***Approval of 2008 Leadership Bonus Plan***

On February 26, 2008, the Human Resources Committee (the "Committee") of the Board of Directors (the "Board") of Washington Mutual, Inc. (the "Company") established 2008 bonus targets and performance measures applicable to the Company's executives, including the Chief

Executive Officer, Chief Financial Officer, and the two other current executive officers whose compensation was disclosed in the Company's 2007 proxy statement filed with the Securities and Exchange Commission ("SEC") on March 19, 2007 (collectively, the "Named Executives").

The Committee established target cash bonus amounts that eligible Company employees, including the Named Executives, will be entitled to earn for 2008 performance under the Company's 2008 Leadership Bonus Plan (the "2008 Bonus Plan"). For the 2008 Bonus Plan, the Committee established target bonuses for the Named Executives in the following amounts, which, as a percentage of applicable base salary, were unchanged from 2007:

<b>Named Executive</b>	<b>2008 Target Bonus as a Percentage of 2008 Base Salary</b>
Kerry K. Killinger	365%
Thomas W. Casey	179
Stephen J. Rotella	304
James B. Corcoran	137

Actual amounts payable to any Named Executive under the 2008 Bonus Plan may be up to 150% of the applicable target amount.

For the 2008 Bonus Plan the Committee selected the following performance measures and relative weights:

- The Company's 2008 net operating profit, weighted at 30%, calculated as operating profit before income taxes and excluding the effects of (i) loan loss provisions other than related to our credit card business and (ii) expenses related to foreclosed real estate assets;
- The Company's 2008 noninterest expense, weighted at 25%, calculated to exclude expenses related to (i) business resizing or restructuring and (ii) foreclosed real estate assets;
- The Company's 2008 depositor and other retail banking fees, weighted at 25%; and
- The Company's 2008 customer loyalty performance, weighted at 20%, based upon a proprietary rating system designed by the Company and an outside vendor.

In evaluating Company financial performance, the Committee may adjust results to eliminate the effects of charges for restructurings, discontinued operations, extraordinary items and items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment or a business or related to a change in accounting principle.

In light of the challenging business environment and the need to evaluate performance across a wide range of factors, the Committee will take a three-step approach to determine actual annual cash bonus payments. Accordingly, after the end of 2008, the Committee will exercise its discretion under the 2008 Bonus Plan to determine the final cash bonus payouts for each executive officer, including the Named Executives, by:

- 1) reviewing and considering performance results for the four pre-established Company performance measures noted above;
- 2) reviewing other appropriate factors and measures of Company financial performance; in particular, the Committee will subjectively evaluate Company performance in credit risk management and other strategic actions that impact overall corporate profitability; and
- 3) evaluating each executive's individual performance during 2008 to determine whether it is appropriate to adjust the executive's final bonus payout from the amount that would be payable based solely on the Committee's assessment of Company performance under steps (1) and (2) above.
