PROXY STATEMENT

This Proxy Statement is furnished to the stockholders of Advanced Emissions Solutions, Inc. (“ADES” or the “Company”), a Delaware corporation, in connection with the solicitation of proxies by the Company’s Board of Directors (the “Board”), to be voted at our annual meeting of stockholders (“Annual Meeting” or “meeting”) to be held on Tuesday, June 19, 2018, at the Denver Marriott Tech Center located at 4900 S. Syracuse Street, Denver, Colorado 80237, and any postponements or adjournments thereof. This Proxy Statement and accompanying form of proxy is first being made available to our stockholders on or about April 26, 2018. The shares represented by all proxies that are properly executed and submitted will be voted at the meeting in accordance with the instructions indicated thereon, and if no instructions are given, then to the extent permitted by law, in the discretion of the proxy holder. Throughout this Proxy Statement, the terms “we,” “us” “our” and “our Company” refer to Advanced Emissions Solutions, Inc. and, unless the context indicates otherwise, our consolidated subsidiaries.

VOTING RIGHTS AND VOTE REQUIRED

Our Board has fixed the close of business on April 23, 2018, as the record date (the “Record Date”) for determination of stockholders entitled to notice of and to vote at the meeting. On the Record Date, 20,573,253 shares of our common stock were issued and outstanding, each of which entitles the holder thereof to one vote on all matters that may come before the Annual Meeting. We do not have any class of voting securities outstanding other than our common stock. An abstention or withholding authority to vote will be counted as present for determining whether the quorum requirement is satisfied. If a quorum exists, actions or matters other than the election of the Board are approved if the votes cast in favor of the action exceed the votes cast opposing the action unless a greater number is required by the Delaware General Corporation Law (the “DGCL”) or our Second Amended and Restated Certificate of Incorporation. The five nominees receiving the highest number of votes cast will be elected as directors. Abstentions will not affect the election of directors.

If, as of the Record Date your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then that firm or organization is the stockholder of record for purposes of voting at the Annual Meeting and you are considered the beneficial owner of shares held in “street name.” If you are a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares held in your account. If you do not instruct your broker on how to vote your shares, your brokerage firm, in its discretion, may vote your shares on routine matters or they may elect not to vote your shares. The proposal to ratify the appointment of our independent registered public accounting firm for the fiscal year ending December 31, 2018 is considered a “routine matter,” but the other proposals being voted on at the Annual Meeting are not considered “routine matters” and brokers will not be entitled to vote on those proposals absent specific instructions and authorization from the beneficial owners of the shares. If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” A broker non-vote occurs when a nominee holding shares for a beneficial holder does not have discretionary voting power and does not receive voting instructions from the beneficial owner. Broker non-votes on a particular proposal are considered present for purposes of determining a quorum, but will not be treated as shares present and entitled to vote on any proposal other than the ratification of our public accounting firm and accordingly will have no effect on such vote.

We invite beneficial owners to attend the Annual Meeting. If you are a beneficial owner and not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent and bring such proxy to the Annual Meeting. If you want to attend the Annual Meeting, but not vote, you must provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to April 23, 2018, a copy of the voting instruction card provided by your broker or other agent or other similar evidence of ownership.

A minimum of one-third of the shares of Common Stock issued and outstanding must be represented at the meeting in person or by proxy in order to constitute a quorum. Cumulative voting is not allowed for any purpose.

Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

FOR ALL the persons nominated by the Board for Directors, being: Gilbert Li, R. Carter Pate, L. Heath Sampson, J. Taylor Simonton, and L. Spencer Wells;

FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion as set forth under the Executive Compensation section of this Proxy Statement;
FOR the ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018; and

FOR the approval of the continuation of the Company's Tax Asset Protection Plan.

We do not know of any other matter or motion to be presented at the Annual Meeting. If any other matter or motion should be presented at the Annual Meeting upon which a vote must be properly taken, to the extent permitted by law, the persons named in the accompanying form of proxy intend to vote such proxy in the discretion of such person as the directors of the Company may recommend, including any matter or motion dealing with the conduct of the Annual Meeting.

Voting by Mail, Facsimile, via the Internet or by Telephone

Stockholders whose shares are registered in their own names may vote by mailing or faxing a completed proxy card, via the internet or by telephone. Instructions for voting via the internet or by telephone are set forth on the enclosed proxy card. To vote by mailing or faxing a proxy card, sign and return the available proxy card to the Company and your shares will be voted at the Annual Meeting in the manner you direct. If no directions are specified, your shares will be voted as described above.

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares over the internet or by telephone rather than by mailing a completed voting instructions card provided by the bank or brokerage firm. Please check the voting instructions card provided by your bank or brokerage house for availability and instructions. If internet or telephone voting is unavailable from your bank or brokerage house, please complete and return the voting instructions card provided by the bank or brokerage firm.

Any stockholder who completes a proxy or votes via the internet or by telephone may revoke the action at any time before it is exercised at the Annual Meeting by delivering written notice of such revocation to the Company's (c/o Greg P. Marken, Secretary), 640 Plaza Drive, Suite 270, Highlands Ranch, Colorado, 80129, by submitting a new proxy executed at a later date, or by attending the Annual Meeting and voting in person.

Director Independence

Our current Board consists of six independent directors, as defined in NASDAQ Marketplace Rule 4200(a)(15). In our fiscal year 2017, all directors other than Mr. Sampson qualified as "independent directors." The Board maintains audit, compensation, and nominating and governance committees, each of which was and is comprised solely of independent directors. The charter of each committee is available on our website at www.advancedemissionsolutions.com under the "Leadership & Governance" section of "ADES Investors."

Board Meetings and Committees

Our Board is responsible for establishing broad corporate policies and monitoring the overall performance of the Company. However, in accordance with corporate legal principles, the Board is not involved in day-to-day operating matters. Members of the Board are kept informed of the Company's business by participating in Board and committee meetings, by reviewing analysis and reports sent to them weekly and monthly, and through discussions with the CEO and other officers.

The Board met 15 times in 2017. At each of the Board meetings, the independent directors were polled to determine if they believed an "executive session" was needed. In 2017, the Board held four executive sessions where management of the Company was excluded. The Audit Committee met nine times in 2017. The Compensation Committee met four

times in 2017. The Nominating and Governance Committee met five times in 2017. All of the directors were present for more than 75% of the meetings of the Board and the committees of which they were members.

Our Board is currently comprised of seven members--the five current directors nominated for re-election at this annual meeting and A. Bradley Gabbard and Derek C. Johnson. Messrs. Gabbard and Johnson have chosen not to stand for re-election to the Board at the annual meeting. Accordingly, as permitted by our bylaws, the Board has reduced the size of the board from seven members to five members, effective as of the date of the annual meeting.

Stockholder Communications to Directors

Any stockholder may communicate directly with the Board (or any individual director) by writing to the Chairman of the Board, Advanced Emissions Solutions, Inc., 640 Plaza Drive, Suite 270 Highlands Ranch, Colorado 80129 or by emailing the Board through the "Contact the Board" link on our website at www.advancedemissionsolutions.com. Any such communication should state the number of shares beneficially owned by the stockholder making the communication. Provided that such communication addresses a legitimate business issue, the Company or the Chairman will forward the stockholder's communication to the appropriate director. For any communication relating to accounting, auditing or fraud, such communication will be forwarded promptly to the Chairman of the Audit Committee.

Code of Ethics

We have adopted a Code of Ethics and Business Conduct that includes a code of ethics as defined in Item 406(b) of SEC Regulation S-K. Our Code of Ethics and Business Conduct incorporates our Insider Trading Policy, which applies to our officers, directors, and employees, including the principal executive officer, principal financial officer, principal accounting officer or controller or other persons performing similar functions. A copy of our Code of Ethics and Business Conduct is available on our website at www.advancedemissionsolutions.com. We intend to disclose any amendments to our Code of Ethics and Business Conduct, or waivers of such provisions granted to executive officers and directors, on our website.

Board Leadership Structure and Role in Risk Oversight

We have a policy of keeping the roles of Chief Executive Officer and Chairman of the Board separate, and the roles are currently filled by two different individuals. We believe this arrangement is appropriate as it recognizes the distinction between the role played by the Chief Executive Officer, which is a position being more heavily oriented towards day-to-day management, while the Chairman functions as an independent director whose role is to oversee the Board and is also able to participate in and chair executive sessions of the Board.

The Board has designated the Audit Committee to take the lead in overseeing risk management, and the Audit Committee periodically reports to the Board regarding briefings provided by management and advisors as well as the Audit Committee's own analysis and conclusions regarding the adequacy of the Company's risk management processes. In addition to this compliance program, the Board encourages management to promote, and management is committed to promoting, a corporate culture that incorporates risk management into the Company's strategy and day-to-day business operations. The Board and management continually work together to assess and analyze our most likely areas of risk.

Audit Committee

Our Board has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). For 2017, our Board appointed Messrs. Simonton, Johnson, and Pate to serve on the Audit Committee. Our Board determined that Mr. Simonton and Mr. Pate are each an "audit committee financial expert. Each Audit Committee member is "independent" as that term is used in the listing requirements for the NASDAQ Stock Market, and a brief listing of his relevant experience is stated in his biography above under the caption entitled "Directors of the Company."

The role and functions of the Audit Committee are set out in the Audit Committee Charter, originally adopted by the Company's Board and most recently amended on August 11, 2016. The role of the Audit Committee is one of oversight of the services performed by the Company's independent registered public accounting firm. The Audit Committee's functions include the following: reviewing and assessing the Audit Committee Charter annually; overseeing the Company's compliance with legal, ethical and regulatory requirements, including the Code of Ethics and Business Conduct and approving related party transactions; overseeing the Company's processes to identify and manage business and financial risk; appointing, approving the compensation of and reviewing the Company's relationships with its independent registered public accounting firm and/or other auditors and assessing the impact

such relationships may have on the auditors' objectivity and independence; taking other appropriate action to oversee the independence of the outside auditors; reviewing and considering the matters identified in Auditing Standard No. 1301 adopted by the Public Company Accounting Oversight Board ("PCAOB") with the outside auditors and management; reviewing and discussing the Company's financial statements and report on internal control with the outside auditors and management; reviewing the financial reporting process and discussing with management and our independent registered public accounting firm the interim and annual financial statements that we file with the SEC; and reporting to the Board on all such matters. In performing its oversight function, the Audit Committee relies upon advice and information received in its discussions with the Company's management and independent registered public accounting firm. Compensation Committee

For 2017, our Board appointed a Compensation Committee currently consisting of Messrs. Li, Pate, and Simonton. Mr. Pate currently serves as the chairperson of the Compensation Committee. The responsibilities of the Compensation Committee, as

set forth in the Compensation Committee Charter include reviewing our executive compensation programs to analyze their alignment with attracting, retaining and motivating our executive officers to achieve our business objectives; establishing annual and long-term performance goals for our executive officers and evaluating their performance in light of such goals; reviewing, approving and, when appropriate, making recommendations concerning our long-term incentive plans; reviewing and making recommendations regarding stockholder proposals related to compensation; and administering our equity-based and employee benefit plans. See “Executive Compensation” below for additional information.

Nominating and Governance Committee

For 2017, our Board appointed a Nominating and Governance Committee currently consisting of Messrs. Johnson, Li, and Simonton. Mr. Johnson served as the chairman of the Nominating and Governance Committee. The responsibilities of the Nominating and Governance Committee include recommending the number of directors to serve on the Board; selecting director nominees for the Board; reviewing director compensation and benefits; submitting the same to the entire Board for approval; overseeing the annual self-evaluation of the Board and its committees; recommending the structure and composition of Board committees to the entire Board for approval; monitoring in conjunction with the Audit Committee compliance with our Code of Ethics and Business Conduct; granting any waivers thereto with respect to directors and executive officers; recommending individuals to serve as Chairperson of the Board and Chief Executive Officer; and reviewing the Chief Executive Officer’s recommendations for individuals to serve as executive officers and analyzing and recommending such persons to the Board.

Criteria established for the selection of candidates for the Board include:

- a. An understanding of business and financial affairs and the complexities of an organization that operates as a public company;
- b. A genuine interest in representing all of our stockholders and the interests of the Company overall;
- c. A willingness and ability to spend the necessary time required to function effectively as a director;
- d. An open-minded approach to matters and the resolve and ability to independently analyze matters presented for consideration;
- e. A reputation for honesty and integrity that is above reproach;
- f. Any qualifications required of independent directors by the NASDAQ Stock Market and applicable law; and
- g. As to any candidate who is an incumbent director (who continues to be otherwise qualified), the extent to which the continuing service of such person would promote stability and continuity amongst the Board as a result of such person’s familiarity and insight into the Company’s affairs, and such person’s prior demonstrated ability to work with the Board as a collective body.

Director nominees are generally identified by our directors, stockholders or officers based on industry and business contacts. Regardless of the source of the nomination, nominees are interviewed and evaluated by the Nominating and Governance Committee, other members of the management team, and the Board as deemed appropriate by the Nominating and Governance Committee. The Nominating and Governance Committee then presents qualified candidates to the Board for a final discussion and vote.

We do not have a formal policy with respect to the consideration of diversity in the identification of director nominees, but the Nominating and Governance Committee strives to select candidates for nomination to the Board with a variety of complementary skills so that, as a group, the Board possesses the appropriate talent, skills and expertise to oversee the Company’s businesses.

Under the Nominating and Governance Committee Charter, the Nominating and Governance Committee will consider nominees submitted by our stockholders. Recommendations of individuals that meet the criteria set forth in the Nominating and Governance Committee Charter for election at our 2018 Annual Meeting of Stockholders may be submitted to the Nominating and Governance Committee in care of Greg P. Marken, Chief Financial Officer and Secretary, at 640 Plaza Drive, Suite 270, Highlands Ranch, Colorado 80129 no later than December 28, 2018.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review and Approval of Related Party Transactions

Our Board recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a written policy with respect to all related party transactions involving the Company. Under this policy, any related party transaction, as defined (which excludes transactions available to all employees generally and transactions involving less than \$5,000), may be consummated or may continue only if:

The Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the

1. policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party;

2. The transaction has been approved by the disinterested members of the Board; and

3. The compensation with respect to such transaction has been approved by our Compensation Committee.

Management must refer to the Audit Committee all proposed related party transactions at its first regularly scheduled meeting each year. After review, the Audit Committee will approve or disapprove such transactions and at each subsequently scheduled meeting, and management must update the Audit Committee as to any material change to those proposed transactions. If management recommends any additional related party transactions after such meeting, such transactions may be presented to the Audit Committee for approval or preliminarily entered into by management subject to ratification by the Audit Committee. If the Audit Committee does not ratify the transaction, however, management must make all reasonable efforts to cancel or annul such transaction.

Any material related party transaction must be disclosed to our full Board, and management must assure that all related party transactions are approved in accordance with any requirements of our financing or other agreements.

Board of Director Matters

On May 5, 2017, the Board of the Company adopted a Tax Asset Protection Plan (the "TAPP") in an effort to protect stockholder value by attempting to diminish the risk that the Company's ability to use its net operating losses and general business credit carry-overs (collectively, the "Tax Attributes") to reduce potential future federal income tax obligations. If the Company experiences an "ownership change," as defined in Section 382 of the Internal Revenue Code, its ability to use the Tax Attributes may be substantially limited, and the timing of the usage of the Tax Attributes could be substantially delayed, which could therefore significantly impair the value of that asset. The TAPP is intended to act as a deterrent to any person acquiring beneficial ownership of 4.99% or more of the Company's outstanding common stock ("Common Stock") without the approval of the Board. The Board may, in its sole discretion, exempt any person from triggering the shareholder rights described in the TAPP.

Gilbert Li, a director of the Company, is the Co-Founder and Managing Partner of Alta Fundamental Advisers, a private investment company ("Alta"). Alta beneficially owned as of March 31, 2018 approximately 6.19% of the Company's outstanding Common Stock. Alta requested an exemption under the TAPP for the acquisition or ownership of outstanding common stock of the Company (the "Alta Exemption Request") in order to purchase additional shares of Common Stock without triggering the shareholder rights described in the TAPP.

On December 4, 2017, the Board, with Mr. Li abstaining, and the Audit Committee of the Board, approved the Alta Exemption Request and the related party transaction.

A designee of Arch Coal, Inc. ("Arch") held one seat on the Company's Board through June 2017. The appointment of this designee to the Board was made pursuant to a 2003 subscription, as amended pursuant to the Company's 2:1 stock split in March 2014, and investment agreement with Arch, as amended pursuant to the Company's 2:1 stock split in March 2014, whereby the Company's management agreed to make available one seat on our Board for an Arch designee and to vote all shares and proxies they are entitled to vote in favor of such designee for so long as Arch continued to hold at least 200,000 shares of the Company's Common Stock. In addition, as required by the Company's related party transaction policy, the above noted agreements were approved by the Company's Audit Committee before being recommended to the Board for approval and were then approved by the disinterested members of the Board.

During the year ended December 31, 2012 and through August 2013, Robert E. Shanklin, the Vice President of Coal Technology of Arch served on the Company's Board. Upon Mr. Shanklin's resignation, from 2013 through 2017, Paul A. Lang, the current President and COO of Arch, served on the Company's Board. In 2017, Arch Coal informed the

Company that it no longer held at least 200,000 shares of the Company's Common Stock, and therefore no longer had automatic rights to appoint a director to the Board. Mr. Lang did not stand for re-election to the Board at the Company's 2017 Annual Meeting of Stockholders in June 2017.

DIRECTOR COMPENSATION

Our Nominating and Governance Committee has responsibility for reviewing the compensation plan for our non-management directors annually and making recommendations to the entire Board for approval. J. Taylor Simonton

COMPENSATION DISCUSSION AND ANALYSIS

In this Compensation Discussion and Analysis, we provide an analysis and explanation of our compensation program and the compensation earned by our executive officers in the fiscal year ended December 31, 2017. Our Compensation Committee is charged with establishing the Company's philosophy for executive compensation and approval, oversight, implementation and administration of executive compensation and benefits. Generally, the President and Chief Executive Officer of the Company makes recommendations to the Compensation Committee regarding executive compensation other than for himself; however, authority to approve compensation, performance goals and objectives for all named executive officers is vested in the Compensation Committee.

Our Compensation Committee has the sole authority to engage and compensate a compensation adviser and for compensation for the years 2013-2015 engaged and used Longnecker & Associates ("Longnecker") to advise the Company. Based on disclosures made by Longnecker, the Compensation Committee determined that Longnecker meets the independence criteria of Rule 10C-1 of the Exchange Act. Longnecker does not provide any other services to the Company.

In 2014 and 2015, Longnecker advised the Company on:

- selection of a peer group of companies for purposes of analyzing and comparing executive compensation data and benchmarking Company performance;
- executive officer base salaries and incentive compensation for 2013, 2014 and 2015;
- development of STIP (defined below) metrics for 2013, 2014 and 2015; and
- the compensation aspects of employment agreement terms for our executive officers, as described below.

For compensation awarded in 2016, in addition to extensive communications among its members, the Compensation Committee reviewed market compensation analysis provided by Longnecker for prior years and recommendations made by the Company's management, which recommendations were based on market research conducted by the Company's management and feedback from non-management directors.

Compensation awarded in 2017 and 2018 was based on recommendations of the Company's management for performance, experience and retention and was supported by generally available market data compiled by an executive compensation consulting firm other than Longnecker.

Overview - Executive compensation philosophy

Our philosophy for executive compensation is set forth in a document entitled "Executive Compensation Philosophy and Objectives" (the "EC Philosophy") adopted by the Compensation Committee on January 2, 2014. The EC Philosophy, which our Compensation Committee continues to follow, is designed to support achievement of our

strategies and goals, thereby creating long-term value for our stockholders and customers and ensuring our ability to recruit and retain highly qualified executive employees. Our EC Philosophy:

• Supports our Company's vision, mission, strategy, and values to generate profitability and sustained growth in the long-term best interests of our stockholders;

- Aligns executive compensation with measures of performance tied to the strategic and operational performance of the business and stockholder returns;

- Rewards executives on the basis of merit for individually and collectively achieving a leadership culture, innovation and excellence within the Company, and delivering sustained high performance to the Company, taking into consideration each executive's qualifications, level of responsibility and contribution to the Company's long term performance;

- Encourages competency-building by linking career development, performance management and compensation rewards;

- Attracts and retains the best executive talent and a highly qualified diverse workforce within a non-discriminatory, merit-based compensation program; and

- Uses external compensation data to benchmark comparable positions in similar industries and companies within our geographical region as one key factor in establishing the competitiveness of our executive salaries, incentives and benefits.

Our Compensation Committee has made incentive cash bonuses and long term equity incentive awards consistent with the EC Philosophy are made under our 2017 Omnibus Incentive Plan (the "2017 Plan") We believe that our compensation policies and practices do not motivate excessive or imprudent risk-taking. We note the following key aspects of our compensation policies and practices in making this determination:

- The Company's EC Philosophy is based on balanced performance metrics that promote disciplined progress towards long-term Company goals in addition to the short-term health of the organization;

- We do not offer significant short-term incentives that might drive high-risk investments at the expense of long-term Company value; and

- The Company's compensation programs are weighted towards offering long-term incentives.

Because of these factors, we believe that our compensation policies and practices, both for our employees and our executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company.

The Company provides its stockholders with the opportunity to cast an advisory vote on annual executive compensation (a "say-on-pay proposal"). At the Company's Annual Meeting in 2017, approximately 90.8% of the votes cast on the say-on-pay advisory vote regarding the executive compensation for the fiscal year ended December 31, 2016 were in favor of the proposal, which the Compensation Committee reviewed in assessing executive compensation for the fiscal year ended December 31, 2017. Proposal 2 included in the Proxy Statement is a say-on-pay advisory vote regarding the executive compensation for the fiscal year ended December 31, 2017 as described in this Proxy Statement. The Compensation Committee will continue to consider the results of the Company's say-on-pay votes when making future compensation decisions for the Company's executive officers, including named executive officers.

(1) On March 1, 2018, Mr. Marken was appointed the Chief Financial Officer and Treasurer of the Company. Prior to that date he was the Company's Chief Accounting Officer and Secretary.

The compensation for our NEOs currently consists of three elements: base salaries, annual incentive cash bonuses and long term equity incentive awards in the form of RSA's and PSU's and, for Mr. Sampson options to purchase our Common Stock. Executive compensation is designed to reward performance in a straightforward and transparent

manner.

Base Salaries

Base salary is defined as ongoing, cash compensation paid bi-weekly based on such factors as job responsibilities, external competitiveness, and the individual's experience and performance. Pay ranges have been set based on the market where the Company competes for similar positions, with consideration given for employees serving similar functions in comparable companies. Base salary is typically increased annually based on performance and cost of labor/living increases. With the use of market data, the Compensation Committee considers the size of and whether to grant merit increases based on data from comparable companies, as well as review of an officer's annual performance and meeting of objectives. The Company attempts to ensure middle market pay for solid performers and to consider higher levels of pay for outstanding performers. The Company does not intend to be a market leader in base compensation.

On April 24, 2015, the Compensation Committee approved an increase in Mr. Sampson's base salary to \$500,000 effective April 1, 2015 given his promotion to President and Chief Executive Officer (in addition to his continued role as Chief Financial Officer until Mr. Gabbard's appointment as Chief Financial Officer in June 2015) based on the Compensation Committee's review of market data and recommendation from Longnecker.

Effective July 1, 2015, the Compensation Committee approved an increase in Ms. Sjostrom's base salary to \$285,000 given her promotion to Chief Product Officer based on the Compensation Committee's review of market data and recommendation from Longnecker.

On May 27, 2016, the Compensation Committee approved base salaries for Messrs. Hanson and Marken of \$200,000 and \$220,000, respectively. These base salaries were based on Messrs. Hanson's and Marken's promotion to Senior Vice President of Operations and Chief Accounting Officer, respectively.

On February 28, 2017, the Compensation Committee approved increases to the base salaries of Messrs. Marken and Sanders to \$250,000 and \$200,000, respectively, effective January 1, 2017 based on general market data compiled by and executive compensation advisory firm other than Longnecker and Mr. Sanders' promotion to General Counsel.

On March 1, 2018, the Compensation Committee approved an increase in Mr. Marken's base salary to \$300,000, effective March 1, 2018, given his promotion to Chief Financial Officer and Treasurer, in addition to his continued role as Secretary. On March 1, 2018, the Compensation Committee approved the base salaries of Ms. Sjostrom and Messrs. Hanson and Sanders of \$293,550, \$208,000 and \$220,000, respectively, effective April 1, 2018.

Incentive Compensation

The Company uses incentive compensation in the form of stock and equity awards to motivate executives and align executive and stockholder interests. Incentive amounts are set based on job position and market practices. Incentives paid in cash are subject to payroll taxes and other customary withholdings. In addition to awards under the Company's Short-Term Incentive Plan ("STIP") and Long-Term Incentive Plan ("LTIP"), we generally grant restricted stock awards to new executive officers.

The STIP is designed to motivate executives to achieve critical short-term goals, typically within a twelve-month period, that are expected to contribute to the long-term health and value of the Company. Incentives may be paid in cash or equity as determined by the Compensation Committee. The Compensation Committee adopted the Executive Short Term Incentive Plan ("ESTIP") in September 2015 to further establish terms and conditions for cash awards made under the STIP. The Compensation Committee makes STIP awards under the 2017 Plan and the ESTIP.

The LTIP is designed to align executives' interests with those of the Company's stockholders. Equity awards are the primary long-term incentive instrument and may be in the form of RSA's, PSU's, stock options or SAR's. Equity awards may vest immediately, over time based on continuous service, or over time based on achievement of certain performance goals, as determined by the Compensation Committee, considering accounting and regulatory restrictions and the financial condition of the Company. LTIP awards are made under the 2017 Plan. Generally, equity awards are granted on the same day that the Compensation Committee approves such grant. Exercise prices are set based on the closing market price on the grant date.

From time to time, the Board or Compensation Committee may recognize exemplary performance of any executive with a cash or equity award. Exemplary performance is performance that the Board or Compensation Committee determines to have required significant effort and commitment and is determined to have had a significant positive impact on the current or future performance of the organization. No such payments were made in 2017, 2016 or 2015 except as set forth below under the "Additional Executive Compensation Awards" section.

The stock portions of the 2017, 2016, and 2015 incentive awards are shown below in the Summary Compensation table under the "Stock Awards" column. The cash portions of the 2017, 2016, and 2015 incentive awards, which are defined under the STIP, are shown below in the Summary Compensation table under the "Non-Equity Incentive Plan Compensation" column.

STIP Incentive Compensation for 2016 and 2017

On March 1, 2016, the Compensation Committee acknowledged certain proposed performance goals, as defined in the ESTIP, performance schedule and target amounts (the "2016 Bonus Guidelines") but did not establish a 2016 ESTIP or grant any awards at that time. On October 16, 2016, the Compensation Committee approved short-term bonus guidelines (the "2016 CEO Bonus Guidelines") for 2016 for the Company's CEO. The 2016 CEO Bonus Guidelines set a target cash bonus of 100% of the CEO's base salary subject to adjustment based on performance goals to be approved by the Board.

On February 28, 2017, the Compensation Committee established cash bonus targets for the NEOs as set forth in the following table.

Additional Executive Compensation Awards

2016 Restricted Stock Awards to NEOs

On December 11, 2015, the Compensation Committee approved the grant of a restricted stock award for 72,000 shares of the Company's Common Stock effective as of January 4, 2016 to Mr. Sampson in recognition of the importance of Mr. Sampson continuing to serve the Company as CEO. The restricted stock award vests annually at a rate of one-third over a three year vesting period subject to Mr. Sampson's continuous service to the Company.

On May 10, 2016, the Compensation Committee approved the grant of a restricted stock award for 20,000 shares of the Company's Common Stock to Ms. Sjostrom for retention purposes and in recognition of service to be performed for the Company.

On May 27, 2016, the Compensation Committee approved the grants of restricted stock awards for 5,000 shares of the Company's Common Stock to each of Messrs. Hanson and Marken given their appointment as Senior Vice President of Operations of ADA-ES, Inc. and Chief Accounting Officer of the Company, respectively. The restricted stock awards vest one year after grant date and subject to the respective executive's continuous service to the Company.

2016 Equity Awards to CEO

On October 16, 2016, the Compensation Committee approved a grant of 50,000 restricted shares of the Company's Common Stock to Mr. Sampson that vests 25% annually over four years based on his continuous service to the Company and the following grants of stock options to Mr. Sampson ("CEO Options") to purchase shares of the Company's Common Stock, all of which will vest, if at all, based on the achievement of certain Company performance metrics and subject to Mr. Sampson's continuous service to the Company: (1) an option to purchase 92,666 shares of the Company's Common Stock at an exercise price of \$8.25 per share that expires on December 31, 2018; (2) an option to purchase 92,666 shares of the Company's Common Stock at an exercise price of \$9.00 per share that expires on December 31, 2019; and (3) an option to purchase 92,666 shares of the Company's Common Stock at an exercise price of \$10.00 per share that expires on December 31, 2020. The CEO Options were granted under the Company's 2007 Plan and are subject to its terms and conditions.

Other Aspects of Executive Employment

In the event of a restatement of income, any overpayments of incentive pay made to executives based on such restatement of income may be reclaimed at the discretion of the Compensation Committee.

We maintain key person term insurance for our Chief Executive Officer in the amount of \$5 million and for our Chief Product Officer in the amount of \$2 million. The policies may be assigned to the individuals upon termination of employment (other than for cause) whereupon the executive would be responsible for any premium payments. We maintain long term disability policies for executives of the Company for up to \$162,000 per year.

Executives are encouraged to own a number of shares of the Company's Common Stock equal to a value of at least one times the annual base salary. Ownership is calculated considering holdings of restricted stock and PSU's, whether or not such

holdings have vested, private holdings, shares held in retirement accounts and other shares attributed to the executive in accordance with Section 16 of the Exchange Act. Holding of options to purchase shares of our Common Stock also will be considered in the ownership calculation by adding the value of the spread of in-the-money options to the total value of other holdings. The Chief Executive Officer and the Chief Product Officer of the Company met the executive equity ownership guidelines as of December 31, 2017. The Compensation Committee waived the executive equity ownership guidelines for the Company's other NEOs, given their recent appointments.

So long as the stock ownership guidelines are met, executives may sell unrestricted stock and may exercise vested stock options and sell shares of the Company's Common Stock to pay for the exercise price and withholding tax, except as otherwise provided for in the underlying stock option agreement. It is preferred that executives own shares of the Company's Common Stock for a period greater than twelve months before selling it. Executives are advised to seek pre-approval of any exercise of stock options or sale of shares of the Company's Common Stock at least 30 days in advance or the executive must be engaged in a pre-announced program sale in compliance with federal securities laws. All executive stock transactions must be made in compliance with our insider trading policy.

Pursuant to Section 16(b) of the Exchange Act, executives leaving the Company are encouraged to hold their stock in the Company for at least six months after leaving the Company.

The Company's Profit Sharing Retirement Plan ("401(k) Plan") is available to all eligible employees, including named executive officers. Prior to 2017, we made matching contributions to each eligible employee's account up to seven percent of the employee's eligible compensation, and, at the discretion of the Board, could make contributions based on the profitability of the Company to those accounts. In 2017, we made our matching contributions in cash. No discretionary contributions were made to the 401(k) Plan in 2017 other than as discussed above. Beginning in 2017, the Company elected to make safe harbor nonelective contributions to eligible employees. Pursuant to the safe harbor nonelective contributions notice, we make contributions to each eligible employee's account in an amount equal to three percent of eligible compensation, and will continue to do so unless the 401(k) Plan is amended or terminated. Employee and Company contributions to the 401(k) Plan are 100% vested.

(1) Because our primary short-term incentive compensation arrangement for salaried employees (“STIP”) has mandatory performance measures that must be achieved before there is any payout to NEOs, amounts paid under the STIP are shown in the Non-Equity Incentive Plan Compensation column of the table, rather than the Bonus column. Amounts paid in 2015 represent retention bonuses paid to certain executives.

(2) The amounts in this column represent the aggregate grant date fair values of performance share units (“PSU”) and RSA awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, “Compensation-Stock Compensation” (“FASB ASC Topic 718”). These grant date fair values have been determined based on the assumptions and methodologies discussed in Note 6 of the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. PSU awards are subject to market-based performance conditions relating to the relative placement of the Company’s total stockholder return (“TSR”) for the three-year performance period with approximately 75% of the award based on the relative performance of the Company’s TSR performance compared to the respective TSRs of a specified group of peer companies and the remaining portion of the award based on the Company’s TSR performance compared to the Russell 3000 Index. The table below presents the PSU awards granted for the fiscal year ended December 31, 2015 based on an earned percentage of 100% (grant date fair value disclosed above) and an earned percentage of 200%, which is the highest level of performance conditions that can be achieved. The difference between the “Stock Award” amounts in the table above and the “PSU-if earned, target (\$)” amounts in the table below represents the grant date fair values attributable to the RSA awards.

The 2017 Plan will end 10 years after the date of its adoption, if not earlier terminated by the Board. It may be amended, modified or terminated at any time if and when it is advisable in the absolute discretion of the Board, although certain amendments are subject to approval of regulatory bodies and our stockholders. The Compensation Committee is the plan administrator of the 2017 Omnibus Incentive Plan. During 2017, 31,984 RSA's were granted from the 2017 Plan. As of December 31, 2017, 1,968,016 shares of Common Stock are available for issuance under the 2017 Plan.

(1) The value realized on vesting and settlement of the RSA's and PSU's is computed by multiplying the number of shares of Common Stock issued upon the vesting and settlement of RSA's or settlement of PSU's by the per share closing market price of the underlying shares on the date of settlement, or, if the settlement date was not a normal

market trading date, then on the last normal market trading date which preceded the settlement date.

(2) The per share average market price used for the computation of the stock awards that vested and settled on January 2, 2017, February 28, 2017 and October 16, 2017 were \$9.24, \$10.77 and \$11.42, respectively.

(4) The per share average market price used for the computation of the stock awards was \$9.20 on January 12, 2017 and \$8.19 on April 14, 2017 for the vesting and settlement of RSA awards that were issued prior to Mr. Marken's appointment as Chief Accounting Officer. The

per share average market price used for the computation of the stock awards was \$9.49 on June 12, 2017 for the vesting and settlement of RSA awards that were issued upon Mr. Marken's appointment to Chief Accounting Officer.

(5) The per share average market price used for the computation of the stock awards was \$9.24 on January 2, 2017 and \$8.19 on April 14, 2017 for vesting and settlement of RSA awards that were issued prior to Mr. Hanson's appointment as SVP of Operations. The per share average market price used for the computation of the stock awards was \$9.49 on June 12, 2017 for the vesting and settlement of RSA awards that were issued upon Mr. Hanson's appointment to SVP of Operations.

(6) The per share average market price used for the computation of the stock awards that vested and settled on March 29, 2017 and April 14, 2017 were \$9.47 and \$8.19, respectively.

Pension Benefits

No retirement payments or benefits were paid to any NEO of the Company in the fiscal years ended December 31, 2017, 2016 and 2015 except those matching contributions paid under the 401(k) Plan, which is a tax-qualified defined contribution plan.

Nonqualified Deferred Compensation

The Company does not currently have any nonqualified deferred compensation plans that apply to the NEOs nor are any such plans contemplated at this time.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Potential Payments upon Termination or Change-in-Control

The amounts in this table assume the Company elects a one-year compliance period for the restrictive covenants as described below, except in the case of termination due to death or permanent disability, if a Change-in-Control event or termination of employment that triggers severance payments occurred on December 31, 2017.

Ted J. Sanders	125,000	—	98,542	17,290	240,832

(a) In the event of a termination due to death or permanent disability, only cash bonus payments and vesting of equity awards are paid. As of December 31, 2017, no STIP for 2018 had been approved by the Compensation Committee.

Employment Agreements

We have executed employment agreements with all of our named executive officers. Each of the employment agreements generally contain provisions related to the position, duties, authority, obligations, compensation and benefits of the respective executive officer, including the obligation of the NEO to devote full time to the fulfillment of his/her obligations. Under each of the employment agreements, each of our NEOs is subject to customary provisions relating to inventions and confidential subject matter developed by such NEO, including provisions that relate to the assignment of such inventions and confidential subject matter to the Company and that copyright works are "work for hire." Certain restrictive obligations related to confidential subject matter will survive the termination of an NEO's employment with the Company.

In 2014, we amended the employment agreements of our existing executive officers at the time, including, among others, Ms. Sjostrom (the "2014 Amendment"). The 2014 Amendment clarifies the Company's and the executive officer's obligations in the event of death, disability or termination of employment. The amendments also contain certain covenants addressing non-competition, non-solicitation and non-divergence. Similarly, our executive officers hired after 2014 have executed a rider (the "Rider") to their employment agreements that contain provisions and covenants similar to those contained in the 2014 Amendment.

Pursuant to the terms of the employment agreements, as amended, upon termination of employment we must pay the terminated executive his or her base salary and other accrued benefits through the termination date. We must also pay additional amounts depending upon whether the termination was for or without "Cause" or "Good Reason," or whether the termination was for or without Cause or Good Reason following a "Change in Control."

If we terminate the executive's employment without Cause or if the executive resigns for Good Reason, we must pay the executive 12 months (7.5 months in the case of Messrs. Hanson, Marken and Sanders) base salary. Additionally, for Ms. Sjostrom, we must also pay a pro-rated portion of short term incentive cash bonuses that would have been earned if the executive had been employed for the full year (2x if we elect to exercise our option to enforce a 24 month non-compete) as well as pay in stock the value of certain unvested equity awards.

If we terminate the executive's employment without Cause or if the executive resigns for Good Reason within 12 months following a Change in Control, we must pay 12 months (7.5 months in the case of Messrs. Hanson, Marken and Sanders) base salary (2x in the case of Ms. Sjostrom) and the pro-rated portion of short term incentive cash bonuses that would have been earned if the executive had been employed for the full year (2x in the case of Ms. Sjostrom) as well as pay in stock the value of certain unvested equity awards.

If Ms. Sjostrom resigns for a reason other than Good Reason within the period of time which is 3 months prior through 6 months following a Change in Control, and we elect to exercise our option to enforce either a 12 or 24 month non-compete, we must pay the applicable 12 or 24 months base salary and the pro-rated portion of short term incentive cash bonuses that would have been earned if the executive had been employed for the full year (2x if we elect to exercise our option to enforce a 24 month non-compete) as well as pay in stock the value of certain unvested equity awards.

For purposes of the 2014 Amendment, "Cause" means one or more of the following, where such conduct has had or is reasonably likely to have a material detrimental effect on the Company or a related person: (i) dishonesty, willful misconduct, or material breach of the Company's Code of Conduct; (ii) felony conviction of a crime involving dishonestly, breach of trust or physical harm to any person; or (iii) a breach of any fiduciary duty.

For purposes of the Rider, "Cause" means (i) the failure by an executive to substantially perform the essential functions of executive's duties or obligations in a satisfactory manner or material breach of any written agreement with us or an affiliate; (ii) dishonesty, willful misconduct, or material breach of our Code of Ethics and Business Conduct knowing violation of any federal or state securities or tax laws, or any misconduct that is, or is reasonably likely to be, materially injurious to us or an affiliate; (iii) conviction of or plea of guilty or no contest to a crime involving dishonesty, breach of trust or physical harm to any person; or (iv) a breach of any fiduciary duty and such conduct has had or is reasonably likely to have a material detrimental effect on us or a related person.

For purposes of all of the employment agreements of our executive officers, "Good Reason" means a material (and permanent in the case of the Riders) reduction in the executive's compensation, a material diminution in authority, duties or responsibilities, or a relocation of more than 50 miles, subject to our right to cure. A "Change in Control" means a change in our ownership or control effected by a direct or indirect acquisition of more than 50% of our total combined voting power, replacement of our directors by directors whose appointment or election is not endorsed by our directors serving immediately prior to such replacement, or a change in the ownership of a substantial portion of our assets.

Chief Executive Officer Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Item 402(u) of Regulation S-K, we are providing the following information with respect to our last completed fiscal year (2017). The pay ratio reported below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

We have estimated the median of the 2017 annual total compensation of our employees, excluding our CEO, to be \$117,584. The annual total compensation of our CEO was \$1,656,921. The ratio of the annual total compensation of our CEO to the estimated median of the annual total compensation of our employees was 14 to 1.

To identify the median employee, as well as to determine the annual total compensation of our median employee and our CEO, we took the following steps:

• We determined our employee population, for purposes of this disclosure, as of October 31, 2017;

To identify the median employee from our employee population, we used the same methodology that we used to determine the annual total compensation of the CEO during the ten-month period ending on October 31, 2017 as a consistently applied compensation measure. Because all our employees are located in the United States, we did not make any cost-of-living adjustments;

Once we identified our median employee, we calculated the annual total compensation of the median employee using the same methodology that we used to determine the annual total compensation of the CEO, as reported in the Summary Compensation Table within the Executive Compensation section;

• With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column for 2017 in the Summary Compensation Table within the Executive Compensation section.

The pay ratio rules provide companies with flexibility to select the methodology and assumptions used to identify the median employee, calculate the median employee's compensation and estimate the pay ratio. As a result, our methodology may differ from those used by other companies, which likely will make it very difficult to compare pay ratios with other companies, including those within our industry.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed Moss Adams LLP ("Moss Adams") to be the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018. Moss Adams has served as the Company's independent registered public accounting firm since 2017, including the fiscal year ended December 31, 2017. Stockholder ratification of the Audit Committee's selection of Moss Adams as our independent registered public accounting firm as requested in Proposal 3 is not required by our bylaws or otherwise. The Board is submitting this proposal to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain this firm. We anticipate that a representative of Moss Adams will be available to respond to stockholder questions and will have the opportunity to make a statement at that time if the representative desires to do so.

Additional information about Audit Fees and Audit Committee Approval of Services can be found under the Independent Registered Public Accounting Firm section of this Proxy Statement.

Board Recommendation

Our Board recommends a vote "FOR" the ratification of the Audit Committee's appointment of Moss Adams LLP as the company's independent registered public accounting firm for the fiscal year ending December 31, 2018

REPORT OF THE AUDIT COMMITTEE

The Audit Committee's role and functions are described under the "Corporate Governance" section of this Proxy Statement.

The Audit Committee held nine meetings in 2017. The Audit Committee has (i) reviewed and discussed the Company's audited financial statements for the year ended December 31, 2017 with the Company's management; (ii) discussed with the Company's current independent registered public accounting firm, Moss Adams, the matters required to be discussed by PCAOB standards regarding communication with audit committees, including the overall scope and plans for their audits; and (iii) received the written disclosures and the letter from Moss Adams required by applicable requirements of the PCAOB regarding communications with the Audit Committee concerning independence and has discussed with Moss Adams such independence.

As further discussed under the "Independent Registered Public Accounting Firm" section of this Proxy Statement, on November 16, 2017, the Audit Committee approved the engagement of Moss Adams, following its combination on November 16, 2017 with Hein & Associates, LLP ("Hein"), to serve as the Company's independent registered public accounting firm to audit the Company's financial statements for the fiscal year ended December 31, 2017. Hein had served as the Company's independent registered public accounting firm since June 12, 2015 and had audited the Company's financial statements for the fiscal years ended December 31, 2016, 2015, 2014, 2013 and 2012 and had been appointed as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2017 on April 12, 2017.

Based on the review and discussions with management, and the Company's independent registered public accounting firm referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements as of December 31, 2017 and 2016 and for the fiscal years ended December 31, 2017, 2016 and 2015 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 (the "2017 Form 10-K").

On April 6, 2018, the Audit Committee approved the engagement of Moss Adams to serve as the Company's independent registered public accounting firm to audit the Company's financial statements for the fiscal year ended December 31, 2018. This appointment for 2018 was based on the Audit Committee's and management's completion of a written evaluation of Moss Adams' performance which included, among other criteria, quality of services provided; sufficiency of the firm's resources; communications and interaction; and independence, objectivity and professional skepticism.

Respectfully submitted,

The Audit Committee: J. Taylor Simonton, Chairperson
Derek C. Johnson
R. Carter Pate

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Effective November 16, 2017, Moss Adams combined with Hein, who had served as the Company's independent registered public accounting firm since 2015. As a result of this transaction, on November 16, 2017, Hein resigned as the independent registered public accounting firm for the Company. Concurrent with such resignation, our Audit Committee approved the engagement of Moss Adams as the independent registered public accounting firm for the Company for the fiscal year ended December 31, 2017.

In approving the selection of Moss Adams as the Company's independent registered public accounting firm for the year ending December 31, 2018, the Audit Committee and management completed a written evaluation of Moss Adams' performance which included, among other criteria, quality of services provided; sufficiency of the firm's resources; communications and interaction; and independence, objectivity and professional skepticism.

There were no disagreements on matters of accounting principles or practices, financial statement disclosures or audit scope or procedures between the Company and Moss Adams during the most recent fiscal year or any subsequent interim period.

The following table summarizes the fees of Moss Adams (and its predecessor, Hein), our independent registered public accounting firm, for the fiscal years ended December 31, 2017 and 2016, respectively.

	2017	2016	
(in thousands)	Moss Adams	Hein	Hein
Audit fees (1)	\$279	\$205	\$524

All other fees (4)	—	—	—
	\$279	\$252	\$554

(1) This category includes fees related to the audit of our annual consolidated financial statements; the review of our quarterly consolidated financial statements; comfort letters, consents, and assistance with and review of documents filed with the SEC; and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (United States).

This category consists of fees for audit-related services that are reasonably related to the performance of the audit (2) or review of our consolidated financial statements. Audit-related fees include fees related to audits of employee benefit plans and compliance audits.

This category consists of fees for tax compliance, tax advice and tax planning services. We did not pay our (3) independent registered public accounting firm tax fees for services during the years ended December 31, 2016 and 2017.

(4) This category consists of fees for services that are not included in the above categories. We did not pay our independent registered public accounting firm any other fees for services during the years ended December 31, 2016 and 2017.

AUDIT COMMITTEE APPROVAL OF SERVICES

The Audit Committee pre-approves all audit or non-audit services performed by our independent registered public accounting firm in accordance with Audit Committee policy and applicable law. The Audit Committee generally provides pre-approval of audit services and services associated with SEC registration statements, other SEC filings and responses to SEC comment letters (audit fees) and services related to internal control reviews, internal control reporting requirements and consultations with our management as to accounting or disclosure treatment of transactions or events and the impact of rules, standards or interpretations by the SEC and other regulatory or standard-setting bodies (audit-related fees) for each 12 month period within a range of approved fees. To avoid certain potential conflicts of interest, the law prohibits the Company from obtaining certain non-audit services from its independent registered public accounting firm. The Audit Committee has delegated authority to approve permissible services to its Chairman. The Chairman reports such pre-approvals to the full Audit Committee at its next scheduled meeting. The Audit Committee Chairman pre-approved 100% of the services provided by the independent registered public accounting firm in 2017. None of the services of the independent registered public accounting firms in 2017

were of the type specified in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

PROPOSAL FOUR APPROVAL OF THE COMPANY'S TAX ASSET PROTECTION PLAN

The Board is asking stockholders to approve the Tax Asset Protection Plan, as amended on April 6, 2018 (the "TAPP"). If our stockholders do not approve the TAPP at the 2018 Annual Meeting, it will automatically expire on the business day following the meeting.

Background

We believe that we have valuable tax attributes which are significant assets of the Company. As of December 31, 2017, we had several domestic tax attributes, including federal general business credit carry-overs of approximately \$100.4 million (the "Tax Assets"). Under the Internal Revenue Code and regulations promulgated by the U.S. Treasury Department, the Company may carry forward or otherwise utilize these Tax Assets in certain circumstances to offset any current and future taxable income and thus reduce the Company's federal income tax liability, subject to certain requirements and restrictions. To the extent that the Tax Assets do not otherwise become limited, the Company believes that it will have available a significant amount of Tax Assets in future years, and therefore these Tax Assets could be a substantial asset to the Company.

Our ability to use the Tax Assets could be substantially limited or delayed, however, if we experience an "ownership change," as defined in Section 382 of the Internal Revenue Code. In general, an ownership change occurs if there is a cumulative change in the ownership of the Company by 5% stockholders (as defined for tax purposes) that exceeds 50 percentage points over a rolling three-year period. Accordingly, on May 5, 2017, after consultation with the Company's legal and tax advisors, the Board adopted a Tax Asset Protection Plan (the "Original TAPP") in order to protect the Company's ability to utilize its Tax Assets and on April 6, 2018 the Board approved to amend the Original TAPP to extend the expiration thereof.

Calculating whether an "ownership change" has occurred is subject to uncertainty. This uncertainty arises from the complexity and ambiguity inherent in Section 382 of the Internal Revenue Code, as well as limitations on the knowledge that any publicly traded company can have about the ownership of and transactions in its securities. We have analyzed the information available, along with various scenarios of possible future changes in ownership. In light of this analysis, we believe that, in the absence of the TAPP, it is possible that we could undergo a subsequent "ownership change" under Section 382 of the Internal Revenue Code, which would substantially reduce our ability to utilize the Tax Assets. We believe the implementation of the TAPP will serve the interests of all stockholders given the size of the Tax Assets and the potential loss of value should changes in our stock ownership occur that are sufficient to cause a 50 percentage point or greater "ownership change."

The TAPP is intended to act as a deterrent to any person acquiring beneficial ownership of 4.99% or more of the Company's outstanding Common Stock without the approval of the Board. Stockholders who beneficially owned 4.99% or more of the Company's outstanding Common Stock upon execution of the TAPP will not trigger the TAPP so long as they do not acquire beneficial ownership of additional shares of Common Stock. The Board may, in its sole discretion, also exempt any person from triggering the TAPP.

If the stockholders do not approve the TAPP, the TAPP will expire on the business day following the 2018 Annual Meeting. If the stockholders approve the TAPP, it will expire on the earlier of (a) December 31, 2019, (b) the time at which the Rights (described below) are redeemed pursuant to the TAPP, (c) the time at which the Rights are exchanged in full pursuant to the TAPP, (d) the effective date of the repeal of both Section 382 and Section 383 of the Internal Revenue Code, or any successor provisions or replacement provisions, if the Board determines that the TAPP is no longer necessary for the preservation of tax benefits or (e) the beginning of a taxable year of the Company for which the Board determines that the Company has or will have no Tax Assets.

Board Recommendation

The Board recommends that you vote "FOR" the approval of the Company's Tax Asset Protection Plan.

Summary of Terms of the TAPP

The following description of the terms of the TAPP does not purport to be complete and is qualified in its entirety by reference to the TAPP, which is attached as Appendix A and is incorporated herein by reference. We urge you to read carefully the Original TAPP and TAPP in their entirety, as the discussion below is only a summary.

37

The Rights. On May 5, 2017, the Board declared a dividend of one preferred share purchase right (each, a "Right") for each outstanding share of Common Stock to stockholders of record as of the close of business on May 22, 2017. One Right is also issued together with each share of Common Stock issued after May 22, 2017 but before the Distribution Date (as defined below) and, in certain circumstances, after the Distribution Date. Subject to the terms, provisions and conditions of the TAPP, if the Rights become exercisable, each Right would initially represent the right to purchase from the Company one ten-thousandth of a share of the Company's Series B Junior Participating Preferred Stock, par value \$0.001 per share (the "Series B Preferred Stock") for a purchase price of \$50.00 (the "Purchase Price"). If issued, each fractional share of Series B Preferred Stock would give the stockholder approximately the same dividend, voting and liquidation rights as does one share of Common Stock. However, prior to exercise, a Right does not give its holder any rights as a stockholder of the Company, including, without limitation, any dividend, voting or liquidation rights.

Initial Exercisability. The Rights will not be exercisable until the earlier of (i) ten business days after a public announcement that a person has become an "Acquiring Person" by acquiring beneficial ownership of 4.99% or more of the Company's outstanding Common Stock, or, in the case of a person that had beneficial ownership of 4.99% or more of the Company's outstanding Common Stock, upon execution of the TAPP, by obtaining beneficial ownership of additional shares of Common Stock or (ii) ten business days (or such later date as may be specified by the Board prior to such time as any person becomes an Acquiring Person) after the commencement of a tender or exchange offer by or on behalf of a person that, if completed, would result in such person becoming an Acquiring Person.

The date that the Rights become exercisable is referred to as the "Distribution Date." Until the Distribution Date, Common Stock certificates or the ownership statements issued with respect to uncertificated shares of Common Stock will evidence the Rights. Any transfer of shares of Common Stock prior to the Distribution Date will also constitute a transfer of the associated Rights. After the Distribution Date, separate rights certificates will be issued and the Rights may be transferred other than in connection with the transfer of the underlying shares of Common Stock unless and until the Board has determined to effect an exchange pursuant to the TAPP (as described below).

Flip-In Event. In the event that a person becomes an Acquiring Person, each holder of a Right, other than Rights that are or, under certain circumstances, were beneficially owned by the Acquiring Person (which will thereupon become null and void), will thereafter have the right to receive upon exercise of a Right and payment of the Purchase Price, a number of shares of Common Stock having a market value of two times the Purchase Price.

Redemption. At any time until a person becomes an "Acquiring Person," the Board may redeem the Rights in whole, but not in part, at a price of \$0.00001 per Right (the "Redemption Price"). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as the Board in its sole discretion may establish.

Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Exchange. At any time after a person becomes an Acquiring Person, the Board may exchange the Rights (other than Rights that have become null and void), in whole or in part, at an exchange ratio of one share of Common Stock, or a fractional share of Series B Preferred Stock (or of a share of a similar class or series of the Company's preferred stock having similar rights, preferences and privileges) of equivalent value, per Right (subject to adjustment). Immediately upon an exchange of any Rights, the right to exercise such Rights will terminate and the only right of the holders of Rights will be to receive the number of shares of Common Stock (or fractional share of Series B Preferred Stock or of a share of a similar class or series of the Company's preferred stock having similar rights, preferences and privileges) equal to the number of such Rights held by such holder multiplied by the exchange ratio. The Board shall not be empowered to effect such exchange at any time after an Acquiring Person becomes the beneficial owner of 50% or more of the Company's outstanding Common Stock.

Expiration. The Rights and the TAPP will expire on the earlier of (i) the close of business on the earlier of (a) December 31, 2019, or (b) the business day immediately following the Company's 2018 Annual Meeting (including any adjournment or postponement thereof) if stockholder approval has not been obtained prior to such date, (ii) the time at which the Rights are redeemed pursuant to the TAPP, (iii) the time at which the Rights are exchanged in full pursuant to the TAPP, (iv) the effective date of the repeal of both Section 382 and Section 383 of the Internal Revenue Code, or any successor provisions or replacement provisions, if the Board determines that the TAPP is no longer necessary for the preservation of tax benefits or (v) the beginning of a taxable year of the Company for which the

Board determines that the Company has or will have no tax benefits.

Anti-Dilution Provisions. The Board may adjust the Purchase Price, the number of shares of Series B Preferred Stock or other securities or assets issuable and the number of outstanding Rights to prevent dilution that may occur as a result of certain events, including among others, a stock dividend, a stock split or a reclassification of the Series B Preferred Stock or

38

Common Stock. With certain exceptions, no adjustments to the Purchase Price will be required until cumulative adjustments amount to at least 1% of the Purchase Price.

Amendments. For so long as the Rights are redeemable, the Board may supplement or amend any provision of the TAPP in any respect without the approval of the holders of the Rights. From and after the time the Rights are no longer redeemable, the Board may supplement or amend the TAPP only to cure an ambiguity, to alter time period provisions, to correct inconsistent provisions, or to make any additional changes to the TAPP which the Company may deem necessary or desirable, but only to the extent that those changes do not impair or adversely affect any Rights holder (other than an Acquiring Person or any Affiliate or Associate of an Acquiring Person or certain of their transferees) and do not result in the Rights again becoming redeemable or the TAPP again becoming amendable other than in accordance with this sentence.

Certain Considerations Related to the TAPP

Our Board believes that protecting the Tax Assets is in the Company's and our stockholders' best interests.

Nonetheless, we cannot eliminate the possibility that changes in our stock ownership will occur sufficient to cause an "ownership change" even if the TAPP is approved. You should consider the factors below when making your decision.

Future Use and Amount of the Tax Assets is Uncertain. Our use of the Tax Assets depends on our ability to generate taxable income in the future. We cannot assure you whether we will have taxable income in any applicable period or, if we do, whether such income will exceed any potential Section 382 limitation and therefore we cannot assure you that we will realize the full value of the Tax Assets.

Potential Challenge to the Tax Assets. The amount of the Tax Assets has not been audited or otherwise validated by the Internal Revenue Service (the "IRS"). The IRS could challenge the amount of the Tax Assets, which could result in an increase in our liability for income taxes. In addition, determining whether an "ownership change" has occurred is subject to uncertainty, both because of the complexity and ambiguity of the Section 382 provisions and because of limitations on the knowledge that any publicly traded company can have about the ownership of, and transactions in, its securities on a timely basis. Therefore, we cannot assure you that the IRS or other taxing authority will not claim that we experienced an "ownership change" and attempt to reduce the benefit of the Tax Assets even if the TAPP is in place.

Continued Risk of Ownership Change. Although the TAPP is intended to diminish the likelihood of an "ownership change," we cannot assure you that it will be effective. The amount by which our ownership may change in the future could, for example, be affected by purchases and sales of stock by stockholders and new issuances or repurchases of stock by us, should we choose to do so.

Potential Effects on Liquidity. The TAPP is intended to deter persons or groups of persons from acquiring beneficial ownership of shares of our Common Stock in excess of the specified limitation. A stockholder's ability to dispose of our Common Stock may be limited if the TAPP reduces the number of persons willing to acquire our Common Stock or the amount they are willing to acquire.

Potential Impact on Value. The TAPP could negatively impact the value of our Common Stock by deterring persons or groups of persons from acquiring shares of our Common Stock, including in acquisitions for which some stockholders might receive a premium above market value.

Anti-Takeover Effect. Our Board adopted the TAPP to diminish the risk that our ability to use the Tax Assets to reduce potential federal income tax obligations becomes limited. Nonetheless, the TAPP may have an "anti-takeover effect" because it will deter a person or group of persons from acquiring beneficial ownership of 4.99% or more of our Common Stock or, in the case of persons or persons that already own 4.99% or more of our Common Stock, from acquiring any additional shares of our Common Stock. The TAPP could discourage a merger, tender offer or accumulations of substantial blocks of shares.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers, directors, and persons who beneficially own more than 10% of a registered class of our equity securities to file reports of ownership with the SEC. Officers, directors, and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

For the fiscal year ended December 31, 2017, there were no persons subject to Section 16(a) beneficial ownership reporting in which a late report was filed. The Company is not aware of any unreported transactions for 2017.
