Item 8.01 Other Events

As discussed in the Quarterly Report on Form 10-Q for the quarter ended March 31, 2018 filed by Marsh & McLennan Companies, Inc. (the "Company") on April 27, 2018, effective January 1, 2018, the Company adopted an amendment to ASC Topic 715 ("ASC 715") that changes the presentation of net periodic pension cost and net periodic postretirement cost ("net periodic benefit costs"). The new guidance requires employers to report the service cost component of net periodic benefit costs in the same line item as other compensation costs in the income statement. The other components of net periodic benefit costs are required to be presented in the income statement separately from the service cost component and outside a subtotal of income from operations.

The guidance is effective for annual periods beginning after December 15, 2017, including interim periods within those annual periods. The new guidance requires retrospective application for the presentation of the service cost component and the other components of net periodic benefit costs. Accordingly, the Company is filing this Current Report on Form 8-K to retrospectively reclassify certain previously reported financial information in its Annual Report on Form 10-K for the fiscal year ended December 31, 2017 to reflect this change. Except as specifically provided herein, the Company has not updated this Current Report for any development or event occurring after February 22, 2018, the date on which the Company's 2017 Annual Report on Form 10-K was filed with the SEC. The adoption of this guidance impacts the line item presentation of the Company's results of operations, but does not change income before taxes, net income or earnings per share.

Exhibit 99.1 to this Current Report is incorporated by reference herein and includes updates only to the extent necessary to reflect reclassifications made to the following items of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017:
