PROXY STATEMENT

Important Notice Regarding the Availability of Proxy Materials for the Shareholder

Meeting to be held on February 12, 2013:

The Notice of Annual Meeting of Shareholders, Proxy Statement, Form of Proxy and 2012 Annual Report to the Shareholders are available on our corporate website at <http://investor.insteel.com/annuals.cfm>.

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Tuesday, February 12, 2013 at 9:00 a.m., Eastern Time, and at any adjournments or postponements of the Annual Meeting. The meeting will take place at the Cross Creek Country Club, 1129 Greenhill Road, Mount Airy, North Carolina. This proxy statement, accompanying proxy card and the 2012 Annual Report, which includes a copy of our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”), are first being mailed to our shareholders on or about January 4, 2013.

This proxy statement summarizes certain information you should consider before you vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. If you do not expect to attend or prefer to vote by proxy, you may follow the voting instructions on the enclosed proxy card. In this proxy statement, Insteel Industries, Inc. is generally referred to as “we,” “our,” “Insteel Industries,” “Insteel” or “the Company.”

The enclosed proxy card indicates the number of shares of Insteel Industries common stock that you own as of the record date of December 10, 2012. In this proxy statement, outstanding Insteel Industries common stock (no par value) is sometimes referred to as the “Shares.”

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card from us because you owned shares of our common stock at the close of business on the December 10, 2012 record date for the Annual Meeting. This proxy statement describes matters on which we would like you, as a shareholder, to vote. It also gives you information on these matters so that you can make an informed decision.

When you sign and return the proxy card, you appoint H.O. Woltz III and James F. Petelle, and each of them individually, as your representatives at the meeting. Messrs. Woltz III and Petelle will vote your Shares at the meeting as you have instructed them. This way, your Shares will be voted regardless of whether you attend the Annual Meeting. Even if you plan to attend the meeting, it is a good idea to complete, sign and return the enclosed proxy card in advance of the meeting just in case your plans change. Returning the proxy card will not affect your right to attend or vote at the Annual Meeting.

If a matter comes up for vote at the Annual Meeting that is not described in this proxy statement or listed on the proxy card, Messrs. Woltz III and Petelle will vote your Shares, under your proxy, in their discretion. As of the date of this proxy statement, we do not expect that any matters other than those described in this proxy statement will be voted upon at the Annual Meeting.

What is being voted on at the Annual Meeting?

At the Annual Meeting, shareholders entitled to vote will be asked to act upon the following matters as set forth in the accompanying notice of meeting:

-

the election of the two nominees named in this proxy statement to the Board of Directors, each for three-year terms as discussed herein;

-

an advisory vote on the compensation of our executive officers;

-

the ratification of our appointment of Grant Thornton LLP as our independent registered public accounting firm for our fiscal year 2013; and

-

any other matters that may properly come before the meeting or any adjournment or postponement thereof.

INSTEEL INDUSTRIES, INC. – 2013 Proxy Statement 5

[Back to Contents](#)

Who is entitled to vote?

All holders of record of our Shares at the close of business on December 10, 2012 are entitled to receive notice of the Annual Meeting and to vote the Shares held by them on the record date. Each outstanding Share entitles its holder to cast one vote for each matter to be voted upon.

May I attend the meeting?

All holders of record of our Shares at the close of business on the record date, or their designated proxies, are entitled to attend the Annual Meeting.

What constitutes a quorum in order to hold and transact business at the meeting?

Consistent with state law and our bylaws, the presence, in person or by proxy, of holders of at least a majority of the total number of Shares entitled to vote is necessary to constitute a quorum for purposes of voting on a particular matter at the Annual Meeting. As of the record date, there were 17,723,810 Shares outstanding and entitled to vote at the Annual Meeting. Once a Share is represented for any purpose at a meeting, it is deemed present for quorum purposes for the remainder of the meeting and any adjournment thereof unless a new record date is or must be set for the adjournment. Shares held of record by shareholders or their nominees who do not vote by proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Signed proxies that withhold authority or reflect abstentions or “broker non-votes” will be counted for purposes of determining whether a quorum is present. “Broker non-votes” are proxies received from brokerage firms or other nominees holding Shares on behalf of their clients who have not been given specific voting instructions from their clients with respect to non-routine matters. See “Will my Shares be voted if I do not sign and/or return my proxy card?”

How do I vote?

Voting by Holders of Shares Registered in the Name of a Brokerage Firm, Bank or Other Nominee. If your Shares are held by a brokerage firm, bank or other nominee (i.e., in “street name”), you should receive directions from your nominee that you must follow in order to have your Shares voted. **“Street name” shareholders who wish to vote in person at the meeting will need to obtain a proxy form from the brokerage firm or other nominee that holds their common stock of record.**

Voting by Holders of Shares Registered Directly in the Name of the Shareholder. If you hold your Shares in your own name as a holder of record, you may vote in person at the Annual Meeting or instruct the proxy holders named in the enclosed proxy card how to vote your Shares by mailing your completed proxy card in the postage-paid envelope that we have provided to you. Please make certain that you mark, sign and date your proxy card prior to mailing. All valid proxies received and not revoked prior to the Annual Meeting will be voted in accordance with instructions.

What are the Board’s recommendations?

If no instructions are indicated on your valid proxy, the representatives holding proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors recommends a vote:

-

FOR the election of the two director nominees named in this proxy statement, each for three-year terms as set forth herein;

-

FOR the approval, on an advisory basis, of the compensation of our executive officers; and

-

FOR the ratification of our selection of Grant Thornton LLP as our independent registered public accounting firm for our fiscal year 2013.

INSTEEL INDUSTRIES, INC. – 2013 Proxy Statement 6

[Back to Contents](#)

Will other matters be voted on at the Annual Meeting

We are not aware of any matters to be presented at the Annual Meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, Messrs. Woltz III and Petelle will vote your Shares, under your proxy, in their discretion.

Can I revoke or change my proxy instructions?

You may revoke or change your proxy at any time before it has been exercised by:

-

notifying our Secretary at 1373 Boggs Drive, Mount Airy, North Carolina 27030 in writing before the Annual Meeting that you have revoked your proxy;

-

delivering a later dated proxy to our Secretary prior to or at the Annual Meeting; or

-

appearing in person and voting by ballot at the Annual Meeting.

Any shareholder of record as of the record date attending the Annual Meeting may vote in person whether or not a proxy has been previously given, but the presence of a shareholder at the Annual Meeting without further action will not constitute revocation of a previously given proxy.

What vote is required to approve each proposal in this proxy statement, assuming a quorum is present at the Annual Meeting?

-

The election of directors will be determined by a plurality of the votes cast at the Annual Meeting. Shareholders do not have cumulative voting rights in connection with the election of directors. This means that the two nominees receiving the highest number of “FOR” votes will be elected as directors. Withheld votes and broker non-votes, if any, are not treated as votes cast, and therefore will have no effect on the proposal to elect directors.

-

The advisory vote on the compensation of our executive officers will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes are not treated as votes cast, and therefore will have no effect on the advisory vote. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board and the Executive Compensation Committee will consider the outcome of the vote when making future compensation decisions for our executive officers.

-

The vote to ratify the appointment of our independent registered public accounting firm will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions are not treated as votes cast, and

therefore will have no effect on the proposal. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board and the Audit Committee will consider the outcome of the vote when making future decisions regarding the selection of our independent registered public accounting firm.

Will my Shares be voted if I do not sign and/or return my proxy card?

If your Shares are held in “street name” and you fail to give instructions as to how you want your Shares voted (a “non-vote”), the brokerage firm, bank or other nominee who holds Shares on your behalf may, in certain circumstances, vote the Shares in their discretion.

With respect to “routine” matters, such as the ratification of the appointment of our independent registered public accounting firm, a brokerage firm or other nominee has authority (but is not required) under the rules governing self-regulatory organizations (the “SRO rules”), including the NASDAQ Global Select Market (“NASDAQ”), to vote its clients’ Shares if the clients do not provide instructions. When a brokerage firm or other nominee votes its clients’ Shares on routine matters without receiving voting instructions, these Shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of Shares voted FOR, ABSTAINING or AGAINST with respect to such routine matters.

With respect to “non-routine” matters, such as the election of directors and the advisory vote on the compensation of our executive officers, a brokerage firm or other nominee is not permitted under the SRO rules to vote its clients’ Shares if the clients do not provide instructions. The brokerage firm or other nominee will so note on the voting instruction form, and this constitutes a “broker non-vote.” “Broker non-votes” will be counted for purposes of establishing a quorum to conduct business at the meeting but not for determining the number of Shares voted FOR, WITHHELD FROM, AGAINST or ABSTAINING with respect to such non-routine matters.

[Back to Contents](#)

In summary, if you do not vote your proxy, your brokerage firm or other nominee may either:

-

vote your Shares on routine matters and cast a “broker non-vote” on non-routine matters; or

-

leave your Shares unvoted altogether.

We encourage you to provide instructions to your brokerage firm or other nominee by voting your proxy. This action ensures that your Shares will be voted in accordance with your wishes at the Annual Meeting.

What other information should I review before voting?

Our 2012 Annual Report, which includes a copy of our Annual Report on Form 10-K filed with the SEC, is included in the mailing with this proxy statement. The Annual Report, however, is not part of the proxy solicitation material. Additional copies of our Annual Report on Form 10-K filed with the SEC, including the financial statements and financial statement schedules, may be obtained without charge by:

-

writing to our Secretary at: 1373 Boggs Drive, Mount Airy, North Carolina 27030;

-

accessing the EDGAR database at the SEC’s website at www.sec.gov;

-

accessing our website at <http://investor.insteel.com>; or

-

contacting the SEC by telephone at (800) SEC-0330.

The contents of our website are not and shall not be deemed to be a part of this proxy statement.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the Annual Meeting. We will publish the final results in a current report on Form 8-K that we will file with the SEC shortly after the meeting.

What is householding?

The SEC rules allow for householding, which is the delivery of a single proxy statement and Annual Report to an address shared by two or more of our shareholders. A single copy of the Annual Report and the proxy statement will be sent to multiple shareholders who share the same address unless we have received contrary instructions from one or more of the shareholders.

If you prefer to receive a separate copy of the proxy statement or the Annual Report, please write to Investor Relations, Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030; or telephone our Investor Relations Department at (336) 786-2141, and we will promptly send you separate copies. If you are currently receiving multiple copies of the proxy statement and Annual Report at your address and would prefer to receive only a single copy of each, you may contact us at the address or telephone number provided above.

