Item 7.01 Regulation FD Disclosure

On February 1, 2018, Sensata Technologies Holding N.V. (the "Company") issued a press release announcing its financial results for the fourth quarter and full year ended December 31, 2017, which also included certain of the Company's projections for 2018. On page 16 of the press release, in the Company's reconciliation of 2018 projected U.S. generally accepted accounting principles ("GAAP") earnings per diluted share to its projected adjusted net income per diluted share, the Company inadvertently disclosed an incorrect amount of "Depreciation and amortization expense related to the step-up in fair value of fixed and intangible assets and inventory" for the projected full year ended December 31, 2018. The table showed a projected full year 2018 amortization expense of \$0.92, rather than the Company's current projection of \$0.80. This error also impacted the Company's projected full year 2018 GAAP earnings per share, which has been updated in the table below. The error did not affect the company's non-GAAP financial guidance for the first quarter 2018 or full year 2018.

The following unaudited table reconciles the Company's projected GAAP earnings per diluted share to its projected adjusted net income per diluted share for the first quarter ended March 31, 2018 and full year ended December 31, 2018. The amounts in the table below have been calculated based on unrounded numbers. Accordingly, certain amounts may not add due to the effect of rounding.

	Three months Full year	
	ended	ended
	March 31,	December 31,
	2018	2018

Deferred income tax and other tax expense/(benefit)	0.05 0.06	0.20 0.24
Amortization of deferred financing costs	0.01 0.01	0.04 0.04
Projected adjusted net income per diluted share	\$0.81\$ 0.85	\$3.57\$ 3.73
Weighted average diluted shares outstanding (in 000s)	172,80072,80	0172,80072,800

^{*} We are unable to predict movements in commodity prices and, therefore, the impact of mark-to-market adjustments on our commodity forward contracts to our projected 2018 GAAP diluted net income per share. In prior years such adjustments have been significant to our reported GAAP earnings.
