Form 10-Q
August 10, 2017

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2017

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File No. **000-54090**

CAREVIEW COMMUNICATIONS, INC.

(Exact name of registrant as specified in its charter)

Nevada **95-4659068**
(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

405 State Highway 121, Suite B-240, Lewisville, TX 75067 (972) 943-6050

(Address of principal executive offices)

(Registrant's
Telephone
Number)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	Accelerated filer
Non-accelerated filer	Smaller reporting company
(Do not check if a smaller reporting company)	Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

The number of shares outstanding of each of the issuer's classes of Common Stock as of August 10, 2017 was 139,380,748.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – BASIS OF PRESENTATION AND RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Interim Financial Statements

The accompanying unaudited interim condensed consolidated financial statements of CareView Communications, Inc. (“CareView”, the “Company”, “we”, “us” or “our”) have been prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”) for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, such financial statements include all adjustments (consisting solely of normal recurring adjustments) necessary for the fair statement of the financial information included herein in accordance with GAAP and the rules and regulations of the Securities and Exchange Commission (the “SEC”). The balance sheet at December 31, 2016 has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Results of operations for interim periods are not necessarily indicative of results for the full year. The accompanying condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2016 as filed with the SEC on March 31, 2017.

Earnings Per Share

We calculate earnings per share (“EPS”) in accordance with GAAP, which requires the computation and disclosure of two EPS amounts, basic and diluted. Basic EPS is computed based on the weighted average number of shares of common stock outstanding during the period. Diluted EPS is computed based on the weighted average number of common shares outstanding plus all potentially dilutive common shares outstanding during the period under the treasury stock method. Such potential dilutive common shares consist of stock options, warrants and convertible debt. Potential common shares totaling approximately 126,000,000 and 111,000,000 at June 30, 2017 and 2016, respectively, have been excluded from the diluted earnings per share calculation as they are anti-dilutive due to our reported net loss.

Recently Issued and Newly Adopted Accounting Pronouncements

There have been no material changes to our significant accounting policies as summarized in *NOTE 2* of our Annual Report on Form 10-K for the year ended December 31, 2016. We do not expect that the adoption of any recent accounting pronouncements will have a material impact on our accompanying condensed consolidated financial statements.

NOTE 2 – LIQUIDITY AND MANAGEMENT’S PLAN

Our cash position at June 30, 2017 was approximately \$5,881,000. We also have \$3,250,000 recorded as restricted cash related to a debt covenant in our credit agreement with PDL BioPharma, Inc. (see *NOTE 12* for further details).

Pursuant to the terms of a Note and Warrant Purchase Agreement dated April 21, 2011 (as subsequently amended) with HealthCor Partners Fund, LP and HealthCor Hybrid Offshore Master Fund, LP (“HealthCor”) we are required to maintain a minimum cash balance \$2,000,000 (see *NOTE 11* for further details), and we are in compliance with the minimum cash balance as of the date of this filing.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 – LIQUIDITY AND MANAGEMENT’S PLAN (Continued)

Our continued successful operation is dependent upon us achieving positive cash flow through operations or securing adequate debt financing to fund operations until positive cash flow is achieved. We expect that the cash on hand, as well as our existing and projected cash flow from billable contracts, will enable us to continue to operate for the next twelve month period, in conjunction with anticipated new debt financing arrangements or the restructuring of the Company's cost structure. We believe that our sales and marketing plan to attract new business and our ongoing deployment and installation of units under existing hospital agreements, will meet our near-term cash needs and will help us achieve future operating profitability.

NOTE 3 – STOCKHOLDERS’ EQUITY

Warrants to Purchase Common Stock of the Company

We use the Black-Scholes-Merton option pricing model (“Black-Scholes Model”) to determine the fair value of warrants to purchase Common Stock of the Company (“Warrants”) (except certain Warrants issued to HealthCor in 2011 as discussed in *NOTE 11* and the warrants issued in connection with a private placement completed in April 2013 “Private Placement Warrants”). The Private Placement Warrants contain provisions that protect the holders from a decline in the issue price of our common stock or “down round” provisions. In accordance with the accounting standards, we determined that these instruments qualify as derivative liabilities and should be recorded at their fair value on the date of issuance and re-measured at fair value each reporting period with the change reported in earnings). The Black-Scholes Model is an acceptable model in accordance with the GAAP. The Black-Scholes Model requires the use of a number of assumptions including volatility of the stock price, the weighted average risk-free interest rate, and the weighted average term of the Warrant. The fair value of the Warrants issued to HealthCor and the Private Placement Warrants was computed using the Binomial Lattice model, incorporating transaction details such as the price of our Common Stock, contractual terms, maturity and risk free rates, as well as assumptions about future financings, volatility, and holder behavior. Due to the down round provisions associated with the exercise price of these Warrants, we determined that the Binomial Lattice model was the most appropriate model for valuing these instruments. As discussed in *NOTE 11*, the Warrants issued to HealthCor in 2011 were substantially amended and no longer contain down round provisions.

Edgar Filing: CareView Communications Inc - Form 10-Q

The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the term of the Warrants and is calculated by using the average daily historical stock prices through the day preceding the grant date.

Estimated volatility is a measure of the amount by which our stock price is expected to fluctuate each year during the expected life of the award. Our estimated volatility is an average of the historical volatility of our stock prices (and that of peer entities whose stock prices were publicly available) over a period equal to the expected life of the awards. Where appropriate we used the historical volatility of peer entities due to the lack of sufficient historical data of our stock price during 2007-2009.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3 – STOCKHOLDERS' EQUITY (Continued)

Warrants to Purchase Common Stock of the Company (continued)

Warrant Activity during the Six Months Ended June 30, 2017

During the six months ended June 30, 2017, no Warrants were issued, 340,000 Warrants expired and none were exercised.

As of June 30, 2017 and December 31, 2016, we recorded a warrant liability of \$629 in our consolidated financial statements.

Warrant Activity during the Six Months Ended June 30, 2016

During the six months ended June 30, 2016, no Warrants were issued and none were exercised or expired.

As of December 31, 2015, we recorded a warrant liability of \$168,805 in our consolidated financial statements. At June 30, 2016, the Private Placement Warrants were re-valued with a fair value determination of \$11,785, resulting in a difference of \$157,020, which was included as change in fair value of warrant liability in other income and expense in the accompanying condensed consolidated financial statements.

Options to Purchase Common Stock of the Company

Edgar Filing: CareView Communications Inc - Form 10-Q

During the six months ended June 30, 2017, we granted options to purchase 545,000 shares of our Common Stock (the “Option(s)”) to certain employees. During those same six month period, 153,497 Options were canceled.

A summary of our stock option activity and related information follows:

	Number of Shares Under Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value
Balance at December 31, 2016	15,910,975	\$ 0.37	8.0	\$ —
Granted	545,000	\$ 0.11	9.9	\$ 400
Expired	(56,668)			
Canceled	(153,497)			
Balance at June 30, 2017	16,245,810	\$ 0.36	7.6	\$ 81,189
Vested and Exercisable at June 30, 2017	7,981,845	\$ 0.59	5.9	\$ —

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****NOTE 3 – STOCKHOLDERS' EQUITY (Continued)**Options to Purchase Common Stock of the Company (continued)

The valuation methodology used to determine the fair value of the Options issued was the Black-Scholes Model.

The assumptions used in the Black-Scholes Model are set forth in the table below.

	Six Months Ended June 30, 2017	Year Ended December 31, 2016
Risk-free interest rate	1.71-1.99%	1.13-1.84%
Volatility	78.4-81.25%	63.49-73.73%
Expected life in years	6	6
Dividend yield	0.00%	0.00%

The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the expected term of the Option and is calculated by using the average daily historical stock prices through the day preceding the grant date. Estimated volatility is a measure of the amount by which our stock price is expected to fluctuate each year during the expected life of the award. Our estimated volatility is an average of the historical volatility of our stock prices. Our calculation of estimated volatility is based on historical stock prices over a period equal to the expected life of the awards.

Share-based compensation expense for Options charged to our operating results for the six months ended June 30, 2017 and 2016 (\$215,853 and \$380,535, respectively) is based on awards vested. The estimate of forfeitures are to be recorded at the time of grant and revised in subsequent periods if actual forfeitures differ from the estimates. We have not included an adjustment to our stock based compensation expense based on the nominal amount of the historical forfeiture rate. We do, however, revise our stock based compensation expense based on actual forfeitures during each reporting period.

At June 30, 2017, total unrecognized estimated compensation expense related to non-vested Options granted prior to that date was approximately \$554,328, which is expected to be recognized over a weighted-average period of 1.9 years. No tax benefit was realized due to a continued pattern of operating losses.

NOTE 4 – OTHER CURRENT ASSETS

Other current assets consist of the following:

	June 30, 2017	December 31, 2016

Accrued paid time off	101,055	126,486
Accrued professional services	—	25,000
Deferred revenue	46,616	—
Other accrued liabilities	39,737	35,263
TOTAL OTHER CURRENT LIABILITIES	\$ 722,374	\$ 485,221

NOTE 8 – INCOME TAXES

Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. We do not expect to pay any significant federal or state income tax for 2017 as a result of the losses recorded during the six months ended June 30, 2017 and the additional losses expected for the remainder of 2016 and net operating loss carry forwards from prior years. Accounting standards require the consideration of a valuation allowance for deferred tax assets if it is “more likely than not” that some component or all of the benefits of deferred tax assets will not be realized. As of June 30, 2017, we maintained a full valuation allowance for all deferred tax assets. Based on these requirements, no provision or benefit for income taxes has been recorded. There were no recorded unrecognized tax benefits at the end of the reporting period.

NOTE 9 – JOINT VENTURE AGREEMENT

On November 16, 2009, we entered into a Master Investment Agreement (the “Rockwell Agreement”) with Rockwell Holdings I, LLC, a Wisconsin limited liability company (“Rockwell”). Under the terms of the Rockwell Agreement, we used funds from Rockwell to fully implement the CareView System™ in Hillcrest Medical Center in Tulsa, Oklahoma (“Hillcrest”) and Saline Memorial Hospital in Benton, Arkansas (“Saline”) (the “Project Hospital(s)”). CareView-Hillcrest, LLC and CareView-Saline, LLC, both Wisconsin limited liability companies, were created as the operating entities for the Project Hospitals under the Rockwell Agreement (the “Project LLC(s)”).

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 9 – JOINT VENTURE AGREEMENT (Continued)

On January 31, 2017, under the terms of the Rockwell, wherein we have the option to purchase Rockwell's interest in the Project LLCs, we exercised that right by entering into a Settlement and LLC Interest Purchase Agreement with Rockwell (the "Settlement Agreement"). Pursuant to the terms of the Settlement Agreement, we paid Rockwell the aggregate amount of \$1,213,786 by the issuance of a promissory note to Rockwell for \$1,113,786 (the "CareView Note") and a cash payment of \$100,000. Pursuant to the terms of the CareView Note, we will make quarterly principal payments of \$100,000, with each payment being made on the last day of each calendar quarter beginning with the first payment date of March 31, 2017 and continuing on the last business day of each subsequent calendar quarter through September 30, 2019. We were not in default of any conditions under the Settlement Agreement as of June 30, 2017. The final payment due on December 31, 2019 shall be a balloon payment of \$13,786 representing the remaining principal balance plus all accrued and unpaid interest.

As additional consideration to Rockwell for entering into the Rockwell Agreement, we granted Rockwell Warrants to purchase 1,151,206 shares of our Common Stock on the date of the Rockwell Agreement, and, using the Black-Scholes Model, valued the Warrants at \$1,124,728 (the "Project Warrant"), which amount was fully amortized at December 31, 2015. Pursuant to the terms of the Settlement Agreement, the expiration date of the Project Warrant was extended from November 16, 2017 to November 16, 2022. All other provisions of the Project Warrant remained unchanged. At the time of the extension, the Project Warrant were revalued resulting in a \$11,512 increase in fair value, which has been recorded as non-cash costs included in general and administration expense in the accompanying condensed consolidated financial statements.

NOTE 10 – VARIABLE INTEREST ENTITIES

The Company consolidates VIEs of which it is the primary beneficiary. The liabilities recognized as a result of consolidating these VIEs do not necessarily represent additional claims on our general assets; rather, they represent claims against the specific assets of the consolidated VIEs. Conversely, assets recognized as a result of consolidating these VIEs do not represent additional assets that could be used to satisfy claims against our general assets.

Concurrent with the execution, and pursuant to the terms, of the Settlement Agreement, as discussed in NOTE 9 above, all assets and liabilities of the Project LLCs were transferred to our wholly owned subsidiary, CareView Communications, Inc. a Texas corporation, effective January 1, 2017. On June 12, 2017 we filed Form 510- Limited

Liability Company Articles of Dissolution with the State of Wisconsin resulting in the dissolution of the Project LLCs effective that date.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 – AGREEMENT WITH HEALTHCOR

On April 21, 2011, we entered into a Note and Warrant Purchase Agreement (as subsequently amended) (the “HealthCor Purchase Agreement”) with HealthCor. Pursuant to the terms HealthCor Purchase Agreement, we sold Senior Secured Convertible Notes to HealthCor in the principal amount of \$9,316,000 and \$10,684,000, respectively (collectively the “2011 HealthCor Notes”). The 2011 HealthCor Notes have a maturity date of April 20, 2021. We also issued Warrants to HealthCor for the purchase of an aggregate of up to 5,488,456 and 6,294,403 shares, respectively, of our Common Stock at an exercise price of \$1.40 per share (collectively the “2011 HealthCor Warrants”).

So long as no event of default has occurred, the outstanding principal balances of the 2011 HealthCor Notes accrue interest from April 21, 2011 through April 20, 2016 (the “First Five Year Note Period”) at the rate of 12.5% per annum, compounding quarterly and shall be added to the outstanding principal balances of the 2011 HealthCor Notes on the last day of each calendar quarter. Interest accruing from April 21, 2016 through April 20, 2021 (the “Second Five Year Note Period”) at a rate of 10% per annum, compounding quarterly, may be paid quarterly in arrears in cash or, at our option, such interest may be added to the outstanding principal balances of the 2011 HealthCor Notes on the last day of each calendar quarter. For the period from April 21, 2016 through June 30, 2017 interest has been added to the outstanding principal balance.

From the date any event of default occurs, the interest rate, then applicable, shall be increased by five percent (5%) per annum. HealthCor has the right, upon an event of default, to declare due and payable any unpaid principal amount of the 2011 HealthCor Notes then outstanding, plus previously accrued but unpaid interest and charges, together with the interest then scheduled to accrue (calculated at the default rate described in the immediately preceding sentence) through the end of the First Five Year Note Period or the Second Five Year Note Period, as applicable.

At any time after April 21, 2011, HealthCor is entitled to convert any portion of the outstanding and unpaid accrued interest on and principal balances of the 2011 HealthCor Notes into fully paid and non-assessable shares of our Common Stock at a conversion rate of \$1.25 per share, subject to adjustment in accordance with anti-dilution provisions set forth in the 2011 HealthCor Notes. As of June 30, 2017, the underlying shares of our Common Stock related to the 2011 HealthCor Notes totaled approximately 33,000,000.

On January 31, 2012, we entered into the Second Amendment to the HealthCor Purchase Agreement with HealthCor (the “Second Amendment”) amending the HealthCor Purchase Agreement, and sold Senior Secured Convertible Notes to HealthCor in the principal amounts of \$2,329,000 and \$2,671,000, respectively (collectively the “2012 HealthCor Notes”). As provided by the Second Amendment, the 2012 HealthCor Notes are in substantially the same form as the 2011 HealthCor Notes, with changes to the “Issuance Date,” “Maturity Date,” “First Five Year Note Period” and other terms to take into account the timing of the issuance of the 2012 HealthCor Notes. The 2012 HealthCor Notes have a maturity date of January 30, 2022. In addition, the provisions regarding interest payments, interest acceleration, optional conversion, negative covenants, and events of default, preemptive rights and registration rights are the same as those of the 2011 HealthCor Notes. At any time after January 30, 2012, HealthCor is entitled to convert any portion of the outstanding and unpaid accrued interest on and principal balances of the 2012 HealthCor Notes into fully paid and non-assessable shares of our Common Stock at a conversion rate of \$1.25 per share, subject to adjustment in accordance with anti-dilution provisions set forth in the 2012 HealthCor Notes. As of June 30, 2017, the underlying shares of our Common Stock related to the 2012 HealthCor Notes totaled approximately 8,000,000.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 – AGREEMENT WITH HEALTHCOR (Continued)

On August 20, 2013, we entered into a Third Amendment to the HealthCor Purchase Agreement with HealthCor (the “Third Amendment”) to redefine our minimum cash balance requirements. Previously we were required to maintain a minimum cash balance of \$5,000,000 and should we drop below that balance, it triggered a default. The Third Amendment allowed for a reduced minimum cash period, as defined in the HealthCor Purchase Agreement, which allowed us to drop below \$5,000,000, but not below \$4,000,000. All other terms and conditions of the HealthCor Purchase Agreement, including all amendments thereto, remain the same. Upon entering the reduced minimum cash period (which occurred on October 7, 2013), we had 120 days to return our minimum cash balance to the original \$5,000,000. On January 16, 2014, we increased our cash balance to in excess of the original \$5,000,000 minimum allowable balance.

On January 16, 2014, we entered into a Fourth Amendment to the HealthCor Purchase Agreement with HealthCor (the “Fourth Amendment”) and sold Senior Secured Convertible Notes to HealthCor in the principal amounts of \$2,329,000 and \$2,671,000 (collectively the “2014 HealthCor Notes”). As provided by the Fourth Amendment, the 2014 HealthCor Notes are in substantially the same form as the 2011 HealthCor Notes, with changes to the “Issuance Date,” “Maturity Date,” “First Five Year Note Period” and other terms to take into account the timing of the issuance of the 2014 HealthCor Notes. The 2014 HealthCor Notes have a maturity date of January 15, 2024. In addition, the provisions regarding interest payments, interest acceleration, optional conversion, negative covenants, and events of default, preemptive rights and registration rights are the same as those of the 2011 HealthCor Notes. At any time after January 16, 2014, HealthCor is entitled to convert any portion of the outstanding and unpaid accrued interest on and principal balances of the 2014 HealthCor Notes into fully paid and non-assessable shares of our Common Stock at a conversion rate of \$0.40 per share, subject to adjustment in accordance with anti-dilution provisions set forth in the 2014 HealthCor Notes. Additionally we issued Warrants to HealthCor for the purchase of an aggregate of up to 4,000,000 shares of our Common Stock at an exercise price of \$0.40 per share (collectively the “2014 HealthCor Warrants”). As of June 30, 2017, the underlying shares of our Common Stock related to the 2014 HealthCor Notes totaled approximately 19,000,000.

On December 4, 2014, we entered into a Fifth Amendment to the HealthCor Purchase Agreement (the “Fifth Amendment”) with HealthCor and certain additional investors (such additional investors, the “New Investors” and, collectively with HealthCor Partners Fund, LP, the “Investors”) and agreed to sell and issue (i) additional notes in the initial aggregate principal amount of \$6,000,000, with a conversion price per share of \$0.52 (subject to adjustment as described therein) (the “Fifth Amendment Notes”) and (ii) additional Warrants for an aggregate of up to 3,692,308 shares of our Common Stock at an exercise price per share of \$0.52 (subject to adjustment as described therein) (the “Fifth Amendment Warrants”). As provided by the Fifth Amendment, the Fifth Amendment Notes are in substantially the same form as the 2011 HealthCor Notes, with changes to the “Issuance Date,” “Maturity Date,” “First Five Year Note

Period” and other terms to take into account the timing of the issuance of the Fifth Amendment Notes. The Fifth Amendment Notes have a maturity date of February 16, 2025. In addition, the provisions regarding interest payments, interest acceleration, optional conversion, negative covenants, and events of default, preemptive rights and registration rights are the same as those of the 2011 HealthCor Notes. The New Investors are composed of all but one of our current directors and one of our officers. On February 17, 2015, the Company and the Investors closed on the transactions contemplated by the Fifth Amendment. In connection with this closing, the Company and the Investors entered into an Amended and Restated Pledge and Security Agreement (the “Amended Security Agreement”), amending and restating that certain Pledge and Security Agreement dated as of April 20, 2011, and an Amended and Restated Intellectual Property Security Agreement (the “Amended IP Security Agreement”), amending and restating that certain Intellectual Property Security Agreement dated as of April 20, 2011. As of June 30, 2017, the underlying shares of our Common Stock related to the Fifth Amendment Notes totaled approximately 3,000,000 to HealthCor and 13,000,000 to the New Investors.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 – AGREEMENT WITH HEALTHCOR (Continued)

On March 31, 2015, we entered into the Sixth Amendment to the HealthCor Purchase Agreement (the “Sixth Amendment”) pursuant to which, among other things, (i) the requirement to maintain a minimum cash balance of \$5,000,000 was reduced to a minimum cash balance of \$2,000,000 and (ii) the amendment provision was revised to permit the HealthCor Purchase Agreement to be amended by the Company and the holders of the majority of the Common Stock underlying the outstanding notes and warrants to purchase shares of our Common Stock sold pursuant to the HealthCor Purchase Agreement. On March 31, 2015, we also issued a warrant to HealthCor to purchase up to an aggregate of 1,000,000 shares of our Common Stock in consideration for certain prior waivers of the minimum cash balance requirement in the HealthCor Purchase Agreement (the “Sixth Amendment Warrant”). The Sixth Amendment Warrant has an exercise price per share of \$0.53 (subject to adjustment as described therein) and an expiration date of March 31, 2025.

On June 26, 2015, we (i) entered into a Seventh Amendment to the HealthCor Purchase Agreement (the “Seventh Amendment”) pursuant to which the HealthCor Purchase Agreement was amended to permit the Company to enter into and perform its obligations under the Credit Agreement entered into with PDL BioPharma, Inc., as administrative agent and lender (the “Lender”) (the “PDL Credit Agreement”); (ii) executed an Amendment to the Registration Rights Agreement between the Company and HealthCor dated April 21, 2011 (the “RR Agreement”) pursuant to which the RR Agreement was amended to make its priority of registration consistent with the Registration Rights Agreement executed by the Company and Lender (as detailed in *NOTE 12*); (iii) amended the 2011 HealthCor Notes to extend the maturity date, in the event that Tranche Two of the PDL Credit Agreement is funded, for such notes to 90 days after the earlier of the Tranche Two maturity date or repayment date, but not later than December 31, 2022, (iv) amended the 2012 HealthCor Notes, to set the maturity date at January 30, 2022 and, in the event that Tranche Two of the PDL Credit Agreement is funded, to extend such maturity date to 90 days after the earlier of the Tranche Two maturity date or repayment date, but later than December 31, 2022; and (v) amended each of the Senior Secured Convertible Notes issued under the HealthCor Purchase Agreement (the “HealthCor Notes”) to, among other things, subordinate the HealthCor Notes to the loans under the PDL Credit Agreement (as detailed in *NOTE 12*) and to increase certain event of default acceleration and payment thresholds.

