Notes to Unaudited Condensed Consolidated Financial Statements

Note 1 - Basis of Presentation

The accompanying condensed (a) consolidated balance sheet as of December 31, 2017, which has been derived from audited consolidated financial statements, and (b) the unaudited interim condensed consolidated financial statements have been prepared and, in the opinion of management, contain all the adjustments (consisting of those of a normal recurring nature) considered necessary to present fairly the consolidated financial position and the consolidated statements of comprehensive income and consolidated cash flows for the periods presented in conformity with generally accepted accounting principles for interim consolidated financial information and the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America. Operating results for the three or six month periods ended June 30, 2018 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2018. It is suggested that these condensed consolidated financial statements be read in conjunction with the consolidated financial statements and notes thereto included in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2017.

Principles of consolidation and nature of operations:

The condensed consolidated financial statements include the accounts of CTI Industries Corporation and its wholly-owned subsidiaries, CTI Balloons Limited and CTI Supply, Inc., its majority-owned subsidiaries, Flexo Universal, S. de R.L. de C.V. and CTI Europe gmbH, as well as the accounts of Venture Leasing S. A. de R. L., Venture Leasing L.L.C and Clever Container Company, L.L.C. (the "Company"). The last three entities have been consolidated as variable interest entities. All significant intercompany transactions and accounts have been eliminated in consolidation. The Company (i) designs, manufactures and distributes balloon and related novelty (candy and party related) products throughout the world, (ii) operates systems for the production, lamination, coating and printing of films used for food packaging and other commercial uses and for conversion of films to flexible packaging containers and other products, and (iii) distributes vacuum sealing products and home organization products in the United States.

Variable Interest Entities ("VIE's"):

The determination of whether or not to consolidate a variable interest entity under U.S. GAAP requires a significant amount of judgment concerning the degree of control over an entity by its holders of variable interest. To make these

judgments, management has conducted an analysis of the relationship of the holders of variable interest to each other, the design of the entity, the expected operations of the entity, which holder of variable interests is most “closely associated” to the entity and which holder of variable interests is the primary beneficiary required to consolidate the entity. Upon the occurrence of certain events, management reviews and reconsiders its previous conclusion regarding the status of an entity as a variable interest entity. There are three entities that have been consolidated as variable interest entities.

Table of Contents

Use of estimates:

In preparing condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amount of revenue and expenses during the reporting period in the condensed consolidated financial statements and accompanying notes. Actual results may differ from those estimates. The Company's significant estimates include reserves for doubtful accounts, reserves for the lower of cost or market of inventory, reserves for deferred tax assets and recovery value of goodwill.

Earnings per share:

Basic earnings per share is computed by dividing net income by the weighted average number of shares of common stock outstanding during each period.

Diluted earnings per share is computed by dividing the net income by the weighted average number of shares of common stock and equivalents (stock options and warrants), unless anti-dilutive, during each period.

As of June 30, 2018 and 2017, shares to be issued upon the exercise of options and warrants aggregated 471,000 and 360,000, respectively. The number of shares included in the determination of earnings on a diluted basis for the three months ended June 30, 2018 and 2017 were 37,000 and 153,000, respectively. For the six months ended June 30, 2018 and 2017, the same share disclosure was none and 153,000, respectively, as the former would have been anti-dilutive.

Significant Accounting Policies:

The Company's significant accounting policies are summarized in Note 2 of the Company's consolidated financial statements for the year ended December 31, 2017. There were no significant changes to these accounting policies during the three or six months ended June 30, 2018, respectively, except for the adoption of Accounting Standards Codification (ASC) Topic 606, *Revenue from Contracts with Customers*. On January 1, 2018, we adopted ASC 606 using the modified retrospective method. The adoption of ASC 606 did not have a material impact on our consolidated financial position or results of operations, as our revenue arrangements generally consist of a single performance obligation to transfer promised goods at a fixed price.

Net sales include revenues from sales of products and shipping and handling charges, net of estimates for product returns. Revenue is measured at the amount of consideration the Company expects to receive in exchange for the transferred products. Revenue is recognized at the point in time when we transfer the promised products to the customer and the customer obtains control over the products. The Company recognizes revenue for shipping and handling charges at the time the goods are shipped to the customer, and the costs of outbound freight are included in cost of sales, as we have elected the practical expedient included in ASC 606.

Table of Contents

The Company provides for product returns based on historical return rates. While we incur costs for sales commissions to our sales employees and outside agents, we recognize commission costs concurrent with the related revenue, as the amortization period is less than one year and we have elected the practical expedient included in ASC 606. We do not incur incremental costs to obtain contracts with our customers. Our product warranties are assurance-type warranties, which promise the customer that the products are as specified in the contract. Therefore, the product warranties are not a separate performance obligation and are accounted for as described herein. Sales taxes assessed by governmental authorities are accounted for on a net basis and are excluded from net sales.

Recent Accounting Pronouncements:

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842), aimed at making leasing activities more transparent and comparable. The new standard requires substantially all leases be recognized by lessees on their balance sheet as a right-of-use asset and corresponding lease liability, including today's operating leases. For public business entities, the standard is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. For all other entities, the standard is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. Early application is permitted for all entities. While we are currently evaluating the potential impact of this new standard, we expect that our property, plant and equipment will increase significantly due to the addition of assets currently under lease, and the lease liabilities will correspondingly increase.

Note 2 - Debt

Until December 2017, we had in place a series of credit facility and related agreements with BMO Harris Bank, N.A. and BMO Private Equity (U.S.), (collectively, "BMO"), in the aggregate amount of approximately \$17 million. During December 2017, we terminated those agreements and fully repaid all amounts owed BMO under those agreements, including associated fees and costs related to termination, as we entered in new financing agreements with PNC Bank, National Association ("PNC"). The "PNC Agreements" include a \$6 million term loan and an \$18 million revolving credit facility, with a termination date of December 2022.

Available credit under the Revolving Credit facility is determined by eligible receivables and inventory at CTI Industries (U.S.) and Flexo Universal (Mexico). We notified PNC of our failure to meet two financial covenants as of March 31, 2018. On June 8, 2018, we entered into Waiver and Amendment No. 1 (the "Amendment") to our PNC Agreements. The Amendment modified certain covenants, added others, waived our failure to comply as previously reported, and included an amendment fee and temporary increase in interest rate. We believe that we were in compliance with all covenants, as amended, as of June 30, 2018.

Table of Contents

Certain terms of the PNC Agreements include:

Restrictive Covenants: The Credit Agreement includes several restrictive covenants under which we are prohibited from, or restricted in our ability to:

- o Borrow money;
- o Pay dividends and make distributions;
- o Make certain investments;
- o Use assets as security in other transactions;
- o Create liens;
- o Enter into affiliate transactions;
- o Merge or consolidate; or
 - o Transfer and sell assets.

Financial Covenants: The Credit Agreement includes a series of financial covenants we are required to meet including:

We are required to maintain a "Leverage Ratio", which is defined as the ratio of (a) Funded Debt (other than the Shareholder Subordinated Loan) as of such date of determination to (b) EBITDA (as defined in the PNC Agreements, as amended) for the applicable period then ended. The highest values for this ratio allowed by the PNC Agreements are:

Fiscal Quarter Ratio

December 31, 2017	4.75 to 1.00
March 31, 2018	4.50 to 1.00
June 30, 2018	4.50 to 1.00
September 30, 2018	4.50 to 1.00
December 31, 2018	3.50 to 1.00
March 31, 2019	3.25 to 1.00
June 30, 2019	3.00 to 1.00
September 30, 2019 and thereafter	2.75 to 1.00

We are required to maintain a "Fixed Charge Coverage Ratio", which is defined as the ratio of (a) EBITDA for such fiscal period, as Amended, minus Unfinanced Capital Expenditures made during such period, minus distributions (including tax distributions) and dividends made during such period, minus cash taxes paid during such period to (b) all Debt Payments made during such period. This ratio must not exceed 1.1 : 1.0 for any quarterly calculation.

