Extension well confirms discovery in pre-salt of Santos Basin

Rio de Janeiro, April 09, 2012 – Petróleo Brasileiro S.A. Petrobras announces it has completed drilling extension exploratory well 3-BRSA-1032-RJS (3-RJS-697), located in the Iara Evaluation Area, in the pre-salt of Santos Basin. The well is 223 km off the coast of Rio de Janeiro, some 9 km from the discovery well, at a water depth of 2,150 meters.

The well, informally known as Iara Oeste, is the third well drilled in the Discovery Evaluation Plan 1-BRSA-618 (Iara) and reached the total depth of 6,050 meters.

The result was confirmed through good quality oil samples ranging from 25° and 26° API in carbonate reservoirs of the pre-salt, as of 5,430 meters in depth, demonstrate the high potential of the pre-salt reservoirs of this area.

The consortium will advance the activities set forth in the Evaluation Plan approved by the National Petroleum, Natural Gas and Biofuels Agency (ANP), including formation tests to evaluate the productivity of the reservoir.

Petrobras is the operator of the consortium (65%), in partnership with BG Group (25%) and Galp Energia (10%).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
