Update on Maryland Legislative Action

Dear fellow employees,

I'm sure many of you are interested in the outcome of yesterday's Maryland General Assembly session. Since the legislative debate centered on Baltimore Gas and Electric's (BGE) rates, I thought it best to update you by sharing Mayo Shattuck's letter to Constellation Energy employees, which provides his view of the situation.

We are closely monitoring the situation in Maryland and waiting to see what unfolds and its impact on our pending merger. I appreciate your continued commitment to our 2006 business objectives and ask that you remain focused on these during this period. We will keep you updated as events warrant.

Best regards,

Lew Hay

Dear Colleague,

I'm sure many of you are curious today about the outcome of the Maryland General Assembly session, and wondering what it means for Constellation Energy and BGE.

Given the political climate, we had anticipated the potential for a stalemate; still, the final result was somewhat of a surprise.

The state Senate failed to pass comprehensive rate stabilization legislation just as the 2006 session came to a close. It was a disappointing end to a long day of discussions, and confusing as well because we had fashioned a compromise with the Governor and Legislative leaders that would have sharply reduced the July 1 residential rate increase from 72 percent to 15 percent. Constellation Energy and BGE committed \$600 million over 10 years to reduce and phase-in the rate increase...we were hopeful lawmakers would support this generous and productive resolution.

With less than 90 days to implementation of the July 1 increase, we're preparing to carry out the rate stabilization plan approved March 6, 2006 by the Maryland Public Service Commission. This order had been overshadowed by the recent political debate but it remains in force and we must be prepared to implement it. We will actively work with the PSC and others to fine-tune this workable plan so we can effectively reduce and phase-in the rate increase for the benefit of our customers.

The three bills that in our view were illegal and very harmful to the merger with FPL Group ultimately were not passed. As you may know, Governor Ehrlich on Friday, April 7, vetoed those bills and the General Assembly did not override those vetoes last night.

Hopefully, the next few days will provide greater clarity on resolution of the rate issue. We'll continue to press for a workable compromise that protects our customers, preserves the financial integrity of BGE and allows the merger with FPL Group to move forward.

Thanks for your continued hard work and dedication, and I promise to keep you updated on the latest developments.

Regards,

Mayo
