The accumulated benefit obligation for all defined benefit plans was \$183.0 million at June 24, 2012. All of the Company's defined benefit plans had an accumulated benefit obligation in excess of plan assets at June 24, 2012.

#### Plan Assets

The following table reflects the pension plans' actual asset allocations:

	June 24, 2012	
Cash and money market funds	—	%
Equity securities	69	%
Debt securities	31	%
Total assets	100	%

Absent regulatory or statutory limitations, the target asset allocation for the investment of the assets for our ongoing pension plans is 30% in debt securities and 70% in equity securities. The plans only invest in debt and equity instruments for which there is a ready public market. We develop our expected long-term rate of return assumptions based on the historical rates of returns for equity and debt securities of the type in which our plans invest.

The fair value measurements of plan assets fell into the following levels of the fair value hierarchy:

	June 24, 2012			
	Level 1	Level 2	Level 3	Total
	(In thousands)			
Cash and money market funds	\$ 102	\$—	\$—	\$ 102
Equity securities	—	59,027	—	59,027
Debt securities	—	26,056	—	26,056
Total	\$ 102	\$ 85,083	\$—	\$ 85,185

The valuation of plan assets in Level 2 is determined using a market approach based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for substantially the full term of the financial instrument. Level 2 securities primarily include equity and fixed income securities funds.

#### Benefit Payments

The following table reflects the benefits as of June 24, 2012 expected to be paid through 2021 from our pension and other postretirement plans. Because our pension plans are primarily funded plans, the anticipated benefits with respect to these plans will come primarily from the trusts established for these plans. Because our other postretirement plans are unfunded, the anticipated benefits with respect to these plans will come from our own assets.

	Pension Benefits	Other Benefits
	(In thousands)	
June 27, 2012 through December 30, 2012	\$ 5,542	\$ 83
2013	10,796	168
2014	10,666	170
2015	10,250	171
2016	10,368	171
2017-2021	49,860	817
Total	\$ 97,482	\$ 1,580

We anticipate contributing \$9.9 million and \$0.2 million to our pension and other postretirement plans, respectively, during 2012.

Unrecognized Benefit Amounts in Accumulated Other Comprehensive Loss (Income)

The amounts in accumulated other comprehensive income (loss) that were not recognized as components of net periodic benefits cost and the changes in those amounts are as follows:
