UNITED STATES SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

Form 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended: March 31, 2018

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission file no. 1-33741

A. H. Belo Corporation

(Exact name of registrant as specified in its charter)

Edgar Filing: A. H. Belo Corp - Form 10-Q

Delaware 38-3765318
(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)
P. O. Box 224866, Dallas, Texas 75222-4866 (214) 977-8222
(Address of principal executive offices, including zip code) (Registrant's telephone number, including area code)

Former name, former address and former fiscal year, if changed since last report.

None

Indicate by check mark whether registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer: Accelerated filer: Non-accelerated filer: Smaller reporting company:
(Do not check if a smaller reporting company)
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest possible date.

Edgar Filing: A. H. Belo Corp - Form 10-Q

Class	Outstanding at April 30, 2018
Common Stock, \$.01 par value	21,711,319

Total Common Stock consists of 19,241,684 shares of Series A Common Stock and 2,469,635 shares of Series B Common Stock.

A. H. Belo Corporation and Subsidiaries

Notes to the Consolidated Financial Statements

Note 1: Basis of Presentation and Recently Issued Accounting Standards

Description of Business. A. H. Belo Corporation and subsidiaries are referred to collectively herein as “A. H. Belo” or the “Company.” The Company, headquartered in Dallas, Texas, is a leading local news and information publishing company with commercial printing, distribution and direct mail capabilities, as well as expertise in emerging media and digital marketing. With a continued focus on extending the Company’s media platform, A. H. Belo delivers news and information in innovative ways to a broad spectrum of audiences with diverse interests and lifestyles. The Company publishes The Dallas Morning News (www.dallasnews.com), Texas’ leading newspaper and winner of nine Pulitzer Prizes, and various niche publications targeting specific audiences. In December 2017, the Company completed the sale of the Denton Record-Chronicle and the Company no longer owns newspaper operations in Denton, Texas.

Basis of Presentation. The interim consolidated financial statements included herein are unaudited; however, they include adjustments of a normal recurring nature which, in the Company’s opinion, are necessary to present fairly the interim consolidated financial information as of and for the periods indicated. All significant intercompany balances and transactions have been eliminated in consolidation. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2017. All dollar amounts presented herein, except share and per share amounts, are in thousands, unless the context indicates otherwise.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect (i) the reported amounts of assets and liabilities, (ii) the disclosure of contingent assets and liabilities known to exist as of the date the financial statements are published, and (iii) the reported amount of net operating revenues and expenses recognized during the periods presented. Adjustments made with respect to the use of estimates often relate to improved information not previously available. Uncertainties with respect to such estimates and assumptions are inherent in the preparation of financial statements; accordingly, actual results could differ from these estimates.

Recently Adopted Accounting Pronouncements.

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09 – Revenue from Contracts with Customers (Topic 606). This guidance prescribes a single comprehensive model for entities to use in the accounting of revenue arising from contracts with customers. The core principle contemplated by this new guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount reflecting the consideration the entity expects to be entitled in exchange for those goods or services. New disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers are also required. Since May 2014, the FASB issued clarifying updates to the new standard specifically to address certain core principles including the identification of performance obligations, licensing guidance, the assessment of the collectability criterion, the presentation of taxes collected from customers, noncash considerations, contract modifications, and completed contracts at transition. The new guidance will supersede virtually all existing revenue guidance under GAAP and is effective for fiscal years beginning after December 31, 2017. There are two transition options available to entities, the full retrospective approach, in which the Company would restate prior periods, or the modified retrospective approach. The Company adopted ASU 2014-09 using the modified retrospective approach as of January 1, 2018; see Note 3 – Revenue.

In March 2017, the FASB issued ASU 2017-07 – Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost. This update clarifies the presentation and classification of the components of net periodic benefit cost in the Consolidated Statement of Operations. Specifically, this standard requires the service cost component of net periodic benefit cost to be recorded in the same income statement line as other employee compensation costs and all other components of net periodic benefit cost must be presented as non-operating items. The Company adopted this standard retrospectively as of January 1, 2018. The Company’s defined benefit plans have been frozen, so the Company is no longer incurring service costs related to the plans. Therefore, the entire net periodic pension and other post-employment expense (benefit) will be presented in the Consolidated Statements of Operations in non-operating income (expense).

As a result of adopting this guidance, total operating costs and expense increased \$930 and \$859 for the three months ended March 31, 2018 and 2017, respectively, with the offsetting change recorded to non-operating income (expense). There was no impact to net income (loss), retained earnings and earnings per share for both years.

Table of Contents

New Accounting Pronouncements. The FASB issued the following accounting pronouncements and guidance, which may be applicable to the Company but have not yet become effective.

In February 2016, the FASB issued ASU 2016-02 – Leases (Topic 842). This update requires an entity to recognize a right-of-use asset and a lease liability for virtually all of its leases. The liability will be equal to the present value of lease payments. The asset will generally be based on the liability. For income statement purposes operating leases will result in straight-line expense and finance leases will result in expenses similar to current capital leases. The guidance also requires additional disclosures to enable users of financial statements to understand the amount, timing and uncertainty of cash flows arising from leases. The guidance will be effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years and will be applied using the modified retrospective approach. Early adoption is permitted. The Company is currently evaluating the requirements of this update and has not yet determined its impact on the Company's consolidated financial statements.

In February 2017, the FASB issued ASU 2017-06 – Plan Accounting – Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting. This update clarifies the presentation requirements for a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The guidance will be effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. The Company is currently evaluating the requirements of this update and has not yet determined its impact on the Company's consolidated financial statements.

Note 2: Segment Reporting

The Company identified two reportable segments based on reporting structure and the go-to-market for the Company's service and product offerings. The two reportable segments are Publishing and Marketing Services.

The Publishing segment includes the Company's core print and digital operations associated with its newspapers, niche publications and related websites and apps. These operations generate revenue from sales of advertising within its newspaper and digital platforms, subscription and retail sales of its newspapers, commercial printing and distribution services, primarily related to national and regional newspapers, and preprint advertisers. Businesses within the Publishing segment leverage the production facilities, subscriber and advertiser base, and digital news platforms to provide additional contribution margin. The Company evaluates Publishing operations based on operating profit and cash flows from operating activities.

The Marketing Services segment includes the operations of DMV Digital Holdings Company (“DMV Holdings”), Your Speakeasy, LLC (“Speakeasy”) and digital advertising through Connect (programmatic advertising). The Company operates this integrated portfolio of assets within its Marketing Services segment as separate businesses that sell digital marketing and advertising through different channels, including programmatic advertising and content marketing within the social media environment.

Based on the organization of the Company’s structure and organizational chart, we believe the Company’s chief operating decision makers (the “CODMs”) are its Chief Executive Officer, Jim Moroney, and Grant Moise, Executive Vice President of A. H. Belo Corporation and Publisher and President of The Dallas Morning News. The CODMs allocate resources and capital to the Publishing and Marketing Services segments at the segment level.

Table of Contents

The tables below set forth summarized financial information for the Company's reportable segments.

	Three Months Ended March 31,	
	2018	2017
Revenue		
Publishing	\$ 44,010	\$ 53,491
Marketing Services	5,443	7,410
Total	\$ 49,453	\$ 60,901
Operating Income (Loss)		
Publishing	\$ (6,135)	\$ (5,584)
Marketing Services	(82)	590
Total	\$ (6,217)	\$ (4,994)
Noncash Expenses		
Publishing		
Depreciation	\$ 2,436	\$ 2,491
Asset impairments	—	228
Total	\$ 2,436	\$ 2,719
Marketing Services		
Depreciation	\$ 37	\$ 15
Amortization	200	200
Total	\$ 237	\$ 215

	March 31,	December 31,
	2018	2017
Total Assets		
Publishing	\$ 124,758	\$ 137,409
Marketing Services	29,075	25,439
Total	\$ 153,833	\$ 162,848

Net periodic pension and other post-employment expense (benefit) is now included in non-operating income (expense) in the Consolidated Statements of Operations; see Note 1 – Basis of Presentation and Recently Issued

Accounting Standards. As a result of adopting the new retirement benefits guidance, Publishing operating costs and operating loss increased by \$930 and \$859 for the three months ended March 31, 2018 and 2017, respectively.

Note 3: Revenue

Adoption of ASU 2014-09 – Revenue from Contracts with Customers (Topic 606)

On January 1, 2018, the Company adopted ASU 2014-09 using the modified retrospective approach applied to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning after January 1, 2018, are presented in accordance with the new guidance under ASU 2014-09, while prior period amounts are not restated.

The table below sets forth the impact on the Company’s Consolidated Statement of Operations for the three months ended March 31, 2018, due to the adoption of the new revenue guidance. There was no impact to opening retained earnings.

	Three Months Ended March 31, 2018		
	As Reported	Balances Without Adoption	Effect of Change (Decrease)
Revenue			
Advertising and marketing services	\$ 25,741	\$ 28,594	\$ (2,853)
Circulation	17,747	18,005	(258)
Expenses			
Other production, distribution and operating costs	\$ 23,014	\$ 26,125	\$ (3,111)

Table of Contents

The primary impact was to advertising and marketing services revenue, related to digital advertising placed on third-party websites where the Company acted as an agent under the new standard. Prior to adoption, such revenue was generally recorded gross, but under the new standard this revenue is recorded net. The impact to circulation revenue is related to home delivery subscriptions where the Company recorded revenue for the grace period of newspapers delivered after a subscription expires. Prior to adoption, any non-payment of grace was recorded as bad debt expense, but under the new standard this is considered variable consideration and revenue is reduced for the non-payment.

Revenue Recognition

Revenue is recognized when obligations under the terms of a contract with our customer are satisfied. This occurs when control of the promised goods or services is transferred to our customers, in an amount that reflects the consideration we expect to be entitled to in exchange for those goods or services. Sales tax collected concurrent with revenue-producing activities are excluded from revenue.

Accounts receivable are reported net of a valuation reserve that represents an estimate of amounts considered uncollectible. The Company estimates the allowance for doubtful accounts based on historical write-off experience and the Company's knowledge of the customers' ability to pay amounts due. Accounts are written-off after all collection efforts fail; generally, after one year has expired. Expense for such uncollectible amounts is included in other production, distribution and operating costs.

The table below sets forth revenue disaggregated by revenue source. As stated above, prior period amounts have not been restated under the modified retrospective approach.

	Three Months Ended	
	March 31,	
	2018	2017
Advertising revenue	\$ 20,298	\$ 27,794
Digital services	4,087	6,282
Other services	1,356	1,128
Advertising and marketing services	25,741	35,204
Circulation	17,747	19,166
Printing, distribution and other	5,965	6,531
Total Revenue	\$ 49,453	\$ 60,901

Advertising and Marketing Services Revenue

Advertising revenue, included in the Publishing segment results, is generated by selling print and digital advertising products. Print advertising revenue represents sales of advertising space within the Company's core and niche newspapers, as well as preprinted advertisements inserted into the Company's core newspapers and niche publications or distributed to non-subscribers through the mail. Digital advertising is generated by selling banner and real estate classified advertising on The Dallas Morning News' website dallasnews.com, online employment and obituary classified advertising on third-party websites sold under a print/digital bundle package and sales of online automotive classifieds on the cars.com platform.

Digital services and other services revenues are included in the Marketing Services segment results. Digital services revenue includes targeted and multi-channel (programmatic) advertising placed on third-party websites, content development, social media management, search optimization, and other consulting. Other services revenue is primarily generated from the sale of promotional merchandise.

Advertising and marketing services revenue is primarily recognized at a point in time when the ad or service is complete and delivered. If the customer has signed a contract for additional services in the future, that revenue is not recognized until the delivery date. In addition, certain digital advertising revenue related to website access is recognized over time, based on the customers' monthly rate.

For ads placed on certain third-party websites, the Company must evaluate whether it is acting as the principal, where revenue is reported on a gross basis, or acting as the agent, where revenue is reported on a net basis. Generally, the Company reports advertising revenue for ads placed on third-party websites on a net basis, meaning the amount recorded to revenue is the amount billed to the customer net of amounts paid to the publisher of the third-party website. The Company is acting as the agent because the publisher controls the advertising inventory.

Table of Contents

Circulation

Circulation revenue, included in the Publishing segment results, is generated primarily by selling home delivery and digital subscriptions, as well as single copy sales to non-subscribers. Home delivery and single copy revenue is recognized at a point in time when the paper is delivered or purchased. Digital subscriptions are recognized over time, based on the customers' monthly rate.

Printing, Distribution and Other

Printing, distribution and other revenue, included in the Publishing segment results, is primarily generated from printing and distribution of other newspapers, as well as production of preprinted advertisements for other newspapers. Printing, distribution and other revenue is recognized at a point in time when the product or service is delivered.

Remaining Performance Obligations

The Company has various Publishing advertising contracts and Marketing Services digital services contracts that range from 13 months to 36 months. The Company recognizes revenue on the advertising contracts over the term of the agreement at a point in time when the service or product is delivered. The Company recognizes revenue on the digital services contracts over time, based on the customers' monthly rate. At March 31, 2018, the remaining performance obligation was \$2,412. We expect to recognize approximately \$1,242 over the remainder of 2018 and \$1,170 thereafter.

Deferred Revenue

Deferred revenue is recorded when cash payments are received in advance of the Company's performance, including amounts which are refundable. The short-term and long-term deferred revenue increase of \$918 for the three months ended March 31, 2018, was primarily driven by cash payments received in advance of satisfying our performance obligations, offset by \$6,569 of revenue recognized that was included in the deferred revenue balance at the beginning of the period.

Practical Expedients and Exemptions

The Company generally expenses sales commissions and circulation acquisition costs when incurred because the amortization period would have been one year or less. These costs are recorded within employee compensation and benefits expense and other production, distribution and operating costs expense, respectively.

The Company does not disclose the value of unsatisfied performance obligations for contracts with an original expected length of one year or less and contracts for which revenue is recognized at the amount invoiced for services performed.

Note 4: Acquisitions

In February 2017, the Company acquired the remaining 30 percent voting interest in Speakeasy for a cash purchase price of \$2,111, and in March 2017, the Company acquired the remaining 20 percent voting interest in DMV Holdings for a cash purchase price of \$7,120. The initial purchase of 80 percent voting interest in DMV Holdings occurred in January 2015. DMV Holdings holds all outstanding ownership interests of three Dallas-based businesses, Distribion, Inc., Vertical Nerve, Inc. and CDFX, LLC. These businesses specialize in local marketing automation, search engine marketing, and direct mail and promotional products, respectively. These acquisitions complement the product and service offerings currently available to A. H. Belo clients, thereby strengthening the Company's diversified product portfolio and allowing for greater penetration in a competitive advertising market. Operating results of the businesses acquired have been included in the Consolidated Statements of Operations from the initial acquisition date forward.

Pro-rata distributions. In connection with the 2015 acquisition of 80 percent voting interest in DMV Holdings, the shareholder agreement provided for a pro-rata distribution of 50 percent and 100 percent of DMV Holdings' free cash flow for fiscal years 2016 and 2015, respectively. Free cash flow is defined as earnings before interest, taxes, depreciation and amortization less capital expenditures, debt amortization and interest expense, as applicable. In the three months ended March 31, 2017, the Company recorded pro-rata distributions to noncontrolling interests of \$163 in connection with this agreement based on 2016 free cash flow as defined.

Table of Contents

Note 5: Goodwill and Intangible Assets

The table below sets forth goodwill and other intangible assets by reportable segment as of March 31, 2018 and December 31, 2017. In the first quarter of 2017, the Company reorganized reporting units based on reporting structure and the go-to-market for the Company's service and product offerings. The Company's Publishing and Marketing Services segments each operate as a single reporting unit.

	March 31, 2018	December 31, 2017
Goodwill		
Marketing Services	\$ 13,973	\$ 13,973
Intangible Assets		
Marketing Services		
Cost	\$ 6,470	\$ 6,470
Accumulated Amortization	(2,597)	(2,397)
Net Carrying Value	\$ 3,873	\$ 4,073

Intangible assets consist of \$4,950 of customer relationships with estimated useful lives of 10 years and \$1,520 of developed technology with an estimated useful life of five years. Aggregate amortization expense was \$200 for the three months ended March 31, 2018 and 2017.

As a result of the first quarter 2017 segment reorganization, certain goodwill and intangible assets previously reported in the Marketing Services segment were moved to the Publishing segment, which was fully impaired as of December 31, 2016. Therefore, the Company recorded a noncash goodwill impairment charge of \$228 in the first quarter of 2017.

The Company tested the Marketing Services segment's goodwill for impairment as of December 31, 2017, using a discounted cash flow methodology with a peer-based, risk-adjusted weighted average cost of capital, combined with a market approach using peer-based earnings multiples. The Company believes the use of a discounted cash flow approach, combined with the market approach, is the most reliable indicator of the estimated fair value of the business. Upon completion of the annual test, it was determined the Marketing Services reporting unit's fair value exceeded its carrying value by approximately 93 percent. Accordingly, no impairment was warranted.

Note 6: Long-term Incentive Plan

A. H. Belo sponsors a long-term incentive plan (the “Plan”) under which 8,000,000 shares of the Company’s Series A and Series B common stock are authorized for equity-based awards. Awards may be granted to A. H. Belo employees and outside directors in the form of non-qualified stock options, incentive stock options, restricted share awards, restricted stock units (“RSUs”), performance shares, performance units or stock appreciation rights. In addition, stock options may be accompanied by full and limited stock appreciation rights. Rights and limited stock appreciation rights may also be issued without accompanying stock options. Awards under the Plan were also granted to holders of stock options issued by A. H. Belo’s former parent company in connection with the Company’s separation from its former parent in 2008. Due to the expiration of the Plan on February 8, 2018, A. H. Belo implemented, and shareholders approved, a new long-term incentive plan (the “2017 Plan”) under which an additional 8,000,000 shares of the Company’s Series A and Series B common stock are authorized for equity-based awards. Like its predecessor plan, awards under the 2017 Plan may be granted to A. H. Belo employees and outside directors in the form of non-qualified stock options, incentive stock options, restricted share awards, RSUs, performance shares, performance units or stock appreciation rights.

Stock Options. Stock options granted under the Plan are fully vested and exercisable. No options have been granted since 2009, and all compensation expense associated with stock options has been fully recognized as of March 31, 2018.

There were 100,344 options outstanding at a weighted average exercise price of \$6.46 as of March 31, 2018 and December 31, 2017. There was no activity in the first quarter of 2018 and 2017. As of March 31, 2018, the aggregate intrinsic value of outstanding options was \$9 and the weighted average remaining contractual life of the Company’s stock options was less than one year.

Restricted Stock Units. The Company’s RSUs have service and/or performance conditions and, subject to retirement eligibility, vest over a period of up to three years. Vested RSUs are redeemed 60 percent in A. H. Belo Series A common stock and 40 percent in cash over a period of up to three years. As of March 31, 2018, the liability for the portion of the awards to be redeemed in cash was \$904.

Table of Contents

The table below sets forth a summary of RSU activity under the Company's long-term incentive plans.

	Total RSUs	Issuance of Common Stock	RSUs Redeemed in Cash	Cash Payments at Closing Price of Stock	Weighted Average Price on Date of Grant
Non-vested at December 31, 2017	224,053				\$ 6.07
Granted	253,783				5.15
Canceled	(3,711)				6.06
Vested and outstanding	(112,933)				5.18
Vested and issued	(114,248)	68,543	45,705	\$ 235	6.29
Non-vested at March 31, 2018	246,944				5.43

In the three months ended March 31, 2018, the Company issued 48,559 shares of Series A common stock and 32,376 shares were redeemed in cash for RSUs that were previously vested as of December 31, 2017. In addition, 322,823 and 290,825 RSUs were vested and outstanding as of March 31, 2018 and December 31, 2017, respectively.

The fair value of RSU grants is determined using the closing trading price of the Company's Series A common stock on the grant date. As of March 31, 2018, unrecognized compensation expense related to non-vested RSUs totaled \$1,227, which is expected to be recognized over a weighted average period of 2.5 years.

Compensation Expense. A. H. Belo recognizes compensation expense for awards granted under the Company's long-term incentive plans over the vesting period of the award. Compensation expense related to granted RSUs is set forth in the table below.

	RSUs		
	Redeemable in Stock	RSUs Redeemable in Cash	Total RSU Awards Expense
Three Months Ended March 31, 2018	\$ 617	\$ 278	\$ 895
2017	441	279	720

Note 7: Income Taxes

The Company calculates the income tax provision based on the year-to-date pretax loss adjusted for permanent differences and discrete items on a pro-rata basis. As such, a discrete tax rate was calculated for the period.

In December 2017, the Tax Cuts and Jobs Act (the “2017 Tax Act”) was enacted. The 2017 Tax Act includes a number of changes to existing U.S. tax laws that impact the Company, most notably a reduction of the U.S. corporate income tax rate from 35 percent to 21 percent for tax years beginning after December 31, 2017. The 2017 Tax Act also provides for the acceleration of depreciation for certain assets placed into service after September 27, 2017, as well as prospective changes beginning in 2018, including repeal of the domestic manufacturing deduction, acceleration of tax revenue recognition, capitalization of research and development expenditures, additional limitations on executive compensation and limitations on the deductibility of interest.

The Company measures deferred tax assets and liabilities using enacted tax rates that will apply in the years in which the temporary differences are expected to be recovered or paid. Accordingly, the Company’s deferred tax assets and liabilities were remeasured to reflect the reduction in the U.S. corporate income tax rate from 35 percent to 21 percent, resulting in a \$3,570 decrease in income tax benefit for the year ended December 31, 2017.

The Company recognized income tax benefit of \$1,315 and \$42 for the three months ended March 31, 2018 and 2017, respectively. The benefit in the first quarter of 2018 was calculated using the newly enacted income tax rate, which caused the income tax benefit to be less by \$1,229 than if calculated at the historic 35 percent income tax rate. Effective income tax rates were 24.7 percent and 0.9 percent for the three months ended March 31, 2018 and 2017, respectively. The effective income tax rate for the three months ended March 31, 2018, was due to changes in the valuation allowance, an increase in the net operating loss deferred tax asset and the effect of the Texas margin tax. The change to the valuation allowance for the first quarter of 2018 was a decrease of \$419, primarily due to the pension liability, accrued bonuses and the allowance for bad debt.

Table of Contents

Note 8: Pension and Other Retirement Plans

Defined Benefit Plans. The Company sponsors the A. H. Belo Pension Plans (the “Pension Plans”), which provide benefits to approximately 1,500 current and former employees of the Company. A. H. Belo Pension Plan I provides benefits to certain current and former employees primarily employed with The Dallas Morning News or the A. H. Belo corporate offices. A. H. Belo Pension Plan II provides benefits to certain former employees of The Providence Journal Company. This obligation was retained by the Company upon the sale of the newspaper operations of The Providence Journal. No additional benefits are accruing under the A. H. Belo Pension Plans, as future benefits were frozen.

No contributions are required to the A. H. Belo Pension Plans in 2018 under the applicable tax and labor laws governing pension plan funding.

Net Periodic Pension Benefit

The Company’s estimates of net periodic pension expense or benefit are based on the expected return on plan assets, interest on the projected benefit obligations and the amortization of actuarial gains and losses that are deferred in accumulated other comprehensive loss. The table below sets forth components of net periodic pension benefit, which is included in non-operating income (expense) in the Consolidated Statements of Operations.

	Three Months Ended	
	March 31,	
	2018	2017
Interest cost	\$ 1,796	\$ 2,386
Expected return on plans' assets	(2,894)	(3,313)
Amortization of actuarial loss	168	75
Net periodic pension benefit	\$ (930)	\$ (852)

Defined Contribution Plans. The A. H. Belo Savings Plan (the “Savings Plan”), a defined contribution 401(k) plan, covers substantially all employees of A. H. Belo. Participants may elect to contribute a portion of their pretax compensation as provided by the Savings Plan and the Internal Revenue Code. Employees can contribute up to 100 percent of their annual eligible compensation less required withholdings and deductions up to statutory limits. The

Company provides an ongoing dollar-for-dollar match of eligible employee contributions, up to 1.5 percent of the employees' compensation. During the three months ended March 31, 2018 and 2017, the Company recorded expense of \$243 and \$264, respectively, for matching contributions to the Savings Plan.

Note 9: Shareholders' Equity

Dividends. On March 1, 2018, the Company's board of directors declared an \$0.08 per share dividend to shareholders of record and holders of RSUs as of the close of business on May 11, 2018, which is payable on June 1, 2018. During the three months ended March 31, 2018, the Company recorded \$1,785 to accrue for dividends declared but not yet paid.

Treasury Stock. The Company repurchased shares of its common stock pursuant to a publicly announced share repurchase program authorized by the Company's board of directors. In the fourth quarter of 2017, the Company resumed open market repurchases under a repurchase plan agreement limited to a total of \$2,500. During the first quarter of 2018, the Company repurchased 108,778 shares of its Series A common stock at a total cost of \$555.

Outstanding Shares. The Company had Series A and Series B common stock outstanding of 19,277,775 and 2,469,635, respectively, net of treasury shares at March 31, 2018. At December 31, 2017, the Company had Series A and Series B common stock outstanding of 19,269,331 and 2,469,755, respectively, net of treasury shares.

Accumulated other comprehensive loss. Accumulated other comprehensive loss consists of actuarial gains and losses attributable to the A. H. Belo Pension Plans, gains and losses resulting from Pension Plans' amendments and other actuarial experience attributable to other post-employment benefit ("OPEB") plans. The Company records amortization of the components of accumulated other comprehensive loss in employee compensation and benefits in its Consolidated Statements of Operations. Gains and losses associated with the A. H. Belo Pension Plans are amortized over the weighted average remaining life expectancy of the Pension Plans' participants. Gains and losses associated with the Company's OPEB plans are amortized over the average remaining service period of active OPEB plans' participants. Net deferred tax assets related to amounts recorded in accumulated other comprehensive loss are fully reserved.

Table of Contents

The table below sets forth the changes in accumulated other comprehensive loss, net of tax, as presented in the Company's consolidated financial statements.

	Three Months Ended March 31, 2018			2017		
	Total	Defined benefit pension plans	Other post- employment benefit plans	Total	Defined benefit pension plans	Other post- employment benefit plans
Balance, beginning of period	\$ (24,932)	\$ (25,434)	\$ 502	\$ (39,308)	\$ (39,737)	\$ 429
Amortization	158	168	(10)	57	75	(18)
Balance, end of period	\$ (24,774)	\$ (25,266)	\$ 492	\$ (39,251)	\$ (39,662)	\$ 411

Note 10: Earnings Per Share

The table below sets forth the reconciliation for net loss and weighted average shares used for calculating basic and diluted earnings per share ("EPS"). The Company's Series A and Series B common stock equally share in the distributed and undistributed earnings.

Earnings (Numerator)	Three Months Ended March 31,	
	2018	2017

Edgar Filing: A. H. Belo Corp - Form 10-Q

Net loss	\$ (4,014)	\$ (4,430)
Less: dividends to participating securities	45	39
Net loss available to common shareholders	\$ (4,059)	\$ (4,469)
Shares (Denominator)		
Weighted average common shares outstanding (basic and diluted)	21,716,419	21,690,371
Loss Per Share		
Basic and diluted	\$ (0.19)	\$ (0.21)

Holders of service-based RSUs participate in A. H. Belo dividends on a one-for-one share basis. Distributed and undistributed income associated with participating securities is included in the calculation of EPS under the two-class method as prescribed under ASC 260 – Earnings Per Share.

The Company considers outstanding stock options and RSUs in the calculation of earnings per share. A total of 670,111 and 594,185 options and RSUs outstanding as of March 31, 2018 and 2017, respectively, were excluded from the calculation because the effect was anti-dilutive.

Note 11: Contingencies

Legal proceedings. From time to time, the Company is involved in a variety of claims, lawsuits and other disputes arising in the ordinary course of business. Management routinely assesses the likelihood of adverse judgments or outcomes in these matters, as well as the ranges of probable losses to the extent losses are reasonably estimable. Accruals for contingencies are recorded when, in the judgment of management, adverse judgments or outcomes are probable and the financial impact, should an adverse outcome occur, is reasonably estimable. The determination of likely outcomes of litigation matters relates to factors that include, but are not limited to, past experience and other evidence, interpretation of relevant laws or regulations and the specifics and status of each matter. Predicting the outcome of claims and litigation and estimating related costs and financial exposure involves substantial uncertainties that could cause actual results to vary materially from estimates and accruals. In the opinion of management, liabilities, if any, arising from other currently existing claims against the Company would not have a material adverse effect on A. H. Belo's results of operations, liquidity or financial condition.

Table of Contents

Note 12: Sales of Assets

Sales of Assets. Assets held for sale include long-lived assets being actively marketed for which a sale is considered probable within the next 12 months. These assets are recorded at the lower of their fair value less costs to sell or their carrying value at the time they are classified as assets held for sale. In the fourth quarter of 2017, the Company announced real estate assets in downtown Dallas, Texas, previously used as the corporate headquarters, are available for sale. These assets, with a total carrying value of \$1,089, are reported as assets held for sale as of March 31, 2018 and December 31, 2017.

Other Dispositions. On December 31, 2017, the Company completed the sale of the outstanding capital stock of the Denton Publishing Company, owner of the Denton Record-Chronicle, to Denton Media Company, Inc. (the “purchaser”). The business did not meet the requirements of a discontinued operation; therefore, all financial results were included in continuing operations. Prior to the disposition, the Denton Record-Chronicle was included in the Publishing segment results.

The Company entered into multi-year agreements with the purchaser, effective January 1, 2018, including an advertising services reseller agreement, printing, distribution and content services agreements. The Company also entered into an agreement to provide transition services to the purchaser through June 30, 2018. In connection with the sale, the Company entered into a sublease with Denton Publishing Company for a term ending on July 30, 2023.

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

A. H. Belo intends for the discussion of its financial condition and results of operations that follows to provide information that will assist in understanding its financial statements, the changes in certain key items in those statements from period to period, and the primary factors that accounted for those changes, as well as how certain accounting principles, policies and estimates affect its financial statements. The following information should be read in conjunction with the Company's consolidated financial statements and related notes filed as part of this report. Unless otherwise noted, amounts in Management's Discussion and Analysis reflect continuing operations of the Company, and all dollar amounts are presented in thousands, except share and per share amounts.

OVERVIEW

A. H. Belo, headquartered in Dallas, Texas, is a leading local news and information publishing company with commercial printing, distribution and direct mail capabilities, as well as expertise in emerging media and digital marketing. With a continued focus on extending the Company's media platform, A. H. Belo delivers news and information in innovative ways to a broad spectrum of audiences with diverse interests and lifestyles.

The Company's Publishing segment includes the operations of The Dallas Morning News (www.dallasnews.com), Texas' leading newspaper and winner of nine Pulitzer Prizes, and various niche publications targeting specific audiences. Its newspaper operations also provide commercial printing and distribution services to large national and regional newspapers and other businesses in Texas. In addition, the segment includes sales of online automotive classifieds on the cars.com platform.

All other operations are reported within the Company's Marketing Services segment. These operations primarily include DMV Digital Holdings Company ("DMV Holdings") and its subsidiaries Distribion, Inc. ("Distribion"), Vertical Nerve, Inc. ("Vertical Nerve") and CDFX, LLC ("MarketingFX"). The segment also includes Your Speakeasy, LLC ("Speakeasy") and targeted display advertising generated by Connect (programmatic advertising).

In March 2017, the Company acquired the remaining 20 percent voting interest in DMV Holdings for a cash purchase price of \$7,120. The initial purchase of 80 percent voting interest in DMV Holdings occurred in January 2015. DMV Holdings holds all outstanding ownership interests of three Dallas-based businesses, Distribion, Vertical Nerve and MarketingFX. These businesses specialize in local marketing automation, search engine marketing, and direct mail and promotional products, respectively. The Company believes this acquisition complements the product and service offerings currently available to A. H. Belo customers, thereby strengthening the Company's diversified product portfolio and allowing for greater penetration in a competitive marketing environment. Operating results of the

businesses acquired have been included in the Consolidated Statements of Operations from the initial acquisition date forward.

Table of Contents

RESULTS OF OPERATIONS

Consolidated Results of Operations

This section contains discussion and analysis of net operating revenue, expense and other information relevant to an understanding of results of operations for the three months ended March 31, 2018 and 2017. Net periodic pension and other post-employment expense (benefit) is now included in non-operating income (expense) in the Consolidated Statements of Operations; see Note 1 – Basis of Presentation and Recently Issued Accounting Standards. As a result of adopting the new retirement benefits guidance, Publishing operating costs and operating loss increased by \$930 and \$859 for the three months ended March 31, 2018 and 2017, respectively.

The table below sets forth the components of A. H. Belo's operating income (loss) by segment.

	Three Months Ended March 31,			
	2018	Percentage Change	2017	
Publishing				
Advertising and marketing services	\$ 20,298	(27.0) %	\$ 27,794	
Circulation	17,747	(7.4) %	19,166	
Printing, distribution and other	5,965	(8.7) %	6,531	
Total Net Operating Revenue	44,010	(17.7) %	53,491	
Total Operating Costs and Expense	50,145	(15.1) %	59,075	
Operating Loss	\$ (6,135)	(9.9) %	\$ (5,584)	
Marketing Services				
Advertising and marketing services	\$ 5,443	(26.5) %	\$ 7,410	
Total Net Operating Revenue	5,443	(26.5) %	7,410	
Total Operating Costs and Expense	5,525	(19.0) %	6,820	
Operating Income (Loss)	\$ (82)	(113.9) %	\$ 590	

Traditionally, the Company's primary revenues are generated from advertising within its core newspapers, niche publications and related websites and from subscription and single copy sales of its printed newspapers. As a result of

competitive and economic conditions, the newspaper industry has faced a significant revenue decline over the past decade. Therefore, the Company has sought to diversify its revenues through development and investment in new product offerings, increased circulation rates and leveraging of its existing assets to offer cost efficient commercial printing and distribution services to its local markets. The Company continually evaluates the overall performance of its core products to ensure existing assets are deployed adequately to maximize return.

The Company's advertising revenue from its core newspapers continues to be adversely affected by the shift of advertiser spending to other forms of media and the increased accessibility of free online news content, as well as news content from other sources, which resulted in declines in advertising and paid print circulation volumes and revenue. The most significant decline in advertising revenue has been attributable to print display and classified categories. These categories, which represented 24.0 percent of consolidated revenue in 2015, have declined to 17.6 percent of consolidated revenue thus far in 2018, and further declines are likely in future periods. Decreases in print display and classified categories are indicative of continuing trends by advertisers towards digital platforms, which are widely available from many sources. In the current environment, companies are allocating more of their advertising spending towards programmatic channels that provide digital advertising on multiple platforms with enhanced technology for targeted delivery and measurement. As a result of the continued declines the Publishing segment experienced, and expects to continue to experience, in advertising and print circulation revenues, the Publishing reporting unit's goodwill was determined to be fully impaired as of December 31, 2016. Certain goodwill and intangible assets previously reported in the Marketing Services segment were moved to the Publishing segment as a result of the first quarter 2017 segment reorganization. Therefore, the Company recorded a noncash goodwill impairment charge of \$228 in the first quarter of 2017.

The Company has responded to these challenges by expanding programmatic channels through which it works to meet customer demand for digital advertisement opportunities in display, mobile, video and social media categories. By utilizing advertising exchanges to apply marketing insight, the Company believes it offers greater value to clients through focused targeting of advertising to potential customers. In May 2016, the Company installed a meter on its website and began to build a base of paid digital subscribers.

Table of Contents

The Company's expanded digital and marketing services product offerings leverage the Company's existing resources and relationships to offer additional value to existing and new advertising clients. Solutions provided by DMV Holdings include development of mobile websites, search engine marketing and optimization, video, mobile advertising, email marketing, advertising analytics and online reputation management services. Through Speakeasy, the Company is able to target middle-market business customers and provide turnkey social media account management and content development services.

Advertising and marketing services revenue

Advertising and marketing services revenue was 52.0 percent and 57.8 percent of total revenue for the three months ended March 31, 2018 and 2017, respectively.

	Three Months Ended March 31,		
	2018	Percentage Change	2017
Publishing			
Advertising revenue	\$ 20,298	(27.0) %	\$ 27,794
Marketing Services			
Digital services	4,087	(34.9) %	6,282
Other services	1,356	20.2 %	1,128
Advertising and Marketing Services	\$ 25,741	(26.9) %	\$ 35,204

Publishing

Advertising Revenue – The Company has a comprehensive portfolio of print and digital advertising products, which include display, classified, preprint and digital advertising. Display and classified revenue primarily represents sales of advertising space within the Company's core and niche newspapers. As advertisers continue to diversify marketing budgets to incorporate more and varied avenues of reaching consumers, traditional display advertising continues to decline. Display revenue decreased in the three months ended March 31, 2018, primarily due to lower retail advertising in substantially all categories except food and beverage. In retail, the financial, entertainment, medical and other retail categories experienced the greatest declines, driven by a retail volume decrease

of 24.9 percent for the three months ended March 31, 2018.

Preprint revenue primarily reflects preprinted advertisements inserted into the Company's core newspapers and niche publications, or distributed to non-subscribers through the mail. Revenue decreased due to a volume decline in home delivery mail advertising and preprint newspaper inserts, consistent with the decline in circulation volumes discussed below.

Digital Publishing revenue is primarily comprised of banner and real estate classified advertising on The Dallas Morning News' website dallasnews.com, online employment and obituary classified advertising on third-party websites sold under a print/digital bundle package and sales of online automotive classifieds on the cars.com platform. Revenue decreased primarily due to the adoption of the new revenue guidance; see Note 1 – Basis of Presentation and Recently Issued Accounting Standards.

Marketing Services

Digital services – Digital marketing revenue includes targeted and multi-channel advertising placed on third-party websites, content development, social media management, search optimization, and other consulting. Adoption of the new revenue guidance resulted in a revenue decrease of \$1,013 in the three months ended March 31, 2018.

Other services – Other services revenue increased \$228 in the three months ended March 31, 2018, due to the sale of promotional merchandise by MarketingFX.

Table of Contents

Circulation revenue

Circulation revenue was 35.9 percent and 31.5 percent of total revenue for the three months ended March 31, 2018 and 2017, respectively.

	Three Months Ended March 31,		
	2018	Percentage Change	2017
Publishing Circulation	\$ 17,747	(7.4) %	\$ 19,166

Revenue decreased due to a decline in home delivery and single copy paid print circulation volumes of 10.3 percent and 22.7 percent, respectively, for the three months ended March 31, 2018. Volume declines in circulation revenue have been more pronounced with single copy sales. Price increases and supplemental editions are critical to maintaining the revenue base to support this product. The daily single copy rate was increased in November 2016. In addition, circulation revenue was reduced by \$258 for the three months ended March 31, 2018, related to home delivery subscriptions where the Company recorded revenue for the grace period of newspapers delivered after a subscription expires. Prior to adoption, any non-payment of grace was recorded as bad debt expense, but under the new standard, revenue is reduced for the non-payment.

Printing, distribution and other revenue

Printing, distribution and other revenue was 12.1 percent and 10.7 percent of total revenue for the three months ended March 31, 2018 and 2017, respectively.

	Three Months Ended March 31,		
	2018	Percentage Change	2017

Publishing

Printing, Distribution and Other \$ 5,965 (8.7) % \$ 6,531

The Company aggressively markets the capacity of its printing and distribution assets to other newspapers that would benefit from cost sharing arrangements. Revenue decreased in the three months ended March 31, 2018, due to a discontinued product line and a decrease in commercial printing volumes associated with certain national newspapers.

A. H. Belo Corporation First Quarter 2018 on Form 10-Q 21

Table of Contents

Operating Costs and Expense

The table below sets forth the components of the Company's operating costs and expense.

	Three Months Ended March 31,		
	2018	Percentage Change	2017
Publishing			
Employee compensation and benefits	\$ 21,315	(16.1) %	\$ 25,401
Other production, distribution and operating costs	21,253	(16.1) %	25,326
Newsprint, ink and other supplies	5,141	(8.7) %	5,629
Depreciation	2,436	(2.2) %	2,491
Asset impairments	—	(100.0) %	228
Marketing Services			
Employee compensation and benefits	3,357	0.7 %	3,333
Other production, distribution and operating costs	1,761	(41.3) %	3,000
Newsprint, ink and other supplies	170	(37.5) %	272
Depreciation	37	146.7 %	15
Amortization	200	— %	200
Total Operating Costs and Expense	\$ 55,670	(15.5) %	\$ 65,895

Publishing

Employee compensation and benefits – The Company continues to implement measures to optimize its workforce and reduce risk associated with future obligations towards employee benefit plans. Employee compensation and benefits decreased \$4,086 in the three months ended March 31, 2018, primarily due to headcount reductions within the Company that were effected in 2017.

Other production, distribution and operating costs – Expense decreased in the Company's Publishing segment reflecting savings as the Company continues to manage discretionary spending. In addition to the reduction of expense related to adoption of the new revenue guidance, savings were generated by reductions in temporary and consulting services, as well as distribution expense related to delivery of the Company's various publications and products.

Newsprint, ink and other supplies – Expense decreased due to reduced newsprint costs associated with lower circulation volumes. Newsprint consumption for the three months ended March 31, 2018 and 2017, approximated 4,999 and 5,835 metric tons, respectively, at an average cost per metric ton of \$608 and \$563, respectively. The average purchase price for newsprint was \$620 and \$565 for the three months ended March 31, 2018 and 2017 respectively.

Depreciation – Expense decreased in the three months ended March 31, 2018, due to a lower depreciable asset base as a higher level of in-service assets are now fully depreciated.

Asset impairments – In the three months ended March 31, 2017, operating costs and expense for the Publishing segment reflect a noncash goodwill impairment charge of \$228.

Marketing Services

Employee compensation and benefits – Expense remained flat in the three months ended March 31, 2018.

Other production, distribution and operating costs – Expense decreased \$1,239 in the three months ended March 31, 2018, primarily due to the adoption of the new revenue guidance.

Newsprint, ink and other supplies – Expense decreased \$102 in the three months ended March 31, 2018, primarily due to a decrease in promotional material printing costs associated with MarketingFX.

Depreciation – Marketing Services' cost structure is primarily labor driven. Capital purchases are required to support technology investments. Capital assets are primarily depreciated over a life of three years.

Amortization – Expense is primarily related to customer lists associated with DMV Holdings.

Table of Contents

Other

The table below sets forth the other components of the Company's results of operations.

	Three Months Ended March 31,		
	2018	Percentage Change	2017
Other income, net	\$ 888	70.1 %	\$ 522
Income tax benefit	\$ (1,315)	N/M	\$ (42)

“N/M” – not meaningful

Other income (expense) – Other income (expense) is primarily comprised of gain (loss) on disposal of fixed assets and gain (loss) from investments.

Net periodic pension and other post-employment expense (benefit) is now included in non-operating income (expense) in the Consolidated Statements of Operations; see Note 1 – Basis of Presentation and Recently Issued Accounting Standards. As a result of adopting the new retirement benefits guidance, other income, net increased by the net periodic pension and other post-employment benefit of \$930 and \$859 for the three months ended March 31, 2018 and 2017, respectively.

Tax provision – The benefit in the first quarter of 2018 was calculated using the newly enacted income tax rate, which caused the income tax benefit to be less by \$1,229 than if calculated at the historic 35 percent income tax rate. Effective income tax rates were 24.7 percent and 0.9 percent for the three months ended March 31, 2018 and 2017, respectively. The effective income tax rate for the three months ended March 31, 2018, was due to changes in the valuation allowance, an increase in the net operating loss deferred tax asset and the effect of the Texas margin tax.

Legal proceedings – From time to time, the Company is involved in a variety of claims, lawsuits and other disputes arising in the ordinary course of business. Management routinely assesses the likelihood of adverse judgments or outcomes in these matters, as well as the ranges of probable losses to the extent losses are reasonably estimable. Accruals for contingencies are recorded when, in the judgment of management, adverse judgments or outcomes are probable and the financial impact, should an adverse outcome occur, is reasonably estimable. The determination of likely outcomes of litigation matters relates to factors that include, but are not limited to, past experience and other evidence, interpretation of relevant laws or regulations and the specifics and status of each matter. Predicting the outcome of claims and litigation and estimating related costs and financial exposure involves substantial uncertainties that could cause actual results to vary materially from estimates and accruals. In the opinion of management, liabilities, if any, arising from other currently existing claims against the Company would not have a material adverse effect on A. H. Belo's results of operations, liquidity or financial condition.

Table of Contents

Liquidity and Capital Resources

The Company's cash balances as of March 31, 2018 and December 31, 2017, were \$53,975 and \$57,660, respectively.

The Company intends to hold existing cash for purposes of future investment opportunities, potential return of capital to shareholders and for contingency purposes. Although revenue from Publishing operations is expected to continue to decline in future periods, operating contributions expected from the Company's Marketing Services businesses and other cost cutting measures, are expected to be sufficient to fund operating activities and capital spending of approximately \$4,000 over the remainder of the year.

The future payment of dividends is dependent upon available cash after considering future operating and investing requirements and cannot be guaranteed. The Company resumed open market stock repurchases in the fourth quarter of 2017 under its prior board-authorized repurchase authority. Current holdings of treasury stock could be used to satisfy its obligations related to share-based awards issued to employees and directors, or can be sold on the open market.

The following discusses the changes in cash flows by operating, investing and financing activities.

Operating Cash Flows

Net cash provided by operating activities for the three months ended months ended March 31, 2018 and 2017, was \$947 and \$1,037, respectively. Cash flows from operating activities decreased by \$90 during the three months ended March 31, 2018, when compared to the prior year period, primarily due to changes in working capital and other operating assets and liabilities.

Investing Cash Flows

Net cash used for investing activities was \$2,307 and \$852 for the three months ended March 31, 2018 and 2017, respectively, all of which is attributable to capital spending.

Financing Cash Flows

Net cash used for financing activities was \$2,325 and \$11,051 for the three months ended March 31, 2018 and 2017, respectively. Cash flows used for financing activities decreased in 2018 compared to 2017, due to the first quarter 2017 acquisitions of the remaining interests in DMV Holdings and Speakeasy for a purchase price of \$7,120 and \$2,111, respectively. Cash used for financing activities also included dividend payments of \$1,770 and \$1,763 in 2018 and 2017, respectively.

Financing Arrangements

None.

Contractual Obligations

Under the applicable tax and labor laws governing pension plan funding, no contributions to the A. H. Belo Pension Plans are required in 2018.

On March 1, 2018, the Company's board of directors declared an \$0.08 per share dividend to shareholders of record and holders of RSUs as of the close of business on May 11, 2018, which is payable on June 1, 2018.

Additional information related to the Company's contractual obligations is available in Company's Annual Report on Form 10 K for the year ended December 31, 2017, filed on March 16, 2018, with the Securities and Exchange Commission ("SEC").

Table of Contents

Critical Accounting Policies and Estimates

Beginning January 1, 2018, the Company adopted ASU 2014-09 – Revenue from Contracts with Customers (Topic 606). The Company implemented changes to the Company’s policies related to processes around recording revenue for digital advertising placed on third-party websites where the Company acted as an agent under the new standard. Prior to adoption, such revenue was generally recorded gross, but under the new standard this revenue is recorded net.

Except for adoption of the new revenue guidance (Topic 606), no material changes were made to the Company’s critical accounting policies as set forth in “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations”, included in the Company’s Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2017.

Forward-Looking Statements

Statements in this communication concerning A. H. Belo Corporation’s business outlook or future economic performance, anticipated profitability, revenues, expenses, dividends, capital expenditures, investments, dispositions, impairments, business initiatives, acquisitions, pension plan contributions and obligations, real estate sales, working capital, future financings and other financial and non-financial items that are not historical facts, are “forward-looking statements” as the term is defined under applicable federal securities laws. Forward-looking statements are subject to risks, uncertainties and other factors that could cause actual results to differ materially from those statements. Such risks, trends and uncertainties are, in most instances, beyond the Company’s control, and include changes in advertising demand and other economic conditions; consumers’ tastes; newsprint prices; program costs; labor relations; technology obsolescence; as well as other risks described in the Company’s Annual Report on Form 10-K and in the Company’s other public disclosures and filings with the Securities and Exchange Commission. Forward-looking statements, which are as of the date of this filing, are not updated to reflect events or circumstances after the date of the statement.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There were no material changes in A. H. Belo Corporation’s exposure to market risk from the disclosure included in the Annual Report on Form 10-K for the year ended December 31, 2017.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act), that are designed to ensure that information required to be disclosed by the Company in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed is accumulated and communicated to management, including the Company's Principal Executive Officer and Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

The Company's management, under the supervision and with the participation of the Company's Principal Executive Officer and Principal Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. Based on that evaluation, the Company's Principal Executive Officer and Principal Financial Officer have concluded that as of the end of the period covered by this report, due to material weaknesses in internal control over financial reporting described in Management's Report on Internal Control Over Financial Reporting in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 (the "Management's Report on Internal Controls"), the Company's disclosure controls and procedures were not effective.

Notwithstanding the material weaknesses discussed above, management believes the consolidated financial statements included in this Quarterly Report on Form 10-Q present fairly, in all material respects, the Company's financial condition, results of operations and cash flows at and for the periods presented in accordance with U.S. generally accepted accounting principles.

Table of Contents

Management's Report on Internal Control Over Financial Reporting

The Company's management, with oversight from the Audit Committee of the Board of Directors of the Company, is actively engaged in remediation efforts to address the material weaknesses identified in the Management's Report on Internal Controls. Management has taken, and will take, a number of actions to remediate the 2017 material weaknesses including the following:

- Develop and deliver Internal Controls training to individuals associated with these control deficiencies and enhance training provided to all personnel who have financial reporting or internal control responsibilities to learn from these deficiencies. The training will include a review of individual roles and responsibilities related to internal controls and reemphasize the importance of completing the control procedures on a timely basis.
- Improve monitoring and risk assessment activities to address these control deficiencies.

These improvements are targeted at strengthening the Company's internal control over financial reporting and remediating the 2017 material weaknesses. The Company remains committed to an effective internal control environment and management believes that these actions, and the improvements management expects to achieve as a result, will effectively remediate the 2017 material weaknesses. However, the material weaknesses in the Company's internal control over financial reporting will not be considered remediated until the controls operate for a sufficient period of time and management has concluded, through testing that these controls operate effectively. The Company plans to have its enhanced review procedures and documentation standards in place and operating in the second quarter 2018, and expects that the remediation of the 2017 material weaknesses will be completed by December 31, 2018.

Changes in Internal Control Over Financial Reporting

Beginning January 1, 2018, the Company adopted ASU 2014-09 – Revenue from Contracts with Customers (Topic 606). The Company implemented changes to processes related to revenue recognition and the control activities within them. The changes are primarily related to processes around recording revenue for digital advertising placed on third-party websites where the Company acted as an agent under the new standard. Prior to adoption, such revenue was generally recorded gross, but under the new standard this revenue is recorded net.

Except as related to the adoption of the new revenue guidance (Topic 606) and the material weaknesses described above, there have been no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by Rules 13a-15(d) and 15d-15(d) of the Exchange Act that occurred during the first fiscal quarter ended March 31, 2018, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents

PART II

Item 1. Legal Proceedings

A number of legal proceedings are pending against A. H. Belo. In the opinion of management, liabilities, if any, arising from these legal proceedings would not have a material adverse effect on A. H. Belo's results of operations, liquidity or financial condition.

Item 1A. Risk Factors

There were no material changes from the risk factors disclosed under the heading "Risk Factors" in Item 1A in the Annual Report on Form 10-K for the year ended December 31, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

There were no unregistered sales of the Company's equity securities during the period covered by this report.

Issuer Purchases of Equity Securities

The Company repurchased shares of its common stock pursuant to a publicly announced share repurchase program authorized by the Company's board of directors. In the fourth quarter of 2017, the Company resumed open market repurchases under a repurchase plan agreement limited to a total of \$2,500. During the first quarter of 2018, the Company repurchased 108,778 shares of its Series A common stock at a total cost of \$555. All purchases were made through open market transactions and were recorded as treasury stock.

The following table contains information for shares repurchased during the first quarter of 2018. None of the shares in this table were repurchased directly from any of the Company's officers or directors.

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
January 2018	37,456	\$ 4.95	1,468,417	1,031,583
February 2018	32,410	5.10	1,500,827	999,173
March 2018	38,912	5.16	1,539,739	960,261

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information

None.

Item 6. Exhibits

Exhibits marked with an asterisk (*) are incorporated by reference to documents previously filed by the Company with the SEC, as indicated. In accordance with Regulation S-T, the XBRL-related information marked with a double asterisk (**) in Exhibit No. 101 to this Quarterly Report on Form 10-Q is deemed filed. All other documents are filed with this report. Exhibits marked with a tilde (~) are management contracts, compensatory plan contracts or arrangements filed pursuant to Item 601(b)(10)(iii)(A) of Regulation S-K.
