THE ANNUAL MEETING

GENERAL

This Proxy Statement, which was first mailed to shareholders on or about May 9, 2005, is furnished in connection with the solicitation of proxies by the Board of Directors of Aero Marine Engine, Inc. (the "Company"), to be voted at the annual meeting of the shareholders of the Company (the "Annual Meeting"), which will be held at 1:00 p.m. Pacific Standard Time on May 13, 2005, at 1607 N.E. 41st Avenue, Portland, Oregon 97232 for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Shareholders who execute proxies retain the right to revoke them at any time prior to the exercise of the powers conferred thereby, by delivering a signed statement to the Secretary of the Company at or prior to the annual meeting or by executing another proxy dated as of a later date. The cost of solicitation of proxies is to be born by the Company.

RECORD DATE AND SHARES ENTITLED TO VOTE

The close of business on March 31, 2005 has been fixed as the record date (the "Record Date") for the determination of the stockholders entitled to notice of and to vote at the Annual Meeting. Only holders of record as of the Record Date of shares of our common stock, \$0.001 par value per share ("Common Stock") are entitled to notice of and to vote at the Annual Meeting. Each share of Common Stock entitles the holder thereof to one vote per share on each matter presented to the stockholders for approval at the Annual Meeting. On March 31, 2005, there were an aggregate of 28,862,942 shares of Common Stock outstanding and entitled to vote, held by approximately 116 shareholders.

PROXY SOLICITATION

In addition to the solicitation of proxies by the board of directors through use of the mails, proxies may also be solicited by Aero Marine Engine, Inc. and its directors, officers and employees (who will receive no additional compensation therefore) by telephone, telegram, facsimile transmission or other electronic communication, and/or by personal interview. Aero Marine Engine, Inc. will reimburse banks, brokerage houses, custodians and other fiduciaries that hold shares of common stock in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. Aero Marine Engine, Inc. will bear the costs of the annual meeting and of soliciting proxies therefore, including the cost of printing and mailing this proxy statement and related materials. Aero Marine Engine, Inc. has spent approximately \$5,000 in legal and other expenses in the preparation of this proxy statement and other expenses connected with the solicitation of security holders. It is anticipated that Aero Marine Engine, Inc. will spend an additional \$1,000 in solicitation of security holders before the meeting is held.

Any questions or requests for assistance regarding Aero Marine Engine, Inc.'s proxies and related materials may be directed in writing to the Chief Executive Officer, Dr. Raymond Brouzes, One World Trade Center, 121 S.W. Salmon Street, Suite 1100, Portland, Oregon 97204.

VOTES REQUIRED

The affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required for the election of directors. Votes may be cast in favor of the election of directors or withheld. Votes that are withheld will be counted for the purposes of determining the presence or absence of a quorum but will have no other effect on the election of directors.

The affirmative vote of the holders of a majority of the shares of Common Stock outstanding on the Record Date is required for the approval of the amendment of Aero Marine Engine, Inc.'s Articles of Incorporation to change the name of Aero Marine Engine, Inc. to Axial Vector Engine Corporation.

In order to ratify the 2005 Stock Option Plan of Aero Marine Engine, Inc. and confirm to the appointment of Bagell Josephs & Company, LLC as the auditor for the company, a quorum must be present and the votes cast in favor of ratifying the plan must exceed the number of votes cast in opposition to the plan excluding abstentions.

Stockholders may vote in favor of or against any of these proposals, or they may abstain. Abstentions will be counted for purposes of determining the presence or absence of a quorum and will have the same effect as a vote against the proposals listed in this paragraph.

Shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter will not be voted in favor of such matter and will not be counted as shares voting on such matter. Accordingly, broker non-votes, if any, will be counted for the purposes of determining the presence or absence of a quorum, but will have no effect on the election of directors or the approval of the other matters voted upon at the Meeting.

VOTING OF PROXIES

All Proxies will be voted in accordance with the instructions of the stockholder. If no choice is specified, the Proxies will be voted FOR the election of all the nominees to serve as our directors and FOR the approval of all of the other proposals set forth in the accompanying Notice of Meeting and on the proxy card. In the discretion of the Proxy holders, the Proxies will also be voted for or against such other matters as may properly come before the Annual Meeting. Management is not aware of any other matters to be presented for action at the Annual Meeting.

Execution of a Proxy by a stockholder will not affect such stockholder's right to attend the Annual Meeting and to vote in person. Any stockholder who executes a Proxy has a right to revoke it at any time before it is voted by: (a) advising Aero Marine Engine, Inc. in writing of such revocation; (b) executing a later-dated Proxy which is presented to us at or prior to the Annual Meeting; or (c) appearing at the Annual Meeting and voting in person. Attendance at the Meeting will not itself be deemed to revoke a Proxy unless the stockholder gives affirmative notice at the Meeting that the stockholder intends to revoke the proxy and vote in person.

DISSENTERS' RIGHT OF APPRAISAL

There are no rights of appraisal or similar rights of dissenters with respect to any of the scheduled matters to be acted upon at the Annual Meeting.

QUORUM

The presence, in person or by proxy duly authorized, of the holder or holders of not less than one percent (1%) of the outstanding shares of the corporation's common voting stock on the Record Date shall constitute a quorum for the transaction of business of the corporation's common voting stock on the Record Date shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

STOCKHOLDER PROPOSALS

No proposals have been received from any shareholder to be considered at the Annual Meeting

The deadline for submittals of shareholder proposals for the next regularly scheduled annual meeting will be not less than 120 calendar days before the date of the company's proxy statement released to shareholders in connection with the previous year's annual meeting. A shareholder proposal submitted outside the processes of SEC Regulation Section 240.14a-8 will be considered untimely if received at the principal offices of the Company on or after 45 days prior to the Company's release of its proxy statement to shareholders.

ELECTION OF DIRECTORS

Three directors are to be elected at the Annual Meeting, to hold office for one year until the next annual meeting of shareholders, and until that person’s successor is elected and qualified. It is intended that the accompanying proxy will be voted in favor of the following person to serve as director unless the shareholder indicates to the contrary on the proxy. Management expects that the nominee will be available for election, but if not, it is intended that such proxy will be voted for the election of other nominees to be designated by the Board of Directors to fill any such vacancy.

On March 31, 2005, the board of directors approved the 2005 Stock Option Plan. The purpose of this Plan is to strengthen Aero Marine Engine, Inc. by providing incentive stock options as a means to attract, retain and motivate key corporate personnel, through ownership of Aero Marine Engine, Inc. stock, and to attract individuals of outstanding ability to render services to and enter the employment of Aero Marine Engine, Inc. The stock available for granting options under the Plan shall be shares of the Company's authorized but unissued, or reacquired, Common Stock. The maximum aggregate number of shares of the Company's common stock that may be optioned and sold under the Plan is 15% of the issued and outstanding common stock of the company, including shares previously issued under the Plan or other stock option plans created by the Company. Unless sooner terminated by the Board in its sole discretion, this Plan will expire on March 31, 2015. The full text of the 2005 Stock Option Plan is attached hereto as Appendix B.

The board has not as yet issued any options under the plan.

In summary, this plan provides as follows:

Types of Stock Options

There shall be two types of Stock Options (referred to herein as "Options" without distinction between such different types) that may be granted under this Plan: (1) Options intended to qualify as Incentive Stock Options under Section 422 of the Internal Revenue Code ("Qualified Stock

Options”), and (2) Options not specifically authorized or qualified for favorable income tax treatment under the Internal Revenue Code (“Non-Qualified Stock Options”).

Administration of the Plan

This Plan shall be administered by the Board of Directors or by a Compensation Committee (hereinafter the “Committee”) composed of members selected by, and serving at the pleasure of, the Board of Directors (the “Plan Administrator”). Subject to the provisions of the Plan, the Plan Administrator shall have authority to construe and interpret the Plan, to promulgate, amend, and rescind rules and regulations relating to its administration, to select, from time to time, among the eligible employees and non-employee consultants (as determined pursuant to Section 5) of the Company and its subsidiaries those employees and consultants to whom Stock Options will be granted, to determine the duration and manner of the grant of the Options, to determine the exercise price, the number of shares and other terms covered by the Stock Options, to determine the duration and purpose of leaves of absence which may be granted to Stock Option holders without constituting termination of their employment for purposes of the Plan, and to make all of the determinations necessary or advisable for administration of the Plan. The interpretation and construction by the Plan Administrator of any provision of the Plan, or of any agreement issued and executed under the Plan, shall be final and binding upon all parties. No member of the Committee or Board shall be liable for any action or determination undertaken or made in good faith with respect to the Plan or any agreement executed pursuant to the Plan.

Grant of Options

The Company is hereby authorized to grant Incentive Stock Options as defined in section 422 of the Code to any employee or director (including any officer or director who is an employee) of the Company, or of any of its subsidiaries; provided, however, that no person who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any of its parent or subsidiary corporations, shall be eligible to receive an Incentive Stock Option under the Plan unless at the time such Incentive Stock Option is granted the Option price is at least 110% of the fair market value of the shares subject to the Option, and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

An employee may receive more than one Option under the Plan. Non-Employee Directors shall be eligible to receive Non-Qualified Stock Options in the discretion of the Plan Administrator. In addition, Non-Qualified Stock Options may be granted to employees, officers, directors and consultants who are selected by the Plan Administrator.

Stock Subject to Plan

The stock available for grant of Options under the Plan shall be shares of the Company's authorized but unissued, or reacquired, Common Stock. Subject to adjustment as provided herein, the maximum aggregate number of shares of the Company's common stock that may be optioned and sold under the Plan is 15% of the issued and outstanding common stock of the Company, including shares previously issued under the Plan or other stock option plans created by the Company.

The maximum number of shares for which an Option may be granted to any Optionee during any calendar year shall not exceed five percent (5%) of the issued and outstanding common shares of the Company. In the event that any outstanding Option under the Plan for any reason expires or is terminated, the shares of Common Stock allocable to the unexercised portion of the Option shall again be available for Options under the Plan as if no Option had been granted with regard to such shares.

Terms and Conditions of Options

Specific requirements for the terms and conditions of all Option Agreements entered into are detailed in the Plan.

Termination of Amendment of the Plan

The Board may at any time terminate or amend the Plan; provided that, without approval of the holders of a majority of the shares of Common Stock of the Company represented and voting at a duly held meeting at which a quorum is present or the written consent of a majority of the outstanding shares of Common Stock, there shall be (with limited exception) no increase in the total number of shares covered by the Plan, no change in the class of persons eligible to receive options granted under the Plan, no reduction in the limits for determination of the minimum exercise price of Options granted under the Plan, and no extension of the limits for determination of the latest date upon which Options may be exercised; and provided further that, without the consent of the Optionee, no amendment may adversely affect any then outstanding Option or any unexercised portion thereof.

Indemnification

The Plan Administrator shall be indemnified by the Company against reasonable expense, including attorney's fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein to which they, or any of them, may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Option granted thereunder, and against any and all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company).

Effective Date and Term of the Plan

This Plan became effective (the "Effective Date") on March 31, 2005, the date of adoption by the board of directors. Unless sooner terminated by the Board in its sole discretion, this plan will expire on March 31, 2015.

The aggregate fees billed by the Company's auditors for professional services rendered in connection with a review of the financial statements included in its quarterly reports on Form 10-QSB and the audit of its annual consolidated financial statements for the fiscal years ended June 30, 2003 and 2004 were approximately \$12,500 and \$9,000 respectively.

Financial Information Systems Design and Implementation Fees

For the most recent fiscal year, there were no fees billed by the Company's auditors for: (a) directly or indirectly operating, or supervising the operation of, the Company's information system or managing the Company's local area network; or (b) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the Company's financial statements taken as a whole. As there were no fees billed or expended for the above services, the Company's board of directors did not consider whether such expenditures were compatible with maintaining the auditor's independence from the Company.

All Other Fees

The aggregate fees billed by the Company's auditors for all services other than those set forth above, such as attending meetings and other miscellaneous financial consulting, for the fiscal years ended June 30, 2003 and 2004 were \$0 and \$0 respectively.

1. Purpose of the Plan

The purpose of this Plan is to strengthen Axial Vector Engine Corporation (fka Aero Marine Engine, Inc., hereinafter the "Company") by providing incentive stock options as a means to attract, retain and motivate key corporate personnel, through ownership of stock of the Company, and to attract individuals of outstanding ability to render services to and enter the employment of the Company or its subsidiaries.

2. Types of Stock Options

There shall be two types of Stock Options (referred to herein as "Options" without distinction between such different types) that may be granted under this Plan: (1) Options intended to qualify as Incentive Stock Options under Section 422 of the Internal Revenue Code ("Qualified Stock Options"), and (2) Options not specifically authorized or qualified for favorable income tax treatment under the Internal Revenue Code ("Non-Qualified Stock Options").

3. Definitions

The following definitions are applicable to the Plan:

- (a) **Board.** The Board of Directors of the Company.
- (b) **Code.** The Internal Revenue Code of 1986, as amended from time to time.
- (c) **Common Stock.** The shares of Common Stock of the Company.
- (d) **Company.** Axial Vector Engine Corporation, a Nevada corporation.

The determination of whether an individual is Disabled or has a Disability is determined under procedures established by the Plan Administrator for purposes of the Plan.
- (g) **Fair Market Value.** For purposes of the Plan, the "fair market value" per share of Common Stock of the Company at any date shall be: (a) if the Common Stock is listed on an established stock exchange or exchanges or the NASDAQ National Market, the closing price per share on the last trading day immediately preceding such date on the principal exchange on which it is traded or as reported by NASDAQ; or (b) if the Common Stock is not then listed on an exchange or the NASDAQ National Market, but is quoted on the NASDAQ Small Cap Market, the NASDAQ

electronic bulletin board or the National Quotation Bureau pink sheets, the average of the closing bid and asked prices per share for the Common Stock as quoted by NASDAQ or

the National Quotation Bureau, as the case may be, on the last trading day immediately preceding such date; or (c) if the Common Stock is not then listed on an exchange or the

NASDAQ National Market, or quoted by NASDAQ or the National Quotation Bureau, an amount determined in good faith by the Plan Administrator.

(h) **Incentive Stock Option.** Any Stock Option intended to be and designated as an "incentive stock option" within the meaning of Section 422 of the Code.

(k) **Plan Administrator.** The board or a committee designated by the Board pursuant to Section 4 to administer and interpret the terms of the Plan.

(l) **Stock Option.** Any option to purchase shares of Common Stock granted pursuant to Section 7.

4. Administration of the Plan

This Plan shall be administered by a "Compensation Committee" or "Plan Administrator" composed of members selected by, and serving at the pleasure of, the Board of Directors. Subject to the provisions of the Plan, the Plan Administrator shall have authority to construe and interpret the Plan, to promulgate, amend, and rescind rules and regulations relating to its administration, to select, from time to time, among the eligible employees and non-employee consultants (as determined pursuant to Section 5) of the Company and its subsidiaries those employees and consultants to whom Stock Options will be granted, to determine the duration and manner of the grant of the Options, to determine the exercise price, the number of shares and other terms covered by the Stock Options, to determine the duration and purpose of leaves of absence which may be granted to Stock Option holders without constituting termination of their employment for purposes of the Plan, and to make all of the determinations necessary or advisable for administration of the Plan. The interpretation and construction by the Plan Administrator of any provision of the Plan, or of any agreement issued and executed under the Plan, shall be final and binding upon all parties. No member of the Committee or Board shall be liable for any action or determination undertaken or made in good faith with respect to the Plan or any agreement executed pursuant to the Plan.

All of the members of the Committee shall be persons who, in the opinion of counsel to the Company, are outside directors and "non-employee directors" within the meaning of Rule 16b-3(b)(3)(i) promulgated by the Securities and Exchange Commission. -From time to time, the Board may increase or decrease the size of the Committee, and add additional members to, or remove members from, the Committee. The Committee shall act pursuant to a majority vote, or the written consent of a majority of its members, and minutes shall be kept of all of its meetings and copies thereof shall be provided to the Board. Subject to the provisions of the Plan and the directions of the Board, the Committee may establish and follow such rules and regulations for the conduct of its business as it may deem advisable.

At the option of the Board, the entire Board of Directors of the Company may act as the Plan Administrator during such periods of time as all members of the Board are “outside directors” as defined in Prop. Treas. Regs. §1.162-27(e)(3), except that this requirement shall not apply during any period of time prior to the date the Company's Common Stock becomes registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended.

5. Grant of Options

The Company is hereby authorized to grant Incentive Stock Options as defined in section 422 of the Code to any employee or director (including any officer or director who is an employee) of the Company, or of any of its subsidiaries; provided, however, that no person who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any of its parent or subsidiary corporations, shall be eligible to receive an Incentive Stock Option under the Plan unless at the time such Incentive Stock Option is granted the Option price is at least 110% of the fair market value of the shares subject to the Option, and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

An employee may receive more than one Option under the Plan. Non-Employee Directors shall be eligible to receive Non--Qualified Stock Options in the discretion of the Plan Administrator. In addition, Non--Qualified Stock Options may be granted to Consultants who are selected by the Plan Administrator.

6. Stock Subject to Plan

The stock available for grant of Options under this Plan shall be shares of the Company's authorized but unissued, or reacquired, Common Stock. The aggregate sales price, or amount of securities sold, during any 12 month period may not exceed the greater of: (1) \$1 million, (2) 15% of the total assets of the Company, or (3) 15% of the issued and outstanding common stock of the company, including shares previously issued under this Plan or other stock option plans created by the Company, whichever is greater. The maximum number of shares for which an Option may be granted to any Optionee during any calendar year shall not exceed 5% of the issued and outstanding shares. In the event that any outstanding Option under the Plan for any reason expires or is terminated, the shares of Common Stock allocable to the unexercised portion of the Option shall again be available for Options under the Plan as if no Option had been granted with regard to such shares.

7. Terms and Conditions of Options

Options granted under the Plan shall be evidenced by agreements (which need not be identical) in such form and containing such provisions that are consistent with the Plan as the Plan Administrator shall from time to time approve. Such agreements may incorporate all or any of the terms hereof by reference and shall comply with and be subject to the following terms and conditions:

- (a) **Number of Shares.** Each Option agreement shall specify the number of shares subject to the Option.
- (b) **Option Price.** The purchase price for the shares subject to any Option shall be determined by the Plan Administrator at the time of the grant, but shall not be less than 85% of Fair Market Value

per share. Anything to the contrary notwithstanding, the purchase price for the shares subject to any Incentive Stock Option shall not be less than 100% of the Fair Market Value

of the shares of Common Stock of the Company on the date the Stock Option is granted. In the case of any Option granted to an employee who owns stock possessing more than

10% of the total combined voting power of all classes of stock of the Company, or any of its parent or subsidiary corporations, the Option price shall not be less than 110% of the

Fair Market Value per share of the Common Stock of the Company on the date the Option is granted. For purposes of determining the stock ownership of an employee, the

attribution rules of Section 424(d) of the Code shall apply.

(c) **Notice and Payment.** Any exercisable portion of a Stock Option may be exercised only by: (a) delivery of a written notice to the Company prior to the time when such Stock Option becomes unexercisable herein, stating the number of shares being purchased and complying with all applicable rules established by the Plan Administrator; (b) payment in full of the exercise price of such Option by, as applicable, delivery of: (i) cash or check for an amount equal to the aggregate Stock Option exercise price for the number of shares being purchased, (ii) in the discretion of the Plan Administrator, upon such terms as the Plan Administrator shall approve, a copy of instructions to a broker directing such broker to sell the Common Stock for which such Option is exercised, and to remit to the Company the aggregate exercise price of such Stock Option (a "cashless exercise"), or (iii) in the discretion of the Plan Administrator, upon such terms as the Plan Administrator shall approve, shares of the Company's Common Stock owned by the Optionee, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the aggregate purchase price of the shares with respect to which such Stock Option or portion is thereby exercised (a "stock-for-stock exercise"); (c) payment of the amount of tax required to be withheld (if any) by the Company, or any parent or subsidiary corporation as a result of the exercise of a Stock Option. At the discretion of the Plan Administrator, upon such terms as the Plan Administrator shall approve, the Optionee may pay all or a portion of the tax withholding by: (i) cash or check payable to the Company, (ii) a cashless exercise, (iii) a stock-for-stock exercise, or (iv) a combination of one or more of the foregoing payment methods; and (d) delivery of a written notice to the Company requesting that the Company direct the transfer agent to issue to the Optionee (or his designee) a certificate for the number of shares of Common Stock for which the Option was exercised or, in the case of a cashless exercise, for any shares that were not sold in the cashless exercise. Notwithstanding the foregoing, the Company, in its sole discretion, may extend and maintain, or manage for the extension and maintenance of credit to any Optionee to finance the Optionee's purchase of shares pursuant to the exercise of any Stock Option, on such terms as may be approved by the Plan Administrator, subject to applicable regulations of the Federal Reserve Board and any other laws or regulations in effect at the time such credit is extended.

(d) **Terms of Option.** No Option shall be exercisable after the expiration of the earliest of: (a) ten years after the date the Option is granted, (b) three months after the date the Optionee's employment with the Company and its subsidiaries terminates, or a Non-Employee Director or Consultant ceases to provide services to the Company, if such termination or cessation is for any reason other than Disability or death, (c) one year after the date the Optionee's employment with the Company, and its subsidiaries, terminates, or a Non-Employee Director or Consultant ceases to provide services to the Company, if such termination or cessation is a result of death or Disability; provided, however, that the Option agreement for any Option may provide for shorter periods in each of the foregoing instances. In the case of an Incentive Stock Option granted to an

employee who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any of its parent or subsidiary corporations,

the term set forth in (a) above shall not be more than five years after the date the Option is granted.

(e) **Exercise of an Option.** No Option shall be exercisable during the lifetime of the Optionee by any person other than the Optionee. Subject to the foregoing, the Plan Administrator shall have the power to set the time or times within which each Option shall be exercisable and to accelerate the time or times of exercise; provided however, the Option shall provide the right to exercise at the rate of at least 20% per year over five years from the date the Option is granted. Unless otherwise provided by the Plan Administrator, each Option granted under the Plan shall become exercisable on a cumulative basis as to one-third (1/3) of the total number of shares covered thereby at any time after one year from the date the Option is granted and an additional one-third (1/3) of such total number of shares at any time after the end of each consecutive one-year period thereafter until the Option has become exercisable as to all of such total number of shares. To the extent that an Optionee has the right to exercise an Option and purchase shares pursuant hereto, the Option may be exercised from time to time by written notice to the Company, stating the number of shares being purchased and accompanied by payment in full of the exercise price for such shares.

(f) **No Transfer of Option.** No Option shall be transferable by an Optionee otherwise than by will or the laws of descent and distribution.

(g) **Limit on Incentive Stock Option.** The aggregate Fair Market Value (determined at the time the Option is granted) of the stock with respect to which an Incentive Stock Option is granted and exercisable for the first time by an Optionee during any calendar year (under all Incentive Stock Option plans of the Company and its subsidiaries) shall not exceed \$100,000. To the extent the aggregate Fair Market Value (determined at the time the Stock Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an Optionee during any calendar year (under all Incentive Stock Option plans of the Company and any parent or subsidiary corporations) exceeds \$100,000, such Stock Options shall be treated as Non-Qualified Stock Options. The determination of which Stock Options shall be treated as Non-Qualified Stock Options shall be made by taking Stock Options into account in the Order in which they were granted.

(h) **Restriction on Issuance of Shares.** The issuance of Options and shares shall be subject to compliance with all of the applicable requirements of law with respect to the issuance and sale of securities, including, without limitation, any required qualification under state securities laws. If an Optionee acquires shares of Common Stock pursuant to the exercise of an Option, the Plan Administrator, in its sole discretion, may require as a condition of issuance of shares covered by the Option that the shares of Common Stock be subject to restrictions on transfer. The Company may place a legend on the share certificates reflecting the fact that they are subject to restrictions on transfer pursuant to the terms of this Section. In addition, the Optionee may be required to execute a buy-sell agreement in favor of the Company or its designee with respect to all or any of the shares so acquired. In such event, the terms of any such agreement shall apply to the optioned shares.

(i) **Investment Representation.** Any Optionee may be required, as a condition of issuance of shares covered by his or her Option, to represent that the shares to be acquired pursuant to exercise will

be acquired for investment and without a view toward distribution thereof, and in such case, the Company may place a legend on the share certificate(s) evidencing the fact that

they were acquired for investment and cannot be sold or transferred unless registered under the Securities Act of 1933, as amended, or unless counsel for the Company is satisfied

that the circumstances of the proposed transfer do not require such registration.

(j) **Rights as a Shareholder or Employee.** An Optionee or transferee of an Option shall have no right as a stockholder of the Company with respect to any shares covered by any Option until the date of the issuance of a share certificate for such shares. No adjustment shall be made for dividends (Ordinary or extraordinary, whether cash, securities, or other property), or distributions or other rights for which the record date is prior to the date such share certificate is issued, except as provided in paragraph (m) below. Nothing in the Plan or in any Option agreement shall confer upon any employee any right to continue in the employ of the Company or any of its subsidiaries or interfere in any way with any right of the Company or any subsidiary to terminate the Optionee's employment at any time.

(k) **No Fractional Shares.** In no event shall the Company be required to issue fractional shares upon the exercise of an Option.

(l) **Exercise in the Event of Death.** In the event of the death of the Optionee, any Option or unexercised portion thereof granted to the Optionee, to the extent exercisable by him or her on the date of death, may be exercised by the Optionee's personal representatives, heirs, or legatees subject to the provisions of paragraph (d) above.

(m) **Recapitalization or Reorganization of the Company.** Except as otherwise provided herein, appropriate and proportionate adjustments shall be made (1) in the number and class of shares subject to the Plan, (2) to the Option rights granted under the Plan, and (3) in the exercise price of such Option rights, in the event that the number of shares of Common Stock of the Company are increased or decreased as a result of a stock dividend (but only on Common Stock), stock split, reverse stock split, recapitalization, reorganization, merger, consolidation, separation, or like change in the corporate or capital structure of the Company. In the event there shall be any other change in the number or kind of the outstanding shares of Common Stock of the Company, or any stock or other securities into which such common stock shall have been changed, or for which it shall have been exchanged, whether by reason of a complete liquidation of the Company or a merger, reorganization, or consolidation with any other corporation in which the Company is not the surviving corporation, or the Company becomes a wholly-owned subsidiary of another corporation, then if the Plan Administrator shall, in its sole discretion, determine that such change equitably requires an adjustment to shares of Common Stock currently subject to Options under the Plan, or to prices or terms of outstanding Options, such adjustment shall be made in accordance with such determination.

To the extent that the foregoing adjustments relate to stock or securities of the Company, such adjustment shall be made by the Plan Administrator, the determination of which in that respect shall be final, binding, and conclusive. No right to purchase fractional shares shall result from any adjustment of Options pursuant to this Section. In case of any such adjustment, the shares subject to the Option shall be rounded down to the nearest whole share. Notice of any adjustment shall be given by the Company to each Optionee whose Options shall have been so adjusted and such

adjustment (whether or not notice is given) shall be effective and binding for all purposes of the Plan.

In the event of a complete liquidation of the Company or a merger, reorganization, or consolidation of the Company with any other corporation in which the Company is not the surviving corporation, or the Company becomes a wholly-owned subsidiary of another corporation, any unexercised Options granted under the Plan shall be deemed cancelled unless the surviving corporation in any such merger, reorganization, or consolidation elects to assume the Options under the Plan or to issue substitute Options in place thereof; provided, however, that notwithstanding the foregoing, if such Options would be cancelled in accordance with the foregoing, the Optionee shall have the right exercisable during a ten-day period ending on the fifth day prior to such liquidation, merger, or consolidation to exercise such Option in whole or in part without regard to any installment exercise provisions in the Option agreement.

(n) **Modification, Extension and Renewal of Options.** Subject to the terms and conditions and within the limitations of the Plan, the Plan Administrator may modify, extend or renew outstanding options granted under the Plan and accept the surrender of outstanding Options (to the extent not theretofore exercised). The Plan Administrator shall not, however, without the approval of the Board, modify any outstanding Incentive Stock Option in any manner that would cause the Option not to qualify as an Incentive Stock Option within the meaning of Section 422 of the Code. Notwithstanding the foregoing, no modification of an Option shall, without the consent of the Optionee, alter or impair any rights of the Optionee under the Option.

(o) **Other Provisions.** Each Option may contain such other terms, provisions, and conditions not inconsistent with the Plan as may be determined by the Plan Administrator.

8. Termination or Amendment of the Plan

The Board may at any time terminate or amend the Plan; provided that, without approval of the holders of a majority of the shares of Common Stock of the Company represented and voting at a duly held meeting at which a quorum is present or the written consent of a majority of the outstanding shares of Common Stock, there shall be (except by operation of the provisions of paragraph (m) above) no increase in the total number of shares covered by the Plan, no change in the class of persons eligible to receive options granted under the Plan, no reduction in the exercise price of Options granted under the Plan, and no extension of the latest date upon which Options may be exercised; and provided further that, without the consent of the Optionee, no amendment may adversely affect any then outstanding Option or any unexercised portion thereof.

9. Indemnification

In addition to such other rights of indemnification as they may have as members of the Board Committee that administers the Plan, the members of the Plan Administrator shall be indemnified by the Company against reasonable expense, including attorney's fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein to which they, or any of them, may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Option granted thereunder, and against any and all amounts paid by them in settlement thereof (provided such settlement is approved by independent

legal counsel selected by the Company). In addition, such members shall be indemnified by the Company for any amount paid by them in satisfaction of a judgment in any action, suit, or proceeding, except in relation to matters as to which it shall have been adjudged that such member is liable for negligence or misconduct in the performance of his or her duties, provided however that within 60 days after institution of any such action, suit, or proceeding, the member shall in writing offer the Company the opportunity, at its own expense, to handle and defend the same.

10. Effective Date and Term of the Plan

This Plan shall become effective (the "Effective Date") on the date of adoption by the board of directors as evidenced by the date and signature below. Options granted under the Plan prior to shareholder approval are subject to cancellation by the Plan Administrator if shareholder approval is not obtained within 12 months of the date of adoption. Unless sooner terminated by the Board in its sole discretion, this Plan will expire on March 31, 2015.

IN WITNESS WHEREOF, the Company by its duly authorized officer, has caused this Plan to be executed this 31st day of March, 2005.