Accounting Treatment

When issuing debt or equity securities convertible into common stock at a discount to the fair value of the common stock at the date the debt or equity financing is committed, a company is required to record a beneficial conversion feature (“BCF”) charge. We had three separate issuances of equity securities convertible into common stock that qualify

under this accounting treatment, (i) the 2011 HealthCor Notes, (ii) the 2012 HealthCor Notes and (iii) the 2014 HealthCor Notes. Because the conversion option and the 2011 HealthCor Warrants on the 2011 HealthCor Notes were originally classified as a liability when issued due to the down round provision and the removal of the provision requiring liability treatment, and subsequently reclassified to equity on December 31, 2011 when the 2011 HealthCor Notes were amended, only the accrued interest capitalized as payment in kind (“PIK”) since reclassification qualifies under this accounting treatment. The face amount of the 2012 and 2014 HealthCor Notes and all accrued PIK interest also qualify for this accounting treatment. During the three and six months ended June 30, 2017, we recorded a BCF of \$28,982 and \$92,567, respectively, and during the three and six months ended June 30, 2016, we recorded a BCF of \$471,225 and \$988,069. The BCF was recorded as a charge to debt discount and a credit to additional paid in capital, with the debt discount, using the effective interest method, amortized to interest expense over the term of the notes. As Warrants were issued with the Fifth Amendment Notes, the proceeds were allocated to the instruments based on relative fair value as the Warrants did not contain any features requiring liability treatment and therefore were classified as equity. The Warrants issued with the Sixth Amendment also did not contain features requiring liability accounting and were recorded at fair value on the date of issuance with the offsetting credit recorded in equity. The value allocated to the Fifth Amendment Warrants was \$1,093,105, which was recorded as debt discount with the credit to additional paid in capital. We recorded an aggregate of \$782,762 and \$656,689 in interest expense for the three months ended June 30, 2017 and 2016, respectively, and \$1,521,779 and \$1,249,377 in interest expense for the six months ended June 30, 2017 and 2016, respectively, related to these transactions. The carrying value of the debt with HealthCor and the New Investors at June 30, 2017 approximates fair value as the interest rates used are those currently available to us and would be considered level 3 inputs under the fair value hierarchy.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 – AGREEMENT WITH HEALTHCOR (Continued)

The value allocated to the Sixth Amendment Warrant was \$378,000, which was recorded as deferred debt costs with the credit to additional paid in capital. We recorded an aggregate of \$14,451 and \$28,901, respectively, for the three and six months ended both June 30, 2017 and June 30, 2016 in financing costs related to this transaction.

NOTE 12 – AGREEMENT WITH PDL BIOPHARMA, INC.

On June 26, 2015, we entered into a Credit Agreement with PDL BioPharma, Inc., as administrative agent and lender (“PDL” or the “Lender”) (the “PDL Credit Agreement”). Under the PDL Credit Agreement the Lender made available to us up to \$40 million in two tranches of \$20 million each.

Certain covenants of the PDL Credit Agreement include (a) in the event that a milestone relating to the placement of 9,000 billable units occurs on or before October 31, 2015, the Lender will fund us \$20 million (the “Tranche One Loan”) and (b) in the event that additional milestones relating to (i) the placement of 27,750 billable units and (ii) the Company recording earnings before interest, tax, depreciation, and amortization (EBITDA) of not less than \$7,000,000 on an annualized basis for the three calendar month period prior to the funding (on or before June 30, 2017), the Lender will fund us an additional \$20 million (the “Tranche Two Loan” and, together with the Tranche One Loan, the “Loans”). Outstanding borrowings under the Tranche One Loan bear interest at the rate of 13.5% per annum, payable quarterly in arrears. Outstanding borrowings under the Tranche Two Loan bear interest at the rate of 13.0% per annum, payable quarterly in arrears. From the date any event of default occurs, the interest rate shall be increased by five percent (5%) per annum. The PDL Credit Agreement includes a minimum cash balance requirement of \$3,250,000 and should we drop below \$3,250,000, it will trigger a default. The \$3,250,000 has been recorded as restricted cash on the condensed consolidated balance sheets at June 30, 2017 and December 31, 2016.

On October 7, 2015, the Company entered into a First Amendment (the “First Amendment”) to the PDL Credit Agreement. The First Amendment modified the conditions precedent to the funding of each tranche, such that, among other things, we no longer need to attain a specified milestone relating to the placement of our products in order for the Lender to fund us the Tranche One Loan. Contemporaneously with the execution of the First Amendment we borrowed the Tranche One Loan and issued to the Lender a term note in the principal amount of \$20 million (the “Tranche One Term Note”), payable in accordance with the terms of the Credit Agreement, as amended. The First Amendment also included a revision to the Tranche Two Milestone, which changed from a minimum of 27,750

billable units (defined as one unit for each room control platform and two units for each nurse station monitor) to 31,500 Bed Equivalent Units (defined as a billable unit plus 14 units for each head-end server operating as the communication center and fractional units for mobile assets as applicable).

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 12 – AGREEMENT WITH PDL BIOPHARMA, INC. (Continued)

Once funded, the PDL Credit Agreement requires interest only payments for the first eight interest payment dates and principal plus interest payments will commence on the ninth interest payment date. We may elect to pay a portion of the interest due in the form of additional loans (interest paid in kind) during the first eight interest payment dates. The first principal payment on the Tranche One Term Note is due on January 8, 2018 in the amount of \$1,666,667, with similar amounts due quarterly thereafter with the final payment due on October 8, 2020. Each tranche will mature on the fifth anniversary of the date borrowed. We may elect to prepay the Loans at any time without any premium or penalty, subject to certain conditions.

The obligations under the PDL Credit Agreement are secured by a pledge of substantially all of the assets of the Company and certain of its domestic subsidiaries. We executed a Subordination and Intercreditor Agreement (the “Subordination and Intercreditor Agreement”), with the Lender, HealthCor and the New Investors (as defined in *NOTE 11*) pursuant to which we granted first-priority liens on our pledged assets to the Lender and second-priority liens on such pledged assets to HealthCor and the New Investors.

The PDL Credit Agreement contains customary affirmative covenants for transactions of this type and other affirmative covenants agreed to by the Company and the Lender, including, among others, the provision of annual and quarterly reports, maintenance of property, insurance, compliance with laws and contractual obligations and payment of taxes. The PDL Credit Agreement contains customary negative covenants for transactions of this type and other negative covenants agreed to by the Company and the Lender, including, among others, restrictions on the incurrence of indebtedness, the granting of liens, making restricted payments and investments, entering into affiliate transactions and transferring assets. The PDL Credit Agreement also provides for a number of customary events of default, including payment, bankruptcy, covenant, representation and warranty and judgment defaults. We were not in default of any conditions under the PDL Credit Agreement as of June 30, 2017.

Contemporaneously with the execution of the PDL Credit Agreement, we issued to the Lender a warrant to purchase 4,444,445 shares of our Common Stock at an exercise price of \$0.45 per share, subject to adjustment as described therein (the “PDL Warrant”). The PDL Warrant expires on June 26, 2025. Pursuant to the terms of the First Amendment we amended and restated the PDL Warrant, reducing the exercise price per share from \$0.45 to \$0.40 (the “Amended Warrant”). All other provisions of the Amended Warrant remained unchanged.

In addition, contemporaneously with the execution of the PDL Credit Agreement the Company and the Lender executed (i) a Registration Rights Agreement pursuant to which the Company agreed to provide the Lender with certain registration rights with respect to the shares of Common Stock issuable upon exercise of the PDL Warrant (the “PDL RRA”), (ii) a Guarantee and Collateral Agreement (the “Guarantee and Collateral Agreement”) pursuant to which certain of our subsidiaries guaranteed the performance of our obligations under the PDL Credit Agreement and granted the Lender a security interest in such subsidiaries’ tangible and intangible assets securing our performance of the same, and (iii) a Patent Security Agreement and a Trademark Security Agreement pursuant to which we granted the Lender a security interest in a certain subsidiary’s tangible and intangible assets securing the performance of our obligations under the PDL Credit Agreement.

