### Currency

A significant portion of the Company's operations and net assets are denominated in U.S. dollars whereas the Company reports in Canadian dollars. During 2003 and 2004, the Canadian dollar has appreciated significantly against the U.S. dollar thereby affecting the comparability of results. Effective January 1, 2005, the Company will change its reporting currency from Canadian dollars to U.S. dollars. Had the results for the quarter been translated at the same exchange rates as last year, net income and earnings per share would have been further increased by \$2.4 million (\$7.0 million for the year) and 4 cents (12 cents for the year), respectively.

The supplementary information contained in this press release contains selected financial information expressed in U.S. dollars. Net income increased 117% to U.S.\$29.8 million compared to U.S.\$13.7 million reported in the fourth quarter of last year. Net income for the year was U.S.\$100.6 million an increase of 65% over U.S.\$61.0 million reported in 2003. Diluted earnings per share increased 121% to U.S.\$0.53 compared to U.S.\$0.24 reported in the fourth quarter last year. For the year, diluted earnings per share increased by 53% in U.S. dollars to U.S.\$1.78 compared to U.S.\$1.16 last year. Book value per share grew by 20% from a year ago to U.S.\$11.85.

### Premiums

For the fourth quarter, gross premiums written were \$579.0 million (\$651.6 million last year) and for the year they decreased by 1% to \$2.6 billion reflecting both changes in currency exchange rates and softening conditions in certain U.S. markets. For the quarter, gross premiums written from U.S. operations decreased 14% (7% in U.S. dollars) to \$403.2 million (U.S.\$330.0 million) compared with \$466.6 million (U.S.\$356.0 million) last year. For the year, gross premiums written by the U.S. operations were \$1.8 billion (U.S.\$1.4 billion) compared with \$2.0 billion last year (U.S.\$1.4 billion). Gross premiums written in California increased by 40% to \$353.9 million whereas gross premiums written in Florida and South Carolina declined by 15% to \$271.2 million and 35% to \$52.9 million, respectively.

Gross premiums written in Canada increased by 16% to \$760.6 million for the year compared with \$654.9 million in 2003. For the quarter gross premiums for the Canadian operations were \$175.8 million, a decrease of 5% compared with the fourth quarter last year. In Alberta, the Company was required to refund premiums to insureds (\$7.2 million), and also assigned premiums to the Facility Association (\$8.6 million) which reduced gross premiums written by \$15.8 million in the fourth quarter this year. In 2004 gross premiums written in Ontario increased by 47% and declined by 4% in Alberta, and Canadian non-standard automobile and trucking premiums increased by 18% and 7%, respectively.

### Premiums continued

Net premiums written were \$2.3 billion (\$506.4 million for the quarter) compared with \$2.5 billion (\$621.5 million for the quarter) last year. Net premiums earned were \$2.3 billion compared with \$2.4 billion. During the second quarter of 2004 the Company entered into two quota-share reinsurance arrangements in Canada and the United States with reinsurers rated A+ or better by A.M. Best. Under both treaties the Company has the option to vary the amount of premiums ceded in any quarter, which provides flexibility in managing premium leverage and capital. Under these treaties the Company ceded \$56.9 million for the quarter (\$252.9 million for the year). As a result of entering into these treaties, net premiums earned were reduced by \$58.9 million (\$183.7 million for the year), underwriting profit by \$2.4 million (\$7.3 million for the year) net income by \$1.6 million (\$4.8 million for the year) and earnings per share by 3 cents for the quarter (8 cents for the year). As a result, the rolling four quarter net premiums written to statutory surplus ratio declined from 2.9x at December 31, 2003 to 2.2x at December 31, 2004 providing greater underwriting and financial flexibility for 2005.

### Underwriting Profit & Combined Ratio