CORPORATE GOVERNANCE GUIDELINES AND BOARD MATTERS

The Board of Directors

Our bylaws provide that our Board of Directors will have not less than six nor more than 10 directors, with the precise number to be established by resolution of the Board from time to time. On May 17, 2011, the Board set the number of directors at seven.

The Board of Directors oversees our business affairs and monitors the performance of management. In accordance with basic principles of corporate governance, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chairman, our lead independent director, key executive officers and our principal external advisers (legal counsel, auditors, investment bankers and other consultants), by reading reports and other materials that are sent to them and by participating in Board and committee meetings.

At its meeting on August 25, 2009, the Board of Directors approved the establishment of a Nominating and Governance Committee. Prior to that, the process of evaluating and nominating potential new Board members was assigned to the full Board, pursuant to our “Nominating and Corporate Governance Rules.” At the August 25, 2009 meeting, the Board also adopted new Board Governance Guidelines, which (along with the Charter of the Nominating and Governance Committee) replaced the Nominating and Corporate Governance Rules. The Board Governance Guidelines are available on our website at <http://investor.insteel.com/documents.cfm>.

The Board of Directors, at its meeting on November 13, 2012, determined that the following members of the Board, which constitute a majority thereof, each satisfy the definition of “independent director,” as that term is defined under NASDAQ listing standards: Duncan S. Gage, Louis E. Hannen, Charles B. Newsome, Gary L. Pechota, W. Allen Rogers II and C. Richard Vaughn. Our Chairman and Chief Executive Officer, H.O. Woltz III, is currently our only non-independent director. In addition to considering the objective independence criteria established by NASDAQ, the Board also made a subjective determination as to each of these directors that no transactions, relationships or arrangements exist that, in the opinion of the Board, would interfere with the exercise of the director’s independent judgment in carrying out his responsibilities as one of our directors. In making these determinations, the Board reviewed information provided by the directors and us with regard to each director’s business and personal activities as they may relate to us and our management. Additionally, the Board specifically considered Mr. Newsome’s position as Executive Vice President and General Manager of Johnson Concrete Company, which purchased approximately \$280,000 of materials from us during fiscal 2012, and determined that this relationship did not impair or otherwise affect Mr. Newsome’s status as an independent director. See “Certain Relationships and Related Person Transactions” for additional information regarding this relationship.

Directors are expected to attend all meetings of the Board of Directors and all meetings of Board committees on which they serve. The independent directors meet in executive session with no members of management present before or after each regularly scheduled meeting (see “Executive Sessions” below). The Board of Directors met six times in fiscal 2012. Each director attended at least 75% of the applicable meetings of the Board and the committees on which he served.

Director Attendance at Annual Meetings

The Board has determined that it is in our best interest for all members of the Board of Directors to attend the Annual Meeting of Shareholders. All members of our Board of Directors attended our 2012 Annual Meeting.

Committees of the Board

The Audit Committee. The Board has an Audit Committee, which assists the Board in fulfilling its responsibilities to shareholders concerning our accounting, financial reporting and internal controls, and facilitates open communication between the Board, outside auditors and management. The Audit Committee discusses the financial information prepared by management, our internal controls and our audit process with management and with outside auditors. The Audit Committee is charged with the responsibility of selecting our independent registered public accounting firm. The independent registered public accounting firm meets with the Audit Committee (both with and without the presence of management) to review and discuss various matters pertaining to the audit process, including our financial statements, the scope and terms of its work, the results of its year-end audit and quarterly reviews, and its recommendations concerning the financial practices, controls, procedures and policies we employ. The Board has adopted a written charter for the Audit Committee as well as a Pre-Approval Policy regarding all audits, audit-related, tax and other non-audit related services to be performed by the independent registered public accounting firm.

INSTEEL INDUSTRIES, INC. – 2013 Proxy Statement 9

[Back to Contents](#)

The Audit Committee is a separately-designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the “Exchange Act”) that consists of Messrs. Rogers (Chairman), Gage, Hannen and Pechota. The Board, at its meeting in November 2012, determined that each of the members of the Audit Committee meets the definition of “independent director” and certain Audit Committee-specific independence requirements under NASDAQ rules and is also independent under SEC requirements for Audit Committee members. At the same meeting, the Board also determined that each of the Committee’s members qualify as an “Audit Committee Financial Expert” as defined under SEC rules. The Board of Directors has also determined that each of the Audit Committee members is financially literate as such qualification is interpreted in the Board’s judgment. The functions of the Audit Committee are further described herein under “Report of the Audit Committee.” The Audit Committee met six times during fiscal 2012 and members of the Audit Committee consulted with management of the Company, the internal auditor and the independent registered public accounting firm at various times throughout the year. The charter for the Audit Committee, as most recently revised February 19, 2008, is available on our website at <http://investor.insteel.com/documents.cfm>.

The Executive Compensation Committee. The Executive Compensation Committee is responsible for (i) determining appropriate compensation levels for our executive officers, including any employment, severance or change in control arrangements; (ii) evaluating officer and director compensation plans, policies and programs; (iii) reviewing benefit plans for officers and employees; and (iv) producing an annual report on executive compensation for inclusion in the proxy statement.

The Executive Compensation Committee Report is included in this proxy statement. The Executive Compensation Committee also reviews, approves and administers our incentive compensation plans and equity-based compensation plans and has sole authority for making awards under such plans, including their timing, valuation and amount. In addition, the Executive Compensation Committee reviews and recommends the structure and level of outside director compensation to the full Board. The Executive Compensation Committee has the discretion to delegate any of its authority to a subcommittee, but did not do so during fiscal 2012. The Executive Compensation Committee, which consists of Messrs. Newsome (Chairman), Gage, Hannen and Vaughn, met once during fiscal 2012. At its meeting in November 2012, the Board of Directors determined that each of the members of the Executive Compensation Committee meets the definition of “independent director” as that term is defined under NASDAQ rules. The charter of the Executive Compensation Committee, as adopted on September 18, 2007, is available on our website at <http://investor.insteel.com/documents.cfm>.

The Executive Compensation Committee consults with members of our executive management team on a regular basis regarding our executive compensation program. Our executive compensation program, including the role members of our executive management team and outside compensation consultants play in assisting with establishing compensation, is discussed in more detail below under “Executive Compensation - Compensation Discussion and Analysis.” Our Executive Compensation Committee has retained Pearl Meyer & Partners (“Pearl Meyer”) to serve as its outside consultant, although that Committee did not ask Pearl Meyer to perform any services during fiscal 2012.

The Nominating and Governance Committee. The Nominating and Governance Committee was established by the Board of Directors at the August 25, 2009 Board meeting. This Committee is responsible for establishing Board membership criteria, identifying individuals qualified to become Board members consistent with such criteria and recommending nominations of individuals when openings exist, recommending the appointment of Board committee members and chairs, and reviewing corporate governance issues. Specifically, this Committee periodically reviews our Shareholder Rights Plan, classified board structure and our director election qualifications and procedures, and makes recommendations as appropriate to our Board. The Committee also reviews and recommends changes as necessary to the Board Governance Guidelines and our Code of Business Conduct and facilitates an annual Board self-assessment process.

The Nominating and Governance Committee, which consists of Messrs. Pechota (Chairman), Newsome, Rogers and Vaughn, met twice during fiscal 2012. The Board of Directors, at its meeting in November 2012, determined that each of the members of the Nominating and Governance Committee meets the definition of “independent director” as that term is defined under NASDAQ rules. The charter of the Nominating and Governance Committee is available on our website at <http://investor.insteel.com/documents.cfm>.

Executive Sessions

Pursuant to the listing standards of NASDAQ, the independent directors are required to meet regularly in executive sessions. Generally, those sessions are chaired by the lead independent director. During fiscal 2012, the lead independent director was Mr. Vaughn. During these executive sessions, the lead independent director has the power to lead the meeting, set the agenda and determine the information to be provided. During fiscal 2012, the Board held four executive sessions. The lead independent director can be contacted by writing to Lead Independent Director, Insteel Industries, Inc., c/o James F. Petelle, Secretary, 1373 Boggs Drive, Mount Airy, North Carolina 27030. We screen mail addressed to the lead independent director for security purposes and to ensure that it relates to discrete business matters that are relevant to our Company. Mail that satisfies these screening criteria will be forwarded to the lead independent director.

Board Governance Guidelines

In conjunction with the Board's establishment of the Nominating and Governance Committee on August 25, 2009, the Board adopted Board Governance Guidelines to set forth the framework pursuant to which the Board governs the Company. Among other things, the Board Governance Guidelines describe the expectations regarding attendance at the Annual Meeting and at Board meetings, require regular meetings of independent directors in executive session, describe the functions of the Board's standing committees, including an annual self-assessment process facilitated by the Nominating and Governance Committee, and set forth the procedure pursuant to which shareholders may communicate with directors.

Board Leadership Structure

Our CEO also serves as Chairman of our Board of Directors, and we have an independent lead director. The Board has determined that this structure is appropriate because it believes that at this time it is optimal to have one person speak for and lead the Company and the Board, and that the CEO should be that person. We believe that our lead director position, the number and strength of our independent directors and our overall governance practices minimize any potential conflicts that otherwise could result from combining the positions of Chairman and CEO.

Our lead director since February 2007 has been C. Richard Vaughn. The lead director presides at meetings of our independent directors, which are held prior to all of our regularly scheduled Board meetings. As noted above, the lead director may call for other meetings of the independent directors or of the full Board if he deems it necessary. The lead director also consults with the Chairman regarding meeting agendas, and serves as the principal liaison between the independent directors and the Chairman.

Risk Oversight

Our Board has overall responsibility for risk oversight. The Board as a whole exercises its oversight responsibilities with respect to strategic, operational and competitive risks, as well as risks related to crisis management and executive succession issues. The Board has delegated oversight of certain other types of risks to its committees. The Audit Committee oversees our policies and processes relating to our financial statements and financial reporting, risks relating to our capital, credit and liquidity status, and risks related to related person transactions. The Executive Compensation Committee oversees risks related to our compensation programs and structure, including our ability to motivate and retain talented executives. The Nominating and Governance Committee oversees risks related to our governance structure and succession planning for Board membership.

The risk oversight responsibilities described above have been in place for a number of years. However, during fiscal 2010, we instituted a more formal process in which the major business risks facing the company are identified and assessed, and appropriate strategies are identified to respond to such risks. This risk assessment process is conducted on an ongoing basis.

The Board believes that its ability to oversee risk is enhanced by having one person serve as the Chairman of the Board and CEO. With his in-depth knowledge and understanding of the Company's operations, Mr. Woltz III as Chairman and CEO is better able to bring key strategic and business issues and risks to the Board's attention than would a non-executive Chairman of the Board.

Code of Business Conduct

Consistent with the Board's commitment to sound corporate governance, on August 11, 2003, the Board adopted a Code of Business Conduct (the "Code of Conduct"), which applies to all of our employees, officers and directors. The

Code of Conduct incorporates an effective reporting and enforcement mechanism. The Board has adopted this Code of Conduct as its own standard. The Code of Conduct was prepared to help employees, officers and directors understand our standard of ethical business practices and to promote awareness of ethical issues that may be encountered in carrying out their responsibilities. The Code of Conduct is included in an employment manual, which is supplied to all of our employees and officers and in a Board of Directors Manual for directors, each of whom are expected to read and acknowledge in writing that they understand such policies.

Stock Ownership Guidelines

The Executive Compensation Committee adopted stock ownership guidelines that apply to our directors and executive officers effective August 19, 2011. Under the guidelines, the CEO is expected to own Company stock valued at three times his annual salary, while our other executive officers are expected to own stock valued at one-and-one-half times their annual salary. Current executive officers have five years to comply with the guidelines from the date of adoption and executive officers who become subject to the guidelines in the future would have five years to comply from the date upon which they become covered under the guidelines. Directors are required to own three times their annual cash retainers, and have three years in which to comply.

Policy Prohibiting Hedging of Insteel Stock

On November 13, 2012, the Board adopted a policy prohibiting Insteel directors and officers who are subject to Section 16 reporting requirements (“Section 16 Officers”) from entering into financial transactions designed to hedge or offset any decrease in the market value of our stock. In addition, the policy requires that directors and Section 16 Officers pre-disclose to the Board any intention to enter into a transaction involving the pledge or other use of our stock as collateral to secure personal loans.

Availability of Bylaws, Board Governance Guidelines, Code of Conduct and Committee Charters

Our Bylaws, Board Governance Guidelines, Code of Business Conduct, Audit Committee Charter, Audit Committee Pre-Approval Policy, Executive Compensation Committee Charter and Nominating and Governance Committee Charter are available on our website at <http://investor.insteel.com/documents.cfm>, and in print to any shareholder upon written request to our Secretary.

Shareholder Rights Plan

We have a Shareholder Rights Plan, which we refer to as the “Rights Plan.” Our Rights Plan was adopted on April 27, 1999, and on April 25, 2009, our Board amended and extended the Rights Plan for an additional 10-year term. Our Rights Plan is not intended to prevent any takeover or deter a fair offer for our securities. Rather, it is designed to:

- enable all of our shareholders to realize the full value of their investment;
- provide for fair and equal treatment in the event that an unsolicited attempt is made to acquire us;
- guard against abusive takeover tactics;
- encourage anyone seeking to acquire control of us to make an offer that represents fair value to all our shareholders; and
-

provide our Board with adequate time to fully consider an unsolicited takeover bid and, if necessary, explore other alternatives that would maximize shareholder value.

Rights plans have been studied extensively over the past decade, and our Board believes that these types of plans can be effective in accomplishing the above objectives.

Some proxy advisory services to institutional investors maintain rigid positions opposing the adoption or extension of plans, such as our Rights Plan, unless they have been approved by shareholders. These organizations typically recommend against election of director nominees, such as ours, whose companies have adopted or extended shareholder rights plans. We do not believe this rigid, “one-size-fits-all” position is appropriate or in the best interests of our shareholders for the reasons set forth below.

Prior to extending the Rights Plan in April 2009, our Board engaged in a detailed review of the merits of shareholder rights plans. The Board carefully considered the views of opponents of such plans, as well as the views of its financial advisor and principal outside counsel. The Board also took note of the volatility of our stock price over the last several years and our then-current market capitalization and considered whether a rights plan continued to be in the best interests of us and our shareholders. Ultimately, the Board concluded that the protection afforded to all shareholders by our Rights Plan, as amended in 2009, is appropriate and desirable. When selecting this year’s director nominees our Nominating and Governance Committee considered the Board’s 2009 extension of the Rights Plan, confirmed that the Board followed appropriate procedures and came to a proper decision regarding the extension of the Rights Plan, and determined to recommend for re-election the two director nominees named in this proxy statement.

Our Board also considered whether to submit the Rights Plan to a vote of shareholders. The Board noted that a shareholder vote was not required, that extensive modifications to the Rights Plan would be required to obtain a favorable recommendation from certain proxy advisory services and that the modifications would greatly reduce the effectiveness of the Rights Plan. The Board also noted that we would incur additional expenses if we were to submit the Rights Plan to shareholders.

[Back to Contents](#)

After considering these and other factors, and in the exercise of its business judgment and fiduciary duty, the Board concluded that it should not modify the Rights Plan in an effort to make it more palatable to certain proxy advisory services, or submit the Rights Plan for shareholder ratification, since it believes that the Rights Plan in its current form is in the best interests of us and our shareholders. The Nominating and Governance Committee and the full Board review this issue annually. Most recently, in November 2012 both the Nominating and Governance Committee and the Board concluded that the maintenance of the Rights Plan continues to be in the best interests of our shareholders.

Shareholder Recommendations and Nominations

The Nominating and Governance Committee Charter provides that the Committee will review the qualifications of any director candidates that have been properly recommended to the Committee by shareholders. Shareholders should submit any such recommendations in writing c/o Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030, Attention: James F. Petelle, Vice President and Secretary. In addition, in accordance with our bylaws, any shareholder entitled to vote for the election of directors at the applicable meeting of shareholders may nominate persons for election to the Board if such shareholder complies with the notice procedures set forth in the bylaws and summarized in “Shareholder Proposals for the 2014 Annual Meeting” below.

Process for Identifying and Evaluating Director Candidates

Pursuant to its charter and our Board Governance Guidelines, the Nominating and Governance Committee is responsible for developing and recommending to the Board criteria for identifying and evaluating candidates to serve as directors. These criteria include standards for assessing independence; business and management experience; familiarity with our business, customers and suppliers; consideration of the diverse talents, backgrounds and perspectives of each candidate and the composition of the Board as a whole; integrity; leadership; ability to exercise sound judgment; other company board relationships and existing time commitments; and relevant regulatory and NASDAQ membership requirements for the Board and its committees. A candidate’s qualifications are evaluated based on these criteria when being considered for nomination or re-nomination to the Board for election at our annual meeting or to fill vacated or newly created positions on the Board. We do not have a formal policy on Board diversity as it relates to race, gender or national origin. The Nominating and Governance Committee periodically assesses whether the number of directors on our Board is appropriate and whether any vacancies are anticipated due to retirement or other reasons.

The Committee works with the Chairman of the Board to identify and recruit qualified director candidates in accordance with the director qualifications set forth in our Board Governance Guidelines, and also may retain a third party search firm to assist in the identification of possible candidates for election to the Board. In addition, the Committee will consider any director candidates that have been properly recommended to the Committee by our shareholders or directors. Upon the recommendation of the Committee, the Board evaluates each director candidate based upon the totality of the merits of each candidate and not based on minimum qualifications or attributes. When considering a director candidate standing for re-election, in addition to the above criteria, the Board will also consider that individual’s past contribution and future commitment to us. Upon completion of discussions by the full Board regarding the candidates recommended by the Committee, the Board determines, as applicable, whether to (i) approve and recommend one or more candidates to the shareholders for election at our annual meeting, or (ii) elect one or more candidates to fill vacated or newly created positions on the Board.

Communications with the Board of Directors

The Board has approved a process for shareholders to send communications to the Board. Shareholders can send communications to the Board and, if applicable, to any of its committees or to specified individual directors in writing c/o Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030, Attention: James F. Petelle, Vice

President and Secretary.

We screen mail addressed to the Board, its Committees or any specified individual director for security purposes and to ensure that the mail relates to discrete business matters that are relevant to our Company. Mail that satisfies these screening criteria is required to be forwarded to the appropriate director or directors.

ITEM NUMBER ONE: ELECTION OF DIRECTORS

Introduction

Our bylaws, as last amended February 8, 2011, provide that the number of directors, as determined from time to time by the Board, shall be not less than six nor more than 10, with the precise number to be determined from time to time by resolution of the Board. The Board has most recently fixed the number of directors at seven. The bylaws further provide that directors shall be divided into three classes serving staggered three-year terms, with each class to be as nearly equal in number as possible.

[Back to Contents](#)

The Board has nominated each of the persons named below to serve a three-year term expiring at the 2016 Annual Meeting of Shareholders or until their successors are elected and qualify. Both of the nominees presently serve as our directors. The remaining five directors will continue in office as indicated. It is not contemplated that any of the nominees will be unable or unwilling for good cause to serve; but, if that should occur, it is the intention of the agents named in the proxy to vote for election of such other person or persons to serve as a director as the Board may recommend. If any director resigns, dies or is otherwise unable to serve out his term, or the Board increases the number of directors, the Board may fill the vacancy until the expiration of such director's term.

Vote Required

The nominees for director will be elected by plurality of the votes cast at the meeting at which a quorum representing a majority of all outstanding Shares is present and voting, either by proxy or in person. This means that the two nominees receiving the highest number of votes "FOR" will be elected as directors.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR** the election of each of the following two nominees to serve until the 2016 Annual Meeting. If you do not cast a vote with respect to a particular nominee on your proxy card, your vote will not count as either "for" or "withheld from" such nominee.

Information Regarding Nominees, Continuing Directors and Executive Officers

We have set forth below certain information regarding our nominees for director, our continuing directors and our executive officers. The age shown for each is his age on December 10, 2012, our record date.

Our Board determined that he should be nominated to serve as a director because Mr. Vaughn brings to the Board many years of experience in commercial construction, along with his experience as CEO of a substantial company in that industry. He has been our lead independent director since February 2007. **Committee Memberships:** Executive Compensation Committee, Nominating and Governance Committee and Executive Committee.

Mr. Pechota currently serves as a director of Black Hills Corporation, a publicly-held company. From 2009 to 2012, Mr. Pechota served as a director of Texas Industries, Inc., also a publicly held company. Our Board determined that Mr. Pechota should continue to serve as a director due to his considerable experience, including as a CEO, in the cement industry which, like ours, is closely correlated with the construction industry. Mr. Pechota also contributes his experience as a director of another publicly-held company. He currently chairs our Nominating and Governance Committee. **Committee Memberships:** Audit Committee and Nominating and Governance Committee.

He is a director of two private companies: Ewing Capital Partners, LLC and Forest Commercial Bank. Our Board determined that Mr. Rogers should continue to serve as a director due to his expertise in public capital markets, investment banking and finance, some of which is attributable to his participation as an investment banker in our initial public offering. He also has chaired our Audit Committee since February 2009. **Committee Memberships:** Audit Committee, Nominating and Governance Committee and Executive Committee.

H. O. Woltz III, 56, was elected Chief Executive Officer in 1991 and has been employed by us and our subsidiaries in various capacities since 1978. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

I. Executive Summary

Introduction. This section of our Proxy Statement provides you with a description of our executive compensation policies and programs, the decisions made by our Executive Compensation Committee regarding fiscal 2012 compensation for our executive officers and the factors that influenced those decisions. Our executive officers consist of the following individuals:

H. O. Woltz III	President and CEO
Michael C. Gazmarian	Vice President, CFO and Treasurer
James F. Petelle	Vice President - Administration and Secretary
Richard T. Wagner	Vice President - General Manager, Insteel Wire Products

Results of 2012 Say-On-Pay Vote. At our annual Meeting on February 21, 2012, we held our second advisory shareholder vote on the compensation of our executive officers (commonly referred to as a “Say-on-Pay” vote). We were gratified that 93.6% of the shareholders who attended the meeting voted in favor of our Say-on-Pay proposal. Consequently, our Executive Compensation Committee (the “Committee”) continued to follow the same approach for fiscal 2012 executive officer compensation that it applied in fiscal 2011.

Compensation Program Changes for Fiscal 2012. As we reported in last year’s Proxy Statement, the Committee approved compensation adjustments for our executive officers in fiscal 2011 which were implemented late in fiscal 2011. The salaries that were implemented at that time did not change during fiscal 2012. Changes in two other elements of executive officer compensation that were approved in fiscal 2011 became effective in fiscal 2012. First, the target annual payout for each executive officer under our Return on Capital Incentive Compensation Plan (“ROCICP”) was increased from 50% of base salary to 60%. However, we did not make any payouts under the ROCICP as our financial results for fiscal 2012 fell short of the minimum performance threshold that was required. Second, the target value of equity incentives -- Restricted Stock Units (“RSUs”) and stock options -- granted annually to Mr. Petelle was increased from \$110,000 to \$150,000. The targeted annual value of equity incentives granted to our other three executive officers remained at the level which was established for them in fiscal 2007. In addition, we established stock ownership guidelines late in fiscal 2011; all of our executive officers are currently in compliance with those guidelines.

Business and Financial Performance During Fiscal 2012. The industry in which we operate is both highly competitive and cyclical. We manufacture and market steel wire reinforcing products that are sold primarily to manufacturers of concrete products used in nonresidential construction applications. Demand for our products has remained at severely depressed levels since fiscal 2008 due to the ongoing recessionary conditions in the construction sector. Overall, our manufacturing facilities operated at only 45% of capacity during fiscal 2012. The continued weakness in our markets is reflected in our fiscal 2012 financial results, highlights of which are as follows: Revenues reached \$363.8 million, up 7.8% from fiscal 2011. Net earnings on a GAAP basis were \$1.8 million, compared to a loss of \$400,000 the prior year. Our return on capital, as measured for purposes of our ROCICP, was 1.4%.

Notwithstanding our weak financial results in the face of difficult market conditions, our Board believes that the senior management team has effectively managed our assets, maintained our financial flexibility and significantly improved our earnings potential when our markets recover. Our purchase of our largest competitor, Ivy Steel and Wire, Inc., during fiscal 2011 and the rapid integration of its assets and operations into ours has strengthened our competitive position and enhanced our future earnings potential without compromising our liquidity and financial flexibility.

How Our Performance Affected Executive Officer Compensation. We believe our executive officer compensation program creates a close alignment between our performance and executive rewards because, of the three major components of direct compensation, the value that is achievable from two (our ROCICP and our long-term incentives in the form of RSUs and stock options) is variable, with the value that is realized from each being very much dependent on our performance.

The fact that we did not achieve our performance goals for fiscal 2012 was directly reflected in our executive compensation during the year as follows:

-

Base salaries remained at the levels established late in fiscal 2011. Previously, with one exception in fiscal 2008, salaries had not been increased since fiscal 2007.

-

Short-term incentive awards (payable under the ROCICP) were not earned or paid for the fourth consecutive year.

-

Long-term incentives for our three most highly compensated executive officers remained at the levels established in fiscal 2007. In the aggregate, realizable values under our long-term incentives remain below grant-date values.

Our Key Compensation Practices. Our Board and Committee maintain governance standards applicable to our executive compensation, and active oversight of our program, including the following key points:

-

A Committee comprised solely of independent directors.

-

An independent compensation consultant that reports to and is directed by the Committee, and that provides no other services to the Company.

-

A clawback policy in the event of a financial restatement.

[Back to Contents](#)

-

Change in control payments that are contingent upon a qualifying transaction and a qualifying termination of employment (commonly referred to as a “Double Trigger”).

-

Share ownership guidelines.

-

No tax gross-ups of any kind including for any excise taxes in conjunction with payments that are contingent upon a change in control.

-

No significant perquisites.

-

Award caps that apply to both our ROCICP and to our long-term incentives.

-

Mitigation of risk, in that responsible management of our assets is an integral component of the calculation of annual incentives payable under our ROCICP.

The remainder of this section of our Proxy Statement more fully describes our compensation program.

II. Overall Objectives

The Committee believes that the success of the Company requires experienced leadership that fully understands the realities of Insteel’s challenging business environment and has demonstrated superior business judgment as well as the ability to successfully manage and operate the business. The Committee’s goal in developing its executive compensation system has been to attract, motivate and retain executives who will be successful in this environment and thus enhance the value of the business for our shareholders.

The Company is committed to “pay for performance” at all levels of the organization and accordingly a substantial proportion of each executive officer’s total compensation is variable, meaning the executive officer’s total compensation will be determined based upon the Company’s performance. The Committee does not currently have a fixed formula to determine the percentage of pay that should be variable, but reviews annually the mix between base salary and variable compensation to ensure that its goal of paying for performance will be achieved.

The Committee also believes it is critically important to retain executive officers who have demonstrated their value to the Company. Accordingly, several elements of our compensation system are intended to provide strong incentives for executive officers to remain employed by us. For example, we provide a non-qualified supplemental retirement benefit to executive officers that requires a minimum of 10 years of service before any benefit is paid, and 30 years of service to earn the full benefit provided (50% of base salary per year for 15 years following retirement).

The Committee developed its executive compensation system with the assistance of an independent consultant. The consultant reports directly to the Committee and the scope of services it provides is defined by the Committee. The consultant previously retained by the Committee was Pearl Meyer & Partners (“Pearl Meyer”). Since there were no changes to our executive compensation program implemented in fiscal 2012, other than those previously approved in fiscal 2011, Pearl Meyer was not asked to perform any services for the Committee during fiscal 2012. Consistent with the Committee’s policy that its independent consultant shall not perform services for us other than the services it provides to the Committee, Pearl Meyer did not perform any other services for us during fiscal 2012. The Committee is responsible for establishing the CEO’s compensation, and it reviews and approves recommendations from the CEO regarding the compensation of other executive officers. The Committee regularly meets in executive session without members of management present, and may consult with its consultant as necessary during its deliberations.

Following are the features of the compensation system that support the attainment of the Committee’s fundamental objectives:

-

Attract, motivate and retain key executives by providing total compensation opportunities competitive with those provided to executives employed by companies of a similar size and/or operating in similar industries.

In formulating our approach to total compensation each year, the Committee requires its consultant, if one is retained, to provide peer group data to benchmark our compensation system against systems of other companies in similar industries, as well as against systems of comparably-sized companies in other industries. The objective of our benchmarking process is to provide total compensation opportunities to our executive officers that are near the median of our peer group. Although comparisons to compensation levels in other companies are considered helpful in assessing the overall competitiveness of our compensation practices, the Committee does not feel the need to adhere precisely to the mathematical median, and it places a relatively greater emphasis on overall compensation opportunities rather than on setting each element of compensation at or near the median for that element.

-

Tightly link performance-based compensation to corporate performance.

—

Annual Incentive. As a public company, our primary objective is to create shareholder value. To motivate our executive officers to align their interests with those of our shareholders, we provide annual incentives which are designed to reward our executive officers for the attainment of short-term goals, and long-term incentives which are designed to reward them for increases in our shareholder value over time. The annual incentive for senior executive officers is based entirely on the Company’s return on capital, which is a measure that incorporates both the generation of earnings and the management of the Company’s balance sheet and is closely correlated with long-term shareholder returns.

—

Long-Term Incentives. At this time, our long-term incentives are entirely equity-based, comprised of 50% RSUs and 50% stock options. Use of these equity-based incentives ensures that their value is directly linked to changes in the price of our common stock. Our long-term incentive program currently does not include a cash component.

-

Encourage long-term commitment to the Company.

We believe that the value provided by employees increases over time as they become increasingly knowledgeable about our industry, customers and competitors, as well as our business processes, people and culture. We believe that providing incentives for executive officers to remain with the Company will enhance the long-term value of the Company. Accordingly, we include programs such as Retirement Security Agreements and Change-in-Control Severance Agreements as components of our executive compensation system to provide such incentives. The full benefit under our Retirement Security Agreements is not achieved until an executive officer is employed by us for 30 years and the minimum benefit under these agreements requires 10 years of service.

III. Elements of Compensation

Our executive compensation system is comprised of base salary; our Return on Capital Incentive Compensation Plan (“ROCICP”) which provides for annual incentive payments; long-term incentives (currently consisting of RSUs and stock options); a supplemental retirement plan provided through Retirement Security Agreements with each executive officer; Change-in-Control Severance Agreements and (in the case of our CEO and CFO) Severance Agreements, each of which specifies payments and benefits upon, respectively, a change in control and involuntary termination; and certain other benefits such as medical, life and disability insurance and participation in the Company’s 401(k) retirement savings plan. We do not provide significant perquisites to executive officers.

A brief description of each element of our executive compensation system and the objective of each element is set forth below.

Compensation Element	Description	Objective
		Provide basic level of income security.
Base Salary	Fixed cash compensation.	Compensate executive officers for fulfilling basic job responsibilities. Provide base pay commensurate with median salaries of peer group. Attract and retain key executive officers.
ROCICP Annual Incentive Program	Variable cash compensation paid pursuant to a plan in which all of our sales and administrative employees participate.	Align executive compensation with shareholder interests because payment of the incentive is based on return on capital, a metric closely correlated with the creation of shareholder value. Reward executive officers based on actual returns generated relative to the Company’s weighted average cost of capital.
Long-Term Incentives	Variable compensation granted 50% as RSUs (vesting after three years) and 50% as stock options (vesting one-third each year for three years).	Further align executive compensation with shareholder interests by linking the value of these incentives to changes in the Company’s common stock price.
Supplemental Retirement Plan (Retirement Security Agreement)	Non-qualified retirement plan providing additional income to executive officers for 15 years following retirement.	Aid in retention and encourage long-term commitment to the Company. Aid in retention and encourage long-term commitment to the Company.
		Compensate for federal limits on qualified retirement plans.

Edgar Filing: INSTEEL INDUSTRIES INC - Form DEF 14A

Severance/Change-in-Control Severance (“CIC”) Agreements	Our CEO and CFO have severance agreements that specify payments to them in the event of involuntary termination. All executive officers have CIC agreements specifying their rights related to termination of employment following a change in control of the Company.	Encourage long-term commitment to the Company. Focus executives on shareholder interests. Provide transition assistance in the event of job loss.
Other Benefits	Medical, life and disability insurance; 401(k) savings plan.	Provide insurance and basic retirement benefits of the same nature that other Company employees receive.

The discussion below provides more detailed information regarding the elements of our compensation program for executive officers.

Base Salaries

Base salaries are established by the Committee and reviewed annually. The Committee does not necessarily adjust salaries annually and did not adjust them in fiscal 2012 in view of the adjustments that were put into effect late in fiscal 2011. In establishing and adjusting base salaries, the Committee considers the following factors:

-

The executive’s performance;

-

The executive’s responsibilities;

-

The strategic importance of the position;

-

Competitive market compensation information;

-

Skills, experience and the amount of time the executive has served in the position; and

-

The Company’s recent performance and current business outlook.

Prior to the onset of the global financial crisis, the Committee’s goal had been to establish base salaries between the 25th and 50th percentile of the peer group. However, prior to the adjustments that were instituted late in Fiscal 2011, the Committee did not provide salary increases to our executive officers during fiscal 2009 and 2010, and made only one salary adjustment during fiscal 2008.

Annual Incentive

The annual incentive compensation of our executive officers is based on our financial performance pursuant to the terms of our ROCICP. This plan also applies to all of our sales and administrative employees, with target annual incentive payments ranging from 10% to 60% of annual base salary during fiscal 2012, and payments capped at twice the target incentive level. The target annual incentive payments for our executive officers during fiscal 2012 were 60% of the executive officer's annual base salary. Based on peer group information, the Committee believes our annual incentive opportunity for executive officers at targeted award levels, when added to base salary levels, brings potential total cash compensation near the median for our peer group. When the annual incentive is at maximum levels, reflecting excellent Company performance, the potential total cash compensation would be above the median for our peer group. The Committee believes this balance between base salaries and annual cash incentives is appropriate, in that our executive officers' cash compensation will be near the median for our peer group only if our short-term goals are achieved, and will exceed the median in the event of superior performance during the fiscal year.

For fiscal 2012, we calculated our weighted average cost of capital (“WACC”) for purposes of calculating incentive awards under the ROCICP to be 9% based on a weighted average of (i) our after-tax interest rate for debt, and (ii) the after-tax return that we believe would be expected by a prudent investor in our stock (which our Committee set at 9.5%). Attaining a return equal to our WACC would have resulted in the payout of incentive compensation at the target bonus level. The performance level at which the maximum incentive payment would be earned was set at 14% of the beginning of the year invested capital (WACC+5%) while the minimum threshold at which an incentive payment would be earned was set at 4% of the beginning of year invested capital (WACC - 5%). In fiscal 2012, as in fiscal years 2011 and 2010, we did not make any annual incentive payments since our return on capital fell below the minimum threshold.

For fiscal 2013, the Committee determined that the WACC, for the purposes of the ROCICP, should be adjusted to 8.5% based on updated estimates of the Company’s cost of debt and equity and its capital structure.

The Committee continues to believe that return on invested capital is an appropriate metric for the annual incentive in that it is driven off both the generation of earnings and responsible management of our assets, and is closely correlated with the creation of shareholder value. Since responsible management of our assets is an integral component of the annual incentive calculation, the Committee believes use of this program inherently restrains excessive risk-taking on the part of management. The amounts earned annually under the ROCICP are established strictly by formula. The ROCICP does not provide for increasing or decreasing the annual incentive based on subjective factors.

During fiscal 2007, our Board of Directors amended the ROCICP to clarify that in the event of a material restatement of earnings, the Board has the right to recover payments previously made under the ROCICP, or to reduce future payments. In making a determination whether and from whom to recover previously paid awards, or to reduce future awards, the Committee will consider the amount of the restatement, the reason for the restatement, the role played by any executive officers in the actions and decisions leading to the restatement and any other factors the Committee deems relevant.

Long-Term Incentives

Our long-term incentives are currently entirely equity-based, consisting of 50% RSUs and 50% stock options. These incentives are granted under our 2005 Plan. The targeted amount of the awards was established by the Committee early in fiscal 2007 based on input from our independent consultant at that time, Mercer. The peer group that was constructed by Mercer included the following companies:

-

Universal Stainless & Alloy Products, Inc.

-

NN, Inc.

-

LB Foster Company

-

Materion Corporation (f/k/a Brush Engineered Materials Inc.)

•

NS Group, Inc.

•

PW Eagle, Inc.

•

Olympic Steel, Inc.

•

Steel Technologies, Inc.

•

Gibraltar Industries, Inc.

The targeted amount of the long-term incentive was established at approximately the median for executives in similar positions, in the peer group of companies developed by Mercer. The targeted value of Mr. Petelle's long-term incentive was increased by the Committee from \$110,000 annually to \$150,000 for fiscal 2012, while targeted values for our other executive officers continued at the levels established in fiscal 2007. Therefore, the targeted value of the long-term incentives for each executive officer during fiscal 2012 was as follows: Mr. Woltz III: \$600,000; Messrs. Gazmarian and Wagner: \$275,000 each; Mr. Petelle: \$150,000.

The RSUs and stock options are awarded in two equal tranches, with the first tranche effective on the date of our February annual shareholder meeting and the second tranche effective on the date that is six months after the annual shareholder meeting. These dates are typically about three weeks after the announcement of our quarterly financial results. The Committee believes that providing these awards on predetermined dates that closely follow the reporting of our quarterly financial results is the most appropriate approach for us.

The number of RSUs and stock options to be awarded to each of our executive officers on each grant date is calculated based on the closing price on such date. For example, the target value of long-term incentives granted to Mr. Woltz III during fiscal 2012 was established by the Committee at \$600,000. Accordingly, he received the awards of RSUs and stock options in the amounts shown below on the dates indicated. Since the value of each grant of options and RSUs is pre-determined by the Committee, and the awards occur on pre-established dates, management does not participate in the process of granting these options and RSUs.

The value of each share of Company stock subject to a stock option was established with the assistance of a financial consultant retained by us to calculate the value of our option grants for financial reporting purposes. We and the consultant use a Monte Carlo option valuation model to determine the value of our stock options. The value of each share of stock subject to a grant of option on February 21, 2012 was established at \$6.06 per option share on that date, and at \$4.55 per option share on August 21, 2012. Prior to fiscal 2008, we used a different option valuation method to determine how many option shares to grant to executive officers. We changed to the Monte Carlo valuation model in fiscal 2008 in order to be consistent with the valuation method that we use for financial reporting purposes.

Retirement Benefits

Our executive officers each participate in the 401(k) “defined contribution” plan that is available to substantially all our employees. Under this plan the Company will match 100% of salary deferrals up to the first 1% of the participant’s eligible compensation, and 50% of the next 5% of eligible compensation. However, IRS regulations place significant limits on the ability of our executive officers to defer the same portion of their compensation as other participants. To help compensate for these limits, but in a manner that provides significant incentives for executives to remain employed by us, the Committee has established supplemental retirement plans through retirement security agreements (each, an “SRP”) in which certain of our executives, including all our executive officers, participate. An executive officer is eligible for the full benefit under his SRP if he remains employed by us for a period of at least 30 years. In that case, we will pay the executive officer, during the 15-year period following the later of (i) retirement, or (ii) reaching age 65, a supplemental retirement benefit equal to 50% of the executive officer’s average annual base salary for the five consecutive years in which he received the highest base salary in the 10 years preceding retirement.

An executive officer may receive reduced benefits under the SRP if he retires prior to completing 30 years of service, so long as the executive has reached at least age 55 and has completed at least 10 years of service. If the executive officer does not complete 10 years of service, no benefit is paid under the SRP. If he completes at least 10 years, but less than 30, the amount of the benefit will be reduced by $1/360^{\text{th}}$ for each month short of 360 months that he was employed by us.

Under the SRP, we also provide for pre-retirement disability and death benefits. The disability benefit is payable to an executive officer if, due to disability, his employment terminates before reaching age 65 or completing 30 years of service. In this event, we would pay him, during the 10-year period following the date of disability, a supplemental retirement benefit that, when added to the benefits received (if any) by the executive officer under our long-term disability insurance plan for employees, is equal to 100% of the executive officer’s highest average annual base salary for five consecutive years in the 10-year period preceding the date on which his disability occurred. If the long-term disability insurance payments end prior to the end of the 10-year period, the pre-retirement disability benefit will continue for the remainder of the 10-year period in an amount equal to 50% of his highest average annual base salary for five consecutive years in the 10-year period preceding the date on which his disability occurred.

The death benefit is payable in the event that the executive officer dies while employed by us. In this event, we will pay to the executive officer’s beneficiary, for a term of 10 years following his death, a supplemental death benefit in an amount equal to 50% of his highest average annual base salary for five consecutive years in the 10-year period preceding the date of his death.

Change-in-Control Severance Agreements

We have entered into change-in-control severance agreements with each of our executive officers. These agreements specify the terms of separation in the event that termination of employment occurs following a change in control. The

initial term of each agreement is two years and the agreements provide for subsequent automatic one-year renewal terms unless we or the executive officer provides notice of termination. The agreements do not provide assurances of continued employment, nor do they specify the terms of an executive officer's termination should the termination occur in the absence of a change in control.

The Committee first provided change-in-control severance agreements to our executive officers in May 2003 because it believed that such agreements should be provided to individuals serving in executive positions that can materially affect the consummation of a change-in-control transaction and are likely to be materially affected by a change in control.

These agreements are consistent with the Committee's overall objective of aligning the interests of executive officers and shareholders in that they provide protection to the executive officers in the event of job loss following a transaction. Absent this protection, the executive may be distracted by personal uncertainties and risks in the event of a proposed transaction or may not vigorously pursue certain transactions that would benefit shareholders due to potential negative personal consequences.

Under the terms of these agreements, in the event of termination within two years of a change of control, Messrs. Woltz III and Gazmarian would receive severance benefits equal to two times base salary, plus two times the average bonus for the prior three years and the continuation of health and welfare benefits (including payment of premiums for "COBRA" coverage) for two years following termination. Messrs. Wagner and Petelle would receive severance benefits equal to one times base salary, plus one times the average bonus for the prior three years and the continuation of health and welfare benefits (including payment of premiums for "COBRA" coverage) for one year following termination. In addition, all stock options, restricted stock awards and RSUs outstanding immediately prior to termination would vest and, in the case of options, become exercisable for the remainder of the term provided for in the original agreement relating to each grant of options. Finally, we would pay up to \$15,000 for outplacement services for Messrs. Woltz III, Gazmarian, Wagner and Petelle.

The terms of the change-in-control severance agreements were based on prevailing practice at the time the agreements were entered into, as well as competitive pressures in securing and retaining the services of executive officers. The Committee determined to provide relatively greater change-in-control severance benefits for Mr. Woltz III, our CEO, and Mr. Gazmarian, our CFO, because it believed they would likely be most engaged in any negotiations leading to a transaction that would result in a change in control, and that they would be less likely to retain their positions following a change in control.

Any termination benefits payable under a change-in-control severance agreement are subject to reduction if necessary to avoid the application of the "golden parachute" rules of Section 280G and the excise tax imposed under Section 4999 of the Internal Revenue Code. The agreements do not provide for a "gross up" of any payments to cover any tax liability that may be imposed on our executive officers.

Severance Agreements

We have entered into severance agreements with Mr. Woltz III and Mr. Gazmarian. The severance agreements provide certain termination benefits in the event that we terminate the employment of Mr. Woltz III or Mr. Gazmarian without cause (as defined in each severance agreement). Each severance agreement provides for automatic one-year renewal terms unless we or Mr. Woltz III or Mr. Gazmarian provide prior notice of termination.

We first entered into the severance agreements with Messrs. Woltz III and Gazmarian in December 2004. At that time, the Committee concluded that Messrs. Woltz III and Gazmarian, who were leading efforts to restructure the Company, required additional protection in the event that either of them lost his position under circumstances in which he would not be entitled to benefits under his change-in-control severance agreement.

Neither Mr. Woltz III nor Mr. Gazmarian would be entitled to termination benefits under a severance agreement (i) if his employment with us is terminated for cause, or (ii) if he is entitled to receive benefits under the change-in-control severance agreement described above.

Under the terms of the severance agreements, if Mr. Woltz III or Mr. Gazmarian were terminated without cause, each would receive a lump sum severance payment equal to one and one-half times his annual base salary, and the continuation of health and welfare benefits (including payments of premiums for “COBRA” coverage), for 18 months following termination. In addition, all stock options, restricted stock awards and RSUs outstanding immediately prior to termination would vest and, in the case of options, become exercisable for the remainder of the term provided for in the original agreement relating to each grant of options. Finally, we would pay up to \$15,000 each for outplacement services for Mr. Woltz III and for Mr. Gazmarian. At the time these agreements were entered into, the Committee believed their terms were comparable to those provided to senior officers of similar public companies.

Any termination benefits payable under a severance agreement are subject to reduction if necessary to avoid the application of the “golden parachute” rules of Section 280G and the excise tax imposed under Section 4999 of the Internal Revenue Code.

The Committee periodically reviews the payments that could be received by executive officers pursuant to their respective severance and change-in-control severance agreements, but does not consider the amount of the potential benefits under these agreements when it establishes the elements of each executive officer’s ongoing compensation.

Broad-Based Employee Benefits

Our executive officers participate in employee benefit plans that are offered to all employees, such as health, life and disability insurance and our 401(k) retirement savings plan. Our salaried employees are entitled to designate a beneficiary who will receive a death benefit in the event of the employee’s death while he is employed by us. The amount of the death benefit is determined by the employee’s salary grade. The death benefit payable to beneficiaries of each of our executive officers is \$500,000. We maintain “split dollar” life insurance policies on a broad group of employees, including each of our executive officers, to fund the payment of the death benefit. Proceeds of these policies are payable to us.

Our broad-based employee benefit programs are reviewed periodically to ensure that these programs are adequate based on competitive conditions as well as cost considerations.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year, although certain “performance-based” compensation is not subject to the deduction limit. We generally seek to maximize the deductibility for tax purposes of all elements of compensation.

The Committee periodically reviews applicable tax provisions, such as Section 162(m), and may revise compensation plans from time to time to maximize deductibility. In addition, although the Committee’s current intention is to ensure full deductibility of future compensation, it retains the flexibility to take actions it deems necessary to attract, motivate and retain executive officers who will help us achieve our business goals.

Executive Compensation Committee Report

The Executive Compensation Committee of the Company’s Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with Company management. Based on this review and discussion, the Executive Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for fiscal 2012.

This Executive Compensation Committee report shall be deemed furnished in our Annual Report on Form 10-K for fiscal 2012, is otherwise not incorporated by reference into any of our previous filings with the SEC and is not to be deemed “soliciting material” or incorporated by reference into any of our future filings with the SEC, irrespective of any general statement included in any such filing that incorporates the Annual Report on Form 10-K referenced above or this proxy statement by reference, unless such filing explicitly incorporates this report.

Amounts reported in these columns reflect the aggregate grant date fair value of stock and option awards granted during each fiscal year. These amounts do not reflect the actual value, if any, that may be received by executive officers for their awards. Our assumptions used in the calculation of these amounts for fiscal 2012 are set forth in Note 8 of our consolidated financial statements as reported in our Annual Report on Form 10-K. Cash bonus equivalents paid on RSUs are currently paid in cash and are reported in the "All Other Compensation" column.

Amounts to be reported in this column would be the annual cash incentive amounts accrued for that year under our ROCICP. No negative amounts were earned under the ROCICP for fiscal 2012, 2011 or 2010.

amounts reported for each fiscal year represent the increase in the present actuarial value during such fiscal year of the executive officer's accumulated benefits under our Retirement Savings Plan determined using interest rate assumptions consistent with those set forth in Note 12 of our consolidated financial statements as reported in our 2012 Form 10-K. These amounts were calculated based on the following discount rate assumptions as of the end of each fiscal year: 2010, 5.25%; 2011, 4.75% and 2012, 4.0%. If the discount rate assumption had not been changed for fiscal 2012, the amounts reported in this column for fiscal 2012 would have been as follows: Mr. Woltz, \$102,670; Mr. Gazmarian, \$80,000; Mr. Petelle, \$34,685; and Mr. Wagner, \$76,544. Executive officers may not be fully vested in the amounts reflected herein. We do not currently offer any program for deferring compensation and therefore there were no above-market earnings on deferrals that were required to be reported in this column.

Amounts shown for fiscal 2012 include (i) dividend equivalents paid on RSUs; (ii) the current dollar value attributed by the IRS to the executive officer's profit-sharing program we provide to our executive officers; (iii) the amount of matching funds paid into our Retirement Savings Plan on behalf of our executive officers, and (iv) in the case of Mr. Petelle, reimbursement for relocation expense, and tax gross-up on such reimbursement. The following table shows the amount of each component described above.

Name	Dividends/Dividend	Death Benefit Value	401(k) Matching Payments	Relocation Expenses	Tax Gross-up of Expense Reimbursement

H. O. Woltz III	10,243	1,867	13,994

James F. Petelle	1,976	3,199	5,953	26,400	20,912
Richard T. Wagner	4,695	1,264	9,038		

Fiscal 2012 Grants of Plan-Based Awards

The following table provides information regarding (1) annual incentive compensation payments to our executive officers under our ROCICP, and (2) the value of stock options and RSUs awarded to our executive officers during fiscal 2012 under our 2005 Plan. No annual incentives were earned under the ROCICP during fiscal 2012.

Beginning in fiscal 2006, our practice has been to grant equity awards (stock options and restricted stock and, beginning in fiscal 2009, RSUs) on two dates each fiscal year: the date of our annual shareholders' meeting and the date that is six months after the shareholders' meeting. Stock options have a 10-year term and vest in equal annual increments of one-third of the amount of each grant on the first, second and third anniversaries of the grant date. Options are priced at the closing price of our stock on the date of grant, as reported on NASDAQ. Beginning in fiscal 2009, we granted RSUs instead of shares of restricted stock. RSUs are settled in shares of our common stock at the end of three years. Our executive officers do not have the right to vote the shares represented by RSUs, and may not sell or transfer RSUs, or use them as collateral. We pay dividend equivalents in cash on outstanding RSUs.

[Back to Contents](#)

Generally, stock options and RSUs are subject to forfeiture if an executive officer leaves our employ for reasons other than death, disability or retirement prior to vesting or lapse of restrictions. Pursuant to the Severance Agreements we have with Messrs. Woltz III and Gazmarian, vesting of stock options and RSUs will accelerate in connection with a termination without cause. For all of our executive officers, if employment with us terminates due to death, disability or retirement, or without cause in connection with a change in control pursuant to the terms of our Change-in-Control Severance Agreements, the vesting of stock options and RSUs will accelerate. See “Potential Payments Upon Termination or Change in Control.”

The options and RSUs granted on the dates shown in this column were granted under our 2005 Plan, as amended.

(2)

Our incentive award program, which we refer to as our Return on Capital Incentive Compensation Plan, or ROCICP, is considered a non-equity incentive plan and is discussed above under “Compensation Discussion and Analysis – Elements of Compensation.” There is no threshold amount payable under the program. The amounts shown in the “Target” column reflect each executive officer’s target bonus percentage of base salary set by the Executive Compensation Committee for fiscal 2012. The amounts shown in the “Maximum” column reflect the maximum amount payable to each executive officer under the program based on his target bonus percentage. No awards were paid to our executive officers under the ROCICP for fiscal 2012.

(3)

For each option, the exercise price per share is the closing price of our common stock on NASDAQ on the grant date.

(4)

Represents the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The actual value an executive officer may receive depends on the market price of our stock, and there can therefore be no assurance that amounts reflected in this column will actually be realized.

Our equity-based compensatory awards for fiscal 2012 were issued pursuant to our 2005 Plan, as amended. The original plan was approved by our shareholders in 2005, and an amendment to the Plan which increased the number of shares that can be issued pursuant to the Plan was approved by our shareholders at last year’s Annual Meeting. The maximum number of shares issuable under the 2005 Plan currently may not exceed 2,670,000 shares, but only 350,000 of the 900,000 additional shares authorized at last year’s Annual Meeting may be used for “full-value” grants. Awards settled in cash and shares subject to awards that were forfeited, canceled, terminated, expire or lapse for any reason do not count against this limit, except that after February 21, 2012 shares tendered to exercise outstanding options or shares tendered or withheld to pay taxes will count against the limit. Awards that may be granted under the 2005 Plan include incentive options and non-qualified options, restricted stock awards and RSUs, and performance awards. The number of shares reserved for issuance under the 2005 Plan and the terms of awards may be adjusted upon certain events affecting our capitalization. The 2005 Plan is administered by our Executive Compensation Committee. Subject to the terms of the 2005 Plan, the Executive Compensation Committee has authority to take any action with respect to the 2005 Plan, including selection of individuals to be granted awards, the types of awards and the number of shares of common stock subject to an award, and determination of the terms, conditions, restrictions and limitations of each award.

Additional discussion regarding factors that may be helpful in understanding the information included in the Summary Compensation Table and Fiscal 2012 Grants of Plan-Based Awards table is included above under “Compensation Discussion and Analysis.”

Pension Benefits

Through individual agreements, we provide supplemental retirement benefits to our executive officers which provide for payments to them for a 15-year period beginning on the later of their (i) retirement or (ii) reaching age 65. The maximum annual benefit payable under the supplemental retirement plan provided through each executive officer's Retirement Security Agreement (each, an "SRP") is equal to 50% of the executive officer's annual base salary for the five consecutive years in which he received the highest salary during the 10 years prior to retirement. Only base salary is included in the calculation of the benefit under the SRP.

To receive the maximum benefit under the SRP, the executive officer must be employed by us for at least 30 years. An executive officer will receive reduced benefits under the SRP if he is employed by us for at least 10 years and retires at or after reaching age 55. Since Mr. Woltz III has been employed by us for 30 years, his benefit under the SRP has vested. None of our other executive officers currently meet the minimum qualification for reduced retirement benefits under the SRPs. For more information regarding the SRPs, see the discussion above under the "Compensation Discussion and Analysis – Elements of Compensation" section of this proxy statement. Assumptions used in the calculation of the amounts shown in the following chart are set forth in Note 11 of our consolidated financial statements as reported in our 2012 Form 10-K.

The following table shows the present value of the accumulated benefit as of September 29, 2012 payable at, following or in connection with retirement to each of our executive officers, including the number of years of service credited to each.

[Back to Contents](#)**DIRECTOR COMPENSATION**

Mr. Woltz III, our CEO, receives no additional compensation for serving on our board of directors. In January 2007, we increased the quarterly cash retainer we pay to non-employee directors from \$7,500 to \$10,000, and increased the additional quarterly cash retainer for committee chairmen from \$750 to \$1,250. Prior to fiscal 2009, we made an annual grant of restricted stock, with a one-year vesting period, to our non-employee directors on the date of our annual shareholders' meeting. In fiscal 2009 we began granting RSUs instead of restricted stock to our non-employee directors on the date of our annual shareholders meeting. The fair value of the annual grant is currently established at \$40,000, with the number of shares determined based on our closing price reported on NASDAQ on the date of our annual shareholders' meeting. We do not pay additional "meeting fees" to directors for attendance at board and committee meetings.

The following table shows the compensation we provided to our non-employee directors during fiscal 2012.

Name	Fees Earned or Paid in Cash	Stock Awards	All Other Compensation	Total (\$)
	(\$)	(\$) ⁽¹⁾	(\$) ⁽²⁾	
Duncan S. Gage	40,000	40,003	276	80,279
Louis E. Hannen	40,000	40,003	372	80,375
Charles B. Newsome	45,000	40,003	372	85,375
Gary L. Pechota	45,000	40,003	372	85,375
W. Allen Rogers II	45,000	40,003	372	85,375
C. Richard Vaughn	40,000	40,003	372	80,375

(1)

This amount reflects the aggregate grant date fair value of restricted stock units awarded to each non-employee director on the date of our last annual meeting computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures, and does not reflect the actual value, if any, that may be received by our non-employee directors for their awards. The fair value of 3,063 RSUs issued to each non-employee director on February 21, 2012 was \$40,003 on that date. RSUs granted to non-employee directors vest one year after the date of grant. In addition, on September 29, 2012 each non-employee director had the following number of options, all of which are vested: 0 for Mr. Gage; 7,200 for Mr. Hannen; 14,400 for Mr. Newsome; 7,200 for Mr. Pechota; 14,400 for Mr. Rogers; 0 for Mr. Vaughn. We have not granted stock options to non-employee directors since July 2004.

(2)

This amount reflects dividend equivalents paid in cash on RSUs held by our non-employee directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2012, the Executive Compensation Committee included Messrs. Gage, Hannen, Newsome and Vaughn, none of whom have ever served as officers or employees of us or any of our subsidiaries. Mr. Newsome is Executive

Vice President and General Manager of Johnson Concrete Company. During fiscal 2012, Johnson Concrete Company purchased materials from us valued at \$280,000 for use or resale in their normal course of business, an amount which is very substantially less than 5% of our revenues and of the revenues of Johnson Concrete Company. None of our executive officers served during fiscal 2012 as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has an executive officer who serves on our Board or Executive Compensation Committee.

ITEM NUMBER TWO: ADVISORY VOTE ON THE COMPENSATION OF OUR EXECUTIVE OFFICERS

The Dodd-Frank Act requires us to hold a Say on Pay Vote at least every three years. In light of the vote of the shareholders at our 2011 annual shareholders' meeting at which a plurality of our shareholders expressed a preference for annual Say on Pay votes, we determined to include the Say on Pay Vote in our proxy materials for each annual meeting of shareholders at least until our 2017 annual meeting of shareholders, at which time we are again required to hold an advisory vote on the frequency of Say on Pay votes.

As described in detail under the heading "Executive Compensation – Compensation Discussion and Analysis," we design our executive officer compensation programs to attract, motivate and retain the key executives who drive our success and help us maintain a market leadership position in our industry. We are committed to "pay for performance," meaning that a substantial proportion of our executive officer compensation is variable and will be determined based on our performance. In addition, we design our executive compensation to encourage long-term commitment by our executive officers to Insteel.

Please read the "Executive Compensation" section of this proxy statement. That section of the proxy statement, which includes our Compensation Discussion and Analysis, executive officer compensation tables and related narrative discussion, describes in detail our compensation programs and policies for our executive officers and the decisions made by our Executive Compensation Committee for fiscal 2012. Highlights of our executive officer compensation programs and policies are as follows:

-

We closely monitor the compensation systems of companies of similar size and similar industries, with the objective of providing total compensation opportunities to our executive officers that are near the median of our peer group.

-

To motivate our executive officers and to align their interests with those of our shareholders, we provide annual incentives which are designed to reward our executive officers for the attainment of short-term goals, and long-term incentives which are designed to reward them for increases in our shareholder value over time.

-

We did not provide increases in base salaries to our executive officers during fiscal 2012, since we had provided salary increases late in fiscal 2011. Previously, we had not provided any increases in base salary to any executive officer in fiscal years 2009, 2010 and for most of 2011, due to the continued severe impact of the recessionary conditions in the construction industry on our business and markets.

-

Prior to the increases provided near the end of fiscal 2011, our independent compensation consultant advised that, as a group, cash compensation to our executive officers was significantly below the 25th percentile, compared to our peer group, while company performance was at the 50th percentile. Following the increases instituted near the end of fiscal 2011, we believe the base salaries we provide to our executive officers are now closer to (but not above) the 50th percentile.

-

During fiscal 2012, we did not achieve our minimum return on capital threshold for Bonus Awards to be earned under our ROCICP, and therefore no annual incentives were paid to executive officers.

•

We provide executive officers with long-term incentives in the form of stock options and RSUs. These equity-based awards, which vest over a period of three years, link compensation with the long-term price performance of our stock, and also provide a substantial retention incentive.

•

Our independent compensation consultant believes that while our long-term incentives may be viewed as less performance based than those of our peers because they do not include performance contingent vesting, our annual incentive plan is generally more performance based than plans of our peers, and therefore, taken as a whole, our compensation program is appropriately tied to Company performance.

•

We have entered into change-in-control severance agreements with each of our executive officers. These agreements provide certain benefits in the event of a termination following a change-in-control, also known as a “double-trigger” requirement. We do not provide for tax gross-up payments on any severance payments that would be made in connection with a change-in-control.

•

We do not provide significant perquisites to our executive officers.

We are requesting shareholder approval of the compensation of our executive officers as disclosed in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our executive officers’ compensation. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our executive officers and the philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is an advisory vote which is not binding on us. However, the Board and our Executive Compensation Committee value the opinions expressed by shareholders in their vote on this proposal, and will carefully consider the outcome of the vote when making future compensation decisions with respect to our executive officers.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR** the approval of the compensation of our executive officers, as disclosed in this proxy statement.

ITEM NUMBER THREE: RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP

Independent Registered Public Accounting Firm

The Audit Committee of the Board has selected Grant Thornton LLP as our independent registered public accounting firm for our fiscal year ending September 28, 2013. We are submitting the selection of the independent registered public accounting firm for shareholder ratification at the Annual Meeting. We expect a representative of Grant Thornton LLP to be present at the Annual Meeting and he or she will have the opportunity to make a statement and be available to respond to appropriate questions.

Our organizational documents do not require that our shareholders ratify the selection of our independent registered public accounting firm. If our shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain Grant Thornton LLP, but still may retain them nonetheless. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in our best interests.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR** ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal year 2013.

Pre-Approval Policies and Procedures

Our Board has adopted an Audit Committee Pre-Approval Policy whereby the Audit Committee is responsible for pre-approving all Audits, Audit-Related, and other Non-Audit Related Services to be performed by the independent registered public accounting firm. The Board has authorized the Audit Committee Chair to pre-approve any Audit-Related, or other Non-Audit Related Services that are to be performed by the independent registered public accounting firm that need to be approved between Audit Committee meetings. Such interim pre-approvals shall be reviewed with the full Audit Committee at its next meeting for its ratification.

The Audit Committee Pre-Approval Policy is available on our website at <http://investor.insteel.com/documents.cfm>.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee consists of four independent directors, all of whom are "non-employee directors" (as defined by Rule 16b-3 of the Exchange Act) and "independent" directors (as defined by applicable NASDAQ rules). The Committee operates under a written charter adopted by our Board of Directors that is available on our website at <http://investor.insteel.com/documents.cfm>.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has reviewed the audited consolidated financial statements for the fiscal year ended September 29, 2012 and has met and held discussions with respect to such audited consolidated financial statements with management and Grant Thornton LLP, the Company's independent registered public accounting firm. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee and Grant Thornton LLP have discussed those matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T.

Grant Thornton LLP also provided to the Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding Grant Thornton LLP's communications with the Committee concerning independence, and the Committee has discussed with Grant Thornton LLP the independence of Grant Thornton LLP.

Based on the Committee's review of the audited consolidated financial statements, discussions with management and Grant Thornton LLP, and the Committee's review of the representations of management and the written disclosures and report of Grant Thornton LLP, the Committee recommends that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended September 29, 2012 for filing with the SEC.

The following table shows the number of shares of our common stock, beneficially owned on September 29, 2012 (our fiscal year end) by each of our directors, each of our executive officers, and by all such directors and executive officers as a group. The table also shows the number of RSUs held by each individual and the number of shares of our common stock that each individual had the right to acquire by exercise of stock options within 60 days after our fiscal year end. Beneficial ownership is determined in accordance with the rules of the SEC. Except as indicated in the footnotes to this table and under applicable community property laws, each shareholder named in the table has sole voting and dispositive power with respect to the shares set forth opposite the shareholder's name. The address of all listed shareholders is c/o Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030.

The economic terms of RSUs are substantially similar to shares of restricted stock. However, because shares of restricted stock carry voting rights while RSUs do not, pursuant to SEC rules shares of restricted stock would be included in the "Total" column, while RSUs are not so included. We show them here because we believe it provides additional information to our shareholders regarding the equity interests our executive officers and directors hold in the Company.

(2)

Includes 8,513 shares held in the estate of Howard Woltz, Jr., for which H.O. Woltz III serves as co-executor and 589,010 shares held in various trusts for which Mr. Woltz III serves as co-trustee. Mr. Woltz III shares voting and investment power for all shares held in the estate and in trust. He disclaims beneficial ownership of such shares except to the extent of his pecuniary interest in them.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and greater than ten percent owners to report their beneficial ownership of our common stock and any changes in that ownership to the SEC, on forms prescribed by the SEC. Specific dates for such reporting have been established by the SEC and we are required to report in our proxy statement any failure to file such report by the established dates during the last fiscal year. Based solely upon a review of the copies of such forms furnished to us for the year ended September 29, 2012, and information provided to us by our directors, officers and ten percent shareholders, we believe that all forms required to be filed pursuant to Section 16(a) were filed on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Charles B. Newsome, a director, is Executive Vice President and General Manager of Johnson Concrete Company. During fiscal 2012, Johnson Concrete purchased from us, in a series of separate transactions, materials valued at \$280,000 in the aggregate for use or resale in their normal course of business. The aggregate amount of these purchases was substantially less than 5% of the revenues of Johnson Concrete Company and of Insteel.

Management believes that amounts paid to us in connection with the transactions described above are reasonable and no less favorable to us than would have been paid to us pursuant to arm's length transactions with unaffiliated parties. Our Audit Committee reviewed these transactions with our Board of Directors and with our independent registered public accounting firm. The Committee also reviewed with the Board the director independence standards required by the SEC and NASDAQ. Following this review, the Board determined that Mr. Newsome would continue to qualify as an independent director.

Our general policy is to avoid transactions with "related persons," as that term is described below. Nevertheless, we recognize that there are situations where transactions with related persons might be in our best interests, and therefore in the best interests of our shareholders. These situations could include (but are not limited to) situations where we might obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when we provide products or services to related persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally.

To help ensure timely identification, review and consideration of any such transactions, the Board maintains a written policy regarding transactions that involve Insteel and any "related persons," which generally are our executive officers, directors or director nominees, five percent or greater shareholders or their affiliates, and the immediate family members of any such executive officer, director, director nominee or five percent shareholder. Generally, any current or proposed financial transaction, arrangement or relationship in which a related person had or will have a direct or indirect material interest, in an amount exceeding \$120,000 and in which we are or will be a participant, requires the approval of the Audit Committee or a majority of the disinterested members of the Board. The Audit Committee, pursuant to authority delegated to it by the Board, will analyze and consider any such transaction in accordance with this written policy in order to determine whether the terms and conditions of the transaction are substantially the same as, or more favorable to Insteel, than transactions that would be available from unaffiliated parties.

Our corporate secretary is responsible for identifying and presenting each potential related person transaction to the Audit Committee based on information that the secretary obtains during the process of reviewing annual questionnaires completed by directors and executive officers, as well as on other information that comes to his attention. In conducting its review of any proposed related person transaction, the Audit Committee will consider all of the relevant facts and circumstances available to the Audit Committee, including but not limited to (i) the benefits to Insteel; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; (iii) the availability of other sources for comparable products or services; (iv) the terms of the proposed related person transaction; and (v) the terms available to unrelated third parties or to employees generally in an arm's length negotiation. No member of the Audit Committee will participate in any review, consideration or approval of any related person transaction with respect to which such member or any of his or her immediate family members is the related person.

Following the end of our fiscal year and prior to the Board's determination of each director's independence, the Audit Committee will review any related person transactions that have been previously ratified by the Audit Committee. Based on all relevant facts and circumstances, the Audit Committee will determine if it is in the best interests of us

and our shareholders to continue, modify or terminate any ongoing related person transactions. With respect to related person transactions that involve a director, the immediate family member of a director, or an entity in which a director is a partner, shareholder or executive officer, the Audit Committee will discuss with the Board whether any such related person transaction affects the independence of the director.

OTHER BUSINESS

It is not anticipated that there will be any business presented at the Annual Meeting other than the matters set forth in the Notice of Annual Meeting attached hereto. As of the date of this proxy statement, we were not aware of any other matters to be acted on at the Annual Meeting. If any other business should properly come before the Annual Meeting or any adjournment thereof, the persons named on the enclosed proxy will have discretionary authority to vote such proxy in accordance with their best judgment.

The Board hopes that shareholders will attend the Meeting. Whether or not you plan to attend, you are urged to sign, date and complete the enclosed proxy card and return it in the accompanying envelope. A prompt response will greatly facilitate arrangements for the Meeting, and your cooperation will be appreciated. Shareholders who attend the meeting may vote their Shares even though they have sent in their proxies, although shareholders who hold their shares in “street name” need to obtain a proxy from the brokerage firm or other nominee that holds their shares.

Other Proposals

Under our bylaws, a shareholder may not bring other business before a shareholder meeting which is not intended to be included in the proxy materials for our 2014 Annual Meeting unless the shareholder's timely, accurate and complete written notice has been delivered to, or mailed to and received by, our Secretary at our principal offices not later than October 6, 2013.

Such notice must include, in addition to any requirements imposed by applicable law:

-

a brief description of the business desired to be brought before the meeting and the reasons for bringing such business before the meeting;

-

the name and address, as they appear on our books, of each holder of voting securities proposing such business and each Shareholder Associated Person (as defined below);

-

the class and number of shares of our common stock or other securities that are owned of record or beneficially by such holder and by each Shareholder Associated Person;

-

any material interest of such shareholder and each Shareholder Associated Person in such business other than such person's interest as a shareholder of the Company (including any anticipated benefit to the shareholder or Shareholder Associated Person therefrom);

-

to the extent known by the shareholder giving the notice, the name and address of any other shareholder supporting the proposal on the date of such shareholder's notice; and

-

a description of any hedging or other transactions entered into by the shareholder giving the notice or any Shareholder Associated Person if the effect of such transactions is to mitigate loss or manage risk of stock price changes, or to increase the voting power of such shareholder or Shareholder Associated Person.

“Shareholder Associated Person” of any shareholder means (i) any person controlling, directly or indirectly, or acting in concert with, such shareholder, (ii) any beneficial owner of shares of stock of the Company owned of record or beneficially by such shareholder, and (iii) any person controlling, controlled by or under common control with such Shareholder Associated Person.

These requirements are separate from the requirements a shareholder must meet to have a proposal included in our proxy statement. If the presiding officer at any meeting of shareholders determines that a shareholder proposal was not timely made in accordance with the bylaws, we may disregard such proposal. Additionally, any information submitted by shareholders pursuant to our bylaws shall be updated upon written request of the Secretary of the Company, and information which is inaccurate to a material extent or not timely updated may be deemed not to have been provided in accordance with the bylaws.

Proposals for a Director Nominee and Related Procedures

- a representation that such shareholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- a description of all arrangements or understandings between such shareholder (and any Shareholder Associated Person) and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such shareholder;

[Back to Contents](#)

- any other information relating to each nominee that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required by the rules and regulations of the SEC promulgated under the Exchange Act; and

- the written consent of each nominee to be nominated and to serve as a director if elected.

Delivery of Notice of a Proposal

In each case discussed above, the required notice must be given by personal delivery or by United States certified mail, postage prepaid, to our Secretary, whose address is c/o Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030.

The Company's Bylaws

The foregoing procedures are set forth in our bylaws, as last amended February 8, 2011. Any shareholder desiring a copy of our bylaws will be furnished one without charge upon written request to our Secretary. A copy of the bylaws is filed as an exhibit to our Form 8-K filed with the SEC on February 9, 2011, and is available at the SEC's Internet website (www.sec.gov) and our website at <http://investor.insteel.com/documents.cfm>.

EXPENSES OF SOLICITATION

We will bear the costs of solicitation of proxies. In addition to the use of the telephone, internet or mail, proxies may be solicited by personal interview, telephone and telegram by our directors, officers and employees and no additional compensation will be paid to such individuals. We have also retained the services of Morrow & Co., LLC for a fee of \$5,500 plus out-of-pocket expenses to aid in the distribution of the proxy materials as well as to solicit proxies from institutional investors on behalf of Insteel. Arrangements may also be made with the stock transfer agent and with brokerage houses and other custodians, nominees and fiduciaries that are record holders of Shares for the forwarding of solicitation material to the beneficial owners of Shares. We will, upon the request of any such entity, pay such entity's reasonable expenses for completing the mailing of such material to such beneficial owners.

ANNUAL REPORT AND FINANCIAL STATEMENTS

Our Annual Report to Shareholders for the fiscal year ended September 29, 2012, including a copy of our Annual Report on Form 10-K, which contains financial statements and other information, is being mailed to shareholders with this proxy statement, but it is not to be regarded as proxy soliciting material.

Gazmarian, Vice President, Chief Financial Officer and Treasurer, Insteel Industries, Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030; provided, however, that a copy of the exhibits to such Annual Report on Form 10-K, for which there may be a reasonable charge, will not be supplied to such shareholder unless specifically requested.
