited instead to the Deferred Compensation Plan. Distributions are paid either upon termination of employment or at a specified date (at least two years after the original deferral) in the future, as elected by the employee. The employee may elect to receive payments in either a lump sum or a series of installments. Participants may defer up to 100% of eligible salary and bonus payments. The Deferred Compensation Plan is not funded by us, and participants have an unsecured contractual commitment from us to pay the amounts when due. When such payments are due to employees, the cash will be distributed from our general assets.

We provide deferred compensation to permit our employees to save for retirement on a tax-deferred basis. The Deferred Compensation Plan permits them to do this while also receiving investment returns on deferred amounts, as described above. We believe this is important as a retention and recruitment tool, as many of the companies with which we compete for executive talent provide a similar plan for their senior employees.

Employment Agreements: We have entered into employment agreements with Messrs. Reed, O'Neill, Walsh, Riordan and Sliva. These agreements provide for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without Cause or leaving employment for Good Reason, as these terms are defined in the employment agreements. The agreements also provide for benefits upon a qualifying event or circumstance after there has been a Change-in-Control (as defined in the agreements) of the Company. Additional information regarding the employment agreements, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on December 31, 2013, is found under the heading Potential Payments Upon Termination Or Change In Control.

Table of Contents

We believe these severance programs are an important part of our overall compensation arrangements for our NEOs. We also believe these agreements will help to secure the continued employment and dedication of our NEOs prior to or following a change in control, without concern for their own continued employment. We also believe it is in the best interest of our stockholders to have a plan in place that will allow management to pursue all alternatives for the Company without undue concern for their own financial security. We also believe these agreements are important as a recruitment and retention device, as most of the companies with which we compete for executive talent have similar agreements in place for their senior employees. We have received consulting services from Meridian with regard to market practices in an evaluation of severance programs.

In February 2014, prior to the issuance of this proxy statement, we amended the agreements with Messrs. Reed, O'Neill and Walsh to remove the excise tax gross-up provision from each agreement. Consequently, under their current employment agreements, none of our named executive officers (including Messrs. Riordan and Sliva) will receive a gross up payment from the Company to the extent they incur excise taxes under Section 4999 of the Code.

401(k) Savings Plan: Under the TreeHouse Foods Savings Plan (the Savings Plan), a tax-qualified retirement savings plan, Company employees, including our NEOs, may contribute up to 80% of regular earnings on a before-tax basis into their Savings Plan accounts (subject to IRS limits). Total contributions may not exceed 80% of eligible compensation. In addition, under the Savings Plan, we match an amount equal to one dollar for each dollar contributed by participating employees on the first 3% of their eligible compensation and fifty cents for each additional dollar contributed on the next 2% of their eligible compensation. Amounts held in Savings Plan accounts may not be withdrawn prior to the employee's termination of employment, or such earlier time as the employee reaches the age of 59½, subject to certain exceptions established by the IRS.

Recoupment Policy: We have adopted a recoupment (clawback) policy effective for all cash and equity based incentive awards granted on or after January 1, 2014. The policy applies to all our employees at or above the Vice President level (which includes our NEOs) and is administered by our Compensation Committee. Under the policy, if the Company is required to restate its financial statements due to material noncompliance with its financial reporting requirements under securities laws and a covered individual is determined to have knowingly and willfully engaged in conduct which was a material factor in such restatement, the Compensation Committee may seek reimbursement of any excess compensation from any cash and equity based awards granted to such covered individual in the preceding 3 years (or preceding 12 months in the case of recoupment of proceeds from the sale of shares pursuant to stock options or restricted stock units).

Tax Treatment of Executive Compensation: Section 162(m) of the Code imposes a limitation on the deductibility of non-performance-based compensation in excess of \$1 million for the Chief Executive Officer of the Company and each of the three next most highly compensated executive officers (other than the Chief Financial Officer). Our equity and incentive plan is designed to allow us to grant awards that may qualify for the performance-based exception to the Section 162(m) deductibility limit. Many of our key incentive programs are linked to the financial performance of the Company, and, therefore, we believe that we will preserve the deductibility of these executive compensation payments. However, deductibility of executive compensation is only one important factor considered by the Compensation Committee when determining compensation and the Compensation Committee retains the flexibility to award compensation that may exceed the limitation on deductibility under Section 162(m) when it believes it is in the Company's and stockholders' best interests.

(a) Consists of awards under our AIP program, which is granted under our Equity and Incentive Plan. In 2013, 132.5% of the target was earned by Messrs. Reed, Riordan, O Neill, Sliva and Walsh. These AIP amounts are reported as Non-Equity Incentive Plan Compensation in the 2013 Summary Compensation Table. Payouts under the AIP may range from \$0 up to the maximum as described above. Therefore, in

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

accordance with SEC rules, we have omitted the threshold column.

- (b) Consists of performance units that are granted under our Equity and Incentive Plan. The performance unit awards have a cumulative performance period of July 1, 2013 to December 31, 2015. For the interim performance period of July 1, 2013 to December 31, 2013, the performance measure results were 106.0% of target; accordingly, each NEO earned 130.0% of the first tranche of the award, (as the threshold performance for earning payout is 80%).

- (c) Consists of restricted stock units granted under the Equity and Incentive Plan that vest annually in three approximately equal tranches, beginning on the first anniversary of the grant date.

- (d) Consists of non-qualified stock options granted under the Equity and Incentive Plan that vest annually in three approximately equal tranches, beginning on the first anniversary of the grant date. The non-qualified options have a strike price of \$65.97 which was the closing price of our Common Stock on date of grant.

- (e) The grant date fair value of the performance units is based on target performance.

Employment Agreements

On January 27, 2005, the Company entered into employment agreements with Messrs. Reed, O Neill and Walsh. These individuals are referred to as the management investors. The terms of these employment agreements are substantially similar, other than the individual's title, salary, bonus, option, restricted stock, and restricted stock unit entitlements. The employment agreements provided for a three-year term that ended on June 28, 2008. The employment agreements also provide for one-year automatic extensions, absent written notice from either party of its intention not to extend the agreement.

Under the employment agreements, each management investor is entitled to a base salary at a specified annual rate, plus an incentive bonus based upon the achievement of certain performance objectives to be determined by the Board. The employment agreements also provided that each management investor received restricted shares and restricted stock units of our Common Stock and options to purchase additional shares of our Common Stock, subject to certain conditions and restrictions on transferability. These grants were intended to cover a three year period, from 2005 through the end of 2007. In 2008, the management investors began to participate in the Company's long-term incentive grants as summarized in the tables above.

Each management investor is also entitled to participate in any benefit plan we maintain for our senior executive officers, including any life, medical, accident, or disability insurance plan, and any pension, profit sharing, retirement, deferred compensation or savings plan for our senior executive officers. We also will pay the reasonable expenses incurred by each management investor in the performance of his duties to us and indemnify the management investor against any loss or liability suffered in connection with such performance.

We are entitled to terminate each employment agreement with or without Cause (as defined in the employment agreements). Each management investor is entitled to terminate his employment agreement for Good Reason (as defined in the employment agreements) which includes a reduction in base salary or a material alteration in duties and responsibilities or for certain other specified reasons, including the death, disability or retirement of the management investor. If an employment agreement is terminated without Cause by us or with Good Reason by a management investor, the management investor will be entitled to a severance payment equal to two times (or three times, in the case of Mr. Reed) the sum of the annual base salary payable, continuation of all health and welfare benefits for two years (three years in the case of Mr. Reed) and the target bonus amount owed to the management investor immediately prior to the end of the employment period, plus any incentive bonus the management investor would have been entitled to receive for the calendar year, had he remained employed by the Company. If an employment agreement is terminated under the same circumstances and within 24 months after a change of control of the Company, the management investor will be entitled to a severance payment equal to three times the annual base salary and target bonus amount payable to the management investor immediately prior to the end of the employment period, plus any incentive bonus the management investor would have been entitled to receive for the calendar year had he remained employed by the Company.

In February 2014, prior to the issuance of this proxy statement, we amended the agreements with Messrs. Reed, O Neill and Walsh to remove the excise tax gross-up provision from each agreement. Consequently, under their current employment agreements, none of our named executive officers (including Messrs. Riordan and Sliva) will receive a gross up payment from the Company to the extent they incur excise taxes under Section 4999 of the Code.

The terms and conditions of Messrs. Riordan and Sliva's employment agreements are similar in nearly all material respects to the management investor agreements (as amended) with regard to salary, bonus, benefits

plans and severance. The exception is that they did not receive the three year equity grant that was provided to the management investors in 2005. Messrs. Riordan and Sliva have been receiving long-term incentive grants, which are summarized in the tables above and described below, since they joined the Company.

Awards

The grant for each NEO is listed in the 2013 Grants of Plan Based Awards Table on page 28. The significant features of the 2013 equity incentives are as follows:

2013 Non-Qualified Stock Options

The NEOs received an annual stock option grant on June 27, 2013, that vests annually in three approximately equal tranches, beginning on the first anniversary of the grant date.

2013 Restricted Stock Units

The NEOs and other managers of the Company received an annual restricted stock unit grant on June 27, 2013, that vests annually in three approximately equal tranches, beginning on the first anniversary of the grant date.

2013 Performance Units

The performance units, are earned based on achieving operating net income goals in each of the performance periods listed below and represented 37.5% of the LTI grant value. The performance periods of the 2013 performance units are as follows: July 1, 2013 through December 31 2013; calendar year 2014; calendar year 2015; and the cumulative period of July 1, 2013 through December 31, 2015. The performance units will be converted to stock or cash at the discretion of the Compensation Committee on the third anniversary of the date of grant. The Company expects the performance units to be settled in stock and has the shares available to do so. For the performance period July 1, 2013 through December 31, 2013, the operating net income target was approximately \$64 million. The operating net income targets for calendar years 2014, 2015 and the cumulative performance period are 110% of calendar year 2013 operating net income budget, 110% of the calendar year 2014 target, and the sum of the three target amounts, respectively. The number of units that will be earned is based on the level of achievement relative to the targets. There is no payout below 80% achievement, and payout is up to 200% of target if achievement meets or exceeds 120% of the operating net income target.

(a) Amounts in this column are not included in the 2013 Summary Compensation Table of this Proxy Statement.

The 2013 Non-Qualified Deferred Compensation Table presents amounts previously deferred under our Deferred Compensation Plan.

Participants may defer up to 100% of their base salary and annual incentive plan payments under the Deferred Compensation Plan. Deferred amounts are credited with earnings or losses based on the return of mutual funds selected by the executive, which the executive may change at any time. We do not make contributions to participants' accounts under the Deferred Compensation Plan, except to the extent that employees in the plan have their Company matching contributions in the 401(k) plan limited as a result of participating in the Deferred Compensation Plan. Distributions are made in either a lump sum or an annuity as chosen by the executive at the time of the deferral.

The earnings on Mr. Reed's Deferred Compensation Plan account were measured by reference to a portfolio of publicly available mutual funds chosen by Mr. Reed in advance and administered by an outside third party. As presented above, Mr. Reed's 2013 annualized gain was approximately 26.3%. Messrs. Riordan, Sliva, O'Neill and Walsh do not participate in the Deferred Compensation Plan.

Potential Payments Upon Termination Or Change In Control

As noted on page 29 of this Proxy Statement, we have entered into employment agreements with all of our NEOs. The employment agreements provide for payments of certain benefits, as described below, upon the termination of an NEO. The NEO's rights upon termination of his employment depend upon the circumstance of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of Cause and Good Reason that are used in the employment agreements. For purposes of the employment agreements:

We have Cause to terminate the NEO if the NEO has engaged in any of a list of specified activities, including refusing to perform duties consistent with the scope and nature of his position, committing an act materially detrimental to the financial condition and/or goodwill of us or our subsidiaries, commission of a felony or other actions specified in the definition.

The NEO is said to have Good Reason to terminate his employment and thereby gain access to the benefits described below if we assign the NEO duties that are materially inconsistent with his position, reduce his compensation, call for relocation, or take certain other actions specified in the definition.

The employment agreements require, as a precondition to the receipt of these payments, that the NEOs sign a standard form of release in which the NEO waives all claims that the NEO might have against us and certain associated individuals and entities. The NEOs' employment agreements also include non-compete and non-solicit provisions that would apply for a period of one year following the NEO's termination of employment, and confidentiality provisions that would apply for an unlimited period of time following the NEO's termination of employment.

Table of Contents

The employment agreement for each NEO specifies the payment to each individual in each of the following situations:

Involuntary termination without cause or resignation with Good Reason

Retirement

Death or disability

Termination without Cause or with Good Reason after change-in-control

Meridian has reviewed the existing change-in-control severance provisions of our NEOs' employment agreements relative to the current practices of our Compensation Comparator Group and has found our practices to be within the norms of the group.

Employment Agreements

In the event of an involuntary termination of the NEO without Cause, or resignation by the NEO for Good Reason, the NEO will receive two times his base salary and target bonus (three times in the case of Mr. Reed), and continuation of all health and welfare benefits for two years (three years in the case of Mr. Reed).

In the event of an involuntary termination of the employee without Cause, or resignation by the employee for Good Reason within a 24 month period immediately following a change-in-control of the Company, the NEO will receive three times the amount of his base salary and target bonus, and continuation of all health and welfare benefits for three years. Upon amendment of the employment agreements of Messrs. Reed, O'Neill and Walsh in February 2014, no employees are eligible to receive a gross-up payment from the Company to the extent they incur excise taxes under Section 4999 of the Code.

In the event of death, disability or retirement, the NEO will receive no additional payments. In the event of disability, NEOs receive continuation of health and welfare benefits for three years.

Equity and Incentive Plan

The Company has issued equity awards to our NEOs that are subject to the terms and conditions of the Equity and Incentive Plan, and include stock options, restricted stock, restricted stock units, performance unit awards, and Cash LTIP awards.

In the event of an involuntary termination of the NEO without cause, or resignation by the NEO for Good Reason, no unvested options shall become vested or exercisable, nor will unvested restricted stock or restricted stock units vest. For performance units and Cash LTIP awards, the NEO shall receive accrued awards plus a pro rata portion of the award (based on the number of full calendar months served during the performance period divided by the length of the performance period) that would have accrued for the performance period in which the NEO was terminated without Cause by the Company.

In the event of a change-in-control, unvested stock options will become fully vested; the restrictions on the restricted stock units will lapse. For performance units, they will be cancelled in exchange for a payment equal to the value that would have been payable had each performance unit been deemed equal to 100% (or such greater or lesser percentage as determined by the Compensation Committee) of its initially established dollar value. For Cash LTIP awards, each award will be cancelled in exchange for a payment equal to the payment that would have been payable had each Cash LTIP award been deemed to equal 100% (or such greater or lesser percentage as determined by the Compensation Committee) of the amount earned upon full achievement of applicable performance criteria.

In the event of death or disability unvested options will become fully vested, and upon death, disability or retirement, a pro rata portion of the restricted stock and restricted stock units that would be eligible for lapse of restrictions on the next anniversary date of the grant will lapse. All unvested stock options, restricted stock and restricted stock unit awards will be forfeited for any other reason of termination. For the performance units and Cash LTIP, the NEO shall receive accrued awards plus a pro rata portion of the award (based on number of full calendar

months served during the performance period divided by the length of the performance period) that would have accrued for the performance period in which the NEO was terminated due to death, disability, or retirement.