Under the Amendment, we were required to maintain EBITDA during the fiscal month ended April 30, 2018 of no less than \$300,000, and for the two fiscal months ended May 31, 2018 of no less than \$750,000.

Meeting the above covenants are stipulated as a condition of the PNC Agreements. Failing to meet them could result in increased costs, and potentially, the loss of the credit facility. Any such failure could add financial stress to the Company, up to and including its ability to continue as a going concern.

The amendment fee was a one-time payment of \$58,750. Additionally, the rate of interest increased by 2% until such time as the Fixed Charge Coverage Ratio for a twelve month period is greater than or equal to 1.10 to 1.00.

The credit agreement provides for interest at varying rates in excess of the prime rate, depending on the level of senior debt to EBITDA over time. We also entered into a swap agreement with PNC Bank to fix the interest for \$3 million over 3 years. This contract was made at market value upon December 2017 execution and accounted for as a hedge.

Table of Contents

As of December 2017, Mr. John Schwan was owed a total of approximately \$1.1 million, with additional accrued interest of \$400,000, by the Company. As part of the December 2017 financing with PNC, Mr. Schwan executed a subordination agreement related to these amounts due him, as evidenced by a related note representing the amount owed to Mr. Schwan. No payments were issued to Mr. Schwan during the three and six months ended June 30, 2018, with \$27,000 and \$54,000, respectively, of interest recorded as an expense.

Note 3 - Stock-Based Compensation; Changes in Equity

The Company has adopted Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 718 which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the condensed consolidated financial statements based on their grant-date fair values.

The Company has applied the Black-Scholes model to value stock-based awards and issued warrants related to notes payable. That model incorporates various assumptions in the valuation of stock-based awards relating to the risk-free rate of interest to be applied, the estimated dividend yield and expected volatility of our common stock. The risk-free rate of interest is the related U.S. Treasury yield curve for periods within the expected term of the option at the time of grant. The dividend yield on our common stock is estimated to be 0%, as the Company did not issue dividends during 2018 and 2017. The expected volatility is based on historical volatility of the Company’s common stock.

The Company’s net income for the three months ended June 30, 2018 and net loss for the three months ended June 30, 2017 includes approximately \$44,000 and \$5,000, respectively, of compensation costs related to share based payments. The Company’s net loss for the six months ended June 30, 2018 and 2017 includes approximately \$106,000 and \$10,000, respectively, of compensation costs related to share based payments. As of June 30, 2018, there is \$258,000 of unrecognized compensation expense related to non-vested stock option grants and stock grants. We expect approximately \$66,000 of additional stock-based compensation expense to be recognized over the remainder of 2018, \$92,000 to be recognized during 2019, and \$56,000 to be recognized during 2020.

On April 10, 2009, the Board of Directors approved for adoption, and on June 5, 2009, the shareholders of the Corporation approved, a 2009 Stock Incentive Plan (“2009 Plan”). The 2009 Plan and subsequent awards categorized as inducement of employment authorized the issuance of up to 510,000 shares of stock or options to purchase stock of the Company (including cancelled shares reissued under the plan.) As of June 30, 2018, all underlying awards under the 2009 Plan had been granted and options for 471,144 shares remain outstanding.

On June 8, 2018, our shareholders approved the 2018 Stock Incentive Plan (“2018 Plan”). The 2018 Plan authorizes the issuance of up to 300,000 shares of our common stock in the form of equity-based awards.

The instruments above have an aggregate intrinsic value of \$287,000, which represents the total pre-tax intrinsic value (the difference between the closing price of the Company's common stock on the last trading day of the quarter ended June 30, 2018 and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all the holders exercised their options on June 30, 2018.

Note 4 - Legal Proceedings

The Company may be party to certain lawsuits or claims arising in the normal course of business. The ultimate outcome of these matters is unknown but, in the opinion of management, we do not believe any of these proceedings will have, individually or in the aggregate, a material adverse effect upon our financial condition, cash flows or future results of operation.

In July, 2017, God's Little Gift, Inc. (d\b\la) Helium and Balloons Across America and Gary Page ("Claimants") filed an action against the Company in the North Carolina State Court. This action was removed to the United States District Court in North Carolina. The Company filed an answer and motion to dismiss this action. The Court stayed the action based upon an arbitration clause in the agreement on which part of the action was based. On December 18, 2017, Claimants filed an arbitration claim against the Company before the American Arbitration Association in Chicago, Illinois. The Statement of Claim includes claims for alleged breach of two agreements among the parties, essentially

for alleged failure by the Company to pay disputed commission amounts. Claimants also included counts for alleged unjust enrichment and tortious interference with contract. The Company has filed a response to the Statement of Claim denying all of the claims. The Company believes the claims are without merit and intends to defend all of the claims vigorously. The Company has not accrued any amounts in respect of this matter and cannot estimate the possible loss, if any, that the Company may incur with respect to it.

Note 5 - Other Comprehensive Income

In the six months ended June 30, 2018, the Company incurred other comprehensive loss of approximately \$342,432, all from foreign currency translation adjustments.

Note 8 - Concentration of Credit Risk

Concentration of credit risk with respect to trade accounts receivable is generally limited due to the large number of entities comprising the Company's customer base. The Company performs ongoing credit evaluations and provides an allowance for potential credit losses against the portion of accounts receivable which is estimated to be uncollectible. Such losses have historically been within management's expectations. During the three and six months ended June 30, 2018 and 2017, there were two customers whose purchases represented more than 10% of the Company's consolidated net sales, respectively. Sales to these customers for the three months ended June 30, 2018 and 2017 are as follows:

Customer	Three Months Ended June 30, 2018		Three Months Ended June 30, 2017	
	Net Sales	% of Net	Net Sales	% of Net
		Sales		Sales
Customer A	\$3,660,000	22.9 %	\$3,867,000	30.2 %
Customer B	\$4,872,000	30.5 %	\$1,565,000	12.2 %

Sales to these customers for the six months ended June 30, 2018 and 2017 are as follows:

Customer	Six Months Ended June 30, 2018		Six Months Ended June 30, 2017	
	Net Sales	% of Net	Net Sales	% of Net

	Sales		Sales	
Customer A	\$8,110,000	27.1 %	\$8,294,000	29.4 %
Customer B	\$7,343,000	24.5 %	\$4,174,000	14.8 %

As of June 30, 2018, the total amounts owed to the Company by these customers were approximately \$1,524,000 or 12.7% and \$4,808,000 or 40.1%, of the Company's consolidated net accounts receivable, respectively. The amounts owed at June 30, 2017 by these customers were approximately \$2,104,000 or 18.7%, and \$1,606,000 or 14.3% of the Company's consolidated net accounts receivable, respectively.

Note 9 - Related Party Transactions

Until March 31, 2018, Stephen M. Merrick, Chief Executive Officer of the Company, was of counsel to the law firm of Vanasco Genelly and Miller PC which provided legal services to the Company. Legal fees paid by the Company to this firm for the three months ended June 30, 2018 and 2017, respectively, were \$16,000 and \$38,000. Legal fees paid by the Company to this firm for the six months ended June 30, 2018 and 2017, respectively, were \$88,000 and \$64,000.

Table of Contents

John H. Schwan, through an investment entity, and Stephen M. Merrick, Chief Executive Officer of the Company, also through an investment entity own, in aggregate, a 50% interest in Clever Container Company L.L.C., an Illinois limited liability company ("Clever Container"). During the three months ended June 30, 2018 and 2017, Clever Container purchased various products from the Company in the amount of \$259,000 and \$250,000, respectively. During the six months ended June 30, 2018 and 2017, Clever Container purchased various products from the Company in the amount of \$496,000 and \$454,000, respectively. As of June 30, 2018 and 2017, the balance of accounts receivable from Clever Container to the Company were \$1,199,387 and \$831,000, respectively. The Company owns a 28.5% interest in Clever Container.

Note 10 - Derivative Instruments; Fair Value

The Company accounts for derivative instruments in accordance with U.S. GAAP, which requires that all derivative instruments be recognized on the balance sheet at fair value. We may enter into interest rate swaps to fix the interest rate on a portion of our variable interest rate debt to reduce the potential volatility in our interest expense that would otherwise result from changes in market interest rates. Our derivative instruments are recorded at fair value and are included in accrued liabilities of our consolidated balance sheet. Our accounting policies for these instruments are based on whether they meet our criteria for designation as hedging transactions, which include the instrument's effectiveness, risk reduction and, in most cases, a one-to-one matching of the derivative instrument to our underlying transaction. As of June 30, 2018 and December 31, 2017, we had one derivative instrument accounted for as a hedge, compared to no such instrument as of June 30, 2017. Gains and losses from changes in fair values of derivatives that are not designated as hedges for accounting purposes are recognized in the consolidated statement of operations. We have no such derivative financial instruments as of December 31, 2017. Changes in fair value for the respective periods were recognized in the consolidated statement of operations.

The interest rate swap we entered into December 14, 2017 had a three year term (ending December 14, 2020) and a notional amount of \$3 million. The Company purchased a 2.25% fixed rate in exchange for the variable rate on a portion of the notes payable under the PNC Agreements, which was 1.47% at time of execution. The fair value of the swap was insignificant as of June 30, 2018 and December 31, 2017.

Forward Looking Statements

This quarterly report includes both historical and “forward-looking statements” within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. We have based these forward-looking statements on our current expectations and projections about future results. Words such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” or similar words are intended to identify forward-looking statements, although not all forward-looking statements contain these words. Although we believe that our opinions and expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements, and our actual results may differ substantially from the views and expectations set forth in this quarterly report on Form 10-Q. We disclaim any intent or obligation to update any forward-looking statements after the date of this quarterly report to conform such statements to actual results or to changes in our opinions or expectations.

Overview

We produce film products for novelty, packaging and container applications. These products include foil balloons, latex balloons and related products, films for packaging and custom product applications, and flexible containers for packaging and consumer storage applications. We produce all of our film products for packaging, container applications and most of our foil balloons at our plant in Lake Barrington, Illinois. We produce all of our latex balloons and latex products at our facility in Guadalajara, Mexico. Substantially all of our film products for packaging and custom product applications are sold to customers in the United States. We market and sell our novelty items and flexible containers for consumer use in the United States, Mexico, Latin America, and Europe. We also market and sell vacuum sealing machines, home organizing and container products, Candy Blossoms and party goods.

As of January 1, 2018, we adopted Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, using the modified retrospective method. The adoption of ASC 606 did not have a material impact on our consolidated financial position or results of operations, as our revenue arrangements generally consist of a single performance obligation to transfer promised goods at a fixed price.

Net sales include revenues from sales of products and shipping and handling charges, net of estimates for product returns. Revenue is measured at the amount of consideration we expect to receive in exchange for the transferred products. Revenue is recognized at the point in time when we transfer the promised products to the customer and the customer obtains control over the products. We recognize revenue for shipping and handling charges at the time the

goods are shipped to the customer, and the costs of outbound freight are included in cost of sales, as we have elected the practical expedient included in ASC 606.

We provide for product returns based on historical return rates. While we incur costs for sales commissions to our sales employees and outside agents, we recognize commission costs concurrent with the related revenue, as the amortization period is less than one year and we have elected the practical expedient included in ASC 606. We do not incur incremental costs to obtain contracts with our customers. Our product warranties are assurance-type warranties, which promise the customer that the products are as specified in the contract. Therefore, the product warranties are not a separate performance obligation and are accounted for as described herein. Sales taxes assessed by governmental authorities are accounted for on a net basis and are excluded from net sales.

Table of Contents**Results of Operations**

Net Sales. For the three months ended June 30, 2018, net sales were \$15,985,000 compared to net sales of \$12,812,000 for the same period of 2017, an increase of 25%. The fulfillment of large Candy Blossom orders was the primary cause of this increase. For the quarters ended June 30, 2018 and 2017, net sales by product category were as follows:

Product Category	Three Months Ended					
	June 30, 2018			June 30, 2017		
	\$	% of		\$	% of	
	(000)	Net		(000)	Net

Total	15,985	100	%	12,812	100	%

For the six months ended June 30, 2018, net sales were \$29,964,000 compared to net sales of \$28,171,000 for the same period of 2017, an increase of 6%. For the six months ended June 30, 2018 and 2017, net sales by product category were as follows:

Product Category	Six Months Ended					
	June 30, 2018			June 30, 2017		
	\$	% of		\$	% of	
	(000)	Net		(000)	Net	
	Omitted Sales			Omitted Sales		
Foil Balloons	14,274	48	%	15,680	57	%
Latex Balloons	4,482	15	%	4,349	15	%

Other Sales	6,708	22	%	3,335	11	%
Total	29,964	100	%	28,171	100	%

Foil Balloons. During the three months ended June 30, 2018, revenues from the sale of foil balloons decreased by 4% compared to the prior year period from \$6,788,000 to \$6,508,000. During the six months ended June 30, 2018, revenues from the sale of foil balloons decreased by 9% compared to the prior year period from \$15,680,000 to \$14,274,000. During the first half of 2018, foil balloon sales to our largest customer decreased to \$8,110,000 from \$8,293,000 in the first half of 2017.

Table of Contents

Latex Balloons. During the three months ended June 30, 2018, revenues from the sale of latex balloons increased by 4% compared to the prior year period, from \$2,244,000 to \$2,333,000. During the six months ended June 30, 2018, revenues from the sale of latex balloons increased by 3% compared to the prior year period, from \$4,349,000 to \$4,482,000.

Vacuum Sealing Products. During the three months ended June 30, 2018, revenues from the sale of pouches and vacuum sealing machines increased by 19.3% compared to the prior year, from \$1,563,000 to \$1,865,000. During the six months ended June 30, 2018, revenues from the sale of pouches and vacuum sealing machines showed a recovery from 2017 levels by showing an increase of 6% compared to the prior year, from \$3,271,000 to \$3,453,000. As of July 2018, changes in tariffs between the United States and China may negatively impact the cost, manufacturing location, distribution and ultimate viability of vacuum sealing machines and related products. We are assessing our options in this area.

Films. During the three months ended June 30, 2018, revenues from the sale of laminated film products decreased by 13% compared to the prior year period from \$699,000 to \$609,000. During the six months ended June 30, 2018, revenues from the sale of laminated film products decreased by 32% compared to the prior year period from \$1,536,000 to \$1,047,000. During the six months ended June 30, 2018, 93% of our sales of laminated film products were to a single customer.

Other Revenues. During the three months ended June 30, 2018, revenues from the sale of various other products increased by 207% to \$4,671,000 compared to revenues from other products in the same period in 2017 of \$1,518,000. During the six months ended June 30, 2018, revenues from the sale of various other products increased by 50% to \$6,708,000 compared to revenues from other products in the same period in 2017 of \$3,335,000. The revenues from the sale of other products include (i) sales of a line of “Candy Blossoms” consisting of candy and small inflated balloons sold in small containers in the amount of \$3,470,000, (ii) the sale of accessories and supply items related to balloon products, (iii) sales by Clever Container Company, L.L.C. which engages in the direct sale of container and organizing products through a network of independent distributors and (iv) sales of party goods in Mexico by Flexo Universal. During the third quarter of 2018, we believe that changes in tariffs between the United States and China may negatively impact the cost of products sold by Clever Container Company, L.L.C., which may negatively impact profitability.

Sales to a limited number of customers continue to represent a large percentage of our net sales. The table below illustrates the impact on sales of our top three and ten customers for the three months ended June 30, 2018 and 2017.

Three Months Ended June 30,	Six Months Ended June 30,

Top 10 Customers	72.5%	65.3%	69.1%	65.8%

Table of Contents

During the three and six months ended June 30, 2018, there were two customers whose purchases represented more than 10% of the Company's consolidated net sales. Sales to these customers for the three months ended June 30, 2018 were \$3,660,000 or 22.9%, and \$4,872,000 or 30.5%, of consolidated net sales, respectively. Sales to these customers for the three months ended June 30, 2017 were \$3,867,000 or 30.2%, and \$1,565,000 or 12.2%, of consolidated net sales, respectively. Sales to these customers for the six months ended June 30, 2018 were \$8,110,000 or 27.1%, and \$7,343,000 or 24.5%, of consolidated net sales, respectively. Sales to these customers for the six months ended June 30, 2017 were \$8,294,000 or 29.4%, and \$4,174,000 or 14.8%, of consolidated net sales, respectively. The amounts owed at June 30, 2018 by these customers were \$1,524,000 or 12.8%, and \$4,808,000 or 40.5%, of the Company's consolidated net accounts receivable, respectively. As of June 30, 2017, the total amounts owed to the Company by these customers were \$2,104,000 or 18.7%, and \$1,606,000 or 14.3% of the Company's consolidated net accounts receivable, respectively.

Cost of Sales. During the three months ended June 30, 2018, the cost of sales was \$12,189,000, a 26% increase from \$9,694,000 for the three months ended June 30, 2017. During the six months ended June 30, 2018, the cost of sales was \$23,300,000, a 9% increase from \$21,436,000 for the six months ended June 30, 2017. The increase in cost of sales was largely due to higher sales volume (25% and 6%, respectively.)

General and Administrative. During the three months ended June 30, 2018, general and administrative expenses were \$1,680,000, a decrease of 10% compared to \$1,867,000 for the same period in 2017. During the six months ended June 30, 2018, general and administrative expenses were \$3,565,000, a decrease of 5% compared to \$3,768,000 for the same period in 2017. We implemented cost reduction programs during 2017 and 2018, resulting in this decrease of general and administrative expenses.

Selling, Advertising and Marketing. During the three months ended June 30, 2018, selling, advertising and marketing expenses were \$1,290,000, a 25% decrease compared to \$1,725,000 for the same period in 2017. During the six months ended June 30, 2018, selling, advertising and marketing expenses were \$2,446,000, a 19% decrease compared to \$3,003,000 for the same period in 2017. As with general and administrative expenses, the cost reduction programs implemented during 2017 and 2018 caused the decrease in selling, advertising and marketing expenses.

Other Income (Expense). During the three months ended June 30, 2018, the Company incurred interest expense of \$551,000, compared to interest expense during the same period of 2017 in the amount of \$360,000. During the six months ended June 30, 2018, the Company incurred interest expense of \$1,115,000, compared to interest expense during the same period of 2017 in the amount of \$733,000.

For the three months ended June 30, 2018, the Company had a foreign currency transaction loss of \$13,000 compared to a foreign currency transaction loss of \$50,000 during the same period of 2017. For the six months ended June 30, 2018, the Company had a foreign currency transaction gain of \$18,000 compared to a foreign currency transaction loss of \$81,000 during the same period of 2017.

Cash Flow Items.

Operating Activities. During the six months ended June 30, 2018, net cash used in operations was \$167,000, compared to net cash provided by operations during the six months ended June 30, 2017 of \$3,202,000.

Table of Contents

Significant changes in working capital items during the six months ended June 30, 2018 included:

An increase in accounts receivable of \$671,000 compared to a decrease in accounts receivable of \$5,312,000 in the same period of 2017.

An increase in inventory of \$484,000 compared to a decrease in inventory of \$138,000 in 2017.

