Item 1.01 Entry into a Material Definitive Agreement.

Effective July 26, 2013, Delek Refining, Ltd. ("Delek Refining"), a wholly owned subsidiary of the registrant, Delek US Holdings, Inc. ("Delek US"), completed a transaction (the "Sale") with Delek Marketing & Supply, LP ("Delek Marketing"), a wholly-owned subsidiary of Delek Logistics Partners, LP ("Delek Logistics"), pursuant to which Delek Refining sold to Delek Marketing a refined products terminal, storage tanks and related assets (collectively, the "Tyler Assets") adjacent to Delek US's Tyler, Texas refinery (the "Tyler Refinery").

Tyler Throughput and Tankage Agreement

In connection with the Sale, Delek Refining and Delek Marketing entered into the Tyler Throughput and Tankage Agreement (the "Tyler Agreement"). Under the Tyler Agreement, Delek Marketing will provide Delek Refining access to and use of the terminal and tanks for Delek Refining's receipt and shipment of products to and from the Tyler Refinery in return for throughput and storage fees based on volume. Under the Tyler Agreement, Delek Refining is obligated to transport an aggregate volume of at least 50,000 barrels of refined products per day across the rack at a throughput fee of \$0.35 per barrel (the "Throughput Fee"). Delek Refining is also subject to a monthly storage fee of approximately \$850,000 for the right to use of the active shell capacity of the tanks. Delek Marketing is obligated to maintain throughput and storage capacity sufficient to meet these minimum requirements. The initial term of the Tyler Agreement expires on July 26, 2021 and Delek Refining, at its sole option, may extend the term for two renewal terms of four years each.

The foregoing description of the Tyler Agreement is not complete and is qualified in its entirety by reference to the Tyler Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.
