Dear Stockholders:

You are cordially invited to attend the 2019 Annual Meeting of Stockholders of GoPro, Inc., which will be held virtually on Tuesday, June 4, 2019 at 10:00 a.m. (Pacific Time). The virtual Annual Meeting can be accessed by visiting www.virtualshareholdermeeting.com/GPRO2019, where you will be able to listen to the meeting live, submit questions and vote online. We believe that a virtual stockholder meeting provides greater access to those who may want to attend and therefore have chosen this over an in-person meeting.

The matters expected to be acted upon at the virtual Annual Meeting are described in detail in the accompanying Notice of Annual Meeting of Stockholders and Proxy Statement.

Your vote is important. Whether or not you plan to attend the meeting, please cast your vote as soon as possible by Internet or telephone, or by completing and returning the enclosed proxy card in the postage-prepaid envelope to ensure that your shares will be represented. Your vote by written proxy will ensure your representation at the Annual Meeting regardless of whether you attend the virtual meeting or not. Returning the proxy does not deprive you of your right to attend the meeting and to vote your shares at the virtual meeting.

We look forward to your attendance at our virtual Annual Meeting.

Sincerely,

Nicholas Woodman

Chief Executive Officer

PROXY
STATEMENT FOR
THE 2019
ANNUAL
MEETING OF
STOCKHOLDERS

April 24, 2019

INFORMATION ABOUT SOLICITATION AND VOTING

The accompanying proxy is solicited on behalf of the board of directors of GoPro, Inc. (“GoPro”) for use at GoPro’s 2019 Annual Meeting of Stockholders to be held virtually on June 4, 2019, at 10:00 a.m. (Pacific Time) (“Annual Meeting”), and any adjournment or postponement of the Annual Meeting. The Annual Meeting can be accessed by visiting www.virtualshareholdermeeting.com/GPRO2019, where you will be able to listen to the meeting live, submit questions and vote online. The Notice of Internet Availability of Proxy Materials and this proxy statement for the Annual Meeting (“Proxy Statement”) and the accompanying form of proxy were first distributed and made available on the Internet to stockholders on or about April 24, 2019. GoPro’s annual report on Form 10-K for the year ended December 31, 2018 filed on February 15, 2019 (“Annual Report”) will be available with this Proxy Statement by following the instructions in the Notice of Internet Availability of Proxy Materials.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with U.S. Securities and Exchange Commission (“SEC”) rules, we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and Annual Report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. We believe this rule makes the proxy distribution process more efficient and less costly, and helps in conserving natural resources.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Purpose of the Annual Meeting

At the Annual Meeting, stockholders will act upon the proposals described in this Proxy Statement.

Record Date; Quorum

Only holders of record of our Class A common stock and Class B common stock at the close of business on April 11, 2019 (“Record Date”) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, we had 120,428,824 shares of Class A common stock and 33,097,231 shares of Class B common stock outstanding and entitled to vote.

Table of Contents

The holders of a majority of the voting power of the shares of our Class A common stock and Class B common stock (voting together as a single class) entitled to vote at the Annual Meeting as of the Record Date must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the Annual Meeting if you are present and vote online at the Annual Meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

In deciding all matters at the Annual Meeting, each holder of shares of our common stock is entitled to one vote for each share of Class A common stock held and ten votes for each share of Class B common stock held as of the close of business on the Record Date. We do not have cumulative voting rights for the election of directors. You may vote all shares owned by you as of the Record Date, including (i) shares held directly in your name as the stockholder of record, and (ii) shares held for you as the beneficial owner in street name through a brokerage firm, bank, trustee, or other nominee.

Stockholder of Record: Shares Registered in Your Name. If, on the Record Date, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the Annual Meeting or vote by telephone, by Internet, or by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If, on the Record Date, your shares were held in an account with a brokerage firm, bank, trustee or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and your nominee has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the Annual Meeting.

Proposal No. 1 – Election of Directors. Each director will be elected by a plurality of the votes cast, which means that the nine individuals nominated for election to the board of directors at the Annual Meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” one or any of the nominees or “WITHHOLD” your vote with respect to one or any of the nominees.

Proposal No. 2 – Ratification of Appointment of Independent Registered Accounting Firm. Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019 will be obtained if the number of votes cast “FOR” the proposal at the Annual Meeting exceeds the number of votes “AGAINST” the proposal. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner or (ii) the broker lacked discretionary authority to vote the shares. Abstentions occur when shares present at the Annual Meeting are marked “abstain.” A broker is entitled to vote shares held for a beneficial owner on “routine” matters, such as the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019, without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on “non-routine” matters. All of the other proposals presented at the Annual Meeting are non-routine matters. Broker non-

votes and abstentions are counted for purposes of determining whether a quorum is present, but have no effect on the outcome of the matters voted upon except where brokers can exercise discretion on “routine” matters. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting. Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Annual Meeting

The board of directors recommends that you vote “FOR” each of the directors named in this Proxy Statement (“Proposal 1”) and “FOR” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019 (“Proposal 2”). None of the directors or executive officers has any substantial interest in any matter to be acted upon, other than elections to office with respect to the directors so nominated.

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

vote via the Annual Meeting website—any stockholder can attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/GPRO2019, where stockholders may vote and submit questions during the meeting. The Annual Meeting starts at 10:00 a.m. (Pacific Time) on June 4, 2019. Please have your 16-Digit Control Number to join the Annual Meeting. Instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at www.proxyvote.com;

vote via telephone or Internet—in order to do so, please follow the instructions shown on your proxy card; or

vote by mail—complete, sign and date the proxy card enclosed herewith and return it before the Annual Meeting in the envelope provided.

Votes submitted by telephone or Internet must be received by 11:59 p.m. (Eastern Time) on June 3, 2019. Submitting your proxy, whether via the Internet, by telephone, or by mail, will not affect your right to vote in person should you decide to attend the Annual Meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct your nominee on how to vote your shares. You may either vote “FOR” all of the nominees to the board of directors, or you may “WITHHOLD” your vote from all nominees or any nominee you specify. For Proposal 2, you may vote “FOR” or “AGAINST” or “ABSTAIN” from voting. Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the Annual Meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the Annual Meeting.

Table of Contents

If you receive more than one proxy card, this is because your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on each proxy card and vote each proxy card by telephone or the Internet. If voting by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

GoPro will pay the expenses of soliciting proxies. Following the original mailing of the soliciting materials, GoPro and its agents, including directors, officers and other employees, without additional compensation, may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Following the original mailing of the soliciting materials, GoPro will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, GoPro, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder who has given a proxy may revoke it at any time before it is exercised at the Annual Meeting by:

- delivering to the Corporate Secretary of GoPro (by any means) a written notice stating that the proxy is revoked;

- signing and delivering a proxy bearing a later date;

- voting again by telephone or Internet; or

- attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the Annual Meeting. The preliminary voting results will be announced at the Annual Meeting. The final results will be tallied by the inspector of elections and filed by the Company with the SEC in a current report on Form 8-K within four business days of the Annual Meeting.

You will be able to attend the Annual Meeting virtually at www.virtualshareholdermeeting.com/GPRO2019, where you will be able to vote electronically and submit questions during the meeting.

You will be able submit a question during the Annual Meeting via our virtual stockholder meeting website, www.virtualshareholdermeeting.com/GPRO2019. **BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD;
CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE**

GoPro is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders. Our board of directors has adopted Corporate Governance Guidelines that set forth the role of our board of directors, director independence standards, board structure and functions, director selection considerations, and other governance policies. In addition, our board of directors has adopted written charters for its standing committees (audit, compensation and leadership, and nominating and governance), as well as a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. Our board of directors reviews each of the Corporate Governance Guidelines, the committee charters, and the Code of Business Conduct and Ethics annually and implements changes as appropriate. The Corporate Governance Guidelines, the committee charters, and the Code of Business Conduct and Ethics, and any waivers or amendments to the Code of Business Conduct and Ethics, are all available on our Investor Relations website (<http://investor.gopro.com>) in the “Corporate Governance” section.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors may choose its chairperson in any way that it considers to be in the best interests of our company. Our nominating and governance committee periodically considers the leadership structure of our board of directors, including the separation of the chairperson and chief executive officer roles and/or appointment of a lead independent director of our board of directors, and makes such recommendations to our board of directors as our nominating and governance committee deems appropriate. Our Corporate Governance Guidelines also provide that, when the positions of chairperson and chief executive officer are held by the same person, the independent directors may designate a “lead independent director.” In cases in which the chairperson and chief executive officer are the same person, the responsibilities of the lead independent director include: scheduling and preparing agendas for meetings of the independent directors; serving as a liaison between the chief executive officer and the independent directors; being available, under appropriate circumstances, for consultation and direct communication with stockholders; ensuring our board of directors is fulfilling its oversight responsibilities in strategy, risk oversight and succession planning; and performing such other functions and responsibilities as requested by our board of directors from time to time.

Currently, our board of directors believes that it is in the best interest of our company and our stockholders for our Chief Executive Officer, Mr. Woodman, to serve as both Chief Executive Officer and Chairman given his knowledge of our company, industry, and strategic vision. Because Mr. Woodman has served and continues to serve in both these roles, our board of directors appointed Kenneth Goldman to serve as our lead independent director in April 2017. As lead independent director, Mr. Goldman, presided over regularly scheduled meetings at which only our independent directors were present to foster open and honest communication, served as a liaison between the Chairman and the independent directors, and performed such additional duties as our board of directors may otherwise determine and delegate. Our board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of our board of directors and sound corporate governance policies and practices.

Anthony Bates’ board service term ended at the 2018 Annual Meeting of Stockholders and we are deeply grateful for the significant contributions he made to our board.

Table of Contents

Our Board of Directors' Role in Risk Oversight

Our board of directors is primarily responsible for overseeing our risk management processes. Our board of directors, as a whole, determines the appropriate level of risk for GoPro, assesses the specific risks that we face and reviews management's strategies for adequately mitigating and managing the identified risks. Although our board of directors administers this risk management oversight function, the committees of our board of directors support our board of directors in discharging its oversight duties and address risks inherent in their respective areas. The audit committee reviews our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our procedures and related policies with respect to risk assessment and risk management. The compensation and leadership committee reviews risks and exposures associated with compensation plans and programs, including incentive plans. The nominating and corporate governance committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with our overall governance practices and the leadership structure of the board of directors (as described above under "Board Leadership Structure"). Our board of directors is kept informed of each committee's risk oversights and other activities via regular reports of the committee chairs to the full board of directors.

We believe this division of responsibilities is an effective approach for addressing the risks we face and that our board leadership structure supports this approach.

Director Independence

Our board of directors determines the independence of our directors by applying the applicable rules, regulations and listing standards of The Nasdaq Stock Market ("Nasdaq") and applicable rules and regulations promulgated by the SEC. The applicable rules, regulations and listing standards of Nasdaq provide that a director is independent only if the board of directors affirmatively determines that the director does not have a relationship with the company which, in the opinion of the board of directors, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director. They also specify various relationships that preclude a determination of director independence. Such relationships may include employment, commercial, accounting, family and other business, professional and personal relationships.

Applying these standards, our board of directors annually reviews the independence of our directors, taking into account all relevant facts and circumstances. In its most recent review, our board of directors considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Our board of directors has determined that Messrs. Ahmad-Taylor, Goldman, Gotcher, Lanzone, Lurie and Welts, and Meses. Lyne and Zalaznick, are "independent directors" as defined under the applicable rules, regulations and listing standards of Nasdaq and applicable rules and regulations promulgated by the SEC. All members of our audit committee, compensation and leadership committee and nominating and governance committee must be independent directors under the applicable rules, regulations and listing standards of Nasdaq. Members of the audit committee also must satisfy a separate SEC independence requirement, which provides that (i) they may not accept directly or indirectly any consulting, advisory or other compensatory fee from GoPro or any of our subsidiaries other than their directors' compensation, and (ii) they may not be an affiliated person of GoPro or any of our subsidiaries. Members of the compensation and leadership committee also must satisfy a separate SEC independence requirement and a related Nasdaq listing standard with respect to their affiliation with

Table of Contents

GoPro and any consulting, advisory or other fees they may have received from us. Our board of directors has determined that all members of our audit committee, compensation and leadership committee and nominating and governance committee are independent and satisfy the relevant SEC and Nasdaq independence requirements for such committees.

Board and Committee Meetings and Attendance

Our board of directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time. During 2018, our board of directors met twelve times, including telephonic meetings, the audit committee held five meetings, the compensation and leadership committee held ten meetings, and the nominating and governance committee held four meetings. All of our directors attended at least 80% of the aggregate of the total number of meetings held by our board of directors and by all committees of our board of directors on which such director served (during the period in which the director served).

Audit Committee

Our audit committee is comprised of Mr. Goldman, who serves as the chair, Mr. Gotcher and Ms. Zalaznick. Our board of directors has determined that each member of the audit committee meets the requirements for independence under the applicable rules, regulations and listing standards of Nasdaq and applicable rules and regulations promulgated by the SEC. Each member of our audit committee is financially literate. In addition, our board of directors has determined that Mr. Goldman is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K of the Securities Act of 1933, as amended (“Securities Act”).

All audit services to be provided to us and all permissible non-audit services, other than de minimis non-audit services, to be provided to us by our independent registered public accounting firm will be approved in advance by our audit committee. Our audit committee, among other things:

- reviews the financial information which will be provided to stockholders and others;
- reviews our system of internal controls by consulting with management, our internal compliance team and the independent registered public accounting firm;
- appoints, retains and oversees the performance of the independent registered public accounting firm;
- oversees our accounting and financial reporting processes and the audits of our financial statements;
- pre-approves audit and permissible non-audit services provided by the independent registered public accounting firm;
- reviews and provides oversight regarding our policies with respect to risk assessment and risk management; and
- reviews related party transactions and proposed waivers of our Code of Business Conduct and Ethics.

Compensation and Leadership Committee

Our compensation and leadership committee (“CLC”) is comprised of Mr. Gotcher, who serves as the chair, Mses. Lyne and Zalaznick and Mr. Welts. Our board of directors has determined that each member of our compensation and leadership

Table of Contents

committee meets the requirements for independence under current Nasdaq and SEC rules, regulations and listing standards. Each member of this committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (“Exchange Act”), an outside director, as defined pursuant to Section 162(m) and is “independent” as defined in Section 5605(a)(2) of the Nasdaq rules and Rule 10C-1 promulgated under the Exchange Act. The purpose of our compensation and leadership committee is to carry out the responsibilities of our board of directors relating to compensation of our executive officers. Our compensation and leadership committee, among other things:

- reviews and determines the compensation of our executive officers and other executives reporting to the Chief Executive Officer;

- administers our equity incentive plans; and

- establishes and reviews general policies relating to compensation and benefits of our employees.

The compensation and leadership committee engaged an independent executive compensation consulting firm, Compensia, Inc. (“Compensia”), to evaluate our executive compensation program and practices and to provide advice and ongoing assistance on executive compensation matters for 2018. Specifically, Compensia was engaged to:

- provide compensation-related data for a peer group of companies to serve as a basis for assessing competitive compensation practices;

- review and assess our current director policies and practices, Chief Executive Officer and other executive officer compensation policies and practices and equity profile relative to market practices (with director compensation review done for the benefit of the nominating and governance committee, which per its charter has responsibility for director compensation review and recommendation);

- review and assess our current executive compensation program relative to market to identify any potential changes or enhancements to be brought to the attention of the compensation and leadership committee; and

- review market practices on employee stock purchase plans and other equity programs.

During 2018, Compensia worked directly with the compensation and leadership committee (and not on behalf of management) to assist the committee in satisfying its responsibilities and undertook no projects for management without the committee’s prior approval. The compensation and leadership committee has determined that none of the work performed by Compensia during 2018 raised any conflicts of interest.

Nominating and Governance Committee

The nominating and governance committee is comprised of Ms. Zalaznick, who serves as the chair, Messrs. Ahmad-Taylor and Lanzone and Ms. Lyne. In February 2019, Mr. Goldman rotated off the nominating and governance committee and Messrs. Ahmad-Taylor and Lanzone were appointed to the nominating and governance committee. Our board of directors has determined that each member of our nominating and governance committee meets the requirements for independence under current Nasdaq rules, regulations and listing standards. Our nominating and governance committee, among other things:

Table of Contents

identifies, evaluates and recommends nominees, including stockholder nominees, to our board of directors and committees of our board of directors;
conducts searches for appropriate directors;
evaluates the performance of our board of directors and of individual directors;
considers and makes recommendations to our board of directors regarding the composition of our board of directors and its committees and related compensation (and was assisted in its 2018 director compensation review by Compensia);
reviews developments in corporate governance practices;
evaluates the adequacy of our corporate governance practices and reporting; and
makes recommendations to our board of directors concerning corporate governance matters.

Compensation and Leadership Committee Interlocks and Insider Participation

None of the members of our compensation and leadership committee has at any time been one of our officers or employees. None of our executive officers currently serves, or in the past has served, as a member of the board of directors or compensation and leadership committee (or other board committee performing equivalent functions) of any entity that has one or more of its executive officers serving on our board of directors or our compensation and leadership committee.

Board Attendance at Annual Stockholders' Meeting

Our policy is to invite and encourage each member of our board of directors to be present at our annual meeting of stockholders. With the exception of Mr. Welts, and Mses. Lyne and Zalaznick, all of our then current directors were present at our 2018 virtual annual meeting of stockholders held on June 5, 2018.

Communication with Directors

Stockholders and interested parties who wish to communicate with our board of directors, non-management members of our board of directors as a group, a committee of our board of directors or a specific member of our board of directors (including our Chairman or lead independent director) may do so by letters addressed to the attention of our General Counsel. NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and governance committee in accordance with the committee's charter, our certificate of incorporation and bylaws, our Corporate Governance Guidelines, and the criteria adopted by our board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist it in identifying and evaluating potential nominees.

Tyrone Ahmad-Taylor and James Lanzone were appointed to our board of directors in June 2018 and August 2018, respectively. Mr. Ahmad-Taylor was identified by a third-party search firm. The search firm assisted the committee before the nominating and governance committee's recommendation was made to the board of directors. Mr. Lanzone was introduced to the nominating and governance committee by director Lauren Zalaznick. Following the nominating and governance committee's evaluation and recommendation, each of Messrs. Ahmad-Taylor and Lanzone was appointed to our board of directors.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under "Additional Information – Stockholder Proposals to Be Presented at Next Annual Meeting."

Director Qualifications

With the goal of developing a diverse, experienced and highly qualified board of directors, the nominating and governance committee is responsible for developing and recommending to our board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including qualifications that the committee believes must be met by a committee-recommended nominee for membership on our board of directors and specific qualities or skills that the committee believes are necessary for one or more of the members of our board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of our board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and Nasdaq listing requirements and the provisions of our certificate of incorporation, bylaws, Corporate Governance Guidelines, and charters of the board committees. When considering nominees, our nominating and governance committee may take into consideration many factors, including among other things, a candidate's independence, integrity, diversity (inclusive of age, gender, ethnicity, sexual orientation and gender identity, in accordance with the nominating and governance committee charter), skills, knowledge about our business or industry, willingness and ability to devote adequate time and effort to the board of directors responsibilities in the context of the existing composition, knowledge about other areas that are expected to contribute to the board of directors' overall effectiveness, and needs of the board of directors and its committees. Our board of directors and nominating and governance committee believe that a diverse, experienced and highly qualified board of directors fosters

a robust, comprehensive and balanced decision-making process for the continued effective functioning of our board of directors and success of the Company. Accordingly, through the nomination process, the nominating and governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and characteristics that are expected to contribute to our board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

This idea became GoPro's first product, the HERO Camera. In the years that followed, Mr. Woodman, along with friends, family and employees, innovated on the HERO Camera concept along with a wide array of mounting devices that make it easy to mount the camera to everything from helmets to surfboards, vehicles and more. Mr. Woodman holds a B.A. in Visual Arts from the University of California, San Diego. We believe Mr. Woodman's experience as the founder of GoPro and his knowledge of our products

Non-Employee Director Compensation Arrangements

In June 2014, our board of directors adopted a non-employee director compensation policy, which was subsequently amended in August 2015 and June 2018, with the equity changes effective after the 2018 annual meeting of stockholders and the cash retainer changes effective in October 2015.

Pursuant to our non-employee director compensation policy in effect prior to our 2016 annual meeting of stockholders, each non-employee director was to receive a stock option having a grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“FASB ASC Topic 718”) equal to \$150,000 immediately following each annual meeting of stockholders. Each such stock option had a ten-year term and vested in full on the earlier of the one-year anniversary of the date of grant or on the date of the next annual meeting of our stockholders, subject to the director’s continuous service on our board of directors at such time. In addition, immediately following the annual meeting of our stockholders, each non-employee director was to receive Restricted Stock Units (“RSUs”) having a grant date fair value computed in accordance with FASB ASC Topic 718 equal to \$30,000. The shares underlying each RSU grant vested as to 25% in each quarter following the date of grant with the final 25% to vest on the earlier of the date of the annual meeting or the one-year anniversary of the date of grant, subject to the director’s continuous service on our board of directors at such time. The stock options and RSUs described above will accelerate and vest in full in the event of a change in control as defined under our 2014 Plan.

Prior to its amendment in 2018, pursuant to our non-employee director compensation policy, immediately following each annual meeting of stockholders starting in 2016, we pay each non-employee director a cash retainer of \$50,000. We also granted each non-employee director a stock option having a grant date fair value computed in accordance with FASB ASC Topic 718 equal to \$122,500, based on a three-month trailing average of our closing stock price. Each such stock option will have a ten-year term and will vested in full on the earlier of the one-year anniversary of the date of grant or on the date of the next annual meeting of our stockholders, subject to the director’s continuous service on our board of directors at such time. In addition, we granted each non-employee director RSUs having a grant date fair value computed in accordance with FASB ASC Topic 718 equal to \$122,500, based on a three-month trailing average of our closing price. The shares underlying each RSU grant vested as to 25% in each quarter following the date of grant with the final 25% vested on the earlier of the date of the next annual meeting of stockholders or the one-year anniversary of the date of grant, subject to the director’s continuous service on our board of directors at such time. The stock options and RSUs described above will accelerate and vest in full in the event of a change in control as defined under our 2014 Plan.

Following the amendment of our non-employee director compensation policy in 2018, immediately following each annual meeting of stockholders starting in 2018, in addition to the \$50,000 cash retainer, we grant each non-employee director a stock option having a grant date fair value computed in accordance with FASB ASC Topic 718 equal to \$92,500, based on a three-month trailing average of our closing stock price. Each such stock option has a ten-year term and vests in full on the earlier of the one-year anniversary of the date of grant or on the date of the next annual meeting of our stockholders, subject to the director’s continuous service on our board of directors at such time. In addition, we grant each non-employee director RSUs having a grant date fair value computed in accordance with FASB ASC Topic 718 equal to \$92,500, based on a three-month trailing average of our closing

The shares underlying each RSU grant will vest as to 25% in each quarter following the date of grant with the final 25% to vest on the earlier of the date of the next annual meeting of stockholders or the one-year anniversary of the date of grant, subject to the director's continuous service on our board of directors at such time. The stock options and RSUs described above will accelerate and vest in full in the event of a change in control as defined under our 2014 Plan.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has re-appointed PricewaterhouseCoopers LLP as GoPro's independent registered public accounting firm to perform the audit of GoPro's consolidated financial statements for 2019 and recommends that stockholders vote for ratification of such selection. Although ratification by stockholders is not required by law, GoPro has determined that it is good practice to request ratification of this selection by the stockholders. In the event that PricewaterhouseCoopers LLP is not ratified by our stockholders, the audit committee will review its future selection of PricewaterhouseCoopers LLP as GoPro's independent registered public accounting firm.

PricewaterhouseCoopers LLP audited GoPro's financial statements for 2018 and 2017. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, in which case they will be given an opportunity to make a statement at the Annual Meeting if they desire to do so, and will be available to respond to appropriate questions.

Independent Registered Public Accounting Firm Fees and Services

We regularly review the services and fees from our independent registered public accounting firm. These services and fees are also reviewed with our audit committee annually. In accordance with standard policy,

PricewaterhouseCoopers LLP periodically rotates the individuals who are responsible for GoPro's audit. The following table shows the fees billed by PricewaterhouseCoopers LLP for the years ended December 31, 2018 and 2017:

| Fees Billed to GoPro | 2018 | 2017 |
|-------------------------------|-------------|-------------|
| Audit fees ⁽¹⁾ | \$2,635,700 | \$2,740,200 |
| Audit-related fees | — | — |
| Tax fees ⁽²⁾ | 201,800 | 450,100 |
| All other fees ⁽³⁾ | 2,700 | 2,700 |
| Total fees | \$2,840,200 | \$3,193,000 |

"Audit fees" include fees for audit services primarily related to the audit of our annual financial statements and internal control over financial reporting; the review of our quarterly financial statements; comfort letters, consents, and assistance with and review of documents filed with the SEC; and audit services provided in connection with other statutory and regulatory filings.

"Tax fees" include fees for tax compliance, advice and planning. Tax advice fees encompass a variety of permissible tax services, including technical tax advice related to federal, state and international income tax matters, transfer pricing, international tax structure planning, assistance with indirect sales tax and assistance with tax audits.

"All other fees" include fees for products and services, namely software subscription fees.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee's policy is to preapprove all audit and permissible non-audit services, other than de minimis non-audit services, provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are

required to report periodically to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. All of the services relating to the fees described in the table above were approved by our audit committee.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

GoPro’s executive compensation programs, policies and practices (“ECPs”) are designed to reflect the three major tenets of our executive compensation philosophy, namely to:

- Align executive compensation with achievement of our business objectives and financial performance;
- Motivate our executive officers to take actions that enhance long-term stockholder value; and
- Enable us to attract, retain and reward our executives who contribute to our success.

We manage our ECPs, including compensation-related corporate governance standards, in a manner consistent with our executive compensation philosophy. These ECPs are intended to drive performance and prohibit or minimize behaviors that we do not believe serve our stockholders’ long-term interests.

Executive Compensation Best Practices

| | |
|--|---|
| Compensation and Leadership Committee Independence | Our board of directors maintains a compensation and leadership committee comprised solely of independent directors. |
| Compensation and Leadership Committee Advisor Independence | The compensation and leadership committee engages and retains its own advisors. During 2018, the compensation and leadership committee engaged an independent national consulting firm to assist with its responsibilities and such firm performs no additional consulting or other services for GoPro. |
| Annual Compensation Review | The compensation and leadership committee annually reviews our executive compensation philosophy and strategy, including reviewing our compensation peer group used for appropriate comparative purposes. |
| Compensation-Related Risk Assessment | We conduct annual evaluations of our compensation programs, policies, and practices, including our ECPs, to ensure that they reflect an appropriate level of risk-taking but do not encourage our employees to take excessive or unnecessary risks that could have a material adverse impact on GoPro. |
| No Executive Perquisites | We do not offer perquisites or other personal benefits to our executive officers, including our NEOs, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes. Our executive officers, including our NEOs, participate in our health and welfare benefit programs on the same basis as all of our employees. |
| “Double-Trigger” Change in Control Arrangements | The change in control post-employment compensation arrangements for our executive officers including our NEOs are based on a “double-trigger” arrangement that provides for the receipt of payments and benefits only in the event of (i) a change in control of our company and (ii) a qualifying termination of employment, except for an arrangement with Mr. Woodman which provides for the receipt of payments and benefits in the event of a qualifying termination of employment, including a termination of employment in connection with a change in control of our company. |
| Executive Severance Policy | The Executive Severance Policy adopted in February 2019 is intended to provide specified payments and benefits to certain executive officers (other than the Chief Executive Officer), and other employees of the Company, in order to retain them. |

Table of Contents

| | |
|---|--|
| Reasonable Change in Control Arrangements | The post-employment compensation arrangements for our management team, including our NEOs, provide for amounts and multiples that are within reasonable market norms. |
| Prohibition on Hedging and Pledging | Our management team, including our NEOs, and the members of our board of directors, are prohibited from speculating in our equity securities, including the use of short sales, or any equivalent transaction involving our equity securities and from engaging in any hedging transactions with respect to our equity securities. |
| Succession Planning | Our board of directors reviews the risks associated with our most critical executive positions on an annual basis so that we have an adequate succession strategy, and we have plans in place for these critical positions. |
| Retirement Programs | Other than our Section 401(k) plan, which is generally available to all U.S. employees, we do not offer defined benefit or contribution retirement plans or arrangements or nonqualified deferred compensation plans or arrangements for our management team, including our NEOs. |
| Compensation Recoupment Policy | We maintain a compensation recoupment policy applicable to cash incentive-based compensation awards paid to our executive officers. In the event of a substantial restatement of financial results filed with the Securities and Exchange Commission, the policy permits our board of directors, if the board determines it is appropriate under the circumstances, and the executive officer engaged in fraud or intentional illegal conduct that materially contributed to the restatement, to seek recovery of all or any portion of the incentive awards paid or awarded to an executive officer in excess of the awards that would have been paid or awarded based on the restated financial results. |
| Stock Ownership Guidelines | We maintain a stock ownership policy for our Chief Executive Officer, President, and non-employee directors to align their interests with those of our stockholders. This policy does not currently apply to our President because we do not currently employ anyone in this position. |

This Compensation Discussion and Analysis (“CD&A”) is intended to assist our stockholders in understanding our ECPs by presenting the following:

Elements of Our Executive Compensation Program

Compensation Philosophy and Guiding Principles

We have designed our ECPs to reward our executive officers, including our NEOs, at a level consistent with our overall business strategy and financial performance and to provide remuneration sufficient to attract, retain, and motivate them to exert their best efforts in the highly-competitive technology and consumer-oriented environments in which we operate. We have also designed our ECPs to reward our executive officers, including our NEOs, for superior performance. We believe that competitive compensation packages consisting of a combination of base salaries, annual cash bonus opportunities, and long-term incentive opportunities in the form of equity awards that are earned over a multi-year period, enable us to attract top talent, motivate effective short-term and long-term performance, and satisfy our retention objectives. As an overarching objective, we seek to design each pay element to align the compensation of our management team with our corporate performance and long-term value creation for our stockholders. That principle has guided the design of both the annual and long-term incentive compensation of our executive officers.

The compensation and leadership committee reviews and analyzes market trends and the prevalence of various compensation delivery vehicles and makes a determination whether to adjust the design and operation of our executive compensation program as deemed necessary and appropriate. While the compensation and leadership committee considers all of these factors in its deliberations, and places no formal emphasis on any one factor in its overall compensation strategy, our annual Executive Bonus Plan does assign values to specific performance metrics. As we continue to evolve as a publicly traded company, the compensation and leadership committee will evaluate our compensation philosophy and program objectives as circumstances merit. At a minimum, we expect the compensation and leadership committee to review executive compensation annually and update as deemed necessary and appropriate.

Compensation Elements

The three primary elements of our executive compensation program are: (i) base salary, (ii) annual cash bonus opportunities, and (iii) long-term incentive opportunities in the form of equity awards subject to multi-year vesting, in each case as described below:

| Compensation Element | What This Element Rewards | Purpose and Key Features of Element |
|------------------------------------|--|---|
| Base salary | Individual performance, level of experience, expected future performance and contributions. | Provides competitive level of fixed compensation determined by the market value of the position, and the qualifications, experience and performance expectations of each executive officer and each position. |
| Annual cash bonuses | Achievement of pre-established corporate and individual performance objectives (for 2018, focused on our revenue growth and profitability, as well as individual contributions and management objectives). | Motivate executive officers to achieve during the fiscal year (i) short-term financial and operational objectives, and (ii) individual performance objectives. Performance levels are established to motivate our executive officers to achieve or exceed performance objectives. |
| Long-term incentives/equity awards | Corporate and individual performance that enhance long-term stockholder value. Vesting requirements promote retention of highly-valued executive officers. | Annual (i) stock options and Restricted Stock Units (“RSUs”) that vest over three to four years, based on continued service, and (ii) Performance Stock Units (“PSUs”) that are subject to both a performance-based vesting condition (as determined by the compensation and leadership committee) and a service-based vesting condition, each of which provides a variable “at risk” pay opportunity. Because the ultimate value of these equity awards is directly related to the market price of our Class A common stock, and the awards are vesting over an extended period of time, they serve to focus management on the creation and maintenance of long-term stockholder value and help us attract, retain, motivate, and reward executive officers. |

Our executive officers also participate in the standard employee benefit plans available to most of our employees. In addition, our executive officers are eligible for post-employment (severance and change in control) payments and benefits under certain circumstances. Each of these compensation elements is discussed in detail below, including a description of each particular element and how it fits into our overall executive compensation program and a discussion of the amounts of compensation paid to our executive officers, including our NEOs, in 2018 under each of these elements.

Base Salary

We believe that a competitive base salary is a necessary element of our executive compensation program, so that we can attract and retain a stable and highly qualified management team. Base salaries for our executive officers are intended to

Table of Contents

be competitive with those received by other individuals in similar positions at the companies with which we compete for talent, and to maintain internal parity across our executive team.

Generally, we establish the initial base salaries of our executive officers through arm's-length negotiation at the time we hire the individual executive officer, taking into account his or her position, qualifications, experience, and the base salaries of our other executive officers. Thereafter, the compensation and leadership committee reviews the base salaries of our executive officers, including our NEOs, at least annually.

Annual Cash Bonuses

Our executive officers, including our NEOs, are participants in our annual Executive Bonus Plan, pursuant to which we generally use annual cash bonuses to motivate participants to achieve our short-term financial and operational objectives while making progress towards our longer-term growth and other goals. Consistent with our executive compensation philosophy, these annual bonuses are intended to help us to deliver a competitive total direct compensation opportunity to our executive officers.

Bonus targets are determined by our compensation and leadership committee, subject to adjustment in certain circumstances, such as mid-year changes in base salary and leaves of absence. Overall funding of the bonus pool is generally determined by reference to corporate performance measures, but our compensation and leadership committee can, in its discretion, adjust individual participants' bonuses, based on each participant's individual performance. Individual performance goals for each participant are generally identified at the beginning of the year in discussions with our Chief Executive Officer. These goals may be quantitative or qualitative in nature, depending on the organizational priorities for a given year, and they typically focus on key departmental or operational objectives or functions. Most of these goals are intended to provide a set of common objectives that facilitate collaborative management and engagement, although participants could also be assigned individual objectives.

Long-Term Incentives/Equity Awards

We use long-term incentive compensation in the form of equity awards to motivate our executive officers, including our NEOs, by providing them with the opportunity to build an equity interest in GoPro and to share in the potential appreciation of the value of our Class A common stock.

Generally, in determining the size of the equity awards granted to our executive officers, the compensation and leadership committee takes into consideration the recommendations of our Chief Executive Officer (except with respect to his own equity award), as well as the factors described above. The compensation and leadership committee also considers the dilutive effect of our long-term incentive compensation practices, and the overall impact that these equity awards, as well as awards to other employees, may have on stockholder value.

Annual equity awards are granted to our NEOs in the form of stock options, which represent the right to purchase shares of our Class A common stock at a predetermined price subject to time based vesting; RSUs which represent the right to receive shares of our Class A common stock subject to time based vesting; and PSUs, which represent the right to receive shares of our Class A common stock subject to both achievement of one or more performance metrics and time-based vesting. The proportion and mix of long-term equity vehicles (time based stock options, time based RSUs, and performance

Table of Contents

based PSUs) is determined by the compensation and leadership committee each year (see “Executive Compensation Decisions for 2018 – Long-Term Incentive Compensation” below). The compensation and leadership committee evaluates equity vehicles annually to determine which form and mix of equity best aligns executive incentives with the long-term interest of our stockholders. The compensation and leadership committee may also choose to utilize other performance-based equity vehicles.

On March 25, 2019, the compensation and leadership committee granted additional PSUs with a grant date of May 15, 2019 to Nicholas Woodman, Brian McGee, Eve Saltman, Sandor Barna, and Dean Jahnke. These 2019 PSUs will be earned and vest proportionally between 25% and 150% of a target number of shares for achievement between a minimum revenue hurdle and a maximum revenue hurdle. Each of the revenue hurdles will be determined by the compensation and leadership committee in the first quarter of 2019. To the extent actually earned, the 2019 PSUs will be subject to time-based vesting, with one third of the total number of shares earned under each 2019 PSU vesting on the initial vesting date of February 15, 2020, and an additional one twelfth of the total number of earned shares under each 2019 PSU vesting quarterly thereafter, for so long as the recipient remains in service to GoPro. If GoPro undergoes a change in control before the performance measurement period has ended, then the revenue achievement metric will be adjusted to reflect the pre-closing period, and the 2019 PSUs determined to be so earned pursuant to the adjusted metric will be subject to any remaining time-based vesting, which will be governed by the change in control severance agreements.

Welfare and Health Benefits

We maintain a tax-qualified retirement plan under Section 401(k) of the Internal Revenue Code (the “Code”) for our U.S. employees, including our executive officers, who satisfy certain eligibility requirements, including requirements relating to age and length of service that provides them with an opportunity to save for retirement on a tax-advantaged basis. We intend for this plan to qualify under Sections 401(a) and 501(a) of the Code so that contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until distributed from the applicable plan.

All participants’ interests in their deferrals are 100% vested when contributed to this plan. In 2018, we made matching contributions into the Section 401(k) plan for our employees, which are deductible when made by us. Under the plan, pre-tax contributions are allocated to each participant’s individual account and are then invested in selected investment alternatives according to the participants’ directions.

In addition, we provide other benefits to our executive officers, including our NEOs, on the same basis as all of our full-time employees. These benefits include health, dental and vision benefits, health and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, basic life insurance coverage and discretionary time-off. We do not offer our employees a non-qualified deferred compensation plan or pension plan.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices, the competitive market and our employees’ needs.

Table of Contents

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes. During 2018, none of the NEOs received perquisites or other personal benefits that were, in the aggregate, valued at \$10,000 or more. In the future, we may provide perquisites or other personal benefits to our executive officers where we believe it serves a sound business purpose. We do not expect that any future perquisites or other personal benefits will be a significant aspect of our executive compensation program. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the compensation and leadership committee.

Further Considerations for Setting Executive Compensation

Compensation-Setting Process

Role of the Compensation and Leadership Committee

The compensation and leadership committee is responsible for establishing our overall compensation philosophy and reviewing and approving our executive compensation program, including the specific compensation of our executive officers, including our NEOs. The compensation and leadership committee has the authority to retain special counsel and other advisors, including compensation consultants, to assist in carrying out its responsibilities to determine the compensation of our executive officers and, as noted previously, in 2018 retained an executive compensation consultant, Compensia, Inc. (“Compensia”), as further discussed below. The compensation and leadership committee’s authority, duties, and responsibilities are described in its charter, which is reviewed annually and revised and updated as warranted. The charter is available on our website at <http://investor.gopro.com>.

In determining our overall compensation philosophy and approving the compensation of our executive officers, the compensation and leadership committee is assisted by its compensation consultant, as well as our Chief Executive Officer, our Vice President, People and Places (except with respect to their own compensation), and our executive compensation staff to formulate recommendations with respect to specific compensation actions. The compensation and leadership committee makes all final decisions regarding compensation for our executive officers, including base salary levels, target annual cash bonus opportunities, actual cash bonus payments, and long-term incentive opportunities in the form of equity awards that are earned over a multi-year period. The compensation and leadership committee meets on a regularly-scheduled basis and at other times as needed and periodically reviews compensation matters with the entire board of directors.

Annually, the compensation and leadership committee reviews our executive compensation program, including any incentive compensation plans and arrangements, to assess whether our compensation elements, actions and decisions (i) are properly coordinated, (ii) are aligned with our vision, mission, values and corporate goals, (iii) provide appropriate short-term and long-term incentives for our executive officers, (iv) achieve their intended purposes, and (v) are competitive with the compensation of executives in comparable positions at the companies with which we compete for executive talent.

Table of Contents

Following this assessment, the compensation and leadership committee may make any necessary or appropriate modifications to our existing plans and arrangements or adopt new plans or arrangements.

The compensation and leadership committee also conducts an annual review of our executive compensation strategy to ensure that it is appropriately aligned with our business strategy and achieving our desired objectives. Further, the compensation and leadership committee reviews market trends and changes in competitive compensation practices, as described below.

The factors to be considered by the compensation and leadership committee in determining the compensation of our executive officers, including our NEOs, include:

• the recommendations of our Chief Executive Officer, and our Vice President, People and Places (except with respect to their own compensation) as described below;

• our corporate growth and other elements of financial performance;

• our corporate and individual achievements against one or more short-term and long-term performance objectives;

• the individual performance of each executive officer against his or her business objectives;

• a review of the relevant competitive market analysis prepared by its compensation consultant (as described below);

• the expected future contribution of the individual executive officer;

• historical compensation decisions we have made regarding our executive officers; and

• internal pay equity based on the impact on our business and performance.

The compensation and leadership committee does not weigh these factors in any predetermined manner, nor does it apply any formulas in making its decisions. The members of the compensation and leadership committee consider this information in light of their individual experience, knowledge of GoPro, knowledge of each executive officer, knowledge of the competitive market and business judgment in making their decisions regarding executive compensation and our executive compensation program.

As part of this process, the compensation and leadership committee evaluates the performance of our Chief Executive Officer each year and makes all decisions regarding his base salary adjustments, target annual cash bonus opportunities, actual cash bonus payments and long-term incentive opportunities in the form of equity awards that are earned over a multi-year period. Our Chief Executive Officer is not present during any of the deliberations regarding his compensation.

Role of our Chief Executive Officer

Our Chief Executive Officer works closely with the compensation and leadership committee in determining the compensation of our other executive officers, including the other NEOs. Our Chief Executive Officer works with the compensation and

Table of Contents

leadership committee to recommend the structure of the annual Executive Bonus Plan, to identify and develop corporate and individual performance objectives for the annual Executive Bonus Plan, and to evaluate actual performance against the selected measures.

At the beginning of each year, our Chief Executive Officer reviews the performance of our other executive officers, including the other NEOs, for the previous year, and makes recommendations to the compensation and leadership committee for each element of compensation. The compensation and leadership committee then reviews these recommendations and considers the other factors described above and makes decisions as to the target compensation of each executive officer (other than our Chief Executive Officer), as well as each individual compensation element. While the compensation and leadership committee will consider our Chief Executive Officer's recommendations, as well as the competitive market analysis prepared by Compensia, these recommendations and market data serve as only two of several factors that the compensation and leadership committee considers in making its decisions with respect to the compensation of our executive officers. No executive officer participates in the determination of the amounts or elements of his or her own compensation.

Role of Compensation Consultant

Pursuant to its charter, the compensation and leadership committee has the authority to engage its own legal counsel and other advisors, including compensation consultants, as determined in its sole discretion, to assist in carrying out its responsibilities. The compensation and leadership committee has the authority to make all determinations regarding the engagement, fees and services of these advisors, and any such advisor reports directly to the compensation and leadership committee.

Accordingly, as noted previously, in 2018, the compensation and leadership committee engaged Compensia to provide information, analysis, and other assistance relating to our executive compensation program on an ongoing basis. The nature and scope of the services provided to the compensation and leadership committee by Compensia in 2018 were as follows:

- researched, analyzed and developed a proposed compensation peer group;
- provided advice with respect to compensation best practices, regulatory developments and market trends for executive officers and members of our board of directors;
- conducted an analysis of long-term incentive equity practices currently used by our compensation peer group and advised on design of our long-term incentive plans;
- conducted an analysis of the levels of overall compensation and each element of compensation for our executive officers;
- conducted an analysis of the levels of overall compensation and each element of compensation for the members of our board of directors;
- provided design advice on our annual Executive Bonus Plan; and

Table of Contents

provided ad hoc advice and support throughout the year.

Representatives of Compensia attend all meetings of the compensation and leadership committee and communicate with the compensation and leadership committee outside of meetings. Compensia reports to the compensation and leadership committee rather than to management, although Compensia may meet with members of management, including our Chief Executive Officer, our Vice President, People and Places, and members of our executive compensation staff, for purposes of gathering information on proposals that management may make to the compensation and leadership committee.

The compensation and leadership committee has assessed the independence of Compensia taking into account, among other things, the various factors as set forth in Exchange Act Rule 10C-1 and the enhanced independence standards and factors set forth in the applicable Nasdaq listing standards and has concluded that its relationship with Compensia and their respective work on behalf of the compensation and leadership committee has not raised any conflict of interest.

Compensation Peer Group

Given our unique history and business, market competitors and geographical location, the compensation and leadership committee believes that the competitive market for executive talent includes publicly traded technology companies, including Internet-based product and services companies. Accordingly, it develops a compensation peer group to contain a carefully-selected cross-section of public companies using factors described below, with revenues and market capitalizations that are similar to ours and that may also compete in a similar market for executive talent.

In March 2018, the compensation and leadership committee directed Compensia to formulate a group of peer companies to be used as a reference for market positioning and for assessing competitive market practices in connection with making 2018 executive compensation decisions. Compensia reviewed the pool of U.S.-based publicly-traded companies, taking into consideration our industry sector, the size of such companies (based on revenues and market capitalization) relative to our size and growth rate, and the following additional factors:

- the comparability of the company's primary sales channels, including via the Internet;
- the company's consumer products and/or business services focus;
- the comparability of the company's operating history;
- the comparability of the company's organizational complexities and growth attributes;
- the stage of the company's maturity curve (which increases its likelihood of attracting the type of executive talent for whom we compete); and
- the comparability of the company's operational performance (for consistency with our strategy and future performance expectations).

Following this review, Compensia recommended to the compensation and leadership committee a peer group of 16 information technology and consumer-oriented companies, which the compensation and leadership committee subsequently approved. The following peers were removed from our then existing compensation peer group: Cirrus Logic,

Table of Contents

Garmin, IPG Photonics, LendingClub, Logitech, Polycom, Rackspace Hosting, Square, Stratasys, Super Micro Computer, and Synaptics. The following comparable peers were added in March 2018: Acushnet Holdings, Callaway Golf, Crocs, Decker Outdoor, Eastman Kodak, Electronics For Imaging, Gogo, Groupon, iRobot, MoneyGram International, NETGEAR, RH, Stitch Fix, TiVo, Universal Electronics, and Vista Outdoor. The selected companies had revenues ranging from \$670 million to \$2.8 billion and market capitalizations ranging from \$300 million to \$2.9 billion, which were comparable peers at the time of selection. The compensation and leadership committee reviewed the compensation data drawn from the compensation peer group to develop a representation of the “competitive market” specifically tailored to GoPro with respect to current executive compensation levels and related policies and practices. The compensation and leadership committee then evaluated how its contemplated compensation actions and decisions compared to the competitive market.

The companies comprising the 2018 compensation peer group are as follows:

| | | | |
|-------------------|-------------------------|-------------------------|-----------------------|
| Acushnet Holdings | Electronics For Imaging | MoneyGram International | Shutterfly |
| Callaway Golf | Fitbit | NETGEAR | Stitch Fix |
| Crocs | Gogo | Pandora Media | TiVo |
| Decker Outdoor | Groupon | Plantronics | Universal Electronics |
| Eastman Kodak | iRobot | RH | Vista Outdoor |

The compensation and leadership committee does not believe that it is appropriate to make compensation decisions, whether regarding base salaries or short-term or long-term incentive compensation, solely using benchmarking as guidance. The compensation and leadership committee, however, does believe that information regarding the compensation practices at our compensation peer group is useful in two respects. First, the compensation and leadership committee recognizes that our compensation policies and practices must be competitive in the marketplace. Second, this information is useful in assessing the reasonableness and appropriateness of individual executive compensation elements and of our overall executive compensation packages.

Other Compensation Policies

Compensation Recoupment Policy

In 2016, we adopted a compensation recoupment policy applicable to cash incentive-based compensation awards paid to our executive officers. In the event of a substantial restatement of financial results filed with the Securities and Exchange Commission, the policy permits the board, if the board determines appropriate under the circumstances, and the executive officer engaged in fraud or intentional illegal conduct that materially contributed to the restatement, to seek recovery of all or any portion of the incentive awards paid or awarded to an executive officer in excess of the awards that would have been paid or awarded based on the restated financial results.

In addition, pursuant to Section 304 of the Sarbanes-Oxley Act of 2002, as applicable to all public companies, we may be legally required to seek reimbursement from our Chief Executive Officer and Chief Financial Officer if, as a result of their misconduct, we restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws.

Table of Contents

Equity Grant Policy

It is our policy to avoid the granting of equity awards close in time to the release of material non-public information, and we have adopted a written equity grant policy to specify the timing of the effectiveness of our equity awards to avoid such timing. This policy provides the following guidelines to be observed by the compensation and leadership committee and our board of directors in administering the grant of equity awards under our equity compensation plans in 2018:

our board of directors has delegated to the compensation and leadership committee the express authority to administer our 2014 Plan, including the authority to grant awards under the 2014 Plan;

our board of directors has delegated to the equity management committee (a committee consisting solely of our Chief Executive Officer) the non-exclusive authority to grant equity awards to employees below the level of executive staff vice president where the awards fall within standard guidelines approved by the compensation and leadership committee and subject to a limitation on the number of shares of our common stock that may be granted in any year; if the equity management committee approves equity awards on or before the 15th day of the month, the awards will be granted effective as of the 15th day of that month, and if it approves such equity awards after the 15th of the month, the grant date for these awards will be the approval date;

all equity awards granted outside the equity management committee guidelines or to our employees at or above the level of vice president who serve on the Company's executive staff must be approved by the compensation and leadership committee; and

all equity awards to the non-employee members of our board of directors will be granted automatically in accordance with the terms of our Director Compensation Policy.

Under our 2014 Plan, the exercise price of any option to purchase shares of our Class A common stock may not be less than the fair market value (based on the market closing price) of our Class A common stock on the date of grant.

Stock Ownership Guidelines

In 2016, our board of directors adopted a stock ownership policy to better align the interests of our Chief Executive Officer, our President, and our non-employee directors with the interests of our stockholders. Pursuant to our policy, our Chief Executive Officer and our President are required to achieve ownership of our common stock valued at five times their annual base salary. Our non-employee directors are required to achieve ownership of our common stock valued at five times the amount of the annual retainer payable to directors within five years of joining the Board. The ownership levels of our directors and our Chief Executive Officer as of March 31, 2018, are set forth in the beneficial ownership table section below, and each of our directors and our Chief Executive Officer met the requirements of, and were in compliance with, our stock ownership guidelines as of March 31, 2018.

Table of Contents

Derivatives Trading and Hedging and Pledging Policies

We have adopted a policy prohibiting our employees, including our executive officers, and members of our board of directors from speculating in our equity securities, including the use of short sales or any equivalent transaction involving our equity securities. In addition, they may not engage in any other hedging or monetization transactions or trading on margin and other similar or related arrangements, with respect to the securities that they hold. Finally, no employee, including an executive officer, or member of our board of directors may acquire, sell, or trade in any interest or position relating to the future price of our equity securities.

Rule 10b5-1 Sales Plans

From time to time, certain of our directors and executive officers have adopted written plans, known as Rule 10b5-1 plans, in which they have contracted with a broker to buy or sell shares of our common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or officer when entering into the plan, without further direction from the director or officer. The director or officer may amend or terminate the plan in some circumstances. The adoption, amendment, termination and certain other actions with respect to Rule 10b5-1 plans must comply with the terms of our Policy on Securities Trades by GoPro, Inc. Personnel and the GoPro, Inc. Requirements for Trading Plans.

Frequency of Say-on-Pay Advisory Vote

As previously reported, at our 2015 annual meeting of stockholders, our stockholders selected, on a non-binding advisory basis, three years as the frequency at which we will hold a non-binding advisory vote to approve the compensation to be paid by us to our NEOs. Based on these results, our board of directors has determined that we will conduct future stockholder advisory votes regarding compensation awarded to our NEOs once every three years. This policy will remain in effect until the next stockholder vote on the frequency of stockholder advisory votes on the compensation of NEOs, expected to be held at our 2021 annual meeting of stockholders.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Tax Code generally disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to certain executive officers.

Recent changes to Section 162(m) in connection with the passage of the Tax Cuts and Jobs Act in December 2017, however, repealed exceptions to the deductibility limit that were previously available for “qualified performance-based compensation,” including stock option grants, effective for taxable years after December 31, 2017. As a result, any compensation paid to certain of our executive officers in excess of \$1 million will be non-deductible unless it qualifies for transition relief afforded to compensation payable pursuant to certain binding arrangements in effect on November 2, 2017, and which have not subsequently been materially modified. Because of ongoing uncertainties in the interpretation and implementation of the changes to Section 162(m), however, including the scope of the transition relief, we can offer no assurance of the deductibility of our compensatory arrangements.

Table of Contents

Accounting for Stock-Based Compensation

The compensation and leadership committee utilizes accounting considerations in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is FASB ASC Topic 718, the standard which governs the accounting treatment of stock-based compensation awards.

FASB ASC Topic 718 requires us to recognize in our financial statements all share-based payment awards to employees, including grants of options to purchase shares of our Class A common stock as well as RSUs and PSUs that may be settled for shares of our Class A common stock to our executive officers, based on their fair values. FASB ASC Topic 718 also requires us to recognize the compensation cost of our share-based payment awards in our income statement over the period that an employee, including our executive officers, is required to render service in exchange for the award (which, generally, will correspond to the award's vesting schedule).

Compensation-Related Risks

Our board of directors is responsible for the oversight of our risk profile, including compensation-related risks. The compensation and leadership committee monitors our compensation policies and practices as applied to our employees to ensure that these policies and practices do not encourage excessive and unnecessary risk-taking. In December 2018, our compensation and leadership committee conducted a review of our compensation programs, including our executive compensation program, and, based on this review, determined that the level of risk associated with these programs is not reasonably likely to have a material adverse effect on us.

2018 was a year of evolution for our flagship HERO camera and a year of growth in our GoPro Plus subscription service. We are proud of the many product achievements described above which reflect our focus to obsessively serve on delivering the products and services that delight our users, and which we believe will drive camera sales and improve control over our financial results. In January 2018, we also implemented a company-wide restructuring of our business resulting in a global reduction in force reducing our employee headcount to below 1,000 employees by the end of 2018 from 1,273 employees as of December 31, 2017. We continue to focus on reducing operating expenses as we strive to bring value to our stockholders and customers. Decisions related to base salaries, bonus payouts and equity awards for 2018 reflect our product and service achievements and challenges we experienced in 2018.

2018 Compensation for Chief Executive Officer

On January 8, 2018 the Company announced preliminary financial results for the fourth quarter ending December 31, 2017 and reported that on January 4, 2018, Nicholas Woodman, our Chief Executive Officer, volunteered to forego salary and bonus for 2018 and entered into a waiver agreement (the “Waiver Agreement”), pursuant to which the Company and Mr. Woodman agreed that he would receive a nominal salary of \$1 and no target 2018 cash bonus opportunity for the year ending December 31, 2018 (the “Cash Compensation Reduction”). The Waiver Agreement also provided that Mr. Woodman’s salary and target cash bonus opportunity would not be increased again without consent of the Company, that Mr. Woodman has no entitlement to or expectation of a reversal of the Cash Compensation Reduction or other gross-up or true-up of or increase in his salary or target bonus, and that Mr. Woodman waives “good reason” under his employment agreement in connection with the Cash Compensation Reduction and the associated adverse effects on the level of Mr. Woodman’s participation in certain of our benefit plans. Any future material reduction in Mr. Woodman’s base salary or target bonus giving rise to “good reason” under Mr. Woodman’s employment agreement will be determined by reference to Mr. Woodman’s then-current base salary and target bonus following the Cash Compensation Reduction and not by reference to his base salary or target bonus in effect prior to the Cash Compensation Reduction.

In connection with our 2018 results, the compensation and leadership committee on February 4, 2019, reinstated Mr. Woodman’s base salary of \$800,000 and a target bonus opportunity of 100% effective January 1, 2019.

Base Salary for Other Named Executive Officers

In February 2018, Mr. McGee was promoted from Senior Vice President, Chief Financial Officer, to Executive Vice President, Chief Financial Officer, and his base salary was increased to \$460,000 to align with the market for this position and the increased responsibilities of his role. In February 2018, Mr. Barna was promoted from Vice President, Hardware, to Senior Vice President, Chief Technology Officer, and his base salary was increased to \$420,000 to align with the market for this position and the increased responsibilities of his role. In March 2018, Ms. Saltman joined the Company as Vice President, Corporate/Business Development, General Counsel, and Secretary, with a base salary of \$350,000.

The base salaries of our NEOs during 2018 are set forth in the “Summary Compensation Table” below.

Annual Cash Bonuses for Other Named Executive Officers

In February 2018, the compensation and leadership committee awarded cash bonus opportunities to our executive officers, including our NEOs. The compensation and leadership committee exercised its authority to select net revenue and pre-tax profit (loss) as the performance measures for the 2018 annual cash bonus opportunities for our executive officers, and also established the related threshold and target performance levels for each of these measures.

Under the 2018 Executive Bonus Plan, the performance measures involving our financial results could be determined in accordance with GAAP, or such financial results could consist of non-GAAP financial measures, subject to adjustment by the compensation and leadership committee for one-time items or unbudgeted or unexpected items when determining whether the target levels for the performance measures had been met.

Table of Contents

Individual payouts of between 0% and 130% of funded bonuses (with the aggregate individual payouts not to exceed the overall funding level of the plan itself) would also reflect individual performance, based on a review of each executive officer's actual performance during the year, as ultimately determined by our compensation and leadership committee.

Target Bonus Opportunities

For 2018, the target annual cash bonus opportunities for each of our NEOs under the 2018 Bonus Plan, expressed as a percentage of his or her annual base salary, were as follows:

| Named Executive Officer | Annual Base Salary (\$) | Target Bonus Opportunity (as a percentage of base salary) (%) | Target Bonus Opportunity (\$) |
|------------------------------|-------------------------|---|-------------------------------|
| Nicholas Woodman | 1 | — | — |
| Brian McGee ⁽¹⁾ | 454,740 | 75 | 341,055 |
| Eve Saltman ⁽²⁾ | 266,575 | 50 | 133,288 |
| Sandor Barna ⁽³⁾ | 417,041 | 60 | 229,906 |
| Sharon Zezima ⁽⁴⁾ | 105,000 | 60 | 63,000 |
| CJ Prober ⁽⁵⁾ | 60,577 | 75 | 45,433 |

Mr. McGee's annual base salary for 2018 is the weighted average of his \$400,000 annual base salary from January 1, 2018, to February 1, 2018, and his \$460,000 annual base salary from February 2, 2018, to December 31, 2018.

Mr. McGee's annual target bonus opportunity (in dollars) for 2018 reflects his target bonus opportunity (as a percentage of base salary) for 2018 multiplied by his weighted average base salary over 2018.

Ms. Saltman's annual base salary for 2018 is prorated for her length of service during 2018 following her appointment to the position of Vice President, Corporate/Business Development, General Counsel and Secretary, effective March 2018.

Mr. Barna's annual base salary for 2018 is the weighted average of his \$386,250 annual base salary from January 1, 2018, to February 1, 2018, and his \$420,000 annual base salary from February 2, 2018, to December 31, 2018. Mr. Barna was on the employee annual bonus plan from January 1, 2018, to February 1, 2018, and then became a participant in the 2018 Executive Bonus Plan from February 2, 2018 to December 31, 2018. Mr. Barna's annual target bonus opportunity (in dollars) for 2018 reflects his target bonus opportunity for the period he became eligible to participate in the 2018 Executive Bonus Plan from February 2, 2018. In addition, his target under the employee annual bonus plan for January 1, 2018 to February 2, 2018 was \$11,852.

Ms. Zezima's annual base salary for 2018 is prorated for her length of service during 2018 (until the termination of her employment in March 2018). Although Ms. Zezima would have ceased to be eligible to receive any bonus upon her departure under the 2018 Executive Bonus Plan, pursuant to her Transition Incentive Agreement with the Company, Ms. Zezima remained eligible to receive her 2018 bonus, based on her target bonus opportunity (expressed as a percentage of base salary) for 2018 and our actual performance in 2018, prorated for her length of service during 2018.

Mr. Prober's annual base salary reflects the actual compensation he received during his 2018 employment, and Mr. Prober's actual target bonus opportunity (expressed as a percentage of base salary), in each case, prior to the termination of his employment in February 2018. However, Mr. Prober ceased to be eligible to receive any bonus upon the termination of his employment in February 2018.

The target annual cash bonus opportunities of our executive officers, including the NEOs, focused on our short-term financial objectives as reflected in our annual operating plan while, at the same time, allowed for recognition of individual contributions toward achievement of those objectives and the successful execution of each executive's individual roles and responsibilities. Target bonus opportunities differ among NEOs based on market data, position

and level.

Corporate Performance Objectives

For purposes of the 2018 Executive Bonus Plan, the compensation and leadership committee selected net revenue and pre-tax profit/loss as the corporate performance measures with equal weights of 50%, each corresponding to a plan funding level of between 25% and 100%, based on our actual performance between threshold and target levels. The Executive Bonus Plan would have a funding level of 0% for actual performance below the threshold level, with the average of the

43

Table of Contents

two component percentages (either a percentage between 25% and 100% or 0%) determining the initial plan funding percentage of between 0% and 100% (before supplemental funding). The target levels for the 2018 corporate performance measures were as follows:

| | |
|-------------------------------|-------------------|
| Corporate Performance Measure | 2018 Target Level |
| Net Revenue | \$1.23 billion |
| Pre-Tax Profit/Loss | \$9.4 million |

Pre-Tax Profit/Loss was determined on a non-GAAP basis which by excluding stock compensation expense, intangible charges, and other one-time charges as appropriate but including bonus expense (including bonus payments under this 2018 Executive Bonus Plan).

The compensation and leadership committee believed these performance measures were appropriate for our business in 2018, as they focused on improving our top and bottom line growth. The compensation and leadership committee established target performance levels for each measure at levels that it believed to be challenging, but attainable, through the successful execution of our annual operating plan.

The threshold and target levels of achievement for each corporate performance measure and their respective plan funding percentages, with the actual plan funding percentage with respect to each measure to be determined independently, as well as the potential supplemental funding formula, were as follows:

| Company Performance Target (Bonus Weighting) | | Threshold | Target | Supplemental Funding |
|---|--------------|------------------|----------------|---|
| Net Revenue ⁽¹⁾ (50%) | Attainment | \$1.10 billion | \$1.23 billion | \$0.036 of every dollar above \$5,000,000 Net Profit ⁽³⁾ up to 200% Funding Target |
| | Plan Funding | 25% | 100% | |
| Pre-Tax Profit/Loss ^{(1) (2)} (50%) | Attainment | (\$41.3 million) | \$9.4 million | |
| | Plan Funding | 25% | 100% | |

(1) Net revenue would be calculated by our finance department and verified by our executive management, subject to certification and final approval by our compensation and leadership committee.

Pre-tax profit/loss would be determined on a non-GAAP basis, which excludes stock compensation expenses, (2) intangible charges, and other one-time charges as appropriate but includes bonus expense (including bonus payments under this 2018 Executive Bonus Plan).

Net profit would be determined on a non-GAAP basis, which excludes stock compensation expenses, intangible (3) changes, and other one-time charges as appropriate but includes non-GAAP taxes and bonus expense (including bonus payments under this 2018 Executive Bonus Plan).

In the event actual performance results were between the threshold and target performance levels, the plan funding percentage would be calculated using linear interpolation of the respective threshold and target percentages. After the overall level of funding under the 2018 Executive Bonus Plan was determined (between 0% and 200%, including supplemental funding), our compensation and leadership committee could then adjust individual payouts between 0% and

Table of Contents

130% of funded levels, provided that the aggregate bonus payouts under the plan could not exceed the overall level of funding of the plan itself.

Individual Performance

After the end of the year, our Chief Executive Officer evaluated each executive officer's individual performance, based on his assessment of the executive officer's individual contributions to our executive team, formulated a recommended total bonus payout under the 2018 Executive Bonus Plan, and then submitted these recommendations to the compensation and leadership committee for review and approval.

2018 Performance Results and Bonus Decisions

In February 2019, the compensation and leadership committee determined that, based on actual 2018 performance with respect to each corporate performance measure, weighted and combined payout results were at 47.5% of target bonus opportunities, reflecting the average of 54% achievement of net revenue and 41% achievement of pre-tax profit/loss target. No supplemental funding was achieved.

The compensation and leadership committee approved our Chief Executive Officer's recommendation (without exercise of the compensation and leadership committee's authority to adjust individual bonus payouts in the committee's sole discretion) for a bonus payment aligned with our results of 47.5% of target bonus opportunity to each of our NEOs. Ms. Zezima also received 47.5% of her target bonus under the 2018 Executive Bonus Plan, which aligned with our results (and which was documented in her Transition Incentive Agreement executed in 2018). The payouts under the 2018 Executive Bonus Plan were as follows:

| Named Executive Officer | Target Annual Cash Bonus Opportunity (\$) | Actual Annual Cash Bonus Payment (\$) | Percentage of Target Annual Cash Bonus Opportunity |
|------------------------------|---|---------------------------------------|--|
| Nicholas Woodman | — | — | — |
| Brian McGee ⁽¹⁾ | 341,055 | 162,001 | 47.5 |
| Eve Saltman ⁽²⁾ | 133,288 | 63,312 | 47.5 |
| Sandor Barna ⁽³⁾ | 229,907 | 109,206 | 47.5 |
| Sharon Zezima ⁽⁴⁾ | 63,000 | 29,925 | 47.5 |
| CJ Prober ⁽⁵⁾ | 45,433 | — | — |

(1) Mr. McGee's annual target bonus opportunity (in dollars) for 2018 reflects his target bonus opportunity (as a percentage of base salary) for 2018 multiplied by his weighted average base salary over 2018.

(2) Ms. Saltman's annual target bonus opportunity for 2018 reflects her target bonus opportunity (as a percentage of base salary) for 2018 multiplied by her base salary, prorated for her length of service during 2018 following her appointment to the position of Vice President, Corporate/Business Development, General Counsel and Secretary, effective March 2018.

(3) Mr. Barna's annual target bonus opportunity (in dollars) for 2018 reflects his target bonus opportunity (as a percentage of base salary) for 2018 multiplied by his weighted average base salary over 2018. Mr. Barna also received \$8,652 under the employee annual bonus plan for the portion of the year during which he was eligible to participate in that bonus plan, prior to his promotion on February 2, 2018.

(4) Although Ms. Zezima would have ceased to be eligible to receive any bonus upon the termination of her employment under the 2018 Executive Bonus Plan, pursuant to her Transition Incentive Agreement entered into with the Company, Ms. Zezima remained eligible to receive her 2018 bonus, based on her target bonus opportunity (as a percentage of base salary) for 2018 and the Company's actual performance in 2018, prorated for Ms. Zezima's length of service during 2018. Ms. Zezima's annual target bonus opportunity (in dollars) for 2018 set forth above reflects this length-of-service proration.

(5) Mr. Prober's actual bonus payment and percentage of target annual cash bonus opportunity for 2018 are listed as zero because he ceased to be eligible to receive any bonus upon the termination of his employment in February 2018.

The annual cash bonuses paid to our NEOs for 2018 are also set forth in the “Summary Compensation Table” below, under the column “Non-Equity Incentive Plan Compensation.”

Long-Term Incentive Compensation

Equity Awards for Named Executive Officers

In 2018, the compensation and leadership committee directed Compensia to review the various long-term incentive vehicles used by our peers and determined that designing a compensation plan using a mix of 50% stock options, 25% RSUs and 25% PSUs would be the best approach for us to attract and retain key talent in our industry and align our executive officers’ interests with the long-term interests of our stockholders. The compensation and leadership committee granted two PSUs to each eligible executive officer, the first equal to 25% of the total value of the portion of the equity awards granted as PSUs and the second equal to half of the value of the first PSU award. The first PSU to be earned if revenue hurdle achieved; the second PSU to be earned if the “stretch” goal is achieved. The first PSU award would vest only if the committee determined that the “Revenue Hurdle” of \$1,211,915,000 in net sales revenue for fiscal year 2018, generated in accordance with GAAP, consistent with the methodology used for reporting on the Form 10-K, was achieved. If the Revenue Hurdle was determined by the committee to not have been achieved, none of the shares under the PSU award would vest and the PSU award will permanently and immediately cancel in full without consideration. The second PSU award was granted to our executives based on a stretch “Revenue Hurdle” of \$1,234,478,000 in GAAP net sales revenue for fiscal year 2018, subject to the same conditions as the first PSU award. In April 2018, Ms. Saltman was awarded options to purchase shares of our Class A common stock and RSUs that may be settled in shares of our Class A common stock. These awards were based on the competitive market for a new hire in her position and expected long-term contributions to GoPro. In May 2018, Messrs. McGee and Barna were awarded options to purchase shares of our Class A common stock and RSUs and PSUs that may be settled in shares of our Class A common stock. These awards were based on the competitive market for their respective roles, contributions in 2017 and expected long-term contributions to GoPro. The compensation and leadership committee did not grant Mr. Woodman an equity award in 2018 based on 2017 performance results and the belief that as our founder and majority stockholder, Mr. Woodman’s interests continue to be well aligned with those of our stockholders.

The equity awards granted to our NEOs in 2018 are set forth in the “Summary Compensation Table” and the “2018 Grants of Plan-Based Awards Table” below.

Severance and Change in Control Arrangements

Employment Arrangements

We have entered into written employment offer letters to each of our executive officers, including our Chief Executive Officer and our other NEOs. Each of these arrangements was approved on our behalf by our board of directors or the compensation and leadership committee, as applicable. We believe that these arrangements were appropriate to induce these individuals to forego other employment opportunities or leave their current employer for the uncertainty of a demanding position in a new and unfamiliar organization.

Table of Contents

In entering into these arrangements, our board of directors or the compensation and leadership committee, as applicable, was aware that it would be necessary to recruit candidates with the requisite experience and skills to manage a growing business in a dynamic and ever-changing environment. Accordingly, it recognized that it would need to develop competitive compensation packages to attract qualified candidates in a highly-competitive labor market. At the same time, our board of directors or the compensation and leadership committee, as applicable, was sensitive to the need to integrate new executive officers into the executive compensation structure that it was seeking to develop, balancing both competitive and internal equity considerations.

Each of these employment arrangements provides for “at will” employment and sets forth the initial or ongoing compensation arrangements for the NEO, including an initial or ongoing base salary, a target annual cash bonus opportunity, and, in some instances, a recommendation for an equity award in the form of stock options or RSUs. For a summary of the material terms and conditions of the employment arrangements with each of our NEOs, see “Employment, Severance and Change in Control Agreements” below.

Change in Control and Severance Policy

In January 2014, we adopted a change in control and severance policy, with benefits tied to a qualifying termination in the event of a change in control applicable to our executive officers and certain other employees, pursuant to which each individual entered into a written agreement governing such situations. We believe that the severance policy serves several objectives. First, it eliminates the need to negotiate separation payments and benefits on a case-by-case basis. Second, it helps assure an executive officer that his or her severance payments and benefits are comparable to those of other executive officers with similar levels of responsibility and tenure. Further, it acts as an incentive for our executive officers to remain employed and focused on their responsibilities during the pendency or negotiation of a change in control transaction, which we believe would help to preserve our value and the potential benefit to be received by our stockholders in the transaction. Finally, the change in control and severance policy is easier for us to administer than individually negotiated severance agreements, as it requires less time and expense in negotiation or execution.

To implement this policy, we enter into change in control severance agreements with each of our executive officers, including each of our NEOs. The agreements with our executive officers, including each of our NEOs (other than our Chief Executive Officer) require us to provide certain payments and benefits upon a qualifying termination of employment, which includes a termination of employment without cause or where the NEO resigns with good reason, within three months preceding or 12 months following a change in control of our company. The receipt of these payments and benefits are contingent upon the NEO’s execution, delivery, and non-revocation of a release and waiver of claims satisfactory to us following the separation from service. In addition, for six months following termination of employment, and as a condition to the payments and benefits, the NEO must cooperate with any transition efforts that we request and must not disparage us, or our directors, officers, or employees.

We entered into an employment letter with Mr. Woodman in June 2014, the terms of which supersede in their entirety the change in control and severance agreement he executed in January 2014. For descriptions of the change in control severance arrangements with each of our NEOs see “Arrangement with Our Named Executive Officers” below.

Table of Contents

Executive Severance Policy

On February 13, 2019, as part of its annual compensation review process, our compensation and leadership committee approved an executive severance policy, to be immediately effective. Subject to executing a written agreement setting forth to the terms and conditions of the executive severance policy, participants thereunder include certain senior leadership team members other than our Chief Executive Officer, as well as such other employees as our board or the committee may designate. As of February 13, 2019, the committee designated the following NEOs for the fiscal year ended December 31, 2018, as participants in the executive severance policy: Sandor Barna, Brian McGee and Eve Saltman.

Under the executive severance policy, if a participant undergoes a qualifying termination (as defined in the policy) and executes an irrevocable general release of claims in favor of GoPro within 60 days following such qualifying termination, we will provide the participant the following severance benefits (in addition to compensation and benefits earned by the participant but not yet paid through the termination date):

Cash Severance. We will pay the participant a cash lump sum equal to 12 months of the participant's base salary (less applicable deductions and withholding), as in effect immediately prior to the participant's termination by GoPro or, in the case of voluntary termination by the participant with good reason (as defined in the policy), immediately prior to the occurrence of the event constituting good reason.

COBRA Payments. Subject to the participant timely electing coverage in accordance with the requirements of the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"), we will continue to pay the employer portions of such insurance premiums for the participant and/or his or her eligible dependents, as applicable, for up to 12 months following the participant's termination. Such COBRA subsidies will cease, however, if a participant becomes eligible for comparable group medical, dental and/or vision insurance coverage under the plan(s) of a subsequent employer, or if the participant otherwise ceases to receive COBRA coverage under our plan(s), before the end of the aforementioned 12-month period.

If the participant is or becomes eligible to receive any other cash severance benefits from us comparable to those described in the "Cash Severance" paragraph above, including in a "double-trigger" arrangement in connection with a change in control or other liquidity event of GoPro (such as under our change in control and severance policy), then the amounts of such comparable cash severance benefits will be such that the participant receives the greater of the payments under the executive severance policy and the comparable payments under the other arrangement.

Finally, participants in the executive severance policy are required to agree that, during the six-month period following their cessation of employment, they will cooperate with us in every reasonable respect, use their best efforts to assist us with the transition of their duties to their successors and not in any way or by any means disparage GoPro, the members of our board or our officers and employees.

Arrangements with our Named Executive Officers

Arrangements with Mr. Woodman

Under his employment letter dated June 2, 2014, Mr. Woodman is eligible to receive severance payments and benefits upon a qualifying termination of employment, including a termination of employment in connection with a change in control of our company.

If Mr. Woodman's employment is terminated by us for any reason other than cause or he resigns for good reason prior to a change in control of GoPro, he will be eligible to receive:

• a single lump sum payment equal to the sum of 12 months of his then-current base salary and target bonus (assuming a 150% achievement threshold);

• an additional payment equal to the pro-rata portion of his actual target bonus for the year of his termination of employment; and

• continuation of COBRA benefits for 12 months following his termination of employment (or if applicable law requires otherwise, a lump sum payment equal to that amount).

If Mr. Woodman's employment is terminated by us for any reason other than cause or he resigns for good reason within 24 months following a change in control of GoPro, he will be eligible to receive:

• a single lump sum payment equal to the sum of 24 months of his then-current base salary and target bonus (assuming a 150% achievement threshold);

• an additional payment equal to the pro-rata portion of his actual target bonus for the year of his termination of employment;

• full accelerated vesting of all of the shares of our common stock subject to his then-outstanding and unvested equity awards, if any; and

• continuation of benefits under COBRA for 18 months following his termination of employment (or if applicable law requires otherwise, a lump sum payment equal to that amount).

These payments and benefits are conditioned on Mr. Woodman's execution and delivery of an irrevocable release to us within the 60 days following his termination of employment.

Further, if we undergo a change in control, any payments that would be "parachute payments" within the meaning of Section 280G of the Code will be reduced so that Mr. Woodman retains, on an after-tax basis, the greatest amount of these payments.

In connection with Mr. Woodman's Cash Compensation Reduction, we entered into the Waiver Agreement with Mr. Woodman, as discussed above under "2018 Compensation for Chief Executive Officer."

Arrangements with Mr. McGee

In September 2015, we entered into an employment offer letter with Mr. McGee. Among other things, this letter provided that, subject to the approval of the board of directors, Mr. McGee would be granted an option to purchase 30,000 shares of our Class A common stock, which would vest as to 25% of the shares subject to the option on the first anniversary of his commencement of employment and thereafter in equal monthly installments over an additional 36 months, subject to his continuous service as of each vesting date. The letter also provided that, subject to the approval of the board of directors, Mr. McGee would be granted 15,000 RSUs to vest in four equal annual installments of 25%, each measured from the date of grant, subject to his continuous service as of each vesting date. Under his change in control and severance agreement dated September 28, 2015, in the event that we terminate his employment for any reason other than cause or he voluntarily resigns his employment for good reason within the three-month period preceding or the 12-month period following a change in control of GoPro, Mr. McGee is eligible to receive severance payments and benefits as follows:

- 12 months of his then-current base salary;
 - 100% of his target annual bonus;
 - \$3,000 per month for 12 months in lieu of employee benefits; and
 - all of the shares of our common stock subject to each then-outstanding and unvested equity award held by Mr. McGee, including awards that would otherwise only vest upon satisfaction of performance criteria, will accelerate and become vested and exercisable in full immediately prior to his separation from service.
- Further, if we undergo a change in control, any payments that would be “parachute payments” within the meaning of Section 280G of the Code will be reduced so that Mr. McGee retains, on an after-tax basis, the greatest amount of these payments.

Arrangements with Mr. Barna

In July 2015, we entered into an employment offer letter with Mr. Barna. Among other things, this letter provided that, subject to the approval of the board of directors, Mr. Barna would be granted an option to purchase 15,000 shares of our Class A common stock, which would vest as to 25% of the shares subject to the option on the first anniversary of his commencement of employment and thereafter in equal monthly installments over 36 months thereafter, subject to his continuous employment as of each vesting date. The letter also provided that, subject to the approval of the board of directors, Mr. Barna would be granted 20,000 RSUs to vest in four equal annual installments of 25%, each measured from the date of grant, subject to his continuous service as of each vesting date. Under his change in control and severance agreement dated January 29, 2018, in the event that we terminate his employment for any reason other than cause or he voluntarily resigns his employment for good reason within the three-month period preceding or the 12-month period following a change in control of GoPro, Mr. Barna would be eligible to receive severance payments and benefits as follows:

Arrangements with Ms. Saltman

In March 2018, we entered into an employment offer letter with Ms. Saltman. Among other things, this letter provided that, subject to the approval of the board of directors, Ms. Saltman would be granted an option to purchase 196,078 shares of our Class A common stock, which would vest as to 25% of the shares subject to the option on the first anniversary of her commencement of employment and thereafter in equal monthly installments over 36 months thereafter, subject to her continuous employment as of each vesting date. The letter also provided that, subject to the approval of the board of directors, Ms. Saltman would be granted 89,469 RSUs to vest in four equal annual installments of 25%, each measured from the date of grant, subject to her continuous service as of each vesting date. Under her change in control and severance agreement dated March 29, 2018, in the event that we terminate her employment for any reason other than cause or she voluntarily resigns her employment for good reason within the three-month period preceding or the 12-month period following a change in control of GoPro, Ms. Saltman would be eligible to receive severance payments and benefits as follows:

12 months of her then-current base salary;
100% of her target annual bonus;
\$3,000 per month for 12 months in lieu of employee benefits; and
all of the shares of our common stock subject to each then-outstanding and unvested equity award held by Ms. Saltman, including awards that would otherwise only vest upon satisfaction of performance criteria, would accelerate and become vested and exercisable in full immediately prior to her separation from service.

Arrangements with Mr. Prober

Mr. Prober's role as Chief Operating Officer ceased on January 5, 2018. • Accelerated vesting of all RSUs that otherwise would have vested had Mr. Prober remained employed with us through February 16, 2019.

Arrangements with Ms. Zezima

Ms. Zezima tendered her resignation as our Senior Vice President, Corporate/Business Development, General Counsel and Secretary on January 2, 2018, under which her termination was effective on the transition date of March 30, 2018.

The amounts reported in this column represent the aggregate grant date fair value of the RSUs or PSUs, as applicable, made to the NEO in 2018, 2017 and 2016 computed in accordance with FASB ASC Topic 718 and excluding the effect of estimated forfeitures. The grant date fair value for RSUs is measured based on the closing price of our Class A common stock on the date of grant. For 2018, PSUs were included in stock awards. The single performance metric assigned to the PSUs was based on our 2018 fiscal year revenue and as such the PSUs were determined to be performance awards under FASB ASC Topic 718. The PSUs did not have any variable payout amounts associated with the earning of the PSUs, but rather an “all-or-none” payout provision. The grant date fair value for these PSUs was measured based on the closing price of our Class A common stock on the date of grant and the amount reflected is based on the fair value of the full PSU awards granted, as we expected the PSUs would be fully earned at the time the PSUs were granted. Note that the amounts reported in this column reflect the accounting cost for these RSUs or PSUs, as applicable, and do not correspond to the actual economic value that may be received by the NEO.

The amounts reported in this column represent the aggregate grant date fair value of option awards made to the NEO in 2018, 2017 and 2016 computed in accordance with FASB ASC Topic 718 and excluding the effect of estimated forfeitures. The assumptions used in calculating the grant date fair value of the option awards reported in the Option Awards column are set forth in Note 7 to the audited financial statements included in our Annual Report on Form 10-K filed with the SEC on February 15, 2019. Note that the amounts reported in this column reflect the accounting cost for these options and do not correspond to the actual economic value that may be received by the NEO.

The amounts reported in this column represent the NEO’s annual cash bonus awards, which for 2018, 2017 and 2016, we awarded under the 2018 Executive Bonus Plan, the 2017 Executive Bonus Plan, and the 2016 Executive Bonus Plan, respectively, based on the compensation and leadership committee’s determination of individual and

overall company performance.

As set forth under the 2018 Executive Bonus Plan, the threshold amount represents corporate financial performance of (i) achievement of net revenue at \$1.1 billion and (ii) achievement of pre-tax profit/loss of \$(41) million, which, together, would result in an overall plan funding level of 25% (and individual bonus payouts at 25% of annual target bonus opportunities for 2018, subject to adjustment by the compensation and leadership committee).

(2) As set forth under the 2018 Executive Bonus Plan, the maximum amount represents achievement of target net revenue and pre-tax profit/loss amounts set forth in note (1) above, plus supplemental plan funding of \$0.036 of every dollar in net profit above \$5,000,000, for total plan funding of up to 200% of target plan funding.

CEO Pay Ratio

The annual total compensation of Mr. Woodman for 2018, as reported in the Summary Compensation Table, was \$1.00. The annual total compensation of our median employee for 2018 was \$157,790. Based on this information, for 2018, the ratio of the annual total compensation of Mr. Woodman to that of our median employee was approximately 1 to 157,790. By comparison, if Mr. Woodman's annual total compensation had remained the same in 2018 as it had been in 2017, then Mr. Woodman's annual total compensation would have been \$800,147 in 2018 and the ratio of the annual total compensation of Mr. Woodman to that of our median employee would have been approximately 5.1 to 1.

Calculation Methodology

We identified the employee with compensation at the median of the compensation of all of our employees (the "median employee") by considering our employee population as of December 31, 2018 (the "employee population determination date"). We considered all individuals (excluding our Chief Executive Officer) who were employed by us on a worldwide basis (including our consolidated subsidiaries) on the employee population determination date, whether employed on a full-time, part-time, seasonal or temporary basis, including employees on a partial-year leave of absence. The compensation measure used for purposes of identifying the median employee was based on earned salary or wages in 2018. In the case of foreign employees, total direct compensation also included "13th month pay" and any holiday allowance that was statutorily required to be paid as we view such compensation to be akin to earned salary or wages, and all amounts were converted to U.S. dollars using exchange rates in effect on the employee population determination date, without making any cost of living adjustments for employees outside of the United States. We also annualized the cash compensation of any permanent employees that were not employed by us for all of 2018. We believe our methodology represents a consistently applied compensation measure that strikes a balance in terms of administrative burden while consistently treating the primary compensation components for our worldwide employee population.

After identifying our median employee, in calculating the annual total compensation of such employee, we used the same methodology we use to calculate the amount reported for our NEOs in the "Total" column of the Summary Compensation Table.

Excludes outstanding 8,563 RSUs that were assumed as part of an acquisition. In connection with the acquisition,

⁽⁴⁾ GoPro has only assumed the outstanding RSUs, but not the plan itself, and therefore, no further awards may be granted under the acquired-company plan.

A single Notice of Internet Availability and, if applicable, a single set of Annual Report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.
