**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD APRIL 23, 2004**

Your proxy, represented by the accompanying Proxy Card, is solicited by the Board of Directors of Graco Inc. (Graco or the Company) in connection with the Annual Meeting of Shareholders of the Company to be held on April 23, 2004, (the Meeting) and any adjournments of that meeting.

The costs of the solicitation, including the cost of preparing and mailing the Notice of Meeting and this Proxy Statement, will be paid by the Company. Solicitation will be primarily by mailing this Proxy Statement to all shareholders entitled to vote at the meeting. Proxies may be solicited by officers of the Company personally, but at no compensation in addition to their regular compensation as officers. The Company may reimburse brokers, banks and others holding shares in their names for third parties, for the cost of forwarding proxy material to, and obtaining proxies from, third parties. The Proxy Statement and accompanying Proxy Card will be mailed to shareholders on or about March 10, 2004.

Proxies may be revoked at any time prior to being voted by giving written notice of revocation to the Secretary of the Company. All properly executed proxies received by management will be voted in the manner set forth in this Proxy Statement or as otherwise specified by the shareholder giving the proxy.

Shares voted as abstentions on any matter (or a withhold vote for as to directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the Meeting, and as unvoted (although present and entitled to vote) for purposes of determining the approval of each matter as to which the shareholder has abstained. If a broker submits a proxy which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the Meeting, but will not be considered as present and entitled to vote with respect to such matters.

Only shareholders of record as of the close of business on February 23, 2004, may vote at the Meeting or at any adjournment. As of that date, there were issued and outstanding 45,912,519 common shares of the Company, the only class of securities entitled to vote at the Meeting. Each share registered to a shareholder of record is entitled to one vote. Cumulative voting is not permitted.

PROPOSAL 1

Election of Directors

NOMINEES AND OTHER DIRECTORS

The number of directors of the Company is currently set at a maximum of 12 members. The directors are divided into three classes, each class being as equal in number as reasonably possible. Vacancies may be filled by a majority vote of the directors then in office, though less than a quorum, and directors so chosen are subject to election by the shareholders at the next annual meeting of shareholders. Directors elected at an annual meeting of shareholders to succeed directors whose terms expire are elected for three year terms. Board policy states that no director may continue to serve on the Board after the last day of the month of his/her seventieth (70th) birthday. At the Meeting, five persons are nominated to be elected to the Company's Board of Directors.

Upon recommendation of the Governance Committee, which acts as the nominating committee of the Board, the Board has nominated William G. Van Dyke, Mark H. Rauenhorst and J. Kevin Gilligan for three year terms expiring in the year 2007. These individuals, whose current terms expire at the Meeting, have previously been elected as directors of the Company by the shareholders.

Upon recommendation of the Governance Committee, the Board has nominated Jack W. Eugster and R. William Van Sant to terms expiring in the year 2006. These individuals were elected by the Board of Directors on February 20, 2004, to fill vacancies. Non-management directors recommended Mr. Eugster and Mr. Van Sant to the Governance Committee.

Unless otherwise instructed not to vote for the election of directors, proxies will be voted to elect the nominees. A director nominee must receive the vote of a majority of the voting power of shares present at the Meeting in order to be elected. Unless the Board reduces the number of directors, the enclosed proxy will be voted to elect the replacement nominee designated by the Board in the event that a nominee is unable or unwilling to serve.

The following information is given as of February 23, 2004 with respect to nominees for election and the six directors whose terms of office will continue after the Annual Meeting. Except as noted below, each of the nominees and directors has held the

NOMINATING PROCESS

The Governance Committee acts as the nominating committee for the Board of Directors, having the responsibility for identifying director candidates and recommending nominees to the Board. Shareholders may nominate candidates for election to the Board. Recommendations should be made in writing and addressed to the Governance Committee in care of the Secretary of the Company at the Company's corporate headquarters. The Company's by-laws provide that timely notice must be received by the Secretary not less than 90 days prior to the anniversary of the date of the Annual Meeting of Shareholders. The nominations must set forth (i) the name, age, business and residential addresses and principal occupation or employment of each nominee proposed in such notice; (ii) the name and address of the shareholder giving the notice, as it appears in the Company's stock register; (iii) the number of shares of capital stock of the Company which are beneficially owned by each such nominee and by such shareholder; and (iv) such other information concerning each such nominee as would be required under the rules of the Securities and Exchange Commission in a proxy statement soliciting proxies for the election of such nominee. Such notice must also include a signed consent of each such nominee to serve as a director of the Company, if elected.

The Governance Committee will recommend for nomination as directors individuals who, in the judgment of the Board, will be able to make a significant contribution to the governance of the Company by virtue of their experience, background, current position with other organizations and/or expertise in a particular business discipline. The business discipline that may be sought at any given time will vary depending on the needs and strategic direction of the Company, and the disciplines represented by incumbent directors. The Board will endeavor to at all times have at least one director, who shall serve on the Audit Committee, who shall be independent and qualify as an Audit Committee Financial Expert as defined in the applicable rules of the Securities and Exchange Commission.

The Governance Committee identifies nominees for director a number of ways, including recommendations from Committee members or other directors, research to identify candidates, and nominees recommended by shareholders. If appropriate, a recruiting firm may be used. At its meetings, the Committee discusses the number of new directors that may be needed and any particular expertise that may be desirable at the time. The Committee will then discuss and evaluate each nominee, taking into account the nominee's experience, background, current occupation, and particular expertise, assessing the nominee's ability to make a significant contribution to the governance of the Company, expertise in a desired area, probable willingness to serve, ability to make the significant time commitment necessary to be a director of the Company, and other relevant factors. Shareholder nominees will be evaluated in the same manner as nominees from other sources.

AUDIT COMMITTEE REPORT

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 26, 2003 (the financial statements) with both the Company s management and its independent auditors, Deloitte & Touche LLP (Deloitte). The Audit Committee has discussed with Deloitte the matters required by Statement of Auditing Standards No. 61, Communication with Audit Committees. Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the financial statements be included in the Company s Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Report of the Management Organization and Compensation Committee

Overview

The Management Organization and Compensation Committee is responsible for developing the Company's philosophy and structure for executive compensation. Consistent with this philosophy, on an annual basis the Committee determines the compensation of the Chief Executive Officer and reviews the compensation of the other executive officers.

Compensation plans that provide for grants or awards of Company stock to executive officers are approved by the Board of Directors and the shareholders of the Company. In 1993, the Internal Revenue Code (the Code) was amended to include a deductibility limit for remuneration to certain executive officers [Section 162(m) of the Code]. Qualified performance-based compensation is not subject to this deductibility limit. The Graco Inc. Stock Incentive Plan, which permits grants of stock options and stock appreciation rights to executive officers, meets the requirements of Section 162(m) in all respects.

In order to qualify annual incentive awards to the Chief Executive Officer and other executive officers as performance-based compensation under Section 162(m) of the Code, the Company has an Executive Officer Annual Incentive Bonus Plan. This Plan meets the requirements of Section 162(m) in all respects.

Executive Compensation Philosophy and Structure

It is the Company's philosophy to set its executive compensation structure at a level competitive with durable goods manufacturers of comparable sales volume and geographic scope. The salary ranges within this compensation structure are determined by consulting a variety of independent third-party executive compensation surveys and resources.

Executive compensation is delivered through:

- base salaries that recognize the experience and performance of individual executives;
- performance-driven incentives that:
 - enhance shareholder value;
 - balance annual and long-term corporate objectives; and
 - provide meaningful amounts of Company stock; and
- competitive benefits.

Components of Executive Compensation

Base Salary ranges are established using salary and trend data for durable goods manufacturers of comparable sales volume and geographic scope using a variety of independent third-party executive compensation surveys and resources. Executive positions will be individually benchmarked against these survey sources not less than every other year and multiple surveys will be used to establish a competitive salary range for each position. The target for base salary ranges will be the median of the defined

marketplace.

The actual base salary of each executive officer within the range is determined by the executive's performance, which is evaluated annually by the Chief Executive Officer and reviewed by the Committee. Other factors that may influence the level of individual executive base pay may include current position in salary range, internal pay relationships, and retention considerations.

The **Executive Officer Annual Incentive Bonus Plan** (the Executive Bonus Plan) was available in 2003 to the Chief Executive Officer and any other executive designated by the Committee. The Committee is authorized to establish financial growth targets for each participant that are directly and specifically tied to one or more financial measures. On or before the 90th day of the Company's fiscal year, the Committee identifies the participants, establishes the Targeted Bonus Maximum Percentages for each participant, establishes the applicable Financial Measures and the Company Performance Target(s) for each Financial Measure, as these terms are defined in the Executive Bonus Plan. At the close of the fiscal year, the Committee certifies whether or not the Company Performance Target(s) have been attained. Using a variety of independent third-party executive compensation surveys and resources, the Committee establishes competitive payout levels for achievement of the Executive Bonus Plan metrics. In 2003, the Committee established payouts for Mr. Roberts, the sole Executive Bonus Plan participant, from 0 to 90% of base salary paid.

The **Annual Bonus Plan** covers executive officers and select managers that do not participate in the Executive Bonus Plan. The Annual Bonus Plan, available in 2003 to 10 executive officers and 34 managers, is structured to encourage growth in both sales and net earnings by the Company. The Plan determines individual payout amounts for executive officers by measuring Company performance against corporate sales and net earnings growth targets, which are established by the Committee in the first quarter of each year to be competitive with durable goods manufacturers of comparable sales volume and geographic scope. In addition, the Chief Executive Officer has been given the authority to establish divisional and regional growth targets for the executive officers and select managers assigned to specific divisions and regions. Overall performance for determining the payout amounts for the divisional and regional executive officers and select managers is measured against divisional, regional and corporate targets.

The Annual Bonus Plan payout for each executive officer assigned to a specific operation, division or region was determined by evaluating performance against the established targets for that operation, division or region, and corporate sales and net earning results against the corporate targets. The bonus payout for the executive officers in charge of corporate staff functions was determined using corporate sales and net earnings results. For 2003, corporate sales results led to an award of the maximum payout attributable to sales, which was 50% of the total payout. Corporate net earnings results led to an award of the maximum payout attributable to net earnings, which was 50% of the total payout. In 2003, the Committee established a range of payouts for executive officer positions under the Annual Bonus Plan from 0 to 70% of base salary paid.

CEO Awards. Under this program, a total of \$89,000 in individual discretionary awards were granted to recognize significant contributions of selected executive officers and other management employees. In 2003, CEO Awards were granted to 10 employees.

The **Executive Long Term Stock Incentive Program** is structured to align the interests of executive officers with those of all Graco shareholders. The Long Term Stock Incentive Program for 2003 consisted of stock options granted to executive officers under the Graco Inc. Stock Incentive Plan. The number of stock options granted to each executive officer was determined using competitive data for comparably sized durable good manufacturers, as reflected in independent third party long term incentive surveys. Stock option grants were targeted at the median of this market. These options were non-incentive stock options with a 10-year duration and a vesting schedule of 25 percent after each of years one, two, three, and four.

Executive Benefits are offered to all executive officers who are eligible to participate in the employee benefit programs available to all Graco employees and target the median practice of the external market.

Compensation of the Chief Executive Officer

On an annual basis, the Committee is responsible for reviewing the individual performance of the Chief Executive Officer, and determining appropriate adjustments in base pay and award opportunities under the Executive Bonus Plan and the Stock Incentive Plan.

In 2003, Mr. Roberts served as Chief Executive Officer of the Company. The Committee, using salary survey data, established Mr. Roberts' base salary at \$485,000 per year. These data were based on comparably sized durable goods manufacturing companies, as published in independent third party executive compensation surveys. Mr. Roberts earned the maximum bonus award available under the Executive Bonus Plan of \$436,500, which is equal to 90% of his base salary. The 2003 bonus award was based upon the achievement of specified levels of net sales and net earnings of the Company. Sales of \$535 million in 2003 represent an increase in sales of 10% from 2002, which led to the maximum payout attributable to sales, which was 50% of the

Option Grants Table (Last Fiscal Year)

			<u>Grant</u>	<u>Expiration</u>	
Name	Number of Securities Underlying Options Granted (#) ¹	% of Total Options Granted to Employees in Fiscal Year	Exercise or Base Price (\$/Sh)	Date	Grant Date Present Value (\$)

(1) Non-incentive stock options were granted on February 20, 2003, in the amount shown on the table. The options become exercisable in equal installments over four years, beginning with the first anniversary date of the grant.

(2) The Black-Scholes option pricing model has been used to determine the grant date present value. Annual volatility was calculated using monthly returns for 36 months prior to the grant date, the interest rate was set using U.S. Treasury securities of similar duration to the option period as of the grant date, and dividend yield was established as the yield on the grant date. A 10% discount for nontransferability and 3% discount to reflect the possibility of forfeiture over a two-year period were applied. For grants

Edgar Filing: GRACO INC - Form DEF 14A

expiring on February 20, 2013, the assumptions used in the model were annual volatility of 25.24%, interest rate of 3.96%, dividend yield of 1.24%, and time to exercise of 10 years.

¹ The Company maintains one plan that did not require approval by shareholders. The Employee Stock Incentive Plan is a broad-based plan designed to offer employees who are not officers of the Company the opportunity to acquire Graco stock. Option price is the market price on the date of the grant. Options become exercisable at such time and in such installments as the Company shall determine, and expire ten years from the date of grant.

Change in Control

Edgar Filing: GRACO INC - Form DEF 14A

Each of the executive officers listed in the Summary Compensation Table, and certain other key executives of the Company, have entered into a change of control agreement with the Company (singularly Agreement ; collectively the Agreements). The change of control period is defined to extend for two years from the date the Agreement is executed. Each year this period is automatically extended for one year so as to terminate two years from the annual anniversary date of the Agreement, unless the Company gives the executive notice that the Company does not wish to extend this period.

A change of control is generally defined in the Agreements to have occurred if: (i) a person other than a trust person (as defined in the Agreement) acquires beneficial ownership of 25% or more of the Company's outstanding common stock, except acquisitions directly from the Company, by the Company, by a Company employee benefit plan, by the executive or a group of which he is a part, or by a person with beneficial ownership of shares under the Trust Under the Will of Clarissa L. Gray which equals or exceeds a certain percentage; or (ii) members of the Incumbent Board (as defined in the Agreement) cease to be in the majority on the Board; or (iii) the shareholders approve a reorganization, merger, consolidation or statutory exchange of the Company's outstanding common stock, or approve a sale or other disposition of all or substantially all of the assets of the Company; or (iv) the shareholders approve a complete liquidation or dissolution of the Company.

Each Agreement provides that for two years after a change of control there will be no adverse change in the executive's duties and responsibilities, compensation program, benefits or other circumstances, provided that nothing will restrict the right of the executive or the Company to terminate the employment of the executive. If the executive's employment is terminated by the Company for any reason other than for good cause, death, or disability, or by the executive for good reason (as defined in the Agreement), within two years following a change of control, the executive will be entitled to certain benefits. These benefits include a sum equivalent to the executive's base salary to the date of termination (to the extent not yet paid), a bonus calculated according to a formula (set forth in the Agreement) for the year in which the termination occurs, two times the executive's annual base salary, two times the midpoint between the maximum and minimum bonus for the fiscal year in which the termination occurs, and benefit coverage for a minimum of two years following the date of termination.

The payments to which the employee is entitled are subject to reduction in the event the payments would constitute a parachute payment within the meaning of Section 280G of the Internal Revenue Code of 1989, as amended, (the Code) or any successor provision, provided that the reduction does not exceed \$25,000. If the reduction would exceed \$25,000, there will be no reduction and the Company will make an additional payment to the executive in the amount that will put the executive in the same after-tax position as if no excise tax under the Code had been imposed.

Termination Arrangements

In the event that the employment of Mr. Roberts is terminated involuntarily for other than gross or willful misconduct, he will be paid an amount equal to two years of his then base salary. He will also be entitled to a bonus for the year of his termination, based on the bonus program and formula then in effect for him and salary actually earned by him during that year. The Company will also reimburse him for any premiums for the Company's health plans he elects to pay under COBRA. In the event that Mr. Roberts employment is terminated for other than gross or willful misconduct between the second and fifth anniversary of his employment with the Company (June 25, 2001), he will be entitled to a retirement benefit as if he vested under the Retirement Plan after two years of service. This benefit would be paid from the unfunded plan referred to in Retirement Arrangements below.

It is the practice of the Company to continue to provide base salary to executive officers whose employment is involuntarily terminated by the Company for a period of twelve months or until the officer secures other employment, whichever is the lesser period.

Retirement Arrangements

The Company has an employee retirement plan which provides pension benefits for eligible regular, full- and part-time employees. Benefits under the Graco Employee Retirement Plan (Retirement Plan) consist of a fixed benefit which is designed to provide retirement income at age 65 of 43.5% of average monthly compensation, less 18% of Social Security-covered compensation (calculated in a life annuity option) for an employee with 30 years of service. Average monthly compensation is defined as the average of five consecutive highest years' cash compensation during the last ten years of service, including base salary, Executive Bonus Plan awards, and Annual Bonus Plan awards, but excluding Executive Long Term Incentive Program awards, divided by sixty. Benefits under the Retirement Plan vest upon five years of benefit service.

Federal tax laws limit the annual benefits that may be paid from a tax-qualified plan such as the Retirement Plan. The Company has adopted an unfunded plan to provide benefits to retired executive officers impacted by the benefit limits, so that they will receive, in the aggregate, the benefits the executive would have been entitled to receive under the Retirement Plan had the limits imposed by the tax laws not been in effect. The maximum annual pension payable to or on behalf of the executive under the unfunded plan will be equal to the difference between \$170,000 and the benefits actually payable under the Retirement Plan when

Edgar Filing: GRACO INC - Form DEF 14A

the limits imposed by the tax laws are applied.

The following table shows the estimated aggregate annual benefits payable under the Retirement Plan and the unfunded plan for the earnings and years of service specified. The years of benefit service for the Chief Executive Officer and the executive officers listed in the Summary Compensation Table are: Mr. Roberts, 2 years; Mr. Johnson, 28 years; Mr. Rescorla, 15 years; Mr. McHale, 14 years; and Mr. Mattison, 12 years. A maximum of 30 years had previously been counted in the pension benefit calculation. For 1998 and subsequent years, the 30 year maximum has been eliminated.

Prior to December 31, 1996, the Company entered into deferred compensation agreements with selected executive officers, including certain named executives in the Summary Compensation Table. These agreements provide for the payment per year of \$10,000 in deferred compensation to the officer for ten years after retirement, or to a beneficiary in the event of death prior to the expiration of the ten year period. These agreements also include provisions for non-competition and the payment of \$5,000 per year in the event the officer becomes disabled prior to age 65. The \$5,000 per year disability payments cease upon the attainment of age 65.

Directors Fees

Effective May 6, 2003, the fees paid each director, except directors who were also employees of the Company, were changed as follows: the annual retainer increased from \$20,000 to \$24,000, plus annual retainers of \$5,000 for the chairs of the Governance Committee and the Management Organization and Compensation Committee, and \$7,500 for the chair of the Audit Committee, were added. The directors receive a meeting fee of \$1,000 for each Board meeting and \$1,000 for each committee meeting attended. The total annual retainer for the Chairman of the Board is \$60,000.

Effective May 1, 2004, the fees paid each non-employee director (except the Chairman) have been changed as follows: the annual retainer increased to \$26,000, and the meeting fee for Audit Committee meetings increased to \$1,200.

On February 23, 2001, the Board terminated the retirement benefit for non-employee directors, which provided that upon cessation of service, non-employee directors who have served for five full years will receive quarterly payments for five years at a rate equal to the director's annual retainer in effect on the director's last day of service on the Board. Retirement payments will be made in accordance with the retirement benefit to Mr. Mitau, Ms. Morfitt and Mr. Van Dyke upon their respective retirements.

In 1994, shareholders approved a Non-employee Director Stock Plan. Under this Plan, a non-employee director may elect to receive all or part of the director's annual retainer in the form of shares of the Company's common stock instead of cash. In September 1997, the Plan was amended to create a deferred stock account alternative for the deferral of the annual retainer. This alternative provides for the crediting of shares of common stock to a deferred stock account held by a trustee in the name of the non-employee director. Dividends paid on the common stock held in the deferred accounts will be credited to the accounts at the time of payment. In 1999, the Plan was amended to allow non-employee directors to defer all or part of the meeting fees as well as the annual retainer. Participating directors may elect to receive payment from their deferred stock account in a lump sum or installments. Payments, whether in a lump sum or by installments, shall be made in shares of common stock, plus cash in lieu of any fractional share. Nine directors have elected to defer all or part of their annual retainer and/or meeting fees into the deferred stock accounts established under this Plan.

Under the Graco Inc. Stock Incentive Plan, non-employee directors receive an initial option grant of 3,000 shares upon first joining the Board and an annual option grant of 3,000 (2,500 in 2003) shares on the date of the Company's annual meeting of shareholders. Options granted under the Plan are non-statutory, have a ten-year duration and become exercisable in equal installments over four years, beginning with the first anniversary date of the grant. The option exercise price is the fair market value, as defined in said Plan, on the date of the grant.

Certain Business Relationships

Mr. Roberts, President and Chief Executive Officer of the Company, is the brother-in-law of Gary Tepas, the President of EmKay Leasing. On June 17, 2002, the Company entered into an agreement with EmKay Leasing for the lease and maintenance of approximately 170 vehicles and trailers. The agreement includes leasing and program fees. The amount paid to EmKay Leasing for the fiscal year ended December 26, 2003, was approximately \$1,060,000. This agreement and the ongoing business relationship between the Company and EmKay Leasing was discussed and approved at a meeting of the Board of Directors on September 27, 2002.
