Extension well at Jupiter confirms gas and condensate discovery

Rio de Janeiro, October 10th, 2012 – Petróleo Brasileiro S.A. – Petrobras announces that preliminary drilling results of well 3-BRSA-967A-RJS (3-RJS-683A), informally known as Jupiter Nordeste, 7.5 km from the discovery well of Jupiter area (1-BRSA-559A), in Santos Basin, confirm the presence of natural gas and condensate, and the presence of a continuous reservoir between both wells.

The new well, which is still being drilled, has reached 5,438 meters. It is located in ultra-deep waters of block BM-S-24, at a water depth of 2,161 meters, and is 275 km off the coast of Rio de Janeiro.

So far, well 3-BRSA-967A-RJS has detected an oil column of 176 meters in rocks of excellent permeability and porosity.

The consortium that holds the concession of block BM-S-24 will proceed with the activities and investments necessary to appraisal the area, according to the Appraisal Plan approved by the National Petroleum, Natural Gas and Biofuels Agency (ANP). Well drilling will continue targeting deeper objectives.

Petrobras is the operator of the consortium (80%) in partnership with Petrogal Brasil (20%).

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
