We began distributing a notice of internet availability of our proxy materials on or about April 7, 2016 to the holders of our common stock who hold their shares through a brokerage firm or other nominee (such as a banking institution, custodian, trustee or fiduciary) and not through our transfer agent, Computershare. We will begin mailing our 2016 annual meeting materials to the record holders of our common stock (shares held in the stockholder's name in certificate form or electronically with Computershare, our transfer agent, and not through a brokerage firm or other nominee) on or about April 19, 2016. Our mailed materials include:

- the accompanying notice of the 2016 annual meeting of stockholders;
- this proxy statement;
- our 2015 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2015; and
- the proxy card (or voting instruction form if you hold your shares through a brokerage firm or other nominee and not in your name in certificate form or electronically with our transfer agent, Computershare).

We are furnishing our 2015 annual report to all of our stockholders entitled to vote at the 2016 annual meeting. We are not incorporating the 2015 annual report into this proxy statement and you should not consider the annual report as proxy solicitation material. The accompanying notice of annual meeting of stockholders sets forth the time, place and purposes of the meeting. Our principal executive offices are located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240 2697.

Please refer to the Glossary of Terms on page ii for the definitions of certain terms used in this proxy statement.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: What is the purpose of the annual meeting?

A: At the annual meeting, stockholders will vote on the following, as described in this proxy statement:

- Proposal 1 – the election of the seven director nominees named in this proxy statement;
- Proposal 2 – the approval of our second amended and restated certificate of incorporation; and
- Proposal 3 –the adoption of a nonbinding advisory resolution that approves the named executive officer compensation described in this proxy statement (Say-on-Pay).

In addition, stockholders will vote on any other matter that may properly come before the meeting.

Q: How does the board recommend that I vote?

A: The board of directors recommends that you vote FOR:

- the election of each of the nominees for director named in this proxy statement;
- the approval of our second amended and restated certificate of incorporation; and
- the approval and adoption of proposal 3 (Say-on-Pay).

Q: Who is allowed to vote at the annual meeting?

A: The board of directors has set the close of business on March 28, 2016 as the record date for the determination of stockholders entitled to notice of and to vote at the meeting. Only holders of our common stock as of the close of business on the record date are entitled to vote at the meeting. On the record date, 339,142,949 shares of our common stock were issued and outstanding. Each share of our common stock entitles its holder to one vote.

Q: If I hold my shares through a brokerage firm or other nominee, why did I receive a notice regarding the internet availability of proxy materials instead of paper copies of the proxy materials?

A: We are using the SEC notice and access rules to furnish proxy materials over the internet to our stockholders who hold our common stock through a brokerage firm or other nominee. If you hold your shares through a brokerage firm or other nominee, you can find instructions on how to access and review the proxy materials, and how to vote over the internet, on the notice of internet availability of proxy materials that you received. The notice also contains instructions on how you can receive a paper copy of this proxy statement, our 2015 Annual Report to Stockholders and a voting instruction form.

Q: If I hold my shares through a brokerage firm or other nominee, how may I vote in person at the annual meeting?

A: If you wish to vote in person at the annual meeting, you will need to follow the instructions on your notice of internet availability of proxy materials on how to obtain the appropriate documents to vote in person at the meeting.

Q: How do I vote if I am a stockholder of record?

A: If you hold shares of our common stock in your name in certificate form or electronically with our transfer agent, Computershare, and not through a brokerage firm or other nominee, you are a stockholder of record. As a stockholder of record, you may:

- vote over the internet at www.investorvote.com/VHI;
- vote by telephone using the voting procedures set forth on your proxy card;
- instruct the agents named on your proxy card how to vote your shares by completing, signing and mailing the enclosed proxy card in the envelope provided; or
- vote in person at the annual meeting.

Q: What are the consequences if I am a stockholder of record and I execute my proxy card but do not indicate how I would like my shares voted for one or more of the director nominees named in this proxy statement or proposal 2 or proposal 3?

A: If you are a stockholder of record (shares held in the stockholder's name in certificate form or electronically with Computershare, our transfer agent, and not through a brokerage firm or other nominee), the agents named on your proxy card will vote your shares on such uninstructed nominee or proposal as recommended by the board of directors in this proxy statement.

Q: If I do not want to vote my shares in person at the annual meeting, how do I vote if my shares are held through a brokerage firm or other nominee?

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to vote your shares. In order to ensure your brokerage firm or other nominee votes your shares in the manner you would like, you must provide voting instructions to your brokerage firm or other nominee by the deadline provided in the materials you received from your brokerage firm or other nominee.

Brokerage firms or other nominees may not vote your shares on the election of a director nominee or proposal 2 or proposal 3 in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your brokerage firm or other nominee regarding the voting of your shares. If you do not instruct your brokerage firm or other nominee how to vote with respect to the election of a director nominee or proposal 2 or proposal 3, your brokerage firm or other nominee may not vote with respect to the election of such director nominee or on proposal 2 or on proposal 3 and your vote will be counted as a "broker/nominee non-vote." "Broker/nominee non-votes" are non-votes by a brokerage firm or other nominee for shares held in a client's account for which the brokerage firm or other nominee does not have discretionary authority to vote on a particular matter and has not received instructions from the client. How we treat broker/nominee non-votes is separately described in each of the answers below regarding what constitutes a quorum and the requisite votes necessary to elect a director nominee or approve proposal 2 or proposal 3.

Q: Who will count the votes?

A: The board of directors has appointed Computershare, our transfer agent and registrar, to ascertain the number of shares represented, tabulate the vote and serve as inspector of election for the meeting.

Q: Is my vote confidential?

A: Yes. All proxy cards, ballots or voting instructions delivered to Computershare will be kept confidential in accordance with our bylaws.

Q: How do I change or revoke my proxy instructions if I am a stockholder of record?

A: If you are a stockholder of record, you may change or revoke your proxy instructions in any of the following ways:

- delivering to Computershare a written revocation;
- submitting another proxy card bearing a later date;
- changing your vote on www.investorvote.com/VHI;
- using the telephone voting procedures set forth on your proxy card; or
- voting in person at the annual meeting.

Q: How do I change or revoke my voting instructions if my shares are held through a brokerage firm or other nominee?

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to change or revoke your voting instructions or how to vote in person at the annual meeting.

Q: What constitutes a quorum?

A: A quorum is the presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the meeting.

- 3 -

Shares that are voted "abstain" or "withheld" are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

As already discussed in the previous answer regarding how to vote shares held through a brokerage firm or other nominee, there are no proposals for the 2016 annual meeting that would allow a brokerage firm or nominee to vote uninstructed shares. If a brokerage firm or other nominee receives no instruction for the election of any director nominee and proposal 2 and proposal 3, such uninstructed shares will be counted as not entitled to vote and are, therefore, not considered for purposes of determining whether a quorum is present at the annual meeting. If a brokerage firm or other nominee receives instructions on the election of any director nominee or proposal 2 or proposal 3, such instructed shares will be counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

VHC directly held approximately 92.6% of the outstanding shares of our common stock as of the record date. VHC has indicated its intention to have its shares of our common stock represented at the meeting. If VHC attends the meeting in person or by proxy, the meeting will have a quorum present.

Q: Assuming a quorum is present, what vote is required to elect a director nominee?

A: A plurality of affirmative votes of the holders of our outstanding shares of common stock represented and entitled to vote at the meeting is necessary to elect each director nominee. You may indicate on your proxy card or in your voting instructions that you desire to withhold authority to vote for any of the director nominees. Since director nominees need only receive a plurality of affirmative votes from the holders represented and entitled to vote at the meeting to be elected, a vote withheld or a broker/nominee non-vote regarding a particular nominee will not affect the election of such director nominee.

VHC has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the election of each of the director nominees named in this proxy statement. If VHC attends the meeting in person or by proxy and votes as indicated, the stockholders will elect all of the nominees named in this proxy statement to the board of directors.

Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 2?

A: The affirmative vote of the holders of the majority of the outstanding shares of our common stock is required to adopt proposal 2. Abstentions and broker/nominee non-votes will have the same effect as a vote against proposal 2. VHC has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR proposal 2. If VHC attends the meeting in person or by proxy and votes as indicated, the stockholders will approve this proposal.

Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 3 (Say-on-Pay)?

A: The stockholder resolution contained in this proposal provides that the nonbinding affirmative vote of the holders of the majority of the outstanding shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

VHC has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR this nonbinding advisory proposal. If VHC attends the meeting in person or by proxy and votes as indicated, the stockholders will, by a nonbinding advisory vote, approve this proposal.

- 4 -

Q: Assuming a quorum is present, what vote is required to approve any other matter to come before the meeting?

A: Except as applicable laws may otherwise provide, the approval of any other matter that may properly come before the meeting will require the affirmative votes of the holders of the majority of the outstanding shares represented and entitled to vote at the meeting. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote.

Q: If I am a stockholder of record, how will the agents named on my proxy card vote on any other matter to come before the meeting?

A: If you are a stockholder of record and to the extent allowed by applicable law, the agents named on your proxy card will vote in their discretion on any other matter that may properly come before the meeting.

Q: Who will pay for the cost of soliciting the proxies?

A: We will pay all expenses related to the solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to the solicitation by mail, our directors, officers and regular employees may solicit proxies by telephone or in person for which such persons will receive no additional compensation. Upon request, we will reimburse brokerage firms or other nominees for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of our common stock that hold such stock in accounts with such entities.

- 5 -

CORPORATE GOVERNANCE

Controlled Company Status, Director Independence and Committees. Because of VHC's ownership of approximately 92.6% of the outstanding shares of our common stock, we are considered a controlled company under the listing standards of the NYSE. Pursuant to the listing standards, a controlled company may choose not to have a majority of independent directors, independent compensation, nominations or corporate governance committees or charters for these committees. We have chosen not to have an independent nominations or corporate governance committee or charters for these committees. Our board of directors believes that the full board of directors best represents the interests of all of our stockholders and that it is appropriate for all matters that would otherwise be considered by a nominations, corporate governance or risk oversight committee to be considered and acted upon by the full board of directors. Applying the NYSE director independence standards without any additional categorical standards, our board of directors has determined that Thomas E. Barry, Norman S. Edelcup, Elisabeth C. Fisher, W. Hayden McIlroy and Mary A. Tidlund are independent and have no material relationship with us other than serving as our directors. While the members of our management development and compensation committee currently satisfy the independence requirements of the NYSE, we have chosen not to satisfy all of the NYSE corporate governance standards for a compensation committee, including not having a charter for our management development and compensation committee.

2015 Meetings and Standing Committees of the Board of Directors. The board of directors held nine meetings in 2015. Each of our incumbent directors attended at least 94% of the board meetings and meetings of the committees on which he or she served that were held while he or she was in office during 2015. It is expected that each director nominee will attend our 2016 annual meeting of stockholders, which is held immediately before the annual meeting of the board of directors. All six of our current directors who were elected at our 2015 annual stockholder meeting attended such meeting.

The board of directors has established and delegated authority to two standing committees, which are described below. The board of directors is expected to elect the members of the standing committees at the board of directors annual meeting immediately following the annual stockholder meeting. The board of directors has previously established, and from time to time may establish, other committees to assist it in the discharge of its responsibilities. **Audit Committee.** Our audit committee assists with the board of directors' oversight responsibilities relating to our financial accounting and reporting processes and auditing processes. The purpose, authority, resources and responsibilities of our audit committee are more specifically set forth in its charter. Applying the requirements of the NYSE corporate governance standards (without additional categorical standards) and SEC regulations, as applicable, the board of directors has previously determined that:

- each member of our audit committee is independent, financially literate and has no material relationship with us other than serving as our director; and
- each of Mr. Norman S. Edelcup and Ms. Elisabeth C. Fisher is an "audit committee financial expert."

No member of our audit committee serves on more than three public company audit committees. For further information on the role of our audit committee, see the Audit Committee Report in this proxy statement. The current members of our audit committee are Thomas E. Barry (chairman), Elisabeth C. Fisher, W. Hayden McIlroy and Mary A. Tidlund. Our audit committee held eight meetings in 2015. Mr. Edelcup, who is not standing for reelection as a director, was previously a member of our audit committee until March 2016.

Management Development and Compensation Committee. The principal responsibilities of our management development and compensation committee are:

- to recommend to the board of directors whether or not to approve any proposed charge to us or any of our privately held subsidiaries pursuant to an ISA with a related party;
- to review, approve, administer and grant awards under our equity compensation plans; and
- to review and administer such other compensation matters as the board of directors may direct from time to time.

As discussed above, the board of directors has determined that each member of our management development and compensation committee is independent by applying the NYSE director independence standards (without additional categorical standards). The management development and compensation committee may delegate to its members or our officers any or all of its authority as it may choose subject to certain limitations of Delaware law on what duties directors may delegate. The committee has not exercised this right of delegation. With respect to the role of our executive officers in determining or recommending the amount or form of executive compensation, see the Compensation Discussion and Analysis section of this proxy statement. With respect to director cash compensation, our executive officers make recommendations on such compensation directly to our board of directors for its consideration without involving the management development and compensation committee. The current members of our management development and compensation committee are Norman S. Edelcup (chairman) and Thomas E. Barry. Our management development and compensation committee held one meeting in 2015. Mr. Edelcup is not standing for reelection as a director. It is our expectation that following the meeting, one or more of our independent directors will be appointed to serve on our management development and compensation committee with Dr. Barry.

Risk Oversight. Our board of directors oversees the actions we take in managing our material risks. Our management is responsible for our day-to-day management of risk. The board's oversight of our material risks is undertaken through, among other things, various reports and assessments that management presents to the board and the related board discussions. The board has delegated some of its primary risk oversight to our audit committee and management development and compensation committee. Our audit committee annually receives management's reports and assessments on, among other things, the risk of fraud, certain material business risks and a ranking of such material business risks and our insurance program. The audit committee also receives reports from our independent registered public accounting firm regarding, among other things, financial risks and the risk of fraud. Our management development and compensation committee receives management's assessments on the likelihood that our compensation policies and practices could have a material adverse effect on us, as more fully described in the Compensation Policies and Practices as They Relate to Risk Management section of this proxy statement. The audit committee and management development and compensation committee report to the board of directors about their meetings. We believe the leadership structure of the board of directors is appropriate for our risk oversight.

Identifying and Evaluating Director Nominees. Historically, our management has recommended director nominees to the board of directors. As stated in our corporate governance guidelines:

- our board of directors has no specific minimum qualifications for director nominees;
- each nominee should possess the necessary business background, skills and expertise at the policy-making level and a willingness to devote the required time to the duties and responsibilities of membership on the board of directors; and
- the board of directors believes that experience as our director is a valuable asset and that directors who have served on the board for an extended period of time are able to provide important insight into our current and future operations.

In identifying, evaluating and determining our director nominees, the board of directors follows such corporate governance guidelines. The board also considers the nominee's ability to satisfy the need, if any, for required expertise on the board of directors or one of its committees. While we do not have any policy regarding the diversity of our nominees, the board does consider diversity in the background, skills and expertise at the policy making level of our director nominees, and as a result our board believes our director nominees possess a diverse range of senior management experience that aids the board in fulfilling its responsibilities. The board of directors believes its procedures for identifying and evaluating director nominees are appropriate for a controlled company under the NYSE corporate governance standards.

- 15 -

Leadership Structure of the Board of Directors and Independent Director Meetings. Steven L. Watson serves as our chairman of the board and chief executive officer. Pursuant to our corporate governance guidelines, our independent directors are entitled to meet on a regular basis throughout the year, and will meet at least once annually, without the participation of our other directors who are not independent. While we do not have a lead independent director, the chairman of our audit committee presides at all of the meetings of our independent directors. The board of directors believes our leadership structure is appropriate for a controlled company under the NYSE corporate governance standards. The board of directors believes our leadership structure is appropriate because the board recognizes that while there is no single organizational structure that is ideal in all circumstances, the board believes that having one individual serve as our chairman of the board and chief executive officer reflects the established working relationship between him and our other executive officers regarding our businesses, and provides an appropriate breadth of experience and perspective that effectively facilitates the formulation of our long-term strategic direction and business plans. In addition, the board of directors believes that since Steven L. Watson and our other executive officers are employees of Contran, their respective service in their capacities is beneficial in providing strategic leadership for us since there is a commonality of interest that is closely aligned in building long-term stockholder value for all of our stockholders. In 2015, we complied with the NYSE requirements for meetings of our independent directors. Stockholder Proposals and Director Nominations for the 2017 Annual Meeting of Stockholders. Stockholders may submit proposals on matters appropriate for stockholder action at our annual stockholder meetings, consistent with rules adopted by the SEC. We must receive such proposals not later than December 10, 2016 to be considered for inclusion in the proxy statement and form of proxy card relating to our annual meeting of stockholders in 2017. Our bylaws require that the proposal set forth a brief description of the proposal, the name and address of the proposing stockholder as they appear in our records, the number of shares of our common stock the stockholder holds and any material interest the stockholder has in the proposal.

The board of directors will consider the director nominee recommendations of our stockholders in accordance with the process discussed above. Our bylaws require that a nomination set forth the name and address of the nominating stockholder, a representation that the stockholder will be a stockholder of record entitled to vote at the annual stockholder meeting and intends to appear in person or by proxy at the meeting to nominate the nominee, a description of all arrangements or understandings between the stockholder and the nominee (or other persons pursuant to which the nomination is to be made), such other information regarding the nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC and the consent of the nominee to serve as a director if elected.

For proposals or director nominations to be brought at the 2017 annual meeting of stockholders but not included in the proxy statement for such meeting, our bylaws require that the proposal or nomination must be delivered or mailed to our principal executive offices in most cases no later than February 24, 2017. Proposals and nominations should be addressed to our corporate secretary at Valhi, Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240 2697.

Communications with Directors. Stockholders and other interested parties who wish to communicate with the board of directors or its independent directors may do so through the following procedures. Such communications not involving complaints or concerns regarding accounting, internal accounting controls and auditing matters related to us may be sent to the attention of our corporate secretary at Valhi, Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697. Provided that any such communication relates to our business or affairs and is within the function of our board of directors or its committees, and does not relate to insignificant or inappropriate matters, such communication, or a summary of such communication, will be forwarded to the chairman of our audit committee, who also serves as the presiding director of our independent director meetings.

Complaints or concerns regarding accounting, internal accounting controls and auditing matters, which may be made anonymously, should be sent to the attention of our general counsel with a copy to our chief financial officer at the same address as our corporate secretary. These complaints or concerns will be forwarded to the chairman of our audit committee. We will investigate and keep these complaints or concerns confidential and anonymous, to the extent feasible, subject to applicable law. Information contained in such a complaint or concern may be summarized, abstracted and aggregated for purposes of analysis and investigation.

Compensation Committee Interlocks and Insider Participation. As discussed above, for 2015 the management development and compensation committee was composed of Norman S. Edelpcup and Thomas E. Barry. No member of the committee:

- was an officer or employee of ours during 2015 or any prior year;
- had any related party relationships with us that requires disclosure under applicable SEC rules; or
- had any interlock relationships under applicable SEC rules.

· For 2015, no executive officer of ours had any interlock relationships within the scope of the intent of applicable SEC rules. However, at certain times in 2015 each of Steven L. Watson, William J. Lindquist (formerly an executive officer of ours) and Bobby D. O'Brien was an executive officer of ours and on the board of directors of Contran when concurrently also serving as one of our directors.

Code of Business Conduct and Ethics. We have adopted a code of business conduct and ethics. The code applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. Only the board of directors may amend the code. Only our audit committee or other committee of the board of directors with specifically delegated authority may grant a waiver of this code. We will disclose amendments to or waivers of the code as required by law and the applicable rules of the NYSE.

Corporate Governance Guidelines. We have adopted corporate governance guidelines to assist the board of directors in exercising its responsibilities. Among other things, the corporate governance guidelines provide for director qualifications, for independence standards and responsibilities, for approval procedures for ISAs and that our audit committee chairman preside at all meetings of the independent directors.

Availability of Corporate Governance Documents. A copy of each of our audit committee charter, code of business conduct and ethics and corporate governance guidelines is available on our website at www.valhi.net under the corporate governance section.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS AND OTHER INFORMATION

Compensation Discussion and Analysis. This compensation discussion and analysis describes the key principles and factors underlying our executive compensation policies for our named executive officers. In each of the last three years, all of our named executive officers were employed by Contran and provided their services to us pursuant to our ISA with Contran. Such individuals also provided services to CompX, Kronos Worldwide and NL under Contran's ISAs with those companies.

As defined in the Glossary of Terms at the beginning of this proxy statement, the phrase "named executive officers" refers to the five persons whose compensation is summarized in the 2015 Summary Compensation Table in this proxy statement. Such phrase is not intended to refer, and does not refer, to all of our executive officers.

Nonbinding Advisory Stockholder Vote on Executive Officer Compensation. For the 2015 annual meeting of stockholders, we submitted a nonbinding advisory proposal recommending the stockholders adopt a resolution approving the compensation of our named executive officers as disclosed in the 2015 proxy statement. At the annual meeting, the resolution received the affirmative vote of 95.9% of the eligible votes. We considered the favorable result and determined not to make any material changes to our compensation practices.

Intercorporate Services Agreements. We pay Contran a fee for services provided by Contran to us pursuant to our ISA with Contran, which fee was approved by our independent directors after receiving the recommendation of our management development and compensation committee and the concurrence of our chief financial officer. Such services provided under this ISA included the services of our named executive officers, all of which as noted above were employed by Contran, and as a result a portion of the aggregate ISA fee we paid to Contran was paid for services provided to us by our named executive officers. The nature of the duties of each of our named executive officers is consistent with the duties normally associated with the officer titles and positions such officer holds with us. Pursuant to Contran's ISAs with CompX, Kronos Worldwide and NL, those companies also paid a fee to Contran for, among other things, the services our named executive officers provided to those companies, which fees were approved by the independent directors of those companies.

The charges under these ISAs reimburse Contran for its cost of employing the personnel who provide the services by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. The amount of the fee we paid for each year under these ISAs for a person who provided services to us represents, in management's view, the reasonable equivalent of "compensation" for such services. See the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement for the aggregate amount we paid to Contran in 2015 under these ISAs. Under the various ISAs among Contran and its subsidiaries and affiliates, we share the cost of the employment of our named executive officers with Contran and certain of its publicly and privately held subsidiaries. For our named executive officers, the portion of the annual charge we paid for each of the last three years to Contran, as applicable, under these ISAs attributable to each of their services is set forth in footnote 2 to the 2015 Summary Compensation Table in this proxy statement. As discussed further below, the amounts charged under the ISAs are dependent upon Contran's cost of employing or engaging the personnel who provide the services to us (including the services of our named executive officers) by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. The amount charged under the ISAs is not dependent upon our financial performance.

We believe the cost of the services received under our ISA with Contran, after considering the quality of the services received, is fair to us and is no less favorable to us than we could otherwise obtain from an unrelated third party for comparable services, based solely on our collective business judgment and experience without performing any independent market research.

In the early part of each year, Contran's management, including certain of our named executive officers, estimates the percentage of time that each Contran employee, including our named executive officers, is expected to devote in the upcoming year to Contran and its subsidiaries and affiliates, including us. Contran's management then allocates Contran's cost of employing each of its employees among Contran and its various subsidiaries and affiliates based on such estimated percentages. Contran's aggregate cost of employing each of its employees comprises:

- the annualized base salary of such employee at the beginning of the year;
- an estimate of the bonus Contran will pay or accrue for such employee (other than bonuses for specific matters) for the year, using as a reasonable approximation for such bonus the actual bonus that Contran paid or accrued for such employee in the prior year; and
- Contran's portion of the social security and medicare taxes on such base salary and an estimated overhead factor (23% for 2015 and 25% for each of 2014 and 2013) applied to the base salary for the cost of medical and life insurance benefits, unemployment taxes, disability insurance, defined benefit and defined contribution plan benefits, professional education and licensing and costs of providing an office, equipment and supplies related to providing such services.

Contran's senior management subsequently made such adjustments to the details of the proposed ISA charge as they deemed necessary for accuracy, overall reasonableness and fairness to us.

In the first quarter of each year, the proposed charge for that year under our ISA with Contran was presented to our management development and compensation committee, and the committee considered whether to recommend that our board of directors approve the ISA charge. Among other things during such presentation, the committee was informed of:

- the quality of the services Contran provides to us, including the quality of the services our executive officers provide to us;
- for comparative purposes, the \$1.0 million charge to us in 2013 for the services of Harold C. Simmons as our chairman of the board prior to his death on December 28, 2013, and the lack of such charges to us in 2014 and 2015;
- the comparison of the ISA charge and number of full-time equivalent employees reflected in the charge by department for the prior year and proposed for the current year;
- the comparison of the prior year and proposed current year charges by department and in total and such amounts as a percentage of Contran's similarly calculated costs for its departments and in total for those years;

- 18 -

- the comparison of the prior year and proposed current year average hourly rate; and
- the concurrence of our chief financial officer as to the reasonableness of the proposed charge.

In determining whether to recommend that the board of directors approve the proposed ISA fee to be charged to us, the management development and compensation committee considers the three elements of Contran's cost of employing the personnel who provide services to us, including the cost of employing our named executive officers, in the aggregate and not individually. After considering the information contained in such presentations, and following further discussion and review, our management development and compensation committee recommended that our board of directors approve the proposed ISA fee after concluding that:

- the cost to employ the personnel necessary to provide the quality of the services provided by Contran would exceed the proposed aggregate fee to be charged by Contran to us under our ISA with Contran; and
- the cost for such services would be no less favorable than could otherwise be obtained from an unrelated third party for comparable services in the committee's collective business judgment and experience, without performing any independent market research.

In reaching its recommendation, our management development and compensation committee did not review:

- any ISA charge from Contran to any other publicly held parent or sister company, although such charge was separately reviewed by the management development and compensation committee of the applicable company; and
- the compensation policies of Contran or the amount of time our named executive officers are expected to devote to us because:

- o each of our named executive officers provides services to many companies related to Contran, including Contran itself;
- o the fee we pay to Contran under our ISA with Contran each year does not represent all of Contran's cost of employing each of our named executive officers;
- o Contran and these other companies related to Contran absorb the remaining amount of Contran's cost of employing each of our named executive officers; and
- o the members of our management development and compensation committee consider the other factors discussed above in determining whether to recommend that the proposed ISA fee for each year be approved by the full board of directors.

Based on the recommendation of our management development and compensation committee, as well as the concurrence of our chief financial officer, our independent directors approved the proposed annual ISA charge effective January 1, 2015, with our other directors abstaining.

For financial reporting and income tax purposes, the ISA fee is expensed as incurred on a quarterly basis. Contran has implemented a limit of \$1.0 million on any individual's charge to a publicly held company in order to enhance the deductibility by the company of the charge for tax purposes under Section 162(m) of the Internal Revenue Code of 1986, if such section were to be deemed applicable. Section 162(m) generally disallows a tax deduction to publicly held companies for non-performance based compensation over \$1.0 million paid to the company's chief executive officer and four other most highly compensated executive officers.

Director Fees, including Equity-Based Compensation. We, CompX, Kronos Worldwide and NL, as applicable, each paid director fees in the form of cash and stock compensation to certain of our named executive officers who also served on our or their board of directors. Other than these director fees, we did not pay any compensation directly to our named executive officers. See the Director Compensation section of this proxy statement.

The 2015 Summary Compensation Table sets forth in footnote 2 the cash fees we, CompX, Kronos Worldwide and NL, as applicable, paid to each of Messrs. Watson, Graham and O'Brien for his director services. The director fees paid to each of them are the annual director retainer fees and the fees for attending board meetings, as our named executive officers who also serve on these boards of directors are not members of any board committee. The cash director fees are not dependent upon the financial performance of any of these companies.

The 2015 Summary Compensation Table sets forth in footnote 3 the director stock grants we, CompX, Kronos Worldwide or NL, as applicable, paid to each of Messrs. Watson, Graham and O'Brien for his director services in the last three years. See the 2015 Grants of Plan-Based Awards section in this proxy statement for a discussion of these annual grants and the formula by which the stock awards are determined. The stock grants Messrs. Watson, Graham and O'Brien received were pursuant to the same formula used for all directors. The dollar amount of the stock awards appearing in the 2015 Summary Compensation Table represents the value recognized for financial statement reporting purposes of shares of common stock we, CompX, Kronos Worldwide or NL, as applicable, granted to each of Messrs. Watson, Graham and O'Brien for his director services.

Prior to 2013, we decided to forego the grant of any equity compensation other than annual awards of stock to our directors, as discussed above. We also do not have any security ownership requirements or guidelines for our management or directors. We do not currently anticipate any equity-based compensation will be granted in 2016, other than the annual grants of stock to our directors.

Deductibility of Compensation. It is our general policy to structure the performance-based portion of the compensation of our executive officers, if any, in a manner that enhances our ability to deduct fully such compensation under Section 162(m) of the Internal Revenue Code.

Compensation Committee Report. The management development and compensation committee has reviewed with management the Compensation Discussion and Analysis section in this proxy statement. Based on the committee's review and a discussion with management, the committee recommended to the board of directors that our compensation discussion and analysis be included in this proxy statement. The following individuals, in the capacities indicated, hereby submit the foregoing report.

The members of our Management Development and Compensation Committee submit the foregoing report as of February 25, 2016.

All of our named executive officers were employees of Contran for the last three years and provided their services to us and our subsidiaries pursuant to our ISA with Contran. For a discussion of this ISA, see the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement.

The amounts shown in the 2015 Summary Compensation Table as salary for each named executive officer include the portion of the fees we and our subsidiaries paid to Contran pursuant to certain ISAs with respect to the services such officer rendered to us and our subsidiaries. The ISA charges disclosed for Contran employees who perform executive officer services to us and our subsidiaries are based on various factors described in the Compensation Discussion and Analysis section of this proxy statement. Our management development and compensation committee considers the factors described in the Compensation Discussion and Analysis section of this proxy statement in determining whether to recommend that our board of directors approve the proposed aggregate ISA fee from Contran to us and our privately held subsidiaries. As discussed in the Compensation Discussion and Analysis section of this proxy statement, our management development and compensation committee does not consider any ISA charge from Contran to any other publicly held sister company or subsidiary of ours, although such charge is separately reviewed by the management development and compensation committee of the applicable company. The amounts shown in the table as salary for each of Messrs. Graham, O'Brien and Watson also include director cash compensation paid to each of them by us and our subsidiaries. For the purposes of this table, the stock award comprised the following number of shares and were valued at the (b)following closing price per share of such shares on their date of grant, consistent with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718:

Common Stock	Shares Granted	Date of Grant	Closing Price on Date of Grant	Dollar Value of Stock Award
CompX Class A Common Stock	1,000	05/27/15	\$11.50	\$11,500
Kronos Worldwide Common Stock	1,000	05/20/15	\$12.56	\$12,560
NL Common Stock	1,500	05/21/15	\$7.36	\$11,040

Ms. Tidlund did not stand for re-election at our 2015 Annual Meeting, so her term as a 2015 director ended in May (5)2015. Mr. Lindquist resigned as a director in August 2015. Accordingly, their director compensation reflects that they did not serve as a director for all of 2015.

The amount shown in the table as all other compensation for Mr. Lindquist represents the portion of the 2015 ISA (6)fees we and our subsidiaries paid pursuant to our ISA with Contran with respect to Mr. Lindquist's non-director services.

Compensation Policies and Practices as They Relate to Risk Management. We believe that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us. In reaching this conclusion, we considered the following:

- other than stock grants to directors, we do not grant equity awards to our employees, officers or other persons who provide services to us under the ISA between Contran and us, which mitigates taking excessive or inappropriate risk for short-term gain that might be rewarded by equity compensation;
- certain senior employees of CompX and Kronos Worldwide are eligible to receive incentive bonus payments that are determined on a discretionary basis and do not guarantee the employee a particular level of bonus based on the achievement of a specified performance or financial target, which also mitigates taking excessive or inappropriate risk for short-term gain;
- certain key employees of CompX and Kronos Worldwide are eligible to receive bonuses determined in part on the achievement of specified performance or financial targets based on the respective business plan for the year (with respect to CompX) or on the achievement of specified performance or financial targets (with respect to Kronos Worldwide), but the chance of such employees undertaking actions with excessive or inappropriate risk for short-term gain in order to achieve such bonuses is mitigated because:
 - o the senior officers employed by CompX or Kronos Worldwide who are responsible for setting the specified performance or financial targets or establishing and executing such business plan are not eligible to receive such bonuses based on the business plan, but instead are only eligible for the discretionary-based bonuses described above; and
 - o there exist ceilings for our other CompX and Kronos Worldwide key employee bonuses (which are not a significant part of their compensation) regardless of the actual level of our financial performance achieved;
- our officers and other persons who provide services to us under the ISAs do not receive compensation from us directly and are employed by Contran, one of our parent corporations, which aligns such officers and persons with the long-term interests of our stockholders;
- since we are a controlled company, as previously discussed, management has a strong incentive to understand and perform in the long-term interests of our stockholders; and
- our experience is that our employees are appropriately motivated by our compensation policies and practices to achieve profits and other business objectives in compliance with our oversight of material short and long-term risks.

For a discussion of our compensation policies and practices for our executive officers, please see the Compensation Discussion and Analysis section of this proxy statement.

Compensation Consultants. Neither our board of directors, management development and compensation committee nor management has engaged any compensation consultants.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires our executive officers, directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership with the SEC, the NYSE and us. Based solely on the review of the copies of such forms and representations by certain reporting persons, we believe that for 2015 our executive officers, directors and 10% shareholders complied with all applicable filing requirements under section 16(a), except as previously disclosed in last year's proxy statement and except for a late Form 4 filed by Mr. W. Hayden McElroy.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Related Party Transaction Policy. From time to time, we engage in transactions with affiliated companies. In June 2015, our board of directors adopted a Policy Regarding Related Party Transactions, or RPT Policy. Pursuant to such RPT Policy, all related party transactions to which we are or are proposed to be a party shall be approved or ratified by our independent directors in accordance with the terms of such RPT Policy, and such approval or ratification shall be done by our audit committee (unless another committee of our board of directors composed solely of independent directors, or all of the independent directors of our board, shall have approved or ratified the related party transaction). For certain ongoing related party transactions to which we are a party (referred to as ordinary course of business related party transactions), such approval or ratification shall occur no less frequently than once a year. The RPT Policy is available on our website at www.Valhi.net under the corporate governance section.

Following adoption of the RPT Policy, in 2015 our audit committee reviewed, adopted and ratified the following ordinary course of business related party transactions to which we are a party in accordance with the terms of such RPT Policy:

Risk Management Program – a program pursuant to which Contran and certain of its subsidiaries and related entities, including us, as a group purchase third-party insurance policies and risk management services, with the costs thereof apportioned among the participating companies;

Tax Sharing Agreement– the cash payments for income taxes periodically paid by us to Contran or received by us from Contran, as applicable, and related items pursuant to the terms of our tax sharing agreement with Contran (such tax sharing agreement being appropriate, given that we and our qualifying subsidiaries are members of the consolidated U.S. federal income tax return, and certain state and local jurisdiction income tax returns, of which Contran is the parent company);

Cash Management Loans – our unsecured revolving credit facility with Contran, which provides for loans to us by Contran of up to \$325 million;

Data Recovery Program – a program pursuant to which Contran and certain of its subsidiaries and related entities, including us, as a group share third-party information technology data recovery services, with the costs thereof apportioned among the participating companies; and

Guarantees and Related Items – agreements or arrangements pursuant to which certain of our affiliates may provide guarantees or pledge collateral with respect to our indebtedness or other obligations, or we may provide guarantees or pledge collateral with respect to indebtedness or other obligations of our affiliates.

Each of these ordinary course of business related party transactions, and the actions taken by the audit committee in fulfilling its duties and responsibilities under the RPT Policy, are more fully described below. Our audit committee was not required to approve and ratify the fee we paid to Contran in 2015 under our intercorporate services agreement with Contran, because such intercorporate services fee is approved by all of the independent directors of our board, as more fully described below. During 2015, we were not a party to any other related party transactions (ordinary course of business related party transactions or otherwise) requiring approval or ratification under the RPT Policy.

Relationships with Related Parties. As set forth under the Security Ownership section of this proxy statement, Lisa K. Simmons and Serena Simmons Connelly, through Contran, may be deemed to control us. We and other entities that may be deemed to be controlled by or related to Ms. Simmons and Ms. Connelly sometime engage in the following:

intercorporate transactions, such as guarantees, management, expense and insurance sharing arrangements, tax sharing agreements, joint ventures, partnerships, loans, options, advances of funds on open account and sales, leases and exchanges of assets, including securities issued by both related and unrelated parties; and

- 28 -

common investment and acquisition strategies, business combinations, reorganizations, recapitalizations, securities repurchases and purchases and sales (and other acquisitions and dispositions) of subsidiaries, divisions or other business units, which transactions have involved both related and unrelated parties and have included transactions that resulted in the acquisition by one related party of an equity interest in another related party.

We periodically consider, review and evaluate and understand that Contran and related entities periodically consider, review and evaluate such transactions. Depending upon the business, tax and other objectives then relevant and restrictions under indentures and other agreements, it is possible that we might be a party to one or more of such transactions in the future. In connection with these activities, we may consider issuing additional equity securities or incurring additional indebtedness. Our acquisition activities have in the past and may in the future include participation in acquisition or restructuring activities conducted by other companies that may be deemed to be related to Ms. Simmons and Ms. Connelly.

Certain directors or executive officers of CompX, Contran, Kronos Worldwide or NL also serve as our directors or executive officers. Such relationships may lead to possible conflicts of interest. These possible conflicts of interest may arise under circumstances in which such companies may have adverse interests. In such an event, we implement such procedures as are appropriate for the particular transaction and are consistent with the provisions of the RPT Policy.

Intercorporate Services Agreements. As discussed elsewhere in this proxy statement, we and certain related companies have entered into ISAs. Under the ISAs, employees of one company provide certain services, including executive officer services, to the other company on an annual fixed fee basis. The services rendered under the ISAs may include executive, management, financial, internal audit, accounting, tax, legal, insurance, real estate management, environmental management, risk management, treasury, human resources, technical, consulting, administrative, office, occupancy and other services as required from time to time in the ordinary course of the recipient's business. The fees paid pursuant to the ISAs are generally based upon an estimated percentage of the time devoted by employees of the provider of the services to the business of the recipient and the employer's cost related to such employees, which includes the expense for the employees' compensation and an overhead component that takes into account other employment related costs. Generally, each of the ISAs renews on a quarterly basis, subject to termination by either party pursuant to a written notice delivered 30 days prior to the start of the next quarter. Because of the number of companies related to Contran and us, we believe we benefit from cost savings and economies of scale gained by not having certain management, financial, legal, tax, real estate and administrative staffs duplicated at each company, thus allowing certain individuals to provide services to multiple companies. With respect to a publicly held company that is a party to an ISA, the ISA and the related aggregate annual charge are approved by the independent directors of the company after receiving the recommendation from the company's management development and compensation committee as well as the concurrence of the chief financial officer. See the Intercorporate Services Agreements part of the Compensation Discussion and Analysis section in this proxy statement for a more detailed discussion on the procedures and considerations taken by our independent directors in approving the aggregate 2015 ISA fees charged by Contran to us and our privately held subsidiaries.

The following table sets forth the fees paid by us and our subsidiaries to Contran in 2015 and the amounts anticipated to be paid to Contran in 2016 for services Contran provided us or our subsidiaries under the various ISAs, including the services of all of our named executive officers. The amounts indicated below for us include amounts paid by certain of our wholly-owned subsidiaries. Such fees for 2015 include an aggregate of \$211,200 paid to Contran with respect to the services provided by the son of a former affiliate of ours.

Recipient of Services from Contran under an ISA	Fees Paid to Contran under the ISA in 2015 (1) (In millions)	Fees Expected to be Paid to Contran under the ISA in 2016 (1) (In millions)

Valhi, Inc.	\$12.5	\$12.0
CompX International Inc.	3.0	3.1
Kronos Worldwide, Inc.	13.4	15.2
NL Industries, Inc.	6.9	6.2
Total	\$ 35.8	\$ 36.5

- 29 -

In addition to the reported ISA charges, we, NL, Kronos Worldwide and CompX paid director compensation to Messrs. Graham, O'Brien and Watson, as applicable, for their services as directors for 2015, as disclosed in the (1) 2015 Summary Compensation Table and the 2015 Director Compensation Table. We, NL, Kronos Worldwide and CompX, as applicable, expect to pay director compensation to these individuals in 2016.

Risk Management Program. We and Contran participate in a combined risk management program. Pursuant to the program, Contran and certain of its subsidiaries and related entities, including us and certain of our subsidiaries and related entities, as a group, purchase insurance policies and risk management services. The program apportions its costs among the participating companies. Tall Pines and EWI provide for or broker the insurance policies. Tall Pines purchases reinsurance for substantially all of the risks it underwrites. EWI also provides claims and risk management services and, where appropriate, engages certain third-party risk management consultants. Tall Pines is a captive insurance company wholly owned by us. EWI is a reinsurance brokerage and risk management company wholly owned by NL. Tall Pines purchases reinsurance from third-party insurance carriers with an A.M. Best Company rating of generally at least an "A-" (excellent) for substantially all of the risks it underwrites. Consistent with insurance industry practices, Tall Pines and EWI receive commissions from insurance and reinsurance underwriters and/or assess fees for the policies that they provide or broker.

With respect to certain of such jointly owned insurance policies, it is possible that unusually large losses incurred by one or more insureds during a given policy period could leave the other participating companies without adequate coverage under that policy for the balance of the policy period. As a result, Contran and certain of its subsidiaries or related companies, including us, have entered into a loss sharing agreement under which any uninsured loss is shared by those companies who have submitted claims under the relevant policy. We believe the benefits in the form of reduced premiums and broader coverage associated with the group coverage for such policies justify the risks associated with the potential for any uninsured loss.

During 2015, Contran (and a wholly owned subsidiary of Contran) paid Tall Pines and EWI in the aggregate approximately \$5.4 million. In addition, during 2015 we, CompX, Kronos Worldwide and NL paid Tall Pines and EWI in the aggregate approximately \$17.4 million. These amounts principally represent payments for insurance premiums, including premiums or fees paid to Tall Pines and commissions or fees paid to EWI. These amounts also include payments to insurers or reinsurers through EWI for the reimbursement of claims within our applicable deductible or retention ranges that such insurers and reinsurers paid to third parties on our behalf, as well as amounts for claims and risk management services and various other third-party fees and expenses incurred by the program. We expect these relationships with Contran will continue in 2016.

In both June and November 2015, our management made a presentation to our audit committee regarding our participation in the combined risk management program. Among other things during such presentation, the committee was informed of the following (in addition to the matters described above):

- the premiums for all of the insurance and reinsurance policies are set by third parties (the underwriters for the insurance or reinsurance carriers bearing the risk), without any markup by Tall Pines or EWI;
- the method by which the insurance premiums are allocated among the companies participating in the risk management program is generally the same as the basis used by the insurance or reinsurance carriers to establish the premiums for such insurance/reinsurance (i.e. the dominant premium factor, which is the factor that has the greatest impact on the premium, such as revenues, payroll or employee headcount);
- EWI provides claims and risk management services to each of the companies participating in the risk management program, including us, and where appropriate EWI engages third-party risk management consultants;
- the commissions received by Tall Pines and EWI from the insurance or reinsurance underwriters, and the fees assessed for the policies they so provide or broker, are in amounts equal to the commissions or fees which would be received by third-party brokers or underwriters;

the insurance coverages provided to us by the risk management program are sufficient and adequate for our purposes; the benefits to our participating in the risk management program include, among others, (a) the ability to obtain broader coverage, with strong/solvent underwriters, at a reduced cost as compared to the coverage and cost that would be available if we were to purchase insurance by itself, (b) the greater spread of risk among the companies participating in the risk management program, (c) the ability to obtain centralized premium and claim reporting, and (d) the ability to have access to the experienced risk management personnel of EWI, including in the areas of loss controls and claims processing; and the "cost of risk" metric, as defined by the Risk and Insurance Management Society, or RIMS, for the Contran group is lower as compared to the cost of risk as reflected in a recent RIMS benchmark survey for certain groups of companies comparable to the Contran group.

As part of such presentations, our chief financial officer, after consultation with other members of our management, advised the committee of his belief that our participation in the risk management program, including the allocation of its costs among us and the other entities participating in the risk management program, is fair and reasonable to us, and is on terms no less favorable than we could otherwise obtain from unrelated parties, and provided the committee with his recommendation that the committee approve, adopt and ratify our participation in the risk management program in all respects.

After considering the information contained in the presentations, including the recommendation of our chief financial officer, and following further discussion and review by the audit committee, our audit committee determined that our participation in the risk management program is fair and reasonable to us, and is on terms no less favorable than we could otherwise obtain from unrelated parties, in each case based on the collective business judgment and experience of members of the committee, and the committee approved, adopted and ratified our participation in the risk management program in all respects.

During 2015, the audit committees of CompX, Kronos Worldwide and NL approved and ratified their participation in the risk management program in accordance with the terms of their own RPT Policies.

Tax Matters. We and our qualifying subsidiaries are members of the consolidated U.S. federal tax return of which Contran is the parent company, which we refer to as the "Contran Tax Group." We are also a party to a tax sharing agreement with Contran. As a member of the Contran Tax Group and pursuant to the tax sharing agreement, we and our qualifying subsidiaries compute our provision for U.S. income taxes on a separate company basis using tax elections made by Contran. Pursuant to the tax sharing agreement and using tax elections made by Contran, we make payments to or receive payments from Contran in amounts we would have paid to or received from the U.S. Internal Revenue Service had we not been a member of the Contran Tax Group but instead had been a separate taxpayer. Refunds are limited to amounts previously paid under the tax sharing agreement. We and our qualifying subsidiaries are also a part of consolidated tax returns filed by Contran in certain U.S. state jurisdictions, and the terms of the tax sharing agreement also apply to state payments to these jurisdictions.

Under applicable law, we, as well as every other member of the Contran Tax Group, are each jointly and severally liable for the aggregate federal income tax liability of Contran and the other companies included in the group for all periods in which we are included in the group. Under our tax sharing agreement, Contran has agreed to indemnify us for any liability for income taxes of the Contran Tax Group in excess of our tax liability previously computed and paid by us in accordance with the tax sharing agreement.

Under certain circumstances, tax regulations could require Contran to treat items differently than we would have treated them on a stand-alone basis. In such instances, accounting principles generally accepted in the United States of America require us to conform to Contran's tax elections. For 2015, pursuant to our tax sharing agreement, we made net cash payments for income taxes to Contran of approximately \$2.5 million.

In June 2015, our management made a presentation to our audit committee regarding our tax sharing agreement with Contran. Among other things during such presentation, the committee was informed of the following (in addition to the matters described above):

- 31 -

the tax sharing agreement is consistent with accounting principles generally accepted in the United States of America, and consistent with applicable law and regulations; and

our income tax accounts are included in the scope of the annual audit of our consolidated financial statements performed by PwC, and PwC makes periodic reports to the committee regarding income tax matters related to us.

As part of such presentation, our chief financial officer and our chief tax officer advised the committee of their belief that the terms of the tax sharing agreement are consistent with the terms of applicable law and regulations, and are fair and reasonable to us, and are on terms no less favorable than would be present if we were not a party to the tax sharing agreement, and provided the committee with their recommendation that the committee approve, adopt and ratify the tax sharing agreement in all respects.

After considering the information contained in the presentations, including the recommendation of our chief financial officer and our chief tax officer, and following further discussion and review by the audit committee, our audit committee determined that the terms of the tax sharing agreement are no less favorable than would be present if we were not a party to the tax sharing agreement, in each case based on the collective business judgment and experience of members of the committee, and the committee approved, adopted and ratified the tax sharing agreement in all respects.

Related Party Loans for Cash Management Purposes. From time to time, loans and advances are made between us and various related parties pursuant to term and demand notes. These loans and advances are entered into principally for cash management purposes pursuant to our cash management program. When we loan funds to related parties, we are generally able to earn a higher rate of return on the loan than we would earn if the funds were invested in other instruments and. While certain of such loans may be of a lesser credit quality than cash equivalent instruments otherwise available to us, we believe that we have evaluated the credit risks involved, and that those risks are reasonable and reflected in the terms of the applicable loans. When we have outstanding indebtedness, we may still decide to enter into a loan to a related party either because the interest rate on the loan to the related party is at a higher rate of return as compared to the interest rate we are paying on our outstanding indebtedness, or the funds we would be loaning to the related party would not otherwise be used to pay down the outstanding indebtedness (such as, for example, in the case when the outstanding indebtedness has a maturity longer than the maturity of the loan to the related party). When we borrow from related parties, we are generally able to pay a lower rate of interest than we would pay if we borrowed from unrelated parties.

We have an unsecured revolving credit facility with Contran that, as amended, provides for borrowings from Contran of up to \$325 million. The facility, as amended, bears interest at prime plus 1% (4.50% at December 31, 2015), payable quarterly, and is due on demand, but in any event no earlier than December 31, 2017. The facility contains no financial covenants or other financial restrictions. We pay an unused commitment fee quarterly to Contran on the available balance (except during periods during which Contran would be a net borrower from us). The amount of any outstanding loans from Contran at any time under the facility is solely at the discretion of Contran. The largest amount of principal outstanding under this facility during 2015 was \$263.8 million. In 2015, we paid an aggregate of \$10.3 million of interest and unused commitment fees to Contran under this facility. We expect this relationship with Contran will continue in 2016.

In June 2015, our management made a presentation to our audit committee regarding our loan from Contran. Among other things during such presentation, the committee was informed of the following (in addition to the matters described above):

We currently have no third party credit facility in place, and previous attempts by us to obtain a credit facility from a third party in the recent past on terms reasonably acceptable to us have been unsuccessful (and in any event the third-party credit facility would have been on a secured basis);

One of Contran's sources of liquidity is currently a secured revolving credit facility with a third-party bank, with outstanding borrowings by Contran under this facility bearing interest at the prime rate, and this facility would be one source of liquidity for any loans Contran may make from time to time to us under our loan from Contran.

- 32 -

The interest rate we are currently paying on outstanding borrowings under our loan from Contran, while higher than the interest rate Contran is currently paying under its third-party revolving credit facility, is reasonable as compared to such Contran third-party interest rate, given among other things consideration of Contran's creditworthiness in relation to our creditworthiness and that Contran's loan to us would reasonably be at an interest rate higher as compared to the interest rate on Contran's borrowings under its third-party revolving credit facility.

As part of such presentation, our chief financial officer, after consultation with our treasurer and other members of our management, advised the committee of his belief that the terms of our loan from Contran are fair and reasonable to us, and are on terms no less favorable than we could otherwise obtain from unrelated parties, and provided the committee with his recommendation that the committee approve, adopt and ratify our loan from Contran in all respects.

After considering the information contained in the presentation, including the recommendation of our chief financial officer, and following further discussion and review by the audit committee, our audit committee determined that the terms of our loan from Contran are fair and reasonable to us, and are on terms no less favorable than we could otherwise obtain from unrelated parties, in each case based on the collective business judgment and experience of members of the committee, and the committee approved, adopted and ratified our loan from Contran in all respects.

Data Recovery Program. We and Contran participate in a combined information technology data recovery program that Contran provides from a data recovery center that it established. Pursuant to the program, Contran and certain of its subsidiaries and related entities, including us, as a group share information technology data recovery services. The program apportions its costs among the participating companies. Kronos Worldwide, WCS and EWI paid Contran \$144,000, \$116,000 and \$38,000, respectively, for such services in 2015. We expect these relationships with Contran will continue in 2016.

In June 2015, our management made a presentation to our audit committee regarding our participation in the combined data recovery program. Among other things during such presentation, the committee was informed of the following (in addition to the matters described above):

- The third-party cost of the data recovery program is passed through to the companies participating in the data recovery program, including us, without markup;

- Such third-party cost is allocated to the companies participating in the data recovery program, including us, based on the number of information technology data racks used by each of the companies participating in the data recovery program;

- The back-up site made available to us under the data recovery program is sufficient and adequate for our purposes; and

- The benefits to our participating in the data recovery program include, among others, the ability to share in the cost of a third-party, off-site data recovery center at a reduced cost as compared to the cost to be incurred if we were to obtain a third-party, off-site data recovery center by ourselves, as well as the shared administration of the third-party, off-site data recovery center as compared to the cost of administering such a site by ourselves.

As part of such presentation, our chief financial officer, after consultation with other members of our management, advised the committee of his belief that our participation in the data recovery program, including the allocation of its costs among us and the other entities participating in the data recovery program, is fair and reasonable to us, and is on terms no less favorable than we could otherwise obtain from unrelated parties, and provided the committee with his recommendation that the committee approve, adopt and ratify our participation in the data recovery program in all respects.

After considering the information contained in the presentation, including the recommendation of our chief financial officer, and following further discussion and review by the audit committee, our audit committee determined that our participation in the data recovery program is fair and reasonable to us, and is on terms no less favorable than we could otherwise obtain from unrelated parties, in each case based on the collective business judgment and experience of members of the committee, and the committee approved, adopted and ratified our participation in the data recovery program in all respects.

- 33 -

During 2015, the audit committee of Kronos Worldwide and NL approved and ratified their participation in the data recovery program in accordance with the terms of their own RPT Policies.

Guarantees Provided to Valhi by Affiliates and Related Items. From time to time, Contran and its affiliates may provide guarantees and/or pledge collateral with respect to our indebtedness or our other obligations. During 2015, WCS was required to provide financial assurances to Texas government agencies with respect to certain decommissioning obligations related to WCS's facilities in West Texas, and Contran and its affiliates provided or assisted WCS with such financial assurances. In addition, a Contran affiliate guaranteed indebtedness of WCS under a financing capital lease, and guaranteed certain indebtedness and deferred payment obligations of TRECO to a third party. Each of these matters are more fully described below. We expect these relationships with Contran and its affiliates will continue in 2016.

During 2015, VHC guaranteed certain WCS decommissioning obligations, currently estimated at \$3.9 million, related to certain WCS licenses and permits. VHC's obligations would arise only upon the closure of the licensed facilities and WCS's failure to perform the required decommissioning activities. We do not currently expect VHC will be required to perform under such guarantee for the foreseeable future.

During 2015, Contran issued a letter of credit under its third-party revolving bank credit facility to the state of Texas related to specified decommissioning obligations associated with WCS's byproduct facility. At December 31, 2015, the amount of this letter of credit was \$6.1 million. The letter of credit would only be drawn down upon the closure of WCS's byproduct facility and WCS's failure to perform the required decommissioning activities. We do not currently expect that the letter of credit will have to be drawn down for the foreseeable future. In return for issuing the letter of credit, WCS reimbursed Contran for the cost incurred by Contran for issuing the letter of credit under its third-party revolving bank credit facility, which aggregated \$0.1 million in 2015.

During 2015, Contran and VHC guaranteed WCS's obligations under a surety bond with a total value of \$87.9 million at December 31, 2015, which was issued by two third-party insurance companies on WCS's behalf for the benefit of the state of Texas, in connection with a portion of the financial assurance associated with WCS's low-level radioactive waste disposal facility. As part of this surety bond, WCS is required to make quarterly cash payments into a collateral trust at a rate sufficient such that the aggregate amount of such payments funded into the collateral trust would equal 50% of the total value of the bond by April 2021. At December 31, 2015, WCS had made payments totaling \$16.1 million. The guaranty obligations are triggered upon WCS's failure to make the required quarterly payments into the collateral account. We do not currently expect that Contran or VHC will be required to perform under such guarantee for the foreseeable future.

During 2015, VHC guaranteed WCS's obligations under a financing capital lease with the county of Andrews, Texas, and Contran pledged certain shares of our non-voting preferred stock held by Contran as collateral. At December 31, 2015, the carrying amount of this indebtedness was \$65.6 million.

At December 31, 2015, VHC had guaranteed Tremont's obligations under a promissory note payable (\$17.1 million principal amount outstanding) and a deferred payment obligation (\$11.1 million face value, \$8.8 million carrying value), in each case issued by Tremont in connection with the acquisition of an additional ownership interest in BMI and LandWell in December 2013.

In June 2015, our management made a presentation to our audit committee regarding the guarantees and related items provided to us and our subsidiaries by Contran and its affiliates. Among other things during such presentation, the committee was informed of the following (in addition to the matters described above):

- 34 -

In connection with the guarantees and related items, the company benefiting from the guarantee has generally indemnified the guarantor from any loss the guarantor might suffer as a result of the guarantor providing the guarantees;

the benefits to us of having such guarantees and related items issued or provided on our behalf include, among other things, the fact that the third-party beneficiaries of such guarantees and related items would not have entered into the transaction associated with such guarantees in the absence of such guarantees; and

other than the reimbursement of Contran's cost of issuing the letter of credit under its third-party revolving bank credit facility, these guarantees and related items have been issued or provided on our behalf without cost to us.

As part of the presentation, our chief financial officer, after consultation with other members of our management, advised the committee of his belief that the guarantees and related items issued or provided on our behalf are fair and reasonable to us, and are on terms no less favorable to us than could be obtained from unrelated parties, and provided the committee with his recommendation that the committee approve, adopt and ratify the guarantees and related items in all respects.

After considering the information contained in the presentation, including the recommendation of our chief financial officer, and following further discussion and review by the audit committee, our audit committee determined that the terms of the guarantees and related items issued or provided on our behalf are fair and reasonable to us, and are on terms no less favorable than we could otherwise obtain from unrelated parties, in each case based on the collective business judgment and experience of members of the committee, and the committee approved, adopted and ratified the guarantees and related items in all respects.

Guarantees Provided by Valhi to Affiliates and Related Items. From time to time, we and our subsidiaries may provide guarantees and/or pledge collateral with respect to indebtedness or other obligations of Contran and its affiliates. At December 31, 2015, we had pledged an aggregate 31.2 million shares of our Kronos Worldwide common stock as collateral under Contran's third-party revolving bank credit facility. We receive an annual fee from Contran for pledging these shares equal to the aggregate fair market value of the shares pledged multiplied by 50 basis points, payable quarterly. During 2015 we received \$0.8 million from Contran for this pledge. We expect this relationship with Contran will continue in 2016.

In June 2015, our management made a presentation to our audit committee regarding the pledge of Kronos Worldwide shares for the benefit of Contran. Among other things during such presentation, the committee was informed of the following (in addition to the matters described above):

In connection with our pledge of the Kronos Worldwide shares, Contran has indemnified us from any loss we might suffer as a result of providing the pledge;

the benefits to us of pledging such shares of Kronos Worldwide common stock include, among other things, the fact that we currently have a \$325 million revolving credit facility with Contran, and the Contran third-party revolving bank credit facility is one of Contran's sources of liquidity in order for Contran to have sufficient funds to loan to us under our loan from Contran, and Contran has issued a letter of credit under the Contran third-party revolving bank credit facility for the benefit of WCS.

As part of the presentation, our chief financial officer, after consultation with other members of our management, advised the committee of his belief that the terms of the pledge of our shares of Kronos Worldwide common stock as collateral under Contran's third-party revolving bank credit facility (including the fee we receive for such pledge) is fair and reasonable to us, and is on terms no less favorable than we could otherwise obtain from unrelated parties, and provided the committee with his recommendation that the committee approve, adopt and ratify such pledge in all respects.

- 35 -

After considering the information contained in the presentation, including the recommendation of our chief financial officer, and following further discussion and review by the audit committee, our audit committee determined that the terms of the pledge of our shares of Kronos Worldwide common stock as collateral under Contran's third-party revolving bank credit facility (including the fee we receive for such pledge) is fair and reasonable to us, and is on terms no less favorable than we could otherwise obtain from unrelated parties, in each case based on the collective business judgment and experience of members of the committee, and the committee approved, adopted and ratified such pledge in all respects.

AUDIT COMMITTEE REPORT

Our audit committee of the board of directors is composed of three directors and operates under a written charter adopted by the board of directors. All members of our audit committee meet the independence standards established by the board of directors and the NYSE and promulgated by the SEC under the Sarbanes-Oxley Act of 2002. One member of our audit committee meets the audit committee financial expert requirements under the applicable SEC rules. The audit committee charter is available on our website at www.valhi.net under the corporate governance section, and our audit committee reviews the adequacy of and compliance with such charter annually.

Our management is responsible for, among other things, preparing our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, or "GAAP," establishing and maintaining internal control over financial reporting (as defined in Securities Exchange Act Rule 13a-15(f)) and evaluating the effectiveness of such internal control over financial reporting. Our independent registered public accounting firm is responsible for auditing our consolidated financial statements in accordance with the standards of the PCAOB and for expressing an opinion on the conformity of the financial statements with GAAP. Our independent registered public accounting firm is also responsible for auditing our internal control over financial reporting in accordance with such standards and for expressing an opinion on our internal control over financial reporting.

Our audit committee assists the board of directors in fulfilling its responsibility to oversee management's implementation of our financial reporting process and the audits of our consolidated financial statements and our internal control over financial reporting. Our audit committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. As part of fulfilling this responsibility, our audit committee engages in an annual evaluation of, among other things, the firm's qualifications, competence, integrity, expertise, performance, independence and communications with the committee (including these factors as they relate specifically to the firm's lead audit engagement partner), and whether the current firm should be retained for the upcoming year's audit. Our audit committee discusses with our independent registered public accounting firm the overall scope and plans for the audits they will perform, and the committee meets with the firm throughout the year, both with and without management being present, to monitor the firm's execution of and results obtained from their audits. Our audit committee performs other activities throughout the year, in accordance with the responsibilities of the audit committee specified in the audit committee charter, including the approval or ratification of certain related party transactions in accordance with the terms of our RPT Policy, as discussed above in the Certain Relationships and Transactions section in this proxy statement.

In its oversight role, our audit committee reviewed and discussed our audited consolidated financial statements and our internal control over financial reporting with management and with PwC, our independent registered public accounting firm for 2015. Management and PwC indicated that our consolidated financial statements as of and for the year ended December 31, 2015 were fairly stated in accordance with GAAP and that our internal control over financial reporting was effective as of December 31, 2015. Our audit committee discussed with PwC and management the significant accounting policies used and significant estimates made by management in the preparation of our audited consolidated financial statements, and the overall quality of management's financial reporting process. Our audit committee and PwC also discussed any issues deemed significant by PwC or the committee, including the matters required to be discussed pursuant to the standards of the PCAOB, the rules of the SEC and other applicable regulations. PwC has provided to our audit committee written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and our audit committee discussed with PwC the firm's independence. Our audit committee also concluded that PwC's provision of other permitted non-audit services to us and our related entities is compatible with PwC's independence.

Based upon the foregoing considerations, our audit committee recommended to the board of directors that our audited consolidated financial statements be included in our 2015 Annual Report on Form 10-K for filing with the SEC. Members of our audit committee of the board of directors respectfully submit the foregoing report as of March 11, 2016.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM MATTERS

Independent Registered Public Accounting Firm. PwC served as our independent registered public accounting firm for the year ended December 31, 2015. Our audit committee has appointed PwC to review our quarterly unaudited condensed consolidated financial statements to be included in our Quarterly Report on Form 10-Q for the first quarter of 2016. We expect PwC will be considered for appointment to:

review our quarterly unaudited condensed consolidated financial statements to be included in our Quarterly Reports on Form 10-Q for the second and third quarters of 2016 and the first quarter of 2017; and
audit our annual consolidated financial statements and internal control over financial reporting for the year ending December 31, 2016.

Representatives of PwC are not expected to attend our 2016 annual stockholder meeting.

Fees Paid to PricewaterhouseCoopers LLP. The following table shows the aggregate fees that PwC has billed or is expected to bill to us, NL, Kronos Worldwide or CompX for services rendered for 2014 and 2015 that our audit committee authorized for us and our privately held subsidiaries and the NL, Kronos Worldwide or CompX audit committees each separately authorized for its corporation and such corporation's privately held subsidiaries.

Additional fees for 2015 may subsequently be authorized and paid to PwC, in which case the amounts disclosed below for fees paid to PwC for 2015 would be adjusted to reflect such additional payments in our proxy statement relating to next year's annual stockholder meeting. In this regard, we have similarly adjusted the audit fees shown for 2014 from the amounts disclosed in our 2015 proxy statement.

(e) the estimated out-of-pocket costs PwC incurred in providing all of such services, for which PwC is reimbursed. Fees for assurance and related services reasonably related to the audit or review of financial statements for each (3) year. These services included accounting consultations and attest services concerning financial accounting and reporting standards and advice concerning internal control over financial reporting, as applicable.

(4) Permitted fees for tax compliance, tax advice and tax planning services.

Preapproval Policies and Procedures. For the purpose of maintaining the independence of our independent registered public accounting firm, our audit committee has adopted policies and procedures for the preapproval of audit and other permitted services the firm provides to us or any of our subsidiaries other than our publicly held subsidiaries and their respective subsidiaries. We may not engage the firm to render any audit or other permitted service unless the service is approved in advance by our audit committee pursuant to the committee's preapproval policy. Pursuant to the policy:

the committee must specifically preapprove, among other things, the engagement of our independent registered public accounting firm for audits and quarterly reviews of our financial statements, services associated with certain regulatory filings, including the filing of registration statements with the SEC, and services associated with potential business acquisitions and dispositions involving us; and

for certain categories of other permitted services provided by our independent registered public accounting firm, the committee may preapprove limits on the aggregate fees in any calendar year without specific approval of the service.

These other permitted services include:

audit-related services, such as certain consultations regarding accounting treatments or interpretations and assistance in responding to certain SEC comment letters;

audit-related services, such as certain other consultations regarding accounting treatments or interpretations,

employee benefit plan audits, due diligence and control reviews;

tax services, such as tax compliance and consulting, transfer pricing, customs and duties and expatriate tax services; and

assistance with corporate governance matters and filing documents in foreign jurisdictions not involving the practice of law.

The policy also lists certain services for which the independent auditor is always prohibited from providing us under applicable requirements of the SEC or the PCAOB.

Pursuant to the policy, our audit committee has delegated preapproval authority to the chairman of the committee or his designee to approve any fees in excess of the annual preapproved limits for these categories of other permitted services provided by our independent registered public accounting firm. The chairman must report any action taken pursuant to this delegated authority at the next meeting of the committee.

For 2015, our audit committee preapproved all of PwC's services provided to us or any of our subsidiaries, other than our publicly held subsidiaries and their subsidiaries, in compliance with our preapproval policy without the use of the SEC's de minimis exception to such preapproval requirement.

PROPOSAL 2

SECOND AMENDMENT AND RESTATEMENT OF CERTIFICATE OF INCORPORATION

Summary of the Proposal. Our board of directors has unanimously approved and recommends that stockholders approve a second amended and restated certificate of incorporation, as set forth in Exhibit A to this proxy statement.

The proposed second amended and restated certificate of incorporation, among other things, would:

- remove a provision that a director may be removed by the stockholders of the corporation only for cause, which provision is not consistent with Delaware law;
- add an election to not be governed by Section 203 of the Delaware General Corporation Law ("DGCL") regarding business combinations with interested stockholders;
- add mandatory indemnification for directors and officers; and
- remove certain provisions of our current amended and restated certificate of incorporation that are covered in our by-laws (which by-laws are allowed to be amended by our board of directors without stockholder approval), such as the size of the board and the power of the board of directors to fill vacancies on the board.

Summary of the Changes between the Current Restated Certificate of Incorporation and the Proposed Second Amended and Restated Certificate of Incorporation. The table on the following pages provides a summary of the differences between our current amended and restated certificate of incorporation and our proposed second amended and restated certificate of incorporation. In addition to the changes summarized below, the amendments make minor technical changes such as new section references. The description in this proxy statement of the proposed amendments to our certificate of incorporation is qualified in its entirety by reference to, and should be read in conjunction with, the full text of the proposed second amended and restated certificate of incorporation attached to this proxy statement as Exhibit A, which reflects the proposed amendments.

The article and section references in the table below are to our proposed second amended and restated certificate of incorporation unless otherwise indicated.

Current Restated Certificate of Incorporation

Proposed Second Amended and Restated Certificate of Incorporation

(former Article V, Paragraph 1)

Provides that the number of directors of the corporation shall be as set forth in our bylaws, as amended from time to time, and that no decrease in the number of directors by amendment of the bylaws shall have the effect of shortening the term of any director then in office.

Deletes paragraph 1 because these matters are covered in our bylaws and are not required to be in our certificate of incorporation. By leaving these matters to our bylaws, the board of directors would have more flexibility in the future in making change to the board's power to fill vacancies on the board without the necessity of a vote of our stockholders that would be required if the provision remained in our certificate of incorporation. Because our bylaws already provide that no reduction in the number of directors shall have the effect of removing any director before that director's term expires, deleting this provision from our amended and restated certificate of incorporation will not have any substantive effect on the rights of our directors.

(former Article V, Paragraph 2)

Provides that vacancies on the board of directors, whether created by increase in the number of directors, or by death, disability, resignation or removal, shall be filled by a majority of the directors then remaining in office.

Deletes paragraph 2 because these matters are covered in our bylaws and are not required to be in our certificate of incorporation. By leaving these matters to our bylaws, the board of directors would have more flexibility in the future in making changes to the power to fill vacancies on the board of directors without the necessity of a vote of our stockholders that would be required if the provision remained in our certificate of incorporation. Because our bylaws already provide that vacancies on the board of directors, whether created by increase in the number of directors, or by death, disability, resignation or removal, shall be filled by a majority of the directors then remaining in office, deleting this provision from our amended and restated certificate of incorporation will not have any substantive effect on the rights of our directors.

(former Article V, Paragraph 3)

Provides that a director may be removed by the stockholders of the corporation only for cause at a meeting of stockholders, called for such purpose in conformity with the bylaws, by the affirmative vote of a majority of the shares entitled to vote at such meeting.

Deletes paragraph 3 because it is inconsistent with Delaware law, which provides that if a corporation has a single class of directors, any director may be removed with or without cause by stockholders. Our bylaws already contain provisions regarding the removal of directors that are consistent with Delaware law.

Article V, Section 5.1

Not included.

Adds a provision regarding the corporation's mandatory indemnification of officers and directors, which does not limit the power of the corporation to indemnify and advance expenses as authorized in our bylaws. The board believes that adding the provision to the certificate of incorporation, which requires a vote of our stockholders to amend, will help attract and retain skilled and effective directors and officers. Because our bylaws currently provide indemnification for our officers and directors to the fullest extent permitted by Delaware law, adding this provision to our amended and restated certificate of incorporation will not provide our officers and directors with indemnification rights greater than they currently are provided.

Article V, Section 5.2

Provides for eliminating or limiting the personal liability of directors for monetary damages for breach of fiduciary duty as a director, with specific exceptions that are also provided in Section 102(b)(7) of the DGCL. It also provides that if the DGCL is

Replaces the specific exceptions with a more general statement that excludes from the limitation of personal liability such liability as is expressly not subject to limitation under the DGCL. This change does not expand or contract the current limitation of liability of directors, but instead is intended to more clearly state the current intention that the limitation be as broad as Delaware law permits from time to time.

amended, then the liability of a director shall be eliminated or limited to the fullest extent permitted by the DGCL.

Article VIII

Under our current certificate, we are governed by the provisions of Section 203 of the DGCL, regulating corporate takeovers. This statute restricts us from engaging in business combinations with stockholders who own 15% or more of our outstanding voting stock (a "interested stockholder") for a period of three years after the stockholder became an interested stockholder, unless certain conditions set forth under the statute are met.

Provides that we expressly elect not to be governed by Section 203 of the DGCL, which is sometimes referred to as the Delaware antitakeover statute. As discussed above in the Corporate Governance section of this proxy statement, we are considered a controlled company under the listing standards of the NYSE because of VHC's ownership of approximately 92.6% of our outstanding common stock. Because VHC became an interested stockholder (as defined in the DGCL) in us more than three years ago, Section 203 does not restrict business combinations between us and VHC and its affiliates. Therefore, opting out of Section 203 would have no impact on any business combinations between us and VHC and its affiliates. Opting out of Section 203 could allow a third party that would become an interested stockholder in us in the future to engage in certain takeover tactics or self-dealing transactions with us that Section 203 was designed to prevent. The election not to be governed by Section 203 is proposed in order to remove the section's limits on transactions that future stockholders could consider beneficial. As discussed above in the Certain Relationships and Transactions section of this proxy statement, our policy regarding related party transactions requires that all transactions with related parties shall be approved or ratified by our independent directors pursuant to the policy.

Annex I – Designations, Rights and Preferences of
6% Series A Preferred Stock

The designations, rights, preferences and limitations are currently set forth in the Amended and Restated Certificate of Designations, Rights and Preferences of 6% Series A Preferred Stock, which sets forth the authorizing resolution of the board of directors of Valhi.

Restates the designations, rights, preferences and limitations of the 6% Series A Preferred Stock as Annex 1 to the amended and restated certificate of incorporation, with minor technical conforming changes, so including the designations, rights, preferences and limitations of the 6% Series A Preferred Stock as Annex 1 to the amended and restated certificate of incorporation will have no effect on the existing designations, rights, preferences and limitations of the 6% Series A Preferred Stock.

Voting Requirements. The adoption of Proposal 2 requires the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock. VHC has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR Proposal 2. If VHC attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will adopt Proposal 2.
OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF PROPOSAL 2

PROPOSAL 3

NONBINDING ADVISORY RESOLUTION ON NAMED EXECUTIVE OFFICER COMPENSATION

Background. Pursuant to Section 14A of the Securities Exchange Act, a publicly held company is required to submit to its stockholders a nonbinding advisory vote to approve the compensation of its named executive officers, commonly known as a "Say-on-Pay" proposal. On May 26, 2011, our stockholders approved, on a nonbinding advisory basis, an annual Say-on-Pay. After the 2016 Annual Meeting of Stockholders, the next nonbinding stockholder advisory vote on a Say-on-Pay proposal will be at our 2017 Annual Meeting of Stockholders. The next nonbinding stockholder advisory vote on the frequency of a Say-on-Pay proposal will be at our 2017 Annual Meeting of Stockholders.

- 42 -

Say-on-Pay Proposal. This proposal affords our stockholders the opportunity to submit a nonbinding advisory vote on our named executive officer compensation. The Compensation Discussion and Analysis section, the tabular disclosure regarding our named executive officer compensation and the related disclosure in this proxy statement describe our named executive officer compensation and the compensation decisions made by our management and our management development and compensation committee of the board of directors with respect to our named executive officers. This proposal is not intended to address any specific element of compensation of our named executive officers as described in this proxy statement, but the compensation of our named executive officers in general. Our board of directors requests that each stockholder cast a nonbinding advisory vote to adopt the following resolution: **RESOLVED**, that, by the affirmative vote of the holders of the majority of the outstanding shares present in person or represented by proxy at the 2016 annual stockholder meeting and entitled to vote on the subject matter, the stockholders of Valhi, Inc. approve, on a nonbinding advisory basis, the compensation of its executive officers named in the 2015 Summary Compensation Table in the 2016 annual meeting proxy statement of Valhi, Inc. as such compensation is disclosed in the proxy statement pursuant to the executive compensation disclosure rules of the U.S. Securities and Exchange Commission, which disclosure includes the compensation discussion and analysis, the compensation tables and any related disclosure in the proxy statement.

Effect of the Proposal. The Say-on-Pay proposal is nonbinding and advisory. Our stockholders' approval or disapproval of this proposal will not require our board of directors, its management development and compensation committee or our management to take any action regarding our executive compensation practices.

Vote Required. Because this proposal is a nonbinding advisory vote, there is no minimum requisite vote to approve the Say-on-Pay proposal. The proposed resolution provides that the affirmative vote of the holders of the majority of the outstanding shares present in person or represented by proxy at the 2016 annual stockholder meeting and entitled to vote on the subject matter will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Accordingly, abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

VHC has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares **FOR** the Say-on-Pay proposal and adoption of the resolution that approves the compensation of our named executive officers as described in this proxy statement. If VHC attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will adopt the resolution and approve the nonbinding advisory Say-on-Pay proposal.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE SAY-ON-PAY PROPOSAL AS SET FORTH IN THE NONBINDING ADVISORY RESOLUTION APPROVING OUR NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.

OTHER MATTERS

The board of directors knows of no other business that will be presented for consideration at the annual meeting. If any other matters properly come before the meeting, the persons designated as agents in the enclosed proxy card will vote on such matters in their discretion.

2015 ANNUAL REPORT ON FORM 10-K

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 is included as part of the annual report furnished to our stockholders with this proxy statement and may also be accessed on our website at www.valhi.net.

STOCKHOLDERS SHARING THE SAME ADDRESS

Stockholders who share an address and hold shares through a brokerage firm or other nominee may receive only one copy of the notice of internet availability of proxy materials. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding. You should notify your brokerage firm or other nominee if:

- you no longer wish to participate in householding and would prefer to receive a separate notice of internet availability of proxy materials; or
- you receive multiple copies of the notice of internet availability of proxy materials at your address and would like to request householding of our communications.

Unless specifically addressed in a repeal or amendment of Delaware law with regard to a Corporation's ability to indemnify any such person, no such repeal or amendment shall adversely affect any indemnification rights of any such person existing at the time of such repeal or amendment. This Section 5.1 does not limit the power of the Corporation to indemnify and advance expenses as authorized in the Bylaws of the Corporation.

Section 5.2. A Director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a Director, except for such liability as is expressly not subject to limitation under the Delaware General Corporation Law. If the Delaware General Corporation Law is hereafter amended, then the liability of a Director of the Corporation shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law as so amended. Any repeal or modification of this Section 5.2 shall not adversely affect any right or protection of a Director of the Corporation existing at the time of such repeal or modification.

ARTICLE VI.

In furtherance of, and not in limitation of, the powers conferred by statute, the Board of Directors is hereby expressly authorized and empowered to adopt, alter, amend or repeal the Bylaws of the Corporation, without any action or approval by the stockholders of the Corporation, by the affirmative vote of a majority of the Directors then in office.

ARTICLE VII.

Section 7.1. The Corporation may in its Bylaws confer powers upon its Board of Directors in addition to, but not in contravention of, those elsewhere provided in this Second Amended and Restated Certificate of Incorporation (this "Certificate of Incorporation") and by the laws of the State of Delaware. All of the powers of the Corporation, insofar as the same be lawfully vested by this Certificate of Incorporation in the Board of Directors, are hereby conferred upon and vested in the Board of Directors of the Corporation.

Section 7.2. The Board of Directors and stockholders of the Corporation shall have the power, to the extent provided by the Bylaws, to hold their respective meetings within or outside the State of Delaware. The Directors shall have the power to keep the books, papers, documents and records of the Corporation within or without the State of Delaware (except to the extent required by the laws of the State of Delaware to be kept within that state), and to establish one or more offices of the Corporation within or without the State of Delaware as the Board of Directors may from time to time authorize. Election of Directors need not be by written ballot unless the Bylaws of the Corporation so provide.

Section 7.3. The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation in the manner now or hereafter provided by statute, and all rights conferred upon stockholders herein are granted subject to this reservation.

ARTICLE VIII.

The Corporation expressly elects not to be governed by Section 203 of the Delaware General Corporation Law.
