401(k) Plan

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees are able to defer eligible compensation up to certain Code limits, which are updated annually. We have the ability to make matching and discretionary contributions to the 401(k) plan, but have not done so to date. Employee contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions. Employees are immediately and fully vested in their own contributions. The 401(k) plan is intended to be qualified under Section 401(a) of the Code, with the related trust intended to be tax exempt under Section 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) plan are deductible by us when made, and contributions and earnings on those amounts are not taxable to the employees until withdrawn or distributed from the 401(k) plan.

Employment, Severance and Change in Control Agreements

Employment Agreements

We have employment agreements with each of our Named Executive Officers. The agreements generally provide for at-will employment and set forth the executive officer's initial base salary, annual performance bonus opportunity, initial equity grant amount and eligibility for employee benefits. In addition, each of our named executive officers has executed a form of our standard confidential information and invention assignment agreement. The key terms of the employment agreements are described below. A "qualifying termination" for the purposes of the employment agreements is defined as a termination of the executive officer by us without cause, other than as a result of the executive officer's death or disability, or the resignation of the executive officer's employment with us with good reason.

Susan M. Molineaux, Ph.D.

In June 2010, we entered into an employment agreement with Dr. Molineaux, pursuant to which she commenced employment on an at-will basis as our President and Chief Executive Officer. Effective January 1, 2015, Dr. Molineaux receives an annual base salary of \$440,000, with an annual target bonus of 50% of that base salary, payable based on achievement of certain corporate goals to be established by us. Dr. Molineaux purchased 11,000 shares of common stock, 9,166 shares of which were subject to a right of repurchase under a restricted stock purchase agreement. Our repurchase rights had lapsed as to all shares as of June 2014.

Under the employment agreement, as amended in November 2011, if a qualifying termination occurs on or within 12 months following a change in control, she will receive a cash severance payment equal to the sum of 12 months of her annual base salary as in effect immediately prior to her termination, plus 100% of her annual target bonus. Upon a qualifying termination, other than following a change in control, Dr. Molineaux will receive a cash severance payment equal to the sum of 12 months of her annual base salary plus a pro-rated portion of her annual target bonus, based on our proportional accomplishments of that year's goal through the date of termination.

In addition, upon a qualifying termination, all of Dr. Molineaux's unvested equity awards will immediately vest and become exercisable, and outstanding options will remain exercisable for a period of up to 120 days, or until the expiration date of the award, if earlier. Also, Dr. Molineaux and her eligible dependents will be eligible to receive continued medical coverage for up to 12 months following her termination, so long as Dr. Molineaux timely elects such continued coverage. Receipt of these benefits is contingent upon Dr. Molineaux's execution and non-revocation of a release of claims in our favor, as well as her resignation from our board of directors.

William D. Waddill

In March 2014, we entered into an employment agreement with Mr. Waddill, pursuant to which he commenced employment on an at-will basis as our Senior Vice President, Chief Financial Officer, Treasurer and Secretary. Effective January 1, 2015, Mr. Waddill receives an annual base salary of \$325,000, with an annual target bonus of 35% of that base salary, payable based on achievement of certain corporate goals to be established by us. Pursuant to the employment agreement, we granted Mr. Waddill an initial stock option to purchase 90,006 shares of common stock. The option vests monthly over a four-year period. In addition, Mr. Waddill was paid a bonus of \$15,000 in connection with his commencement of employment, which bonus must be repaid in its entirety should Mr. Waddill be terminated for cause or resign without good reason during the first six months of his employment.

If a qualifying termination of Mr. Waddill occurs on or within 12 months following a change in control, he will receive cash severance in the form of continuing payments, in accordance with our regular payment schedule, of nine months of his annual base salary plus the greater of (i) 75% of his annual target bonus or (ii) 75% of a pro-rated portion of his annual target bonus calculated based on the proportional accomplishments of that year's goals through the date of termination. In addition, all of Mr. Waddill's unvested stock option will immediately vest and become exercisable.

Table of Contents

Upon a qualifying termination, other than following a change in control, Mr. Waddill will receive cash severance in the form of continuing payments, in accordance with our regular payment schedule, of nine months of his annual base salary plus a pro-rated portion of his annual target bonus calculated based on our proportional accomplishments of that year's goals through the date of termination. Also, in the case of any qualifying termination, Mr. Waddill and his eligible dependents will be eligible to receive continued health care coverage for up to nine months following any qualifying termination, so long as Mr. Waddill timely elects such continued coverage. Receipt of these benefits is contingent upon Mr. Waddill's execution and non-revocation of a release of claims in our favor.