CAREVIEW COMMUNICATIONS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 12 – AGREEMENT WITH PDL BIOPHARMA, INC. (Continued)

Accounting Treatment

In connection with the Credit Agreement, we issued the PDL Warrant to the Lender. The fair value of the PDL Warrant at issuance was \$1,257,778, which has been recorded as deferred issuance costs in the accompanying condensed consolidated financial statements. The deferred debt issuance costs associated with the PDL Credit Agreement are recorded as assets in accordance with the accounting standards as the PDL Credit Agreement is considered to be a credit facility and the warrants were payment for the facility and not the drawdowns. These costs are amortized to interest expense using the straight line method over the term of the Credit Agreement. Upon amendment of the PDL Warrant, we evaluated whether there was an increase in fair value which would require recognition of additional costs. No such increase in fair value was noted and no adjustment to the PDL Warrant valuation was necessary. For both the three and six months ended June 30, 2017 and 2016, \$44,922 and \$89,844, respectively, was amortized to interest expense. The PDL Warrant has not been exercised. We also incurred certain financing costs totaling \$805,917 in the accompanying condensed consolidated financial statements. These costs have been recorded as deferred financing costs and are being amortized to interest expense over the term of the Credit Agreement. For both the three and six months ended June 30, 2017 and 2016, \$27,849 and \$55,698, respectively, was amortized to interest expense.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

General

The following discussion and analysis provides information which our management believes to be relevant to an assessment and understanding of our results of operations and financial condition. This discussion should be read together with our financial statements and the notes to the financial statements, which are included in this Quarterly Report on Form 10-Q (the “Report”). This information should also be read in conjunction with the information contained in our Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on March 31, 2017, including the audited consolidated financial statements and notes included therein as of and for the year ended December 31, 2016. The reported results will not necessarily reflect future results of operations or financial condition.

Throughout this Annual Report on Form 10-K (the “Report”), the terms “we,” “us,” “our,” “CareView,” or “Company” refers to CareView Communications, Inc., a Nevada corporation, and unless otherwise specified, includes our wholly owned subsidiaries, CareView Communications, Inc., a Texas corporation (“CareView-TX”) and CareView Operations, LLC, a Nevada limited liability company (“CareView Operations”) (collectively known as the “Company’s Subsidiaries”).

We maintain a website at www.care-view.com and our Common Stock trades on the OTCQB under the symbol “CRVW.”

Company Overview

Our mission is to be the leading provider of products and on-demand application services for the healthcare industry, specializing in bedside video monitoring, software tools to improve hospital communications and operations, and patient education and entertainment packages. Our proprietary, high-speed data network system is the next generation of patient care monitoring that allows real-time bedside and point-of-care video monitoring designed to improve patient safety and overall hospital costs. The entertainment packages and patient education enhance the patient’s quality of stay. Reported results from CareView-driven facilities prove that our products reduce falls, reduce the cost of sitter fees, increase patient satisfaction and reduce bed turnaround time to increase patient flow. For patients, we have a convenient in-room, entertainment package that includes high-speed Internet, access to first-run on-demand movies and visual connectivity to family and friends from anywhere in the world. For the hospital, we offer tools to provide superior patient care, peace of mind and customer service satisfaction.

Our CareView System® suite of video monitoring, guest services and related applications connect patients, families and healthcare providers. Through the use of telecommunications technology and the Internet, our evolving products and on-demand services greatly increase the access to quality medical care and education for patients/consumers and healthcare professionals. We understand the importance of providing high quality patient care in a safe environment and believe in partnering with hospitals to improve the quality of patient care and safety by providing a system that monitors continuously. We are committed to providing an affordable video monitoring tool to improve the practice of nursing, create a better work environment and make the patient's hospital stay more informative and satisfying. Our suite of products and services can simplify and streamline the task of preventing and managing patients' falls, enhance patient safety, improve quality of care and reduce costs associated with bringing information technology directly to patients, families and healthcare providers. Our products and services can be used in all types of hospitals, nursing homes, adult living centers and selected outpatient care facilities domestically and internationally.

CareView's secure video monitoring system connects the patient room to a touch-screen monitor at the nursing station or a mobile handheld device, allowing the nursing staff to maintain a level of visual contact with each patient. This configuration enhances the use of the nurse call system, reduces unnecessary steps to and from patient rooms, and facilitates a host of modules for patient safety and workflow improvements. The CareView System suite can be easily configured to meet the individual privacy and security requirements of any hospital or nursing facility. The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") compliant, patient approved video record can be included as part of the patient's medical record and serves as additional documentation of bedside care, procedures performed, patient and hospital ancillary activities, safety or care incidents, support to necessitate additional clinical services, and, if necessary, as evidence. Additional HIPAA-compliance features allow privacy options to be enabled at any time by the patient, nurse or physician.

In addition to patient safety and security, we also provides a suite of services to increase patient satisfaction scores and enhance the overall image of the hospital including first-run on-demand movies, Internet access via the patient's television, and video visits with family and friends from most places throughout the world. Through continued investment in patient care technology, our products and services help hospitals and assisted living facilities build a safe, high quality healthcare delivery system that best serves the patient, while striving for the highest level of satisfaction and comfort.

Quarterly Update to Products and Services Agreement with Healthcare Facilities

We offer our products and services through a subscription-based model with healthcare facilities through a Products and Services Agreement (the "P&S Agreement(s)"). During the term of the P&S Agreement, we provide continuous monitoring of the CareView System's products and services deployed to a healthcare facility and maintain and service all equipment installed by us. Terms of each P&S Agreement require the healthcare facility to pay us a monthly subscription fee based on the number of selected, installed and activated services. None of the services provided through the Primary Package or GuestView module are paid or reimbursed by any third-party provider including insurance companies, Medicare or Medicaid. We also enter into corporate-wide agreements with healthcare companies (the "Master Agreement(s)"), wherein the healthcare facilities that are a part of these healthcare companies enter into individual facility level agreements that are substantially similar to our P&S Agreements.

Master Agreements and P&S Agreements are currently negotiated for a period of five years with a minimum of two or three years; however, older P&S Agreements were negotiated for a five-year period with a provision for automatic renewal. P&S Agreements specific to pilot programs ("P&S Pilot Agreements") contain pricing terms substantially similar to P&S Agreements, are generally three or six-months in length and can be extended on a month-to-month basis as required. We own all rights, title, and interest in and to the equipment we install at each location and agree to maintain and repair it; although, we may charge for repairs or replacements due to damage or misuse. We are not responsible for maintaining data arising from use of the CareView System or for transmission errors, corruption or compromise of data carried over local or interchange telecommunication carriers. We grant each healthcare facility a limited, revocable, non-transferable and non-exclusive license to use the software, network facilities, content and documentation on and in the CareView System suite to the extent, and only to the extent, necessary to access, explore and otherwise use the CareView System suite in real time. Such non-exclusive license expires upon termination of the P&S Agreement.

We use specific terminology in an effort to better define and track the staging and billing of the individual components of the CareView System suite. The CareView System suite includes three components which are separately billed; the Room Control Platform (the "RCP"), the Nurse Station, and mobile devices (each component referred to as a "unit"). The term "bed" refers to each healthcare facility bed as part of the overall potential volume that a healthcare facility represents. For example, if a healthcare facility has 200 beds, the aggregate of those beds is the overall potential volume of that healthcare facility. The term "bed" is often used interchangeably with "RCP" or "Room Control Platform" as this component of the CareView System consistently resides within each room where the "bed" is located. On average, there are six Nurse Stations for each 100 beds. The term "deployed" means that the units have been delivered to the healthcare facility, but have not yet been installed at their respective locations within the facility. The term "installed"

means that the units have been mounted and are operational. The term “billable” refers to the aggregate of all units on which we charge fees. Units become billable once they are installed and the required personnel have been trained in their use. Units are only deployed upon the execution of a P&S Agreement or P&S Pilot Agreement.

Update on Significant Customer Agreements

HealthTrust

On December 14, 2016, the Company entered into a Group Purchasing Agreement with HealthTrust Purchasing Group, L.P. (“HealthTrust”) (the “HealthTrust GPO Agreement”), the nation’s only committed-model Group Purchasing Organization (“GPO”) headquartered in Nashville, Tennessee. HealthTrust serves approximately 1,600 acute care facilities and members in more than 26,000 other locations, including ambulatory surgery centers, physician practices, long-term care and alternate care sites.

The agreement was effective on January 1, 2017 and all CareView System components and modules are available for purchase by HealthTrust’s exclusive membership including 1,600 acute care facilities and more than 26,000 health facility locations. HealthTrust members may order CareView’s products and services included in the agreement directly from CareView.

Hospital Corporation of America

West Florida Division

On April 26, 2016, we entered into a Master Agreement with the West Florida Division of Health Corporation of America (“HCA”), the nation’s leading provider of healthcare services. The West Florida Division has approximately 2,600 beds. The three-year divisional Master Agreement follows the successful P&S Pilot Agreement with HCA’s Blake Medical Center. Currently, we are billing 693 units monthly. We anticipate achieving a 50% penetration in the division.

Mountain Division

On December 20, 2016 we entered into a P&S Agreement with HCA Mountain Division pursuant to the HealthTrust GPO Agreement. Under this agreement, our products and services will be available to all 12 facilities in the division, totaling approximately 1,600 staffed beds.

Capital Division

On January 1, 2017, we entered into a P&S Agreement with HCA Capital Division pursuant to the HealthTrust GPO Agreement. Under this agreement, our products and services will be available to two facilities in the division, totaling 80 staffed beds. On July 5, 2017, the Capital Division ordered an additional 121 units for installation in a third facility, Lewis-Gale Medical Center. We anticipate that installation and training will be completed during the third quarter of 2017. There are 14 facilities in the division totaling approximately 3,200 beds.

East Florida Division

On January 25, 2017, we entered into a P&S Agreement with HCA East Florida Division pursuant to the HealthTrust GPO Agreement. Under this agreement, our products and services will be available to all 13 facilities in the division, totaling approximately 3,600 staffed beds. We anticipate an initial roll-out to at least four facilities.

Research Medical Center

In February 2015, we executed a six-month P&S Pilot Agreement for 280 beds with Hospital Corporation of America (“HCA”) to install the CareView System in their Research Medical Center facility located in Kansas City, Missouri. Currently we are billing 304 units monthly under the P&S Pilot Agreement and are continuing to work with Research Medical Center and anticipate moving them onto a P&S Agreement under the HealthTrust GPO by the end of September 2017.

Community Health Systems, Inc.

On April 1, 2015, we closed a Master Agreement with Community Health Systems, Inc. (“CHS”). Under the terms of the Master Agreement, currently, we are billing 1,014 units monthly in 17 hospitals. In early 2016, Mat-Su Regional Medical Center, a legacy CHS facility completed policy revision for patient video monitoring for CHS. With the policy revision complete, we have approval to contact all CHS facilities. We have had meeting with CHS market leaders and their Chief Nursing Officer and have their support, which could result in a potential roll-out of approximately 15,000 additional beds out of their estimated 27,000 staffed beds.

The Community Medical Centers HealthCare Network-Central California

On July 7, 2016, we signed a P&S Pilot Agreement with Clovis Community Medical Center, owned by The Community Medical Centers HealthCare Network-Central California (“Community Medical HealthCare”), which owns approximately 1,120 beds. We have completed the initial rollout of 64 units at Clovis Community Medical Center and 84 units at Community Regional Medical Center. Both facilities became billable in May 2017. Community Medical HealthCare plans on expanding the CareView System rollout over time.

Tenet Healthsystem Medical, Inc.

In February 2014, we entered into a Master Agreement with Tenet Healthsystem Medical, Inc. (“Tenet”). The terms of the Master Agreement provide for the execution of a facilities level agreement with each hospital. We are currently billing 1,353 units monthly and anticipate adding approximately additional beds in their California facilities during 2017.

Kaiser Permanente

We currently are billing 535 units monthly in six Kaiser Permanente (“Kaiser”) facilities. In April and May 2014, we executed P&S Pilot Agreements with Kaiser’s Baldwin Park and Panorama City facilities, respectively. This is in addition to our P&S Pilot Agreement with Kaiser Orange County covering its facilities in Anaheim and Irvine, California which was executed in October 2013. The P&S Pilot Agreements for these four facilities provide for a monthly renewal until termination or replacement by a Master Agreement or individual P&S Agreements. We finalized a P&S Agreement with the Irvine facility in October 2016 and we are now in the process of finalizing a conversion from a P&S Pilot Agreement to a P&S Agreement with the Anaheim facility. Both of these facilities are in the process of determining their needs as it relates to adding additional units.

On August 2, 2015, we signed a P&S Agreement with Kaiser's San Diego Medical Center. We currently have 37 installed units at this facility and anticipate adding additional beds once use and need has been determined.

In early 2016 we commenced discussions with Kaiser Northwest Region for deployment of the CareView System in Kaiser Hospital in Oregon. On August 10, 2016, we signed a P&S Pilot Agreement with the Northwest Division of Kaiser Permanente. Execution of this agreement signals our expanded growth within the Kaiser system. The agreement calls for the installation of 81 units at the Westside Medical Center. With the installation completed, training will be completed during the three months ended September 30, 2017.

After a successful pilot, in February 2016 we executed a P&S Agreement with Kaiser's Los Angeles Medical Center for a total of 136 units. We are also in pilot discussions with other Kaiser facilities in the San Diego area. While we are continuing our sales efforts at the hospital and regional level, there are still discussions regarding a possible Master Agreement. Notwithstanding those discussions we will continue to sell into other Kaiser Regions and look to convert our P&S Pilot Agreements into P&S Agreements that can be replaced by a Master Agreement if and when one is finalized.

Parkland

On October 31, 2014, we signed a P&S Pilot Agreement with Dallas County Hospital District d/b/a Parkland Health & Hospital System (“Parkland”) to install 100 units with the CareView System. In June 2015 we signed a P&S Agreement with Parkland and are currently billing 425 units.

Geisinger Health System

In 2015 we signed a P&S Pilot Agreement with Geisinger Medical Center (“GMC”). Currently there are 144 monthly billable units at GMC. The results of the pilot were favorable and we have finalized the terms of a Master Agreement with GMC. There are approximately 1,800 beds within GMC. Upon completion of the Master Agreement, we anticipate rolling out product and services to all owned and affiliated facilities. Currently we are in discussions with two GMC facilities who have expressed interest in installing the CareView System. We anticipate finalizing agreements with these facilities before the end of 2017. We will also continue our sales efforts to the balance of GMC.

Baptist Health South Florida

Baptist Health South Florida is a system comprised of 6 hospitals with 1,700 beds in the Miami area. They entered into a P&S Pilot Agreement in January 2016 to cover 99 beds. We are currently billing 103 units monthly. After a successful pilot Baptist has decided to move forward with a Master Agreement, which was finalized in July 2017. We anticipate that the final roll-out will be approximately 600 beds.

Adventist Health

In March 2017 we entered into a P&S Agreement with White Memorial Hospital for 78 Units (“White Memorial”) following a successful pilot. White Memorial is part of the Adventist Health. There are a total of 16 facilities in the Adventist Health network. We are working on collecting data in anticipation of setting up a meeting to discuss a Master Agreement and system-wide roll-out. We are currently in contract discussions with Glendale Adventist Medical Center and anticipate having a contract in place within 60 days of this filing.

Baylor Scott & White Health

Under the terms of a P&S Agreement with Baylor Scott & White Medical Center Frisco, we are currently billing 156 units monthly. On June 30, 2017 we executed a Master Agreement with Baylor Scott & White Health (“BSW”) corporate. We have had meetings with the following BSW facilities as we move toward a corporate roll-out, which include: BSW Temple, BSW All-Saints, BSW Hillcrest, BSW Round Rock, BSW Waxahachie, and BSW White Rock. These facilities are gathering data so we can generate proposals.

VA Central Arkansas Veterans Healthcare System

The Company accomplished its first contract with a VA facility, specifically the Central Arkansas Veterans Healthcare System. The CareView System is now completely installed at John L. McClellan Memorial Veterans Hospital in Little Rock with 100 beds installed and billable.

This agreement is pursuant to the Company’s General Service Administration (“GSA”) Multiple Award Schedule contract (“MAS”). The MSA allows us to sell the CareView System at a negotiated rate to the approximate 169 VA facilities with over 39,000 licensed beds and the approximate 42 DOD hospitals with over 2,600 licensed beds. The MAS is one of the most widely accepted government contract vehicles available to agency procurement officers. GSA’s application process requires potential vendors to be recognized as highly credible and well established. We are hopeful that once installation and training is complete, the other VA hospitals will also want to participate. Our products and services represent an enormous opportunity to improve the health and safety of our Nation’s veterans.

The Company is currently in discussions with several other large VA Hospitals and anticipates additional orders under its MAS during the three months ended September 30, 2017.

Steward Healthcare

On April 13, 2017 the Company signed a Master Agreement under the HealthTrust GPO Agreement with Steward Health Care (“Steward”). Steward is headquartered in Boston, Massachusetts and currently has 10 hospital facilities in its network. Under the Master Agreement, CareView will install approximately 800 beds in the 10 hospitals. In addition, Steward recently announced the acquisition of 8 hospitals from CHS. CareView is already installed in 3 of those 8 and anticipates being rolled-out to the additional 5 hospitals once Steward has completed the acquisition. All totaled, we anticipate being installed in all 18 of the Steward Hospital facilities with a total of over 1,300 beds installed. We anticipate installation to commence within 60 days of this filing.

Atlantic Health System

On January 24, 2017 the Company executed a Purchase Agreement under its HealthTrust GPO Agreement with Atlantic Health System (“AHS”). AHS is headquartered in Morristown, New Jersey and one of the leading non-profit health care systems in the state of New Jersey. The agreement calls for installation of 40 beds. We anticipates a further roll-out within AHS which consists of 5 hospitals and approximately 893 staffed beds.

Baptist Southeast Texas

On May 15, 2017 we executed a Purchase Agreement under its HealthTrust GPO Agreement with Baptist Southeast Texas. The agreement calls for the installation of 116 billable units. Installation is currently in process.

Montefiore

On June 8, 2017 the Company executed a P&S Pilot Agreement with Montefiore Medical Center located in New York City. The Agreement calls for the installation of 117 beds. After the 6 month pilot, we anticipates converting to a Master P&S Agreement and expanding within the Montefiore Health System, which is comprised of 6 hospital and approximately 2,000 staffed beds.

Strategic Expansion into Nursing Homes, Skilled Nursing and Assisted Living Center Markets

We always intended to expand into the skilled nursing and assisted living center markets. With the adoption of our technology, the traction of our products in the healthcare facility space and the combined interest from new and existing customers, our management believes that it is time to pursue this market.

The skilled nursing home market consists of approximately 2,000,000 beds, which is double the size of the current hospital/healthcare facility bed market. The assisted living center market is even larger at approximately 3,000,000 beds. Our products flow naturally into the nursing home space as it is substantially the same setting as hospital rooms. To service this intended expansion, we have hired sales staff to pursue new business in these markets and we anticipate that we will sign new contracts in these markets before the end of the year.

Events Occurring During Second Quarter 2017

Concurrent with the execution, and pursuant to the terms, of the Settlement and LLC Interest Purchase Agreement with Rockwell Holdings I, LLC, a Wisconsin limited liability company, as discussed in NOTE 9—JOINT VENTURE AGREEMENT of the attached Notes to Condensed Consolidated Financial Statements, all assets and liabilities of CareView-Hillcrest, LLC and CareView-Saline, LLC, both Wisconsin limited liability companies, collectively, (the “Project LLCs”) were transferred to our wholly owned subsidiary, CareView -TX, effective January 1, 2017. On June 12, 2017 we filed Form 510- Limited Liability Company Articles of Dissolution with the State of Wisconsin resulting in the dissolution of the Project LLCs effective that date.

Summary of Product and Service Usage

The following table shows the number of healthcare facilities using our products and services including the number of deployed units, installed units and billable units as of July 31, 2017. The table also shows the number of pilot programs in place and hospital proposals pending approval, estimated bed count if the pilot programs and pending proposals result in executed contracts, and the estimated total number of licensed beds available under the pilot programs and hospital proposals. There are no assurances that the pilot programs will be extended or the pending proposals will be approved to ultimately result in the number of estimated beds. Further, there are no assurances that we will have access to the total number of licensed beds in each healthcare facility.

Installed Hospitals	Installed Units	Billable Units	Total Staffed Beds in Contracted/ Pilot Hospitals	Potential Units Available Under Current Contract/ Pilot Contracts^(*)	Units in Negotiation Prior to Contract/ Pilot
117	9,449	8,303	147,812	63,507	65,702

(*) This number represents management’s best estimate of the number of units available to us in hospitals that are currently under contract. We assume that in any given acute care facility, our products and services are appropriate for deployment in approximately 70% of the total staffed beds. If we have specific information from a current contracted or pilot hospital that the number of potential units in that hospital is either higher or lower than 70%, specific number has been used in the aggregate estimate.

Results of Operations

Three months ended June 30, 2017 compared to three months ended June 30, 2016

	Three months ended June 30, 2017			2016	Change
	(000's)				
Revenue	\$1,603	\$1,534	\$69		
Operating expenses	3,176	2,981	195		
Operating loss	(1,573)	(1,447)	(126)		
Other, net	(3,272)	(3,023)	(249)		
Net loss	(4,845)	(4,470)	(375)		
Net income (loss) attributable to noncontrolling interest	—	(15)	15		
Net loss attributed to CareView	\$(4,845)	\$(4,455)	\$(390)		

Revenue

Revenue increased approximately \$69,000 for the three months ended June 30, 2017 as compared to the same period in 2016. This slight increase is a direct result of hospitals with billable units improving from 92 on June 30, 2016 to 102 on June 30, 2017. Of the 102 hospitals with billable units on June 30, 2017, two hospital groups accounted for 35.3% of the total. Billable units (RCPs and Nurse Stations) for all hospitals totaled 8,363 on June 30, 2017 as compared to 8,078 on June 30, 2016.

Operating Expenses

Our principal operating costs include the following items as a percentage of total operating expense.

	Three Months Ended June 30, 2017 2016	
Human resource costs, including non-cash compensation	52 %	52 %
Professional and consulting costs	4 %	5 %
Depreciation and amortization	15 %	15 %
Other product deployment costs, excluding human resources and travel and entertainment expense	6 %	9 %
Travel and entertainment expense	8 %	9 %
Other expenses	15 %	10 %

Operating expenses increased by 6% as a result of the following items:

	(000's)
Increase:	
Human resource costs, including non-cash compensation	\$105
Other expenses	167
Depreciation and amortization	14
Decrease:	
Other product deployment costs, excluding human resources and travel and entertainment expense	(57)
Professional and consulting costs	(21)
Travel and entertainment expense	(13)
	\$195

Human resource related costs (including salaries and benefits) increased primarily as a result of a higher average head count during the three months ended June 30, 2017 compared to the same period in 2016. While we had 88 employees at June 30, 2017 as compared to 76 for the comparable date for the prior year, on average we employed 84 employees over the course of current period as compared to 73 for the comparable prior year period. A lease drafting error made by our landlord resulted in the omission of common area maintenance fees for the period from July 2015 through June 2017 totaling approximately \$158,000. In June 2017 we were notified of the error and recorded the amount as current period lease expense, which was the primary reason for the increase in other expenses. Professional and consulting fees decreased approximately \$21,000, primarily as a result from a decrease in professional fees partially offset by an increase in consulting fees. The decrease in product deployment costs is primarily a result of a reduction of approximately \$33,000 in product installation costs recorded during the three months ended June 30, 2017 coupled with a decrease of \$24,000 related to product de-installation costs, which reflects the continued improvement in customer installation and services.

Other, net

Other non-operating expense increased by \$250,000, or 8%, for the three months ended June 30, 2017 in comparison to the same period in 2016, primarily a result of an increase in interest expense related to the HealthCor funding transactions.

Net Loss Attributable to CareView Communications, Inc.

As a result of the factors above, our second quarter 2017 net loss of \$4,845,000 increased \$390,000, or 9%, as compared to the \$4,455,000 net loss for the second quarter of 2016, which included the \$15,000 net loss attributed to noncontrolling interests.

Six months ended June 30, 2017 compared to six months ended June 30, 2016

	Six months ended		
	June 30,		
	2017	2016	Change
	(000's)		
Revenue	\$3,101	\$3,030	\$ 71
Operating expenses	6,470	6,104	366
Operating loss	(3,369)	(3,074)	(295)
Other, net	(6,484)	(6,080)	(404)
Net loss	(9,853)	(9,154)	(699)
Net income (loss) attributable to noncontrolling interest	—	(31)	(31)
Net loss attributed to CareView	\$(9,853)	\$(9,123)	\$(730)

Revenue

Revenue increased approximately \$71,000 for the six months ended June 30, 2017 compared to the same period in 2016. This increase is a direct result of hospitals with billable units improving from 92 on June 30, 2016 to 102 on June 30, 2017. Of the 102 hospitals with billable units on June 30, 2017, two hospital groups accounted for 35.3% of the total. Billable units (RCPs and Nurse Stations) for all hospitals totaled 8,363 on June 30, 2017 compared to 8,078 on June 30, 2016.

Operating Expenses

Our principal operating costs include the following items as a percentage of total operating expense.

	Six Months Ended June 30,	
	2017	2016
Human resource costs, including non-cash compensation	50%	50 %
Professional and consulting costs	7 %	7 %
Depreciation and amortization	14%	15 %
Other product deployment costs, excluding human resources and travel and entertainment expense	7 %	9 %
Travel and entertainment expense	9 %	9 %
Other expenses, net	13%	10 %

Operating expenses increased by 6% as a result of the following items:

	(000's)
Increase:	
Human resource costs, including non-cash compensation	\$231
Other expenses	175
Travel and entertainment expense	53
Professional and consulting costs	46
Depreciation and amortization	22
Decrease:	
Other product deployment costs, excluding human resources and travel and entertainment expense	(161)
	\$366

As discussed in the three month ending June 30, 2017 presentation above, the change in human resource costs is related to our increase in personnel and the change in other expenses is a result of the lease drafting error. Professional and consulting fees increased approximately \$46,000, primarily resulting from an increase in legal fees. The increase in travel and entertainment expense is directly related to our increase in employee head count. The decrease in product deployment costs of approximately \$161,000 is primarily a result of reductions in non-capitalizable installation component (approximately \$50,000) and installation expense (approximately \$33,000) coupled with a decrease of approximately \$75,000 related to product de-installation costs, which reflects the continued improvement in customer installation and services.

Other, net

Other non-operating income and expense increased by approximately \$404,000, or 7%, for the six months ended June 30, 2017 in comparison to the same period in 2016, primarily as a result of an increase in interest expense related to the HealthCor funding transactions and the change in fair value of warrant liability related to warrants sold in conjunction with our April 2013 private placement totaling approximately \$157,000.

Net Loss Attributable to CareView Communications, Inc.

As a result of the factors above, and after applying approximately \$31,000 in net loss attributed to noncontrolling interests, the six months ended June 30, 2017 net loss of approximately \$9,853,000 increased approximately \$730,000, or 8%, as compared to approximately \$9,123,000 in net loss for the six months ended June 30, 2016, which included the \$31,000 net loss attributed to noncontrolling interests.

Liquidity and Capital Resources

Our cash position at June 30, 2017 was approximately \$5,881,000. We also have \$3,250,000 recorded as restricted cash related to a debt covenant in our credit agreement with PDL BioPharma, Inc.

Pursuant to the terms of a Note and Warrant Purchase Agreement dated April 21, 2011 (as subsequently amended) with HealthCor Partners Fund, LP and HealthCor Hybrid Offshore Master Fund, LP (“HealthCor”) we are required to maintain a minimum cash balance \$2,000,000 (see *NOTE 11* for further details), and we are in compliance with the minimum cash balance as of the date of this filing.

Our continued successful operation is dependent upon us achieving positive cash flow through operations while maintaining adequate liquidity. We expect that the cash on hand, as well as our existing and projected cash flow from billable contracts, will enable us to continue to operate for the next twelve month period. We believe that our sales and marketing plan to attract new business and our ongoing deployment and installation of units under existing hospital agreements, will meet our near-term cash needs and will help us achieve future operating profitability.

At present, we have sufficient inventory to install and service a select number of large customers, but eventually we will need to address additional capital requirements. To that end, on June 26, 2015, we entered into a Credit Agreement with PDL Biopharma, Inc., as administrative agent and lender (the “PDL or the “Lender”), (the “PDL Credit Agreement”) pursuant to which the Lender made available to us up to \$40 million in two tranches of \$20 million each, with each tranche contingent upon us meeting certain milestones. On October 7, 2015, pursuant to the First Amendment to the PDL Credit Agreement (the “First Amendment”) the Lender made the first tranche of \$20 million available and funded us \$19,533,992, net of fees. As of June 30, 2017, we are including \$20 million in long-term liabilities on the accompanying condensed consolidated financial statements. Pursuant to the terms of the PDL Credit Agreement, we are required to maintain a minimum cash balance \$3,250,000, and we are in compliance with the minimum cash balance as of the date of this filing (for more details see *NOTE 12* of the accompanying condensed consolidated financial statements.). No funds under the second tranche of the PDL Credit Agreement were available to us as of June 30, 2017.

Off-Balance Sheet Arrangements

As of June 30, 2017, we had no material off-balance sheet arrangements.

In the ordinary course of business, we enter into agreements with third parties that include indemnification provisions which, in our judgment, are normal and customary for companies in our industry sector. These agreements are typically with business partners, clinical sites, and suppliers. Pursuant to these agreements, we generally agree to indemnify, hold harmless, and reimburse indemnified parties for losses suffered or incurred by the indemnified parties with respect to our product candidates, use of such product candidates, or other actions taken or omitted by us. The maximum potential amount of future payments we could be required to make under these indemnification provisions is unlimited. We have not incurred material costs to defend lawsuits or settle claims related to these indemnification provisions. As a result, the estimated fair value of liabilities relating to these provisions is minimal. Accordingly, we have no liabilities recorded for these provisions as of June 30, 2017.

In the normal course of business, we may be confronted with issues or events that may result in a contingent liability. These generally relate to lawsuits, claims, environmental actions or the actions of various regulatory agencies. We consult with counsel and other appropriate experts to assess the claim. If, in our opinion, we have incurred a probable loss as set forth by accounting principles generally accepted in the U.S., an estimate is made of the loss and the appropriate accounting entries are reflected in our financial statements. After consultation with legal counsel, we do not anticipate that liabilities arising out of currently threatened lawsuits and claims, if any, will have a material adverse effect on our financial position, results of operations or cash flows.

Critical Accounting Estimates

Please refer to our Annual Report on Form 10-K for the year ended December 31, 2016 filed with the Commission on March 31, 2017 and incorporated herein by reference, for detailed explanations of our critical accounting estimates, which have not changed significantly during the three months ended June 30, 2017.

New Accounting Pronouncements

There have been no material changes to our significant accounting policies as summarized in *NOTE 2* of our Annual Report on Form 10-K for the year ended December 31, 2016. We do not expect that the adoption of any recent accounting pronouncements will have a material impact on our accompanying condensed consolidated financial statements.

Recent Events

None.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

None.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports filed or submitted under the Securities Exchange Act of 1934 (the “Exchange Act”) is recorded, processed, summarized and reported, within the time period specified in the SEC’s rules and forms and is accumulated and communicated to our management, as appropriate, in order to allow timely decisions in connection with required disclosure.

Evaluation of Disclosure Controls and Procedures

Pursuant to Rule 13a-15(b) under the Securities Exchange Act of 1934 (“Exchange Act”), we carried out an evaluation, with the participation of our management, including Steve G. Johnson, our Chief Executive Officer (“CEO”) and principal executive officer, and Jon Freeman, our Chief Financial Officer (“CFO”) and chief accounting officer, of the effectiveness of our disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this Report.

Based upon that evaluation, our CEO and CFO concluded that our disclosure controls and procedures were effective as of June 30, 2017 to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our CEO

and Chief Accounting Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Controls

During the three months ended June 30, 2017, there were no changes in our internal control over financial reporting that occurred that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

None.

Item 1A. Risk Factors.

Our Company is a “smaller reporting company” as defined by Rule 12b-2 of the Exchange Act, and as such, is not required to provide the information required under this Item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.
