NOTES TO FINANCIAL STATEMENTS

For the Three Months Ended October 31, 2011

1. UNAUDITED INFORMATION

The consolidated balance sheet of Gold Dynamics Corp. (the “Company”) as of October 31, 2011, and the statements of operations and cash flows for the three then ended , have not been audited. However, in the opinion of management, such information includes all adjustments (consisting only of normal recurring adjustments) which are necessary to properly reflect the financial position of the Company as of October 31, 2011, and the results of operations for the three months ended October 31, 2011.

Certain information and notes normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted, although management believes that the disclosures are adequate to make the information presented not misleading. Interim period results are

not necessarily indicative of the results to be achieved for an entire year. These financial statements should be read in conjunction with the financial statements and notes to financial statements included in the Company's financial statements as filed on Form 10-K for the fiscal year ended October 31, 2011.

2. **BASIS OF PRESENTATION**

The accompanying unaudited interim financial statements of Gold Dynamics formerly known as Vita Spirits Corp., formerly known as Revo Ventures Inc, have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with Gold Dynamics Corp. audited 2011 annual financial statements and notes thereto filed with the SEC on form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the result of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements, which would substantially duplicate the disclosure required in Gold Dynamics 2011 annual financial statements have been omitted.

The Company's primary operations began in April 2006. The Company intends to change its primary operations from an e-commerce focus to a producer of vitamin infused alcoholic beverages. As part of the change in operations, the Company has undergone a name change from Revo Ventures Inc. to Vita Spirits Corp. to Gold Dynamics Corp. to better reflect the Company's new focus.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

The Company does not expect that adoption of recently issued accounting pronouncements will have a material impact on its financial position, results of operations or cash flows.

3. **GOING CONCERN**

Gold Dynamic's financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities and commitments in the normal course of business for the foreseeable future. Since inception, the Company has accumulated losses aggregating to \$ 116,091 and has insufficient working capital to meet operating needs for the next twelve months as of October 31, 2011, all of which raise substantial doubt about

Vita's ability to continue as a going concern.

4. COMMON STOCK TRANSACTIONS

On July 14, 2006, the Company sold 5,000,000 common shares at \$0.001 per share to the sole director of the Company for total proceeds of \$5,000.

Caution about Forward-Looking Statements

This management's discussion and analysis or plan of operation should be read in conjunction with the financial statements and notes thereto of the Company for the quarter ended April 30, 2009. Because of the nature of a relatively new and growing company the reported results will not necessarily reflect the future.

Overview

Gold Dynamics Corp.'s primary operations began in April 2006. The Company intends to change its focus of primary operations from a producer of vitamin infused alcoholic beverages to exploration of mining opportunities . As part of the change in operations, the

Company has undergone a name change from Vita Spirits Corp. to Gold Dynamics Corp. to better reflect the Company's new focus.

We anticipate that in order for us to begin exploration into the mining industry, we will need to raise additional capital. We currently do not have any specific plans to raise these funds.

Results of Operations

Three Months Ended October 31, 2011 Compared to October 31, 2010

The Company experienced general and administration expenses of \$7,217 and \$1,802 for the three month periods ended October 31, 2011 and 2010, respectively. The increase in general and administration expenses for this period are attributed to an increase in professional fees.

For the three month period ended October 31, 2011, the company experienced a net loss of \$7,217 compared to a loss of \$1,802 for the three months ended October 31, 2010.

Liquidity and Capital Resources

During the three month period ended October 31, 2011, the Company had no working capital needs. As of October 31, 2011, the Company has cash on hand in the amount of \$0. Management does not expect that the current level of cash on hand will be sufficient to fund our operations for the next twelve month period. In the event that additional funds are required to maintain operations, our officers and directors have agreed to advance us sufficient capital to allow us to continue operations. We may also be able to obtain loans from our shareholders, but there are no agreements or understandings in place currently.

We believe we will require additional funding to expand our business and ensure its future profitability. We anticipate that any additional funding will be in the form of equity financing from the sale of our common stock. However, we do not have any arrangements in place for any future equity financing. In the event we are not successful in selling our

common stock, we may also seek to obtain short-term loans from our director.

Item 3. Quantitative Disclosures About Market Risks

Not applicable

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act (defined below)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered in this report, our disclosure controls and procedures were not effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Changes in Internal Control over Financial Reporting

In addition, our management with the participation of our Principal Executive Officer and Principal Financial Officer have determined that no change in our internal control over financial reporting occurred during or subsequent to the quarter ended January 31, 2009 that has materially affected, or is (as that term is defined in Rules 13(a)-15(f) and 15(d)-15(f) of the Securities Exchange Act of 1934) reasonably likely to materially affect, our internal control over financial reporting.