An increase in trade payables of \$801,000 compared to a decrease in trade payables of \$1,237,000 in 2017.

An decrease in accrued liabilities of \$286,000 compared to a decrease in accrued liabilities of \$789,000 in 2017.

Investing Activity. During the six months ended June 30, 2018, cash used in investing activity was \$18,000, compared to cash used in investing activity for the same period of 2017 in the amount of \$527,000.

Financing Activities. During the six months ended June 30, 2018, cash used in financing activities was \$426,000 compared to cash used in financing activities for the same period of 2017 in the amount of \$2,818,000. Financing activity consisted principally of changes in the balances of revolving and long term debt.

Liquidity and Capital Resources.

At June 30, 2018, the Company had cash balances of \$453,000 compared to cash balances of \$456,000 for the same period of 2017.

Also at June 30, 2018, the Company had a working capital balance of \$8,852,000 compared to a working capital balance of \$9,631,000 on December 31, 2017.

As of June 30, 2018, the Company believes that it was in compliance with all covenants under its credit facility. The Company previously reported being out of compliance with two covenants as of March 31, 2018. The credit facility was subsequently amended and the previously reported incident of compliance failure was waived. Such amendment and waiver included a reset of covenants, two new covenant terms, a one-time modification payment and a temporarily higher rate of interest.

Seasonality

In the foil balloon product line, sales have historically been seasonal with approximately 40% occurring in the period from December through March of the succeeding year and 24% being generated in the period July through October in recent years. Vacuum sealing product sales are also seasonal; approximately 60% of sales in this product line occur in the period from July through December. This traditional seasonality may be impacted by ongoing developments in tariffs between the United States and other parties, particularly China.

Item 4. Controls and Procedures

As required by Rule 13a-15(b) under the Exchange Act, we conducted an evaluation, under the supervision and with the participation of our management, including our Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2018, the end of the period covered by this report. Based upon that evaluation, the Principal Executive Officer and Principal Financial Officer concluded that our disclosure controls and procedures were effective as of June 30, 2018, to ensure that the information required to be disclosed by us in the reports that we file or submit under Security Exchange Act of 1934, as amended, (a) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (b) is accumulated and communicated to our management, including officers, as appropriate, to allow for timely decisions regarding required disclosure. There were no material changes in our internal control over financial reporting during the three months ended June 30, 2018 that have materially affected or are reasonably likely to materially affect our internal controls over financial reporting.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company may be party to certain lawsuits or claims arising in the normal course of business. The ultimate outcome of these matters is unknown but, in the opinion of management, we do not believe any of these proceedings will have, individually or in the aggregate, a material adverse effect upon our financial condition, cash flows or future results of operation.

In July, 2017, God's Little Gift, Inc. (d\b\ a) Helium and Balloons Across America and Gary Page ("Claimants") filed an action against the Company in the North Carolina State Court. This action was removed to the United States District Court in North Carolina. The Company filed an answer and motion to dismiss this action. The Court stayed the action based upon an arbitration clause in the agreement on which part of the action was based. On December 18, 2017, Claimants filed an arbitration claim against the Company before the American Arbitration Association in Chicago, Illinois. The Statement of Claim includes claims for alleged breach of two agreements among the parties, essentially for alleged failure by the Company to pay disputed commission amounts. Claimants also included counts for alleged unjust enrichment and tortious interference with contract. The Company has filed a response to the Statement of Claim denying all of the claims. The Company believes the claims are without merit and intends to defend all of the claims vigorously. The Company has not accrued any amounts in respect of this matter and cannot estimate the possible loss, if any, that the Company may incur with respect to it.

Item 1A. Risk Factors

Ongoing developments in tariffs between the United States and other parties, primarily China, may have a negative impact on the Company. Vacuum Sealing machines are manufactured in China, and many of the products sold by Clever Container are also sourced from China. Added costs related to new tariffs would likely create negative pressure on profitability and potentially challenge the ultimate viability of these and related product areas. Any such outcome would negatively impact the Company's financial position.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds
