LETTER TO STOCKHOLDERS

We are pleased to present summary financial information of The Adams Express Company (the Company) for the nine months ended September 30, 2009.

Net assets of the Company at September 30, 2009 were \$11.59 per share on 86,117,331 shares outstanding, compared with \$9.61 per share at December 31, 2008 on 87,406,443 shares outstanding. On March 1, 2009, a distribution of \$0.05 per share was paid, consisting of \$0.02 from 2008 investment income, \$0.02 from 2008 long-term capital gain, and \$0.01 from 2009 investment income, all taxable in 2009. A 2009 investment income dividend of \$0.05 per share was paid June 1, 2009, and another \$0.05 per share investment income dividend was paid September 1, 2009.

Net investment income for the nine months ended September 30, 2009 amounted to \$9,109,755, compared with \$16,755,931 for the same nine month period in 2008. These earnings are equal to \$0.11 and \$0.20 per share, respectively. The reduction in net investment income for 2009 is primarily due to a reduction in the level of dividend income received from portfolio companies, lower interest rates available on our short-term investments, and lower income from our securities lending program.

Net capital gain realized on investments for the nine months ended September 30, 2009 amounted to \$26,041,418, or \$0.30 per share.

We are pleased to report that the Company continues to outperform its benchmarks in each of the year-to-date, one year, five year, and ten year periods.

For the nine months ended September 30, 2009, the total return on the net asset value (with dividends and capital gains reinvested) of the Company's shares was 22.9%. The total return on the market value of the Company's shares for the period was 23.9%. These compare to a 19.3% total return for the Standard & Poor's 500 Composite Stock Index ( S&P 500 ) and a 20.4% total return for the Lipper Large-Cap Core Mutual Fund Average over the same time period.

For the twelve months ended September 30, 2009, the Company's total return on net asset value was (2.1)% and on market value was (2.0)%. Comparable figures for the S&P 500 and the Lipper Large-Cap Core Mutual Fund Average were (6.9)% and (5.9)%, respectively.

You will note that we have changed the format and content of this quarterly report in an effort to improve the usefulness of our communications with you. We are trying to reduce the cost of these reports while continuing to provide you with the most pertinent information about the Company's position. You will find a complete list of the Company's portfolio holdings as well as the changes made in the portfolio, but we have not included complete financial statements or the associated several pages of footnotes that have accompanied them.