Mark K. Bennett, Ph.D.

In September 2010, we entered into an employment agreement with Dr. Bennett, pursuant to which he commenced employment on an at-will basis as our Senior Vice President, Research. Effective January 1, 2015, Dr. Bennett receives an annual base salary of \$315,000, with an annual target bonus of 35% of that base salary, payable based on achievement of certain corporate and individual goals to be established by us. Pursuant to the employment agreement, we granted Dr. Bennett an initial stock option to purchase 1,833 shares of common stock, which fully vested in June 2014.

If a qualifying termination of Dr. Bennett occurs on or within 12 months following a change in control, he will receive a cash severance payment equal to the sum of 50% of his annual base salary, as in effect immediately prior to his termination, plus the greater of (i) 50% of his annual target bonus and (ii) 50% of a pro-rated portion of his annual target bonus calculated based on our proportional accomplishment of that year's goals through the date of termination. Upon a qualifying termination, other than on or within twelve months following a change in control, Dr. Bennett will receive a cash severance payment equal to the sum of 50% of his annual base salary (as in effect immediately prior to his termination) plus a pro-rated portion of his annual target bonus for the year in which he terminates employment, calculated based on our proportional accomplishment of that year's goals through the date of termination.

In addition, in the case of any qualifying termination, Dr. Bennett and his eligible dependents will be eligible to receive continued medical coverage for up to six months following his termination, so long as Dr. Bennett timely elects such continued coverage. Receipt of these benefits is contingent upon Dr. Bennett's execution and non-revocation of a release of claims in our favor.

Eric B. Sjogren, Ph.D.

In September 2010, we entered into an employment agreement with Dr. Sjogren, pursuant to which he commenced employment on an at-will basis as our Senior Vice President, Drug Discovery. Pursuant to the employment agreement, we granted Dr. Sjogren an initial stock option to purchase 1,833 shares of common stock, which option fully vested in June 2014.

If a qualifying termination of Dr. Sjogren occurs on or within 12 months following a change in control, he will receive a cash severance payment equal to the sum of 50% of his annual base salary, as in effect immediately prior to his termination, plus the greater of (i) 50% of his annual target bonus and (ii) 50% of a pro-rated portion of his annual target bonus. In addition, upon such qualifying termination, all of Dr. Sjogren's unvested equity awards will immediately vest and become exercisable. Upon a qualifying termination, other than on or within twelve months following a change in control, Dr. Sjogren will receive a cash severance payment equal to the sum of 50% of his annual base salary plus a pro-rated portion of his annual target bonus.

Also, Dr. Sjogren and his eligible dependents will be eligible to receive continued medical coverage for up to six months following his termination, so long as Dr. Sjogren timely elects such continued coverage. Receipt of these benefits is contingent upon Dr. Sjogren's execution and non-revocation of a release of claims in our favor.

Christopher J. Molineaux, Ph.D.

In June 2013, we entered into an employment agreement with Dr. Molineaux, pursuant to which he commenced employment on an at-will basis as our Senior Vice President, Development. Effective January 1, 2015, Dr. Molineaux receives an annual base salary of \$315,000, with an annual target bonus of 35% of that base salary, payable based on achievement of certain corporate and individual goals to be established by us. options will remain exercisable for a period of up to 120 days, or the expiration date of the award, if earlier. Stock Options

In March 2010, our stockholders approved the 2010 Equity Incentive Plan; or 2010 Plan, under which shares of common stock are reserved for the granting of options, stock bonuses, and restricted stock awards by the company. These awards may be granted to employees, members of the Board of Directors, and consultants to the company.

The 2010 Plan permitted us to (i) grant incentive stock options to directors and employees at not less than 100% of the fair value of common stock on the date of grant; (ii) grant nonqualified options to employees, directors, and consultants at not less than 85% of fair value; (iii) award stock bonuses; and (iv) grant rights to acquire restricted stock at not less than 85% of fair value. Options generally vest over a four- or five year period and have a term of ten years. Options granted to 10% stockholders have a maximum term of five years and require an exercise price equal to at least 110% of the fair value on the date of grant. The exercise price of all options granted to date has been at least equal to the fair value of common stock on the date of grant. As of the date of our initial public offering, no further stock awards could be granted under our 2010 Plan. All outstanding stock awards granted under the 2010 Plan continue to be governed by their existing terms.

In September 2014, our stockholders approved the 2014 Equity Incentive Plan, or 2014 Plan, under which shares of our common stock are reserved for issuance pursuant to stock awards, including, but not limited to, incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance stock awards, and performance cash awards. We have reserved an aggregate of 971,340 shares under the plan for issuance pursuant to stock awards. In addition, the share reserve will automatically increase on January 1st of each year, for a period of not more than ten years, commencing on January 1, 2015, in an amount equal to 4% of the total number of shares of capital stock outstanding on December 31st of the preceding calendar year, unless the Board determines otherwise prior to December 31st of such calendar year. As of April 20, 2015, we had issued options outstanding for an aggregate of 1,815,724 shares of our common stock under the 2010 and 2014 Plans.

In the past, prior to our initial public offering, our Board of Directors had determined the fair market value of our common stock based upon inputs including valuation reports prepared by third party valuation firms. Generally, our stock options have vested in equal monthly installments over 48 months or as 25% of the total number of option shares granted on the first anniversary of the award and in equal monthly installments over the ensuing 36 months.

- (3) Amounts shown in this column do not reflect dollar amounts actually received by our directors. Instead, these amounts reflect the aggregate grant date fair value of each stock option granted computed in accordance with the provisions of FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in Note 7 to our financial statements included in our annual report on Form 10-K for the fiscal year ended December 31, 2014. As required by SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. Our directors will only realize compensation to the extent the trading price of our common stock is greater than the exercise price of such stock options.

Non-Employee Director Compensation Policy

We have adopted a non-employee director compensation policy, pursuant to which our non-employee directors will be eligible to receive compensation for service on our board of directors and committees of our board of directors.

Equity Compensation

Initial Grant

Each new non-employee director who joins our board of directors after our initial public offering will be granted a stock option to purchase 22,000 shares of common stock under our 2014 Plan, vesting monthly over three years from the grant date, subject to continued service as a director through each applicable vesting date.

Annual Grant

On the date of each annual meeting of our stockholders, each continuing non-employee director will be granted an annual stock option to purchase 11,000 shares of common stock under our 2014 Plan, vesting monthly over one year from the grant date, subject to continued service as a director through each applicable vesting date.

Vesting Acceleration

In the event of a change of control or a corporate transaction (each as defined in our 2014 Plan), any unvested portion of an equity award granted under the policy will fully vest and become exercisable immediately prior to the effective date of such change of control or corporate transaction, subject to the non-employee director's continuous service with us on the effective date of the change of control or corporate transaction.

The exercise price per share of each stock option granted under the non-employee director compensation policy will be the closing price of our common stock as reported by the NASDAQ Global Select Market on the date of grant. Each stock option will have a term of ten years from the date of grant, subject to earlier termination in connection with a termination of the non-employee director's continuous service with us.

Cash Compensation

In December 2014, our board of directors revised the non-employee director compensation policy, which became effective on December 2, 2014. Pursuant to the revised non-employee director compensation policy, each non-employee director will receive an annual cash retainer of \$40,000 for serving on our board of directors. The chairperson of our board of directors, if any, will receive an additional annual cash retainer of \$25,000.

The chairperson and members of the three standing committees of our board of directors will be entitled to the following additional annual cash retainers:

Board Committee	Chairperson Fee	Member Fee
Audit Committee	\$ 15,000	\$ 7,500
Compensation Committee	10,000	5,000
Nominating and Corporate Governance Committee	7,000	3,500

All annual cash compensation amounts will be payable in equal quarterly installments in arrears, on the last day of each fiscal quarter for which the service occurred, pro-rated based on the days served in the applicable fiscal quarter. In March 2015, we amended our non-employee director compensation policy to permit each non-employee director to elect to have their cash compensation paid to the management company of their respective firms.

A non-employee director may elect to receive a stock option grant in lieu of his or her annual cash compensation. Such election would apply to all such cash compensation. A non-employee director must make this election prior to the date of the annual meeting of stockholders and such election will apply until the next annual meeting of our stockholders.

The number of shares of common stock to be issuable upon exercise of stock options granted in lieu of annual cash compensation will be determined by dividing (i) the amount of annual compensation that would otherwise be paid during the upcoming year of service, by (ii) the Black-Scholes value of one share of our common stock on the applicable grant date, or such other method that may be set forth in the non-employee director compensation policy on that date. Such stock options will be nonstatutory stock options and will be granted on the date of the annual meeting of our stockholders. The stock options will have an exercise price per share equal to the closing price of our common stock as reported by the NASDAQ Global Select Market on the date of grant and will vest monthly over one year from the grant date, subject to continued service as a director through each applicable vesting date. The stock options will have a term of ten years from the date of grant.
