registrant in connection with Rule 12g3-2(b):

GOL Announces Launch of Gollog EXPRESS

New line of services meets growing demand for express delivery services

São Paulo, April 9, 2009 GOL Linhas Aéreas Inteligentes S.A. (Bovespa: GOLL4 and NYSE: GOL), Brazil's low-cost airline, announces the launch of Gollog EXPRESS, a new line of products from Gollog, its air freight business unit. The services were developed to meet the growing demand for express shipping options, featuring door-to-door deliveries and scheduled delivery times.

With the launch of Gollog EXPRESS, Brazil's major cities will now have access to the following express delivery offerings:

- **Gollog EXPRESS:** Offers delivery to the destination address by 6:00 p.m. the next day, with the option of special arrangements for corporate clients (Service is currently only available between major Brazilian cities served by GOL; for cities located in the inland regions, delivery times may vary). The service will launch on April 16 and the initial coverage area will gradually be expanded.
- **Gollog DOC:** This option is for customers shipping documents and other small packages weighing 250 grams or less. Secured by protective waterproof envelopes, deliveries will arrive in Brazil's main cities by 6:00 p.m. the next day. The service will launch on April 16.
- **Gollog PRÓXIMO VOO:** Launched successfully in 2008, this service meets the needs of clients with greater urgency, providing delivery on the next available flight and allowing for pick-up at the destination airport within two hours of the flight's arrival.
- **Gollog DEZ HORAS:** Delivers packages and documents to the destination address by 10:00 a.m. the next day in the main cities served by GOL. This service will launch in June 2009.

Gollog EXPRESS will add considerable value to GOL's freight transport business as the express delivery segment is experiencing strong growth in demand and profitability, said Tarcísio Gargioni, GOL's vice-president of marketing and services. The new product line is part of GOL's strategic plan to diversify revenue and is based on maximizing the profitability of its low-cost platform by offering highly competitive products tailored to each client profile.

About Gollog

Gollog is the air freight business unit of GOL. In 2008, it registered 65,000 metric tons of cargo transported, up 15% from 56,500 metric tons the previous year. GOL's ancillary revenue sources, which are primarily represented by the operations of Gollog, surged by 37.9% to R\$516.1 million in 2008, from R\$374.3 million in 2007. Gollog's performance is the product of its low-cost and low-fare business model, its services customized to each client profile and its use of the largest air network in South America.

Gollog is supported by an exceptional logistics structure based on two own units in São Paulo state located at the Congonhas and Cumbica airports, as well as more than 60 franchise units across Brazil. It also has rail transport modes for deliveries and pick-ups that provide added mobility and scope to GOL's air network.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
